Iowa
Administrative
Code
Supplement

Biweekly
October 20, 2021

Published by the
STATE OF IOWA
UNDER AUTHORITY OF IOWA CODE SECTION 17A.6

The Iowa Administrative Code Supplement is published biweekly pursuant to Iowa Code sections 2B.5A and 17A.6. The Supplement contains replacement chapters to be inserted in the loose-leaf Iowa Administrative Code (IAC) according to instructions included with each Supplement. The replacement chapters incorporate rule changes which have been adopted by the agencies and filed with the Administrative Rules Coordinator as provided in Iowa Code sections 7.17 and 17A.4 to 17A.6. To determine the specific changes in the rules, refer to the Iowa Administrative Bulletin bearing the same publication date.

In addition to the changes adopted by agencies, the replacement chapters may reflect objection to a rule or a portion of a rule filed by the Administrative Rules Review Committee (ARRC), the Governor, or the Attorney General pursuant to Iowa Code section 17A.4(6); an effective date delay or suspension imposed by the ARRC pursuant to section 17A.4(7) or 17A.8(9); rescission of a rule by the Governor pursuant to section 17A.4(8); or nullification of a rule by the General Assembly pursuant to Article III, section 40, of the Constitution of the State of Iowa.

The Supplement may also contain replacement pages for the IAC Index or the Uniform Rules on Agency Procedure.

CHAPTER 100
CAPITOL COMPLEX OPERATIONS
[Prior to 9/17/03, see 401—Chapter 3]

11—100.1(8A) Definitions. The definitions contained in Iowa Code sections 8A.101 and 8A.301 shall be applicable to such terms when used in this chapter. In addition, the following definitions apply:

“Assignment of office space” means space allocated by the department to a state agency for its use.

“Capitol complex” means an area within the city of Des Moines in which the Iowa state capitol building is located. This area includes the state capitol building and all real property and appurtenances thereto owned by the state of Iowa within an area bounded on the north by Interstate Highway 235, on the east by East 14th Street, on the south by the northernmost railroad tracks south of Court Avenue and on the west by East 6th Street.

“Control of assigned office space” means the ability of an agency to modify its use of assigned space without consultation with the department as long as changes do not include relocating wiring, replacing, adding or deleting modular office components, or making other modifications that would affect the floor plan.

“Dangerous weapon” means any instrument or device designed primarily for use in inflicting death or injury upon a human being or animal, and which is capable of inflicting death upon a human being when used in the manner for which it was designed. Additionally, any instrument or device of any sort whatsoever which is actually used in such a manner as to indicate that the person possessing the instrument or device intends to inflict death or serious injury upon the other, and which, when so used, is capable of inflicting death upon a human being, is a dangerous weapon. Dangerous weapons include, but are not limited to, any offensive weapon as defined in Iowa Code section 724.1, pistol, revolver, or other firearm, dagger, razor, stiletto, switchblade knife, or knife having a blade exceeding five inches in length. Pistols and revolvers are exempted from the definition of “dangerous weapons” only as set forth in subrule 100.2(2).

“Facilities” means the capitol complex buildings, grounds, and all related property.

“Memorandum of understanding” or *“MOU”* means a written agreement that specifies terms, conditions and any related costs.

“Modular office components” means parts of a modular office system.

“Modular office systems” means standard cubicle furniture; generally, two-foot, three-foot and four-foot sections that have attached work surfaces and file storage space. Modular office systems are available in new, remanufactured and recycled condition.

“Office furniture” means any furnishing that is free standing and does not require installation with component parts. Examples are desks, chairs, file cabinets, tables, lounge seating, and computer desks.

“Public” means a person on the capitol complex who is not employed by the state of Iowa.

“Recycled modular office components” means used components that have been cleaned and have had broken parts replaced, but have not been disassembled and rebuilt.

“Remanufactured modular office components” means used components that have been disassembled, repainted or reupholstered, rebuilt, and have had broken parts replaced. Remanufactured components are intended to be like new.

“Seat of government” means office space at the capitol, other state buildings and elsewhere in the city of Des Moines for executive branch agencies, except those areas exempted by law.

“Standard modular office systems” means modular office systems that meet standards set by the department of administrative services, expressed by function and connectivity, for use by state agencies. These standards are for the purpose of facilitating reuse of modular office system components.

“Waiver” means a waiver as defined in 11—Chapter 9, Iowa Administrative Code.

11—100.2(8A) Security.

100.2(1) *Dangerous weapons.* No member of the public shall carry a dangerous weapon in state buildings on the capitol complex except as otherwise provided in subrule 100.2(2). This provision applies to any member of the public whether or not the individual possesses a valid Iowa permit to carry weapons. This provision does not apply to:

a. A peace officer as defined in Iowa Code section 801.4 or a member of the armed forces of the United States or of the national guard, when the person's duties or lawful activities require or permit possession of a dangerous weapon.

b. A person possessing a valid Iowa professional permit to carry a weapon whose duties require that person to carry a dangerous weapon.

c. A person who possesses a dangerous weapon for any purpose authorized by a state agency to further the statutory or regulatory responsibilities of that agency. An authorization issued pursuant to this paragraph shall not become effective until it has been issued in writing to the person or persons to whom it applies and until copies of the authorization have been received by the director and by the commissioner of public safety.

d. Members of recognized military veterans organizations performing honor guard service as provided in Iowa Code section 35A.12.

Violation of this subrule is a simple misdemeanor, pursuant to Iowa Code section 8A.322, and may result in the denial of access to a state building, filing of criminal charges or expulsion from the grounds of the capitol complex, or any combination thereof, of any individual who knowingly violates the subrule. In addition, any weapon found in possession of a member of the public in violation of this subrule may be confiscated. Charges may be filed under any other criminal statute if appropriate. Officers employed by or under the supervision of the department of public safety shall have the authority to enforce this subrule. Peace officers employed by other agencies shall have the authority to enforce this subrule at the request of the commissioner of public safety or in response to a request for assistance from an officer employed by the department of public safety.

100.2(2) *Pistols and revolvers.* No person, other than a peace officer, may openly carry a pistol or revolver in the capitol building and on the grounds surrounding the capitol building including state parking lots and parking garages. This provision does not preclude the lawful carrying, transportation, or possession of a pistol or revolver in the capitol building and on the grounds surrounding the capitol building including the state parking lots and parking garages.

Violation of this subrule is a simple misdemeanor, pursuant to Iowa Code section 8A.322, and may result in the denial of access to a state building, filing of criminal charges or expulsion from the grounds of the capitol complex, or any combination thereof, of any individual who knowingly violates the subrule. In addition, any weapon found in possession of a member of the public in violation of this subrule may be confiscated. Charges may be filed under any other criminal statute if appropriate. Officers employed by or under the supervision of the department of public safety shall have the authority to enforce this subrule. Peace officers employed by other agencies shall have the authority to enforce this subrule at the request of the commissioner of public safety or in response to a request for assistance from an officer employed by the department of public safety.

100.2(3) *Building access and security.* The department of administrative services and the department of public safety shall take reasonable and appropriate measures to ensure the safety of persons and property on the capitol complex. These measures may include, but are not limited to, the following:

a. Requiring any member of the public entering a state building on the capitol complex to (1) provide identification upon request; (2) allow the member of the public to be scanned with metal detecting equipment; and (3) allow any parcel, package, luggage, purse, or briefcase that the person is bringing into the building to be examined with X-ray equipment or to have the contents thereof examined, or both.

b. Requiring any member of the public who is inside a state building on the capitol complex outside normal business hours, other than when the building or portion of the building is open to the public during a scheduled event, to provide identification and to state the nature of the person's business in the building. A member of the public who is in a state building on the capitol complex outside normal business hours, other than during a scheduled event, and who does not have authorization to be on the premises may be required to exit the building and be escorted from the building.

c. Limiting public access to state buildings on the capitol complex to selected entrances. Access to each building through at least one entrance accessible to persons with disabilities shall be maintained.

d. Limiting hours during which public access is allowed to state buildings on the capitol complex. Hours during which public access is allowed shall be posted at each entrance to a building through which public access is allowed.

e. Confiscating any container including, but not limited to, packages, bags, briefcases, or boxes that are left in public areas when the state building is not open to the public. Any confiscated container may be searched or destroyed, or both, or may be returned to the owner. Any container that is left unattended in a public area during hours in which the state building is open to the public may be examined.

Violation of this subrule is a simple misdemeanor, pursuant to Iowa Code section 8A.322, and may result in the denial of access to a state building, filing of criminal charges or expulsion from the grounds of the capitol complex, or any combination thereof, of the individual who knowingly violates the subrule. Charges may be filed under any other criminal statute if appropriate. Officers employed by or under the supervision of the department of public safety shall have the authority to enforce this subrule. Peace officers employed by other agencies shall have the authority to enforce this subrule at the request of the commissioner of public safety or in response to a request for assistance from an officer employed by the department of public safety.

100.2(4) Fireworks. No person shall use or explode consumer fireworks, display fireworks, or novelties, as those terms are defined in Iowa Code section 727.2, on the capitol complex without the director's advanced written approval.

100.2(5) Access barriers. The director may cause the temporary or permanent placement of barricades, ropes, signs, or other barriers to access certain parts of state buildings or grounds. Unauthorized persons beyond the barriers may be removed with the assistance of officers of the department of public safety or charged with a criminal offense if appropriate, or both.

11—100.3(142D) Smoking.

100.3(1) Use of tobacco products is prohibited in all space in capitol complex buildings controlled by the executive branch including tunnels and enclosures, unless otherwise designated by appropriate signs. The department shall post signs at the entrances to capitol complex buildings to publicize this rule.

NOTE: The secretary of the senate, the clerk of the house and the court administrator are responsible for areas under their control.

100.3(2) Use of tobacco products is prohibited on the grounds of the capitol complex, except as permitted by the director in designated areas or structures designated for smoking. The department shall post signs at designated smoking areas.

100.3(3) This rule shall be enforced by peace officers of the department of public safety. Peace officers other than those employed by the department of public safety may enforce this rule at the request of the commissioner of public safety or at the request of a peace officer employed by the department of public safety.

This rule is intended to implement Iowa Code section 8A.322 and chapter 142D and Executive Order Number 68 signed November 23, 1998, by Governor Terry Branstad.

[ARC 4181C, IAB 12/19/18, effective 1/23/19]

11—100.4(8A) Use and scheduling of capitol complex facilities.

100.4(1) Scheduling conference rooms. Conference rooms, auditoriums and common areas within the capitol complex are for use by state agencies, boards and commissions for authorized purposes only. Arrangements may be made by contacting the agency responsible for scheduling the facility. The department of administrative services is responsible for scheduling all common areas not under control of other agencies. Questions about usage shall be resolved by the director of the responsible agency.

100.4(2) *Legislative and judicial building contacts.* The secretary of the senate, the clerk of the house and the court administrator are responsible for areas under their control. Common areas in and around the Capitol Building are under the control of the department of administrative services.

100.4(3) *Iowa Historical Building events.* Scheduling of events by the public as well as by state agencies, boards and commissions to be held in the Iowa Historical Building will be coordinated by the department of cultural affairs. Groups or individuals wishing to use the Iowa Historical Building for an event should contact the Facilities Coordinator, State Historical Society of Iowa, Iowa Historical Building, 600 East Locust Street, Des Moines, Iowa 50319.

100.4(4) *Event request.* State agencies or the general public may request use of capitol complex facilities, grounds or parking lots for public events by completing an application on the department website (das.iowa.gov). This shall not be interpreted as an infringement on the right of assembly and petition guaranteed by Section 20, Article I, Constitution of Iowa.

a. The director shall notify the applicant of approval or denial to use the requested areas. Notification of approval may take the form of a letter to the event sponsor(s) or a memorandum of understanding (MOU) signed by the director and the event sponsor(s). The MOU specifies the conditions under which the event will take place.

b. The director may allow events if appropriate security and supervision are provided and the director determines that granting the approval is consistent with the underlying purpose of these rules and that the public interest so demands.

c. Approval for the event may contain such terms and conditions as are consistent with the protection, health and safety of occupants of the buildings and visitors to the capitol complex as well as preservation of the buildings, facilities, and grounds. The approval may also contain limitations on equipment used and its location, and the time and area within which the event is allowed.

100.4(5) *Refusal of usage.* The director may refuse to allow use of the facilities that, in the director's judgment, would be disruptive of official state business or of the public health, safety and welfare, or is inconsistent with subrule 100.4(4). The director may consider such factors as recommendations of the department of public safety, previous experience with the requesting group or other events similar to that requested.

100.4(6) *Liability.* Any state agency or public group granted permission to use the capitol complex facilities shall be responsible for any damage occurring during the event.

a. Prior to granting approval, the director may require the requesting group to acquire liability insurance in which the "State of Iowa" is named as an additional insured to protect the state.

b. As a condition of granting approval of a request for an event at the capitol complex, the director may also require that a damage deposit or bond be posted by the group making the request. The director may require the filing of a bond payable to the director in an amount adequate to cover costs such as restoration, rehabilitation and cleanup of the area used, damages and other costs resulting from this event. In lieu of a bond, an event requester may elect to deposit cash equal to the amount of the required bond.

100.4(7) *Event cleanup.* Any state agency or public group granted permission to use the capitol complex facilities shall be responsible for a thorough cleanup after the event is concluded. All debris and animal waste shall be removed.

100.4(8) *Alcoholic beverages at events.* Consumption of alcoholic beverages, as defined in Iowa Code chapter 123, is not permitted on the capitol complex except for special events in the Iowa Historical Building, 600 East Locust Street, with the prior written approval of the director and the director of the department of cultural affairs.

100.4(9) *Distribution of literature.* Permission to distribute literature on the capitol complex grounds or in state-owned or occupied areas of leased buildings in metropolitan Des Moines must be obtained from the director. The director may designate specific locations from which literature may be distributed in order to ensure control of litter, unobstructed access to public buildings and the conduct of public business.

100.4(10) *Private parties.* No state-owned facilities, equipment or state personnel shall be used for such events as private parties, weddings, demonstrations, and rallies without the prior written consent of the director.

100.4(11) Access hours. Public use of state buildings is restricted to normal office hours. Hours during which public access is allowed shall be posted at each entrance to a building through which public access is allowed.

100.4(12) After-hours use. After-hours use of capitol complex buildings is restricted to use by state agencies and must directly relate to the mission of the state agency sponsoring the event.

a. For all buildings except the Capitol Building and the Iowa Historical Building, normal office hours are 7 a.m. to 5 p.m., Monday through Friday. Buildings are closed to the public on weekends and state-designated holidays.

b. For the Capitol Building, normal office hours are 7 a.m. to 5 p.m., Monday through Friday, and 9 a.m. to 4 p.m. on Saturday. If the legislature is in session after normal office hours, the ground floor south door closing hour is extended until the session's end. Inquiries regarding the hours the building is open may be directed to the information desk.

c. For the Iowa Historical Building, normal office hours are 8 a.m. to 4:30 p.m. every day, excluding weekends and holidays. The Iowa Historical Museum and the State Historical Library, located within the Iowa Historical Building, have different hours. Hours of public access shall be posted at public entrances. Inquiries regarding the hours the building is open may be directed to the information desk.

d. Hours listed above are subject to change. Changes in hours shall be posted on the main entrance doors to each affected building.

100.4(13) Capitol grounds hours. Public use of the capitol complex grounds is restricted to the hours of 6 a.m. to 11 p.m. daily. Public access hours are subject to change. Changes in hours shall be posted prominently on the capitol complex.

This rule is intended to implement Iowa Code section 8A.322.

¹ See 2004 Iowa Acts, HJR 2005 and SJR 2007.

11—100.5(8A) Solicitation.

100.5(1) Canteens, cafeterias and vending machines under the control of the department for the blind, gift shops under the control of the department of cultural affairs and concessions authorized by the director pursuant to subrule 100.4(4) are authorized methods of direct sales to employees and visitors in state-owned and occupied buildings in metropolitan Des Moines.

100.5(2) Functions involving sales to state employees or to the public in the capitol complex or in state-owned and occupied buildings in metropolitan Des Moines must receive prior approval through the event request process in subrule 100.4(4). Sales by state employees are governed by Iowa Code chapter 68B.

100.5(3) Event sponsors are responsible for contracting with vendors for sales during the event. The MOU may contain terms and conditions for vendors and shall specify the responsibility of the event sponsor to ensure that all approved vendors comply with all applicable city, state and federal laws, ordinances, rules and regulations. Vendors must have all required city, state and federal permits and licenses.

100.5(4) For the convenience of employees and visitors, the director may enter into agreements with private vendors for providing services and products within state buildings under the jurisdiction of the department. Provision of services and products shall not interfere with the business of government or negatively affect building aesthetics. The director shall solicit competitive proposals when it is probable that more than one vendor may desire to offer a similar service or product. Agreement terms and conditions shall protect the state's interest regarding liability, reasonable compensation to the state, performance and appearance standards, and other relevant concerns.

100.5(5) The director reserves the right to deny or remove any vendor who does not comply with these rules and applicable laws and regulations.

This rule is intended to implement Iowa Code sections 8A.322 and 303.9 and chapter 216D.
[ARC 4053C, IAB 10/10/18, effective 11/14/18]

11—100.6(8A) Office space management.

100.6(1) Purpose. The purpose of this rule is to standardize office space management at the seat of government in order to effectively plan and utilize office space and to promote connectivity and reuse of modular office systems. The rules outline the responsibilities of state agencies relative to use of office space assigned to them by the department of administrative services and the responsibilities of the department to manage and coordinate changes to an agency's use of its assigned space.

100.6(2) Scope and applicability. The department's authority for office space assignment applies to all state office space, including leased office space, at the seat of government except for buildings and grounds described in Iowa Code section 216B.3, subsection 6; section 2.43, unnumbered paragraph 1; and any buildings under the custody and control of the Iowa public employees' retirement system.

100.6(3) Office space standards. State agencies are required to use the following standards:

a. The department of administrative services has developed and shall maintain, in cooperation with state agencies, office space standards, expressed in square feet for individual offices classified by type of work, and by occupancy, expressed as the number of occupants per building floor or major unit thereof. These standards will be used to facilitate space planning, but are not intended to be applied in an exact manner to each cubicle or office. Some flexibility may be allowed in the work plan created for managing changes to use of office space to provide for unique agency needs. All office space layouts shall comply with applicable federal and state regulations and codes.

b. The department of administrative services has defined and shall maintain, in cooperation with state agencies and Iowa Prison Industries (IPI), modular office systems standards, expressed by function and connectivity, for use by state agencies. These standards are for the purpose of facilitating reuse of modular office system components.

The requirement to follow these standards may be waived by the director when supported by a written factual and objective business case analysis that provides clear and convincing evidence to support the waiver.

100.6(4) Notification of intended office space or office systems modifications. To facilitate office space planning and cost-effective space utilization, an agency shall notify the department in writing at least 45 days prior to expected completion of the work whenever an agency becomes aware of possible modifications to an agency's organization, programs or mission which may require a corresponding increase or decrease in an agency's current office space requirements; or when an agency first identifies a need to modify use of assigned office space including relocating wiring, replacing, adding or deleting modular office components, or making other floor plan modifications.

100.6(5) Work plan. Upon written notification of intended office space or office systems modifications, the department of administrative services and the agency will negotiate and complete a work plan including but not limited to the following items:

- a.* A description of the intended space modification result;
- b.* The tasks required to achieve the intended result, such as creating construction specifications, identifying wiring needs, selection of a space planner and a moving service, and identifying related purchases;
- c.* The party responsible for accomplishing each task; and
- d.* The scheduled time line for tasks included in the design, installation (construction and move) and completion of the project.

An agency may not proceed with office space modifications in the absence of a work plan agreed to and approved in writing by the agency and the department of administrative services. The work plan shall be modified to reflect any changes in intended results, tasks, responsibilities and time schedule.

100.6(6) Purchase of standard modular office systems and components. If Iowa Prison Industries (IPI) manufactures office furniture and standard modular office systems and related components, an agency shall purchase them from IPI or obtain a written waiver in accordance with Iowa Code section 904.808, except as otherwise permitted in paragraphs "a" and "b."

a. Purchase from a targeted small business. An agency may purchase standard modular office systems and related components and other furniture items from a targeted small business (TSB) without

further competition when the purchase will not exceed \$10,000, as provided in Iowa Code section 8A.311(10)“a.”

b. Procurement of standard modular office systems and components and other furniture items manufactured in Iowa. An agency may conduct a competitive procurement for standard modular office systems and related components and other furniture items that IPI manufactures if the competitive procurement requires that the products must be manufactured in Iowa. In such procurements, IPI shall be allowed to submit a bid to provide the products. If a bidder other than IPI is the lowest bidder, the agency shall obtain written verification from the bidder that the bidder’s product is manufactured in Iowa before making the award.

The portion of the work plan for purchasing modular office systems or office furniture shall allow for the issuance of purchase orders at least 30 days prior to the desired delivery date.

Regardless of how an agency purchases or obtains modular office components, the department of administrative services shall retain responsibility for management and coordination of office space planning.

100.6(7) Disposal of surplus office modular components, furniture and equipment. State agencies may dispose of unfit or unnecessary office modular components, furniture and equipment by contacting the state surplus office, as identified by the department; offering items in good repair to other agencies either through the department or directly to other agencies; or trading in used items when purchasing replacements.

Any costs associated with disposal of nonstandard modular office components are the responsibility of the state agency.

VIATICAL AND LIFE SETTLEMENTS
CHAPTER 48
VIATICAL AND LIFE SETTLEMENTS

191—48.1(508E) Purpose and authority. The purpose of this chapter is to provide for the administration of viatical and life settlements in this state by providing rules under which viatical and life settlements may be made, disclosures and other provisions by which viators may be protected, and safeguards by which viatical settlement providers may be monitored and remain in good standing. These rules are adopted by the commissioner pursuant to the authority in Iowa Code chapter 508E. [ARC 7729B, IAB 4/22/09, effective 4/3/09]

191—48.2(508E) Definitions. For purposes of this chapter, the definitions in Iowa Code section 508E.2 are incorporated by reference. In addition to those definitions and the definitions in rule 191—1.1(502,505), the following definitions apply:

“*Life settlement*” means a viatical settlement in which the viator has not been diagnosed as terminally or chronically ill. For purposes of these rules, unless otherwise distinguished, the term “life settlement” shall be synonymous with viatical settlement.

“*Renewal year*” means the last year of the viatical settlement license three-year term. [ARC 7729B, IAB 4/22/09, effective 4/3/09; ARC 4910C, IAB 2/12/20, effective 3/18/20; ARC 5250C, IAB 11/4/20, effective 12/9/20]

191—48.3(508E) License requirements.

48.3(1) Viatical settlement provider.

a. To be considered for licensure as a viatical settlement provider pursuant to Iowa Code section 508E.3, a person must file with the commissioner a completed viatical settlement provider license application in the format prescribed by the commissioner, submit to a criminal history check pursuant to Iowa Code section 522B.5A, pay an application fee in the amount of \$100, and provide the following:

(1) Copies of the viatical settlement provider’s audited financial statements for the current year and each of the previous five years. At the commissioner’s discretion, the applicant also shall provide a copy of the current year’s consolidated annual audited financial statement with a financial guarantee from the provider’s ultimate controlling person, and copies of the provider’s unaudited financial statements for the current year and each of the previous five years;

(2) Evidence that the applicant maintains books and records in compliance with generally accepted accounting principles;

(3) If a legal entity intending to have any partners, officers, members, and designated employees act as viatical settlement providers or viatical settlement brokers under the legal entity’s license pursuant to Iowa Code section 508E.3, all completed forms, fees, and information required to be filed under subrule 48.3(2) for each such person named in the application and any supplements to the application;

(4) Biographical affidavits, in a form prescribed by the commissioner, for the following: officers and directors (as listed on the most recent financial statement), key managerial personnel (including any vice presidents or other individuals who will control the operations of the applicant), and individuals with a 10 percent or more beneficial ownership in the applicant who will exercise control over the applicant;

(5) An independent business character report on the individuals listed in subparagraph (4). The business character report shall be filed directly with the commissioner by the independent third party that certified the report. The business character report shall be in a format prescribed by the commissioner and shall not be older than one year prior to the date the application is filed. For purposes of this subparagraph, “business character report” means a statement certified by an independent third party which has conducted a comprehensive review of the applicant’s background and has indicated that the biographical information provided in the report, as completed by the applicant, has no inaccurate or conflicting information. An independent third party is one that has no affiliation with the applicant and is in the business of providing background checks or investigations. Business character reports must be current and shall not be older than one year prior to the date the application is filed. The business character report shall be in the format prescribed by the commissioner;

(6) Initial viatical settlement contracts, disclosure statements, and advertising material that have been or are being submitted for approval and that have been approved or that are approved during the course of the application process pursuant to Iowa Code section 508E.5;

(7) A copy of the provider trust, pursuant to 48.3(1) "c"; and

(8) A report of any civil, criminal or administrative actions taken or pending against the viatical settlement provider in any state or federal court or agency, regardless of outcome.

b. A form for the antifraud plan that is required to be submitted with an application pursuant to Iowa Code section 508E.3, to meet the requirements of Iowa Code section 508E.15, can be found on the division's website.

c. The provider trust that is required to be submitted with an application, pursuant to subparagraph 48.3(1) "a"(7), shall be in a format acceptable to the commissioner and shall include the following provisions:

(1) The provider trust cannot be terminated without the prior written consent of the commissioner.

(2) The provider trust is subject to the prior approval of the commissioner.

(3) The provider trust funds shall not be intermingled.

(4) The provider trust funds held shall be identified based on individual policyholders.

(5) The provider trust trustee is obligated to indemnify the provider or the policyholder or both for any lost funds.

(6) The agreement can only be amended or terminated with the prior written consent of the commissioner.

(7) The provider trust trustee shall be a bank or trust company, having its principal place of business in the United States.

(8) The provider trust trustee shall be audited annually by independent public accountants and complete the audit report, related financial statements, and opinion on internal controls. All reports shall be available for review by the commissioner.

d. In addition to the information required in this subrule, the commissioner may ask for other information necessary to determine whether the applicant for a license as a viatical settlement provider complies with the requirements of this subrule and Iowa Code subsection 508E.3(7).

48.3(2) Viatical settlement broker.

a. To be considered for licensure as a viatical settlement broker pursuant to Iowa Code section 508E.3, a person must file a completed viatical settlement broker license application in the format prescribed by the commissioner, pay an application fee in the amount of \$100, and submit to a criminal history check and pay the associated fee pursuant to Iowa Code section 522B.5A. In addition to finding compliance with Iowa Code section 508E.3, the commissioner also shall find that the applicant:

(1) Has provided proof of one of the following:

1. The applicant has taken and passed an examination on viatical and life settlement contracts required by another state insurance department and currently holds a license as a viatical settlement broker from that state; or

2. The applicant has passed the viatical settlement examination required by the commissioner. Examination results are valid for 90 days after the date of the examination. If the applicant fails to apply for licensure within 90 days after passing the examination, the examination results shall be void;

(2) Has provided a report of any civil, criminal or administrative actions taken or pending against the viatical settlement broker in any state or federal court or agency, regardless of outcome, excluding misdemeanor traffic citations and juvenile offenses; and

(3) Has provided proof that the applicant is covered by an errors and omissions policy for an amount of not less than \$100,000 liability per occurrence and not less than \$100,000 total annual aggregate for all claims during the policy period.

b. A form for the antifraud plan that is required to be submitted with an application pursuant to Iowa Code section 508E.3, to meet the requirements of Iowa Code section 508E.15, can be found on the division's website.

c. In addition to the information required in this subrule, the commissioner may ask for other information necessary to determine whether the applicant for a license as a viatical settlement broker

complies with the requirements of this subrule and has made a filing pursuant to Iowa Code subsection 508E.3(7).

48.3(3) *Governing law where viators are residents of different states.* For purposes of this subrule, if there is more than one viator on a single policy and the viators are residents of different states, the viatical settlement contract shall be governed by the law of the state in which the viator having the largest percentage ownership resides or, if the viators hold equal ownership, the state of residence of one viator agreed upon in writing by all viators. If another state does not have a statute or rule substantially similar to Iowa Code chapter 508E and this rule, the actions related to the viatical settlement contract shall be governed by the law of this state.

48.3(4) *License term.*

a. A viatical settlement provider or viatical settlement broker who meets the requirements of this rule, unless otherwise denied licensure pursuant to rule 191—48.10(508E), shall be issued a license.

b. A viatical settlement provider license is valid for three years and automatically terminates on the last day of the month of the anniversary of the issue date unless renewed pursuant to subrule 48.3(6).

c. A viatical settlement broker license is valid for an initial term of three years from the last day of the applicant's anniversary month following the issuance of the license, and automatically terminates on the last day of the month of the initial term unless renewed pursuant to subrule 48.3(6).

d. A viatical settlement provider license or a viatical settlement broker license may remain in effect for the term of the license plus any renewals, unless the license is revoked or suspended, as long as all required fees are paid in the time prescribed by the commissioner.

e. The license issued to a viatical settlement provider or viatical settlement broker shall be a limited license that allows the licensee to operate only within the scope of its license.

48.3(5) *Continuing education for viatical settlement broker.*

a. An individual licensed as a viatical settlement broker must complete 36 credits of approved continuing education during every license term. A license term is as set forth in paragraph 48.3(4) "c."

b. The required continuing education credits shall include a minimum of:

(1) Thirty-three credits related to life insurance, viatical settlements and viatical settlement transactions; and

(2) Three credits in ethics.

c. The viatical settlement broker may submit the same completed credits to the commissioner both to meet the continuing education requirements for the viatical settlement broker license and to meet the continuing education requirements for an applicable insurance producer license.

d. The license of a viatical settlement broker who fails to comply with this continuing education requirement will terminate.

e. An instructor of an approved continuing education course shall be granted the same credit as a student who completes the continuing education course, and the instructor may receive such credit once during a license term.

f. A viatical settlement broker cannot carry over excess continuing education credits from one license term to the next.

g. A viatical settlement broker may receive continuing education credit for self-study courses. A self-study course is considered completed when the continuing education provider receives the completed examination from the viatical settlement broker.

(1) A viatical settlement broker may receive continuing education credit for self-study courses that are part of a recognized national designation program as described in 191—subrule 11.5(5).

(2) A viatical settlement broker may receive continuing education credits for self-study courses that do not meet the requirement of subparagraph (1) if the viatical settlement broker:

1. Submits an affidavit to the continuing education provider that the examination was independently proctored and was completed without any outside assistance, and

2. Correctly answers at least 70 percent of the questions presented.

h. A viatical settlement broker shall not receive continuing education credit for courses taken prior to the issuance of an initial license.

i. A viatical settlement broker cannot receive continuing education credit for the same course twice in one license term. A viatical settlement broker cannot receive continuing education credit both for the classroom portion and for the examination portion of a national designation program as defined in 191—subrule 11.5(5).

j. A viatical settlement broker may elect to comply with the continuing education requirements by taking and passing the viatical settlement broker licensing examination within 90 days prior to the date on which the renewal application is submitted.

k. A viatical settlement broker shall demonstrate compliance with the continuing education requirements at the time of license renewal. A viatical settlement broker shall maintain a record of all continuing education courses completed by keeping the original certificates of completion for four years after the end of the year of course completion.

l. For purposes of rule 191—48.3(508E), “credit” means continuing education credit. One credit is 50 minutes of instruction or reading material in an acceptable topic.

m. Viatical settlement broker continuing education courses will be approved in the same manner that insurance continuing education courses are approved pursuant to 191—Chapter 11. The approval of continuing education providers, the responsibilities of continuing education providers, the prohibited conduct for continuing education providers, and the fees for approval and renewal of continuing education providers and courses shall be the same as those for insurance continuing education courses, continuing education providers, and insurance producers set forth in rules 191—11.9(505,522B) to 191—11.11(505,522B) and 191—11.14(505,522B). The commissioner may enter into a contractual arrangement with a qualified outside vendor to assist the commissioner with any or all continuing education services in the same manner as the commissioner may for insurance continuing education services pursuant to rule 191—11.12(505,522B). The commissioner may audit any continuing education course in the same manner as the commissioner may for insurance continuing education courses pursuant to rule 191—11.13(505,522B).

48.3(6) License renewal. A viatical settlement provider license or a viatical settlement broker license may be renewed as follows:

a. A viatical settlement provider license may be renewed by payment of \$100 within 90 days prior to the expiration date of the license and by demonstration that the viatical settlement provider continues to meet the requirements of Iowa Code section 508E.3 and subrule 48.3(1), has provided biographical affidavits not older than one year prior to the renewal date on all persons listed in subparagraph 48.3(1)“a”(4), has provided business character reports for any new persons listed in subparagraph 48.3(1)“a”(4), and has provided the reports required by rule 191—48.7(508E).

(1) If renewal is approved, the license will be renewed effective the last day of the month of the anniversary of the issue date in the renewal year, will be valid for three years, and will automatically terminate on the last day of the month of the anniversary of the issue date in the following renewal year unless renewed pursuant to this subrule.

(2) Viatical settlement providers that had licenses prior to January 1, 2009, shall have a renewal date of January 1.

b. A viatical settlement broker license may be renewed by demonstration of completion of continuing education as required in subrule 48.3(5) and payment of \$100 within 90 days prior to the expiration date of the license. If renewal is approved, the license will be renewed effective the last day of the month of the anniversary of the issue date in the renewal year, will be valid for three years, and will automatically terminate on the last day of the month of the anniversary of the issue date in the following renewal year unless renewed pursuant to this subrule.

c. If a legal entity has any partners, officers, members, or designated employees acting as viatical settlement providers or viatical settlement brokers under the legal entity’s license pursuant to Iowa Code section 508E.3, the legal entity must provide all completed forms, fees, and information required to be filed under paragraphs 48.3(6)“a” and “b” for each such person named in the application, or in any supplements to the application, and must provide any deletions to the list of names that was provided with the original application. If there are any new partners, officers, members, and designated employees that the legal entity intends will act as viatical settlement providers or viatical settlement brokers under

the legal entity's license, the legal entity shall provide for each such person the forms, information and fees required by subrule 48.3(2).

d. If a viatical settlement provider or viatical settlement broker fails to comply with the renewal procedures within the time prescribed, or a viatical settlement provider fails either to meet the requirements of Iowa Code section 508E.3 and subrule 48.3(1) or to submit the reports required in rule 191—48.7(508E), such nonpayment or failure shall result in lapse of the license.

e. A licensed viatical settlement broker who is unable to comply with license renewal procedures due to military service or some other extenuating circumstance may request from the commissioner a waiver of renewal procedures. Such viatical settlement broker may also request a waiver of any examination requirement or any other penalty or sanction imposed for failure to comply with renewal procedures.

48.3(7) *License reinstatement.*

a. A viatical settlement broker may reinstate an expired license up to 12 months after the license expiration date by proving that during the license term the viatical settlement broker met the CE requirements found in subrule 48.3(5), and by paying to the commissioner a reinstatement fee and license renewal fee. A viatical settlement broker who fails to apply for license reinstatement within 12 months of the license expiration date must apply for a new license.

b. A viatical settlement broker who has surrendered a license for a nondisciplinary reason and stated an intent to exit the viatical settlement business may file a request to reactivate the license. The request must be received by the commissioner within 90 days of the date the license was placed on inactive status. The request will be granted if the former viatical settlement broker is otherwise eligible to receive the license. If the request is not received within 90 days, the viatical settlement broker must apply for a new license.

48.3(8) *Reinstatement or reissuance of a license after suspension, revocation or forfeiture in connection with disciplinary matters; and forfeiture in lieu of compliance.*

a. The term “reinstatement” as used in this subrule means the reinstatement of a suspended license. The term “reissuance” as used in this subrule means the issuance of a new license following either the revocation of a license, the suspension and subsequent termination of a license, or the forfeiture of a license in connection with a disciplinary matter. This subrule does not apply to the reinstatement of an expired license or the issuance of a new license after the reinstatement period has passed that is not in connection with a disciplinary matter.

b. Any viatical settlement broker whose license has been revoked or suspended by order, or who forfeited a license in connection with a disciplinary matter, must apply to the commissioner for reinstatement or reissuance in accordance with the terms of the order of revocation or suspension or the order accepting the forfeiture.

(1) All proceedings for reinstatement or reissuance shall be initiated by the applicant who shall file with the commissioner an application for reinstatement or reissuance of a license. As part of the application, the applicant shall submit to a criminal history check pursuant to Iowa Code section 522B.5A.

(2) An application for reinstatement or reissuance shall allege facts which, if established, will be sufficient to enable the commissioner to determine that the basis of revocation, suspension or forfeiture of the applicant's license no longer exists and that it will be in the public interest for the application to be granted. The burden of proof to establish such facts shall be on the applicant.

(3) A viatical settlement broker may request reinstatement of a suspended license prior to the end of the suspension term; however, reinstatement will not be effected until the suspension period has ended.

(4) Unless otherwise provided by law, if the order of revocation or suspension did not establish terms upon which reinstatement or reissuance may occur, or if the license was forfeited, an initial application for reinstatement or reissuance may not be made until at least one year has elapsed from the date of the order of the suspension (notwithstanding 191—paragraph 10.10(2)“e”), revocation, or acceptance of the forfeiture of a license.

c. All proceedings upon the application for reinstatement or reissuance, including matters preliminary and ancillary thereto, shall be held in accordance with Iowa Code chapter 17A. Such

application shall be docketed in the original case in which the license was suspended, revoked, or forfeited, if a case exists.

d. An order of reinstatement or reissuance must be a written decision that incorporates findings of fact and conclusions of law. An order granting an application for reinstatement or reissuance may impose such terms and conditions as the commissioner or the commissioner's designee deems appropriate, which may include one or more of the types of disciplinary sanctions provided by this chapter or by Iowa Code chapter 508E. The order is a public record and may be disseminated in accordance with Iowa Code chapter 22.

e. A submission of voluntary forfeiture of a license must be made in writing in the format prescribed by the commissioner. Forfeiture of a license is effective upon the submission unless a contested case proceeding is pending at the time of the submission. If a contested case proceeding is pending, the forfeiture becomes effective when and upon such conditions as required by order of the commissioner. A forfeiture made during the pendency of a contested case proceeding is considered a disciplinary action and must be published in the same manner as is applicable to any other form of disciplinary order.

f. A license may be voluntarily forfeited in lieu of compliance with an order of the commissioner or the commissioner's designee with the written consent of the commissioner. The forfeiture becomes effective when and upon such conditions as required by order of the commissioner, which may include one or more of the types of disciplinary sanctions provided by this chapter or by Iowa Code chapter 508E.

g. When a viatical settlement broker's license has been suspended for a period of time that extends beyond the viatical settlement broker's license expiration date, the license terminates at the license expiration date, and the viatical settlement broker must request reissuance pursuant to this subrule. However, reissuance will not be effected until the suspension period has ended. If suspension for a period of time ends prior to the viatical settlement broker's license expiration date, and the viatical settlement broker has met all applicable requirements, the commissioner must reinstate the license as soon as practicable but no earlier than the end of the suspension period pursuant to paragraph 48.3(8) "b." The commissioner is not prohibited from denying an application for reinstatement or reissuance or bringing an additional immediate action if the viatical settlement broker has engaged in misconduct during the period of suspension.

48.3(9) *Duty to notify commissioner of cessation of business in the state.* If a viatical settlement provider intends to cease business in Iowa, it must notify the commissioner of those intentions and of its plan of operation for such cessation at least 180 days before the cessation shall occur. This requirement is not meant to imply that a company must continue to accept new viatical or life settlement business during the 180-day period.

48.3(10) *Duty to notify commissioner of changes.*

a. A viatical settlement provider shall provide to the commissioner any new or revised information about officers, stockholders holding 10 percent or more of the stock of the company, partners, directors, members or designated employees within 30 days of the date the addition or revision occurred.

b. A viatical settlement provider or viatical settlement broker shall inform the commissioner in writing of any change of name or address within 30 days of the date of such change. In addition, a viatical settlement provider shall provide the commissioner with 30 days' notice of the cancellation or nonrenewal of a fidelity bond required for licensure under subrule 48.3(1) and the name of the carrier that will be providing coverage subsequent to such cancellation or nonrenewal.

c. A viatical settlement provider or viatical settlement broker shall report to the commissioner any administrative action taken against the viatical settlement provider or viatical settlement broker in another state or federal jurisdiction or by another governmental agency in this state within 30 days of the final disposition of the matter. This report shall include a copy of the order, consent to the order, or other relevant legal documents. Within 30 days of the initial pretrial hearing date, a viatical settlement provider or viatical settlement broker shall report to the commissioner any criminal prosecution of the viatical settlement provider or viatical settlement broker taken in any jurisdiction. The report shall include a

copy of the initial complaint filed, the order resulting from the hearing, and any other relevant legal documents.

48.3(11) Commissioner may use outside assistance. In order to assist with the commissioner's duties, the commissioner may contract with a nongovernmental entity, including, but not limited to, the National Association of Insurance Commissioners (NAIC) or any affiliate or subsidiary the NAIC oversees, to perform any ministerial functions related to licensing of viatical settlement providers or viatical settlement brokers that the commissioner deems appropriate including, but not limited to, the collection of fees.

48.3(12) Fees.

- a. Fees shall be paid by check, money order, or credit card.
- b. The fee for an examination may be set by the outside testing service under contract with the division and must be approved by the division.
- c. The fee for issuance or renewal of a viatical broker, legal entity or provider license is \$100.
- d. The fee for reinstatement or reissuance of a viatical broker, legal entity or provider license is \$100. In addition, applicable issuance or renewal fees will be assessed.
- e. The division may charge a reasonable fee for the compilation and production of viatical broker, legal entity or provider licensing records.
- f. The fee for a criminal history check as required pursuant to Iowa Code section 522B.5A is \$50. [ARC 7729B, IAB 4/22/09, effective 4/3/09; ARC 4910C, IAB 2/12/20, effective 3/18/20; ARC 5250C, IAB 11/4/20, effective 12/9/20; ARC 5515C, IAB 3/10/21, effective 4/14/21]

191—48.4(508E) Disclosure statements.

48.4(1) If a viatical settlement provider enters into a viatical settlement contract that allows the viator to retain an interest in the policy, the viatical settlement contract shall contain the following:

- a. A provision that the viatical settlement provider will effect the transfer of the amount of the death benefit only to the extent or portion of the amount viaticated and that benefits in excess of the amount viaticated shall be paid directly to the viator's beneficiary by the insurance company;
- b. A provision that the viatical settlement provider will, upon acknowledgment of the perfection of the transfer, either:
 - (1) Advise the insured, in writing, that the insurance company has confirmed the viator's interest in the policy; or
 - (2) Send to the insured a copy of the document(s) sent from the insurance company to the viatical settlement provider that acknowledges the viator's interest in the policy; and
- c. A provision that apportions the premiums to be paid by the viatical settlement provider and the viator. It is permissible for the viatical settlement contract to specify that all premiums shall be paid by the viatical settlement provider. The viatical settlement contract also may require that the viator reimburse the viatical settlement provider only for the premiums attributable to the retained interest.

48.4(2) With each application for a viatical settlement contract, a viatical settlement provider or viatical settlement broker shall provide the viator with at least the following disclosure no later than the time the application for the viatical settlement contract is signed by the viator and the viatical settlement broker. The disclosure shall be provided in a separate document that is signed by the viator and the viatical settlement provider or viatical settlement broker, and shall advise the viator that, when entering into a viatical settlement contract, having a recent physical examination is in the viator's best interest, since an accurate life expectancy can be best calculated based on current medical records.

48.4(3) If the viator is not the insured, then these disclosures must be affirmatively made to the insured, as well as to the viator, and written consent to the viatication must be received from both parties.

191—48.5(508E) Contract requirements. In order to ensure that viators receive a reasonable return for viaticating an insurance policy when life expectancy is less than 25 months, a viatical settlement provider shall pay to a viator a discounted amount of the face value of the policy which amount shall be calculated at least at the following rates:

Insured's Life Expectancy	Minimum Percentage of Face Value Less Outstanding Loans Received by Viator
Less than 6 months	80%
At least 6 but less than 12 months	70%
At least 12 but less than 18 months	65%
At least 18 but less than 25 months	60%
25 months or more	Cash surrender value of policy

The percentage may be reduced by 5% for viaticating a policy written by an insurer rated less than the highest four categories by A.M. Best, or a comparable rating by another rating agency.

For a viatical settlement in which the viator has a life expectancy of 25 months or more, a viatical settlement provider or broker shall not enter into a viatical settlement contract that provides a payment to the viator that is unreasonable or unjust. As listed above, such payment must at least be equal to the cash surrender value of the policy. In determining whether a payment is unreasonable or unjust, the commissioner may consider, among other factors, the life expectancy of the insured; the applicable rating of the insurance company that issued the subject policy by a rating service generally recognized by the insurance industry, regulators and consumer groups; and prevailing discount rates in the viatical and life settlement market in Iowa or, if insufficient data is available for Iowa, the prevailing rates nationally or in other states that maintain this data.

191—48.6(508E) Filing of forms. If a viatical settlement provider subsequently desires to change the viatical settlement contract documents or disclosure statements approved at the time of licensure, or to use new ones, the provider shall submit the new or modified contract documents or disclosure statements to the commissioner for approval in triplicate, along with a postage-paid return envelope. The viatical settlement provider shall identify its name and address in the cover letter and also reference the form number of the modified viatical settlement contract document or disclosure statement. Black-lining the modifications made within the document(s) should expedite the form review and approval process.

191—48.7(508E) Reporting requirements. Pursuant to Iowa Code section 508E.6, on or before March 1 of each year, the secretary and either the president or the vice president of each viatical settlement provider licensed in this state shall submit, under oath, an annual statement report for the immediately preceding calendar year.

48.7(1) Transaction information. The annual statement report shall contain the following transaction information for all viatical settlement transactions in which the viator is a resident of this state:

- a. The following information pursuant to Iowa Code section 508E.6:
 - (1) Total number of transactions;
 - (2) Aggregate face amount of all policies; and
 - (3) Total proceeds of policies settled;
- b. For viatical settlements contracted during the reporting period:
 - (1) Date of viatical settlement contract;
 - (2) Viator's state of residence at the time of the contract;
 - (3) Mean life expectancy, in months, of the insured at time of contract;
 - (4) Face amount of policy viaticated;
 - (5) Net death benefit viaticated;
 - (6) Estimated total premiums to keep policy in force for mean life expectancy;
 - (7) Net amount paid to viator;
 - (8) Source of policy (B-Broker; D-Direct Purchase; SM-Secondary Market);
 - (9) Type of coverage (I-Individual; G-Group);
 - (10) Within the contestable or suicide period, or both, at the time of viatical settlement (yes or no);

(11) If the insured is diagnosed as terminally or chronically ill, the general disease classification applicable to such insured; and

(12) Type of funding (I-Institutional; P-Private).

c. For viatical settlements in which death of the insured has occurred during the reporting period:

(1) Date of viatical settlement contract;

(2) Viator's state of residence at the time of the contract;

(3) Mean life expectancy, in months, of the insured at time of contract;

(4) Net death benefit collected;

(5) Total premiums paid to maintain the policy (WP-Waiver of Premium; NA-Not Applicable);

(6) Net amount paid to viator;

(7) If the insured was diagnosed as terminally or chronically ill, the general disease classification applicable to such insured;

(8) Date of death of insured;

(9) Amount of time, in months, between date of contract and date of death of insured;

(10) Difference between the number of months that passed between the date of contract and the date of death of insured and the mean life expectancy in months as determined by the reporting company;

d. Name and address of each viatical settlement broker through whom the reporting company purchased a policy from a viator who resided in this state at the time of contract;

e. Name of the insurance companies whose policies have been settled;

f. Number of policies reviewed and rejected; and

g. Number of policies purchased from persons other than a viator (on the secondary market) as a percentage of total policies purchased.

48.7(2) Additional required information. The annual statement report shall also contain the following documentation and statements:

a. That the viatical settlement provider has at all times maintained books and records in compliance with generally accepted accounting principles;

b. That the viatical settlement provider has obtained and furnished to the commissioner either:

(1) A copy of the current year's audited financial statement; or

(2) At the commissioner's discretion, a copy of the current year's consolidated annual audited financial statement with a financial guarantee from the provider's ultimate controlling person; and

c. That the viatical settlement provider has maintained fidelity bonds on each officer and director in the amount of \$100,000.

d. Transaction information as identified in subrule 48.7(1) for all states.

48.7(3) Form. The annual statement report shall be submitted in a format prescribed by the commissioner.

48.7(4) Late fee. A viatical settlement provider that fails to timely file the annual statement report pursuant to this rule shall pay a late fee of \$100.

[ARC 7729B, IAB 4/22/09, effective 4/3/09; ARC 5992C, IAB 10/20/21, effective 11/24/21]

191—48.8(508E) Examination or investigations.

48.8(1) Authority, scope and scheduling of examinations. In addition to the authority, scope and scheduling of examinations set forth in Iowa Code section 508E.7, the following provisions shall apply:

a. The commissioner may investigate suspected fraudulent viatical settlement acts and persons engaged in the business of viatical settlements.

b. The provisions of Iowa Code chapter 507 shall apply to viatical settlement providers and viatical settlement brokers. The expense of examinations shall be assessed against the viatical settlement provider in the same manner as insurers are assessed for examinations.

c. Neither the commissioner nor any person that received the documents, material or other information while acting under the authority of the commissioner, including the NAIC and its affiliates and subsidiaries, shall be permitted to testify in any private civil action concerning any confidential documents, materials or information subject to this subrule.

48.8(2) Immunity from liability. No cause of action shall arise nor shall any liability be imposed against the commissioner, the commissioner's authorized representatives or any examiner appointed by the commissioner for any statements made or conduct performed in good faith while carrying out the provisions of this rule or of Iowa Code chapter 508E.

191—48.9(508E) Requirements and prohibitions.

48.9(1) With respect to policies containing a provision for double or additional indemnity for accidental death, the additional payment shall remain payable to the beneficiary last named by the viator prior to entering into the viatical settlement contract, or to such other beneficiary, other than the viatical settlement provider, as the viator may thereafter designate, or in the absence of a beneficiary, to the estate of the viator.

48.9(2) Payment of the proceeds to the viator pursuant to a viatical settlement contract shall be made in a lump sum except where the viatical settlement provider has purchased a single-premium paid-up annuity issued by a licensed insurance company to the viator. Retention of a portion of the proceeds by the viatical settlement provider or escrow agent is not permissible. For purposes of this subrule, "escrow agent" means an individual or institution that has established an escrow or trust account with a state-chartered or federally chartered financial institution whose deposits and accounts are insured by the Federal Deposit Insurance Corporation (FDIC) and with which an escrow account has been established for use by a viatical settlement provider or viatical settlement purchaser.

48.9(3) If a viatical settlement provider or viatical settlement broker is served with a subpoena and thereby compelled to produce records containing patient-identifying information, the viatical settlement provider or viatical settlement broker shall notify the viator and the insured in writing at the viator's and the insured's last-known addresses within five business days after receiving notice of the subpoena.

48.9(4) A viatical settlement provider shall not act also as a viatical settlement broker, whether entitled to collect a fee directly or indirectly, related to the same viatical settlement contract.

48.9(5) A viatical settlement broker shall not, without the written agreement of the viator obtained prior to performing any services in connection with a viatical settlement, seek or obtain any compensation from the viator.

48.9(6) A viatical settlement provider shall not use a longer life expectancy than is reasonable based on all medical and actuarial information available at the time of a viatical settlement transaction in order to reduce the payout to which the viator is entitled.

48.9(7) A viatical settlement provider or viatical settlement broker shall not discriminate in the making or solicitation of viatical settlement contracts on the basis of race, age, sex, national origin, creed, religion, occupation, marital or family status or sexual orientation, or discriminate between viators with or without dependents.

48.9(8) A viatical settlement provider or viatical settlement broker shall not pay or offer to pay any finder's fee, commission or other compensation to any insured's physician, or to an attorney, accountant or other person providing medical, legal or financial planning services to an insured or viator, or to any other person acting as an agent of an insured or viator with respect to a viatical settlement contract.

48.9(9) A viatical settlement provider shall not knowingly solicit individuals who have treated or have been asked to treat the illness of an insured whose coverage would be the subject of a viatical settlement contract.

48.9(10) A life insurance company may not charge a fee for responding to a request for information from a viatical settlement provider or viatical settlement broker in compliance with this rule in excess of any usual and customary charges to contract holders, certificate holders or insureds for similar services.

48.9(11) In recommending a viatical settlement contract, viatical settlement brokers and viatical settlement providers shall make suitable recommendations.

191—48.10(508E) Penalties; injunctions; civil remedies; cease and desist.

48.10(1) Unfair trade practices. Pursuant to Iowa Code section 508E.17, a violation of rule 191—48.4(508E), 191—48.5(508E), 191—48.6(508E), 191—48.7(508E) or 191—48.9(508E) shall be

considered an unfair trade practice under Iowa Code chapter 507B, and a violator shall be subject to the penalties contained in that chapter.

48.10(2) Unauthorized insurer. A person doing the activities of a viatical settlement provider or a viatical settlement broker without a license under this chapter shall be deemed an unauthorized insurer and shall be subject to the penalties of Iowa Code chapter 507A.

48.10(3) License revocation and denial. The commissioner may suspend, revoke, refuse to issue, or refuse to renew the license of a viatical settlement provider or viatical settlement broker for violation of rule 48.3(508E).

48.10(4) A viatical settlement provider licensed in this state that in the time required fails to file either the annual statement referred to in Iowa Code section 508E.6 or the annual audited financial statement referred to in subparagraph 48.3(1)“a”(1) shall pay an administrative penalty pursuant to Iowa Code section 508E.16. The viatical settlement provider’s right to transact further new business in this state shall immediately cease until the provider has fully complied with this rule.

48.10(5) Pursuant to Iowa Code section 508E.16, if the commissioner finds that an activity in violation of this rule presents an immediate danger to the public that requires an immediate final order, the commissioner may issue an emergency cease and desist order reciting with particularity the facts underlying the findings. The emergency cease and desist order is effective immediately upon service of a copy of the order on the respondent and remains in effect for 90 days. If the commissioner begins nonemergency cease and desist proceedings, the emergency cease and desist order remains effective, absent an order by a court of competent jurisdiction pursuant to 191—Chapters 2 and 3.

[ARC 7729B, IAB 4/22/09, effective 4/3/09; ARC 5515C, IAB 3/10/21, effective 4/14/21]

191—48.11(252J,272D) Suspension for failure to pay child support or state debt. The division must follow the procedures in rule 191—10.21(252J,272D) relating to producer suspension for failure to pay child support or state debt for viatical settlement brokers, replacing “producer” with “viatical settlement broker.”

[ARC 4910C, IAB 2/12/20, effective 3/18/20]

191—48.12(261) Suspension for failure to pay student loan. Rescinded ARC 4910C, IAB 2/12/20, effective 3/18/20.

191—48.13(272D) Suspension for failure to pay state debt. Rescinded ARC 4910C, IAB 2/12/20, effective 3/18/20.

191—48.14(508E) Severability. If any rule or portion of a rule or its applicability to any person or circumstance is held invalid by a court, the remainder of these rules or the rules’ applicability to other persons or circumstances shall not be affected.

[ARC 7729B, IAB 4/22/09, effective 4/3/09]

These rules are intended to implement Iowa Code chapters 508E, 252J, and 272D.

CHAPTER 403
IOWA ENERGY CENTER

261—403.1(15) Purpose. The Iowa energy center is established within the authority with the following purposes:

1. To expand workforce and career opportunities for workers in the energy sector to ensure that the state is able to attract and train professionals to meet the state's future energy needs.
2. To support technology-based development by encouraging public-private partnerships and innovative manufacturers to develop and bring to market new energy technologies.
3. To support rural and underserved areas and vulnerable populations by creating opportunities for greater access to energy efficiency expertise, training, programs, and cyber security preparedness for small utilities.
4. To support the expansion of natural gas infrastructure to rural and underserved areas of the state where the absence is a limiting factor to economic development.
5. To promote and fund research, development, and commercialization of biomass technology to benefit the state economically and environmentally by further realizing the value-added attributes of biomass in the development of bioenergy, biofuels, and biochemicals.
6. To encourage growth of the alternative fuel vehicle market, particularly for electric vehicles, and the infrastructure necessary to support the market.
7. To support efforts to modernize the electric grid infrastructure of the state to support increased capacity and new technologies.

261—403.3(15) Iowa energy center board.

403.3(1) Composition. A governing board is established consisting of the following members appointed by the governor:

- a. One member representing Iowa state university of science and technology, in consultation with the president of that university.
- b. One member representing the university of Iowa, in consultation with the president of that university.
- c. One member representing the university of northern Iowa, in consultation with the president of that university.
- d. One member representing private colleges and universities within the state, in consultation with the Iowa association of independent colleges and universities.
- e. One member representing community colleges, in consultation with the Iowa association of community college trustees.
- f. One member representing the economic development authority, in consultation with the director of the economic development authority.
- g. One member representing the state department of transportation, in consultation with the director of the department of transportation.

h. One member representing the office of consumer advocate, in consultation with the consumer advocate.

i. One member representing the utilities board, in consultation with the chair of the utilities board.

j. One member representing rural electric cooperatives, in consultation with the Iowa association of electric cooperatives.

k. One member representing municipal utilities, in consultation with the Iowa association of municipal utilities.

l. Two members representing investor-owned utilities, one representing gas utilities, and one representing electric utilities, in consultation with the Iowa utility association.

403.3(2) Terms. Members of the board are appointed for staggered terms of four years beginning and ending as provided in Iowa Code section 69.19. A person appointed to fill a vacancy serves only for the unexpired portion of the term. A member is eligible for reappointment. Any vacancy shall be filled by the governor as provided for in Iowa Code section 15.120(2). The terms of board members shall be staggered as determined by the director.

403.3(3) Quorum and voting requirements. A quorum of the board requires nine or more members, and any board action requires an affirmative vote by a majority of the members present.

403.3(4) Board officers. The board shall elect a chairperson and a vice chairperson annually and may elect other officers as necessary.

403.3(5) Meetings.

a. Meetings of the board are held at the call of the chairperson or when two members of the board request a meeting. The board generally meets quarterly at the authority's offices. By notice of the regularly published meeting agendas, the board and its committees may hold regular or special meetings at other locations within the state. Meeting agendas are available on the authority's Internet site.

b. Meetings of the board and any committee it may establish are conducted in accordance with the provisions of Iowa Code chapter 21. Any person may attend and observe the proceedings of the board and committee meetings except for those portions of the meetings conducted in closed session pursuant to Iowa Code section 21.5. Persons observing may use cameras or recording devices during the meeting so long as the use of such devices does not interfere with the proceedings. The chairperson may order any person to discontinue the use of such a device if the chairperson believes it is causing an interference with the proceedings. The chairperson may have any person excluded who fails to comply with such an order. The chairperson may also exclude any person generally causing a disruption of the proceedings.

403.3(6) Committees. The board may, from time to time, establish advisory committees for purposes of overseeing the center, its programs, and its operations. Such committees include but are not limited to the following:

a. A grant committee, the purpose of which shall be to assist the board in making and administering awards of grants under the center's programs.

(1) The grant committee is an advisory body comprised of voting members of the board who are selected annually by the voting members of the board. The membership and size of the committee as well as the terms of the committee members will be established annually by the board.

(2) The members of the grant committee will elect a chairperson. The chairperson may appoint members of the grant committee to serve on a grant committee subcommittee if necessary. Such a subcommittee is advisory only and may perform such duties as may be assigned by the chairperson.

(3) The duties of the grant committee may include reviewing applications for grant awards, conducting a thorough review of proposed grant applications, making recommendations to the board regarding the size and condition of grant awards, and any other duty assigned by the board in relation to the programs administered by the center.

(4) A majority of the committee members constitutes a quorum of the committee.

(5) Meetings of the grant committee are held at the call of the chairperson.

b. A loan committee, the purpose of which shall be to assist the board in making and administering loan awards under the center's programs, including the alternate energy revolving loan program and energy infrastructure revolving loan program.

(1) The loan committee is an advisory body comprised of voting members of the board who are selected annually by the voting members of the board. The membership and size of the committee as well as the terms of the committee members will be established annually by the board.

(2) The members of the loan committee will elect a chairperson. The chairperson may appoint members of the loan committee to serve on a loan committee subcommittee if necessary. Such a subcommittee is advisory only and may perform such duties as may be assigned by the chairperson.

(3) The duties of the loan committee may include reviewing applications for loans, conducting a thorough review of proposed loan applications, making recommendations to the board regarding the size and condition of loans, and any other duty assigned by the board in relation to the programs administered by the center.

(4) A majority of the committee members constitutes a quorum of the committee.

(5) Meetings of the loan committee are held at the call of the chairperson.

CHAPTER 405
ALTERNATE ENERGY REVOLVING LOAN PROGRAM

261—405.1(15) Definitions.

“*Authority*” means the economic development authority created in Iowa Code section 15.105.

“*Board*” means the governing board of the Iowa energy center established pursuant to Iowa Code section 15.120(2).

“*Iowa energy center*” or “*IEC*” means the Iowa energy center created within the economic development authority pursuant to Iowa Code section 15.120.

“*Project*” means an alternate energy production facility as defined in Iowa Code section 476.42 or a small hydro facility as defined in Iowa Code section 476.42.

[ARC 4263C, IAB 1/30/19, effective 3/6/19]

261—405.2(15) Loan amounts and terms.

405.2(1) The minimum loan amount is \$25,000 per project.

405.2(2) The board shall not lend more than 50 percent of eligible project costs as defined in rule 261—405.5(15).

405.2(3) A project shall be eligible for not more than \$1 million in loans outstanding at any time under this program.

405.2(4) A borrower shall be eligible for not more than \$1 million in loans outstanding at any time under this program.

405.2(5) The board shall not issue a loan that exceeds the value of the collateral provided.

405.2(6) Security for loans. The board will accept security for a loan. The following forms of collateral will be accepted:

- a. Real property;
- b. Dedicated certificate of deposit;
- c. Irrevocable letter of credit;
- d. Corporate guarantee;
- e. Other forms of collateral if approved by the board, and only if the forms of collateral listed in paragraphs 405.2(6) “a” to “d” are inadequate.

405.2(7) Term. The duration of the loan shall be for 20 years, the estimated useful life of the project that is financed by the loan, the terms of any other loans used to finance the project, or the estimated return on investment for the project, whichever is shortest.

[ARC 4263C, IAB 1/30/19, effective 3/6/19]

261—405.3(15) Borrowers.

405.3(1) *Eligible borrowers.* The project shall be wholly owned by the borrower. Eligible borrowers include:

- a. Persons whose primary residence is in Iowa.
- b. Businesses registered and domiciled in Iowa. For businesses organized as limited liability companies, each member of the limited liability company must be domiciled in Iowa and be an eligible borrower.
- c. Water and wastewater utilities subject to Iowa Code chapter 388, rural water districts subject to Iowa Code chapters 357A and 504, and sanitary districts subject to Iowa Code chapter 358.

405.3(2) *Ineligible borrowers.* Ineligible borrowers include:

- a. An organization that is lending to a project and also owns the project or is a member of an organization that owns the project.
- b. An individual or an organization with a history of defaulted loans or compliance violations with other state programs or rules.
- c. Regents institutions.
- d. Community colleges.
- e. State agencies.
- f. Cities, but not water or wastewater utilities subject to Iowa Code chapter 388.

- g.* Counties.
 - h.* School districts.
 - i.* Nonprofit organizations.
 - j.* Gas and electric utilities subject to Iowa Code chapter 388 or rural electric cooperatives subject to Iowa Code chapter 476.
- [ARC 4263C, IAB 1/30/19, effective 3/6/19]

261—405.4(15) Eligible projects. A proposed project must meet the following criteria to be eligible for a loan under this program:

- 405.4(1)** The project shall be located in Iowa.
 - 405.4(2)** The project shall be an alternate energy production facility as defined in Iowa Code section 476.42 or a small hydro facility as defined in Iowa Code section 476.42.
 - 405.4(3)** The project shall be wholly owned by the borrower.
 - 405.4(4)** The borrower shall be the owner, contract purchaser or lessee of the real property where the project is located.
- [ARC 4263C, IAB 1/30/19, effective 3/6/19]

261—405.5(15) Eligible and ineligible costs.

- 405.5(1) Eligible costs.** Examples of eligible costs include:
 - a.* Real and personal property comprising a project;
 - b.* Materials and equipment required for necessary site preparation, construction and installation of a project;
 - c.* Labor for site preparation, construction and installation of a project. Only labor that is performed by a third party such as an independent contractor will be considered an eligible cost.
 - 405.5(2) Ineligible costs.** Examples of ineligible costs include:
 - a.* Feasibility studies;
 - b.* Permits;
 - c.* Administrative costs not associated with site preparation, construction and installation of a project;
 - d.* Costs incurred prior to the board's approval of a loan;
 - e.* Interconnection costs;
 - f.* Costs associated with maintenance, operation or repair of a project; and
 - g.* Other costs that the board determines to be ineligible.
- [ARC 4263C, IAB 1/30/19, effective 3/6/19]

261—405.6(15) Application process. Rescinded ARC 5994C, IAB 10/20/21, effective 9/30/21.

261—405.7(15) Administration.

- 405.7(1) Notice of approval.** The authority will notify successful applicants in writing of an approved request for funding. Such a notification may include the terms or conditions under which approval is granted.
- 405.7(2) Contract.** After notifying the borrower of an award, the authority will offer a contract to the borrower. The contract shall be between the Iowa energy center and the borrower. An award shall not constitute a binding contract.
- 405.7(3) Transmittal.** The borrower must execute and return the contract to the authority within 45 days of the transmittal of the final contract from the authority. Failure to do so may be cause for the board to terminate the award.
- 405.7(4) Disbursement of funds.** Borrowers shall submit requests for disbursement of funds on the forms provided by the authority.
- 405.7(5) Amendment.** Any substantive change to a project shall require an amendment to the contract. A substantive change to a project includes but is not limited to a change in the loan amount, loan term, or scope of work. The borrower shall request the amendment in writing. No amendment

shall be valid until approved by the board. The authority may execute nonsubstantive or corrective changes to the contract without board approval.

405.7(6) *Closeout.* Upon contract expiration or project completion, the authority shall initiate project closeout procedures.

405.7(7) *Record keeping and retention.* Borrowers shall retain all financial records, supporting documents and all other records pertinent to the loan for three years after the contract is closed or the loan is put in default and is not cured.

405.7(8) *Reporting and compliance.* A start-up report is due to the authority within 30 days of the date that the project is placed in service. The report shall include but is not limited to documentation of installed costs of the project, one or more photographs, a sample invoice, and a description of any unexpected problems encountered during construction or installation of the project. The authority reserves the right to conduct a site visit of all awarded projects to ensure the projects were built as proposed and to provide verification of ongoing operation. The authority will monitor all loans to ensure that loan proceeds have been spent as identified in the contract and that all other sources of financing have been committed to the project. Borrowers shall be required to notify the authority of any change in ownership. Any loan made pursuant to this program shall become due for payment upon sale of the project for which the loan was made.

405.7(9) *Default.*

a. At any time during the construction of a project or the repayment of the loan, the authority may find that a borrower is in default under the terms of the loan contract. The authority will take prompt, appropriate, and aggressive debt collection action to recover any funds misspent by borrowers.

b. If the authority determines that a borrower is in default, the authority may seek recovery of the loan plus interest or other penalties as authorized pursuant to Iowa Code section 476.46, negotiate alternative payment schedules, suspend or discontinue collection efforts and take other action as the authority deems necessary.

c. The authority shall attempt to collect the amount owed. Any negotiated settlement, write-off, or discontinuance of collection efforts is subject to final review by and approval of the board.

d. If the authority refers a defaulted contract to outside counsel for debt collection, then the terms of the contract between the authority and the outside counsel regarding the scope of counsel's authorization to accept settlements shall apply.

[ARC 4263C, IAB 1/30/19, effective 3/6/19]

261—405.8(15) Applicability after June 30, 2021.

405.8(1) Pursuant to 2021 Iowa Acts, Senate File 619, the authority shall not initiate any new loans under the alternate energy revolving loan program after June 30, 2021.

405.8(2) To the extent allowed by other provisions of law, the rules adopted in this chapter shall continue to apply to agreements entered into on or before June 30, 2021.

[ARC 5994C, IAB 10/20/21, effective 9/30/21]

These rules are intended to implement Iowa Code sections 15.120 and 476.46.

CHAPTER 406
ENERGY INFRASTRUCTURE REVOLVING LOAN PROGRAM

261—406.1(15,476) Definitions.

“Affiliates” means any entity which directly or indirectly, through one or more intermediaries, controls, is controlled by, or is under common control with another entity or person. “Control” as used in this definition means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of an enterprise through ownership, by contract or otherwise. A voting interest of 10 percent or more creates a rebuttable presumption of control.

“Authority” means the economic development authority created in Iowa Code section 15.105.

“Board” means the governing board of the Iowa energy center established pursuant to Iowa Code section 15.120(2).

“Borrower” means an applicant for the program that is approved for a loan or forgivable loan.

“Energy infrastructure” means the same as defined in Iowa Code section 476.46A(3) “a” as enacted by 2021 Iowa Acts, Senate File 619, section 33.

“Iowa energy center” or *“IEC”* means the Iowa energy center created within the economic development authority pursuant to Iowa Code section 15.120.

“Loan” means an award of assistance with the requirement that the award be repaid with term, interest rate, and other conditions specified as part of the conditions of the award.

“Loan committee” means the committee of the board established to review loan applications pursuant to 261—paragraph 403.3(6) “b.”

“Program” means the energy infrastructure revolving loan program administered pursuant to Iowa Code section 476.46A as enacted by 2021 Iowa Acts, Senate File 619, section 33, and this chapter.

“Project” means an activity or set of activities directly related to energy infrastructure, and proposed in an application by a borrower, that will result in the accomplishment of the goals of the program.

[ARC 5994C, IAB 10/20/21, effective 9/30/21]

261—406.2(15,476) Policies and procedures handbook. The authority will prepare a policies and procedures handbook for the program for approval by the board. The board will review the policies and procedures handbook at least once annually and will establish its priorities for program funds. The policies and procedures shall include the amount of program funds to be allocated for each application cycle, scoring criteria to be used if the demand for loans exceeds the amount allocated for any application cycle, and the applicable interest rate or rates for approved loans. The policies and procedures handbook may include additional limitations and expectations for specific eligible project types.

[ARC 5994C, IAB 10/20/21, effective 9/30/21]

261—406.3(15,476) Loan amounts and terms.

406.3(1) The minimum loan amount is \$50,000 per project.

406.3(2) The board shall not lend more than 75 percent of total project costs for any project type. For purposes of determining the amount the board may lend pursuant to this subrule, total project costs include eligible costs pursuant to subrule 406.6(1) as well as feasibility studies, engineering and final design, permitting and regulatory costs, or other costs determined by the board to be necessary to the development of energy infrastructure. The board may determine a higher percentage of funds that must be matched by the borrower that is applicable to specific project types as outlined in the policies and procedures approved pursuant to rule 261—406.2(15,476).

406.3(3) The board shall not issue a loan that exceeds the value of the collateral provided.

406.3(4) The board will accept security for a loan. The following forms of collateral will be accepted:

- a. Real property.
- b. Dedicated certificate of deposit.
- c. Irrevocable letter of credit.
- d. Corporate guarantee.

- e.* Utility revenue or reserve funds, if applicable.
- f.* Other forms of collateral if approved by the board, and only if the forms of collateral listed in paragraphs 406.3(4) “a” to “e” are inadequate.

406.3(5) The board may consider the borrower’s credit rating in determining what form of collateral is acceptable.

406.3(6) The duration of the loan shall not be more than 15 years. If applicable, the board may consider the projected payback date of the project in determining the duration of the loan.

406.3(7) The interest rate shall not exceed the Wall Street Journal prime rate as of the date of approval.

[ARC 5994C, IAB 10/20/21, effective 9/30/21]

261—406.4(15,476) Eligible and ineligible borrowers.

406.4(1) *Eligible borrowers.* Eligible borrowers include:

- a.* Businesses incorporated or organized in Iowa or authorized to do business in Iowa, including businesses operated as sole proprietorships with a registered trade name;
- b.* Rural electric cooperatives; and
- c.* Municipal utilities.

406.4(2) *Ineligible borrowers.* Ineligible borrowers include:

- a.* A business that is not located in or operating in Iowa. A business that will be located and operating in Iowa upon completion of an eligible project may be eligible.
- b.* An individual or an organization with a history of defaulted loans or compliance violations with other state programs or rules.
- c.* Regents institutions.
- d.* Community colleges.
- e.* State agencies.
- f.* Cities, except municipal utilities that are eligible borrowers pursuant to paragraph 406.4(1) “c.”
- g.* Counties.
- h.* School districts.
- i.* Nonprofit organizations.

[ARC 5994C, IAB 10/20/21, effective 9/30/21]

261—406.5(15,476) Eligible and ineligible projects.

406.5(1) A proposed project must meet the following criteria to be eligible for a loan under this program:

- a.* The project shall be located in Iowa or be for the primary use or benefit of Iowans. If any portion of the project is located outside of Iowa, the applicant bears the burden of demonstrating that the project as a whole will be for the primary use or benefit of Iowans.
- b.* The project shall develop energy infrastructure as defined in Iowa Code section 476.46A(3) “a” as enacted by 2021 Iowa Acts, Senate File 619, section 33.
- c.* The borrower shall be the owner, contract purchaser, lessee, or other interest holder of the real property where the project is located.

406.5(2) A project that generates energy for use only at a borrower’s personal residence is not an eligible project.

[ARC 5994C, IAB 10/20/21, effective 9/30/21]

261—406.6(15,476) Eligible and ineligible costs.

406.6(1) *Eligible costs.* Examples of project costs that are eligible for financial assistance include, but are not limited to:

- a.* Real and personal property comprising a project.
- b.* Materials and equipment required for necessary site preparation, construction and installation of a project.
- c.* Labor for site preparation, construction and installation of a project.
- d.* Costs associated with maintenance, operation or repair of a project during the term of the loan.

406.6(2) *Ineligible costs.* Examples of project costs that are not eligible for financial assistance include, but are not limited to:

- a.* Administrative costs or employee salaries of the borrower or any affiliates that are not associated with site preparation, construction and installation of a project.
- b.* Costs incurred prior to the committee's recommendation to approve a loan. Costs incurred prior to the committee's recommendation may be eligible for assistance if the borrower demonstrates the necessity to begin incurring costs sooner.
- c.* Feasibility studies.
- d.* Engineering and final design.
- e.* Permitting or regulatory costs.
- f.* Other costs that the board determines to be ineligible.

[ARC 5994C, IAB 10/20/21, effective 9/30/21]

261—406.7(15,476) Application process.

406.7(1) Application forms shall be available at iowagrants.gov.

406.7(2) Applications will be accepted only during the established application periods identified by the authority on its Internet site at www.iowaeda.com.

406.7(3) Authority staff will review applications for completeness, eligibility, and whether the proposed project meets the financial and technical requirements of the Iowa energy center. The authority or board may engage outside reviewers to complete technical, financial, or other reviews of applications beyond the expertise of the board and authority staff.

406.7(4) Authority staff will recommend applications to the loan committee established by the board. The Iowa energy center may request additional information from applicants to process each loan application. The loan committee will review the applications and staff recommendations and then make recommendations to the board. The board will approve, defer, or deny applications for loans. Authority staff may negotiate the amount, terms, and other conditions of each loan before an award is approved.

406.7(5) The board will accept loan applications on a rolling basis. The board will make funding decisions at least once each quarter.

[ARC 5994C, IAB 10/20/21, effective 9/30/21]

261—406.8(15,476) Administration.

406.8(1) *Notice of approval or denial.* The authority will notify applicants in writing of the board's approval or denial of an application. If the application is approved, the notice will include any conditions and terms of the loan.

406.8(2) *Contract.* After notifying the borrower of an award, the authority will offer a contract to the borrower. The contract shall be between the Iowa energy center and the borrower. An award shall not constitute a binding contract.

406.8(3) *Transmittal.* The borrower must execute and return the contract to the authority within 90 days of the transmittal of the final contract from the authority. Failure to do so may be cause for the board to terminate the award.

406.8(4) *Disbursement of funds.* Borrowers shall submit requests for disbursement of funds on the forms provided by the authority.

406.8(5) *Amendment.* Any substantive change to the scope of work for a project or request to renegotiate loan terms shall require an amendment to the contract. The board may consider requests for loan forgiveness if the borrower demonstrates forgiveness is necessary to avoid a negative material impact on the project or potential default. The borrower shall request amendments in writing. No amendment shall be valid until approved by the board. The authority may execute nonsubstantive or ministerial changes to the contract without board approval.

406.8(6) *Closeout.* Upon contract expiration or project completion, the authority shall initiate project closeout procedures.

406.8(7) *Record keeping and retention.* Borrowers shall retain all financial records, supporting documents and all other records pertinent to the loan for three years after the contract is closed or the loan is put in default and is not cured.

406.8(8) Reporting and compliance. The borrower shall complete all reports required by the contract executed pursuant to subrule 406.8(2). The authority reserves the right to conduct site visits of all awarded projects to ensure the projects were built as proposed and to provide verification of ongoing operation. The authority will monitor all loans to ensure that loan proceeds have been spent as identified in the contract and that all other sources of financing have been committed to the project.

406.8(9) Default.

a. At any time during the project or the repayment of the loan, the authority may find that a borrower is in default under the terms of the loan contract. The authority will take prompt, appropriate, and aggressive debt collection action to recover any funds misspent by borrowers.

b. If the authority determines that a borrower is in default, the authority may seek recovery of the loan plus interest or other penalties, negotiate alternative payment schedules, suspend or discontinue collection efforts and take other action as the authority deems necessary.

c. The authority shall attempt to collect the amount owed. Any negotiated settlement, write-off, or discontinuance of collection efforts is subject to final review by and approval of the board.

d. If the authority refers a defaulted contract to outside counsel for debt collection, then the terms of the contract between the authority and the outside counsel regarding the scope of counsel's authorization to accept settlements shall apply.

CHAPTER 4
WAIVER RULES
[Prior to 9/17/03, see 705—Ch 5]

531—4.1(99G) Waiver of rules. These rules outline a uniform process for the granting of waivers from rules adopted by the Iowa lottery authority.
[ARC 5991C, IAB 10/20/21, effective 11/24/21]

531—4.2(99G) Definition. For purposes of this chapter, “a waiver” means action by the lottery authority board that suspends in whole or in part the requirements or provisions of a rule as applied to an identified person on the basis of the particular circumstances of that person.
[ARC 5991C, IAB 10/20/21, effective 11/24/21]

531—4.3(99G) Scope of chapter. This chapter outlines generally applicable standards and a uniform process for the granting of individual waivers from rules adopted by the lottery authority board in situations where no other more specifically applicable law provides for waivers. To the extent another more specific provision of law governs the issuance of a waiver from a particular rule, the more specific provision shall supersede this chapter with respect to any waiver from that rule.

531—4.4(99G) Applicability of chapter. The lottery authority board may grant a waiver from a rule only if the board has jurisdiction over the rule and the requested waiver is consistent with applicable statutes, constitutional provisions, or other provisions of law. The board may not waive requirements created or imposed by statute.

531—4.5(99G) Criteria for waiver. In response to a petition completed pursuant to rule 531—5.6(17A), the board may in its sole discretion issue an order waiving in whole or in part the requirements of a rule if the board finds, based on clear and convincing evidence, all of the following:

1. The application of the rule would impose an undue hardship on the person for whom the waiver is requested;
2. The waiver from the requirements of the rule in the specific case would not prejudice the substantial legal rights of any person;
3. The provisions of the rule subject to the petition for a waiver are not specifically mandated by statute or another provision of law; and
4. Substantially equivalent protection of public health, safety and welfare will be afforded by a means other than that prescribed in the particular rule for which the waiver is requested.

[ARC 5991C, IAB 10/20/21, effective 11/24/21]

531—4.6(99G) Filing of petition. A petition for a waiver must be submitted in writing to the board, as follows:

4.6(1) License application. If the petition relates to a license application, the petition shall be made in accordance with the filing requirements for the license in question.

4.6(2) Contested cases. If the petition relates to a pending contested case, the petition shall be filed in the contested case proceeding, using the caption of the contested case.

4.6(3) Other. If the petition does not relate to a license application or a pending contested case, the petition may be submitted to the board’s executive secretary.

531—4.7(99G) Content of petition. A petition for waiver shall include the following information where applicable and known to the requester:

1. The name, address, and telephone number of the person or entity for which a waiver is being requested and the case number of any related contested case;
2. A description and citation of the specific rule from which a waiver is requested;
3. The specific waiver requested, including the precise scope and duration;
4. The relevant facts that the petitioner believes would justify a waiver under each of the four criteria described in rule 531—4.5(99G). This statement shall include a signed statement from the

petitioner attesting to the accuracy of the facts provided in the petition and a statement of reasons that the petitioner believes will justify a waiver;

5. A history of any prior contacts between the board and the petitioner relating to the activity or license affected by the proposed waiver, including a description of each affected license held by the requester, any notices of violation, contested case hearings, or investigative reports relating to the activity or license within the last five years;

6. Any information known to the requester regarding the board's treatment of similar cases;

7. The name, address, and telephone number of any public agency or political subdivision which also regulates the activity in question, or which might be affected by the granting of a waiver;

8. The name, address, and telephone number of any person or entity that would be adversely affected by the granting of a petition;

9. The name, address, and telephone number of any person with knowledge of the relevant facts relating to the proposed waiver;

10. Signed releases of information authorizing persons with knowledge regarding the petition to furnish the board with information relevant to the waiver.

531—4.8(99G) Additional information. Prior to issuing an order granting or denying a waiver, the board may request additional information from the petitioner relative to the petition and surrounding circumstances. If the petition was not filed in a contested case, the board may, on its own motion or at the petitioner's request, schedule a telephonic or in-person meeting between the petitioner and a quorum of the board.

531—4.9(99G) Notice. The board shall acknowledge a petition upon receipt. The board shall ensure that notice of the pendency of the petition and a concise summary of its contents have been provided to all persons to whom notice is required by any provision of law within 30 days of the receipt of the petition. In addition, the board may give notice to other persons. To accomplish this notice provision, the board may require the petitioner to serve notice on all persons to whom notice is required by any provision of law and provide a written statement to the board attesting that notice has been provided.

531—4.10(99G) Hearing procedures. The provisions of Iowa Code sections 17A.10 to 17A.18A regarding contested case hearings shall apply to any petition for a waiver filed within a contested case and shall otherwise apply to agency proceedings for a waiver only when the board so provides by rule or order or is required to do so by statute.

531—4.11(99G) Ruling. An order granting or denying a waiver shall be in writing and shall contain a reference to the particular person and rule or portion thereof to which the order pertains, a statement of the relevant facts and reasons upon which the action is based, and a description of the precise scope and duration of the waiver if one is issued.

4.11(1) Board discretion. The final decision on whether the circumstances justify the granting of a waiver shall be made at the sole discretion of the board, upon consideration of all relevant factors. The board shall evaluate each fact based on the unique, individual circumstances set out in the petition for waiver.

4.11(2) Burden of persuasion. The burden of persuasion rests with the petitioner to demonstrate by clear and convincing evidence that the board should exercise its discretion to grant a waiver from a board rule.

4.11(3) Narrowly tailored exception. A waiver, if granted, shall provide the narrowest exception possible to the provisions of a rule.

4.11(4) Administrative deadlines. When the rule from which a waiver is sought establishes administrative deadlines, the board shall balance the special individual circumstances of the petitioner with the overall goal of uniform treatment of all similarly situated persons.

4.11(5) Conditions. The board may place any condition on a waiver that the board finds desirable to protect the public health, safety, and welfare.

4.11(6) *Time period of waiver.* A waiver shall not be permanent unless the petitioner can show that a temporary waiver would be impracticable. If a temporary waiver is granted, there is no automatic right to renewal. At the sole discretion of the board, a waiver may be renewed if the board finds that grounds for a waiver continue to exist.

4.11(7) *Time for ruling.* The board shall grant or deny a petition for a waiver as soon as practicable but, in any event, shall do so within 120 days of its receipt, unless the petitioner agrees to a later date. However, if a petition is filed in a contested case, the board shall grant or deny the petition no later than the time at which the final decision in that contested case is issued.

4.11(8) *When deemed denied.* Failure of the board to grant or deny a petition within the required time period shall be deemed a denial of that petition by the board. However, the board shall remain responsible for issuing an order denying a waiver.

4.11(9) *Service of order.* Within seven days of its issuance, any order issued under this chapter shall be transmitted to the petitioner or the person to whom the order pertains and to any other person entitled to such notice by any provision of law.

531—4.12(99G) Public availability. All orders granting or denying a waiver petition shall be indexed, filed, and available for public inspection as provided in Iowa Code section 17A.3. Petitions for a waiver and orders granting or denying waiver petitions are public records under Iowa Code chapter 22. Some petitions or orders may contain information the board is authorized or required to keep confidential. The board may accordingly redact confidential information from petitions or orders prior to public inspection.

531—4.13(99G) Submission of waiver information. Within 60 days of granting or denying a waiver, the board shall make a submission on the Internet site established pursuant to Iowa Code section 17A.9A for the submission of waiver information identifying the rules for which a waiver has been granted or denied, the number of times a waiver was granted or denied for each rule, a citation to the statutory provisions implemented by the rules, and a general summary of the reasons justifying the board's actions on waiver requests. If practicable, the report shall detail the extent to which the granting of a waiver has established a precedent for additional waivers and the extent to which the granting of a waiver has affected the general applicability of the rule itself.

[ARC 5991C, IAB 10/20/21, effective 11/24/21]

531—4.14(99G) Cancellation of a waiver. A waiver issued by the board pursuant to this chapter may be withdrawn, canceled, or modified if, after appropriate notice and hearing, the board issues an order finding any of the following:

1. The person who was the subject of the waiver order withheld or misrepresented material facts relevant to the propriety or desirability of the waiver; or
2. The substantially equivalent means for ensuring that the public health, safety and welfare will be adequately protected after issuance of the waiver order have been demonstrated to be insufficient; or
3. The subject of the waiver order has failed to comply with all conditions contained in the order.

531—4.15(99G) Violations. Violation of a condition in a waiver order shall be treated as a violation of the particular rule for which the waiver was granted. As a result, the recipient of a waiver under this chapter who violates a condition of the waiver may be subject to the same remedies or penalties as a person who violates the rule at issue.

531—4.16(99G) Defense. After the board issues an order granting a waiver, the order is a defense within its terms and the specific facts indicated therein for the person to whom the order pertains in any proceeding in which the rule in question is sought to be invoked.

531—4.17(99G) Judicial review. Judicial review of the board's decision to grant or deny a waiver petition may be taken in accordance with Iowa Code chapter 17A.

These rules are intended to implement Iowa Code chapters 17A and 99G and Executive Order Number 11.

CHAPTER 20
COMPUTERIZED GAMES—GENERAL RULES

[Prior to 10/12/94, see 705—Chapters 9, 10, 12, 13, 14, 15]

[Prior to 9/17/03, see 705—Ch 13]

531—20.1(99G) Authorization of computerized lottery games. The lottery authority board authorizes the sale of computerized games to be played in compliance with the criteria set forth in this chapter.

This rule is intended to implement Iowa Code Supplement section 99G.9(3).

531—20.2(99G) Computerized lottery definitions. For the purposes of interpreting this chapter, the following definitions are applicable unless the context requires a different meaning.

“*Central computer*” or “*central computer system*” is a computer system designated to control, monitor, and communicate with the terminals and to record the transactions processed by the terminals.

“*Drawing*” means that process that is used to randomly select a winning combination for the game plays.

“*Drawing machine*” means a computer or other device that determines the outcome of the process of selection of winning and losing tickets or shares in a lottery.

“*Easy pick*” means the random selection by the computer terminal of a valid play for the game that was selected.

“*Electronic ticket*” or “*e-ticket*” means a lottery ticket or share for which an electronic visual facsimile on a computer is available from the lottery.

“*Game*” shall mean any computerized game conducted by the lottery.

“*Game ticket*” or “*ticket*” means a ticket or share produced by a terminal or manufacturing process that is the tangible evidence to prove participation in a game.

“*Gaming machine*” means a drawing machine that upon winning dispenses coins, currency, or a ticket, credit, or token that is redeemable for cash or a prize.

“*Instant ticket vending machine*” or “*ITVM*” means a vending machine or self-service kiosk that dispenses printed paper lottery tickets, with or without a scratch-off area.

“*Lotto terminal*” means a vending machine that prints and dispenses tickets or shares that will be determined to be winning or losing tickets or shares either by a predetermined pool drawing machine or by a drawing machine at some time subsequent to the dispensing of the tickets or shares.

“*Monitor vending machine*” means a vending machine that dispenses or prints and dispenses lottery tickets or shares that have been determined to be winning or losing tickets or shares by a predetermined pool drawing machine prior to the dispensing of the tickets or shares.

“*On-line vending machine*” means a vending machine that prints and dispenses lottery tickets or shares that have been determined to be winning or losing tickets or shares by a predetermined pool drawing machine prior to the dispensing of the tickets or shares.

“*Panel*” or “*game panel*” means that area of a play slip that contains marked squares that may be played.

“*Play*” or “*game plays*” means the selection of an appropriate number of available variables that constitutes a valid entry in the game or the purchase of a ticket or share with a sequentially generated variable appearing on the face of the ticket or share that constitutes a valid entry in a pool exhaustion game.

“*Play slip*” means a card used by the player in marking a player’s game plays.

“*Pool exhaustion game*” means a game where a predetermined pool of plays is established.

“*Predetermined pool drawing machine*” means a computer or other device external to a lotto terminal, instant ticket vending machine, on-line vending machine, or monitor vending machine that predetermines winning and losing tickets or shares, assigns them to preprogrammed and prepackaged sequential electronic pool files and subsequently utilizes the files in production and distribution of electronic game cards and paper game tickets or shares produced in manufactured packs or through lotto terminals or vending machines.

“*Retailer*” means the person or entity licensed by the Iowa lottery to sell game plays.

“*Specific game rules*” means the rules promulgated by the lottery pursuant to Iowa Code Supplement section 99G.9(4) that contain the features of a particular computerized game or promotion.

“*Terminal*” means a device that is authorized by the lottery to function with a central computer system for the purpose of issuing, entering, receiving, and processing lottery transactions.

“*Vending machine*” means a lottery ticket or share dispensing machine either with a mechanical operating mechanism or with computer components that perform accounting functions and activate the ticket or share dispensing mechanism.

“*Winning numbers*” means the selection of an appropriate number of the variables, randomly selected at each drawing, which shall be used to determine winning plays contained on a game ticket or share.

This rule is intended to implement Iowa Code Supplement sections 99G.3 and 99G.9(3).
[ARC 2781C, IAB 10/26/16, effective 11/30/16]

531—20.3(99G) Method of play. If required by the specific game rules, a player must select an appropriate number of the available game variables. A player may select each game variable by marking a play slip and submitting the play slip to a retailer, by asking a retailer to manually enter the game variables, or by purchasing an “easy pick” ticket from a retailer. Players may also purchase game plays from player-activated terminals by use of a touch screen if player-activated terminals are available. A drawing is held in which an appropriate number of the game variables are drawn on a random basis.

This rule is intended to implement Iowa Code sections 99G.9(3) and 99G.21.
[ARC 5991C, IAB 10/20/21, effective 11/24/21]

531—20.4(99G) Cancellation by a player. A ticket or share may be canceled by returning the ticket or share to the selling retailer provided that the ticket or share is returned to the retailer the same day it was purchased in time to permit canceling to be fully completed prior to the closing time for that drawing. In the event that a ticket or share is canceled, the player will be entitled to a refund from the retailer equal to the purchase price of the ticket or share.

Cancellations will not be allowed in certain games as outlined in the specific game rules.

This rule is intended to implement Iowa Code Supplement sections 99G.9(3) and 99G.21.

531—20.5(99G) Prizes and odds. The amount of prizes and the odds of winning shall be set forth in the specific game rules. Specific game rules may allow alternative prize structures.

This rule is intended to implement Iowa Code Supplement sections 99G.9(3), 99G.21, and 99G.31.

531—20.6(99G) Payment of annuity jackpot prizes. The lottery may offer cash prizes, annuitized installment prizes, and prizes with cash or annuity payment options available to the winners. If the jackpot prize or share of the jackpot prize will be paid as an annuity, it will consist of the initial payment followed by such number of yearly installments as may be provided in the specific game rules for the game unless the cash value of the annuity prize attributable to a single play is less than \$100,000. If the cash value of the annuity prize attributable to a single play is under \$100,000, the lottery may elect to pay the cash value of the prize in one lump-sum prize payment. This rule does not apply to multistate or other multijurisdictional lottery games. Provision for payment of prizes for multistate and other multijurisdictional games shall be outlined in the specific game rules for such games.

This rule is intended to implement Iowa Code Supplement sections 99G.9(3), 99G.21, and 99G.31.

531—20.7(99G) Unclaimed prizes. Unclaimed jackpot prizes, shares of the jackpot prize, and other lotto prizes do not increase a prize simultaneously won by any other player in the game. Unclaimed jackpot shares shall be added to future jackpot prize pools at times determined by the lottery. Other unclaimed prizes shall be added to future prize pools for any lottery game. This rule shall also apply to such games offered in Iowa, except as may otherwise be provided in the specific game rules of a multistate lottery or other multijurisdictional lottery with which the Iowa lottery may be affiliated.

This rule is intended to implement Iowa Code Supplement sections 99G.9(3), 99G.21, and 99G.31.

531—20.8(99G) Disclosure of odds. The overall probability of purchasing a winning ticket or share shall be stated on the Iowa lottery's website and in the game literature made available by the lottery.

This rule is intended to implement Iowa Code Supplement sections 99G.9(3) and 99G.21.
[ARC 1954C, IAB 4/15/15, effective 5/20/15]

531—20.9(99G) Price. The price of a game play shall be outlined in the specific game rules.

This rule is intended to implement Iowa Code Supplement sections 99G.9(3) and 99G.21.

531—20.10(99G) Changes for special promotions. The lottery may alter the price of the tickets or shares, features, or prizes of the game or drawings to accommodate special promotions. Alterations made by the lottery shall be contained in the specific rules for the promotion.

This rule is intended to implement Iowa Code Supplement sections 99G.7, 99G.9(3), and 99G.21.

531—20.11(99G) Ticket or share ownership and prize entitlement.

20.11(1) A ticket or share is owned by its physical possessor until a signature is placed on the back of a ticket in the area designated for signature. When a signature is placed on the back of the ticket or share in the designated space, the person whose signature appears in the designated space is the owner of the ticket or share and is entitled to any prize attributable to the ticket or share.

20.11(2) Notwithstanding any name or names submitted on a claim form, the lottery shall make payment to the person whose signature appears on the back of the ticket or share in the designated space. If the signatures of more than one person appear in that space, the lottery shall make payment to the person identified on the winner's claim form to receive payment, which designation shall be made by all persons whose signatures appear on the reverse side of the ticket or share. In the event that all persons whose signatures appear in the appropriate space cannot identify one person to whom payment should be made, the lottery may withhold payment until the proper payee is determined. In no event shall more than one person be entitled to a particular prize.

This rule is intended to implement Iowa Code Supplement sections 99G.9(3), 99G.21, and 99G.31.

531—20.12(99G) Ticket validation requirements.

20.12(1) All claims for prizes are subject to validation by the lottery. To be a valid ticket or share and eligible to receive a prize, all of the following requirements must be satisfied.

a. The ticket or share must have been issued by the lottery directly or through a retailer, via a terminal, in an authorized manner.

b. The information on the ticket or share must correspond precisely with the lottery's computer record.

c. The ticket or share serial number must appear in its entirety, and correspond, using a computer validation file, to the winning game play or plays printed on the ticket or share.

d. A ticket or share shall be void unless the ticket or share is printed on a paper stock roll that was validly issued to and used, at the time of the play, by the retailer from whom the ticket or share was purchased.

e. The ticket or share must not be produced in error, counterfeit in whole or in part, altered, mutilated, unreadable, tampered with in any manner, incomplete, blank or partially blank, miscut, or defective.

f. The ticket or share must pass all other security criteria determined by the lottery.

g. The ticket or share must not be stolen.

h. The ticket or share must not be canceled.

i. The ticket or share must pass additional validation requirements that may be stated in the specific game rules.

20.12(2) In the event that a ticket or share fails to pass all of the validation criteria set forth in this rule and the specific game rules, it is invalid and ineligible for any prize. The lottery, in its sole discretion, may choose to pay a sum equal to the prize on an invalid ticket or share if the lottery can determine the prize that would have been won by the ticket or share by use of a symbol, code number, color code, or other mechanism. The lottery's decisions as to whether a ticket or share is invalid and whether a sum

equal to the prize on an invalid ticket or share will be paid are final. If the lottery determines that a ticket or share is not eligible to receive a prize or a sum equivalent to the prize amount, the lottery may replace the invalid ticket or share with a ticket or share of equivalent sale price from any current lottery game or refund the purchase price of the ticket or share. Replacement of the ticket or share, or refund of the purchase price, shall be the claimant's sole and exclusive remedy.

This rule is intended to implement Iowa Code Supplement sections 99G.9(3), 99G.21, and 99G.31.

531—20.13(99G) Claim period. All prizes for games not associated with another state's lottery must be claimed as directed within 90 calendar days of the drawing in which the prize was won, unless otherwise specified in the specific game rules for the game. All prizes for games associated with another state's lottery must be claimed as directed within the specific game rules. For purposes of determining the claim period, the drawing date shall not be counted. If a prize is claimed by mail, the lottery must actually receive the ticket or share and claim form within the claim period. Any prize not properly claimed within the specified period shall be forfeited. The claim period for a game may be altered by the lottery in the specific game rules.

This rule is intended to implement Iowa Code Supplement sections 99G.9(3), 99G.21, and 99G.31.

531—20.14(99G) Manner of claiming prizes.

20.14(1) To receive payment for a prize or prizes on any single game ticket or share that total \$600 or less, the winner may take the signed ticket or share directly to any lottery retailer authorized to sell and validate the game, or to any lottery office, or mail the signed ticket or share, along with a completed claim form, to Iowa Lottery Authority, 13001 University Avenue, Clive, Iowa 50325-8225.

If there is any alteration, mutilation, tear, or other ambiguity on the ticket or share, the retailer is not authorized to make direct payment of a prize and a claim form and the ticket or share must be submitted to the lottery.

20.14(2) To receive payment for a prize or prizes on any single game ticket or share that total more than \$600, the winner may submit the signed ticket or share and a completed claim form directly to any lottery office. The winner may also mail the signed ticket or share and claim form to Iowa Lottery Authority, 13001 University Avenue, Clive, Iowa 50325-8225.

20.14(3) Claim forms are available at all computerized lottery retailers and lottery offices. The lottery or, at the lottery's direction, a lottery retailer may require the person claiming a prize of any amount to fill out a claim form.

20.14(4) If a prize is claimed by mail, the ticket or share and the claim form must actually be received by the lottery within the claim period.

This rule is intended to implement Iowa Code Supplement sections 99G.9(3), 99G.21, and 99G.31. [ARC 1954C, IAB 4/15/15, effective 5/20/15]

531—20.15(99G) Presentation of ticket. No prize payments shall be made unless the player submits a valid, uncanceled ticket or share. A play slip has no pecuniary or prize value and is not evidence of ticket purchase or of numbers selected.

This rule is intended to implement Iowa Code Supplement sections 99G.9(3), 99G.21, and 99G.31.

531—20.16(99G) One prize per game play. The holder of a winning ticket or share may win only one prize per game play in connection with the winning numbers drawn and shall be entitled only to the prize won by those numbers in the highest matching prize category.

This rule is intended to implement Iowa Code Supplement sections 99G.9(3), 99G.21, and 99G.31.

531—20.17(99G) Corrections. The lottery reserves the right to correct and adjust, up or down, the amount of any prize or prizes, whether all or part of the prize or prizes has been paid, if it is determined that one or more players are entitled to a portion of a prize and were not included in the prize calculations or were included in the prize calculations by mistake.

This rule is intended to implement Iowa Code Supplement sections 99G.9(3), 99G.21, and 99G.31.

531—20.18(99G) Risk of error. The placing of plays is done at the player's own risk. It is solely the player's responsibility to verify the accuracy of game plays and all other data printed on the ticket. In the event of any error, the player's only remedy is cancellation of the ticket or share according to the procedure specified in this chapter. The lottery and lottery retailers have no other responsibility for tickets or shares printed in error.

This rule is intended to implement Iowa Code Supplement sections 99G.9(3), 99G.21, and 99G.31.

531—20.19(99G) Multidraw plays and advance plays. Multidraw plays and advance plays may be available.

This rule is intended to implement Iowa Code Supplement sections 99G.9(3) and 99G.21.

531—20.20(99G) Drawings. Drawings will be held as specified in the game rules.

This rule is intended to implement Iowa Code Supplement sections 99G.9(3) and 99G.21.

531—20.21(99G) Cancellation or delay of play. The lottery reserves the right to cancel or delay drawings or ticket or share sales in the event of technical difficulties, and on days of special importance or on days the drawings would be impractical or inappropriate.

This rule is intended to implement Iowa Code Supplement sections 99G.9(3) and 99G.21.

531—20.22(99G) Pool exhaustion game—method of play.

20.22(1) Players may purchase tickets or shares for a specific game. Each ticket or share sold for a pool exhaustion game will be generated separately. Tickets or shares shall be sold against the pool until the pool of plays is exhausted or until the game ends in accordance with the specific game rules.

20.22(2) Each ticket or share will bear a sequentially generated variable on the face of the ticket or share.

20.22(3) Drawings for the prizes for a specific game shall randomly select a winner or winners from the tickets or shares actually sold. The drawing method shall be described in the specific game rules.

20.22(4) Prizes shall be awarded as specified in the specific game rules.

This rule is intended to implement Iowa Code Supplement sections 99G.9(3) and 99G.21.

531—20.23(99G) Prize insurance fund.

20.23(1) The lottery may provide that up to 10 percent of the funds designated for the jackpot prize level in the prize structure of the specific game rules for a game or that any prize funding not awarded by the conclusion of the relevant claim period for a fixed-prize game shall be transferred to a prize insurance fund.

20.23(2) The prize insurance fund may be used for any of the following purposes:

a. To pay prizes for any on-line game prize obligation if the amount available to fund an on-line game prize is insufficient;

b. To support a special promotion to retire an on-line game, e.g., a television show or a second chance drawing;

c. To transfer amounts to a successor game to pay prize obligations for a different on-line game.

This rule is intended to implement Iowa Code Supplement sections 99G.9(3) and 99G.21.

CHAPTER 81
OPERATOR CERTIFICATION: PUBLIC WATER SUPPLY SYSTEMS
AND WASTEWATER TREATMENT SYSTEMS

[Prior to 7/1/83, DEQ Ch 21]

[Prior to 12/3/86, Water, Air and Waste Management[900]]

567—81.1(455B) Definitions. In addition to the definitions in Iowa Code section 455B.211, the following definitions shall apply to this chapter.

“Activated sludge” means a biological wastewater treatment process in which a mixture of wastewater and sludge floc, produced in a raw or settled wastewater by the growth of microorganisms, is agitated and aerated in the presence of a sufficient concentration of dissolved oxygen, followed by sedimentation.

“Aerated lagoon system” means a lagoon system which utilizes aeration to enhance oxygen transfer and mixing in the cell.

“Aeration” means the process of initiating contact between air and water. This definition includes but is not limited to: spraying the water in the air, bubbling air through the water, or forcing the air into the water by pressure.

“Average daily pumpage” means the total quantity of water pumped during the most recent one-year period of record divided by 365 days.

“Chlorination” means the addition of a chlorine compound or chlorine gas to water to inactivate pathogenic organisms.

“Classification” means the type of plant or distribution system: wastewater treatment plants, water treatment plants, or water distribution systems.

“Coagulation” means a process using coagulation chemicals and mixing by which colloidal and suspended materials are destabilized and agglomerated into flocs.

“Community water system (CWS)” means a public water supply system which has at least 15 service connections used by year-round residents or regularly serves at least 25 year-round residents.

“Continuing education unit (CEU)” means ten contact hours of participation in an organized education experience approved by an accredited college, university, technical institute, or issuing agency, or by the department, and must be directly related to the subject matter of the particular certificate to which the credit is being applied.

“Directly related post-high school education” means post-high school education in chemistry, microbiology, biology, math, engineering, water, wastewater, or other curriculum pertaining to plant and distribution system operation.

“Director” means the director of the department of natural resources or a designee.

“Direct responsible charge (DRC)” means, where shift operation is not required, accountability for and performance of active, daily on-site operation of the plant or distribution system, or of a major segment of the plant or distribution system. Where shift operation is required, “direct responsible charge” means accountability for and performance of active, daily on-site operation of an operating shift, or a major segment of the plant or distribution system. A city manager, superintendent of public works, city clerk, council member, business manager, or other administrative official shall not be deemed to have direct responsible charge of a plant or distribution system unless this person’s duties include the active, daily on-site operation of the plant or distribution system. On-site operation may not necessarily mean full-time attendance at the plant or distribution system.

“Direct surface water filtration” means a water treatment system that applies surface water and groundwater under the influence (influenced groundwater as defined in rule 567—40.2(455B)) directly to the filters after chemical treatment consisting of coagulation and flocculation or chemical treatment consisting of coagulation. This type of system eliminates the sedimentation unit process.

“Disinfection” means a process which inactivates pathogenic organisms in water by chemical oxidants or equivalent agents.

“Electrodialysis” means the demineralization of water by the removal of ions through special membranes under the influence of a direct-current electric field.

“Fixed film biological treatment” means a treatment process in which wastewater is passed over a media onto which are attached biological organisms capable of oxidizing the organic matter, normally followed by sedimentation. This definition includes but is not limited to: trickling filters, rotating biological contactors, packed towers and activated filters.

“Fluoridation” means the addition of fluoride to produce the optimum fluoride concentration in water.

“Grade” means one of seven certification levels, designated as A, I, IL, II, IIL, III, or IV.

“Ion exchange” means the process of using ion exchange materials such as resin or zeolites to remove undesirable ions from water and substituting acceptable ions, for example, ion exchange for nitrate removal or ion exchange for softening.

“Issuing agency” means a professional, technical/educational organization authorized by the department to provide continuing education for certification renewal or upgrade in accordance with the commitments and guidelines detailed in the written issuing agency agreement and procedures.

“Military service” means honorably serving on federal active duty, state active duty, or national guard duty, as defined in Iowa Code section 29A.1; in the military services of other states, as provided in 10 U.S.C. Section 101(c); or in the organized reserves of the United States, as provided in 10 U.S.C. Section 10101.

“Military service applicant” means an individual requesting credit toward certification for military education, training, or service obtained or completed in military service.

“Nontransient noncommunity water system (NTNC)” means a public water system other than a community water system which regularly serves at least 25 of the same persons four hours or more per day for four or more days per week for 26 or more weeks per year.

“Operating shift” means a specified period of time when an operator is present to conduct testing or evaluation to control operations of the plant or distribution system, to make process control changes, and to be responsible for the repair or maintenance of a plant or distribution system. An operating shift may include on-call shifts.

“Operator-in-charge” means a person or persons on site in direct responsible charge for a plant or distribution system. A city manager, superintendent of public works, city clerk, council member, business manager, or other administrative official shall not be deemed to be the operator-in-charge of a plant or distribution system unless this person’s duties include the active, daily on-site operation of the plant or distribution system. On-site operation may not necessarily mean full-time attendance at the plant or distribution system.

“Plant” means those facilities which are identified as either a water treatment plant, defined as that portion of the water supply system which in some way alters the physical, chemical, or bacteriological quality of the water, or a wastewater treatment plant, defined as the facility or group of units used for the treatment of wastewater from public sewer systems and for the reduction and handling of solids removed from such wastes.

“Population equivalent” for a wastewater treatment plant means the calculated number of people who would contribute the same biochemical oxygen demand (BOD) per day as the system in question, assuming that each person contributes 0.167 pounds of five-day, 20°C, BOD per day.

“Post-high school education” means credit received for completion of courses given or cosponsored by an accredited college, university, technical institute, or issuing agency. Courses offered by regulatory agencies may also be recognized as post-high school education. One year of post-high school education is 30 semester hours or 45 quarter hours or 45 CEUs of credit.

“Primary treatment” means a treatment process designed to remove organic and inorganic settleable solids from wastewater by the physical process of sedimentation.

“Public water system certificate” means a certificate issued by the department certifying that an operator has successfully completed the certification requirements of this chapter. The certificate specifies the grades and classifications for which the certificate is valid.

“Reverse osmosis” means the process in which external pressure is applied to mineralized water against a semipermeable membrane to effectively reduce total dissolved solids (TDS) and radionuclides content as the water is forced through the membrane.

“*Rural water district*” means a water supply incorporated and organized as such pursuant to Iowa Code chapter 357, 357A or 358.

“*Shift operator*” means the operator on site who has responsibility for making process control changes and adjustments to the operation, repair, and maintenance of a plant or distribution system during any operating shift. Duties include testing or evaluation to control operations of the plant or distribution system.

“*Stabilization*” means the addition of chemical compounds to water to maintain an ionic equilibrium whereby the water is not in a depository or corrosive state.

“*Veteran*” means an individual who meets the definition of “veteran” in Iowa Code section 35.1(2).

“*Waste stabilization lagoon*” means an excavation designed and constructed to receive raw or pretreated wastewater in which stabilization is accomplished by several natural self-purification processes. This definition includes both anaerobic and aerobic lagoons.

“*Wastewater treatment plant*” means the facility or group of units used for the treatment of wastewater from public sewer systems and for the reduction and handling of solids removed from such wastes.

“*Water distribution system*” means that portion of the water supply system in which water is conveyed from the water treatment plant or other supply point to the premises of the consumer, including storage facilities and pumping stations. For the purposes of this chapter, a water distribution system does not include individual service lines to the premises of the consumer, which are not under the control of the system.

“*Water supply system*” means the system of pipes, structures, and facilities through which water for a public water supply is obtained, treated, sold or distributed for human consumption or household use.

“*Water treatment plant*” means that portion of the water supply system which in some way alters the physical, chemical, or microbiological quality of the water.

[ARC 1911C, IAB 3/18/15, effective 4/22/15; ARC 3735C, IAB 4/11/18, effective 5/16/18]

567—81.2(455B) General.

81.2(1) *Plant grade for system with multiple treatment processes.* A plant having a combination of treatment processes that are in different grades shall be assigned the highest numerical plant grade of that combination.

81.2(2) *Increase in facility grade for complex systems.* The director may increase a plant or water distribution system grade above that indicated in rules 567—81.3(455B) to 567—81.6(455B) for those systems which in the judgment of the director include unusually complex treatment processes, complex distribution systems, or which present unusual operation or maintenance conditions.

81.2(3) *Operator-in-charge certification requirement.* The operator-in-charge shall hold a certificate of the same classification of the plant or water distribution system and of equal or higher grade than the grade designated for that plant or distribution system.

81.2(4) *Shift operator certification.* Any person who is responsible for the operation of an operating shift of a plant or distribution system or major segment of the plant or distribution system and is under the supervision of the operator-in-charge identified in 81.2(3) shall be certified in a grade no less than a Grade II level for Grade III and IV plants and distribution systems and Grade I for Grade I and II plants and distribution systems.

81.2(5) *Public water system certificate requirement.* The operator who is designated by the owner to be the operator-in-charge of both the water treatment plant and the water distribution system shall hold a public water system (PWS) certificate valid for water treatment and water distribution in accordance with 81.2(3) and 81.2(6).

81.2(6) *PWS certificate.* A PWS certificate shall be issued to an operator successfully completing water treatment or water distribution certification. The PWS certificate shall specify the grade and classification for which the certificate is valid. An operator successfully completing both water treatment and water distribution certification shall be issued a PWS certificate valid for both classifications. For purposes of renewal, all renewal fees and CEU requirements shall be applied as one certification. The

number of CEUs required shall be determined by the highest certification grade on the operator's public water system certificate.

81.2(7) PWS certificate issuance. Rescinded IAB 1/7/04, effective 2/11/04.

81.2(8) Notification requirements for a personnel change in the operator-in-charge. The owner of a plant or distribution system must notify the department of a change in operator(s)-in-charge within 30 days after the change.

81.2(9) Change of address or employment. Certified operators must report to the department a change in address or employment within 30 days after the change.

81.2(10) Owner reporting requirements. All owners of plants and distribution systems must report, when requested by the department, the method of treatment provided, the average daily pumpage, and the operator(s)-in-charge.

81.2(11) Compliance plan. When the director allows the owner of a plant or distribution system required to have a certified operator time to obtain an operator, the owner must submit a compliance plan indicating what action will be taken to obtain a certified operator. The plan must be on Form 52, Compliance Plan 542-3120, provided by the department and must be submitted within 30 days of the facility owner's receipt of a notice of violation.

567—81.3(455B) Wastewater treatment plant grades.

81.3(1) Classifications. The wastewater treatment plant classifications are listed in the following table:

Wastewater Treatment Plant Classifications

Treatment Type	Grade				
	Based on Design Pounds of BOD ₅ /day				
	less than 334	334-835	836-2,505	2,506-8,350	more than 8,350
	Based on Design Population Equivalent				
	less than 2,000	2,000-5,000	5,001- 15,000	15,001- 50,000	more than 50,000
1. Primary Treatment	I	I	II	III	IV
2. Waste Stabilization Lagoon	IL	IL	IL	IL	IL
3. Aerated Lagoon System	IL	IL	III	III	III
4. Fixed Film Biological Treatment	II	II	III	III	IV
5. Activated Sludge	II	III	III	IV	IV

81.3(2) Unknown design BOD₅ loading. When the design BOD₅ loading is unknown, the plant BOD₅ loading shall be determined by using the average pounds of BOD₅ of the 24-hour composite samples taken in the last 12 months. If no 24-hour composite samples were taken, then grab samples shall be used.

81.3(3) IL and IIL wastewater operator requirements. A Grade I, II, III, or IV wastewater treatment certificate will satisfy the certification requirements for a Grade IL plant. A Grade II, III, or IV wastewater treatment certificate will satisfy the certification requirements for a Grade IIL plant.

567—81.4(455B) Water treatment plant grades.

81.4(1) Classifications. The water treatment plant classifications are listed in the following table:

Water Treatment Plant Classifications

Treatment Type	Grade*			
	Average Daily Pumpage in MGD			
	0-0.1	>0.1-0.5	>0.5-1.5	>1.5
1. Iron or manganese removal; aeration; chlorination; fluoridation; stabilization; any other chemical addition; or any combination of these processes	I	II	II	III
2. Ion exchange	II	II	III	III
3. Direct surface water filtration	II	II	III	III
4. Utilization of lime, soda ash or other chemical addition for pH adjustment in the precipitation and coagulation of iron or manganese	II	II	III	III
5. Complete surface water clarification or lime softening of surface water or groundwater	III	III	III	IV
6. Reverse osmosis and electro dialysis	II	II	III	IV
7. Activated carbon for THM or synthetic organics removal	III	III	III	IV

*For Grade A water supply classification, see subrule 81.6(1).

81.4(2) Average daily pumpage. When the average daily pumpage is unknown, the plant grade will be determined from the population of the most recent census and an evaluation of commercial, industrial, and other users.

567—81.5(455B) Water distribution system grades.

81.5(1) Classifications. The water distribution plant classifications are listed in the following table:

Water Distribution System Classifications*

System Type	Grade**			
	Average Daily Pumpage in MGD			
	0-0.1	>0.1-1.5	>1.5-5	>5
All municipal water systems	I	II	III	IV
Community water systems not classified as a Grade A water system	I	II	III	IV
Nontransient noncommunity water systems not classified as a Grade A water system	I	II	III	IV
Rural water districts	Miles of Pipe			
	0-100	>100-1,000	>1,000-2,500	>2,500
	II	II	III	IV

*Note: A public water system with a well, storage, and a distribution system shall be classified as a water distribution system if no treatment is provided.

**For Grade A water system classification, see subrule 81.6(1).

81.5(2) Average daily pumpage. When the average daily pumpage is unknown, the system grade will be determined from the population of the most recent census and an evaluation of commercial, industrial, and other users.

81.5(3) IR certificate holders. Rescinded IAB 1/7/04, effective 2/11/04.

567—81.6(455B) Grade A classification.

81.6(1) Grade A water system classification.

a. *Community water system.* A community water system, other than a municipal or rural water system, which serves a population of 250 persons or less and provides no treatment other than

hypochlorination or treatment which does not require any chemical addition, process adjustment, backwashing or media regeneration by an operator shall be classified as a Grade A water system.

b. Nontransient noncommunity water system. A nontransient noncommunity water system which serves a population of 500 persons or less and provides no treatment other than hypochlorination or treatment which does not require any chemical addition, process adjustment, backwashing or media regeneration by an operator shall be classified as a Grade A water system.

c. Transient noncommunity water system. A transient noncommunity water system which serves a population of 500 or fewer persons and provides no treatment other than hypochlorination or treatment which does not require any chemical addition, process adjustment, backwashing or media regeneration by an operator shall be classified as a Grade A water system.

81.6(2) Certification requirements for Grade A water systems. Any grade of water treatment certification will satisfy the certification requirements for a Grade A water system with hypochlorination. Any grade of water distribution certification will satisfy the certification requirements for a Grade A water system without hypochlorination.

567—81.7(455B) Operator education and experience qualifications.

81.7(1) Education and experience requirements. All applicants shall meet the education and experience requirements for the grade of certificate shown in the table below prior to being allowed to take the examination. Experience shall be in the same classification for which the applicant is applying except that partial credit may be given in accordance with 81.7(2) and 81.7(3). Directly related post-high school education shall be in the same subject matter as the classification in which the applicant is applying. The director will determine which courses qualify as “directly related” in cases which are not clearly defined. A military service applicant may apply for credit for verified military education, training, or service toward any education or experience requirement for certification, pursuant to subrule 81.7(4).

Operator Education and Experience Qualifications

Grade	Education	Substitution for Education	Experience	Substitution for Experience
A	High school diploma or GED	None	Completion of an IDNR-approved training course	None
I	High school diploma or GED	None	1 year	See 81.7(3) “b”(1), (3) to (5)
IL	High school diploma or GED	None	1 year	See 81.7(3) “b”(1), (3) to (5)
II	High school diploma or GED	None	3 years	See 81.7(3) “b”(2) to (5)
III	High school diploma or GED	None	3 years	See 81.7(3) “b”(2) to (5)
III	High school diploma or GED and 2 years of post-high school education (1 year must be directly related)	See 81.7(3) “a”(1), (3)	4 years of experience in a Grade I or higher	See 81.7(3) “b”(2), (3)
IV	High school diploma or GED and 4 years of post-high school education (2 years must be directly related)	See 81.7(3) “a”(2), (3)	4 years of experience including 2 years of DRC in a Grade III or higher	See 81.7(3) “b”(2), (3) and 81.7(3) “c”

81.7(2) Related work experience. The following substitutions of related work experience for operating experience requirements may be accepted by the director.

a. Laboratory personnel. Laboratory personnel employed in water or wastewater treatment plants may be allowed 50 percent credit for work experience toward meeting the operating experience requirements for Grades I and II certification only. Laboratory experience must be in the same classification for which the applicant is applying.

b. Oversight personnel. Personnel with experience in on-site operation review and evaluation of plants and distribution systems may be allowed 50 percent credit for on-site work experience toward meeting the operating experience requirements for Grades I and II certification only. On-site experience must be in the same classification for which the applicant is applying.

c. Maintenance personnel. Maintenance personnel employed in water or wastewater treatment plants may be allowed 50 percent credit for work experience toward meeting the operating experience requirements for Grades I and II certification only. Maintenance experience may be applied either to the water or to the wastewater experience requirements.

d. Certified operators.

(1) Certified water treatment operators may be allowed 50 percent credit for work experience toward meeting the operating experience requirements for Grades I and II wastewater treatment certification only.

(2) Certified wastewater treatment operators may be allowed 50 percent credit for work experience toward meeting the operating experience requirements for Grades I and II water treatment certification only.

(3) Certified water treatment operators may be allowed 50 percent credit for work experience toward meeting the operating experience requirements for Grades I and II water distribution certification only.

(4) Certified water distribution operators may be allowed 50 percent credit for work experience toward meeting the operating experience requirements for Grades I and II water treatment certification only.

e. Limitation. The portion of related work experience that is substituted for operating experience cannot also be used to substitute for education.

81.7(3) Experience and education substitutions. The following substitutions for experience or education may be accepted by the director.

a. Substitution of experience for education.

(1) One year of operating experience in a Grade II or higher position may be substituted for one year of post-high school education for Grade III certification up to one-half of the post-high school education requirement.

(2) One year of operating experience in a Grade III or higher position may be substituted for one year of post-high school education for Grade IV certification up to one-half of the post-high school education requirement.

(3) Two years of direct responsible charge experience in a Grade III or higher position may be substituted for one year of directly related post-high school education for Grade IV certification up to three-fourths of the post-high school education requirement.

(4) That portion of experience which is applied toward substitution for education cannot also be used for experience.

b. Substitutions of education for experience.

(1) Two semester hours or three quarter hours or three CEUs of directly related post-high school education may be substituted for one-half the experience requirement for Grades I and II.

(2) Thirty semester hours or 45 quarter hours or 45 CEUs of post-high school education may be substituted for one year of experience up to a maximum of one-half the experience requirement for Grades II, III, III and IV.

(3) That portion of education which is applied toward substitution for experience cannot also be used for education.

(4) Class hours involving closely supervised on-the-job type training in a pilot or full-scale facility where there are clearly defined educational objectives may be applied to the on-the-job experience requirement. The substitution value of such training shall be applicable only toward obtaining a Grade I and Grade II certification and shall not exceed one-half year of on-the-job experience. One hour of on-the-job training is equivalent to three hours of on-the-job experience. One month of on-the-job training consists of 20 eight-hour days. Credit for on-the-job training may be applied only to the examination for the type of system in which the experience was obtained.

(5) That portion of on-the-job training courses which is applied toward substitution for the on-the-job experience requirement cannot also be used for education.

c. Substitution of education for direct responsible charge experience. Thirty semester hours or 45 quarter hours or 45 CEUs of directly related post-high school education may be substituted for one year of direct responsible charge experience up to one-half the requirement for Grade IV certification.

81.7(4) Military education, training, and service credit.

a. The applicant shall identify the experience or education certification requirements for which the credit is requested.

b. As part of the examination application pursuant to subrule 81.9(1), the applicant shall provide documents, military transcripts, a certified affidavit, or forms that verify completion of the relevant military education, training, or service, which may include, when applicable, the applicant's Certificate of Release or Discharge from Active Duty (DD Form 214) or Verification of Military Experience and Training (VMET) (DD Form 2586).

567—81.8(455B) Certification and examination fees.

81.8(1) Examination fee. The examination fee for each examination shall be \$30.

81.8(2) Oral examination fee. Rescinded IAB 4/11/18, effective 5/16/18.

81.8(3) Reciprocity application fee. The reciprocity application fee for each type of classification shall be \$30.

81.8(4) Certification fee. The certification fee shall be \$20 for each one-half year of a two-year period from the date of issuance to June 30 of odd-numbered years.

81.8(5) Renewal fee. The certification renewal fee shall be \$60.

81.8(6) Penalty fee. The certification and renewal penalty fee shall be \$18.

81.8(7) Duplicate certificate fee. The duplicate certificate fee shall be \$20.

81.8(8) Temporary certificate fee. The temporary certificate fee shall be \$60.

81.8(9) Fee adjustments. The department may adjust the fees annually by up to plus or minus 20 percent to cover costs of administering and enforcing these rules and reimbursement for other expenses relating to operator certification. The environmental protection commission must approve any fee increases above those listed in 81.8(1) through 81.8(8). All fees collected shall be retained by the department for administration of the operator certification program.

[ARC 3735C, IAB 4/11/18, effective 5/16/18]

567—81.9(455B) Examinations.

81.9(1) Examination application. All persons wishing to take the examination required to become a certified operator of a wastewater or water treatment plant or a water distribution system shall complete the Operator Certification Examination Application, Form CFN-542-3118/CPG-63997. A listing of dates and locations of examinations is available from the department upon request. The application form requires the applicant to indicate educational background, training and past experience in water or wastewater operation. The completed application and examination fee shall be sent to Iowa Department of Natural Resources, Water Supply Section, 502 East Ninth Street, Des Moines, Iowa 50319-0034. The completed application and examination fee must be received by the department at least 30 days prior to the date of examination.

81.9(2) Application evaluation. The director shall designate department personnel to evaluate all applications for examination, certification, and renewal of certification and upgrading of certification. After evaluation of the application, the department will issue the applicant either a letter of examination

eligibility or a letter of examination noneligibility that includes a description of the education or experience requirements that have not been met. The director will review applications when it is indicated that the applicant has falsified information or when questions arise concerning an applicant's qualifications of eligibility for examination or certification.

81.9(3) *Application expiration.* A properly completed application for examination shall be valid for one year from the date the application is approved by the department. An applicant may request only one class and grade of examination with each application. A new application shall be required with each different class or grade of examination desired by the applicant.

81.9(4) *Refund of examination fee.* An applicant who does not qualify for examination at the time of application will have the examination fee refunded if the applicant cannot qualify for examination within one year. If the applicant will qualify for a scheduled examination within one year, the applicant will be notified when the examination may be taken and the fee will not be refunded.

81.9(5) *Reexamination.* Upon failure of the first examination, the applicant may apply for reexamination. Upon failure of the second examination, the applicant shall be required to wait a period of at least 30 days between each subsequent examination.

81.9(6) *Reexamination fee.* Upon each reexamination when a valid application is on file, the applicant shall submit the examination fee to the department at least ten days prior to the date of examination.

81.9(7) *Application invalidation.* Failure to successfully complete the examination within one year from the date of approval of the application shall invalidate the application.

81.9(8) *Retention of completed examinations.* Rescinded IAB 1/7/04, effective 2/11/04.

81.9(9) *Oral examination.* Rescinded IAB 4/11/18, effective 5/16/18.

81.9(10) *Reasonable accommodation.* Upon request for certification by an applicant, the director will consider on an individual basis reasonable accommodation to allow administration of the examination without discrimination on the basis of disability. The applicant shall request the accommodation 30 days prior to the date of the examination. The applicant must provide documentation of eligibility for the accommodation. Documentation shall be submitted with the completed examination application.

[ARC 1911C, IAB 3/18/15, effective 4/22/15; ARC 3735C, IAB 4/11/18, effective 5/16/18]

567—81.10(455B) Certification by examination.

81.10(1) *Examination requirement.* All applicants not addressed for certification in 81.11(1) shall successfully complete and pass an examination prior to receiving certification.

81.10(2) *Certification application time line.* Application for certification must be received by the department within 30 days of the date the applicant receives notification of successful completion of the examination. All applications for certification shall be made on a form provided by the department and shall be accompanied by the certification fee.

81.10(3) *Late certification application.* Applications for certification by examination which are received more than 30 days but less than 60 days after notification of successful completion of the examination shall be accompanied by the certification fee and the penalty fee. Applicants who do not apply for certification within 60 days' notice of successful completion of the examination will not be certified on the basis of that examination.

567—81.11(455B) Certification by reciprocity.

81.11(1) *Other states' mandatory certification programs.* For applicants who have been certified under other states' mandatory certification programs, the equivalency of which has been previously reviewed and accepted by the department, certification in an appropriate classification and grade, without examination, will be recommended. The applicant must have successfully completed an examination generally equivalent to the Iowa examination and must meet the education and experience qualifications established by the director.

81.11(2) *Other states' voluntary certification programs.* For applicants who have been certified under voluntary certification programs in other states, certification in an appropriate class will be

considered. The applicant must have successfully completed an examination generally equivalent to the Iowa examination and must meet the education and experience qualifications established by the director. The director may require the applicant to successfully complete the Iowa examination.

81.11(3) Reciprocity application.

a. All applicants. Applicants who seek Iowa certification pursuant to subrule 81.11(1) or 81.11(2) shall submit an Operator Certification Reciprocity Application accompanied by a letter requesting certification pursuant to these subrules. Application for certification pursuant to 81.11(1) and 81.11(2) shall be received by the director in accordance with these subrules. The applicant shall be certified at the appropriate grade pursuant to subrule 81.7(1).

b. Veteran applicants. An applicant who is a veteran shall submit an Operator Certification Reciprocity Application pursuant to paragraph 81.11(3) “a” and shall also provide such documentation as is needed to verify the applicant’s status as a veteran under Iowa Code section 35.1(2). The veteran’s application shall be given priority and shall be expedited.

81.11(4) Certification obtained through reciprocity. An applicant who obtains certification in Iowa through reciprocity and subsequently allows the certification to lapse will be required to reapply for certification in accordance with 567—81.10(455B).

[ARC 1911C, IAB 3/18/15, effective 4/22/15]

567—81.12(455B) Restricted certification. Upon written request by an operator, the director may determine that further education requirements be waived when a plant or distribution system grade has been increased and the operator has been in direct responsible charge of the existing plant or distribution system. An operator successfully completing the examination will be restricted to that plant or distribution system until the education requirements are met.

[ARC 3735C, IAB 4/11/18, effective 5/16/18]

567—81.13(455B) Certification renewal.

81.13(1) Renewal period. All certificates shall expire on June 30 of odd-numbered years and must be renewed every two years in order to maintain certification.

81.13(2) Application for renewal. An application for renewal will be mailed to currently certified operators prior to the expiration date of their certificates. Application for renewal must be made in accordance with this rule and the instructions on the form in order to renew the certificate for the next two years. Application for renewal of a certificate without penalty must be received by the director or postmarked prior to the expiration of the certificate, and shall be accompanied by the certification renewal fee.

81.13(3) Late application. A late application for renewal of a certificate may be made provided that the application is received by the director or postmarked within 60 days of the expiration of the certificate on forms provided by the department. Such late application shall be accompanied by the penalty fee and the certification renewal fee.

81.13(4) Failure to renew. If a certificate holder fails to renew within 60 days following expiration of the certificate, the right to renew the certificate is automatically terminated. Certification may be allowed at any time following such termination, provided that the applicant meets all education and experience eligibility requirements pursuant to 567—81.7(455B), and successfully completes an examination. The applicant must then apply for certification in accordance with 567—81.10(455B).

81.13(5) Expired certificate. An operator may not continue as the operator-in-charge of a plant, distribution system, operating shift, or major segment of the plant or distribution system after expiration of a certificate unless the certificate is renewed.

567—81.14(455B,272C) Continuing education.

81.14(1) CEU requirements. Continuing education must be earned during two-year periods between April 1 and March 31 of odd-numbered years. A Grade III or IV certified operator must earn two units or 20 contact hours per certificate during each two-year period. All other certified operators must earn one unit or 10 contact hours per certificate during each two-year period. Newly certified operators (previously uncertified) who become certified after April 1 of a two-year period will not be required to earn CEUs

until the next two-year period. If an operator upgrades a certificate after April 1 of a two-year period and that upgrade increases the CEU requirement, the operator will not be required to meet the higher CEU requirement until the next two-year period but must fulfill the lower CEU requirement for that period. For those certified operators holding both a water treatment and a water distribution certification, no less than 25 percent of the required CEUs may be earned in any one area.

81.14(2) *Certificate renewal.* Only those operators fulfilling the continuing education requirements before the end of each two-year period (March 31) will be allowed to renew their certificate(s). The certificate(s) of operators not fulfilling the continuing education requirements shall expire on June 30 of each odd-numbered year.

81.14(3) *CEU approval.* All activities for which continuing education credit will be granted must be approved by an accredited college, university, technical institute, or issuing agency, or by the department, and must be directly related to the subject matter of the particular certificate to which the credit is being applied. Any entity holding courses in Iowa for which continuing education credit is offered for water treatment, water distribution, or wastewater operator certification must provide at no cost to the department the opportunity for one staff member to audit the training and receive all training materials.

81.14(4) *CEU extensions.* The director may, in individual cases involving hardship or extenuating circumstances, grant an extension of up to three months within which the certified operator may fulfill the minimum continuing education requirements. Hardship or extenuating circumstances include documented health-related confinement or other circumstances beyond the control of the certified operator which prevent attendance at the required activities. All requests for extensions must be made prior to March 31 of each biennium.

81.14(5) *CEU reporting.* It is the certified operator's personal responsibility to maintain a written record and to notify the department of the continuing education credit earned during the period. The continuing education credits earned during the period shall be listed on the application for renewal.

567—81.15(455B) *Upgrading of certificates.* A person holding an unexpired certificate may upgrade the certificate by examination to a higher grade in the same classification in accordance with 567—81.7(455B), 567—81.9(455B) and 567—81.10(455B). The expiration date of the upgraded certificate shall be the same as the unexpired certificate. A person who upgrades a certificate during the biennium must also renew the upgraded certificate in accordance with 567—81.13(455B) and 567—81.14(455B,272C) to maintain the person's certification.

567—81.16(455B) *Operator by affidavit.*

81.16(1) *Affidavit allowance.* The owner of a plant or distribution system that is required to have a Grade A, I, IL, II, III certified operator may sign an affidavit with a certified operator of the required classification and grade.

81.16(2) *Affidavit requirements.* This affidavit will verify that the certified operator is the operator-in-charge and has direct responsibility for a plant or distribution system that does not have first rights on the services of that operator. The affidavit form shall be provided by the director and shall require the name and signature of the certified operator, the operator's certification number, class and grade, and the date of last renewal of the operator's certificate. The affidavit form shall be proof that the certified operator has agreed to be directly responsible for the operation and maintenance of the plant or distribution system. The director may specify additional operational and maintenance requirements based on the complexity and size of the plant or distribution system. Four duly notarized copies of the affidavit must be returned to and approved by the director, based upon the ability of the certified operator to properly operate and maintain additional facilities. In event of disapproval, the owner of the plant or distribution system must terminate the agreement with the certified operator and seek the services of another certified operator. Both the owner of the plant or distribution system and the certified operator shall notify the director at least 30 days before the termination of the agreement.

567—81.17(455B,272C) *Disciplinary actions.*

81.17(1) *Reasons for disciplinary action.* Disciplinary action may be taken against a certified operator on any of the grounds specified in Iowa Code section 455B.219 and chapter 272C and the following more specific grounds.

a. Failure to use reasonable care or judgment or to apply knowledge or ability in performing the duties of a certified operator.

(1) Wastewater operator duties. Examples of a wastewater operator's duties are specified in the Water Environment Federation Manual of Practice #11, 1996; California State University—Sacramento (CSUS) Operation of Wastewater Treatment Plants, Volume I, 4th edition, 1998; CSUS Operation of Wastewater Treatment Plants, Volume II, 4th edition, 1998; CSUS Advanced Waste Treatment, 3rd edition, 1998; and 567—Chapters 60 through 64, 67, and 83, Iowa Administrative Code.

(2) Water treatment or distribution operator duties. Examples of a water treatment or distribution operator's duties are specified in the American Water Works Association (AWWA) Manuals of Water Supply Practice (Volumes 1, 3-7, 9, 11-12, 14, 17, 19-38, 41-42, 44-48); AWWA Water Supply Operations Series, 2nd edition: Vol. 1, 1995; Vol. 2, 1995; Vol. 3, 1996; Vol. 4, 1995; and Vol. 5, 1995; AWWA Water Distribution Operator Handbook, 2nd edition, 1976; and California State University—Sacramento (CSUS) Water Treatment Plant Operation, Volume I, 4th edition, 1999; CSUS Water Treatment Plant Operation, Volume II, 3rd edition, 1998; CSUS Small Water System Operation and Maintenance, 4th edition, 1999; CSUS Water Distribution System Operation and Maintenance, 4th edition, 2000; and 567—Chapters 40 through 43 and 83, Iowa Administrative Code.

b. Failure to submit required records of operation or other reports required under applicable permits or rules of the department, including failure to submit complete records or reports.

c. Knowingly making any false statement, representation, or certification on any application, record, report or document required to be maintained or submitted under any applicable permit or rule of the department.

d. Fraud in procuring a license.

e. Professional incompetence.

f. Knowingly making misleading, deceptive, untrue or fraudulent representations in the practice of the licensee's profession or engaging in unethical conduct or practice harmful or detrimental to the public. Proof of actual injury need not be established.

g. Habitual intoxication or addiction to the use of drugs.

h. Conviction of criminal offenses directly related to the profession or occupation of the operator, consistent with Iowa Code sections 272C.1(8) and 272C.10(5).

i. Fraud in representations as to skill or ability.

j. Use of untruthful or improbable statements in advertisements.

k. Willful or repeated violations of the provisions of Iowa Code chapter 272C or 455B, division III.

81.17(2) *Disciplinary sanctions.* Disciplinary sanctions may include those specified in Iowa Code section 272C.3(2) and the following:

a. *Revocation of a certificate.* Revocation may be permanent without chance of recertification or for a specified period of time.

b. *Partial revocation or suspension.* Revocation or suspension of the practice of a particular aspect of the operation of a plant or distribution system, including the restriction of operation to a particular plant or distribution system, or a particular type of plant or distribution system.

c. *Probation.* Probation under specified conditions relevant to the specific grounds for disciplinary action.

d. *Additional education, training, and examination requirements.* Additional education, training, and reexamination may be required as a condition of reinstatement.

e. *Penalties.* Civil penalties not to exceed \$1,000 may be assessed for causes identified in 81.17(1).

81.17(3) *Procedure.*

a. *Initiation of disciplinary action.* The department staff shall initiate a disciplinary action by conducting such lawful investigation as is necessary to establish a legal and factual basis for action.

The administrator of the environmental protection commission or designee shall make a decision as to any disciplinary action based on the department staff recommendations. Except as specified by this subrule, the disciplinary action shall be initiated by a notice of intended action in accordance with rule 561—7.16(17A,455A). At any time, the licensee and the department may enter into a settlement agreement, subject to approval by the director, which provides for a disciplinary sanction.

b. Request for hearing. Notwithstanding references in 561—subrule 7.16(4), a licensee shall be deemed to have waived any right to a contested case hearing unless the licensee appeals the action and requests a hearing within 30 days of receipt of the notice of intended action. If a timely appeal is filed, further contested case procedures shall apply in accordance with 561—Chapter 7.

c. Appeal and review of proposed decision. After a contested case hearing conducted in accordance with rule 561—7.14(17A,455A), the director shall review the presiding officer's proposed decision issued in accordance with 561—subrule 7.15(3). The proposed decision shall constitute a final decision of the director and the department unless the licensee or the director and department appeal the proposed decision to the environmental protection commission within 30 days of receipt as provided in 561—subrule 7.15(5).

d. Effective date of suspension or revocation. Notwithstanding any contrary interpretation in 561—subrule 7.16(7), suspension, revocation or other disciplinary action shall be effective 30 days after receipt of the notice of intended action if the licensee fails to file a timely appeal and request for hearing. If a contested case hearing is timely requested, the disciplinary action is effective as specified in the presiding officer's proposed decision unless the licensee obtains a stay of the action in accordance with 561—subrule 7.15(7) pending a timely appeal to the environmental protection commission.

e. Emergency disciplinary action. The director may initiate an emergency suspension or other disciplinary action upon such grounds and following those procedures as provided in 561—subrule 7.16(6). The terms of the emergency order shall be effective upon service as provided in 561—subrule 7.16(7). The department shall promptly give notice of an opportunity to appeal and request a contested case hearing following the procedures as specified above.

f. Reinstatement of revoked certificates. Upon revocation of a certificate in accordance with the authority provided in Iowa Code section 455B.219 and chapter 272C, application for certification may be allowed after two years from the date of revocation unless otherwise specified in accordance with 81.17(2). Any such applicant must meet all education and experience eligibility requirements pursuant to 567—81.7(455B), and successfully complete an examination and be certified in the same manner as a new applicant.

81.17(4) Noncompliance with child support order procedures. Upon receipt of a certification of noncompliance with a child support obligation as provided in Iowa Code section 252J.7, the department will initiate procedures to deny an application for certification or renewal, or to suspend a certification in accordance with Iowa Code section 252J.8(4). The department shall issue to the person by restricted certified mail a notice of its intent to deny or suspend operator certification based on receipt of a certificate of noncompliance. The suspension or denial shall be effective 30 days after receipt of the notice unless the person provides the department with a withdrawal of the certificate of noncompliance from the child support recovery unit as provided in Iowa Code section 252J.8(4) "c." Pursuant to Iowa Code section 252J.8(4), the person does not have a right to a hearing before the department to contest the denial or suspension action under this subrule but may seek a hearing in district court in accordance with Iowa Code section 252J.9.

[ARC 5976C, IAB 10/20/21, effective 11/24/21]

These rules are intended to implement Iowa Code sections 455B.211 to 455B.224 and chapter 272C.

CHAPTER 10
PRACTICE AND PROCEDURE BEFORE THE DEPARTMENT OF PUBLIC SAFETY

[Ch 10 as appeared in 1973 IDR, transferred to Transportation Department]
[Prior to 4/20/88, see Public Safety Department, 680—Ch 10]

661—10.1(17A) Definitions. The following definitions apply to this chapter unless otherwise specified.

“*Commissioner*” means the commissioner of the department of public safety.

“*Department*” means the department of public safety.

“*Waiver*” or “*variance*” means an action by the department which suspends, in whole or in part, the requirements or provisions of a rule as applied to an identified person on the basis of the particular circumstances of that person. For simplicity, the term “waiver” shall include both a “waiver” and a “variance.”

661—10.2 to 10.100 Reserved.

DECLARATORY ORDERS

661—10.101(17A) Petition for declaratory order. Any person may file a petition with the department for a declaratory order as to the applicability to specified circumstances of a statute, rule, or order within the primary jurisdiction of the department, at the Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319. A petition is deemed filed when it is received by that office. The department shall provide the petitioner with a file-stamped copy of the petition if the petitioner provides the agency an extra copy for this purpose. The petition must be typewritten or legibly handwritten in ink and must substantially conform to the following form:

DEPARTMENT OF PUBLIC SAFETY	
Petition by (Name of Petitioner) for a Declaratory Order on (Cite provisions of law involved).	}
PETITION FOR DECLARATORY ORDER	

The petition must provide the following information:

1. A clear and concise statement of all relevant facts on which the order is requested.
2. A citation and the relevant language of the specific statutes, rules, policies, decisions, or orders, whose applicability is questioned, and any other relevant law.
3. The questions petitioner wants answered, stated clearly and concisely.
4. The answers to the questions desired by the petitioner and a summary of the reasons urged by the petitioner in support of those answers.
5. The reasons for requesting the declaratory order and disclosure of the petitioner’s interest in the outcome.
6. A statement indicating whether the petitioner is currently a party to another proceeding involving the questions at issue and whether, to the petitioner’s knowledge, those questions have been decided by, are pending determination by, or are under investigation by, any governmental entity.
7. The names and addresses of other persons, or a description of any class of persons, known by petitioner to be affected by, or interested in, the questions presented in the petition.
8. Any request by petitioner for a meeting provided for by 661—10.107(17A).

The petition must be dated and signed by the petitioner or the petitioner’s representative. It must also include the name, mailing address, and telephone number of the petitioner and petitioner’s representative and a statement indicating the person to whom communications concerning the petition should be directed.

[Editorial change: IAC Supplement 2/11/09]

661—10.102(17A) Notice of petition. Within 15 days after receipt of a petition for a declaratory order, the department shall give notice of the petition to all persons not served by the petitioner pursuant to

661—10.106(17A) to whom notice is required by any provision of law. The department may also give notice to any other persons.

661—10.103(17A) Intervention.

10.103(1) Any person who qualifies under any applicable provision of law as an intervenor and who files a petition for intervention within 20 days of the filing of a petition for declaratory order (after time for notice under 661—10.102(17A) and before 30-day time for agency action under 661—10.108(17A)) shall be allowed to intervene in a proceeding for a declaratory order.

10.103(2) Any person who files a petition for intervention at any time prior to the issuance of an order may be allowed to intervene in a proceeding for a declaratory order at the discretion of the department.

10.103(3) A petition for intervention shall be filed at the Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319. Such a petition is deemed filed when it is received by that office. The department shall provide the petitioner with a file-stamped copy of the petition for intervention if the petitioner provides an extra copy for this purpose. A petition for intervention must be typewritten or legibly handwritten in ink and must substantially conform to the following form:

DEPARTMENT OF PUBLIC SAFETY

Petition by (Name of Original Petitioner) for a Declaratory Order on (Cite provisions of law cited in original petition).	}	PETITION FOR INTERVENTION
---	---	------------------------------

The petition for intervention must provide the following information:

1. Facts supporting the intervenor's standing and qualifications for intervention.
2. The answers urged by the intervenor to the question or questions presented and a summary of the reasons urged in support of those answers.
3. Reasons for requesting intervention and disclosure of the intervenor's interest in the outcome.
4. A statement indicating whether the intervenor is currently a party to any proceeding involving the questions at issue and whether, to the intervenor's knowledge, those questions have been decided by, are pending determination by, or are under investigation by, any governmental entity.
5. The names and addresses of any additional persons, or a description of any additional class of persons, known by the intervenor to be affected by, or interested in, the questions presented.
6. Whether the intervenor consents to be bound by the determination of the matters presented in the declaratory order proceeding.

The petition must be dated and signed by the intervenor or the intervenor's representative. It must also include the name, mailing address, and telephone number of the intervenor and intervenor's representative, and a statement indicating the person to whom communications should be directed.

[Editorial change: IAC Supplement 2/11/09]

661—10.104(17A) Briefs. The petitioner or any intervenor may file a brief in support of the position urged. The department may request a brief from the petitioner, any intervenor, or any other person concerning the questions raised.

661—10.105(17A) Inquiries. Inquiries concerning the status of a declaratory order proceeding may be made to the Agency Rules Administrator, Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319.

[Editorial change: IAC Supplement 2/11/09]

661—10.106(17A) Service and filing of petitions and other papers.

10.106(1) *When service required.* Except where otherwise provided by law, every petition for declaratory order, petition for intervention, brief, or other paper filed in a proceeding for a declaratory order shall be served upon each of the parties of record to the proceeding, and on all other persons identified in the petition for declaratory order or petition for intervention as affected by or interested in

the questions presented, simultaneously with their filing. The party filing a document is responsible for service on all parties and other affected or interested persons.

10.106(2) *Filing—when required.* All petitions for declaratory orders, petitions for intervention, briefs, or other papers in a proceeding for a declaratory order shall be filed with the Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319. All petitions, briefs, or other papers that are required to be served upon a party shall be filed simultaneously with the department.

10.106(3) *Method of service, time of filing, and proof of mailing.* Method of service, time of filing, and proof of mailing shall be as provided by rule 661—10.312(17A).

[Editorial change: IAC Supplement 2/11/09]

661—10.107(17A) Consideration. Upon request by petitioner, the department may schedule a brief and informal meeting between the original petitioner, all intervenors, and the department, a member of the department, or a member of the staff of the department, to discuss the questions raised. The department may solicit comments from any person on the questions raised. Also, comments on the questions raised may be submitted to the department by any person.

661—10.108(17A) Action on petition.

10.108(1) Within the time allowed by 1998 Iowa Acts, chapter 1202, section 13(5), after receipt of a petition for a declaratory order, the commissioner of public safety or the commissioner's designee shall take action on the petition as required by 1998 Iowa Acts, chapter 1202, section 13(5).

10.108(2) The date of issuance of an order or of a refusal to issue an order is as defined in rule 661—10.302(17A).

661—10.109(17A) Refusal to issue order.

10.109(1) The department shall not issue a declaratory order where prohibited by 1998 Iowa Acts, chapter 1202, section 13(1), and may refuse to issue a declaratory order on some or all questions raised for the following reasons:

1. The petition does not substantially comply with the required form.
2. The petition does not contain facts sufficient to demonstrate that the petitioner will be aggrieved or adversely affected by the failure of the department to issue an order.
3. The department does not have jurisdiction over the questions presented in the petition.
4. The questions presented by the petition are also presented in a current rule making, contested case, or other agency or judicial proceeding, that may definitively resolve them.
5. The questions presented by the petition would more properly be resolved in a different type of proceeding or by another body with jurisdiction over the matter.
6. The facts or questions presented in the petition are unclear, overbroad, insufficient, or otherwise inappropriate as a basis upon which to issue an order.
7. There is no need to issue an order because the questions raised in the petition have been settled due to a change in circumstances.
8. The petition is not based upon facts calculated to aid in the planning of future conduct but is, instead, based solely upon prior conduct in an effort to establish the effect of that conduct or to challenge an agency decision already made.
9. The petition requests a declaratory order that would necessarily determine the legal rights, duties, or responsibilities of other persons who have not joined in the petition, intervened separately, or filed a similar petition and whose position on the questions presented may fairly be presumed to be adverse to that of petitioner.
10. The petitioner requests the department to determine whether a statute is unconstitutional on its face.
11. The petition relates to any criminal investigation.

12. The petition concerns any procedure or practice of the department or any other agency related to initiation or conduct of criminal investigations or referral of matters for possible criminal investigation or prosecution.

10.109(2) A refusal to issue a declaratory order shall indicate the specific grounds for the refusal, unless it pertains to a matter under criminal investigation, or which has been referred for possible criminal prosecution, in which event no information which might compromise the investigation or prosecution shall be released to the petitioner or any intervenor. A refusal to issue a declaratory order constitutes final agency action on the petition.

10.109(3) Refusal to issue a declaratory order pursuant to this provision does not preclude the filing of a new petition that seeks to eliminate the grounds for the refusal to issue an order.

661—10.110(17A) Contents of declaratory order—effective date. In addition to the order itself, a declaratory order must contain the date of its issuance, the name of petitioner and all intervenors, the specific statutes, rules, policies, decisions, or orders involved, the particular facts upon which it is based, and the reasons for its conclusion.

A declaratory order is effective on the date of issuance.

661—10.111(17A) Copies of orders. A copy of all orders issued in response to a petition for a declaratory order shall be mailed promptly to each original petitioner and to each intervenor.

661—10.112(17A) Effect of a declaratory order. A declaratory order has the same status and binding effect as a final order issued in a contested case proceeding. It is binding on the department, the petitioner, and any intervenors who consent to be bound and is applicable only in circumstances where the relevant facts and the law involved are indistinguishable from those on which the order was based. As to all other persons, a declaratory order serves only as precedent and is not binding on the department. The issuance of a declaratory order constitutes final agency action on the petition.

661—10.113 to 10.200 Reserved.

AGENCY PROCEDURE FOR RULE MAKING

661—10.201(17A) Applicability. Except to the extent otherwise expressly provided by statute, all rules adopted by the department are subject to the provisions of Iowa Code chapter 17A, the Iowa administrative procedure Act, and the provisions of this chapter.

661—10.202(17A) Advice on possible rules before notice of proposed rule adoption. In addition to seeking information by other methods, the department may, before publication of a Notice of Intended Action under Iowa Code section 17A.4(1)“a,” solicit comments from the public on a subject matter of possible rule making by the department by causing notice to be published in the Iowa Administrative Bulletin of the subject matter and indicating where, when, and how persons may comment.

661—10.203(17A) Public rule-making docket.

10.203(1) Docket maintained. The department shall maintain a current public rule-making docket.

10.203(2) Anticipated rule making. The rule-making docket shall list each anticipated rule-making proceeding. A rule-making proceeding is deemed “anticipated” from the time a draft of proposed rules is distributed for internal discussion within the department, with the approval of the commissioner of public safety. For each anticipated rule-making proceeding the docket shall contain a listing of the precise subject matter which may be submitted for consideration by the rule-making authority for subsequent proposal under the provisions of Iowa Code section 17A.4(1)“a,” the name and address of department personnel with whom persons may communicate with respect to the matter, and an indication of the present status within the department of that possible rule. The department may also include in the docket other subjects upon which public comment is desired.

10.203(3) Pending rule-making proceedings. The rule-making docket shall list each pending rule-making proceeding. A rule-making proceeding is pending from the time it is commenced, by publication in the Iowa Administrative Bulletin of a Notice of Intended Action pursuant to Iowa Code section 17A.4(1)“a,” to the time it is terminated, by publication of a Notice of Termination in the Iowa Administrative Bulletin or the rule becoming effective. For each rule-making proceeding, the docket shall indicate:

- a. The subject matter of the proposed rule;
- b. A citation to all published notices relating to the proceeding;
- c. Where written submissions on the proposed rule may be inspected;
- d. The time during which written submissions may be made;
- e. The names of persons who have made written requests for an opportunity to make oral presentations on the proposed rule, where those requests may be inspected, and where and when oral presentations may be made;
- f. Whether a written request for the issuance of a regulatory analysis, or a concise statement of reasons, has been filed, whether such an analysis or statement or a fiscal impact statement has been issued, and where any such written request, analysis, or statement may be inspected;
- g. The current status of the proposed rule and any department determinations with respect thereto;
- h. Any known timetable for department decisions or other action in the proceeding;
- i. The date of the rule’s adoption;
- j. The date of the rule’s filing, indexing, and publication;
- k. The date on which the rule will become effective; and
- l. Where the rule-making record may be inspected.

661—10.204(17A) Notice of proposed rule making.

10.204(1) Contents. At least 35 days before the adoption of a rule the department shall cause Notice of Intended Action to be published in the Iowa Administrative Bulletin. The Notice of Intended Action shall include:

- a. A brief explanation of the purpose of the proposed rule;
- b. The specific legal authority for the proposed rule;
- c. Except to the extent impracticable, the text of the proposed rule;
- d. Where, when, and how persons may present their views on the proposed rule; and
- e. Where, when, and how persons may demand an oral proceeding on the proposed rule if the notice does not already provide for one.

Where inclusion of the complete text of a proposed rule in the Notice of Intended Action is impracticable, the department shall include in the notice a statement fully describing the specific subject matter of the omitted portion of the text of the proposed rule, the specific issues to be addressed by that omitted text of the proposed rule, and the range of possible choices being considered by the department for the resolution of each of those issues.

10.204(2) Incorporation by reference. A proposed rule may incorporate other materials by reference only if it complies with all of the requirements applicable to the incorporation by reference of other materials in an adopted rule that are contained in subrule 10.212(2) of this chapter.

10.204(3) Copies of notices. Persons desiring to receive copies of future Notices of Intended Action by subscription must file with the Agency Rules Administrator, Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, a written request indicating the name and address to which such notices should be sent. Within seven days after submission of a Notice of Intended Action to the administrative rules coordinator for publication in the Iowa Administrative Bulletin, the department shall mail or electronically transmit a copy of that notice to subscribers who have filed a written request for either mailing or electronic transmittal with the department for Notices of Intended Action. The written request shall be accompanied by payment of the subscription price which may cover the full cost of the subscription service, including its administrative overhead and the cost of copying and mailing the Notices of Intended Action for a period of one year. The price for such a subscription can be

obtained from the Agency Rules Administrator, Office of the Commissioner, Department of Public Safety, at the address above, by telephone at (515)725-6185, or by electronic mail via the Internet at admrule@dps.state.ia.us.

[Editorial change: IAC Supplement 2/11/09]

661—10.205(17A) Public participation.

10.205(1) *Written comments.* For at least 20 days after publication of the Notice of Intended Action, persons may submit argument, data, and views, in writing, on the proposed rule. Such written submissions should identify the proposed rule to which they relate and should be submitted to the Agency Rules Administrator, Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, or the person or office designated in the Notice of Intended Action.

10.205(2) *Oral proceedings.* The department may, at any time, schedule an oral proceeding on a proposed rule. The department shall schedule an oral proceeding on a proposed rule if, within 20 days after the published Notice of Intended Action, a written request for an opportunity to make oral presentations is submitted to the department by the administrative rules review committee, a governmental subdivision, an agency, an association having not less than 25 members, or at least 25 persons. That request must also contain the following additional information:

1. A request by one or more individual persons must be signed by each of them and include the address and telephone number of each of them.
2. A request by an association must be signed by an officer or designee of the association and must contain a statement that the association has at least 25 members and the address and telephone number of the person signing that request.
3. A request by an agency or governmental subdivision must be signed by an official having authority to act on behalf of the entity and must contain the address and telephone number of the person signing that request.

10.205(3) *Conduct of oral proceedings.*

a. Applicability. This subrule applies only to those oral rule-making proceedings in which an opportunity to make oral presentations is authorized or required by Iowa Code section 17A.4(1) "b" as amended by 1998 Iowa Acts, chapter 1202, section 8, or this chapter.

b. Scheduling and notice. An oral proceeding on a proposed rule may be held in one or more locations and shall not be held earlier than 20 days after notice of its location and time is published in the Iowa Administrative Bulletin. That notice shall also identify the proposed rule by ARC number and citation to the Iowa Administrative Bulletin.

c. Presiding officer. The commissioner of public safety or the commissioner's designee shall preside at the oral proceeding on a proposed rule. If the commissioner does not preside, the presiding officer shall prepare a memorandum for consideration by the department summarizing the contents of the presentations made at the oral proceeding unless the commissioner determines that such a memorandum is unnecessary. If the oral proceeding relates to rule making which falls within the authority of an official other than the commissioner, the oral proceeding shall be presided over by the official with rule-making authority or that official's designee.

d. Conduct of proceeding. At an oral proceeding on a proposed rule, persons may make oral statements and make documentary and physical submissions, which may include data, views, comments or arguments concerning the proposed rule. Persons wishing to make oral presentations at such a proceeding are encouraged to notify the agency at least one business day prior to the proceeding and indicate the general subject of their presentations. At the proceeding, those who participate shall indicate their names and addresses, identify any persons or organizations they may represent, and provide any other information relating to their participation deemed appropriate by the presiding officer. Oral proceedings shall be open to the public and shall be recorded by stenographic or electronic means.

(1) At the beginning of the oral proceeding, the presiding officer shall give a brief synopsis of the proposed rule, a statement of the statutory authority for the proposed rule, and the reasons for the agency decision to propose the rule. The presiding officer may place time limitations on individual oral

presentations when necessary to ensure the orderly and expeditious conduct of the oral proceeding. To encourage joint oral presentations and to avoid repetition, additional time may be provided for persons whose presentations represent the views of other individuals as well as their own views.

(2) Persons making oral presentations are encouraged to summarize matters which have already been submitted in writing.

(3) The presiding officer shall have the authority to take any reasonable action necessary for the orderly conduct of the meeting.

(4) Physical and documentary submissions presented by participants in the oral proceeding shall be submitted to the presiding officer. Such submissions become the property of the agency.

(5) The oral proceeding may be continued by the presiding officer to a later time without notice other than by announcement at the hearing.

(6) Participants in an oral proceeding shall not be required to take an oath or to submit to cross-examination. However, the presiding officer in an oral proceeding may question participants and permit the questioning of participants by other representatives of the department who may be present about any matter relating to that rule-making proceeding, including any prior written submissions made by those participants in that proceeding; but no participant shall be required to answer any question.

(7) The presiding officer in an oral proceeding may permit rebuttal statements and request the filing of written statements subsequent to the adjournment of the oral presentations.

10.205(4) *Additional information.* In addition to receiving written comments and oral presentations on a proposed rule according to the provisions of this rule, the department may obtain information concerning a proposed rule through any other lawful means deemed appropriate under the circumstances.

10.205(5) *Accessibility.* The department shall schedule oral proceedings in rooms accessible to and functional for persons with physical disabilities. Persons who have special requirements should contact the Agency Rules Administrator, Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, in advance to arrange access or other needed services.

[Editorial change: IAC Supplement 2/11/09]

661—10.206(17A) Regulatory analysis.

10.206(1) *Definition of small business.* A “small business” is defined in 1998 Iowa Acts, chapter 1202, section 10(7).

10.206(2) *Mailing list.* Small businesses or organizations of small businesses may be registered on the department’s small business impact list by making a written application addressed to Agency Rules Coordinator, Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319. The application for registration shall state:

- a. The name of the small business or organization of small businesses;
- b. Its address;
- c. The name of a person authorized to transact business for the applicant;
- d. A description of the applicant’s business or organization. An organization representing 25 or more persons who qualify as a small business shall indicate that fact.
- e. Whether the registrant desires copies of Notices of Intended Action at cost, or desires advance notice of the subject of all or some specific category of proposed rule making affecting small business.

The department may at any time request additional information from the applicant to determine whether the applicant is qualified as a small business or as an organization of 25 or more small businesses. The department may periodically send a letter to each registered small business or organization of small businesses asking whether that business or organization wishes to remain on the registration list. The name of a small business or organization of small businesses will be removed from the list if a negative response is received, or if no response is received within 30 days after the letter is sent.

10.206(3) *Time of mailing.* Within seven days after submission of a Notice of Intended Action to the administrative rules coordinator for publication in the Iowa Administrative Bulletin, the department shall mail to all registered small businesses or organizations of small businesses, in accordance with their request, either a copy of the Notice of Intended Action or notice of the subject of that proposed rule

making. In the case of a rule that may have an impact on small business adopted in reliance upon Iowa Code section 17A.4(2), the department shall mail notice of the adopted rule to registered businesses or organizations prior to the time the adopted rule is published in the Iowa Administrative Bulletin.

10.206(4) *Qualified requesters for regulatory analysis—economic impact.* The department shall issue a regulatory analysis of a proposed rule that conforms to the requirements of 1998 Iowa Acts, chapter 1202, section 10(2a), after a proper request from:

- a. The administrative rules coordinator;
- b. The administrative rules review committee.

10.206(5) *Qualified requesters for regulatory analysis— business impact.* The department shall issue a regulatory analysis of a proposed rule that conforms to the requirements of 1998 Iowa Acts, chapter 1202, section 10(2b), after a proper request from:

- a. The administrative rules review committee;
- b. The administrative rules coordinator;
- c. At least 25 or more persons who sign the request provided that each represents a different small business;
- d. An organization representing at least 25 small businesses. That organization shall list the name, address and telephone number of not less than 25 small businesses it represents.

10.206(6) *Time period for analysis.* Upon receipt of a timely request for a regulatory analysis, the department shall adhere to the time lines described in 1998 Iowa Acts, chapter 1202, section 10(4).

10.206(7) *Contents of request.* A request for a regulatory analysis is made when it is mailed or delivered to the Agency Rules Administrator, Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319. The request shall be in writing and satisfy the requirements of 1998 Iowa Acts, chapter 1202, section 10(1).

10.206(8) *Contents of concise summary.* The contents of the concise summary shall conform to the requirements of 1998 Iowa Acts, chapter 1202, section 10(4,5).

10.206(9) *Publication of a concise summary.* The department shall make available, to the maximum extent feasible, copies of the published summary in conformance with 1998 Iowa Acts, chapter 1202, section 10(5).

10.206(10) *Regulatory analysis contents—rules review committee or rules coordinator.* When a regulatory analysis is issued in response to a written request from the administrative rules review committee or the administrative rules coordinator, the regulatory analysis shall conform to the requirements of 1998 Iowa Acts, chapter 1202, section 10(2a), unless a written request expressly waives one or more of the items listed in the section.

10.206(11) *Regulatory analysis contents—substantial impact on small business.* When a regulatory analysis is issued in response to a written request from the administrative rules review committee, the administrative rules coordinator, at least 25 persons signing that request who each qualify as a small business or by an organization representing at least 25 small businesses, the regulatory analysis shall conform to the requirements of 1998 Iowa Acts, chapter 1202, section 10(2b).

661—10.207(17A,25B) Fiscal impact statement.

10.207(1) A proposed rule that mandates additional combined expenditures exceeding \$100,000 by all affected political subdivisions or agencies and entities which contract with political subdivisions to provide services must be accompanied by a fiscal impact statement outlining the costs associated with the rule. A fiscal impact statement must satisfy the requirements of Iowa Code section 25B.6.

10.207(2) If the department determines at the time it adopts a rule that the fiscal impact statement upon which the rule is based contains errors, the department shall, at the same time, issue a corrected fiscal impact statement and publish the corrected fiscal impact statement in the Iowa Administrative Bulletin.

661—10.208(17A) Time and manner of rule adoption.

10.208(1) *Time of adoption.* The department shall not adopt a rule until the period for making written submissions and oral presentations has expired. Within 180 days after the later of the publication of the Notice of Intended Action, or the end of oral proceedings thereon, the department shall adopt a rule pursuant to the rule-making proceeding or terminate the proceeding by publication of a notice to that effect in the Iowa Administrative Bulletin.

10.208(2) *Consideration of public comment.* Before the adoption of a rule, the department shall consider fully all of the written submissions and oral submissions received in that rule-making proceeding or any memorandum summarizing such oral submissions, and any regulatory analysis or fiscal impact statement issued in that rule-making proceeding.

10.208(3) *Reliance on department expertise.* Except as otherwise provided by law, the department may use its own experience, technical competence, specialized knowledge, and judgment in the adoption of a rule.

661—10.209(17A) Variance between adopted rule and published notice of proposed rule adoption.

10.209(1) The department shall not adopt a rule that differs from the rule proposed in the Notice of Intended Action on which the rule is based unless:

- a. The differences are within the scope of the subject matter announced in the Notice of Intended Action and are in character with the issues raised in that notice; and
- b. The differences are a logical outgrowth of the contents of that Notice of Intended Action and the comments submitted in response thereto; and
- c. The Notice of Intended Action provided fair warning that the outcome of that rule-making proceeding could be the rule in question.

10.209(2) In determining whether the Notice of Intended Action provided fair warning that the outcome of that rule-making proceeding could be the rule in question, the department shall consider the following factors:

- a. The extent to which persons who will be affected by the rule should have understood that the rule-making proceeding on which it is based could affect their interests;
- b. The extent to which the subject matter of the rule or the issues determined by the rule are different from the subject matter or issues contained in the Notice of Intended Action; and
- c. The extent to which the effects of the rule differ from the effects of the proposed rule contained in the Notice of Intended Action.

10.209(3) The department shall commence a rule-making proceeding within 60 days of its receipt of a petition for rule making seeking the amendment or repeal of a rule that differs from the proposed rule contained in the Notice of Intended Action upon which the rule is based, unless the department finds that the differences between the adopted rule and the proposed rule are so insubstantial as to make such a rule-making proceeding wholly unnecessary. A copy of any such finding and the petition to which it responds shall be sent to petitioner, the administrative rules coordinator, and the administrative rules review committee, within three days of its issuance.

10.209(4) Concurrent rule-making proceedings. Nothing in this rule disturbs the discretion of the department to initiate, concurrently, several different rule-making proceedings on the same subject with several different published Notices of Intended Action.

661—10.210(17A) Exemptions from public rule-making procedures.

10.210(1) *Omission of notice and comment.* To the extent the department for good cause finds that public notice and participation are unnecessary, impracticable, or contrary to the public interest in the process of adopting a particular rule, the department may adopt that rule without publishing advance Notice of Intended Action in the Iowa Administrative Bulletin and without providing for written or oral public submissions prior to its adoption. The department shall incorporate the required finding and a brief statement of its supporting reasons in each rule adopted in reliance upon this subrule.

10.210(2) Reserved.

10.210(3) *Public proceedings on rules adopted without them.* The department may, at any time, commence a standard rule-making proceeding for the adoption of a rule that is identical or similar to a

rule it adopts in reliance upon subrule 10.210(1). Upon written petition by a governmental subdivision, the administrative rules review committee, the department, the administrative rules coordinator, an association having not less than 25 members, or at least 25 persons, the department shall commence a standard rule-making proceeding for any rule specified in the petition that was adopted in reliance upon subrule 10.210(1). Such a petition must be filed within one year of the publication of the specified rule in the Iowa Administrative Bulletin as an adopted rule. The rule-making proceeding on that rule must be commenced within 60 days of the receipt of such a petition. After a standard rule-making proceeding commenced pursuant to this subrule, the department may either readopt the rule it adopted without benefit of all usual procedures on the basis of subrule 10.210(1), or may take any other lawful action, including the amendment or repeal of the rule in question, with whatever further proceedings are appropriate.

661—10.211(17A) Concise statement of reasons.

10.211(1) General. When requested by a person, either prior to the adoption of a rule or within 30 days after its publication in the Iowa Administrative Bulletin as an adopted rule, the department shall issue a concise statement of reasons for the rule. Requests for such a statement must be in writing and be delivered to the Agency Rules Administrator, Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319. The request should indicate whether the statement is sought for all or only a specified part of the rule. Requests will be considered made on the date received.

10.211(2) Contents. The concise statement of reasons shall contain:

- a. The reasons for adopting the rule;
- b. An indication of any change between the text of the proposed rule contained in the published Notice of Intended Action and the text of the rule as finally adopted, with the reasons for any such change;
- c. The principal reasons urged in the rule-making proceeding for and against the rule, and the department's reasons for overruling the arguments made against the rule.

10.211(3) Time of issuance. After a proper request, the department shall issue a concise statement of reasons by the later of the time the rule is adopted or 35 days after receipt of the request.

[Editorial change: IAC Supplement 2/11/09]

661—10.212(17A) Contents, style, and form of rule.

10.212(1) Contents. Each rule adopted by the department shall contain the text of the rule and, in addition:

- a. The date the department adopted the rule;
- b. A brief explanation of the principal reasons for the rule-making action if such reasons are required by 1998 Iowa Acts, chapter 1202, section 8, or the department in its discretion decides to include such reasons;
- c. A reference to all rules repealed, amended, or suspended by the rule;
- d. A reference to the specific statutory or other authority authorizing adoption of the rule;
- e. Any findings required by any provision of law as a prerequisite to adoption or effectiveness of the rule;
- f. The effective date of the rule.

10.212(2) Incorporation by reference. The department may incorporate by reference in a proposed or adopted rule, and without causing publication of the incorporated matter in full, all or any part of a code, standard, rule, or other matter if the department finds that the incorporation of its text in the department proposed or adopted rule would be unduly cumbersome, expensive, or otherwise inexpedient. The reference in the department proposed or adopted rule shall fully and precisely identify the incorporated matter by location, title, citation, date, and edition, if any; shall briefly indicate the precise subject and the general contents of the incorporated matter; and shall state that the proposed or adopted rule does not include any later amendments or editions of the incorporated matter. The department may incorporate such matter by reference in a proposed or adopted rule only if the department makes copies of it readily available to the public. The rule shall state how and where copies

of the incorporated matter may be obtained at cost from the department, and how and where copies may be obtained from the agency, organization, association, or persons originally issuing that matter. The department shall retain permanently a copy of any materials incorporated by reference in a rule of the department.

If the department adopts standards by reference to another publication, it shall provide a copy of the publication containing the standards to the administrative rules coordinator for deposit in the state law library and may make the standards available electronically.

10.212(3) *References to materials not published in full.* When the administrative code editor decides to omit the full text of a proposed or adopted rule because publication of the full text would be unduly cumbersome, expensive, or otherwise inexpedient, the department shall prepare and submit to the administrative code editor for inclusion in the Iowa Administrative Bulletin and Iowa Administrative Code a summary statement describing the specific subject matter of the omitted material. This summary statement shall include the title and a brief description sufficient to inform the public of the specific nature and subject matter of the proposed or adopted rules, and of significant issues involved in these rules. The summary statement shall also describe how a copy of the full text of the proposed or adopted rule, including any unpublished matter and any matter incorporated by reference, may be obtained from the department. The department will provide a copy of that full text, at actual cost, upon request and shall make copies of the full text available for review at the state law library and may make the standards available electronically.

At the request of the administrative code editor, the department shall provide a proposed statement explaining why publication of the full text would be unduly cumbersome, expensive, or otherwise inexpedient.

10.212(4) *Style and form.* In preparing its rules, the department shall follow the uniform numbering system, form, and style prescribed by the administrative rules coordinator.

661—10.213(17A) Agency rule-making record.

10.213(1) *Requirement.* The department shall maintain an official rule-making record for each rule it proposes by publication in the Iowa Administrative Bulletin of a Notice of Intended Action, or adopts. The rule-making record and materials incorporated by reference must be available for public inspection.

10.213(2) *Contents.* The department rule-making record shall contain:

a. Copies of all publications in the Iowa Administrative Bulletin with respect to the rule or the proceeding upon which the rule is based and any file-stamped copies of department submissions to the administrative rules coordinator concerning that rule or the proceeding upon which it is based;

b. Copies of any portions of the department's public rule-making docket containing entries relating to the rule or the proceeding upon which the rule is based;

c. All written petitions, requests, and submissions received by the department, and all other written materials of a factual nature as distinguished from opinion that are relevant to the merits of the rule and that were created or compiled by the department and considered by the commissioner of public safety or other official with rule-making authority, in connection with the formulation, proposal, or adoption of the rule or the proceeding upon which the rule is based, except to the extent the department is authorized by law to keep them confidential; provided, however, that when any such materials are deleted because they are authorized by law to be kept confidential, the department shall identify in the record the particular materials deleted and state the reasons for that deletion;

d. Any official transcript of oral presentations made in the proceeding upon which the rule is based or, if not transcribed, the stenographic record or electronic recording of those presentations, and any memorandum prepared by a presiding officer summarizing the contents of those presentations;

e. A copy of any regulatory analysis or fiscal impact statement prepared for the proceeding upon which the rule is based;

f. A copy of the rule and any concise statement of reasons prepared for that rule;

g. All petitions for amendment or repeal or suspension of the rule;

h. A copy of any objection to the issuance of that rule without public notice and participation that was filed pursuant to Iowa Code section 17A.4(2) by the administrative rules review committee, the governor, or the attorney general;

i. A copy of any objection to the rule filed by the administrative rules review committee, the governor, or the attorney general pursuant to Iowa Code section 17A.4(4), and any department response to that objection;

j. A copy of any significant written criticism of the rule, including a summary of any petitions for waiver of the rule; and

k. A copy of any executive order concerning the rule.

10.213(3) *Effect of record.* Except as otherwise required by a provision of law, the department rule-making record required by this rule need not constitute the exclusive basis for department action on that rule.

10.213(4) *Maintenance of record.* The department shall maintain the rule-making record for a period of not less than five years from the later of the date the rule to which it pertains became effective, the date of the Notice of Intended Action, or the date of any written criticism as described in 10.213(2) “g,” “h,” “i,” or “j.”

661—10.214(17A) Filing of rules. The department shall file each rule it adopts in the office of the administrative rules coordinator. The filing must be executed as soon after adoption of the rule as is practicable. At the time of filing, each rule must have attached to it any fiscal impact statement and any concise statement of reasons that was issued with respect to that rule. If a fiscal impact statement or statement of reasons for that rule was not issued until a time subsequent to the filing of that rule, the note or statement must be attached to the filed rule within five working days after the note or statement is issued. In filing a rule, the department shall use the standard form prescribed by the administrative rules coordinator.

661—10.215(17A) Effectiveness of rules prior to publication.

10.215(1) *Grounds.* The department may make a rule effective after its filing at any stated time prior to 35 days after its indexing and publication in the Iowa Administrative Bulletin if it finds that a statute so provides, the rule confers a benefit or removes a restriction on some segment of the public, or that the effective date of the rule is necessary to avoid imminent peril to the public health, safety, or welfare. The department shall incorporate the required finding and a brief statement of its supporting reasons in each rule adopted in reliance upon this subrule.

10.215(2) *Special notice.* When the department makes a rule effective prior to its indexing and publication in reliance upon the provisions of Iowa Code section 17A.5(2) “b”(3), the department shall employ all reasonable efforts to make its contents known to the persons who may be affected by that rule prior to the rule’s indexing and publication. The term “all reasonable efforts” requires the department to employ the most effective and prompt means of notice rationally calculated to inform potentially affected parties of the effectiveness of the rule that is justified and practical under the circumstances considering the various alternatives available for this purpose, the comparative costs to the department of utilizing each of those alternatives, and the harm suffered by affected persons from any lack of notice concerning the contents of the rule prior to its indexing and publication. The means that may be used for providing notice of such rules prior to their indexing and publication include, but are not limited to, any one or more of the following means: radio, newspaper, television, signs, mail, telephone, personal notice or electronic means.

A rule made effective prior to its indexing and publication in reliance upon the provisions of Iowa Code section 17A.5(2) “b”(3) shall include in that rule a statement describing the reasonable efforts that will be used to comply with the requirements of subrule 10.215(2).

661—10.216(17A) General statements of policy.

10.216(1) *Compilation, indexing, public inspection.* The department shall maintain an official, current, and dated compilation that is indexed by subject, containing all of its general statements of

policy within the scope of Iowa Code section 17A.2(10) “a,” “c,” “f,” “g,” “h,” “k.” Each addition to, change in, or deletion from the official compilation must also be dated, indexed, and a record thereof kept. Except for those portions containing rules governed by Iowa Code section 17A.2(7) “f,” or otherwise authorized by law to be kept confidential, the compilation must be made available for public inspection and copying.

10.216(2) Enforcement of requirements. A general statement of policy subject to the requirements of this subsection shall not be relied on by the department to the detriment of any person who does not have actual, timely knowledge of the contents of the statement until the requirements of subrule 10.216(1) are satisfied. This provision is inapplicable to the extent necessary to avoid imminent peril to the public health, safety, or welfare.

661—10.217(17A) Review by department of rules.

10.217(1) Any interested person, association, agency, or political subdivision may submit a written request to the administrative rules coordinator requesting the department to conduct a formal review of a specified rule. Upon approval of that request by the administrative rules coordinator, the department shall conduct a formal review of a specified rule to determine whether a new rule should be adopted instead or the rule should be amended or repealed. The department may refuse to conduct a review if it has conducted such a review of the specified rule within five years prior to the filing of the written request.

10.217(2) In conducting the formal review, the department shall prepare within a reasonable time a written report summarizing its findings, its supporting reasons, and any proposed course of action. The report must include a concise statement of the department’s findings regarding the rule’s effectiveness in achieving its objectives, including a summary of any available supporting data. The report shall also concisely describe significant written criticisms of the rule received during the previous five years, including a summary of any petitions for waiver of the rule received by the department or granted by the department. The report shall describe alternative solutions to resolve the criticisms of the rule, the reasons any were rejected, and any changes made in the rule in response to the criticisms as well as the reasons for the changes. A copy of the department’s report shall be sent to the administrative rules review committee and the administrative rules coordinator. The report must also be available for public inspection.

661—10.218(17A) Petition for rule making. Any person or agency may file a petition for rule making with the department at the Agency Rules Administrator, Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319. A petition is deemed filed when it is received by that office. The agency must provide the petitioner with a file-stamped copy of the petition if the petitioner provides the agency an extra copy for this purpose. The petition must be typewritten or legibly handwritten in ink and must substantially conform to the following form:

DEPARTMENT OF PUBLIC SAFETY	
Petition by (Name of Petitioner) for the (adoption, amendment, or repeal) of rules relating to (state subject matter).	}
PETITION FOR RULE MAKING	

The petition must provide the following information:

1. A statement of the specific rule-making action sought by the petitioner including the text or a summary of the contents of the proposed rule or amendment to a rule and, if it is a petition to amend or repeal a rule, a citation and the relevant language to the particular portion or portions of the rule proposed to be amended or repealed.
2. A citation to any law deemed relevant to the agency’s authority to take the action urged or to the desirability of that action.

3. A brief summary of petitioner's arguments in support of the action urged in the petition.
4. A brief summary of any data supporting the action urged in the petition.
5. The names and addresses of other persons, or a description of any class of persons, known by petitioner to be affected by or interested in, the proposed action which is the subject of the petition.
6. Any request by petitioner for a meeting provided for by subrule 10.221(1).

10.218(1) The petition must be dated and signed by the petitioner or the petitioner's representative. It must also include the name, mailing address, and telephone number of the petitioner and petitioner's representative, and a statement indicating the person to whom communications concerning the petition should be directed.

10.218(2) The department may deny a petition because it does not substantially conform to the required form.

[Editorial change: IAC Supplement 2/11/09]

661—10.219(17A) Briefs. The petitioner may attach a brief to the petition in support of the action urged in the petition. The department may request a brief from the petitioner or from any other person concerning the substance of the petition.

661—10.220(17A) Inquiries. Inquiries concerning the status of a petition for rule making may be made to the Agency Rules Administrator, Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319.

[Editorial change: IAC Supplement 2/11/09]

661—10.221(17A) Agency consideration.

10.221(1) Within 14 days after the filing of a petition, the department must submit a copy of the petition and any accompanying brief to the administrative rules coordinator and to the administrative rules review committee. Upon request by petitioner in the petition, the department may schedule a brief and informal meeting between the petitioner and the agency, a member of the agency, or a member of the staff of the agency, to discuss the petition. The department may request the petitioner to submit additional information or argument concerning the petition. The department may also solicit comments from any person on the substance of the petition. Also, comments on the substance of the petition may be submitted to the department by any person.

10.221(2) Within 60 days after the filing of the petition, or within any longer period agreed to by the petitioner, the department must, in writing, deny the petition, and notify petitioner of its action and the specific grounds for the denial, or grant the petition and notify petitioner that it has instituted rule-making proceedings on the subject of the petition. Petitioner shall be deemed notified of the denial or grant of the petition on the date when the agency mails or delivers the required notification to petitioner.

10.221(3) Denial of a petition because it does not substantially conform to the required form does not preclude the filing of a new petition on the same subject that seeks to eliminate the grounds for the agency's rejection of the petition.

661—10.222(17A) Waivers of rules. This rule outlines generally applicable standards and a uniform process for the granting of individual waivers from rules adopted by the department of public safety in situations where no other more specific procedure provides for waivers. To the extent another more specific provision of law governs the issuance of a waiver from a particular rule, the more specific provision shall supersede this rule with respect to any waiver from that rule. Generally, more specific procedures exist for considering waivers from rules of the state fire marshal and from provisions of the state of Iowa building code.

10.222(1) Applicability of rule. The department may grant a waiver from a rule only if the department has jurisdiction over the rule and the requested waiver is consistent with applicable statutes, constitutional provisions, or other provisions of law. The department may not waive requirements created or duties imposed by statute.

10.222(2) Criteria for waiver. In response to a petition completed pursuant to this rule, the department may, in its sole discretion, issue an order waiving, in whole or in part, the requirements of a rule if the department finds, based on clear and convincing evidence, all of the following:

- a. The application of the rule would impose an undue hardship on the person for whom the waiver is requested;
- b. The waiver from the requirements of the rule in the specific case would not prejudice the substantial legal rights of any person;
- c. The provisions of the rule subject to the petition for a waiver are not specifically mandated by statute or another provision of law; and
- d. Substantially equal protection of public health, safety, and welfare will be afforded by a means other than that prescribed in the particular rule for which the waiver is requested.

10.222(3) Filing of petition. A petition for a waiver must be submitted in writing to the department as follows:

- a. *License application.* If the petition relates to a license application, the petition shall be made in accordance with the filing requirements for the license in question.
- b. *Contested cases.* If the petition relates to a pending contested case, the petition shall be filed in the contested case proceeding, using the caption of the contested case.
- c. *Other.* If the petition does not relate to a license application or a pending contested case, the petition may be submitted with a caption containing the name of the entity or person for whom the waiver is requested.
- d. *File petition.* A petition is deemed filed when it is received in the department's office. A petition should be sent to the Iowa Department of Public Safety, Attention: Agency Rules Administrator, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319.

10.222(4) Content of petition. A petition for waiver shall include the following information where applicable and known to the requester:

- a. The name, address, and telephone number of the entity or person for whom a waiver is being requested; the case number of or other reference to any related contested case; and the name, address, and telephone number of the petitioner's legal representative, if any.
- b. A description of and citation to the specific rule from which a waiver is requested.
- c. The specific waiver requested, including the precise scope and duration.
- d. The relevant facts that the petitioner believes would justify a waiver under each of the four criteria described in subrule 10.222(2). This statement shall include a signed statement from the petitioner attesting to the accuracy of the facts provided in the petition, and a statement of reasons that the petitioner believes will justify a waiver.
- e. A history of any prior contacts between the department, other departments or agencies of the state of Iowa, or political subdivisions and the petitioner relating to the regulated activity or license affected by the proposed waiver, including a description of each affected license or certificate held by the requester, any formal charges filed, notices of violation, contested case hearings, or investigations relating to the regulated activity or license within the last five years.
- f. Any information known to the requester regarding the department's action in similar cases.
- g. The name, address, and telephone number of any public agency or political subdivision which also regulates the activity in question or which might be affected by the granting of a waiver.
- h. The name, address, and telephone number of any entity or person who would be adversely affected by the granting of a petition.
- i. The name, address, and telephone number of any person with knowledge of the relevant facts relating to the proposed waiver.
- j. Signed releases of information authorizing persons with knowledge regarding the request to furnish the department with information relevant to the waiver.

10.222(5) Additional information. Prior to issuing an order granting or denying a waiver, the department may request additional information from the petitioner relative to the petition and surrounding circumstances. If the petition was not filed in a contested case, the department may, on

its own motion or at the petitioner's request, schedule a telephonic or in-person meeting between the petitioner and a representative or representatives of the department related to the waiver request.

10.222(6) Notice. The department shall acknowledge a petition upon receipt. The department shall ensure that, within 30 days of the receipt of the petition, notice of the pending petition and a concise summary of its contents have been provided to all persons to whom notice is required by any provision of law, including the petitioner. In addition, the department may give notice to other persons. To accomplish this notice provision, the department may require the petitioner to serve the notice on all persons to whom notice is required by any provision of law, and provide a written statement to the department attesting that notice has been provided.

10.222(7) Hearing procedures. The provisions of Iowa Code sections 17A.10 to 17A.18A regarding contested case hearings shall apply to any petition for a waiver filed within a contested case, and shall otherwise apply to department proceedings for a waiver only when the department so provides by rule or order or is required to do so by statute.

10.222(8) Ruling. An order granting or denying a waiver shall be in writing and shall contain a reference to the particular person or legal entity and rule or portion thereof to which the order pertains, a statement of the relevant facts and reasons upon which the action is based, and a description of the precise scope and duration of the waiver if one is issued.

a. Departmental discretion. The final decision on whether the circumstances justify the granting of a waiver shall be made at the sole discretion of the department, upon consideration of all relevant factors. Each petition for a waiver shall be evaluated by the department based on the unique, individual circumstances set out in the petition.

b. Burden of persuasion. The burden of persuasion rests with the petitioner to demonstrate by clear and convincing evidence that the department should exercise its discretion to grant a waiver from a rule.

c. Narrowly tailored. A waiver, if granted, shall provide the narrowest exception possible to the provisions of a rule.

d. Administrative deadlines. When the rule from which a waiver is sought establishes administrative deadlines, the department shall balance the special individual circumstances of the petitioner with the overall goal of uniform treatment of all similarly situated persons.

e. Conditions. The department may place on a waiver any condition that the department finds desirable to protect the public health, safety, and welfare.

f. Time period of waiver. A waiver shall not be permanent unless the petitioner can show that a temporary waiver would be impracticable. If a temporary waiver is granted, there is no automatic right to renewal. At the sole discretion of the department, a waiver may be renewed if the department finds that grounds for a waiver continue to exist.

g. Time for ruling. The department shall grant or deny a petition for a waiver as soon as practicable but, in any event, shall do so within 120 days of its receipt, unless the petitioner agrees to a later date. However, if a petition is filed in a contested case, the department shall grant or deny the petition no later than the time at which the final decision in that contested case is issued.

h. When deemed denied. Failure of the department to grant or deny a petition within the required time period shall be deemed a denial of that petition by the department. However, the department shall remain responsible for issuing an order denying a waiver.

i. Service of order. Within seven days of its issuance, any order issued under this rule shall be transmitted or delivered to the petitioner or the person to whom the order pertains, and to any other person entitled to such notice by any provision of law.

10.222(9) All orders granting or denying a waiver petition shall be indexed, filed, and available for public inspection as provided in Iowa Code section 17A.3. Petitions for a waiver and orders granting or denying a waiver petition are public records under Iowa Code chapter 22. Some petitions or orders may contain information the department is authorized or required to keep confidential. The department may accordingly redact confidential information from petitions or orders prior to public inspection.

10.222(10) Submission of waiver information. When the department grants a waiver, the department shall submit information required by Iowa Code section 17A.9A and in the manner prescribed by Iowa

Code section 17A.9 within 60 days. The Internet site shall identify the rules for which a waiver has been granted or denied, the number of times a waiver was granted or denied for each rule, a citation to the statutory provisions implemented by these rules, and a general summary of the reasons justifying the department’s actions on waiver requests. If practicable, the department shall include information detailing the extent to which the granting of a waiver has affected the general applicability of the rule itself.

10.222(11) Cancellation of a waiver. A waiver issued by the department pursuant to this chapter may be withdrawn, canceled, or modified if, after appropriate notice and hearing, the department issues an order finding any of the following:

- a. The petitioner or the person who was the subject of the waiver order withheld or misrepresented material facts relevant to the propriety or desirability of the waiver; or
- b. The alternative means for ensuring that the public health, safety and welfare will be adequately protected after issuance of the waiver order have been demonstrated to be insufficient; or
- c. The subject of the waiver order has failed to comply with all conditions contained in the order.

10.222(12) Violations. Violation of a condition in a waiver order shall be treated as a violation of the particular rule for which the waiver was granted. As a result, the recipient of a waiver under this chapter who violates a condition of the waiver may be subject to the same remedies or penalties as a person who violates the rule at issue.

10.222(13) Defense. After the department issues an order granting a waiver, the order is a defense within its terms and the specific facts indicated therein only for the person to whom the order pertains in any proceeding in which the rule in question is sought to be invoked.

10.222(14) Judicial review. Judicial review of the department’s decision to grant or deny a waiver petition may be taken in accordance with Iowa Code chapter 17A.

10.222(15) Sample petition for waiver. A petition for waiver filed in accordance with this chapter must meet the requirements specified herein and must substantially conform to the following form:

BEFORE THE IOWA DEPARTMENT OF PUBLIC SAFETY

Petition by (name of petitioner) for the
waiver of (insert rule citation)
relating to (insert the subject matter).

PETITION FOR
WAIVER

1. Provide the name, address, and telephone number of the petitioner (person asking for a waiver). Also provide the name, address, and telephone number of the petitioner’s legal representative, if applicable, and a statement indicating the person to whom communications concerning the petition should be directed.

2. Describe and cite the specific rule from which a waiver is requested.

3. Describe the specific waiver requested, including the precise scope and time period for which the waiver will extend.

4. Explain the relevant facts and reasons that the petitioner believes justify a waiver. Include in the answer all of the following:

- Why applying the rule would result in undue hardship to the petitioner;
- Why waiving the rule would not prejudice the substantial legal rights of any person;
- Whether the provisions of the rule subject to the waiver are specifically mandated by statute or another provision of law; and
- How substantially equal protection of public health, safety, and welfare will be afforded by a means other than that prescribed in the particular rule for which the waiver is requested.

5. Provide a history of any prior contacts between the department, other departments or agencies of the state of Iowa, or political subdivisions and petitioner relating to the regulated activity or license that would be affected by the waiver. Include a description of each affected license held by the petitioner, any formal charges filed, any notices of violation, any contested case hearings held, or any investigations related to the regulated activity, license, registration, certification, or permit.

6. Provide information known to the petitioner regarding the department's action in similar cases.
7. Provide the name, address, and telephone number of any public agency or political subdivision that also regulates the activity in question or that might be affected by the granting of the petition.
8. Provide the name, address, and telephone number of any person or entity that would be adversely affected by the granting of the waiver.
9. Provide the name, address, and telephone number of any person with knowledge of the relevant facts relating to the proposed waiver.
10. Provide signed releases of information authorizing persons with knowledge regarding the request to furnish the department with information relevant to the waiver.

I hereby attest to the accuracy and truthfulness of the above information.

661—10.223 to 10.300 Reserved.

CONTESTED CASES

661—10.301(17A) Scope and applicability. Rules 661—10.301(17A) to 661—10.332(17A) apply to contested case proceedings conducted by the department.

661—10.302(17A) Definitions. Except where otherwise specifically defined by law:

“*Contested case*” means a proceeding defined by Iowa Code section 17A.2(5) and includes any matter defined as a no factual dispute contested case under 1998 Iowa Acts, chapter 1202, section 14.

“*Issuance*” means the date of mailing of a decision or order or date of delivery if service is by other means unless another date is specified in the order.

“*Party*” means each person or agency named or admitted as a party or properly seeking and entitled as of right to be admitted as a party.

“*Presiding officer*” means the commissioner of public safety or other person designated by the commissioner to preside over a contested case proceeding.

“*Proposed decision*” means the presiding officer's recommended findings of fact, conclusions of law, decision, and order in a contested case in which the commissioner of public safety did not preside.

661—10.303(17A) Time requirements.

10.303(1) Time shall be computed as provided in Iowa Code subsection 4.1(34).

10.303(2) For good cause, the presiding officer may extend or shorten the time to take any action, except as precluded by statute or by other provision of law. Except for good cause stated in the record, before extending or shortening the time to take any action, the presiding officer shall afford all parties an opportunity to be heard or to file written arguments.

661—10.304(17A) Requests for contested case proceeding. Any person claiming an entitlement to a contested case proceeding shall file a written request for such a proceeding within the time specified by the particular rules or statutes governing the subject matter or, in the absence of such law, the time specified in the agency action in question.

The request for a contested case proceeding should state the name and address of the requester, identify the specific agency action which is disputed, and where the requester is represented by a lawyer identify the provisions of law or precedent requiring or authorizing the holding of a contested case proceeding in the particular circumstances involved, and include a short and plain statement of the issues of material fact in dispute.

Requests for contested case proceedings shall be filed with the Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319.

[Editorial change: IAC Supplement 2/11/09]

661—10.305(17A) Notice of hearing.

10.305(1) Delivery. Delivery of the notice of hearing constitutes the commencement of the contested case proceeding. Delivery may be executed by:

- a. Personal service as provided in the Iowa Rules of Civil Procedure; or
- b. Certified mail, return receipt requested; or
- c. First-class mail; or
- d. Publication, as provided in the Iowa Rules of Civil Procedure.

10.305(2) Contents. The notice of hearing shall contain the following information:

- a. A statement of the time, place, and nature of the hearing;
- b. A statement of the legal authority and jurisdiction under which the hearing is to be held;
- c. A reference to the particular sections of the statutes and rules involved;
- d. A short and plain statement of the matters asserted. If the department or other party is unable to state the matters in detail at the time the notice is served, the initial notice may be limited to a statement of the issues involved. Thereafter, upon application, a more definite and detailed statement shall be furnished;
- e. Identification of all parties including the name, address and telephone number of the person who will act as advocate for the department or the state and of parties' counsel where known;
- f. Reference to the procedural rules governing conduct of the contested case proceeding;
- g. Reference to the procedural rules governing informal settlement;
- h. Identification of the presiding officer, if known. If not known, a description of who will serve as presiding officer; and
- i. Notification of the time period in which a party may request, pursuant to 1998 Iowa Acts, chapter 1202, section 15(1), and rule 661—10.306(17A), that the presiding officer be an administrative law judge.

661—10.306(17A) Presiding officer.

10.306(1) Any party who wishes to request that the presiding officer assigned to render a proposed decision be an administrative law judge employed by the department of inspections and appeals must file a written request within 20 days after service of a notice of hearing which identifies or describes the presiding officer as the agency head.

10.306(2) The commissioner of public safety or the commissioner's designee may deny the request only upon a finding that one or more of the following apply:

- a. Neither the department nor any officer of the agency under whose authority the contested case is to take place is a named party to the proceeding or a real party in interest to that proceeding.
- b. There is a compelling need to expedite issuance of a final decision in order to protect the public health, safety, or welfare.
- c. An administrative law judge is unavailable to hear the case within a reasonable time.
- d. The case involves significant policy issues of first impression that are inextricably intertwined with the factual issues presented.
- e. The demeanor of the witnesses is likely to be dispositive in resolving the disputed factual issues.
- f. Funds are unavailable to pay the costs of an administrative law judge and an interagency appeal.
- g. The request was not timely filed.
- h. The request is not consistent with a specified statute.

10.306(3) The commissioner or the commissioner's designee shall issue a written ruling specifying the grounds for its decision within 20 days after a request for an administrative law judge is filed. If the ruling is contingent upon the availability of an administrative law judge with the qualifications

identified in subrule 10.306(4), the parties shall be notified at least 10 days prior to hearing if a qualified administrative law judge will not be available.

10.306(4) Reserved.

10.306(5) Except as provided otherwise by another provision of law, all rulings by an administrative law judge acting as presiding officer are subject to appeal to the agency. A party must seek any available intra-agency appeal in order to exhaust adequate administrative remedies.

10.306(6) Unless otherwise provided by law, the commissioner, when reviewing a proposed decision upon intra-agency appeal, shall have the powers of and shall comply with the provisions of this chapter which apply to presiding officers.

661—10.307(17A) Waiver of procedures. Unless otherwise precluded by law, the parties in a contested case proceeding may waive any provision of this chapter. However, the department in its discretion may refuse to give effect to such a waiver when it deems the waiver to be inconsistent with the public interest.

661—10.308(17A) Telephone proceedings. The presiding officer may resolve preliminary procedural motions by telephone conference in which all parties have an opportunity to participate. Other telephone proceedings may be held with the consent of all parties. The presiding officer will determine the location of the parties and witnesses for telephone hearings. The convenience of the witnesses or parties, as well as the nature of the case, will be considered when location is chosen.

661—10.309(17A) Disqualification.

10.309(1) A presiding officer or other person shall withdraw from participation in the making of any proposed or final decision in a contested case if that person:

- a.* Has a personal bias or prejudice concerning a party or a representative of a party;
- b.* Has personally investigated, prosecuted or advocated in connection with that case, the specific controversy underlying that case, another pending factually related contested case, or a pending factually related controversy that may culminate in a contested case involving the same parties;
- c.* Is subject to the authority, direction or discretion of any person who has personally investigated, prosecuted or advocated in connection with that contested case, the specific controversy underlying that contested case, or a pending factually related contested case or controversy involving the same parties;
- d.* Has acted as counsel to any person who is a private party to that proceeding within the past two years;
- e.* Has a personal financial interest in the outcome of the case or any other significant personal interest that could be substantially affected by the outcome of the case;
- f.* Has a spouse or relative within the third degree of relationship that: (1) is a party to the case, or an officer, director or trustee of a party; (2) is a lawyer in the case; (3) is known to have an interest that could be substantially affected by the outcome of the case; or (4) is likely to be a material witness in the case; or
- g.* Has any other legally sufficient cause to withdraw from participation in the decision making in that case.

10.309(2) The term “personally investigated” means taking affirmative steps to interview witnesses directly or to obtain documents or other information directly. The term “personally investigated” does not include general direction and supervision of assigned investigators, unsolicited receipt of information which is relayed to assigned investigators, review of another person’s investigative work product in the course of determining whether there is probable cause to initiate a proceeding, or exposure to factual information while performing other agency functions, including fact gathering for purposes other than investigation of the matter which culminates in a contested case. Factual information relevant to the merits of a contested case received by a person who later serves as presiding officer in that case shall be disclosed if required by Iowa Code section 17A.17 as amended by 1998 Iowa Acts, chapter 1202, section 19, and subrules 10.309(3) and 10.323(9).

10.309(3) In a situation where a presiding officer or other person knows of information which might reasonably be deemed to be a basis for disqualification and decides voluntary withdrawal is unnecessary,

that person shall submit the relevant information for the record by affidavit and shall provide for the record a statement of the reasons for the determination that withdrawal is unnecessary.

10.309(4) If a party asserts disqualification on any appropriate ground, including those listed in subrule 10.309(1), the party shall file a motion supported by an affidavit pursuant to 1998 Iowa Acts, chapter 1202, section 19(7). The motion must be filed as soon as practicable after the reason alleged in the motion becomes known to the party.

If, during the course of the hearing, a party first becomes aware of evidence of bias or other grounds for disqualification, the party may move for disqualification but must establish the grounds by the introduction of evidence into the record.

If the presiding officer determines that disqualification is appropriate, the presiding officer or other person shall withdraw. If the presiding officer determines that withdrawal is not required, the presiding officer shall enter an order to that effect. A party asserting disqualification may seek an interlocutory appeal under rule 661—10.325(17A) and seek a stay under rule 661—10.329(17A).

661—10.310(17A) Consolidation—severance.

10.310(1) *Consolidation.* The presiding officer may consolidate any or all matters at issue in two or more contested case proceedings where: (a) the matters at issue involve common parties or common questions of fact or law; (b) consolidation would expedite and simplify consideration of the issues involved; and (c) consolidation would not adversely affect the rights of any of the parties to those proceedings.

10.310(2) *Severance.* The presiding officer may, for good cause shown, order any contested case proceedings or portions thereof severed.

661—10.311(17A) Pleadings. Formal pleadings are not required in cases initiated by a notice of appeal or a notice of claim. However, the presiding officer may order the parties to file formal pleadings in any case.

661—10.312(17A) Service and filing of pleadings and other papers.

10.312(1) *When service required.* Except where otherwise provided by law, every pleading, motion, document, or other paper filed in a contested case proceeding and every paper relating to discovery in such a proceeding shall be served upon each of the parties of record to the proceeding, including the person designated as advocate or prosecutor for the state or the department, simultaneously with their filing. Except for the original notice of hearing and an application for rehearing as provided in Iowa Code section 17A.16(2), the party filing a document is responsible for service on all parties.

10.312(2) *Service—how made.* Service upon a party represented by an attorney shall be made upon the attorney unless otherwise ordered. Service is made by delivery or by mailing a copy to the person's last-known address. Service by mail is complete upon mailing, except where otherwise specifically provided by statute, rule, or order.

10.312(3) *Filing—when required.* After the notice of hearing, all pleadings, motions, documents or other papers in a contested case proceeding shall be filed with the Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319. All pleadings, motions, documents or other papers that are required to be served upon a party shall be filed simultaneously with the department.

10.312(4) *Filing—when made.* Except where otherwise provided by law, a document is deemed filed at the time it is delivered to the Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, delivered to an established courier service for immediate delivery to that office, or mailed by first-class mail or state interoffice mail to that office, so long as there is proof of mailing.

10.312(5) *Proof of mailing.* Proof of mailing includes either: a legible United States Postal Service postmark on the envelope, a certificate of service, a notarized affidavit, or a certification in substantially the following form:

I certify under penalty of perjury and pursuant to the laws of Iowa that, on (date of mailing), I mailed copies of (describe document) addressed to the Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, and to the names and addresses of the parties listed below by depositing the same in (a United States post office mailbox with correct postage properly affixed or state interoffice mail).

661—10.313(17A) Discovery.

10.313(1) Discovery procedures applicable in civil actions are applicable in contested cases. Unless lengthened or shortened by these rules or by order of the presiding officer, time periods for compliance with discovery shall be as provided in the Iowa Rules of Civil Procedure.

10.313(2) Any motion relating to discovery shall allege that the moving party has previously made a good-faith attempt to resolve the discovery issues involved with the opposing party. Motions in regard to discovery shall be ruled upon by the presiding officer. Opposing parties shall be afforded the opportunity to respond within ten days of the filing of the motion unless the time is shortened as provided in subrule 10.313(1). The presiding officer may rule on the basis of the written motion and any response, or may order argument on the motion.

10.313(3) Evidence obtained in discovery may be used in the contested case proceeding if that evidence would otherwise be admissible in that proceeding.

661—10.314(17A) Subpoenas.

10.314(1) Issuance.

a. An agency subpoena shall be issued to a party on request. Such a request must be in writing. In the absence of good cause for permitting later action, a request for a subpoena must be received at least three days before the scheduled hearing. The request shall include the name, address, and telephone number of the requesting party.

b. Except to the extent otherwise provided by law, parties are responsible for service of their own subpoenas and payment of witness fees and mileage expenses.

10.314(2) *Motion to quash or modify.* The presiding officer may quash or modify a subpoena for any lawful reason upon motion in accordance with the Iowa Rules of Civil Procedure. A motion to quash or modify a subpoena shall be set for argument promptly.

661—10.315(17A) Motions.

10.315(1) No technical form for motions is required. However, prehearing motions must be in writing, state the grounds for relief, and state the relief sought.

10.315(2) Any party may file a written response to a motion within ten days after the motion is served, unless the time period is extended or shortened by rules of the department or the presiding officer. The presiding officer may consider a failure to respond within the required time period in ruling on a motion.

10.315(3) The presiding officer may schedule oral argument on any motion.

10.315(4) Motions pertaining to the hearing must be filed and served at least ten days prior to the date of hearing unless there is good cause for permitting later action or the time for such action is lengthened or shortened by administrative rule or an order of the presiding officer.

661—10.316(17A) Prehearing conference.

10.316(1) Any party may request a prehearing conference. A written request for prehearing conference or an order for prehearing conference on the presiding officer's own motion shall be filed not less than seven days prior to the hearing date. A prehearing conference shall be scheduled not less than three business days prior to the hearing date.

Written notice of the prehearing conference shall be given by the presiding officer to all parties. For good cause the presiding officer may permit variances from this rule.

10.316(2) Each party shall bring to the prehearing conference:

- a.* A final list of the witnesses who the party anticipates will testify at hearing. Witnesses not listed may be excluded from testifying unless there was good cause for the failure to include their names; and
- b.* A final list of exhibits which the party anticipates will be introduced at hearing. Exhibits other than rebuttal exhibits that are not listed may be excluded from admission into evidence unless there was good cause for the failure to include them.
- c.* Witness or exhibit lists may be amended subsequent to the prehearing conference within the time limits established by the presiding officer at the prehearing conference. Any such amendments must be served on all parties.

10.316(3) In addition to the requirements of subrule 10.316(2), the parties at a prehearing conference may:

- a.* Enter into stipulations of law or fact;
- b.* Enter into stipulations on the admissibility of exhibits;
- c.* Identify matters which the parties intend to request be officially noticed;
- d.* Enter into stipulations for waiver of any provision of law; and
- e.* Consider any additional matters which will expedite the hearing.

10.316(4) Prehearing conferences shall be conducted by telephone unless otherwise ordered. Parties shall exchange and receive witness and exhibit lists in advance of a telephone prehearing conference.

661—10.317(17A) Continuances. Unless otherwise provided, applications for continuances shall be made to the presiding officer.

10.317(1) A written application for a continuance shall:

- a.* Be made at the earliest possible time and no less than seven days before the hearing except in case of unanticipated emergencies;
- b.* State the specific reasons for the request; and
- c.* Be signed by the requesting party or the party's representative.

An oral application for a continuance may be made if the presiding officer waives the requirement for a written motion. However, a party making such an oral application for a continuance must confirm that request by written application within five days after the oral request unless that requirement is waived by the presiding officer. No application for continuance shall be made or granted without notice to all parties except in an emergency where notice is not feasible. The department may waive notice of such requests for a particular case or an entire class of cases.

10.317(2) In determining whether to grant a continuance, the presiding officer may consider:

- a.* Prior continuances;
- b.* The interests of all parties;
- c.* The likelihood of informal settlement;
- d.* The existence of an emergency;
- e.* Any objection;
- f.* Any applicable time requirements;
- g.* The existence of a conflict in the schedules of counsel, parties, or witnesses;
- h.* The timeliness of the request; and
- i.* Other relevant factors.

The presiding officer may require documentation of any grounds for continuance.

661—10.318(17A) Withdrawals. A party requesting a contested case proceeding may withdraw that request prior to the hearing. Unless otherwise provided, a withdrawal shall be with prejudice.

661—10.319(17A) Intervention.

10.319(1) Motion. A motion for leave to intervene in a contested case proceeding shall state the grounds for the proposed intervention, the position and interest of the proposed intervenor, and the

possible impact of intervention on the proceeding. A proposed answer or petition in intervention shall be attached to the motion. Any party may file a response within 14 days of service of the motion to intervene unless the time period is extended or shortened by the presiding officer.

10.319(2) *When filed.* Motion for leave to intervene shall be filed as early in the proceeding as possible to avoid adverse impact on existing parties or the conduct of the proceeding. Unless otherwise ordered, a motion for leave to intervene shall be filed before the prehearing conference, if any, or at least 20 days before the date scheduled for hearing. Any later motion must contain a statement of good cause for the failure to file in a timely manner. Unless inequitable or unjust, an intervenor shall be bound by any agreement, arrangement, or other matter previously raised in the case. Requests by untimely intervenors for continuances which would delay the proceeding will ordinarily be denied.

10.319(3) *Grounds for intervention.* The movant shall demonstrate that: (a) intervention would not unduly prolong the proceedings or otherwise prejudice the rights of existing parties; (b) the movant is likely to be aggrieved or adversely affected by a final order in the proceeding; and (c) the interests of the movant are not adequately represented by existing parties.

10.319(4) *Effect of intervention.* If appropriate, the presiding officer may order consolidation of the petitions and briefs of different parties whose interests are aligned with each other and limit the number of representatives allowed to participate actively in the proceedings. A person granted leave to intervene is a party to the proceeding. The order granting intervention may restrict the issues that may be raised by the intervenor or otherwise condition the intervenor's participation in the proceeding.

661—10.320(17A) Hearing procedures.

10.320(1) The presiding officer presides at the hearing, and may rule on motions, require briefs, issue a proposed decision, and issue such orders and rulings as will ensure the orderly conduct of the proceedings.

10.320(2) All objections shall be timely made and stated on the record.

10.320(3) Parties have the right to participate or to be represented in all hearings or prehearing conferences related to their case. Partnerships, corporations, or associations may be represented by any member, officer, director, or duly authorized agent. Any party may be represented by an attorney or another person authorized by law.

10.320(4) Subject to terms and conditions prescribed by the presiding officer, parties have the right to introduce evidence on issues of material fact, cross-examine witnesses present at the hearing as necessary for a full and true disclosure of the facts, present evidence in rebuttal, and submit briefs and engage in oral argument.

10.320(5) The presiding officer shall maintain the decorum of the hearing and may refuse to admit or may expel anyone whose conduct is disorderly.

10.320(6) Witnesses may be sequestered during the hearing.

10.320(7) The presiding officer shall conduct the hearing in the following manner:

a. The presiding officer shall give an opening statement briefly describing the nature of the proceedings;

b. The parties shall be given an opportunity to present opening statements;

c. Parties shall present their cases in the sequence determined by the presiding officer;

d. Each witness shall be sworn or affirmed by the presiding officer or the court reporter, and be subject to examination and cross-examination. The presiding officer may limit questioning in a manner consistent with law;

e. When all parties and witnesses have been heard, parties may be given the opportunity to present final arguments.

661—10.321(17A) Evidence.

10.321(1) The presiding officer shall rule on admissibility of evidence and may, where appropriate, take official notice of facts in accordance with all applicable requirements of law.

10.321(2) Stipulation of facts is encouraged. The presiding officer may make a decision based on stipulated facts.

10.321(3) Evidence in the proceeding shall be confined to the issues as to which the parties received notice prior to the hearing unless the parties waive their right to such notice or the presiding officer determines that good cause justifies expansion of the issues. If the presiding officer decides to admit evidence on issues outside the scope of the notice over the objection of a party who did not have actual notice of those issues, that party, upon timely request, shall receive a continuance sufficient to amend pleadings and to prepare on the additional issue.

10.321(4) The party seeking admission of an exhibit must provide opposing parties with an opportunity to examine the exhibit prior to the ruling on its admissibility. Copies of documents should normally be provided to opposing parties.

All exhibits admitted into evidence shall be appropriately marked and be made part of the record.

10.321(5) Any party may object to specific evidence or may request limits on the scope of any examination or cross-examination. Such an objection shall be accompanied by a brief statement of the grounds upon which it is based. The objection, the ruling on the objection, and the reasons for the ruling shall be noted in the record. The presiding officer may rule on the objection at the time it is made or may reserve a ruling until the written decision.

10.321(6) Whenever evidence is ruled inadmissible, the party offering that evidence may submit an offer of proof on the record. The party making the offer of proof for excluded oral testimony shall briefly summarize the testimony or, with permission of the presiding officer, present the testimony. If the excluded evidence consists of a document or exhibit, it shall be marked as part of an offer of proof and inserted in the record.

661—10.322(17A) Default.

10.322(1) If a party fails to appear or participate in a contested case proceeding after proper service of notice, the presiding officer may, if no adjournment is granted, enter a default decision or proceed with the hearing and render a decision in the absence of the party.

10.322(2) Where appropriate and not contrary to law, any party may move for default against a party who has requested the contested case proceeding and has failed to file a required pleading or has failed to appear after proper service.

10.322(3) Default decisions or decisions rendered on the merits after a party has failed to appear or participate in a contested case proceeding become final agency action unless, within 15 days, or other period of time specified by statute or rule, after the date of notification or mailing of the decision, a motion to vacate is filed and served on all parties or an appeal of a decision on the merits is timely initiated within the time provided by rule 661—10.327(17A). A motion to vacate must state all facts relied upon by the moving party which establish that good cause existed for that party's failure to appear or participate at the contested case proceeding. Each fact so stated must be substantiated by at least one sworn affidavit of a person with personal knowledge of each such fact, which affidavit(s) must be attached to the motion.

10.322(4) The time for further appeal of a decision for which a timely motion to vacate has been filed is stayed pending a decision on the motion to vacate.

10.322(5) Properly substantiated and timely filed motions to vacate shall be granted only for good cause shown. The burden of proof as to good cause is on the moving party. Adverse parties shall have ten days, or other time specified by the presiding officer, to respond to a motion to vacate. Adverse parties shall be allowed to conduct discovery as to the issue of good cause and to present evidence on the issue prior to a decision on the motion, if a request to do so is included in that party's response.

10.322(6) "Good cause" for purposes of this rule shall have the same meaning as "good cause" for setting aside a default judgment under Iowa Rule of Civil Procedure 236.

10.322(7) A decision denying a motion to vacate is subject to further appeal within the time limit allowed for further appeal of a decision on the merits in the contested case proceeding. A decision granting a motion to vacate is subject to interlocutory appeal by the adverse party pursuant to rule 661—10.325(17A).

10.322(8) If a motion to vacate is granted and no timely interlocutory appeal has been taken, the presiding officer shall issue another notice of hearing and the contested case shall proceed accordingly.

10.322(9) A default decision may award any relief consistent with the request for relief made in the petition and embraced in its issues but, unless the defaulting party has appeared, it cannot exceed the relief demanded.

10.322(10) A default decision may provide either that the default decision is to be stayed pending a timely motion to vacate or that the default decision is to take effect immediately, subject to a request for stay under rule 661—10.329(17A).

661—10.323(17A) Ex parte communication.

10.323(1) Prohibited communications. Unless required for the disposition of ex parte matters specifically authorized by statute, following issuance of the notice of hearing, there shall be no communication, directly or indirectly, between the presiding officer and any party or representative of any party or any other person with a direct or indirect interest in such case in connection with any issue of fact or law in the case except upon notice and opportunity for all parties to participate. This does not prohibit persons jointly assigned such tasks from communicating with each other. Nothing in this provision is intended to preclude the presiding officer from communicating with members of the agency or seeking the advice or help of persons other than those with a personal interest in, or those engaged in personally investigating as defined in subrule 10.309(2), prosecuting, or advocating in, either the case under consideration or a pending factually related case involving the same parties as long as those persons do not directly or indirectly communicate to the presiding officer any ex parte communications they have received of a type that the presiding officer would be prohibited from receiving or that furnish, augment, diminish, or modify the evidence in the record.

10.323(2) Prohibitions on ex parte communications commence with the issuance of the notice of hearing in a contested case and continue for as long as the case is pending.

10.323(3) Written, oral or other forms of communication are “ex parte” if made without notice and opportunity for all parties to participate.

10.323(4) To avoid prohibited ex parte communications, notice must be given in a manner reasonably calculated to give all parties a fair opportunity to participate. Notice of written communications shall be provided in compliance with rule 661—10.312(17A) and may be supplemented by telephone, facsimile, electronic mail or other means of notification. Where permitted, oral communications may be initiated through conference telephone call including all parties or their representatives.

10.323(5) Persons who jointly act as presiding officer in a pending contested case may communicate with each other without notice or opportunity for parties to participate.

10.323(6) The commissioner of public safety or other persons may be present in deliberations or otherwise advise the presiding officer without notice or opportunity for parties to participate as long as they are not disqualified from participating in the making of a proposed or final decision under any provision of law and they comply with subrule 10.323(1).

10.323(7) Communications with the presiding officer involving uncontested scheduling or procedural matters do not require notice or opportunity for parties to participate. Parties should notify other parties prior to initiating such contact with the presiding officer when feasible, and shall notify other parties when seeking to continue hearings or other deadlines pursuant to rule 661—10.317(17A).

10.323(8) Disclosure of prohibited communications. A presiding officer who receives a prohibited ex parte communication during the pendency of a contested case must initially determine if the effect of the communication is so prejudicial that the presiding officer should be disqualified. If the presiding officer determines that disqualification is warranted, a copy of any prohibited written communication, all written responses to the communication, a written summary stating the substance of any prohibited oral or other communication not available in written form for disclosure, all responses made, and the identity of each person from whom the presiding officer received a prohibited ex parte communication shall be submitted for inclusion in the record under seal by protective order or disclosed, as determined by the presiding officer. If the presiding officer determines that disqualification is not warranted, such documents shall be submitted for inclusion in the record and served on all parties. Any party desiring to

rebut the prohibited communication must be allowed the opportunity to do so upon written request filed within ten days after notice of the communication.

10.323(9) Promptly after being assigned to serve as presiding officer at any stage in a contested case proceeding, a presiding officer shall disclose to all parties material factual information received through ex parte communication prior to such assignment unless the factual information has already been or shortly will be disclosed pursuant to Iowa Code section 17A.13(2) or through discovery. Factual information contained in an investigative report or similar document need not be separately disclosed by the presiding officer as long as such documents have been or will shortly be provided to the parties.

10.323(10) The presiding officer may render a proposed or final decision imposing appropriate sanctions for violations of this rule including default, a decision against the offending party, censure, or suspension or revocation of the privilege to practice before the agency. Violation of ex parte communication prohibitions by department personnel shall be reported to the Professional Standards Bureau, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, for possible sanctions including censure, suspension, dismissal, or other disciplinary action.

[Editorial change: IAC Supplement 2/11/09]

661—10.324(17A) Recording costs. Upon request, the department shall provide a copy of the whole or any portion of the record at cost. The cost of preparing a copy of the record or of transcribing the hearing record shall be paid by the requesting party.

Parties who request that a hearing be recorded by certified shorthand reporters rather than by electronic means shall bear the cost of that recordation, unless otherwise provided by law.

661—10.325(17A) Interlocutory appeals. Upon written request of a party or on the commissioner's own motion, the commissioner of public safety may review an interlocutory order of the presiding officer. In determining whether to do so, the commissioner shall weigh the extent to which its granting the interlocutory appeal would expedite final resolution of the case and the extent to which review of that interlocutory order by the agency at the time it reviews the proposed decision of the presiding officer would provide an adequate remedy. Any request for interlocutory review must be filed within 14 days of issuance of the challenged order, but no later than the time for compliance with the order or the date of hearing, whichever is first.

661—10.326(17A) Final decision.

10.326(1) When commissioner of public safety presides over the reception of evidence at the hearing, the commissioner's decision is a final decision.

10.326(2) When the commissioner does not preside at the reception of evidence, the presiding officer shall make a proposed decision. The proposed decision becomes the final decision of the agency without further proceedings unless there is an appeal to, or review on motion of, the department within the time provided in rule 661—10.327(17A).

661—10.327(17A) Appeals and review.

10.327(1) Appeal by party. Any adversely affected party may appeal a proposed decision to the commissioner of public safety within 30 days after issuance of the proposed decision.

10.327(2) Review. The commissioner may initiate review of a proposed decision on the commissioner's own motion at any time within 30 days following the issuance of such a decision.

10.327(3) Notice of appeal. An appeal of a proposed decision is initiated by filing a timely notice of appeal with the Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319. The notice of appeal must be signed by the appealing party or a representative of that party and contain a certificate of service. The notice shall specify:

- a. The parties initiating the appeal;
- b. The proposed decision or order appealed from;

c. The specific findings or conclusions to which exception is taken and any other exceptions to the decision or order;

d. The relief sought;

e. The grounds for relief.

10.327(4) Requests to present additional evidence. A party may request the taking of additional evidence only by establishing that the evidence is material, that good cause existed for the failure to present the evidence at the hearing, and that the party has not waived the right to present the evidence. A written request to present additional evidence must be filed with the notice of appeal or, by a nonappealing party, within 14 days of service of the notice of appeal. The commissioner may remand a case to the presiding officer for further hearing or may preside at the taking of additional evidence.

10.327(5) Scheduling. The department shall issue a schedule for consideration of the appeal.

10.327(6) Briefs and arguments. Unless otherwise ordered, within 20 days of the notice of appeal or order for review, each appealing party may file exceptions and briefs. Within 20 days thereafter, any party may file a responsive brief. Briefs shall cite any applicable legal authority and specify relevant portions of the record in that proceeding. Written requests to present oral argument shall be filed with the briefs.

The commissioner may resolve the appeal on the briefs or provide an opportunity for oral argument. The commissioner may shorten or extend the briefing period as appropriate.

[Editorial change: IAC Supplement 2/11/09]

661—10.328(17A) Applications for rehearing.

10.328(1) By whom filed. Any party to a contested case proceeding may file an application for rehearing from a final order.

10.328(2) Content of application.

a. The application for rehearing shall state on whose behalf it is filed, the specific grounds for rehearing, and the relief sought. In addition, the application shall state whether the applicant desires reconsideration of all or part of the agency decision on the existing record and whether, on the basis of the grounds enumerated in subrule 10.327(4), the applicant requests an opportunity to submit additional evidence.

b. Substantially state in separate numbered paragraphs the following:

(1) Clear and concise statements of the reasons for requesting a rehearing and each and every error which the party alleges to have been committed during the contested case proceedings;

(2) Clear and concise statements of all relevant facts upon which the party relies;

(3) Refer to any particular statute or statutes and any rule or rules involved;

(4) The signature of the party or that of the representative.

10.328(3) Time of filing. The application shall be filed with the Office of the Commissioner, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, within 20 days after issuance of the final decision.

10.328(4) Notice to other parties. A copy of the application shall be timely mailed by the applicant to all parties of record not joining therein. If the application does not contain a certificate of service, the department shall serve copies on all parties.

10.328(5) Disposition. Any application for a rehearing shall be deemed denied unless the agency grants the application within 20 days after its filing.

[Editorial change: IAC Supplement 2/11/09]

661—10.329(17A) Stays of agency actions.

10.329(1) When available.

a. Any party to a contested case proceeding may petition the department for a stay of an order issued in that proceeding or for other temporary remedies, pending review by the agency. The petition shall be filed with the notice of appeal and shall state the reasons justifying a stay or other temporary remedy. The commissioner may rule on the stay or authorize the presiding officer to do so.

b. Any party to a contested case proceeding may petition the department for a stay or other temporary remedies pending judicial review of all or part of that proceeding. The petition shall state the reasons justifying a stay or other temporary remedy.

10.329(2) *When granted.* In determining whether to grant a stay, the presiding officer or commissioner shall consider the factors listed in 1998 Iowa Acts, chapter 1202, section 23(5c).

10.329(3) *Vacation.* A stay may be vacated by the issuing authority upon application of the department or any other party.

661—10.330(17A) No factual dispute contested cases. If the parties agree that no dispute of material fact exists as to a matter that would be a contested case if such a dispute of fact existed, the parties may present all relevant admissible evidence either by stipulation or otherwise as agreed by the parties, without necessity for the production of evidence at an evidentiary hearing. If such agreement is reached, a jointly submitted schedule detailing the method and timetable for submission of the record, briefs and oral argument should be submitted to the presiding officer for approval as soon as practicable. If the parties cannot agree, any party may file and serve a motion for summary judgment pursuant to the rules governing such motions.

661—10.331(17A) Emergency adjudicative proceedings.

10.331(1) *Necessary emergency action.* To the extent necessary to prevent or avoid immediate danger to the public health, safety, or welfare and, consistent with the Constitution and other provisions of law, the department may issue a written order in compliance with 1998 Iowa Acts, chapter 1202, section 21, to suspend a license in whole or in part, order the cessation of any continuing activity, order affirmative action, or take other action within the jurisdiction of the agency by emergency adjudicative order. Before issuing an emergency adjudicative order the agency shall consider factors including, but not limited to, the following:

a. Whether there has been a sufficient factual investigation to ensure that the department is proceeding on the basis of reliable information;

b. Whether the specific circumstances which pose immediate danger to the public health, safety or welfare have been identified and determined to be continuing;

c. Whether the person required to comply with the emergency adjudicative order may continue to engage in other activities without posing immediate danger to the public health, safety or welfare;

d. Whether imposition of monitoring requirements or other interim safeguards would be sufficient to protect the public health, safety or welfare; and

e. Whether the specific action contemplated by the department is necessary to avoid the immediate danger.

10.331(2) *Issuance of order.*

a. An emergency adjudicative order shall contain findings of fact, conclusions of law, and policy reasons to justify the determination of an immediate danger in the department's decision to take immediate action.

b. The written emergency adjudicative order shall be immediately delivered to persons who are required to comply with the order by utilizing one or more of the following procedures:

(1) Personal delivery;

(2) Certified mail, return receipt requested, to the last address on file with the department;

(3) Certified mail to the last address on file with the department;

(4) First-class mail to the last address on file with the department; or

(5) Fax. Fax may be used as the sole method of delivery if the person required to comply with the order has filed a written request that department orders be sent by fax and has provided a fax number for that purpose.

c. To the degree practicable, the department shall select the procedure for providing written notice that best ensures prompt, reliable delivery.

10.331(3) Oral notice. Unless the written emergency adjudicative order is provided by personal delivery on the same day that the order issues, the department shall make reasonable immediate efforts to contact by telephone the persons who are required to comply with the order.

10.331(4) Completion of proceedings. After the issuance of an emergency adjudicative order, the department shall proceed as quickly as feasible to complete any proceedings that would be required if the matter did not involve an immediate danger.

Issuance of a written emergency adjudicative order shall include notification of the date on which agency proceedings are scheduled for completion. After issuance of an emergency adjudicative order, continuance of further agency proceedings to a later date will be granted only in compelling circumstances upon application in writing.

661—10.332(17A) Burden of proof. Unless otherwise provided by law, the burden of proof in all contested case proceedings in which the department is a party shall be on the petitioner.

These rules are intended to implement Iowa Code chapter 17A as amended by 1998 Iowa Acts, chapter 1202.

CHAPTER 29
HUMAN TRAFFICKING PREVENTION TRAINING—LODGING PROVIDERS

661—29.1(80) Definitions. The definitions in Iowa Code section 80.45A(1) are adopted and incorporated herein.

[ARC 5973C, IAB 10/20/21, effective 11/24/21]

661—29.2(80) Establishment of training program. The department of public safety's human trafficking prevention training program certifies a lodging provider's voluntary completion of human trafficking prevention training. The program is established pursuant to Iowa Code section 80.45A. No lodging provider may accept public funds from a public employer or public employee without first receiving certification by the commissioner.

[ARC 5973C, IAB 10/20/21, effective 11/24/21]

661—29.3(80) Human trafficking prevention training program content. In order to receive approval by the commissioner, human trafficking prevention training shall include, at a minimum, all of the following:

29.3(1) A general overview of human trafficking.

29.3(2) A general overview of state law on human trafficking.

29.3(3) The definition of human trafficking and the commercial exploitation of children.

29.3(4) Guidance on the difference between labor trafficking and sex trafficking.

29.3(5) Guidance on how to recognize potential human trafficking victims.

29.3(6) Guidance on how to recognize potential human traffickers.

29.3(7) Guidance on how to identify activities commonly associated with human trafficking.

29.3(8) Safe and effective responses to human trafficking situations, including but not limited to how to report suspected human trafficking to proper law enforcement officials.

[ARC 5973C, IAB 10/20/21, effective 11/24/21]

661—29.4(80) Training providers.

29.4(1) Training. Human trafficking prevention training that meets the criteria of rule 661—29.3(80) may be offered by the office to combat human trafficking, a governmental agency, or a nongovernmental agency or community organization that has expertise in the area of human trafficking and approval by the commissioner. A list of certified training providers is maintained on the office to combat human trafficking website.

29.4(2) Approval process for organizations. Organizations shall not issue human trafficking prevention training certifications to lodging providers for purposes of this rule prior to receiving approval by the commissioner. To receive approval to conduct a training program, a training provider must apply through the office to combat human trafficking website and provide sufficient information to establish the training program meets the requirements of rule 661—29.3(80).

[ARC 5973C, IAB 10/20/21, effective 11/24/21]

661—29.5(80) Certification for lodging providers and their employees. Beginning January 1, 2022, lodging providers, in order to accept public funds for any of the purposes stated in Iowa Code section 80.45A(5) "c," must complete and certify to the commissioner that each of the lodging provider's employees has completed human trafficking prevention training. All current, certified lodging providers are listed on the office to combat human trafficking website.

29.5(1) Application. Any lodging provider seeking certification of completed human trafficking prevention training shall submit a completed application form to the office to combat human trafficking website. The online application form shall not be considered complete unless all required information is submitted, including verification of employee training certificates, and shall not be processed until it is complete.

NOTE: The website for human trafficking prevention training and certification for employees, lodging providers, and training providers is www.stophtiowa.org.

29.5(2) Fee. There is no fee for lodging providers to request or renew a trafficking prevention training certification. Approved organizational training providers, under subrule 29.4(2), may charge fees for training programs; however, lodging providers are under no obligation to utilize such training providers.

29.5(3) Maintenance of records. Lodging providers shall maintain up-to-date human trafficking prevention training certification records on all current employees, at all times, in order to maintain a valid certification. A lodging provider shall produce human trafficking prevention training records for each employee and complete employee lists upon request by the office to combat human trafficking at any time.

29.5(4) Revocation. The commissioner has authorized the office to combat human trafficking to revoke a lodging provider's certification at any time. If all employees of a certified lodging provider fail to renew their trainings every three years, the office to combat human trafficking shall remove the lodging provider from the approved list of providers and revoke the lodging provider's certification. Failure to maintain records of individual employee certifications may result in the revocation of a lodging provider's certification.

29.5(5) Certification expiration. All human trafficking prevention training certificates issued by the office to combat human trafficking shall bear an expiration date. All employees of a certified lodging provider must complete approved human trafficking prevention training every three years for the lodging provider to maintain a valid certification and to receive public funds.

29.5(6) Grace periods. Lodging providers are responsible for ensuring lodging certifications are current and valid, and that new employees successfully complete human trafficking prevention training. Employees shall have a grace period of 30 days from when their previous training certificate expires to complete a new, approved training. Certificates expire three years from the date on which they were issued.

a. Lodging providers. The application shall be filed no later than 30 days after beginning operation in this state or the date on which an existing training certification expires.

b. Employees of lodging providers. The application shall be filed no later than 30 days after the date of hire or the date on which an existing training certification expires.

CHAPTER 91
WEAPONS AND IOWA PROFESSIONAL PERMITS TO CARRY WEAPONS

[Prior to 5/9/07, see rules 661—4.1(724) to 661—4.12(17A,724)]

661—91.1(724) Definitions. The following definitions apply to rules in this chapter:

“Addicted to the use of alcohol” means physiological or psychological dependence on the continued use of alcohol, or a maladaptive pattern of alcohol use leading to significant occupational, educational, familial, social, legal, or health-related problems.

Alcohol addiction does not mean nonpathological alcohol use, such as social drinking or occasional or periodic intoxication not accompanied by disruption in social and family relationships, vocational or financial difficulties, or legal problems. Alcohol addiction also does not mean alcohol dependence with sustained full remission, as evidenced by a period of at least 12 months without instances or indicators of alcohol dependence or alcohol abuse. One or more instances of alcohol intoxication alone shall not constitute alcohol addiction, unless accompanied by alcohol dependence or a maladaptive pattern of alcohol use leading to significant occupational, educational, familial, social, legal, or health-related problems.

Any of the following shall create a presumption that a person is addicted to the use of alcohol:

1. Affirmation by the person that the person is addicted to the use of alcohol and has not achieved sustained full remission;
2. Treatment for alcohol dependence, abuse, or addiction within the last 12 months, not including follow-up treatment or attendance at support groups during a period of sustained full remission;
3. A diagnosis of alcohol dependence or alcohol abuse from a properly licensed medical or psychological professional in the past 12 months;
4. Two or more arrests, at least one of which resulted in a conviction, for unlawful use or possession of alcohol or other criminal act committed while under the influence of alcohol in the past 12 months;
5. Three or more arrests, at least one of which resulted in a conviction, for unlawful use or possession of alcohol or other criminal act committed while under the influence of alcohol in the past five years if the most recent arrest occurred in the past 12 months;
6. Disciplinary action taken by any employer or organization for prohibited use or possession of alcohol in the past 12 months;
7. Failure to successfully complete alcohol rehabilitation or treatment in the past 12 months;
8. One or more instances of founded child or dependent adult abuse related to alcohol use in the past five years;
9. A test of the person’s breath, blood, urine, or other bodily fluid which indicates that the person has engaged in unlawful acts involving alcohol, provided that the test was administered within the past 12 months; or
10. Documented reports or information from at least two credible sources that evidence a pattern of conduct indicating that the person is currently addicted to the use of alcohol as defined herein.

“Adjudicated as a mental defective” means a determination by a court, board, commission, or other lawful authority that a person, as a result of marked subnormal intelligence, or mental illness, incompetency, condition, or disease:

1. Is a danger to the person’s self or to others; or
2. Lacks the mental capacity to contract or manage the person’s own affairs.

The term shall include:

- A finding of insanity by a court in a criminal case; and
- Those persons found incompetent to stand trial or found not guilty by reason of lack of mental responsibility.

“Applicant” means a person who is applying for a permit to carry weapons.

“Approved training organization” means any firearm training organization that has satisfied the requirements to certify handgun safety training instructors eligible to offer handgun safety training in

Iowa for the purpose of obtaining an Iowa permit to carry weapons and has been approved by the commissioner.

“Background check” means an inquiry through the IOWA system to NICS, the IOWA and the National Crime Information Center (NCIC) systems person files and the driver’s license file of the applicant as well as other available sources of information to be used to determine eligibility.

“Commissioner” means the commissioner of the Iowa department of public safety or, as applicable, the commissioner’s designee.

“Committed to a mental institution” means a formal commitment of a person to a mental institution by a court, board, commission, or other lawful authority. The term includes a commitment to a mental institution involuntarily either as an inpatient or outpatient. The term includes commitment for mental defectiveness or mental illness. It also includes commitments for other reasons, such as for drug or alcohol abuse. The term does not include admission to a mental institution for observation or a voluntary admission to a mental institution.

“Crime punishable by imprisonment for a term exceeding one year” means any federal or state offense for which the maximum penalty, whether or not imposed, is capital punishment or imprisonment in excess of one year. The term shall not include any federal or state offenses pertaining to antitrust violations, unfair trade practices, restraints of trade, or other similar offenses relating to the regulation of business practices or any state offense classified by the laws of the state as a misdemeanor and punishable by a term of imprisonment of two years or less. What constitutes a conviction of such a crime shall be determined in accordance with the law of the jurisdiction in which the proceedings were held. Any conviction which has been expunged or set aside or for which a person has been pardoned or has had civil rights restored shall not be considered a conviction unless such pardon, expunction, or restoration of civil rights expressly provides that the person may not ship, transport, possess, or receive firearms, or unless the person is prohibited by the law of the jurisdiction in which the proceedings were held from receiving or possessing any firearms.

“Felony” means any crime punishable by imprisonment for a term exceeding one year as defined in this rule or any crime involving a firearm or explosive that is punishable by imprisonment for a term exceeding one year and is classified as a misdemeanor under the laws of this state.

“Firearm training documentation” means a photocopy of a certificate of completion or any similar document indicating completion of any firearm training program course; an affidavit from the instructor, school, organization or group that conducted or taught a firearm training program; a copy of or the display of an honorable discharge or general discharge under honorable conditions or Form DD-214 for personnel released or retired from active duty with the armed forces of the United States; or possession of a certificate of completion of basic training with a service record of successful completion of small arms training and qualification for active duty personnel in the armed forces of the United States.

“Firearm training program” means any National Rifle Association handgun safety training course; any handgun safety training course available to the general public utilizing instructors certified by the National Rifle Association, an organization approved by the Iowa department of public safety pursuant to Iowa Code section 724.9A as enacted by 2021 Iowa Acts, House File 756, section 20, or the Iowa law enforcement academy or another state’s department of public safety, state police department, or similar certifying body; any handgun safety training course offered for security guards, investigators, special deputies, or any division or subdivision of a law enforcement or security enforcement agency approved by the Iowa department of public safety; or completion of small arms training while serving with the armed forces of the United States. Any person or entity seeking approval by the Iowa department of public safety for a handgun safety training course offered for security guards, investigators, special deputies, or any division or subdivision of a law enforcement or security enforcement agency, other than those certified by the National Rifle Association, the Iowa department of public safety, or the Iowa law enforcement academy or courses conducted by instructors certified by the National Rifle Association or the Iowa law enforcement academy, shall submit a detailed description of the course content to the commissioner for review. Any handgun safety training course submitted for review shall be reviewed by the commissioner.

“Identification documentation for an Iowa resident” means any of the following:

1. A driver's license or nonoperator identification card that contains a photograph of the person and that has been issued by the Iowa department of transportation; or

2. A motor vehicle license or nonoperator identification card that contains a photograph of the person and that has been issued by a state other than Iowa and at least one current document indicating Iowa residency, including a residential lease agreement, utility bill, voter registration, tuition receipt for a college or university in Iowa, or other documentation that is acceptable to the officer issuing the permit and that indicates the intent of the person's presence in Iowa is something other than merely transitory in nature; or

3. A document which contains the name, place of residence, date of birth and photograph of the holder issued by or under the authority of the United States, a state or a political subdivision of a state and which is of a type intended or commonly accepted for the purpose of identification of individuals and at least one current document indicating Iowa residency, including a residential lease agreement, utility bill, voter registration, tuition receipt for a college or university in Iowa, or other documentation that is acceptable to the officer issuing the permit and that indicates the intent of the person's presence in Iowa is something other than merely transitory in nature; or

4. A motor vehicle license or nonoperator identification card that contains a photograph of the person and that has been issued by a state other than Iowa and a document indicating that the person is a member of the United States armed forces on active duty and whose permanent duty station is located in Iowa; or

5. A driver's license or nonoperator identification card that contains a photograph of the person and that has been issued by the Iowa department of transportation and an immigration document containing the alien registration number (ARN) of a permanent resident alien or nonimmigrant alien and documentation indicating that the person has resided in the state for at least 90 consecutive days prior to the person's making application. A nonimmigrant alien shall also be required to display a valid hunting license issued in any state, meet the requirements of an exception pursuant to 18 U.S.C. § 922(y)(2), or display a waiver granted by the United States Attorney General.

"Identification documentation for a nonresident" means a motor vehicle license or nonoperator identification card which has been issued by a state other than Iowa and which contains a photograph of the person to whom it was issued.

"IOWA system" means the Iowa on-line warrants and articles criminal justice information system operated by the Iowa department of public safety for use by law enforcement and criminal justice agencies in the exchange of criminal history and other criminal justice information.

"Misdemeanor crime of domestic violence" means an offense that:

1. Is a misdemeanor under federal or state law; and
2. Has, as an element, the use or attempted use of physical force, or the threatened use of a deadly weapon, committed by a current or former spouse, parent, or guardian of the victim, by a person with whom the victim shares a child in common, by a person who is cohabiting with or has cohabited with the victim as a spouse, parent, or guardian, or by a person similarly situated to a spouse, parent, or guardian of the victim.

"New application" means an application for an Iowa professional permit to carry weapons that is filed when the applicant does not currently hold an Iowa permit to carry weapons or when the applicant does not file the application at least 30 days prior to the expiration of a currently held Iowa permit to carry weapons.

"NICS" means the National Instant Criminal Background Check System established by the United States Attorney General pursuant to United States Code 18 U.S.C. § 922(t).

"Professional permit to carry weapons" means a permit to carry weapons issued to a person whose employment in a private investigation business or private security business licensed under Iowa Code chapter 80A, or whose employment as a peace officer, correctional officer with the Iowa department of corrections, private security officer, bank messenger or other person transporting property of a value requiring security, or whose employment in police work reasonably justifies that person's going armed. Property of value includes large quantities of cash transported in an armored car, negotiable instruments, gems, other high-value items transported by couriers, and other high-value property that

may be vulnerable. Such a permit is valid only while the permitted person is engaged in the employment stated on the permit and while the person is traveling to and from that employment.

“*Qualifying on a firing range*” means successful completion of a course of live fire on a firing range under the supervision of an instructor certified by the National Rifle Association, the Iowa law enforcement academy, or another state’s department of public safety, state police department, or similar certifying body.

“*Renewal application*” means an application for an Iowa professional permit to carry weapons filed at least 30 days prior to the expiration of a currently held permit.

“*State employee*” means a person whose need to go armed arises out of employment by the state of Iowa. “State employee” includes a railroad special agent as described in Iowa Code chapter 80.

“*Unlawful user of or addicted to any controlled substance*” means a person who uses a controlled substance and has lost the power of self-control with reference to the use of the controlled substance or any person who is a current user of a controlled substance in a manner other than as prescribed by a licensed physician. Such use is not limited to the use of drugs on a particular day, or within a matter of days or weeks before, but rather that the unlawful use has occurred recently enough to indicate that the individual is actively engaged in such conduct. A person may be an unlawful current user of a controlled substance even though the substance is not being used at the precise time the person applies for an Iowa permit to carry weapons or seeks to acquire a firearm or receives or possesses a firearm. An inference of current use may be drawn from evidence of a recent use or possession of a controlled substance or a pattern of use or possession that reasonably covers the present time, e.g., a conviction for use or possession of a controlled substance within the past year; multiple arrests for such offenses within the past five years if the most recent arrest occurred within the past year; or persons found through a drug test to use a controlled substance unlawfully, provided that the test was administered within the past year. For a current or former member of the armed forces, an inference of current use may be drawn from recent disciplinary or other administrative action based on confirmed drug use, e.g., court-martial conviction, nonjudicial punishment, or an administrative discharge based on drug use or drug rehabilitation failure. 661—91.3(724) Federal and state prohibitions—permit to carry weapons.

91.3(1) United States Code 18 U.S.C. § 922(g) prohibits the possession of any firearm by any person:

- a.* Who has been convicted in any court of a crime punishable by imprisonment for a term exceeding one year; or
 - b.* Who is a fugitive from justice; or
 - c.* Who is an unlawful user of or addicted to any controlled substance; or
 - d.* Who has been adjudicated as a mental defective or who has been committed to a mental institution; or
 - e.* Who, being an alien, is illegally or unlawfully in the United States. Persons lawfully admitted to the United States as immigrant or nonimmigrant aliens must have resided in Iowa for at least 90 continuous days before becoming eligible for an Iowa permit to carry weapons. Additionally, nonimmigrant aliens must display a current valid hunting license issued in any state, meet the requirements of an exception pursuant to 18 U.S.C. § 922(y)(2), or display a waiver granted by the United States Attorney General; or
 - f.* Who has been discharged from the armed forces under dishonorable conditions; or
 - g.* Who, having been a citizen of the United States, has renounced the person's citizenship; or
 - h.* Who is subject to a court order that:
 - (1) Was issued after a hearing for which such person received actual notice and at which such person had an opportunity to participate;
 - (2) Restrains such person from harassing, stalking, or threatening an intimate partner of such person or child of such intimate partner or person or from engaging in other conduct that would place an intimate partner in reasonable fear of bodily injury to the partner or child; and
 - (3) Includes a finding that such person represents a credible threat to the physical safety of such intimate partner or child or by its terms explicitly prohibits the use, attempted use, or threatened use of physical force against such intimate partner or child that would reasonably be expected to cause bodily injury; or
 - i.* Who has been convicted in any court of a misdemeanor crime of domestic violence.
- 91.3(2)** United States Code 18 U.S.C. § 922(n) prohibits the receiving of any firearm by any person:
- a.* Who is under indictment for a crime punishable by imprisonment for a term exceeding one year.
 - b.* Reserved.
- 91.3(3)** Iowa Code chapter 724 as amended by 2010 Iowa Acts, Senate File 2379, prohibits the issuance of an Iowa professional permit to carry weapons to any person:
- a.* Who is less than 18 years of age for a private security officer licensed by the Iowa department of public safety, or otherwise who is less than 21 years of age; or
 - b.* Who is addicted to the use of alcohol; or
 - c.* For whom probable cause exists to believe, based upon documented specific actions of the person, where at least one of the actions occurred within two years immediately preceding the date of the permit application, that the person is likely to use a weapon unlawfully or in such other manner as would endanger the person's self or others; or
 - d.* Who has been convicted of a felony in a state or federal court, or who has been adjudicated delinquent on the basis of conduct that would constitute a felony if committed by an adult; or
 - e.* Who is subject to a court order that:
 - (1) Was issued after a hearing for which such person received actual notice and at which such person had an opportunity to participate;
 - (2) Restrains such person from harassing, stalking, or threatening an intimate partner of such person or child of such intimate partner or person or from engaging in other conduct that would place an intimate partner in reasonable fear of bodily injury to the partner or child; and
 - (3) Includes a finding that such person represents a credible threat to the physical safety of such intimate partner or child or by its terms explicitly prohibits the use, attempted use, or threatened use of physical force against such intimate partner or child that would reasonably be expected to cause bodily injury; or
 - f.* Who has been convicted in any court of a misdemeanor crime of domestic violence; or

g. Who has, within the previous three years, been convicted of any serious or aggravated misdemeanor defined in Iowa Code chapter 708 not involving the use of a firearm or explosive.

661—91.4(724) Application procedures for an Iowa professional permit to carry weapons.

91.4(1) A nonresident of Iowa or a state employee who is required by employment to go armed may apply to the commissioner for a professional permit to carry weapons. The applicant shall comply with all of the following:

- a. Submit a fully and accurately completed and signed application for permit to carry weapons.
- b. Submit firearm training documentation. For a new application, training may have occurred at any time prior to the submission of the application. For a renewal application, training must have occurred within the 12-month period prior to the expiration date displayed on the applicant's current permit.
- c. Submit the required fee:
 - (1) \$50 for a new application, or
 - (2) \$25 for a renewal application.
- d. Display identification documentation as defined in rule 661—91.1(724) or provide a photocopy thereof.

91.4(2) The commissioner will return an incomplete application to the applicant.
[ARC 9238B, IAB 11/17/10, effective 1/1/11]

661—91.5(724) Issuance or denial of application for permit to carry weapons.

91.5(1) Upon receipt of a completed application, the commissioner shall conduct a background check to determine that issuance of a permit to the applicant is not prohibited pursuant to rule 661—91.3(724).

91.5(2) Within 30 days, the commissioner shall approve or deny an application submitted pursuant to subrule 91.4(1). The commissioner's failure to act within 30 days of receipt of a complete application shall result in an application's being deemed to have been approved.

91.5(3) A permit issued pursuant to this chapter may be delivered, at the discretion of the applicant, to the applicant by U.S. mail or may be picked up personally by the applicant or a person designated by the applicant.

91.5(4) In the event an application is denied pursuant to this chapter, the commissioner shall issue a written statement of the reasons for the denial.

91.5(5) The commissioner may conduct a background check annually on a person issued a permit to carry weapons pursuant to this chapter but such check shall not include a NICS inquiry.
[ARC 9238B, IAB 11/17/10, effective 1/1/11]

661—91.6(724) Suspension or revocation of permit to carry weapons.

91.6(1) When the commissioner finds that a person who has been issued a permit to carry weapons has been arrested for a disqualifying offense or is the subject of proceedings that could lead to the person's ineligibility for such permit, the commissioner may immediately suspend the permit.

91.6(2) A permit holder shall be notified immediately of such suspension by personal service or certified mail. The suspension shall become effective upon the permit holder's receipt of such notice. If notified by personal service, the permit shall be surrendered to the person serving such notice for return to the commissioner. If notified by certified mail, the permit holder will be instructed to return the permit to the commissioner.

91.6(3) If the arrest or proceeding does not result in a disqualifying conviction or finding against the permit holder, the commissioner shall immediately reinstate the permit upon proof of the matter's final disposition and shall return the permit to the permit holder.

91.6(4) If the arrest or proceeding results in a disqualifying conviction or finding against the permit holder, the commissioner shall revoke the permit.
[ARC 9238B, IAB 11/17/10, effective 1/1/11]

661—91.7(724) Appeals.

91.7(1) If the commissioner denies, suspends or revokes a professional permit to carry weapons for any reason other than the federal disqualifiers in subrule 91.3(1) or 91.3(2) or the reasons in paragraph 91.3(3) “e” or “f,” the applicant or permit holder may file an appeal with an administrative law judge by filing a copy of the denial, suspension, or revocation notice with a written statement that clearly states the applicant’s reasons rebutting the denial, suspension, or revocation.

91.7(2) If the commissioner denies, suspends or revokes a professional permit to carry weapons solely for one or more of the federal disqualifiers in subrule 91.3(1) or 91.3(2) or the reasons in paragraph 91.3(3) “e” or “f,” the applicant or permit holder may pursue relief of the NICS determination pursuant to Public Law 103-159.

91.7(3) The outcome of proceedings conducted pursuant to subrule 91.7(2) shall be binding on the commissioner.

[ARC 9238B, IAB 11/17/10, effective 1/1/11]

661—91.8(724) Reports and remittance to the state.

91.8(1) Each sheriff shall remit to the commissioner, by the seventh working day of the month that follows the month in which one or more permits to carry a weapon were issued, information about such permits, including the permit holder’s name, date of birth, NICS transaction number, type of permit issued and the portion of the fee to be remitted to the department as required by the Iowa Code. The reporting of issued permits to carry a weapon shall be in a format designated for that purpose.

91.8(2) Fees for each reporting period shall be remitted by the sheriff and shall be in the form of a check made payable to Iowa Department of Public Safety.

[ARC 9238B, IAB 11/17/10, effective 1/1/11]

661—91.9(724) Offensive weapons as collector’s items—method of classification. An offensive weapon, other than a machine gun, shall be classified by the commissioner as a collector’s item when the firearm is so defined as a curio or relic in 27 CFR 478.11 as published April 1, 2010, in the Code of Federal Regulations.

[ARC 9238B, IAB 11/17/10, effective 1/1/11]

661—91.10(724) Application for approved training organization.

91.10(1) Firearm training organizations seeking approval by the Iowa department of public safety to certify individuals as handgun safety training instructors eligible to offer handgun safety training shall meet the criteria outlined in this rule, such as the years of training experience of the organization’s primary point of contact or owner, and shall maintain student records, an active website URL, and the ability of the organization’s instructors and primary point of contact or owner to legally possess and carry firearms. A firearm training organization seeking approval shall submit the following:

a. A certificate of existence from the Iowa secretary of state issued within 60 days of application or, if a non-Iowa corporation, a certificate of authority to do business in Iowa.

b. The course syllabi or lesson plans and the goals or objectives for instructor certification courses, which shall show that instructor candidates who successfully complete the courses possess knowledge, competence, and demonstrated proficiency in the area of handgun safety instruction and operation.

c. The course syllabi or lesson plans and the goals or objectives for general student courses, which shall demonstrate that students will receive the basic requirements for a permit to carry a weapon as established by the Iowa department of public safety. The courses shall include:

(1) Instruction in current Iowa laws related to use of deadly force, reasonable force, defense of home, and defense of property;

(2) Instruction in basic handgun safety, safe handling, safe storage, and safe cleaning; and

(3) Instruction in handgun nomenclature and the operation of pistols and revolvers.

d. A copy of the certificate to be issued by the organization to instructors who complete the program.

e. A copy of the résumé and firearm-related training credentials of the individual serving as the organization’s primary point of contact or owner, which shall demonstrate a minimum of five years of

cumulative experience as a firearm instructor. This experience shall include firearm instructor duties related to military service or firearm instructor certification by the National Rifle Association or by an organization approved by the Iowa department of public safety pursuant to Iowa Code section 724.9A as enacted by 2021 Iowa Acts, House File 756, section 20, or by the Iowa law enforcement academy or another state's department of public safety, state police department, or similar certifying body.

f. A written description of how the organization will maintain instructor records.

g. A written description of how the organization will maintain proficiency of instruction, including staying abreast of statutory changes that may affect what is being taught, and will ensure the instructional practices and integrity of instructors.

h. The URL of a website containing a list of certified instructors or an electronic application that allows users to search and validate instructor credentials.

i. An application processing fee of \$500 (the certification of approval is valid for five years).

91.10(2) A firearm training organization seeking to renew its certification of approval must submit:

a. Current lesson plans or course syllabi and course goals or objectives.

b. A certificate of existence from the Iowa secretary of state issued within 60 days of application or, if a non-Iowa corporation, a certificate of authority to do business in Iowa.

c. A copy of the updated credentials of the organization's primary point of contact or owner (submit all documentation demonstrating qualification to provide oversight of firearm training instructors). These credentials must include a minimum of five years of verifiable firearm instructor experience.

d. An application processing fee of \$500 (the certification of approval is valid for five years).

91.10(3) The Iowa department of public safety may deny, suspend, or revoke the certification of approval of a firearm training organization if the department has reason to believe that the organization or its primary point of contact or owner has:

a. Become ineligible to possess a firearm under Iowa Code chapter 724 or federal law;

b. Knowingly and willfully provided false information to the department;

c. Provided instruction contrary to the established and approved curriculum; or

d. Failed to meet any portion of the instructor certification guidelines as originally approved.

91.10(4) An applicant for certification as a firearm training organization or a certified firearm permit-to-carry instructor has the same appeal rights as set forth in rule 661—91.7(724).

CHAPTER 401
PEACE OFFICERS' RETIREMENT, ACCIDENT, AND
DISABILITY SYSTEM—ADMINISTRATIVE PROCEDURES
[Prior to 10/27/04, see 581—Ch 24]

661—401.1(97A) Applications. Applications for benefits under Iowa Code chapter 97A shall be filed with the secretary on forms provided by the secretary. Applications for service retirement shall be made not more than 90 days nor less than 30 days in advance of the date of retirement. Applications for service retirement, ordinary disability or accidental disability shall be reviewed by the secretary for completeness and then forwarded to the board of trustees.

401.1(1) Manner of review for ordinary or accidental disability. The secretary shall compile the following materials, if available and applicable, for the board's review of a claim:

- a. The application;
 - b. Any materials provided by the applicant;
 - c. Any available medical information in the possession of the board or the state;
 - d. Any information available through any workers' compensation claims made by the applicant;
- and
- e. Recommendations and reports from the medical board.

NOTE: This subrule does not impose a responsibility on the secretary to discover documents or evidence not in the secretary's possession. It is only intended to outline the types of evidence the secretary should provide to the board if available.

401.1(2) Commissioner's application. The commissioner may file an application for ordinary or accidental disability on behalf of a member in service. The secretary shall review such applications in the same manner as those filed by a member. The fact that the commissioner has filed an application on a member's behalf shall not prevent the commissioner or the board from denying the application. All applications for accidental disability benefits shall be deemed cross-filed by the commissioner for the purpose of considering disability benefits. Nothing in this rule prevents the board from denying any application.

[ARC 8935B, IAB 7/14/10, effective 7/1/10]

661—401.2(97A) Determination on initial review.

401.2(1) Board approval. The board may approve or deny the application as presented or may direct the applicant to provide further medical information.

401.2(2) Denial and appeal. A decision by the board to deny the application may be appealed by the applicant. Written notice of a denial shall be provided to the applicant by certified mail. The written notice shall disclose the applicant's right to appeal, the procedure for filing an appeal, and the deadline for filing an appeal. An appeal must be filed in writing with the secretary within 30 calendar days after the applicant receives written notice of the decision of the board. The board may extend the deadline for filing an appeal. At a minimum, an appeal shall include a short and concise statement of the basis for the appeal.

661—401.3(97A) Applications for reimbursement for medical attention. Member beneficiaries may make application for reimbursement of the costs of medical attention as defined in rule 661—400.2(97A). This rule provides for the requirements of making application for reimbursement, the process for review and disposition of the application, and payment of approved applications.

401.3(1) Making application.

a. An application for reimbursement must be filed on a form provided by the secretary within 12 months of the member beneficiary's receiving treatment or incurring a cost for medical attention.

b. In the event there is a dispute with an insurance company regarding covered expenses, to remain eligible for reimbursement, the member beneficiary must file a request for extension, on a form provided by the secretary, if resolution of the dispute is expected to exceed 12 months.

c. Expenses shall only be reimbursed if the member beneficiary is retired as a result of an injury, illness or exposure occurring while in the performance of duty and is receiving a benefit as provided in Iowa Code section 97A.6(6).

d. Expenses shall be reimbursed only if the member beneficiary received medical attention for a condition with direct correlation to the disabling condition, the costs of which were not covered by insurance.

e. The system shall not reimburse for insurance premiums.

401.3(2) Processing the application.

a. Upon receipt of the application and supporting documentation, the secretary shall review the application for timeliness, completeness and validity. This subrule does not impose a responsibility on the secretary to discover documents or evidence not included on the application form.

b. The secretary shall refer the written application to the board for review at the next regularly scheduled meeting.

c. The member beneficiary does not need to be in attendance at the board meeting. In order to comply with Title II of the Health Insurance Portability and Accountability Act of 1996 (HIPAA), specific information pertaining to an application for reimbursement or the member beneficiary's disabling condition will not be discussed in open forum of the board meeting unless the member beneficiary is present and approves discussion in a public meeting.

d. The board may approve or deny all or part of a reimbursement application. The board may request additional information to support the application for reimbursement or to determine the correlation of the expense to the disabling condition. The member beneficiary shall provide the documents to the secretary within a reasonable time period. In no case shall the application remain valid for a period of more than 12 months.

e. If the board denies any part of a request for reimbursement, the member beneficiary may request judicial review in accordance with Iowa Code section 97A.6(13).

f. The system will make reimbursements only to the member beneficiary or to the surviving spouse in the event the member beneficiary is deceased.

401.3(3) Other provisions.

a. Reimbursements for claimed expenses shall be reduced by any amount already received by the member beneficiary from workers' compensation or from a third party as a result of subrogation proceedings entered into as a result of the disabling injury.

b. In the event the member beneficiary is restored to active service pursuant to Iowa Code section 97A.6(7) "b," consideration of reimbursement for expenses pursuant to Iowa Code section 97A.14 shall not extend beyond the date of restoration to active service.

c. If the member beneficiary receiving a disability retirement pursuant to Iowa Code section 97A.6(6) becomes employed in a public safety occupation pursuant to Iowa Code section 97A.6(7) "d," consideration of reimbursement for expenses pursuant to Iowa Code section 97A.14 shall not extend beyond the date of employment with the employing jurisdiction.

661—401.4 to 401.100 Reserved.

PROCEDURE FOR RULE MAKING

661—401.101(17A) Applicability. Except to the extent otherwise expressly provided by statute, all rules adopted by the board are subject to the provisions of Iowa Code chapter 17A and the provisions of this chapter.

661—401.102(17A) Advice on possible rules before notice of proposed rule adoption. In addition to seeking information by other methods, the board may, before publication of a Notice of Intended Action, solicit comments from the public on a subject or subjects of possible rule making by the board by causing notice to be published in the Iowa Administrative Bulletin of the subject matter and indicating where, when, and how persons may comment, or by otherwise publicizing the interest of the board in soliciting

comment on a subject or subjects of possible rule making. Any such effort shall include publication of the interest of the board on the department of public safety's website and may include publication in any other venue deemed appropriate by the board or officials or staff of the department.

661—401.103(17A) Public rule-making docket. Pursuant to Executive Order 9, the department maintains a current public rule-making docket. All rule-making activity of the board of trustees of the peace officers' retirement, accident, and disability system shall be included in the rule-making docket of the department, including a rule making which has formally commenced with a Notice of Intended Action and an anticipated rule making identified by the board or staff. The rule-making docket is maintained on the website of the department.

661—401.104(17A) Notice of proposed rule making.

401.104(1) Contents. At least 35 days before the adoption of rules, the agency rules administrator of the department shall cause Notice of Intended Action to be published in the Iowa Administrative Bulletin. The Notice of Intended Action shall include:

- a. A brief explanation of the purpose of the proposed rules;
- b. The specific legal authority for the proposed rules;
- c. Except to the extent impracticable, the text of the proposed rules;
- d. Where, when, and how persons may present their views on the proposed rules; and
- e. The date, time and place of an oral proceeding at which any interested party may comment on the proposed rules, or where, when, and how persons may demand an oral proceeding on the proposed rules if the notice does not already provide for one.

Where inclusion of the complete text of a proposed rule in the Notice of Intended Action is impracticable, the department shall include in the notice a statement fully describing the specific subject matter of the omitted portion of the text of the proposed rule, the specific issues to be addressed by that omitted text of the proposed rule, and the range of possible choices being considered by the board for the resolution of each of those issues.

401.104(2) Incorporation by reference. A proposed rule may incorporate other materials by reference.

661—401.105(17A) Public participation.

401.105(1) Written comments. For at least 20 days after publication of the Notice of Intended Action, persons may submit argument, data, and views, in writing, on the proposed rule. Such written submissions should identify the proposed rule to which they relate and should be submitted to the Agency Rules Administrator, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, or to the person or office designated in the Notice of Intended Action.

401.105(2) Oral proceedings. The department may, at any time, schedule an oral proceeding on a proposed rule. If an oral proceeding has not previously been scheduled regarding proposed rules, the department shall schedule an oral proceeding on a proposed rule if, within 20 days after the published Notice of Intended Action, a written request for an opportunity to make oral presentations is submitted to the department by the administrative rules review committee, a governmental subdivision, an agency, an association having not less than 25 members, or at least 25 persons.

An oral proceeding may be scheduled or conducted by the board at the discretion of the board or of the chair of the board.

401.105(3) Conduct of oral proceedings.

a. *Applicability.* This subrule applies only to those oral rule-making proceedings in which an opportunity to make oral presentations is authorized or required by Iowa Code section 17A.4(1) "b" or this chapter.

b. *Scheduling and notice.* An oral proceeding on a proposed rule may be held in one or more locations and shall not be held earlier than 20 days after notice of its location and time is published in

the Iowa Administrative Bulletin. That notice shall also identify the proposed rule by ARC number and citation to the Iowa Administrative Bulletin.

c. Presiding officer. The agency rules administrator of the department of public safety or the administrator's designee shall preside at the oral proceeding on a proposed rule, unless the board conducts the oral proceeding. If the board does not conduct the oral proceeding, the presiding officer may prepare a memorandum for consideration by the board summarizing the contents of the presentations made at the oral proceeding if the administrator determines that such a memorandum would be helpful to the board.

d. Conduct of proceeding. At an oral proceeding on a proposed rule, persons may make oral statements and make documentary and physical submissions, which may include data, views, comments or arguments concerning the proposed rule. Persons wishing to make oral presentations at such a proceeding are encouraged to notify the department at least one business day prior to the proceeding and indicate the general subject of their presentations. At the proceeding, those who participate shall indicate their names and addresses, identify any persons or organizations they may represent, and provide any other information relating to their participation deemed appropriate by the presiding officer. Oral proceedings shall be open to the public and may be recorded by stenographic or electronic means.

(1) At the beginning of the oral proceeding, the presiding officer shall give a brief synopsis of the proposed rule, a statement of the statutory authority for the proposed rule, and the reasons for the decision to propose the rule. The presiding officer may place time limitations on individual oral presentations when necessary to ensure the orderly and expeditious conduct of the oral proceeding. To encourage joint oral presentations and to avoid repetition, additional time may be provided for persons whose presentations represent the views of other individuals as well as their own views.

(2) Persons making oral presentations are encouraged to summarize matters which have already been submitted in writing.

(3) The presiding officer shall have the authority to take any reasonable action necessary for the orderly conduct of the meeting.

(4) Physical and documentary submissions presented by participants in the oral proceeding shall be submitted to the presiding officer. Such submissions become the property of the system.

(5) The oral proceeding may be continued by the presiding officer to a later time without notice other than by announcement at the hearing. The presiding officer may provide for the record of an oral proceeding to be held open for a specific length of time, announced at the oral proceeding, to allow for the submission of additional information.

(6) Participants in an oral proceeding shall not be required to take an oath or to submit to cross-examination. However, the presiding officer in an oral proceeding may question participants and permit the questioning of participants by other representatives of the board who may be present about any matter relating to that rule-making proceeding, including any prior written submissions made by those participants in that proceeding; but no participant shall be required to answer any question.

(7) The presiding officer in an oral proceeding may permit rebuttal statements and request the filing of written statements subsequent to the adjournment of the oral presentations.

401.105(4) Additional information. In addition to receiving written comments and oral presentations on a proposed rule according to the provisions of this rule, the board may obtain information concerning a proposed rule through any other lawful means deemed appropriate under the circumstances.

401.105(5) Accessibility. The department shall schedule oral proceedings in rooms accessible to and functional for persons with physical disabilities. Persons who have special requirements should contact the Agency Rules Administrator, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, by mail, by telephone at (515)725-6185, or by electronic mail at admrule@dps.state.ia.us, in advance to arrange access or other needed services.

661—401.106(17A) Regulatory analysis. The agency rules administrator shall prepare a regulatory analysis of proposed rules in compliance with Iowa Code section 17A.4A if requested pursuant to Iowa Code section 17A.4A, subsection 1.

661—401.107(17A,25B) Fiscal impact statement. For each Notice of Intended Action or emergency adoption of rules filed, the staff of the system and the department shall develop a fiscal impact statement in compliance with Iowa Code section 17A.4, subsection 3, and procedures established by the legislative services agency, if the preparation of a fiscal impact statement is required.

661—401.108(17A) Time and manner of rule adoption.

401.108(1) Time of adoption. The board shall not adopt a rule until the period for making written submissions and oral presentations has expired. Within 180 days after the later of the publication of the Notice of Intended Action, or the end of oral proceedings thereon, the board shall adopt a rule pursuant to the rule-making proceeding or terminate the proceeding by publication of a notice to that effect in the Iowa Administrative Bulletin.

EXCEPTION: The board may waive the notice requirements or time periods specified in Iowa Code chapter 17A, in compliance with Iowa Code section 17A.4, subsection 2, or Iowa Code section 17A.5, subsection 2, paragraph “b,” or both.

401.108(2) Consideration of public comment. Before the adoption of a rule, the board shall consider fully all of the written submissions and oral submissions received in that rule-making proceeding or any memorandum summarizing such oral submissions, and any regulatory analysis or fiscal impact statement issued in that rule-making proceeding.

401.108(3) Reliance on department expertise. Except as otherwise provided by law, the board may use its own experience, technical competence, specialized knowledge, and judgment, or that of department staff, in the adoption of a rule.

401.108(4) Adoption by reference. The board may, by adoption of an administrative rule, adopt by reference another document produced by the board, the department, another agency of Iowa government, a federal agency, or any other organization. If any document or portion of any document is adopted by reference and is not already available in the state law library, the department shall provide a copy of the document for filing in the state law library, in compliance with Iowa Code section 17A.6, subsection 4.

661—401.109(17A) Variance between adopted rule and published notice of proposed rule adoption.

401.109(1) The board shall not adopt a rule that differs from the rule proposed in the Notice of Intended Action on which the rule is based unless:

- a. The differences are within the scope of the subject matter announced in the Notice of Intended Action and are in character with the issues raised in that notice; and
- b. The differences are a logical outgrowth of the contents of that Notice of Intended Action and the comments submitted in response thereto; and
- c. The Notice of Intended Action provided fair warning that the outcome of that rule-making proceeding could be the rule in question.

401.109(2) In determining whether the Notice of Intended Action provided fair warning that the outcome of that rule-making proceeding could be the rule in question, the board shall consider the following factors:

- a. The extent to which persons who will be affected by the rule should have understood that the rule-making proceeding on which it is based could affect their interests;
- b. The extent to which the subject matter of the rule or the issues determined by the rule are different from the subject matter or issues contained in the Notice of Intended Action; and
- c. The extent to which the effects of the rule differ from the effects of the proposed rule contained in the Notice of Intended Action.

401.109(3) The board shall commence a rule-making proceeding within 60 days of its receipt of a petition for rule making seeking the amendment or repeal of a rule that differs from the proposed rule contained in the Notice of Intended Action upon which the rule is based, unless the board finds that the differences between the adopted rule and the proposed rule are so insubstantial as to make such a rule-making proceeding wholly unnecessary. A copy of any such finding and the petition to which it responds shall be sent to petitioner, the administrative rules coordinator, and the administrative rules review committee, within three days of its issuance.

401.109(4) Concurrent rule-making proceedings. Nothing in this rule disturbs the discretion of the board to initiate, concurrently, several different rule-making proceedings on the same subject with several different published Notices of Intended Action.

661—401.110(17A) Concise statement of reasons. When requested by a person, either prior to the adoption of a rule or within 30 days after its publication in the Iowa Administrative Bulletin as an adopted rule, the board shall issue a concise statement of reasons for the rule. Requests for such a statement must be in writing and be delivered to the Agency Rules Administrator, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319. The request should indicate whether the statement is sought for all or only a specified part of the rule. Requests will be considered made on the date received. After a proper request, the board shall issue a concise statement of reasons by the later of the time the rule is adopted or 35 days after receipt of the request. If the board does not meet during the time between the receipt of a request and the deadline for issuance of the concise statement, the staff may issue the concise statement with the approval of the board chair.

[Editorial change: IAC Supplement 6/17/09]

661—401.111(17A,97A) Agency rule-making record. The department shall maintain an official rule-making record for each rule proposed by the board by publication in the Iowa Administrative Bulletin of a Notice of Intended Action, or adopts. The rule-making record and materials incorporated by reference shall be available for public inspection. Requests to view material from the rule-making record may be addressed to the agency rules administrator of the department.

661—401.112(17A,97A) Petitions for rule making. Any person or agency may file a petition for rule making with the secretary at the location specified in rule 661—400.6(97A). A petition is deemed filed when it is received by the secretary. The secretary shall provide the petitioner with a file-stamped copy of the petition if the petitioner provides the agency an extra copy for this purpose. The secretary shall transmit a copy of the petition to the agency rules administrator. The petition must be typewritten or legibly handwritten in ink and should substantially conform to the following form:

PUBLIC SAFETY PEACE OFFICERS'	
RETIREMENT, ACCIDENT, AND DISABILITY SYSTEM	
Petition by (name of petitioner) for the (adoption, amendment, or repeal) of rules relating to (state subject matter).	} PETITION FOR RULE MAKING

The petition must provide the following information:

1. A statement of the specific rule-making action sought by the petitioner including the text or a summary of the contents of the proposed rule or amendment to a rule and, if it is a petition to amend or repeal a rule, a citation and the relevant language to the particular portion or portions of the rule proposed to be amended or repealed.
2. A citation to any law deemed relevant to the board's authority to take the action urged or to the desirability of that action.
3. A brief summary of petitioner's arguments in support of the action urged in the petition.
4. A brief summary of any data supporting the action urged in the petition.
5. The names and addresses of other persons, or a description of any class of persons, known by petitioner to be affected by or interested in the proposed action which is the subject of the petition.
6. Any request by petitioner for a meeting provided for by subrule 401.112(5).

401.112(1) The petition must be dated and signed by the petitioner or the petitioner's representative. It must also include the name, mailing address, and telephone number of the petitioner and petitioner's representative, and a statement indicating the person to whom communications concerning the petition should be directed.

401.112(2) The board may deny a petition because it does not substantially conform to the required form. However, the board may consider any petition received, regardless of errors or variations in

form, provided that the content of the request for rule making is clear or has been clarified through communication with the petitioner. Denial of a petition because it does not substantially conform to the required form does not preclude the filing of a new petition on the same subject that seeks to eliminate the grounds for the board's rejection of the petition.

401.112(3) The petitioner may attach a brief to the petition in support of the action urged in the petition. The board may request a brief from the petitioner or from any other person concerning the substance of the petition.

401.112(4) Inquiries concerning the status of a petition for rule making may be made to the Agency Rules Administrator, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, or via electronic mail at admrule@dps.state.ia.us.

401.112(5) Upon request by petitioner in the petition, the chair of the board may schedule a brief and informal meeting between the petitioner and the board, a member of the board, the secretary, or other staff of the department to discuss the petition. Such meeting shall include the agency rules administrator of the department or another employee of the department knowledgeable about the administrative rule-making process who is jointly designated by the agency rules administrator and the director of the administrative services division of the department. The board may request the petitioner to submit additional information or argument concerning the petition. The board may also solicit comments from any person on the substance of the petition. Also, comments on the substance of the petition may be submitted to the board by any person.

401.112(6) Within 60 days after the filing of the petition, or within any longer period agreed to by the petitioner, the board shall, in writing, deny the petition and notify petitioner of its action and the specific grounds for the denial or grant the petition and notify petitioner that it will institute rule-making proceedings on the subject of the petition. Notice shall be sent by the secretary to the petitioner by regular mail. Petitioner shall be deemed notified of the denial or granting of the petition on the date when the secretary mails the required notification to the petitioner.

401.112(7) Inquiries concerning the status of a petition for rule making may be made to the Agency Rules Administrator, Department of Public Safety, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, or by electronic mail to admrule@dps.state.ia.us.

[Editorial change: IAC Supplement 6/17/09]

661—401.113(17A,97A) Waivers of rules. This rule outlines generally applicable standards and a uniform process for the granting of individual waivers from rules adopted by the board. To the extent another more specific provision of law governs the issuance of a waiver from a particular rule, the more specific provision shall supersede this rule with respect to any waiver from the rule in question.

401.113(1) Requests for waivers. Requests for waivers of rules shall be addressed to the secretary. A request shall state specifically what provisions are requested to be waived, a concise statement of the reasons for requesting the waiver, and any conditions proposed to be placed on the waiver, including conditions which would substitute for compliance with the provisions requested to be waived.

401.113(2) Applicability of rule. The board may grant a waiver from a rule only if the board has jurisdiction over the rule and the requested waiver is consistent with applicable statutes, constitutional provisions, or other provisions of law. The board may not waive requirements created or duties imposed by statute.

401.113(3) Criteria for waiver. In response to a petition completed pursuant to this rule, the board may, in its sole discretion, issue an order waiving, in whole or in part, the requirements of a rule if the board finds, based on clear and convincing evidence, all of the following:

- a. The application of the rule would impose an undue hardship on the person for whom the waiver is requested;
- b. The waiver from the requirements of the rule in the specific case would not prejudice the substantial legal rights of any person;
- c. The provisions of the rule subject to the petition for a waiver are not specifically mandated by statute or another provision of law; and

d. Substantially equal protection of public health, safety, and welfare will be afforded by a means other than that prescribed in the particular rule for which the waiver is requested.

401.113(4) Filing of petition. A petition for a waiver must be submitted in writing to the board as follows:

a. If the petition relates to a pending contested case, the petition shall be filed in the contested case proceeding, using the caption of the contested case.

b. If the petition does not relate to a pending contested case, the petition may be submitted with a caption containing the name of the person for whom the waiver is requested.

c. A petition is deemed filed when it is received in the secretary's office. A petition should be sent to the Board of Trustees, Peace Officers' Retirement, Accident, and Disability System, Attention: Secretary of the Board, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319-0050.

401.113(5) Content of petition. A petition for waiver shall include the following information where applicable and known to the requester:

a. The name, address, telephone number, and electronic mail address of the entity or person for whom a waiver is being requested; the case number of or other reference to any related contested case; and the name, address, and telephone number of the petitioner's legal representative, if any.

b. A description of and citation to the specific rule from which a waiver is requested.

c. The specific waiver requested, including the precise scope and duration.

d. The relevant facts that the petitioner believes would justify a waiver under each of the four criteria described in subrule 401.113(3). This statement shall include a signed statement from the petitioner attesting to the accuracy of the facts provided in the petition, and a statement of reasons that the petitioner believes will justify a waiver.

e. A history of any prior contacts between the board, other departments or agencies of the state of Iowa, or political subdivisions and the petitioner relating to benefits or potential benefits or eligibility requirements affected by the proposed waiver, including a description of each affected benefit or eligibility requirement held or requested by the requester, any formal charges filed, notices of violation, contested case hearings, or investigations relating to the membership in the system within the last five years.

f. Any information known to the requester regarding the board's action in similar cases.

g. The name, address, and telephone number of any public agency or political subdivision which might be affected by the granting of a waiver.

h. The name, address, and telephone number of any entity or person who would be adversely affected by the granting of a petition. This does not create any duty to individually notify other members of the system, unless they are known to have requested or received a waiver of the identical provisions.

i. The name, address, and telephone number of any person with knowledge of the relevant facts relating to the proposed waiver.

j. Signed releases of information authorizing persons with knowledge regarding the request to furnish the board with information relevant to the waiver.

401.113(6) Additional information. Prior to issuing an order granting or denying a waiver, the board may request additional information from the petitioner relative to the petition and surrounding circumstances. If the petition was not filed in a contested case, the board may, on its own motion or at the petitioner's request, schedule a telephonic or in-person meeting between the petitioner and a representative or representatives of the board related to the waiver request.

401.113(7) Notice. The secretary shall acknowledge a petition upon receipt and shall notify the members of the board, the legal counsel to the board and the agency rules administrator of the department of the receipt of the petition as soon as practical after its receipt. The board shall ensure that, within 30 days of the receipt of the petition, notice of the pending petition and a concise summary of its contents have been provided to all persons to whom notice is required by any provision of law, including the petitioner. In addition, the board may give notice to any other person. To accomplish this notice provision, the board may require the petitioner to serve the notice on all persons to whom notice

is required by any provision of law and to provide a written statement to the board attesting that notice has been provided.

401.113(8) *Hearing procedures.* The provisions of Iowa Code sections 17A.10 to 17A.18A regarding contested case hearings shall apply to any petition for a waiver filed within a contested case, and shall otherwise apply to board proceedings for a waiver only when the board so provides by order or is required to do so by statute.

401.113(9) *Ruling.* An order granting or denying a waiver shall be in writing and shall contain a reference to the particular person or legal entity and rule or portion thereof to which the order pertains, a statement of the relevant facts and reasons upon which the action is based, and a description of the precise scope and duration of the waiver if one is issued.

a. Board discretion. The final decision on whether the circumstances justify the granting of a waiver shall be made at the sole discretion of the board, upon consideration of all relevant factors. Each petition for a waiver shall be evaluated by the board based on the unique, individual circumstances set out in the petition.

b. Burden of persuasion. The burden of persuasion rests with the petitioner to demonstrate by clear and convincing evidence that the board should exercise its discretion to grant a waiver from a rule.

c. Narrowly tailored exception. A waiver, if granted, shall provide the narrowest exception possible to the provisions of a rule.

d. Administrative deadlines. When the rule from which a waiver is sought establishes administrative deadlines, the board shall balance the special individual circumstances of the petitioner with the overall goal of uniform treatment of all similarly situated persons.

e. Conditions. The board may place on a waiver any condition that the board finds desirable to protect the public health, safety, and welfare.

f. Time period of waiver. A waiver shall not be permanent unless the petitioner can show that a temporary waiver would be impractical. If a temporary waiver is granted, there is no automatic right to renewal. At the sole discretion of the board, a waiver may be renewed if the board finds that grounds for a waiver continue to exist.

g. Time for ruling. The board shall grant or deny a petition for a waiver as soon as practical but, in any event, shall do so within 120 days of its receipt, unless the petitioner agrees to a later date. However, if a petition is filed in a contested case, the board shall grant or deny the petition no later than the time at which the final decision in that contested case is issued.

h. When deemed denied. Failure of the board to grant or deny a petition within the required time period shall be deemed a denial of that petition by the board. However, the board shall remain responsible for issuing an order denying a waiver.

i. Service of order. Within seven days of its issuance, any order issued under this rule shall be transmitted or delivered to the petitioner or the person to whom the order pertains, and to any other person entitled to such notice by any provision of law. A copy of the order shall be provided to the agency rules administrator of the department to facilitate compliance with this rule.

401.113(10) *Indexing.* All orders granting or denying a waiver petition shall be indexed, filed, and available for public inspection as provided in Iowa Code section 17A.3. Petitions for a waiver and orders granting or denying a waiver petition are public records under Iowa Code chapter 22. If petitions or orders may contain information the board is authorized or required to keep confidential, the board may instruct the secretary to accordingly redact confidential information from petitions or orders prior to public inspection. Rules for which a petition for a waiver have been granted or denied are posted on the department's website and available to the public.

401.113(11) *Summary reports.* When the department grants a waiver, the department shall submit the required information on the department's website within 60 days. The department's website shall identify the rules for which a waiver has been granted or denied, the number of times a waiver was granted or denied for each rule, a citation to the statutory provisions implemented by these rules, and a general summary of the reasons justifying the board's actions on waiver requests. To the extent practicable, the department shall include information detailing the extent to which the granting of waiver has established

a precedent for additional waivers and the extent to which the granting of a waiver has affected the general applicability of the rule itself.

401.113(12) Cancellation of a waiver. A waiver issued by the board pursuant to this chapter may be withdrawn, canceled, or modified if, after appropriate notice and hearing, the board issues an order finding any of the following:

a. The petitioner or the person who was the subject of the waiver order withheld or misrepresented material facts relevant to the propriety or desirability of the waiver; or

b. The alternative means for ensuring that the public health, safety and welfare will be adequately protected after issuance of the waiver order have been demonstrated to be insufficient; or

c. The subject of the waiver order has failed to comply with all conditions contained in the order.

401.113(13) Violations. Violation of a condition in a waiver order shall be treated as a violation of the particular rule for which the waiver was granted. As a result, the recipient of a waiver under this rule who violates a condition of the waiver may be subject to the same remedies or penalties as a person who violates the rule at issue.

401.113(14) Defense. After the board issues an order granting a waiver, the order is a defense within its terms and the specific facts indicated therein only for the person to whom the order pertains in any proceeding in which the rule in question is sought to be invoked.

401.113(15) Judicial review. Judicial review of the board’s decision to grant or deny a waiver petition may be taken in accordance with Iowa Code chapter 17A.

401.113(16) Sample petition for waiver. A petition for waiver filed in accordance with this rule must meet the requirements specified herein and must substantially conform to the following form:

PUBLIC SAFETY PEACE OFFICERS’
RETIREMENT, ACCIDENT, AND DISABILITY SYSTEM

Petition by (name of petitioner) for the waiver of (insert rule citation) relating to (insert the subject matter).	}	PETITION FOR WAIVER
--	---	------------------------

1. Provide the name, address, and telephone number of the petitioner (person asking for a waiver). Also provide the name, address, and telephone number of the petitioner’s legal representative, if applicable, and a statement indicating the person to whom communications concerning the petition should be directed.

2. Describe and cite the specific rule from which a waiver is requested.

3. Describe the specific waiver requested, including the precise scope and time period for which the waiver will extend.

4. Explain the relevant facts and reasons that the petitioner believes justify a waiver. Include in the answer all of the following:

- Why application of the rule would result in undue hardship to the petitioner;
- Why waiver of the rule would not prejudice the substantial legal rights of any person;
- Whether the provisions of the rule subject to the waiver are specifically mandated by statute or another provision of law; and
- How substantially equal protection of public health, safety, and welfare will be afforded by a means other than that prescribed in the particular rule for which the waiver is requested.

5. Provide a history of any prior contacts between the board, other departments or agencies of the state of Iowa, or political subdivisions and petitioner relating to the benefits or rights affected by the requested waiver. Include a description of each contested case hearing held, or any investigations related to the benefits or rights.

6. Provide information known to the petitioner regarding the board’s action in similar cases.

7. Provide the name, address, and telephone number of any public agency or political subdivision that also regulates the activity in question or that might be affected by the granting of the petition.

8. Provide the name, address, and telephone number of any person or entity that would be adversely affected by the granting of the waiver.

9. Provide the name, address, and telephone number of any person with knowledge of the relevant facts relating to the proposed waiver.

10. Provide signed releases of information authorizing persons with knowledge regarding the request to furnish the board with information relevant to the waiver.

I hereby attest to the accuracy and truthfulness of the above information.

DECLARATORY ORDERS

661—401.201(17A) **Petition for declaratory order.** Any person may file with the secretary a petition to the board for a declaratory order as to the applicability to specified circumstances of a statute, rule, or order within the primary jurisdiction of the board. A petition is deemed filed when it is received by that office. The secretary shall provide the petitioner with a file-stamped copy of the petition if the petitioner provides the agency an extra copy for this purpose. The petition must be typewritten or legibly handwritten in ink and must substantially conform to the following form:

PUBLIC SAFETY PEACE OFFICERS’ RETIREMENT, ACCIDENT, AND DISABILITY SYSTEM		
Petition by (Name of Petitioner) for a Declaratory Order on (Cite provisions of law involved).	}	PETITION FOR DECLARATORY ORDER

The petition must provide the following information:

1. A clear and concise statement of all relevant facts on which the order is requested.
2. A citation and the relevant language of the specific statutes, rules, policies, decisions, or orders, whose applicability is questioned, and any other relevant law.
3. The questions petitioner wants answered, stated clearly and concisely.
4. The answers to the questions desired by the petitioner and a summary of the reasons urged by the petitioner in support of those answers.
5. The reasons for requesting the declaratory order and disclosure of the petitioner’s interest in the outcome.
6. A statement indicating whether the petitioner is currently a party to another proceeding involving the questions at issue and whether, to the petitioner’s knowledge, those questions have been decided by, are pending determination by, or are under investigation by, any governmental entity.
7. The names and addresses of other persons, or a description of any class of persons, known by petitioner to be affected by, or interested in, the questions presented in the petition.
8. Any request by petitioner for a meeting provided for by rule 661—401.207(17A).

The petition must be dated and signed by the petitioner or the petitioner’s representative. It must also include the name, mailing address, and telephone number of the petitioner and petitioner’s representative and a statement indicating the person to whom communications concerning the petition should be directed.

661—401.202(17A) **Notice of petition.** Within 15 days after receipt of a petition for a declaratory order, the department shall give notice of the petition to all persons not served by the petitioner pursuant to rule 661—401.206(17A) to whom notice is required by any provision of law. The department may also give notice to any other persons.

661—401.203(17A) **Intervention.**

401.203(1) Any person who qualifies under any applicable provision of law as an intervenor and who files a petition for intervention within 20 days of the filing of a petition for declaratory order (after time for notice under rule 661—401.202(17A) and before 30-day time for agency action under rule 661—401.208(17A)) shall be allowed to intervene in a proceeding for a declaratory order.

401.203(2) Any person who files a petition for intervention at any time prior to the issuance of an order may be allowed to intervene in a proceeding for a declaratory order at the discretion of the department.

401.203(3) A petition for intervention shall be filed with the secretary. Such a petition is deemed filed when it is received by the secretary. The department shall provide the petitioner with a file-stamped copy of the petition for intervention if the petitioner provides an extra copy for this purpose. A petition for intervention must be typewritten or legibly handwritten in ink and must substantially conform to the following form:

PUBLIC SAFETY PEACE OFFICERS' RETIREMENT, ACCIDENT, AND DISABILITY SYSTEM	
Petition by (Name of Original Petitioner) for a Declaratory Order on (Cite provisions of law cited in original petition).	} PETITION FOR INTERVENTION

The petition for intervention must provide the following information:

1. Facts supporting the intervenor’s standing and qualifications for intervention.
2. The answers urged by the intervenor to the question or questions presented and a summary of the reasons urged in support of those answers.
3. Reasons for requesting intervention and disclosure of the intervenor’s interest in the outcome.
4. A statement indicating whether the intervenor is currently a party to any proceeding involving the questions at issue and whether, to the intervenor’s knowledge, those questions have been decided by, are pending determination by, or are under investigation by, any governmental entity.
5. The names and addresses of any additional persons, or a description of any additional class of persons, known by the intervenor to be affected by, or interested in, the questions presented.
6. Whether the intervenor consents to be bound by the determination of the matters presented in the declaratory order proceeding.

The petition must be dated and signed by the intervenor or the intervenor’s representative. It must also include the name, mailing address, and telephone number of the intervenor and intervenor’s representative, and a statement indicating the person to whom communications should be directed.

661—401.204(17A) Briefs. The petitioner or any intervenor may file a brief in support of the position urged. The department may request a brief from the petitioner, any intervenor, or any other person concerning the questions raised.

661—401.205(17A) Inquiries. Inquiries concerning the status of a declaratory order proceeding may be made to the secretary.

661—401.206(17A) Service and filing of petitions and other papers.

401.206(1) When service required. Except where otherwise provided by law, every petition for declaratory order, petition for intervention, brief, or other paper filed in a proceeding for a declaratory order shall be served upon each of the parties of record to the proceeding, and on all other persons identified in the petition for declaratory order or petition for intervention as affected by or interested in the questions presented, simultaneously with their filing. The party filing a document is responsible for service on all parties and other affected or interested persons.

401.206(2) Filing—when required. All petitions for declaratory orders, petitions for intervention, briefs, or other papers in a proceeding for a declaratory order shall be filed with the secretary. All petitions, briefs, or other papers that are required to be served upon a party shall be filed simultaneously with the secretary.

401.206(3) *Method of service, time of filing, and proof of mailing.* Method of service, time of filing, and proof of mailing shall be as provided by subrule 401.301(7).

661—401.207(17A) Consideration. Upon request by petitioner, the department may schedule a brief and informal meeting between the original petitioner, all intervenors, and the board, a member of the board, or a member of the staff of the department to discuss the questions raised. The board may solicit comments from any person on the questions raised. Also, comments on the questions raised may be submitted to the board by any person.

661—401.208(17A) Action on petition.

401.208(1) Within the time allowed by Iowa Code section 17A.9(5), after receipt of a petition for a declaratory order, the commissioner of public safety or the commissioner's designee shall take action on the petition as required by Iowa Code section 17A.9(5).

401.208(2) The date of issuance of an order or of a refusal to issue an order is the date of mailing of a decision or order or date of delivery if service is by other means unless another date is specified in the order.

661—401.209(17A) Refusal to issue order.

401.209(1) The board shall not issue a declaratory order where prohibited by Iowa Code section 17A.9, subsection 1, and may refuse to issue a declaratory order on some or all questions raised for the following reasons:

- a. The petition does not substantially comply with the required form.
- b. The petition does not contain facts sufficient to demonstrate that the petitioner will be aggrieved or adversely affected by the failure of the board to issue an order.
- c. The board does not have jurisdiction over the questions presented in the petition.
- d. The questions presented by the petition are also presented in a current rule making, contested case, or other agency or judicial proceeding that may definitively resolve them.
- e. The questions presented by the petition would more properly be resolved in a different type of proceeding or by another body with jurisdiction over the matter.
- f. The facts or questions presented in the petition are unclear, overbroad, insufficient, or otherwise inappropriate as a basis upon which to issue an order.
- g. There is no need to issue an order because the questions raised in the petition have been settled due to a change in circumstances.
- h. The petition is not based upon facts calculated to aid in the planning of future conduct but is, instead, based solely upon prior conduct in an effort to establish the effect of that conduct or to challenge an agency decision already made.
- i. The petition requests a declaratory order that would necessarily determine the legal rights, duties, or responsibilities of other persons who have not joined in the petition, intervened separately, or filed a similar petition and whose position on the questions presented may fairly be presumed to be adverse to that of petitioner.
- j. The petitioner requests the board to determine whether a statute is unconstitutional on its face.
- k. The petition relates to any criminal investigation.
- l. The petition concerns any procedure or practice of the board or any other agency related to initiation or conduct of criminal investigations or referral of matters for possible criminal investigation or prosecution.
- m. The petition states facts and circumstances which are theoretical in nature to the extent that issuance of a declaratory order is unlikely to assist in guiding future conduct or the petitioner is neither a person with interest in the operation of the system nor a representative of such a person. "Representative of such a person" includes any organization with members or participants who are active or retired members of the system, or family members or survivors of active or retired members of the system.

401.209(2) A refusal to issue a declaratory order shall indicate the specific grounds for the refusal, unless the refusal pertains to a matter under criminal investigation, or which has been referred for

possible criminal prosecution, in which event no information which might compromise the investigation or prosecution shall be released to the petitioner or any intervenor. A refusal to issue a declaratory order constitutes final agency action on the petition.

401.209(3) Refusal to issue a declaratory order pursuant to this provision does not preclude the filing of a new petition that seeks to eliminate the grounds for the refusal to issue an order.

661—401.210(17A) Contents of declaratory order—effective date. In addition to the order itself, a declaratory order must contain the date of its issuance, the name of petitioner and all intervenors, the specific statutes, rules, policies, decisions, or orders involved, the particular facts upon which it is based, and the reasons for its conclusion.

A declaratory order is effective on the date of issuance.

661—401.211(17A) Copies of orders. A copy of all orders issued in response to a petition for a declaratory order shall be mailed promptly to each original petitioner and to each intervenor.

661—401.212(17A) Effect of a declaratory order. A declaratory order has the same status and binding effect as a final order issued in a contested case proceeding. It is binding on the board, the petitioner, and any intervenors who consent to be bound and is applicable only in circumstances where the relevant facts and the law involved are indistinguishable from those on which the order was based. As to all other persons, a declaratory order serves only as precedent and is not binding on the board. The issuance of a declaratory order constitutes final agency action on the petition.

661—401.213 to 401.300 Reserved.

CONTESTED CASES

661—401.301(17A) Contested case proceeding. Consideration of an appeal of a decision of the board shall be a contested case proceeding subject to the provisions of Iowa Code chapter 17A.

401.301(1) Delivery of notice. Delivery of the notice of hearing by the secretary constitutes the commencement of a contested case proceeding. Delivery may be executed by regular mail. The notice shall be delivered to the applicant, the applicant's attorney if known, and the assistant attorney general designated to represent the public interest.

401.301(2) Contents of notice. The notice of hearing shall contain a statement of the time, place, and nature of the hearing. The notice shall contain a statement that it is the applicant's burden to prove each of the statutory elements relative to the application. The notice shall also contain a reference to the applicable statute and rules.

401.301(3) Scope of issues. The applicant shall prove each of the statutory elements required before the application may be granted. Denial of an application shall be upheld based on the applicant's failure to prove any of the statutory elements. When an applicant has requested accidental disability benefits, the board has the option of denying accidental disability benefits, but granting ordinary disability benefits based on the evidence.

401.301(4) Legal representation. Following the filing of the notice of hearing, the office of the attorney general shall be responsible for the legal representation of the public interest in all proceedings before the board. The public interest, as referenced in this rule, shall include the responsibility to protect the assets of the system from applications that do not meet the standards set by the statute for disability benefits. Any private party to a contested case shall be entitled to legal representation at the discretion and expense of that party.

401.301(5) Presiding officer. The presiding officer in a contested case shall be an administrative law judge assigned by the department of inspections and appeals.

401.301(6) Procedural matters. Procedural matters and motions, including, but not limited to, motions to continue, may be heard and ruled upon by the presiding officer.

401.301(7) Service and filing.

a. Service—when required. Except where otherwise provided by law, every document filed in a contested case proceeding shall be served upon each of the parties of record to the proceeding, including the assistant attorney general designated as attorney for the state or the agency, simultaneously with their filing. Except for the original notice of hearing and an application for rehearing as provided in Iowa Code section 17A.16, subsection 2, the party filing a document is responsible for service on all parties.

b. Service—how made. Service upon a party represented by an attorney shall be made upon the attorney unless otherwise ordered. Service is made by personal delivery or by mailing a copy to the person's last-known address. Service by mail is complete upon mailing, except where otherwise specifically provided by statute, rule, or order.

c. Filing—when required. After the notice of hearing, all documents in a contested case proceeding shall be filed with the secretary. All documents that are required to be served upon a party shall be filed simultaneously with the secretary.

d. Filing—when made. Except where otherwise provided by law, a document is deemed filed at the time it is delivered to the secretary at the location set forth in rule 661—400.6(97A), delivered to an established courier service for immediate delivery to that office, or mailed by first-class mail or state interoffice mail to that office, so long as there is proof of mailing.

e. Proof of mailing. Proof of mailing includes either:

- (1) A legible United States Postal Service postmark on the envelope;
- (2) A certified mail return receipt;
- (3) A notarized affidavit; or
- (4) A certification in substantially the following form:

I certify under penalty of perjury and pursuant to the laws of Iowa that, on (date of mailing), I mailed copies of (describe document) addressed to the Secretary of the Board of Trustees, Iowa Department of Public Safety, Peace Officers' Retirement System, State Public Safety Headquarters Building, 215 East 7th Street, Des Moines, Iowa 50319, and to the names and addresses of the parties listed below by depositing the same in (a United States post office mailbox with correct postage properly affixed or state interoffice mail).

[Editorial change: IAC Supplement 6/17/09]

661—401.302(17A) Discovery.

401.302(1) Pursuant to Iowa Code chapter 17A, discovery procedures applicable in civil actions are applicable in contested cases. Unless lengthened or shortened by these rules or by order of the presiding officer, time periods for compliance with discovery shall be as provided in the Iowa Rules of Civil Procedure.

401.302(2) Any motion relating to discovery shall allege that the moving party has previously made a good-faith attempt to resolve the discovery issues involved with the opposing party. Motions in regard to discovery shall be ruled upon by the presiding officer. Opposing parties shall be afforded the opportunity to respond within ten days of the filing of the motion unless the time is shortened by order of the presiding officer. The presiding officer may rule on the basis of the written motion and any response, or may order argument on the motion.

661—401.303(17A) Subpoenas in a contested case. Pursuant to Iowa Code section 17A.13, subsection 1, the board or the presiding officer acting on behalf of the board has the authority to issue subpoenas to compel the attendance of witnesses at depositions or hearings and to compel the production of professional records, books, papers, correspondence and other records which are deemed necessary as evidence in connection with a contested case. A subpoena issued in a contested case under the board's authority may seek evidence whether or not privileged or confidential under law.

401.303(1) The board chair shall, upon the written request of the applicant or the state, issue a subpoena to compel the attendance of witnesses or to obtain evidence which is deemed necessary in

connection with a contested case. A command to produce evidence may be joined with a command to appear at deposition or hearing or may be issued separately.

401.303(2) A request for a subpoena shall include the following information, as applicable, unless the subpoena is requested to compel testimony or documents for rebuttal or impeachment purposes:

- a.* The name, address and telephone number of the person requesting the subpoena;
- b.* The name and address of the person to whom the subpoena shall be directed;
- c.* The date, time, and location at which the person shall be commanded to attend and give testimony;
- d.* Whether the testimony is requested in connection with a deposition or hearing;
- e.* A description of the books, papers, records or other evidence requested;
- f.* The date, time and location for production, or inspection and copying.

401.303(3) Each subpoena shall contain, as applicable:

- a.* The caption of the case;
- b.* The name, address and telephone number of the person who requested the subpoena;
- c.* The name and address of the person to whom the subpoena is directed;
- d.* The date, time, and location at which the person is commanded to appear;
- e.* Whether the testimony is commanded in connection with a deposition or hearing;
- f.* A description of the books, papers, records or other evidence the person is commanded to produce;
- g.* The date, time and location for production, or inspection and copying;
- h.* The time within which a motion to quash or modify the subpoena must be filed;
- i.* The signature, address and telephone number of the board administrator or designee;
- j.* The date of issuance;
- k.* A return of service attached to the subpoena.

401.303(4) Unless a subpoena is requested to compel testimony or documents for rebuttal or impeachment purposes, the board administrator or designee shall mail copies of all subpoenas to the parties to the contested case. The person who requested the subpoena is responsible for serving the subpoena upon the subject of the subpoena.

401.303(5) Any person who is aggrieved or adversely affected by compliance with the subpoena or any party to the contested case who desires to challenge the subpoena must, within 14 days after service of the subpoena, or before the time specified for compliance if such time is less than 14 days, file with the board a motion to quash or modify the subpoena. The motion shall describe the legal reasons why the subpoena should be quashed or modified, and may be accompanied by legal briefs or factual affidavits.

401.303(6) Upon receipt of a timely motion to quash or modify a subpoena, the board chair shall request an administrative law judge to hold a hearing and issue a decision. Oral argument may be scheduled at the discretion of the board or the administrative law judge. The administrative law judge may quash or modify the subpoena or deny the motion.

401.303(7) A person aggrieved by a ruling of an administrative law judge who desires to challenge that ruling must appeal the ruling to the board by serving on the board's secretary, either in person or by certified mail, a notice of appeal within ten days after service of the decision of the administrative law judge. If the decision of the administrative law judge to quash or modify the subpoena or to deny the motion to quash or modify the subpoena is appealed to the board, the board may uphold or overturn the decision of the administrative law judge.

401.303(8) If the person contesting the subpoena is not the member whose application for benefits is the subject of the contested case, the board's decision is final for purposes of judicial review. If the person contesting the subpoena is the member whose application for benefits is the subject of the contested case, the board's decision is not final for purposes of judicial review until there is a final decision in the contested case.

661—401.304(17A) Motions.

401.304(1) No technical form for motions is required. However, prehearing motions must be in writing, state the grounds for relief, and state the relief sought.

401.304(2) Any party may file a written response to a motion within ten days after the motion is served, unless the time period is extended or shortened by rules of the board or the presiding officer. The presiding officer may consider a failure to respond within the required time period in ruling on a motion.

401.304(3) The presiding officer may schedule oral argument on any motion.

401.304(4) Motions pertaining to the hearing, except motions for summary judgment, must be filed and served at least ten days prior to the date of hearing unless there is good cause for permitting later action or the time for such action is lengthened or shortened by rule of the board or an order of the presiding officer.

401.304(5) Motions for summary judgment shall comply with the requirements of Iowa Rule of Civil Procedure 1.981 and shall be subject to disposition according to the requirements of that rule to the extent such requirements are not inconsistent with the provisions of this rule or any other provision of law governing the procedure in contested cases.

Motions for summary judgment must be filed and served at least 45 days prior to the scheduled hearing date, or other time period determined by the presiding officer. Any party resisting the motion shall file and serve a resistance within 15 days, unless otherwise ordered by the presiding officer, from the date a copy of the motion was served. The time fixed for hearing or nonoral submission shall be not less than 20 days after the filing of the motion, unless a shorter time is ordered by the presiding officer. A summary judgment order rendered on all issues in a contested case is subject to rehearing pursuant to rule 661—401.314(17A) and appeal pursuant to subrule 401.312(2).

661—401.305(17A) Settlements. A contested case may be resolved by informal settlement, and settlements are encouraged. Settlement negotiations may be initiated at any stage of a contested case by the assistant attorney general appointed to represent the public interest or by the applicant. The board shall not be involved in negotiation until a written proposed settlement is submitted for approval, unless both parties waive this prohibition.

661—401.306(17A) Prehearing conference.

401.306(1) Any party may request a prehearing conference. A written request for prehearing conference or an order for prehearing conference on the presiding officer's own motion shall be filed not less than seven days prior to the hearing date. A prehearing conference shall be scheduled not less than three business days prior to the hearing date.

Written notice of the prehearing conference shall be given by the presiding officer to all parties. For good cause, the presiding officer may permit variances from this rule.

401.306(2) Each party shall bring to the prehearing conference:

a. A final list of the witnesses who the party anticipates will testify at hearing. Witnesses not listed may be excluded from testifying unless there was good cause for the failure to include their names.

b. A final list of exhibits which the party anticipates will be introduced at hearing. Exhibits other than rebuttal exhibits that are not listed may be excluded from admission into evidence unless there was good cause for the failure to include them.

c. Witness or exhibit lists may be amended subsequent to the prehearing conference within the time limits established by the presiding officer at the prehearing conference. Any such amendments must be served on all parties.

401.306(3) In addition to the requirements of subrule 401.306(2), the parties at a prehearing conference may:

a. Enter into stipulations of law or fact;

b. Enter into stipulations on the admissibility of exhibits;

c. Identify matters that the parties intend to request be officially noticed;

d. Enter into stipulations for waiver of any provision of law; and

e. Consider any additional matters that will expedite the hearing.

401.306(4) Prehearing conferences shall be conducted by telephone unless otherwise ordered. Parties shall exchange and receive witness and exhibit lists in advance of a telephone prehearing conference.

661—401.307(17A) Continuances. Unless otherwise provided, applications for continuances shall be made to the presiding officer.

401.307(1) A written application for a continuance shall:

- a.* Be made at the earliest possible time and no less than seven days before the hearing except in case of unanticipated emergencies;
- b.* State the specific reasons for the request; and
- c.* Be signed by the requesting party or the party's representative.

An oral application for a continuance may be made if the presiding officer waives the requirement for a written motion. However, a party making such an oral application for a continuance must confirm that request by written application within five days after the oral request unless that requirement is waived by the presiding officer. No application for continuance shall be made or granted without notice to all parties except in an emergency where notice is not feasible. The presiding officer may waive notice of such requests for a particular case or an entire class of cases.

401.307(2) In determining whether to grant a continuance, the presiding officer may consider:

- a.* Prior continuances;
- b.* The interests of all parties;
- c.* The likelihood of informal settlement;
- d.* The existence of an emergency;
- e.* Any objection;
- f.* Any applicable time requirements;
- g.* The existence of a conflict in the schedules of counsel, parties, or witnesses;
- h.* The timeliness of the request; and
- i.* Other relevant factors.

The presiding officer may require documentation of any grounds for continuance.

661—401.308(17A) Withdrawals. A party requesting a contested case proceeding may withdraw that request prior to the hearing. Unless otherwise provided, a withdrawal shall be with prejudice.

661—401.309(17A) Hearing procedures.

401.309(1) The presiding officer shall have the authority to administer oaths, to admit or exclude testimony or other evidence, and to rule on all motions and objections.

401.309(2) All objections shall be timely made and stated on the record.

401.309(3) Parties have the right to participate or to be represented in all hearings or prehearing conferences related to their case. Any party may be represented by an attorney at the party's own expense.

401.309(4) Subject to terms and conditions prescribed by the presiding officer, parties have the right to introduce evidence on issues of material fact, cross-examine witnesses present at the hearing as necessary for a full and true disclosure of the facts, present evidence in rebuttal, and submit briefs and engage in oral argument.

401.309(5) The presiding officer shall maintain the decorum of the hearing and may refuse to admit or may expel anyone whose conduct is disorderly.

401.309(6) Witnesses may be sequestered during the hearing.

401.309(7) The presiding officer shall conduct the hearing in the following manner:

- a.* The presiding officer shall give an opening statement briefly describing the nature of the proceedings.
- b.* The parties shall be given an opportunity to present opening statements.
- c.* The parties shall present their cases in the sequence determined by the presiding officer.
- d.* Each witness shall be sworn or affirmed by the presiding officer or the court reporter, and be subject to examination and cross-examination. The presiding officer may limit questioning in a manner consistent with law.
- e.* When all parties and witnesses have been heard, the parties may be given the opportunity to present final arguments.

f. The presiding officer may enter a default judgment against a party who fails to appear at the hearing.

401.309(8) The presiding officer has the right to question a witness. Examination of witnesses by the presiding officer is subject to properly raised objections.

401.309(9) The hearing shall be open to the public, except as otherwise provided by law.

401.309(10) Oral proceedings shall be electronically recorded. Upon request, the board shall provide a copy of the whole or any portion of the audio recording at a reasonable cost. A certified shorthand reporter may be engaged to record the proceeding at the request of a party and at the expense of the party making the request. A transcription of the record of the hearing shall be made at the request of either party at the expense of the party making the request. The parties may agree to divide the cost of the transcription. A record of the proceedings, which may be either the original recording, a copy, or a transcript, shall be retained by the secretary for five years after the resolution of the case.

401.309(11) Default.

a. If a party fails to appear or participate in a contested case proceeding after proper service of notice, the presiding officer may, if no adjournment is granted, enter a default decision or proceed with the hearing and render a decision in the absence of the party.

b. Where appropriate and not contrary to law, any party may move for default against a party who has requested the contested case proceeding and has failed to file a required pleading or has failed to appear after proper service.

c. Default decisions or decisions rendered on the merits after a party has failed to appear or participate in a contested case proceeding become final board action unless, within 15 days after the date of notification or mailing of the decision, a motion to vacate is filed and served on all parties or an appeal of a decision on the merits is timely initiated within the time provided by subrule 401.312(2). A motion to vacate must state all facts relied upon by the moving party which establish that good cause existed for that party's failure to appear or participate at the contested case proceeding. Each fact so stated must be substantiated by at least one sworn affidavit of a person with personal knowledge of each such fact, which affidavit(s) must be attached to the motion.

d. The time for further appeal of a decision for which a timely motion to vacate has been filed is stayed pending a decision on the motion to vacate.

e. Properly substantiated and timely filed motions to vacate shall be granted only for good cause shown. The burden of proof as to good cause is on the moving party. Adverse parties shall have ten days to respond to a motion to vacate. Adverse parties shall be allowed to conduct discovery as to the issue of good cause and to present evidence on the issue prior to a decision on the motion, if a request to do so is included in that party's response.

f. "Good cause" for purposes of this rule shall have the same meaning as "good cause" for setting aside a default judgment under Iowa Rule of Civil Procedure 1.977.

g. A decision denying a motion to vacate is subject to further appeal within the time limit allowed for further appeal of a decision on the merits in the contested case proceeding.

h. If a motion to vacate is granted and no timely interlocutory appeal has been taken, the presiding officer shall issue another notice of hearing and the contested case shall proceed accordingly.

i. A default decision may award any relief consistent with the request for relief made in the petition and embraced in its issues (but, unless the defaulting party has appeared, it cannot exceed the relief demanded).

661—401.310(17A) Evidence.

401.310(1) The presiding officer shall rule on admissibility of evidence and may, where appropriate, take official notice of facts in accordance with all applicable requirements of law.

401.310(2) Stipulation of facts is encouraged. The presiding officer may make a decision based on stipulated facts.

401.310(3) Evidence in the proceeding shall be confined to the contested issues as provided in Iowa Code section 97A.6.

401.310(4) The party seeking admission of an exhibit must provide opposing parties with an opportunity to examine the exhibit prior to the ruling on its admissibility. Copies of documents should normally be provided to opposing parties. All exhibits admitted into evidence shall be appropriately marked and be made part of the record.

401.310(5) Any party may object to specific evidence or may request limits on the scope of any examination or cross-examination. Such an objection shall be accompanied by a brief statement of the grounds upon which it is based. The objection, the ruling on the objection, and the reasons for the ruling shall be noted in the record. The presiding officer may rule on the objection at the time it is made or may reserve a ruling until the written decision.

401.310(6) Whenever evidence is ruled inadmissible, the party offering that evidence may submit an offer of proof on the record. The party making the offer of proof for excluded oral testimony shall briefly summarize the testimony or, with permission of the presiding officer, present the testimony. If the excluded evidence consists of a document or exhibit, it shall be marked as part of an offer of proof and inserted in the record.

661—401.311(17A) Ex parte communication.

401.311(1) Prohibited communications. Unless required for the disposition of ex parte matters specifically authorized by statute, following issuance of the notice of hearing, there shall be no communication, directly or indirectly, between the presiding officer and any party or representative of any party or any other person with a direct or indirect interest in such case in connection with any issue of fact or law in the case except upon notice and opportunity for all parties to participate. Nothing in this rule is intended to preclude board members from communicating with other board members or members of the board staff, including the secretary, other than those with a personal interest in, or those engaged in personally investigating, prosecuting, or advocating in, either the case under consideration or a pending factually related case involving the same parties, as long as those persons do not directly or indirectly communicate to the presiding officer any ex parte communications they have received of a type that the presiding officer would be prohibited from receiving or that furnish, augment, diminish, or modify the evidence in the record.

401.311(2) Prohibitions on ex parte communications commence with the issuance of the notice of hearing in a contested case and continue for as long as the case is pending before the board.

401.311(3) Written, oral or other forms of communication are “ex parte” if made without notice and opportunity for all parties to participate.

401.311(4) To avoid prohibited ex parte communications, notice must be given in a manner reasonably calculated to give all parties a fair opportunity to participate. Notice of written communications shall be provided and may be supplemented by telephone, facsimile, electronic mail or other means of notification. Where permitted, oral communications may be initiated through conference telephone call including all parties or their representatives.

401.311(5) Persons who jointly act as presiding officer in a pending contested case may communicate with each other without notice or opportunity for parties to participate.

401.311(6) The secretary may be present in deliberations or otherwise advise the presiding officer without notice or opportunity for parties to participate as long as the secretary is not disqualified from participating.

401.311(7) Communications with the presiding officer involving uncontested scheduling or procedural matters do not require notice or opportunity for parties to participate. Parties should notify other parties prior to initiating such contact with the presiding officer when feasible, and shall notify other parties when seeking to continue hearings or other deadlines.

401.311(8) Disclosure of prohibited communications. A presiding officer who receives a prohibited ex parte communication during the pendency of a contested case must initially determine if the effect of the communication is so prejudicial that the presiding officer should be disqualified.

a. If the presiding officer determines that disqualification is warranted, a copy of any prohibited written communication, all written responses to the communication, a written summary stating the substance of any prohibited oral or other communication not available in written form for disclosure, all

responses made, and the identity of each person from whom the presiding officer received a prohibited ex parte communication shall be submitted for inclusion in the record under seal by protective order; or

b. If the presiding officer determines that disqualification is not warranted, such documents shall be submitted for inclusion in the record and served on all parties. Any party desiring to rebut the prohibited communication must be allowed the opportunity to do so upon written request filed within ten days after notice of the communication.

401.311(9) Promptly after being assigned to serve as presiding officer at any stage in a contested case proceeding, a presiding officer shall disclose to all parties material factual information received through ex parte communication prior to such assignment, unless the factual information has already been or shortly will be disclosed pursuant to Iowa Code section 17A.13, subsection 2, or through discovery. Factual information contained in an investigative report or similar document need not be separately disclosed by the presiding officer as long as such documents have been or will shortly be provided to the parties.

401.311(10) The presiding officer may render a proposed or final decision imposing appropriate sanctions for violations of this rule. Violation of ex parte communication prohibitions by staff shall be reported to the board and to the director of the administrative services division of the department.

661—401.312(17A) Decisions.

401.312(1) *Proposed decision.* The decision prepared by the presiding officer is a proposed decision. The proposed decision becomes the final decision of the board without further proceedings unless there is an appeal to, or review on motion of, the board within the time provided in subrule 401.312(2).

401.312(2) *Appeals and review.*

a. Appeal by party. Any adversely affected party may appeal a proposed decision to the board within 30 days after issuance of the proposed decision.

b. Review. The board may initiate review of a proposed decision on its own motion at any time within 30 days following the issuance of such a decision.

c. Notice of appeal. An appeal of a proposed decision is initiated by filing a timely notice of appeal with the board. The notice of appeal must be signed by the appealing party or a representative of that party and contain a certificate of service. The notice shall specify:

- (1) The parties initiating the appeal;
- (2) The proposed decision or order appealed from;
- (3) The specific findings or conclusions to which exception is taken and any other exceptions to the decision or order;
- (4) The relief sought;
- (5) The grounds for relief.

d. Requests to present additional evidence. A party may request the taking of additional evidence only by establishing that the evidence is material, that good cause existed for the failure to present the evidence at the hearing, and that the party has not waived the right to present the evidence. A written request to present additional evidence must be filed with the notice of appeal or, by a nonappealing party, within 14 days of service of the notice of appeal. The board may remand a case to the presiding officer for further hearing or may itself preside at the taking of additional evidence.

e. Scheduling. The board shall issue a schedule for consideration of the appeal.

f. Briefs and arguments. Unless otherwise ordered, briefs, if any, must be filed within five days of meeting.

661—401.313(17A) No factual dispute contested cases. If the parties agree that no dispute of material fact exists as to a matter that would be a contested case if such a dispute of fact existed, the parties may present all relevant admissible evidence either by stipulation or otherwise as agreed by the parties without necessity for the production of evidence at an evidentiary hearing. If such agreement is reached, a jointly submitted schedule detailing the method and timetable for submission of the record, briefs and oral argument should be submitted to the presiding officer for approval as soon as practicable. If the

parties cannot agree, any party may file and serve a motion for summary judgment pursuant to the rules governing such motions.

661—401.314(17A) Applications for rehearing.

401.314(1) *By whom filed.* Any party to a contested case proceeding may file an application for rehearing from a final order.

401.314(2) *Content of application.* The application for rehearing shall state on whose behalf it is filed, the specific grounds for rehearing, and the relief sought.

401.314(3) *Time of filing.* The application shall be filed with the board within 20 days after issuance of the final decision.

401.314(4) *Notice to other parties.* A copy of the application shall be timely mailed by the applicant to all parties of record not joining therein.

401.314(5) *Disposition.* The board may meet telephonically to consider an application for rehearing. Any application for a rehearing shall be deemed denied unless the board grants the application within 20 days after its filing.

These rules are intended to implement Iowa Code chapters 17A and 97A.

CHAPTER 42
ADJUSTMENTS TO COMPUTED TAX AND TAX CREDITS
[Prior to 12/17/86, Revenue Department[730]]

701—42.1(257,422) School district surtax. Iowa law provides for the implementation of an income surtax for increasing local school district budgets. The surtax must be approved by the voters of a school district in a special election or by a resolution of the board of directors of a school district. The surtax rate is determined by the department of management on the basis of the revenue to be raised by the surtax for the particular school district with the surtax.

The school district surtax is imposed on the income tax liabilities of all taxpayers residing in the school district on the last day of the taxpayers' tax years. For purposes of the school district surtax, income tax liability is the tax computed under Iowa Code section 422.5, less the nonrefundable credits against computed tax which are authorized in Iowa Code chapter 422, division II.

In a situation where an individual is residing in a school district with a surtax and the individual dies during the tax year, the individual will be considered to be subject to the surtax, since the individual was residing in the school district on the last day of the individual's tax year.

An individual serving in the Armed Forces of the United States who maintains permanent residence in an Iowa school district with a surtax is subject to the surtax regardless of whether the individual is physically residing in the school district on the last day of the tax year.

A person who is present in the school district on the last day of the tax year on a temporary basis due to annual leave or in transit between duty stations is not subject to the surtax.

This rule is intended to implement Iowa Code sections 257.21, 257.29, and 422.15.

701—42.2(422D) Emergency medical services income surtax. Effective July 1, 1992, a county board of supervisors may offer for voter approval a local option income surtax, an ad valorem property tax, or a combination of the two taxes to generate revenues for emergency medical services. However, this rule pertains only to the local option income surtax for emergency medical services. If a majority of those voting in the election approve the emergency medical services income surtax, the income surtax will be imposed for tax years beginning on or after January 1 of the fiscal year in which the election is held. Thus, if an election is held in the 2007-2008 fiscal year (July 1, 2007, through June 30, 2008) and the income surtax is approved in the election, the income surtax will be imposed on 2008 returns for individuals filing on a calendar-year basis. In the case of individuals filing on a fiscal-year basis, the income surtax will be imposed on returns for tax years beginning in the 2008 fiscal year. If an emergency medical services income surtax is imposed for a county, it can be imposed only for a maximum period of five years. When the emergency medical income surtax is repealed because the five-year imposition has expired, the income surtax is repealed as of December 31 for tax years beginning on or after that date.

42.2(1) *The rate of the income surtax imposed for emergency medical services.* After the income surtax is approved by an election of county voters, the board of supervisors will set the rate of tax to be imposed, which can be expressed in tenths of 1 percent or hundredths of 1 percent but cannot exceed 1 percent. In addition, because the cumulative total of the percents of income surtax imposed on any taxpayer in the county cannot exceed 20 percent, the rate of an emergency medical services income surtax may be limited, if a school district income surtax has been approved previously by a school district in the county and the surtax rate exceeds 19 percent. Therefore, assuming that a school district in the county had previously approved an income surtax rate of 19.4 percent, the medical emergency income surtax rate would be limited to six-tenths of 1 percent. If a school district income surtax and emergency medical income surtax are approved on or about the same date and the cumulative total of the income surtaxes is greater than 20 percent, the income surtax approved on the earlier of the two dates will be allowed at the rate approved and the second income surtax approved will be limited accordingly so that the cumulative rate will not exceed 20 percent. If a school district income surtax and an emergency medical income surtax are approved on the same date with a proposed cumulative rate that exceeds 20 percent, each of the surtaxes will be reduced equally so that the cumulative surtax rate will not exceed 20 percent. Assuming that a school district in a particular county approves an income surtax of 20 percent

on November 4, 2008, and an emergency medical income surtax of 1 percent is approved on the same date, both surtaxes will be reduced by five-tenths of 1 percent so that the cumulative rate of the two income surtaxes does not exceed 20 percent. The department of management can provide information about any income surtaxes that have been approved for the school districts in the county.

42.2(2) *Imposing the emergency medical income surtax.* The emergency medical income surtax will be imposed on the state income tax liability on each individual residing in the county at the end of the individual's tax year, whether the individual's tax year ends at the end of the calendar year or fiscal year. For purposes of the emergency medical income surtax, an individual's income tax liability is the aggregate of the state income taxes determined in Iowa Code section 422.5 less the nonrefundable credits against computed income tax which are authorized in Iowa Code chapter 422, division II.

42.2(3) *Administering the emergency medical income surtax.* The director of revenue shall administer the emergency medical income surtax in the same way as other state individual tax laws are administered. All powers and requirements related to administering the state income tax law apply to the administration of the emergency medical income surtax including, but not limited to, the provisions of Iowa Code sections 422.4, 422.20 to 422.31, 422.68, 422.70, and 422.72 to 422.75. The county board of supervisors and county officials shall confer with the director for assistance in drafting the ordinance imposing the emergency medical income surtax. Certified copies of the ordinance shall be filed with the department of revenue and the department of management within 30 days after the emergency medical income surtax is approved.

42.2(4) *Accounting for the emergency medical income surtax and paying the surtax.* The department shall account for the emergency medical income surtax and any interest and penalties on the surtax so that there is a separate accounting for each county where the income surtax is imposed. The accounting shall be applicable to those individual income tax returns filed on or before November 1 of the calendar year following the tax year for which the tax is imposed. The emergency medical income surtax and any penalties and interest should be credited to a "local income surtax fund" established in the office of the state treasurer. On or before December 15 of the year after the tax year, the director of revenue shall certify to the state treasurer the income surtax and any interest and penalties collected from returns filed on or before November 1.

This rule is intended to implement Iowa Code chapter 422D.

701—42.3(422) Exemption credits.

42.3(1) A single person shall deduct from the computed tax a personal exemption credit of \$40. A single person is defined in 701—subrule 39.4(1).

42.3(2) A married person living with husband or wife at the close of the taxable year, or living with husband or wife at the time of the death of that spouse during the taxable year, shall, if a joint return is filed, deduct from the computed tax a personal exemption of \$80. Where such spouse files a separate return, each spouse is entitled to deduct from the computed tax a personal exemption of \$40. The personal exemption may not be divided between the spouses in any other proportion.

42.3(3) A taxpayer shall deduct from computed tax an exemption of \$40 for each dependent. "Dependent" has the same meaning as provided by the Internal Revenue Code, and the same dependents shall be claimed for Iowa income tax purposes as the taxpayer is entitled to claim for federal income tax purposes. If each spouse furnished 50 percent of the support, the spouses must elect between them which spouse is to be entitled to claim the dependent. The dividing of dependent credits applies only to the number of dependents and not to the credit amount for a particular dependent.

42.3(4) A head of household as defined in 701—subrule 39.4(7) is allowed a personal exemption credit of \$80.

42.3(5) A taxpayer who is 65 years of age on or before the first day following the end of the tax year is allowed an additional personal exemption credit of \$20 in addition to any other credits allowed by this rule.

42.3(6) A taxpayer who is blind, as defined in Iowa Code section 422.12(1) "e," is allowed a personal exemption credit of \$20 in addition to any other credits allowed by this rule.

42.3(7) A nonresident taxpayer or a part-year resident taxpayer will be allowed to deduct personal exemption credits as if the nonresident taxpayer or part-year taxpayer was a resident for the entire year.

This rule is intended to implement Iowa Code section 422.12.

701—42.4(422) Tuition and textbook credit for expenses incurred for dependents attending grades kindergarten through 12 in Iowa. Effective for tax years beginning on or after January 1, 1998, taxpayers who pay tuition and textbook expenses of dependents who attend grades kindergarten through 12 in an Iowa school may receive a tax credit of 25 percent of up to \$1,000 of qualifying expenses for each dependent attending an elementary or secondary school located in Iowa. In order for the taxpayer to qualify for the tax credit for tuition and textbooks, the elementary school or secondary school that the dependent is attending must meet the standards for accreditation of public and nonpublic schools in Iowa provided in Iowa Code section 256.11. In addition, the school the dependent is attending must not be operated for profit and must adhere to the provisions of the United States Civil Rights Act of 1964, and the provisions of Iowa Code chapter 216, which is known as the Iowa civil rights Act of 1965. The following definitions and criteria apply to the determination of the tax credit for amounts paid by the taxpayer for tuition and textbooks for a dependent attending an elementary or secondary school in Iowa:

42.4(1) Tuition. For purposes of the tuition and textbook tax credit, “tuition” means any charge made by an elementary or secondary school for the expense of personnel, buildings, equipment and materials other than textbooks, and other expenses of elementary or secondary schools which relate to the teaching of only those subjects that are legally and commonly taught in public elementary or secondary schools in Iowa. “Tuition” includes charges by a qualified school for summer school classes or for private instruction of a child who is physically unable to attend classes at the site of the elementary or secondary school.

“Tuition” does not include charges or fees which relate to the teaching of religious tenets, doctrines, or worship in cases where the purpose of the teaching is to inculcate the religious tenets, doctrines, or worship. In addition, “tuition” does not include amounts paid to an individual or other entity for private instruction of a dependent who attends an elementary or secondary school in Iowa. Amounts paid to a school for meals, lodging, or clothing for a dependent do not qualify for the tax credit for tuition.

Amounts paid to an individual or organization for home schooling of a dependent or the teaching of a dependent outside of an elementary or secondary school may not be claimed for purposes of the tuition and textbook tax credit.

42.4(2) Textbooks. For purposes of the tuition and textbook tax credit, “textbooks” means books and other instructional materials used in elementary and secondary schools in Iowa to teach only those subjects legally and commonly taught in public elementary and secondary schools in Iowa. “Textbooks” includes fees or charges by the elementary or secondary school for required supplies or materials for classes in art, home economics, shop or similar courses. “Textbooks” also includes books and materials used for extracurricular activities, such as sporting events, musical events, dramatic events, speech activities, driver’s education, or programs of a similar nature.

“Textbooks” does not include amounts paid for books or other instructional materials used in the teaching of religious tenets, doctrines, or worship, in cases where the purpose of the teaching is to inculcate the religious tenets, doctrine, or worship. “Textbooks” also does not include amounts paid for books or other instructional materials used in teaching a dependent subjects in the home or outside of an elementary or secondary school.

42.4(3) Extracurricular activities. For purposes of the tuition and textbook tax credit, amounts paid for dependents to participate in or to attend extracurricular activities may be claimed as part of the tuition and textbook tax credit. “Extracurricular activities” includes sporting events, musical events, dramatic events, speech activities, driver’s education if provided at a school, and programs of a similar nature.

a. The following are specific examples of expenditures related to a dependent’s participation in or attendance at extracurricular activities that may qualify for the tuition and textbook tax credit:

- (1) Fees for participation in school sports activities.
- (2) Fees for field trips.

- (3) Rental fees for instruments for school bands or orchestras but not rental fees in rent-to-own contracts.
- (4) Driver's education fees, if paid to a school.
- (5) Cost of activity tickets or admission tickets to school sporting, music and dramatic events.
- (6) Fees for events such as homecoming, winter formal, prom, or similar events.
- (7) Rental of costumes for school plays.
- (8) Purchase of costumes for school plays if the costumes are not suitable for street wear.
- (9) Purchase of track shoes, football shoes, or other athletic shoes with cleats, spikes, or other features that are not suitable for street wear.
- (10) Costs of tickets or other admission fees to attend banquets or buffets for school academic or athletic awards.
- (11) Trumpet grease, woodwind reeds, guitar picks, violin strings and similar types of items for maintenance of instruments used in school bands or orchestras.
- (12) Band booster club or athletic booster club dues, but only if dues are for the dependent attending the school and not the parent or adult.
- (13) Rental of formal gown or tuxedo for school dance or other school event.
- (14) Dues paid to school clubs or school-sponsored organizations such as chess club, photography club, debate club, or similar organizations.
- (15) Amounts paid for music that will be used in school music programs, including vocal music programs.
- (16) Fees paid for general materials for shop class, agriculture class, home economics class, or auto repair class and general fees for equivalent classes.
- (17) Fees for a dependent's bus trips to attend school if paid to the school.

b. The following are specific examples of expenditures related to a dependent's participation in or attendance at extracurricular activities that will not qualify for the tuition and textbook credit.

- (1) Purchase of a musical instrument used in a school band or orchestra.
- (2) Purchase of basketball shoes or other athletic shoes that are readily adaptable to street wear.
- (3) Amounts paid for special testing such as SAT or PSAT, and for Iowa talent search tests.
- (4) Payments for senior trips, band trips, and other overnight school activity trips which involve payment for meals and lodging.
- (5) Fees paid to K-12 schools for courses for college credit.
- (6) Amounts paid for T-shirts, sweatshirts and similar clothing that is appropriate for street wear.
- (7) Amounts paid for special programs at universities and colleges for high school students.
- (8) Payment for private instrumental lessons, voice lessons or similar lessons.
- (9) Amounts paid for a school yearbook, annual or class ring.
- (10) Fees for special materials paid for shop class, agriculture class, auto repair class, home economics class and similar classes. For purposes of this paragraph, "special materials" means materials used for personal projects of the dependents, such as materials to make furniture for personal use, automobile parts for family automobiles and other materials for projects for personal or family benefit.

42.4(4) *Claiming the credit.* The credit can only be claimed by the spouse who claims the dependent credit on the Iowa tax return as described in subrule 42.3(3). For example, for divorced or separated parents, only the spouse who claims the dependent credit on the Iowa return can claim the tuition and textbook credit for tuition and textbook expenses for that dependent.

In cases where married taxpayers file separately on a combined return form, the tuition and textbook credit shall be allocated between the spouses in the ratio in which the dependent credit was claimed between the spouses.

EXAMPLE: A married couple has two dependent children and claimed a tuition and textbook credit of \$500 related to both children on their 2011 Iowa return. The taxpayers filed separately on a combined Iowa return form for 2011. One spouse claimed both of the dependent credits on the Iowa return. The \$500 tuition and textbook credit will be claimed by the spouse who claimed the dependent credits on the Iowa return.

EXAMPLE: A married couple has three dependent children and claimed a tuition and textbook credit of \$600 related to all three children on their 2011 Iowa return. The taxpayers filed separately on a combined Iowa return form for 2011. One spouse claimed one dependent credit, and the other spouse claimed two dependent credits on the Iowa return. The spouse who claimed one dependent credit will claim \$200 of the tuition and textbook credit, while the spouse who claimed two dependent credits will claim \$400 of the tuition and textbook credit.

This rule is intended to implement Iowa Code section 422.12.
[ARC 8702B, IAB 4/21/10, effective 5/26/10; ARC 9820B, IAB 11/2/11, effective 12/7/11]

701—42.5(422) Nonresident and part-year resident credit. For tax years beginning on or after January 1, 1982, an individual who is a nonresident of Iowa for the entire tax year, or an individual who is an Iowa resident for a portion of the tax year, is allowed a credit against the individual's Iowa income tax liability for the Iowa income tax on the portion of the individual's income which was earned outside Iowa while the person was a nonresident of Iowa. This credit is computed on Schedule IA 126, which is included in the Iowa individual income tax booklet. The following subrules clarify how the nonresident and part-year resident credit is computed for nonresidents of Iowa and taxpayers who are part-year residents of Iowa during the tax year.

42.5(1) Nonresident/part-year resident credit for nonresidents of Iowa. A nonresident of Iowa shall complete the Iowa individual return in the same way an Iowa resident completes the form by reporting the individual's total net income, including income earned outside Iowa, on the front of the IA 1040 return form. A nonresident individual is allowed the same deduction for federal income tax and the same itemized deductions as an Iowa resident taxpayer with identical deductions for these expenditures. Thus, a nonresident with a taxable income of \$40,000 would have the same initial Iowa income tax liability as a resident taxpayer with a taxable income of \$40,000 before the nonresident/part-year resident credit is computed.

The nonresident/part-year resident credit is computed on Schedule IA 126. The lines referred to in this subrule are from Schedule IA 126 and Form IA 1040 for the 2008 tax year. Similar lines on the schedule and form may apply for subsequent tax years. The individual's Iowa source net income from lines 1 through 25 of the schedule is totaled on line 26 of the schedule. If the nonresident's Iowa source net income is less than \$1,000, the taxpayer is not subject to Iowa income tax and is not required to file an Iowa income tax return for the tax year. However, if the Iowa source net income amount is \$1,000 or more, the Iowa source net income is then divided by the person's all source net income on line 27 of Schedule IA 126 to determine the percentage of the Iowa net income to all source net income. This Iowa income percentage, which is rounded to the nearest tenth of a percent, is inserted on line 28 of the schedule, and this percentage is then subtracted from 100 percent to arrive at the nonresident/part-year resident credit percentage or the percentage of the individual's total income which was earned outside Iowa. The nonresident/part-year resident credit percentage is entered on line 29 of Schedule IA 126. The Iowa income tax on total income from line 43 of the IA 1040 is entered on line 30 of Schedule IA 126. The total of nonrefundable credits from line 49 of the IA 1040 is then shown on line 31 of Schedule IA 126. The amount on line 31 is subtracted from the amount on line 30, which results in the Iowa total tax after nonrefundable credits, which is entered on line 32. This Iowa tax-after-credits amount is multiplied by the nonresident/part-year resident credit percentage from line 29 to compute the nonresident/part-year resident credit. The amount of the credit is inserted on line 33 of Schedule IA 126 and on line 51 of the IA 1040.

EXAMPLE A. A single resident of Nebraska had Iowa source net income of \$15,000 in 2008 from wages earned from employment in Iowa. The rest of this person's income was attributable to sources outside Iowa. This nonresident of Iowa had an all source net income of \$40,000 and a taxable income of \$30,000 due to a federal tax deduction of \$7,000 and itemized deductions of \$3,000. The Iowa income percentage is computed by dividing the Iowa source net income of \$15,000 by the taxpayer's all source net income of \$40,000, which results in a percentage of 37.5. This percentage is subtracted from 100 percent which leaves a nonresident/part-year resident credit percentage of 62.5.

The Iowa tax from line 43 of the IA 1040 is \$1,508. The total nonrefundable credit from line 49 is \$40, which leaves a tax amount of \$1,468 when the credit is subtracted from \$1,508. When \$1,468 is multiplied by the nonresident/part-year resident credit percentage of 62.5, a nonresident credit of \$918 is computed which is entered on line 33 of Schedule IA 126 as well as on line 51 of the IA 1040 for 2008.

EXAMPLE B. A California resident, who was married, had \$20,000 of Iowa source income in 2008 from an Iowa farm. This individual had an additional \$80,000 in income that was attributable to sources outside Iowa, but the individual's spouse had no income. The taxpayers had paid \$18,000 in federal income tax in 2008 and had itemized deductions of \$12,000 in 2008.

The taxpayers' taxable income on their joint Iowa return was \$70,000. The taxpayers had an Iowa income tax liability of \$4,583 after application of the personal exemption credits of \$80. The taxpayers had an Iowa source income of \$20,000 and an all source net income of \$100,000. Therefore, the Iowa income percentage was 20. Subtracting the Iowa income percentage of 20 percent from 100 percent leaves a nonresident/part-year resident credit percentage of 80.

When the Iowa income tax liability of \$4,583 is multiplied by 80 percent, this results in a nonresident/part-year resident credit of \$3,666. This credit amount is entered on line 33 of the Schedule IA 126 and on line 51 of Form IA 1040.

42.5(2) *Nonresident/part-year resident credit for part-year residents of Iowa.* An individual who is a resident of Iowa for part of the tax year shall complete the front of the IA 1040 income tax return form as a resident taxpayer by showing the taxpayer's total income, including income earned outside Iowa, on the front of the IA 1040 return form. A part-year resident of Iowa is allowed the same federal tax deduction and itemized deductions as a resident taxpayer who has paid the same amount of federal income tax and has paid for the same deductions that can be claimed on Schedule A in the tax year. Therefore, a part-year resident would have the same initial Iowa income tax liability as an Iowa resident with the same taxable income before computation of the nonresident/part-year resident credit.

The nonresident/part-year resident credit for a part-year resident is computed on Schedule IA 126. The lines referred to in this subrule are from the IA 1040 income tax return form and the Schedule IA 126 for 2008. Similar lines may apply for tax years after 2008. The individual's Iowa source income is totaled on line 26 of Schedule IA 126 and includes all the individual's income received while the taxpayer was a resident of Iowa and all the Iowa source income received during the period of the tax year when the individual was a resident of a state other than Iowa. Iowa source income includes, but is not limited to, wages earned in Iowa while a resident of another state as well as income from Iowa farms and other Iowa businesses that was earned during the portion of the year that the taxpayer was a nonresident of Iowa. In the case of interest from a part-year resident's account at an Iowa financial institution, only interest earned during the period of the individual's Iowa residence is Iowa source income unless the account is for an Iowa business. If the part-year resident's account at a financial institution is for an Iowa business, all interest earned in the year by the part-year resident from the account is taxable to Iowa.

Income earned outside Iowa by the part-year resident during the portion of the year the individual was an Iowa resident is taxable to Iowa and is part of the individual's Iowa source income. To compute the nonresident/part-year resident credit for a part-year resident, the taxpayer's Iowa source income on Schedule IA 126 is totaled. If the Iowa source income is less than \$1,000, the taxpayer is not subject to Iowa income tax and is not required to file an Iowa return. If the Iowa source income is \$1,000 or more, it is divided by the taxpayer's all source net income on line 27 of Schedule IA 126. The percentage computed by this procedure is the Iowa income percentage and is entered on line 28 of the Schedule IA 126. The Iowa income percentage, which is rounded to the nearest tenth of a percent, is then subtracted from 100 percent to arrive at the nonresident/part-year resident credit percentage, which is entered on line 29 of Schedule IA 126. The Iowa tax from line 43 of the IA 1040 is then shown on line 30 of Schedule IA 126. The total of the Iowa nonrefundable credits from line 49 of the IA 1040 is entered on line 31 of Schedule IA 126 and is subtracted from the Iowa tax amount on line 30. The tax-after-credits amount on line 32 is next multiplied by the nonresident/part-year resident credit percentage from line 28. The amount calculated from this procedure is the nonresident/part-year resident credit, which is shown on line 33 of Schedule IA 126 and on line 51 of Form IA 1040.

EXAMPLE A. A single individual was a resident of Nebraska for the first half of 2008 and moved to Iowa on July 1, 2008, to accept a job in Des Moines. This individual earned \$20,000 from wages, \$200 from interest, and \$4,000 from a ranch in Nebraska from January 1, 2008, through June 30, 2008. In the last half of 2008, this person had wages of \$30,000, interest income of \$300, and \$4,000 from the Nebraska ranch. This part-year resident had federal income tax paid in 2008 of \$11,000 and had itemized deductions of \$3,000.

The part-year resident's all source net income was \$58,500 and the Iowa source net income was \$34,300, which includes the Iowa wages, the Nebraska ranch income of \$4,000 earned during the individual's period of Iowa residence, as well as the interest income of \$300 earned during that time of the tax year. The Iowa taxable income for the part-year resident for 2008 was \$44,500, which included the federal income tax deduction of \$11,000 and itemized deductions of \$3,000. The individual's Iowa income percentage was 58.6 which was determined by dividing the Iowa source income of \$34,300 by the all source income of \$58,500. Subtracting the Iowa income percentage of 58.6 from 100 percent results in a nonresident/part-year resident credit percentage of 41.4. The Iowa tax on total income was \$2,529 which was reduced to \$2,489 after subtraction of the personal exemption credit of \$40.

When \$2,489 is multiplied by the nonresident/part-year resident percentage of 41.4, a nonresident/part-year resident credit of \$1,030 is computed for this part-year resident.

EXAMPLE B. A single individual moved from Minnesota to Iowa on July 1, 2008. This person had received \$5,000 in income from an Iowa farm in March of the tax year and another \$10,000 from this farm in September of 2008. This person had \$10,000 in wages from employment in Minnesota in the first half of the year and another \$15,000 in wages from employment in Iowa in the last half of 2008. This person had \$2,000 in interest from a Minnesota bank in the first half of the year and \$2,000 in interest from an Iowa bank in the last six months of 2008. This taxpayer had \$8,000 in federal income tax withheld from wages in 2008 and claimed the standard deduction on both the Iowa and federal income tax returns.

The part-year resident's all source income was \$44,000 and the Iowa source income was \$32,000 which consisted of \$15,000 in wages, \$2,000 in interest income, and \$15,000 in income from the Iowa farm. Since the farm was in Iowa, the farm income received in the first half of 2008 was taxable to Iowa as well as the farm income received while the individual was an Iowa resident. The individual's Iowa taxable income was \$34,250 which was computed after subtracting the federal income tax deduction of \$8,000 and a standard deduction of \$1,750. The taxpayer's Iowa income tax liability was \$1,757 after subtraction of a personal exemption credit of \$40.

The taxpayer's Iowa income percentage was 72.7 which was computed by dividing the Iowa source income of \$32,000 by the all source income of \$44,000. The nonresident/part-year resident credit percentage was 27.3 which was arrived at by subtracting the Iowa income percentage of 72.7 from 100 percent. The taxpayer's nonresident/part-year resident credit is \$480. This was determined by multiplying the Iowa income tax liability after personal exemption credit amount of \$1,757 by the nonresident/part-year resident percentage of 27.3.

This rule is intended to implement Iowa Code section 422.5.

701—42.6(422) Out-of-state tax credits.

42.6(1) General rule. Iowa residents are allowed an out-of-state tax credit for taxes paid to another state or foreign country on income which is also reported on the taxpayer's Iowa return. The out-of-state tax credit is allowable only if the taxpayer files an Iowa resident income tax return.

If the Iowa resident is a partner, shareholder, member, or beneficiary of a partnership, S corporation, limited liability company, or trust which files a composite income tax return in another state on behalf of the partners, shareholders, members or beneficiaries, the out-of-state tax credit will be allowed for the Iowa resident. The Iowa resident must provide a schedule of the resident's share of the income tax paid to another state on a composite basis, and the out-of-state tax credit is limited based upon the calculation set forth in subrule 42.6(2).

However, if the partnership, S corporation, limited liability company or trust is directly subject to tax in another state and the tax is not directly imposed on the resident taxpayer, then the out-of-state tax credit is not allowed for the Iowa resident on the tax directly imposed on the partnership, S corporation, limited liability company, or trust. For example, if another state does not recognize the S corporation election for state purposes and a corporation income tax is imposed directly on the S corporation, then the out-of-state tax credit is not allowed for the Iowa resident shareholder on the corporation income tax paid to the other state.

42.6(2) *Limitation of out-of-state tax credit.* If an Iowa resident taxpayer pays income tax to another state or foreign country on any of the taxpayer's income, the taxpayer is entitled to a net tax credit; that is, the taxpayer may deduct from the taxpayer's Iowa net tax (not from gross income) the amount of income tax actually paid to the other state or country, provided the amount deducted as a credit does not exceed the amount of Iowa net income tax on the same income which was taxed by the other state or foreign country.

42.6(3) *Computation of tax credit.*

a. The limitation on the tax credit must be computed according to the following formula: Gross income taxed by another state or foreign country that is also taxed by Iowa shall be divided by the total gross income of the Iowa resident taxpayer. This quotient, multiplied by the net Iowa tax as determined on the total gross income of the taxpayer as if entirely earned in Iowa, shall be the maximum tax credit against the Iowa net tax. This quotient shall be computed as a percentage rounded to the nearest tenth of a percent. However, if the income tax paid to the other state or foreign country on the gross income taxed by the other state or foreign country is less than the maximum tax credit against the Iowa tax, the out-of-state credit allowed against the Iowa tax may not exceed the income tax paid to the other state or foreign country. The income tax paid to the other state or foreign country is the net state or foreign income tax actually paid for the tax year on the income taxed by the other state or foreign country and not the state or foreign income tax paid during the tax year, such as state income tax or foreign income tax withheld from the income taxed by the other state or foreign country.

b. Out-of-state tax credit examples. An individual who is an Iowa resident for the entire tax year can claim an out-of-state tax credit against the person's Iowa income tax liability for any income tax paid to another state or foreign country for the tax year on any gross income received by the individual for the year which was derived from sources outside of Iowa to the extent this gross income is also subject to Iowa income tax.

However, in the case of an individual who is a part-year resident of Iowa for the tax year, that individual can only claim an out-of-state tax credit against the person's Iowa income tax liability for income tax paid to another state or foreign country on gross income derived from sources outside of Iowa during the period of the tax year that the individual was an Iowa resident and only to the extent this gross income derived from sources outside of Iowa was also subject to Iowa income tax.

The taxpayer's out-of-state credit is computed on Schedule IA 130 which is to be filed with the taxpayer's Iowa individual income tax return. The taxpayer's income tax return or other document of the other state or foreign country supporting the income tax paid to the other state or foreign country shall be filed with the individual's Iowa income tax return to support the out-of-state tax credit claimed.

EXAMPLE 1. Gene Miller was an Iowa resident for the entire year 2008. Mr. Miller lived in Council Bluffs and worked the entire year for a company in Omaha, Nebraska. Mr. Miller had wages of \$30,000 and Nebraska income tax withheld of \$1,000. He also had income of \$10,000 from rental of an Iowa farm and another \$10,000 in interest income from a personal savings account in an Iowa bank. The amount of Mr. Miller's gross income that was taxed by Nebraska (the other state or foreign country) was \$30,000. His total gross income in 2008 was \$50,000. Thus, 60 percent of his income was earned in Nebraska. Mr. Miller's Iowa tax on line 54 of Form IA 1040 was \$917, which resulted in a potential out-of-state credit of 60 percent of the Iowa tax or \$550 because 60 percent of Mr. Miller's income was earned outside Iowa and was taxed by Nebraska. However, Mr. Miller's income tax liability on the Nebraska income tax return was only \$500. Thus, the out-of-state tax credit allowed was \$500, because that was less than the potential out-of-state tax credit of \$550.

EXAMPLE 2. Ben Smith was a part-year Iowa resident in 2008. He resided in Missouri for the first six months of the year until he moved to Keokuk, Iowa, on July 1. Mr. Smith was employed in Missouri for the entire year and had wages of \$30,000 and had Missouri income tax liability of \$1,000. Half of Mr. Smith's wages or \$15,000 of the wages was earned during the time Mr. Smith was an Iowa resident. Mr. Smith also had \$10,000 in farm rental income from farmland located in Iowa. The amount of gross income taxed by Missouri while Mr. Smith was an Iowa resident was \$15,000. Mr. Smith's gross income earned while an Iowa resident for the year was \$25,000. Thus, 60 percent of the gross income was earned in the other state while Mr. Smith was an Iowa resident. Mr. Smith's Iowa income tax on line 54 of the IA 1040 was \$1,292. This resulted in a potential out-of-state credit of \$775 because 60 percent of the gross income was earned in Missouri during the period Mr. Smith was an Iowa resident. However, since 50 percent of the income earned in Missouri was earned while Mr. Smith was a resident of Iowa and the Missouri income tax liability for the year was \$1,000, the out-of-state credit was \$500 or 50 percent of the Missouri income tax liability. The out-of-state credit allowed was \$500, because this was less than the Iowa income tax of \$775 that was applicable to the gross income earned in Missouri during the period Mr. Smith was an Iowa resident.

42.6(4) Proof of claim for tax credit. The credit may be deducted from Iowa net income tax if written proof of such payment to another state or foreign country is furnished to the department. The department will accept any one of the following as proof of such payment:

a. A photocopy, or other similar reproduction, of either:

- (1) The receipt issued by the other state or foreign country for payment of the tax, or
- (2) The canceled check (both sides) with which the tax was paid to the other state or foreign country together with a statement of the amount and kind (whether wages, salaries, property or business) of total income on which such tax was paid.

b. A copy of the income tax return filed with the other state or foreign country which has been certified by the tax authority of that state or foreign country and showing thereon that the income tax assessed has been paid to them.

This rule is intended to implement Iowa Code section 422.8.
[ARC 8702B, IAB 4/21/10, effective 5/26/10; ARC 1665C, IAB 10/15/14, effective 11/19/14]

701—42.7(422) Out-of-state tax credit for minimum tax.

42.7(1) General rule. Iowa residents are allowed an out-of-state tax credit for minimum taxes or income taxes paid to another state or foreign country on preference items derived from sources outside of Iowa. Part-year residents who pay minimum tax to another state or foreign country on preference items derived from sources outside Iowa will be allowed an out-of-state tax credit only to the extent that the minimum tax paid to the other state or foreign country relates to preference items that occurred during the period the taxpayer was an Iowa resident. Taxpayers who were nonresidents of Iowa for the entire tax year are not eligible for an out-of-state tax credit on their Iowa returns for minimum taxes paid to another state or foreign country on preference items.

If the Iowa resident is a partner, shareholder, member, or beneficiary of a partnership, S corporation, limited liability company, or trust which files a composite income tax return and pays minimum tax in another state on behalf of the partners, shareholders, members or beneficiaries, the out-of-state tax credit will be allowed for the Iowa resident. The Iowa resident must provide a schedule of the resident's share of the minimum tax paid to another state on a composite basis, and the out-of-state tax credit is limited based upon the calculation set forth in subrule 42.7(2).

However, if the partnership, S corporation, limited liability company, or trust is directly subject to minimum tax in another state and the minimum tax is not directly imposed on the resident taxpayer, then the out-of-state tax credit is not allowed for the Iowa resident on the minimum tax directly imposed on the partnership, S corporation, limited liability company, or trust. For example, if another state does not recognize the S corporation election for state tax purposes and a corporation income tax is imposed directly on the S corporation which includes minimum tax, then the out-of-state tax credit is not allowed for the Iowa resident shareholder on the corporation income tax, including minimum tax, paid to the other state.

42.7(2) Limitation of out-of-state tax credit for minimum tax. The limitation on the out-of-state tax credit for minimum tax is that the credit shall not exceed the Iowa minimum tax that would have been computed on the same preference items which were taxed by the other state or foreign country. The limitation may be determined according to the following formula: The total of preference items earned outside of Iowa and taxed by another state or foreign country shall be divided by the total of preference items of the resident taxpayer. This quotient, multiplied by the state minimum tax on the total of preference items as if entirely earned in Iowa, shall be the maximum credit against the Iowa minimum tax. However, if the minimum tax imposed by the other state or foreign country is less than the minimum tax computed under the limitation formula, the out-of-state credit for minimum tax will not exceed the minimum tax imposed by the other state or foreign country.

No out-of-state credit will be allowed on the Iowa return for minimum tax paid to another state or foreign country to the extent that the minimum tax of the other state or foreign country is imposed on items of tax preference not subject to the Iowa minimum tax. In addition, no out-of-state credit will be allowed for minimum tax paid to another state or foreign country of capital gains or losses from distressed sales which are excluded from the Iowa minimum tax. Capital gains or losses from distressed sales are described in rule 701—40.27(422).

42.7(3) Proof of claim for out-of-state tax credit for minimum tax. The out-of-state credit for minimum tax may be claimed on the return of a taxpayer if proof of payment of minimum tax to the state or foreign country is included with the return. Documents needed for proof of payment are a photocopy of the minimum tax form of the state or country to which minimum tax was paid as well as instructions from the minimum tax form or other information which specifies how the minimum tax is imposed and what preference items are subject to the minimum tax of that state or foreign country.

In the case of audit by the department of a taxpayer claiming an out-of-state tax credit for minimum tax paid, the department may require additional proof of payment of the out-of-state tax credit. The department will accept any of the following documents as verification of payment of the minimum tax:

- a. A photocopy, or other similar reproduction, of either:
 - (1) The receipt issued by the other state or foreign country for payment of the tax, including the minimum tax, or
 - (2) The canceled check (both sides) which was used for payment of the minimum tax to the other state or foreign country.
- b. A copy of the return filed with the other state or foreign country which has been certified by the tax authority of that state or foreign country and which shows that the income tax, including the minimum tax, has been paid.

This rule is intended to implement Iowa Code section 422.8.
[ARC 8702B, IAB 4/21/10, effective 5/26/10]

701—42.8(422) Withholding and estimated tax credits. An employee from whose wages tax is withheld shall claim credit for the tax withheld on the employee's income tax return for the year during which the tax was withheld. Credit will be allowed only if a copy of the withholding statement is attached to the return. Taxpayers who have made estimated income tax payments shall claim credit for the estimated tax paid for the taxable year.

This rule is intended to implement Iowa Code section 422.16.
[ARC 8702B, IAB 4/21/10, effective 5/26/10]

701—42.9(422) Motor fuel credit. An individual, partnership, limited liability company, or S corporation may elect to receive an income tax credit in lieu of the motor fuel tax refund provided by Iowa Code chapter 452A. An individual, partnership, limited liability company, or S corporation which holds a motor fuel tax refund permit under Iowa Code section 452A.18 when it makes this election must cancel the permit within 30 days after the first day of the tax year. However, if the refund permit is not canceled within this period, the permit becomes invalid at the time the election to receive an income tax credit is made. The election will continue for subsequent tax years unless a new motor fuel tax refund permit is obtained.

The motor fuel income tax credit must be the amount of Iowa motor fuel tax paid on qualifying fuel purchases as determined by Iowa Code chapter 452A and Iowa Code section 422.110 less any state sales tax as determined by 701—subrule 231.2(2). The credit must be claimed on the tax return covering the tax year in which the motor fuel tax was paid. If the motor fuel credit results in an overpayment of income tax, the overpayment may be refunded or may be credited to income tax due in the subsequent tax year.

The motor fuel tax credits for fuel taxes paid by partnerships, limited liability companies, and S corporations are not claimed on returns filed for the partnerships, limited liability companies, and S corporations. Instead, the pro rata shares of the motor fuel tax credits are allocated to the partners, members, and shareholders in the same ratio as incomes are allocated to the partners, members, and shareholders. A schedule must be attached to the individual's returns showing the distribution of gallons and the amount of credit claimed by each partner, member, or shareholder.

The partnership, limited liability company, or S corporation must attach to its return a schedule showing the allocation to each partner, member, or shareholder of the motor fuel purchased by the partnership, limited liability company, or S corporation which qualifies for the credit.

This rule is intended to implement Iowa Code sections 422.110 and 422.111.
[ARC 8702B, IAB 4/21/10, effective 5/26/10]

701—42.10(422) Alternative minimum tax credit for minimum tax paid in a prior tax year. Minimum tax paid in prior tax years commencing with tax years beginning on or after January 1, 1987, by a taxpayer can be claimed as a tax credit against the taxpayer's regular income tax liability in a subsequent tax year. Therefore, 1988 is the first tax year that the minimum tax credit is available, and the credit is based on the minimum tax paid by the taxpayer for 1987. The minimum tax credit may only be used against regular income tax for a tax year to the extent that the regular tax is greater than the minimum tax for the tax year. If the minimum tax credit is not used against the regular tax for a tax year, the remaining credit is carried over to the following tax year to be applied against the regular income tax liability for that period. The minimum tax credit is computed on Form IA 8801.

42.10(1) Examples of computation of the minimum tax credit and carryover of the credit.

EXAMPLE 1. The taxpayers reported \$5,000 of minimum tax for 2007. For 2008, the taxpayers reported regular tax of \$8,000, and the minimum tax liability is \$6,000. The minimum tax credit is \$2,000 for 2008 because, although the taxpayers had an \$8,000 regular tax liability, the credit is allowed only to the extent that the regular tax exceeds the minimum tax. Since only \$2,000 of the carryover credit from 2007 was used, there is a \$3,000 minimum tax carryover credit to 2009.

EXAMPLE 2. The taxpayers reported \$2,500 of minimum tax for 2007. For 2008, the taxpayers reported regular tax of \$8,000, and the minimum tax liability is \$5,000. The minimum tax credit is \$2,500 for 2008 because, although the regular tax exceeded the minimum tax by \$3,000, the credit is allowed only to the extent of minimum tax paid for prior tax years. There is no minimum tax carryover credit to 2009.

42.10(2) Minimum tax credit for nonresidents and part-year residents. Nonresident and part-year resident taxpayers who paid Iowa minimum tax in tax years beginning on or after January 1, 1987, are eligible for the minimum tax credit to the extent that the minimum tax they paid was attributable to tax preferences and adjustments. Therefore, if a nonresident or part-year resident taxpayer had Iowa source tax preferences or adjustments, then all the minimum tax that was paid would qualify for the minimum tax credit.

The minimum tax credit for a tax year as computed above applies to the regular income tax liability less the nonresident part-year credit to the extent this regular tax amount exceeds the minimum tax for the tax year. To the extent the credit is not used, the credit can be carried over to the next tax year.

This rule is intended to implement Iowa Code section 422.11B.
[ARC 8702B, IAB 4/21/10, effective 5/26/10; ARC 2829C, IAB 11/23/16, effective 1/1/17]

701—42.11(15,422) Research activities credit. The taxes imposed on individual income shall be reduced by a state tax credit for increasing research activities in this state. For individual income tax,

the requirements of the research activities credit are described in Iowa Code section 422.10. This rule explains terms not defined in the statute and procedures for claiming the credit.

42.11(1) Definitions.

“*Accountant*” means a person authorized under Iowa Code chapter 542 to engage in the practice of public accounting in Iowa as defined in Iowa Code section 542.3(23) or authorized to engage in such practice in another state under a similar law of another state.

“*Architect*” means a person licensed under Iowa Code chapter 544A or a similar law of another state.

“*Aviation and aerospace*” means the design, development or production of aircraft, rockets, missiles, spacecraft and other machinery and equipment that operate in aerospace.

“*Collection agency*” means a person primarily engaged in the business of collecting debt, including but not limited to consumer debt collection subject to the provisions of the federal Fair Debt Collections Practices Act in 15 U.S.C. §1692 et seq., the Iowa debt collection practices Act in Iowa Code sections 537.7101 through 537.7103, or other similar state law.

“*Finance or investment company*” means a person primarily engaged in finance or investment activities broadly consisting of the holding, depositing, or management of a customer’s money or assets for investment purposes, or the provision of loans or other similar financing or credit to customers. “Finance or investment company” includes but is not limited to a person organized or licensed under Iowa Code chapter 524, 533, or 533D or other similar state or federal law, or an investment company as defined in 15 U.S.C. §80a-3.

“*Life sciences*” means the sciences concerned with the study of living organisms, including agriscience, biology, botany, zoology, microbiology, physiology, biochemistry, and related subjects.

“*Manufacturing*” means the same as defined in 2018 Iowa Acts, Senate File 2417, section 183.

“*Publisher*” means a person whose primary business is the publishing of books, periodicals, newspapers, music, or other works for sale in any format.

“*Real estate company*” means a person licensed under Iowa Code chapter 543B or otherwise primarily engaged in acts constituting dealing in real estate as described in Iowa Code section 543B.6.

“*Retailer*” means a person that primarily engages in sales of personal property as defined in 2018 Iowa Acts, Senate File 2417, section 158, or services directly to an ultimate consumer. A business that primarily makes sales for resale is not a retailer.

“*Software engineering*” means the detailed study of the design, development, operation, and maintenance of software.

“*Transportation company*” means a person whose primary business is the transportation of persons or property from one place to another.

“*Wholesaler*” means a person that primarily engages in buying large quantities of goods and reselling them in smaller quantities to retailers or other merchants who in turn sell those goods to the ultimate consumer.

42.11(2) Requirement that the business claim and be allowed the federal credit. To claim this credit, a taxpayer’s business must claim and be allowed a research credit for such qualified research expenses under Section 41 of the Internal Revenue Code for the same taxable year as the taxpayer’s business is claiming the credit.

a. Being “allowed” the federal credit. For purposes of this subrule, a federal credit is “allowed” if the taxpayer meets all requirements to claim the credit under Section 41 of the Internal Revenue Code and any applicable federal regulation and Internal Revenue Service guidance and such credit has not been disallowed by the Internal Revenue Service.

b. Applicability of requirement to pass-throughs. If the individual received the Iowa credit through a pass-through entity, the pass-through entity that conducted the research must have claimed and been allowed the federal credit in order for the individual to claim the Iowa credit.

c. Impact of federal audit. If the Internal Revenue Service audits or otherwise reviews the return and disallows the credit, the taxpayer shall file an amended Iowa return along with supporting schedules, including an amended federal return or a copy of the federal revenue agent’s report and notification of final federal adjustments, to add back the Iowa credit to the extent not previously disallowed by the department.

d. Authority of the department. Nothing in this subrule shall limit the department's authority to review, examine, audit, or otherwise challenge an Iowa tax credit claim under Iowa Code section 422.10, regardless of inaction, a settlement, or a determination by the Internal Revenue Service under Section 41 of the Internal Revenue Code.

42.11(3) Calculating the credit. For information on how the credit is calculated, see Iowa Code section 422.10.

42.11(4) Claiming the tax credit.

a. Forms. The credit must be claimed on the forms provided on the department's website and must include all information required by the forms.

b. Allocation to the individual owners of an entity or beneficiaries of an estate or trust. An individual may claim a research activities credit incurred by a partnership, S corporation, limited liability company, estate, or trust electing to have the income of the business entity taxed to the individual. The amount claimed by an individual from the business entity shall be based upon the pro rata share of the individual's earnings from a partnership, S corporation, estate or trust.

c. Refundability. Any research credit in excess of the individual's tax liability, less the nonrefundable credits authorized in Iowa Code chapter 422, division II, may be refunded to the individual or may be credited to the individual's tax liability for the following tax year.

d. Transferability. Tax credit certificates shall not be transferred to any other person.

e. Enterprise zone claimants. The enterprise zone program was repealed on July 1, 2014. However, any supplemental research activities credit earned by businesses pursuant to Iowa Code section 15.335 and approved under the enterprise zone program prior to July 1, 2014, remains valid and can be claimed on tax returns filed after July 1, 2014.

This rule is intended to implement Iowa Code sections 15.335 and 422.10 as amended by 2018 Iowa Acts, Senate File 2417.

701—42.12(422) New jobs credit. A tax credit is available to an individual who has entered into an agreement under Iowa Code chapter 260E and has increased employment by at least 10 percent.

42.12(1) Definitions.

a. The term "new jobs" means those jobs directly resulting from a project covered by an agreement authorized by Iowa Code chapter 260E (Iowa industrial new jobs training Act) but does not include jobs of recalled workers or replacement jobs or other jobs that formerly existed in the industry in this state.

b. The term "jobs directly related to new jobs" means those jobs which directly support the new jobs but do not include in-state employees transferred to a position which would be considered to be a job directly related to new jobs unless the transferred employee's vacant position is filled by a new employee. The burden of proof that a job is directly related to new jobs is on the taxpayer.

EXAMPLE A. A taxpayer who has entered into a chapter 260E agreement to train new employees for a new product line, transfers an in-state employee to be foreman of the new product line but does not fill the transferred employee's position. The new foreman's position would not be considered a job directly related to new jobs even though it directly supports the new jobs because the transferred employee's old position was not refilled.

EXAMPLE B. A taxpayer who has entered into a chapter 260E agreement to train new employees for a new product line transfers an in-state employee to be foreman of the new product line and fills the transferred employee's position with a new employee. The new foreman's position would be considered a job directly related to new jobs because it directly supports the new jobs and the transferred employee's old position was filled by a new employee.

c. The term "taxable wages" means those wages upon which an employer is required to contribute to the state unemployment fund as defined in Iowa Code subsection 96.19(37) for the year in which the taxpayer elects to take the new jobs tax credit. For fiscal year taxpayers, "taxable wages" shall not be greater than the maximum wage upon which an employer is required to contribute to the state unemployment fund for the calendar year in which the taxpayer's fiscal year begins.

d. The term “agreement” means an agreement entered into under Iowa Code chapter 260E after July 1, 1985, an amendment to that agreement, or an amendment to an agreement entered into before July 1, 1985, if the amendment sets forth the base employment level as of the date of the amendment. The term “agreement” also includes a preliminary agreement entered into under Iowa Code chapter 260E provided the preliminary agreement contains all the elements of a contract and includes the necessary elements and commitments relating to training programs and new jobs.

e. The term “base employment level” means the number of full-time jobs an industry employs at a plant site which is covered by an agreement under Iowa Code chapter 260E on the date of the agreement.

f. The term “project” means a training arrangement which is the subject of an agreement entered into under Iowa Code chapter 260E.

g. The term “industry” means a business engaged in interstate or intrastate commerce for the purpose of manufacturing, processing, or assembling products, conducting research and development, or providing services in interstate commerce, but excludes retail, health, and professional services. “Industry” does not include a business which closes or substantially reduces its operations in one area of the state and relocates substantially the same operation in another area of the state. “Industry” is a business engaged in the above-listed activities rather than the generic definition encompassing all businesses in the state engaged in the same activities. For example, in the meat-packing business, an industry is considered to be a single corporate entity or operating division, rather than the entire meat-packing business in the state.

h. The term “new employees” means the same as new jobs or jobs directly related to new jobs.

i. The term “full-time job” means any of the following:

- (1) An employment position requiring an average work week of 35 or more hours;
- (2) An employment position for which compensation is paid on a salaried full-time basis without regard to hours worked; or
- (3) An aggregation of any number of part-time or job-sharing employment positions which equal one full-time employment position. For purposes of this subrule, each part-time or job-sharing employment position shall be categorized with regard to the average number of hours worked each week as one-quarter, half, three-quarters, or full-time position, as set forth in the following table:

Average Number of Weekly Hours	Category
More than 0 but less than 15	¼
15 or more but less than 25	½
25 or more but less than 35	¾
35 or more	1 (full-time)

42.12(2) How to compute the credit. The credit is 6 percent of the taxable wages paid to employees in new jobs or jobs directly related to new jobs for the taxable year in which the taxpayer elects to take the credit.

EXAMPLE 1. A taxpayer enters into an agreement to increase employment by 20 new employees which is greater than 10 percent of the taxpayer’s base employment level of 100 employees. In year one of the agreement, the taxpayer hires 20 new employees but elects not to take the credit in that year. In year two of the agreement, only 18 of the new employees hired in year one are still employed and the taxpayer elects to take the credit. The credit would be 6 percent of the taxable wages of the 18 remaining new employees. In year three of the agreement, the taxpayer hires two additional new employees under the agreement to replace the two employees that left in year two and elects to take the credit. The credit would be 6 percent of the taxable wages paid to the two replacement employees. In year four of the agreement, three of the employees for which a credit had been taken left employment and three additional employees were hired. No credit is available for these employees. A credit can only be taken one time for each new job or job directly related to a new job.

EXAMPLE 2. A taxpayer operating two plants in Iowa enters into a chapter 260E agreement to train new employees for a new product line at one of the taxpayer’s plants. The base employment level on the date of the agreement at plant A is 300 and at plant B is 100. Under the agreement, 20 new employees

will be trained for plant B which is greater than a 10 percent increase of the base employment level for plant B. In the year in which the taxpayer elects to take the credit, the employment level at plant A is 290 and at plant B is 120. The credit would be 6 percent of the wages of 10 new employees at plant B as 10 new jobs were created by the industry in the state. A credit for the remaining 10 employees can be taken if the employment level at plant A increases back to 300 during the period of time that the credit can be taken.

42.12(3) *When the credit can be taken.* The taxpayer may elect to take the credit in any tax year which either begins or ends during the period beginning with the date of the agreement and ending with the date by which the project is to be completed under the agreement. However, the taxpayer may not take the credit until the base employment level has been exceeded by at least 10 percent.

EXAMPLE: A taxpayer enters into an agreement to increase employment from a base employment level of 200 employees to 225 employees. In year one of the agreement, the taxpayer hires 20 new employees which is a 10 percent increase over the base employment level but elects not to take the credit. In year two of the agreement, two of the new employees leave employment. The taxpayer elects to take the credit which would be 6 percent of the taxable wages of the 18 employees currently employed. In year three, the taxpayer hires 7 new employees and elects to take the credit. The credit would be 6 percent of the taxable wages of the 7 new employees.

A taxpayer may claim on the taxpayer's individual income tax return the pro rata share of the Iowa new jobs credit from a partnership, subchapter S corporation, estate or trust. The portion of the credit claimed by the individual shall be in the same ratio as the individual's pro rata share of the earnings of the partnership, subchapter S corporation, or estate or trust. All partners in a partnership, shareholders in a subchapter S corporation and beneficiaries in an estate or trust shall elect to take the Iowa new jobs credit the same year.

For tax years beginning prior to January 1, 2007, any Iowa new jobs credit in excess of the individual's tax liability less the credits authorized in Iowa Code sections 422.12 and 422.12B may be carried forward for ten years or until it is used, whichever is the earlier. For tax years beginning on or after January 1, 2007, any Iowa new jobs credit in excess of the individual's tax liability less the credits authorized in Iowa Code section 422.12 may be carried forward for ten years or until it is used, whichever is the earlier.

This rule is intended to implement Iowa Code section 422.11A.

701—42.13(422) Earned income credit.

42.13(1) *Tax years beginning before January 1, 2007.* Effective for tax years beginning on or after January 1, 1990, an individual is allowed an Iowa earned income credit equal to a percentage of the earned income credit to which the taxpayer is entitled on the taxpayer's federal income tax return as authorized in Section 32 of the Internal Revenue Code. The Iowa earned income credit is nonrefundable; therefore, the credit may not exceed the remaining income tax liability of the taxpayer after the personal exemption credits and the other nonrefundable credits are deducted. The percentage of the earned income credit for tax years beginning in the 1990 calendar year is 5 percent. The percentage of the earned income credit for tax years beginning on or after January 1, 1991, is 6.5 percent.

For federal income tax purposes, the earned income credit is available for a low-income worker who maintains a household in the United States that is the principal place of abode of the worker and a child or children for more than one-half of the tax year or the worker must have provided a home for the entire tax year for a dependent parent. In addition, the worker must be (1) a married person who files a joint return and is entitled to a dependency exemption for a son or daughter, adopted child or stepchild; (2) a surviving spouse; or (3) an individual who qualifies as a head of household as described in Section 2(b) of the Internal Revenue Code. The federal earned income credit for a taxpayer is determined by computing the taxpayer's earned income on a worksheet provided in the federal income tax return instructions and determining the allowable credit from a table included in the instructions for the 1040 or 1040A. For purposes of the credit, a taxpayer's earned income includes wages, salaries, tips, or other compensation plus net income from self-employment.

In the case of married taxpayers who filed a joint federal return and who elected to file separate state returns or separately on the combined return form, the Iowa earned income credit is allocated between the spouses in the ratio that each spouse's earned income relates to the earned income of both spouses.

Nonresidents and part-year residents of Iowa are allowed the same earned income credits as resident taxpayers.

42.13(2) *Tax years beginning on or after January 1, 2007.* Effective for tax years beginning on or after January 1, 2007, but beginning before January 1, 2013, an individual is allowed an Iowa earned income credit equal to 7 percent of the earned income credit to which the taxpayer is entitled on the taxpayer's federal income tax return as authorized in Section 32 of the Internal Revenue Code. For tax years beginning on or after January 1, 2013, but beginning before January 1, 2014, an individual is allowed an Iowa earned income tax credit equal to 14 percent of the earned income credit to which the taxpayer is entitled on the taxpayer's federal income tax return as authorized in Section 32 of the Internal Revenue Code. For tax years beginning on or after January 1, 2014, an individual is allowed an Iowa earned income tax credit equal to 15 percent of the earned income credit to which the taxpayer is entitled on the taxpayer's federal income tax return as authorized in Section 32 of the Internal Revenue Code. The Iowa earned income credit is refundable; therefore, the credit may exceed the remaining income tax liability of the taxpayer after the personal exemption credits and other nonrefundable credits are deducted.

In the case of married taxpayers who filed a joint federal return and who elected to file separate state returns or separately on the combined return form, the Iowa earned income credit is allocated between the spouses in the ratio that each spouse's earned income relates to the earned income of both spouses.

Nonresidents or part-year residents of Iowa must determine the Iowa earned income tax credit in the ratio of their Iowa source net income to their total source net income. In addition, if nonresidents or part-year residents of Iowa are married and elect to file separate returns or separately on the combined return form, the Iowa earned income credit must be allocated between the spouses in the ratio of each spouse's Iowa source net income to the combined Iowa source net income.

EXAMPLE: A married couple lives in Omaha, Nebraska. One spouse worked in Iowa in 2007 and had wages and other income from Iowa sources of \$12,000. That spouse had a federal adjusted gross income from all sources of \$15,000. The other spouse had no Iowa source net income and had a federal adjusted gross income from all sources of \$10,000. The taxpayers had a federal earned income credit of \$2,800.

The federal earned income credit of \$2,800 multiplied by 7 percent equals \$196. The ratio of Iowa source net income of \$12,000 divided by total source net income of \$25,000 equals 48 percent. The Iowa earned income tax credit equals \$196 multiplied by 48 percent, or \$94.

This rule is intended to implement Iowa Code section 422.12B as amended by 2013 Iowa Acts, Senate File 295.

701—42.14(15) Investment tax credit—new jobs and income program and enterprise zone program.

42.14(1) *General rule.* An investment tax credit of up to 10 percent of the new investment which is directly related to new jobs created by the location or expansion of an eligible business is available for businesses approved by the economic development authority under the new jobs and income program and the enterprise zone program. The new jobs and income program was repealed on July 1, 2005, and has been replaced with the high quality job creation program. See rule 701—42.29(15) for information on the investment tax credit under the high quality job creation program. Any investment tax credit earned by businesses approved under the new jobs and income program prior to July 1, 2005, remains valid and can be claimed on tax returns filed after July 1, 2005. The credit is available for machinery and equipment or improvements to real property placed in service after May 1, 1994. The credit shall be taken in the year the qualifying asset is placed in service. The enterprise zone program was repealed on July 1, 2014. Any investment tax credit earned by businesses approved under the enterprise zone program prior to July 1, 2014, remains valid and can be claimed on tax returns filed after July 1, 2014. For business

applications received by the economic development authority on or after July 1, 1999, purchases of real property made in conjunction with the location or expansion of an eligible business, the cost of land and any buildings and structures located on the land will be considered to be new investment which is directly related to new jobs for purposes of determining the amount of new investment upon which an investment tax credit may be taken. For projects approved on or after July 1, 2005, under the enterprise zone program, the investment tax credit will be amortized over a five-year period, as described in subrule 42.29(2).

For eligible businesses approved by the Iowa department of economic development on or after March 17, 2004, certain lease payments made by eligible businesses to a third-party developer will be considered to be new investment for purposes of computing the investment tax credit. The eligible business shall enter into a lease agreement with the third-party developer for a minimum of ten years. The investment tax credit is based on the annual base rent paid to a third-party developer by the eligible business for a period not to exceed ten years. The total costs of the annual base rent payments for the ten-year period cannot exceed the cost of the land and the third-party developer's cost to build or renovate the building used by the eligible business. The annual base rent is defined as the total lease payment less taxes, insurance and operating and maintenance expenses.

Any credit in excess of the tax liability for the tax year may be carried forward seven years or until used, whichever is the earlier.

If the business is a partnership, S corporation, limited liability company, or an estate or trust electing to have the income taxed directly to an individual, an individual may claim the credit. The amount of the credit claimed by the individual must be based on the individual's pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

42.14(2) Investment tax credit—value-added agricultural products or biotechnology-related processes. For tax years beginning on or after July 1, 2001, an eligible business whose project primarily involves the production of value-added agricultural products may elect to receive a refund for all or a portion of an unused investment tax credit. For tax years beginning on or after July 1, 2001, but before July 1, 2003, an eligible business includes a cooperative described in Section 521 of the Internal Revenue Code which is not required to file an Iowa corporation income tax return and whose project primarily involves the production of ethanol. For tax years beginning on or after July 1, 2003, an eligible business includes a cooperative described in Section 521 of the Internal Revenue Code which is not required to file an Iowa corporation income tax return. For tax years ending on or after July 1, 2005, an eligible business approved under the enterprise zone program whose project primarily involves biotechnology-related processes may elect to receive a refund for all or a portion of an unused investment tax credit.

Eligible businesses shall apply to the Iowa department of economic development for tax credit certificates between May 1 and May 15 of each fiscal year through the fiscal year ending June 30, 2009. The election to receive a refund of all or a portion of an unused investment tax credit is no longer available beginning with the fiscal year ending June 30, 2010. Only those businesses that have completed projects before the May 1 filing date may apply for a tax credit certificate. The Iowa department of economic development will not issue tax credit certificates for more than \$4 million during a fiscal year for this program and eligible businesses described in subrule 42.29(2). If applications are received for more than \$4 million, the applicants shall receive certificates for a prorated amount.

The economic development authority will issue tax credit certificates within a reasonable period of time. Tax credit certificates are valid for the tax year following project completion. The tax credit certificate must be included with the tax return for the tax year during which the tax credit is claimed. The tax credit certificate shall not be transferred, except for a cooperative described in Section 521 of the Internal Revenue Code which is required to file an Iowa corporation income tax return and whose project primarily involves the production of ethanol for tax years beginning on or after January 1, 2002, or for a cooperative described in Section 521 of the Internal Revenue Code which is required to file an Iowa corporation income tax return for tax years beginning on or after July 1, 2003.

For value-added agricultural projects, for a cooperative that is not required to file an Iowa income tax return because it is exempt from federal income tax, the cooperative must submit a list of its members and the share of each member's interest in the cooperative. The Iowa department of economic development will issue a tax credit certificate to each member on the list.

See 701—subrule 52.10(4) for examples illustrating how this subrule is applied.

For tax years beginning on or after January 1, 2002, but before July 1, 2003, a cooperative described in Section 521 of the Internal Revenue Code which is required to file an Iowa corporation income tax return and whose project primarily involves the production of ethanol may elect to transfer all or a portion of its tax credit to its members. For tax years beginning on or after July 1, 2003, a cooperative described in Section 521 of the Internal Revenue Code which is required to file an Iowa corporation income tax return may elect to transfer all or a portion of its tax credit to its members. The amount of tax credit transferred and claimed by a member shall be based upon the pro rata share of the member's earnings in the cooperative. The economic development authority will issue a tax credit certificate to each member of the cooperative to whom the credit was transferred provided that tax credit certificates which total no more than \$4 million are issued during a fiscal year. The tax credit certificate must be included with the tax return for the tax year during which the tax credit is claimed.

42.14(3) *Repayment of credits.* If an eligible business fails to maintain the requirements of the new jobs and income program or the enterprise zone program, the taxpayer may be required to repay all or a portion of the tax incentives taken on Iowa returns. Irrespective of the fact that the statute of limitations to assess the taxpayer for repayment of the tax credits may have expired, the department may proceed to collect the tax incentives forfeited by failure to maintain the requirements of the new jobs and income program or the enterprise zone program because this repayment is a recovery of an incentive, rather than an adjustment to the taxpayer's tax liability. Details on the calculation of the repayment can be found in 261—subrule 187.5(4) of the administrative rules of the economic development authority. If the business is a partnership, limited liability company, S corporation, estate or trust where the income of the taxpayer is taxed to the individual owner(s) of the business, the department may proceed to collect the tax incentives against the partners, members, shareholders or beneficiaries to whom the tax incentives were passed through. See Decision of the Administrative Law Judge in *Damien & Colette Trebilcock, et al.*, Docket No. 11DORF 042-044, June 11, 2012.

If the eligible business, within five years of purchase, sells, disposes of, razes, or otherwise renders unusable all or a part of the land, buildings, or other existing structures for which a tax credit was claimed under this rule, the income tax liability of the eligible business for the year in which all or part of the property is sold, disposed of, razed, or otherwise rendered unusable shall be increased by one of the following amounts:

- a. One hundred percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within one full year after being placed in service.
- b. Eighty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within two full years after being placed in service.
- c. Sixty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within three full years after being placed in service.
- d. Forty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within four full years after being placed in service.
- e. Twenty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within five full years after being placed in service.

This rule is intended to implement Iowa Code section 15.333 as amended by 2010 Iowa Acts, Senate File 2380.

[ARC 8702B, IAB 4/21/10, effective 5/26/10; ARC 9104B, IAB 9/22/10, effective 10/27/10; ARC 1744C, IAB 11/26/14, effective 12/31/14]

701—42.15(422) Child and dependent care credit. Effective for tax years beginning on or after January 1, 1990, there is a child and dependent care credit which is refundable to the extent the amount of the credit exceeds the taxpayer's income tax liability less other applicable income tax credits.

42.15(1) Computation of the Iowa child and dependent care credit. The Iowa child and dependent care credit is computed as a percentage of the child and dependent care credit which is allowed for federal income tax purposes under Section 21 of the Internal Revenue Code. For taxpayers whose federal child and dependent care credit is limited to their federal tax liability, the Iowa credit shall be computed based on the lesser amount for tax years beginning on or after January 1, 2012, but before January 1, 2015. For tax years beginning on or after January 1, 2015, the Iowa credit is computed without regard to whether or not the federal credit was limited to the taxpayer's federal tax liability. In addition, for tax years beginning on or after January 1, 2015, the Iowa credit will be allowed even if the taxpayer's adjusted gross income is below \$0. The credit is computed so that taxpayers with lower adjusted gross incomes (net incomes in tax years beginning on or after January 1, 1991) are allowed higher percentages of their federal child care credit than taxpayers with higher adjusted gross incomes (net incomes). The following is a schedule showing the percentages of federal child and dependent care credits allowed on the taxpayers' Iowa returns on the basis of the federal adjusted gross incomes (or net incomes) of the taxpayers for tax years beginning on or after January 1, 1993.

*Federal Adjusted Gross Income (Net Income for Tax Years Beginning on or after January 1, 1993)	Percentage of Federal Child and Dependent Care Credit Allowed for 1993 through 2005 Iowa Returns	Percentage of Federal Credit Allowed for 2006 and Later Tax Years
Less than \$10,000	75%	75%
\$10,000 or more but less than \$20,000	65%	65%
\$20,000 or more but less than \$25,000	55%	55%
\$25,000 or more but less than \$35,000	50%	50%
\$35,000 or more but less than \$40,000	40%	40%
\$40,000 or more but less than \$45,000	No Credit	30%
\$45,000 or more	No Credit	No Credit

*Note that in the case of married taxpayers who have filed joint federal returns and elect to file separate returns or separately on the combined return form, the taxpayers must determine the child and dependent care credit by the schedule provided in this rule on the basis of the combined federal adjusted gross income of the taxpayers or their combined net income for tax years beginning on or after January 1, 1991. The credit determined from the schedule must be allocated between the married taxpayers in the proportion that each spouse's federal adjusted gross income relates to the combined federal adjusted gross income of the taxpayers or in the proportion that each spouse's net income relates to the combined net income of the taxpayers in the case of tax years beginning on or after January 1, 1991.

42.15(2) Examples of computation of the Iowa child and dependent care credit. The following are examples of computation of the child and dependent care credit and the allocation of the credit between spouses in situations where married taxpayers have filed joint federal returns and are filing separate Iowa returns or separately on the combined return form. For tax years beginning on or after January 1, 1991, the taxpayers' net incomes are used to compute the Iowa child and dependent care credit and allocate the credit between spouses in situations where the taxpayers file separate Iowa returns or separately on the combined return form.

EXAMPLE A. A married couple has filed a joint federal return on which they showed a federal adjusted gross income of \$40,000 or a combined net income of \$40,000 on their state return for the tax year beginning January 1, 2007. Both spouses were employed. They had a federal child and dependent care credit of \$600 which related to expenses incurred for care of their two small children. One of the spouses had a federal adjusted gross income of \$30,000 or a net income of \$30,000 and the second spouse had a federal adjusted gross income of \$10,000 or a net income of \$10,000.

The taxpayers' Iowa child and dependent care credit was \$180 since they were entitled to an Iowa child and dependent care credit of 30 percent of their federal credit of \$600. If the taxpayers elect to file separate Iowa returns, the \$180 credit would be allocated between the spouses on the basis of each spouse's net income to the combined net income of both spouses as shown below:

$$\begin{aligned} \$180 \times \frac{\$30,000}{\$40,000} &= \$135 && \text{child and dependent care credit for spouse} \\ &&& \text{with \$30,000 net income for 2007} \\ \\ \$180 \times \frac{\$10,000}{\$40,000} &= \$45 && \text{child and dependent care credit for spouse} \\ &&& \text{with \$10,000 net income for 2007} \end{aligned}$$

EXAMPLE B. A married couple filed a joint federal return for 2007 and filed their 2007 Iowa return using the married filing separately on the combined return form filing status. Both spouses were employed. They had a federal child and dependent care credit of \$800 which related to expenses incurred for care of their children. One spouse had a net income of \$25,000 and the other spouse had a net income of \$12,500.

The taxpayers' Iowa child and dependent care credit was \$320, since they were entitled to an Iowa credit of 40 percent of their federal credit of \$800. The \$320 credit is allocated between the spouses on the basis of each spouse's net income as it relates to the combined net income of both spouses as shown below:

$$\begin{aligned} \$320 \times \frac{\$25,000}{\$37,500} &= \$213 && \text{child and dependent care credit for spouse} \\ &&& \text{with \$25,000 net income for 2007} \\ \\ \$320 \times \frac{\$12,500}{\$37,500} &= \$107 && \text{child and dependent care credit for spouse} \\ &&& \text{with \$12,500 net income for 2007} \end{aligned}$$

42.15(3) *Computation of the Iowa child and dependent care credit for nonresidents and part-year residents.* Nonresidents and part-year residents who have incomes from Iowa sources in the tax year may claim child and dependent care credits on their Iowa returns. To compute the amount of child and dependent care credit that can be claimed on the Iowa return by a nonresident or part-year resident, the following formula shall be used:

Federal child and dependent care credit	×	Percentage of federal child and dependent credit allowed on Iowa return from table in subrule 42.15(1)	×	<u>*Iowa net income</u> Federal adjusted gross income or all source net income
--	---	--	---	---

*Iowa net income for purposes of determining the child care credit that can be claimed on the Iowa return by a nonresident or part-year resident taxpayer is the total of the Iowa source incomes less the Iowa source adjustments to income on line 26 of the Form IA 126.

In cases where married taxpayers are nonresidents or part-year residents of Iowa and are filing separate Iowa returns or separately on the combined return form, the child and dependent care credit allowable on the Iowa return should be allocated between the spouses in the ratio of the Iowa net income of each spouse to the combined Iowa net income of the taxpayers.

42.15(4) *Example of computation of the Iowa child and dependent care credit for nonresidents and part-year residents.* The following is an example of the computation of the Iowa child and dependent care credit for nonresidents and part-year residents.

A married couple lives in Omaha, Nebraska. One of the spouses worked in Iowa and had wages and other income from Iowa sources or an Iowa net income of \$15,000. That spouse had an all source net income of \$18,000. The second spouse had an Iowa net income of \$10,000 and an all source net income of \$12,000. The taxpayers had a federal child and dependent care credit of \$800 which related to expenses incurred for the care of their two young children. The taxpayers' Iowa child and dependent care credit is calculated below for the 2007 tax year:

Federal child and dependent care credit	Percentage of federal child and dependent credit allowed on Iowa return	Iowa net income <hr style="width: 100%; border: 0.5px solid black;"/> All source net income
\$800	× 50% = \$400	× $\frac{\$25,000}{\$30,000}$ = \$333

The \$333 credit is allocated between the spouses as shown below for the 2007 tax year:

\$333	× $\frac{\$10,000}{\$25,000}$	= \$133 for spouse with Iowa source net income of \$10,000
\$333	× $\frac{\$15,000}{\$25,000}$	= \$200 for spouse with Iowa source net income of \$15,000

This rule is intended to implement Iowa Code section 422.12C as amended by 2014 Iowa Acts, Senate File 2337.

[ARC 8702B, IAB 4/21/10, effective 5/26/10; ARC 0337C, IAB 9/19/12, effective 10/24/12; ARC 1665C, IAB 10/15/14, effective 11/19/14]

701—42.16(422) Franchise tax credit. For tax years beginning on or after January 1, 1997, a shareholder in a financial institution, as defined in Section 581 of the Internal Revenue Code, which has elected to have its income taxed directly to the shareholders may take a tax credit equal to the shareholder's pro rata share of the Iowa franchise tax paid by the financial institution.

For tax years beginning on or after July 1, 2004, a member of a financial institution organized as a limited liability company that is taxed as a partnership for federal income tax purposes which has elected to have its income taxed directly to its members may take a tax credit equal to the member's pro rata share of the Iowa franchise tax paid by the financial institution.

The credit must be computed by recomputing the amount of tax computed under Iowa Code section 422.5 by reducing the shareholder's or member's taxable income by the shareholder's or member's pro rata share of the items of income and expenses of the financial institution and subtracting the credits allowed in Iowa Code sections 422.12 and 422.12B for tax years beginning prior to January 1, 2007. The recomputed tax must be subtracted from the amount of tax computed under Iowa Code section 422.5 reduced by the credits allowed in Iowa Code sections 422.12 and 422.12B for tax years beginning prior to January 1, 2007. For tax years beginning on or after January 1, 2007, only the credits allowed in Iowa Code section 422.12 are reduced in computing the franchise tax credit.

The resulting amount, not to exceed the shareholder's or member's pro rata share of the franchise tax paid by the financial institution, is the amount of tax credit allowed the shareholder or member.

This rule is intended to implement Iowa Code section 422.11.

701—42.17(15E) Eligible housing business tax credit. An individual who qualifies as an eligible housing business may receive a tax credit of up to 10 percent of the new investment which is directly related to the building or rehabilitating of homes in an enterprise zone. The enterprise zone program was repealed on July 1, 2014, and the eligible housing business tax credit has been replaced with the workforce housing tax incentives program. See rule 701—42.53(15) for information on the tax incentives provided under the workforce housing tax incentives program. Any investment tax credit earned by businesses approved under the enterprise zone program prior to July 1, 2014, remains valid and can be claimed on tax returns filed after July 1, 2014. The tax credit may be taken on the tax return for the tax year in which the home is ready for occupancy.

An eligible housing business is one which meets the criteria in 2014 Iowa Code section 15E.193B.

42.17(1) Computation of credit. New investment which is directly related to the building or rehabilitating of homes includes but is not limited to the following costs: land, surveying, architectural services, building permits, inspections, interest on a construction loan, building materials, roofing, plumbing materials, electrical materials, amounts paid to subcontractors for labor and materials provided, concrete, labor, landscaping, appliances normally provided with a new home, heating and cooling equipment, millwork, drywall and drywall materials, nails, bolts, screws, and floor coverings.

New investment does not include the machinery, equipment, or hand or power tools necessary to build or rehabilitate homes.

A taxpayer may claim on the taxpayer's individual income tax return the pro rata share of the Iowa eligible housing business tax credit from a partnership, S corporation, limited liability company, estate, or trust. The portion of the credit claimed by the individual shall be in the same ratio as the individual's pro rata share of the earnings of the partnership, S corporation, limited liability company, or estate or trust, except for projects beginning on or after July 1, 2005, which used low-income housing tax credits authorized under Section 42 of the Internal Revenue Code to assist in the financing of the housing development. For these projects, the partnership, limited liability company or S corporation may designate the amount of the tax credit to be allocated to each partner, member or shareholder.

For tax years beginning prior to January 1, 2007, any Iowa eligible housing business tax credit in excess of the individual's tax liability, less the credits authorized in Iowa Code sections 422.12 and 422.12B, may be carried forward for seven years or until it is used, whichever is the earlier. For tax years beginning on or after January 1, 2007, any Iowa eligible housing business tax credit in excess of the individual's tax liability less the credits authorized in Iowa Code section 422.12 may be carried forward for seven years or until it is used, whichever is the earlier.

If the eligible housing business fails to maintain the requirements of 2014 Iowa Code section 15E.193B, the taxpayer, in order to be an eligible housing business, may be required to repay all or a part of the tax incentives the taxpayer received. Irrespective of the fact that the statute of limitations to assess the taxpayer for repayment of the income tax credit may have expired, the department may proceed to collect the tax incentives forfeited by failure to maintain the requirements of 2014 Iowa Code section 15E.193B. This repayment is required because it is a recovery of an incentive, rather than an adjustment to the taxpayer's tax liability. Details on the calculation of the repayment can be found in 261—subrule 187.5(4) of the administrative rules of the economic development authority. If the business is a partnership, limited liability company, S corporation, estate or trust where the income of the taxpayer is taxed to the individual owner(s) of the business, the department may proceed to collect the tax incentives against the partners, members, shareholders or beneficiaries to whom the tax incentives were passed through. See Decision of the Administrative Law Judge in *Damien & Colette Trebilcock, et al.*, Docket No. 11DORF 042-044, June 11, 2012.

Prior to January 1, 2001, the tax credit cannot exceed 10 percent of \$120,000 for each home or individual unit in a multiple dwelling unit building. Effective January 1, 2001, the tax credit cannot exceed 10 percent of \$140,000 for each home or individual unit in a multiple dwelling unit building.

Effective for tax periods beginning on or after January 1, 2003, the taxpayer must receive a tax credit certificate from the economic development authority to claim the eligible housing business tax credit. The tax credit certificate shall include the taxpayer's name, the taxpayer's address, the taxpayer's tax identification number, the date the project was completed, the amount of the eligible housing business tax credit and the tax year for which the credit may be claimed. In addition, the tax credit certificate shall include a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred, as provided in subrule 42.17(2). The tax credit certificate must be included with the income tax return for the tax period in which the home is ready for occupancy. The administrative rules for the eligible housing business tax credit for the economic development authority may be found under 261—Chapter 59.

42.17(2) Transfer of the eligible housing business tax credit. For tax periods beginning on or after January 1, 2003, the eligible housing business tax credit certificates may be transferred to any person or entity if low-income housing tax credits authorized under Section 42 of the Internal Revenue Code are

used to assist in the financing of the housing development. In addition, the eligible housing business tax credit certificates may be transferred to any person or entity for projects beginning on or after July 1, 2005, if the housing development is located in a brownfield site as defined in Iowa Code section 15.291, or if the housing development is located in a blighted area as defined in Iowa Code section 403.17. No more than \$3 million of tax credits for housing developments located in brownfield sites or blighted areas may be transferred in a calendar year, with no more than \$1.5 million being transferred for any one eligible housing business in a calendar year.

The excess of the \$3 million limitation of tax credits eligible for transfer in the 2013 and 2014 calendar years for housing developments located in brownfield sites or blighted areas cannot be claimed by a transferee prior to January 1, 2016. The eligible housing business must have notified the economic development authority in writing before July 1, 2014, of the business's intent to transfer any tax credits for housing developments located in brownfield sites or blighted areas. If a tax credit certificate is issued by the economic development authority for a housing development approved prior to July 1, 2014, that is located in a brownfield site or blighted area, the tax credit can still be claimed by the eligible business, but the tax credit cannot be transferred by the eligible business if the economic development authority was not notified prior to July 1, 2014.

EXAMPLE 1: A housing development located in a brownfield site was completed in December 2013 and was issued a tax credit certificate totaling \$250,000. The \$3 million calendar cap for transferred tax credits for brownfield sites and blighted areas has already been reached for the 2013 and 2014 tax years. The \$250,000 tax credit is going to be transferred to Bill Smith, and the economic development authority was notified of the transfer prior to July 1, 2014. Once a replacement tax credit certificate has been issued, Mr. Smith cannot file an amended Iowa individual income tax return for the 2013 tax year until January 1, 2016, to claim the \$250,000 tax credit.

EXAMPLE 2: A housing development located in a blighted area was completed in May 2014 and was issued a tax credit certificate totaling \$150,000. The \$3 million calendar cap for transferred tax credits for brownfield sites and blighted areas has already been reached for the 2014 tax year. The \$150,000 tax credit is going to be transferred to Greg Rogers, and the economic development authority was notified of the transfer prior to July 1, 2014. Once a replacement tax credit certificate has been issued, Mr. Rogers cannot file an amended Iowa individual income tax return for the 2014 tax year until January 1, 2016, to claim the \$150,000 tax credit.

Within 90 days of transfer of the tax credit certificate for transfers prior to July 1, 2006, the transferee must submit the transferred tax credit certificate to the economic development authority, along with a statement which contains the transferee's name, address and tax identification number and the amount of the tax credit being transferred. For transfers on or after July 1, 2006, the transferee must submit the transferred tax credit certificate to the department of revenue. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee for transfers prior to July 1, 2006, the economic development authority will issue a replacement tax credit certificate to the transferee. For transfers on or after July 1, 2006, the department of revenue will issue the replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company or S corporation, the transferee shall provide a list of the partners, members or shareholders and information on how the housing business tax credit should be divided among the partners, members or shareholders. The transferee shall also provide the tax identification numbers and addresses of the partners, members or shareholders. The replacement tax credit certificate must contain the same information that was on the original certificate and must have the same expiration date as the original tax credit certificate.

The transferee may use the amount of the tax credit for any tax period for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credits shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

This rule is intended to implement 2014 Iowa Code section 15E.193B.

701—42.18(422) Assistive device tax credit. Effective for tax years beginning on or after January 1, 2000, a taxpayer that is a small business that purchases, rents, or modifies an assistive device or makes workplace modifications for an individual with a disability who is employed or will be employed by the taxpayer may qualify for an assistive device tax credit, subject to the availability of the credit. The assistive device credit is equal to 50 percent of the first \$5,000 paid during the tax year by the small business for the purchase, rental, or modification of an assistive device or for making workplace modifications. Any credit in excess of the tax liability may be refunded or applied to the taxpayer's tax liability for the following tax year. If the taxpayer elects to take the assistive device tax credit, the taxpayer shall not deduct for Iowa income tax purposes any amount of the cost of an assistive device or workplace modification that is deductible for federal income tax purposes. A small business will not be eligible for the assistive device credit if the device is provided for an owner of the small business unless the owner is a bona fide employee of the small business.

42.18(1) Submitting applications for the credit. A small business that wishes to receive the assistive device tax credit must submit an application for the credit to the Iowa department of economic development and provide other information and documents requested by the Iowa department of economic development. If the taxpayer meets the criteria for qualification for the credit, the Iowa department of economic development will issue the taxpayer a certificate of entitlement for the credit. However, the aggregate amount of assistive device tax credits that may be granted by the Iowa department of economic development to all small businesses during a fiscal year cannot exceed \$500,000. The certificate of entitlement for the assistive device credit shall include the taxpayer's name, the taxpayer's address, the taxpayer's tax identification number, the estimated amount of the tax credit, the date on which the taxpayer's application was approved, the date when it is anticipated that the assistive device project will be completed and a space on the application where the taxpayer shall enter the date that the assistive device project was completed. The certificate of entitlement will not be considered to be valid for purposes of claiming the assistive device credit on the taxpayer's Iowa income tax return until the taxpayer has completed the assistive device project and has entered the completion date on the certificate of entitlement form. The tax year of the small business in which the assistive device project is completed is the tax year for which the assistive device credit may be claimed. For example, in a case where taxpayer A received a certificate of entitlement for an assistive device credit on September 15, 2007, and completed the assistive device workplace modification project on January 15, 2008, taxpayer A could claim the assistive device credit on taxpayer A's 2008 Iowa return, assuming that taxpayer A is filing returns on a calendar-year basis.

The department of revenue will not allow the assistive device credit on a taxpayer's return if the certificate of entitlement or a legible copy of the certificate is not included with the taxpayer's income tax return. If the taxpayer has been granted a certificate of entitlement and the taxpayer is a partnership, limited liability company, S corporation, estate, or trust, where the income of the taxpayer is taxed to the individual owner(s) of the business entity, the taxpayer must provide a copy of the certificate to each of the owners with a statement showing how the credit is to be allocated among the individual owners of the business entity. An individual owner shall include a copy of the certificate of entitlement and the statement of allocation of the assistive device credit with the individual's state income tax return.

42.18(2) Definitions. The following definitions are applicable to this rule:

"Assistive device" means any item, piece of equipment, or product system which is used to increase, maintain, or improve the functional capabilities of an individual with a disability in the workplace or on the job. "Assistive device" does not mean any medical device, surgical device, or organ implanted or transplanted into or attached directly to an individual. "Assistive device" does not include any device for which a certificate of title is issued by the state department of transportation, but does include any item, piece of equipment, or product system otherwise meeting the definition of "assistive device" that is incorporated, attached, or included as a modification in or to such a device issued a certificate of title.

"Business entity" means partnership, limited liability company, S corporation, estate, or trust, where the income of the business is taxed to each of the individual owners of the business, whether the individual owner is a partner, member, shareholder, or beneficiary.

“*Disability*” means the same as defined in Iowa Code section 15.102. Therefore, “disability” means, with respect to an individual, a physical or mental impairment that substantially limits one or more of the major life activities of the individual, a record of physical or mental impairment that substantially limits one or more of the major life activities of the individual, or being regarded as an individual with a physical or mental impairment that substantially limits one or more of the major life activities of the individual. “Disability” does not include any of the following:

1. Homosexuality or bisexuality.
2. Transvestism, transsexualism, pedophilia, exhibitionism, voyeurism, gender identity disorders, or other sexual behavior disorders.
3. Compulsive gambling, kleptomania, or pyromania.
4. Psychoactive substance abuse disorders resulting from current illegal use of drugs.
5. Alcoholism.

“*Employee*” means an individual who is employed by the small business and who meets the criteria in Treasury Regulation § 31.3401(c)-1(b), which is the definition of an employee for federal income tax withholding purposes. An individual who receives self-employment income from the small business shall not be considered an employee of the small business for purposes of this rule.

“*Small business*” means that the business either had gross receipts in the tax year before the current tax year of \$3 million or less or employed not more than 14 full-time employees during the tax year prior to the current tax year.

“*Workplace modifications*” means physical alterations to the office, factory, or other work environment where the disabled employee is working or will work.

42.18(3) Allocation of assistive tax credit to owners of a business entity. If the taxpayer that was entitled to an assistive device credit is a business entity, the business entity shall allocate the allowable credit to each of the individual owners of the entity on the basis of each owner’s pro rata share of the earnings of the entity to the total earnings of the entity. Therefore, if a partnership has an assistive device credit of \$2,500 for a tax year and one partner of the partnership receives 25 percent of the earnings of the partnership, that partner would receive an assistive device credit for the tax year of \$625 or 25 percent of the total assistive device credit of the partnership.

42.18(4) Repeal of credit. The assistive device credit is repealed on July 1, 2009.

This rule is intended to implement Iowa Code section 422.11E.

701—42.19(404A,422) Historic preservation and cultural and entertainment district tax credit for projects with Part 2 applications approved and tax credits reserved prior to July 1, 2014. A historic preservation and cultural and entertainment district tax credit, subject to the availability of the credit, may be claimed against a taxpayer’s Iowa individual income tax liability for 25 percent of the qualified costs of rehabilitation of property to the extent the costs were incurred on or after July 1, 2000, for approved rehabilitation projects of eligible property in Iowa.

The general assembly has mandated that the department of cultural affairs and the department of revenue adopt rules to jointly administer Iowa Code chapter 404A. 2014 Iowa Acts, House File 2453, amended the historic preservation and cultural and entertainment district tax credit program effective July 1, 2014. The department of revenue’s provisions for projects with tax credits reserved prior to July 1, 2014, are found in this rule. The department of revenue’s provisions for projects with agreements entered into on or after July 1, 2014, are found in rule 701—42.54(404A,422). The department of cultural affairs’ rules related to this program may be found at 223—Chapter 48. Division I of 223—Chapter 48 applies to projects with reservations approved prior to July 1, 2014. Division II of 223—Chapter 48 applies to projects with agreements entered into on or after July 1, 2014.

Notwithstanding anything contained herein to the contrary, the department of cultural affairs shall not reserve tax credits under 2013 Iowa Code chapter 404A as amended by 2013 Iowa Acts, chapter 112, section 1, for applicants that do not have an approved Part 2 application and a tax credit reservation on or before June 30, 2014. Projects with approved Part 2 applications and provisional tax credit reservations on or before June 30, 2014, shall be governed by 2013 Iowa Code chapter 404A as amended by 2013

Iowa Acts, chapter 112, section 1; by 223—Chapter 48, Division I; and by rule 701—42.19(404A,422). Projects for which Part 2 applications were approved and agreements entered into after June 30, 2014, shall be governed by 2014 Iowa Acts, House File 2453; by 223—Chapter 48, Division II; and by rule 701—42.54(404A,422).

42.19(1) *Eligible properties for the historic preservation and cultural and entertainment district tax credit.* The following types of property are eligible for the historic preservation and cultural and entertainment district tax credit:

- a. Property verified as listed on the National Register of Historic Places or eligible for such listing.
- b. Property designated as of historic significance to a district listed in the National Register of Historic Places or eligible for such designation.
- c. Property or district designated a local landmark by a city or county ordinance.
- d. Any barn constructed prior to 1937.

42.19(2) *Application and review process for the historic preservation and cultural and entertainment district tax credit.*

a. Taxpayers who want to claim an income tax credit for completing a historic preservation and cultural and entertainment district project must submit an application for approval of the project. The application forms for the historic preservation and cultural and entertainment district tax credit may be requested from the State Tax Credit Program Manager, State Historic Preservation Office, Department of Cultural Affairs, 600 E. Locust, Des Moines, Iowa 50319-0290. The telephone number for this office is (515)281-4137. Applications for the credit will be accepted by the state historic preservation office on or after July 1, 2000, until such time as all the available credits allocated for each fiscal year are encumbered.

b. Applicants for the historic preservation and cultural and entertainment district tax credit must include all information and documentation requested on the application forms for the credit in order for the application to be processed.

42.19(3) *Computation of the amount of the historic preservation and cultural and entertainment district tax credit.* The amount of the historic preservation and cultural and entertainment district tax credit is 25 percent of the qualified rehabilitation costs made to an eligible property in a project. Qualified rehabilitation costs are those rehabilitation costs approved by the state historic preservation office for a project for a particular taxpayer to the extent those rehabilitation costs are actually expended by that taxpayer.

a. In the case of commercial property, qualified rehabilitation costs must equal at least \$50,000 or 50 percent of the assessed value of the property, excluding the value of the land, prior to rehabilitation, whichever is less. In the case of property other than commercial property, the qualified rehabilitation costs must equal at least \$25,000 or 25 percent of the assessed value, excluding the value of the land, prior to the rehabilitation, whichever amount is less.

b. In computing the tax credit, the only costs which may be included are the qualified rehabilitation costs incurred commencing from the date on which the first qualified rehabilitation cost is incurred and ending with the end of the taxable year in which the property is placed in service. The rehabilitation period may include dates that precede approval of a project, provided that any qualified rehabilitation costs incurred prior to the date of approval of the project are qualified rehabilitation costs.

c. For purposes of the historic preservation and cultural and entertainment district tax credit, qualified rehabilitation costs include those costs properly included in the basis of the eligible property for income tax purposes. Costs treated as expenses and deducted in the year paid or incurred and amounts that are otherwise not added to the basis of the property for income tax purposes are not qualified rehabilitation costs. Amounts incurred for architectural and engineering fees, site survey fees, legal expenses, insurance premiums, development fees, and other construction-related costs are qualified rehabilitation costs to the extent they are added to the basis of the eligible property for tax purposes. Costs of sidewalks, parking lots, and landscaping do not constitute qualified rehabilitation costs. Any rehabilitation costs used in the computation of the historic preservation and cultural and entertainment district tax credit are not added to the basis of the property for Iowa income tax purposes if the rehabilitation costs were incurred in a tax year beginning on or after January 1, 2000, but prior

to January 1, 2001. Any rehabilitation costs incurred in a tax year beginning on or after January 1, 2001, are added to the basis of the rehabilitated property for income tax purposes except those rehabilitation expenses that are equal to the amount of the computed historic preservation and cultural and entertainment district tax credit for the tax year.

EXAMPLE: The basis of a commercial building in a historic district was \$500,000, excluding the value of the land, before the rehabilitation project. During a project to rehabilitate this building, \$600,000 in rehabilitation costs were expended to complete the project and \$500,000 of those rehabilitation costs were qualified rehabilitation costs which were eligible for the historic preservation and cultural and entertainment district tax credit of \$125,000. Therefore, the basis of the building for Iowa income tax purposes was \$975,000, since the qualified rehabilitation costs of \$125,000, which are equal to the amount of the historic preservation and cultural and entertainment district tax credit for the tax year, are not added to the basis of the rehabilitated property. The basis of the building for federal income tax purposes was \$1,100,000. It should be noted that this example does not consider any possible reduced basis for the building for federal income tax purposes due to the rehabilitation investment credit provided in Section 47 of the Internal Revenue Code.

42.19(4) *Completion of the historic preservation and cultural and entertainment district project and claiming the historic preservation and cultural and entertainment district tax credit on the Iowa return.* After the taxpayer completes an authorized rehabilitation project, the taxpayer must be issued a certificate of completion of the project from the state historic preservation office of the department of cultural affairs. After verifying the taxpayer's eligibility for the historic preservation and cultural and entertainment district tax credit, the state historic preservation office shall issue a historic preservation and cultural and entertainment district tax credit certificate, which shall be included with the taxpayer's income tax return for the tax year in which the rehabilitation project is completed or the year the credit was reserved, whichever is later. For example, if a project was completed in 2008 and the credit was reserved for the state fiscal year ending June 30, 2010, the credit can be claimed on the 2009 calendar year return that is due on April 30, 2010. The tax credit certificate shall include the taxpayer's name, the taxpayer's address, the taxpayer's tax identification number, the address or location of the rehabilitation project, the date the project was completed, the year the tax credit was reserved and the amount of the historic preservation and cultural and entertainment district tax credit. In addition, the tax credit certificate shall include a place for the name and tax identification number of a transferee, the amount of the tax credit being transferred, and any consideration received in exchange for the tax credit, as provided in subrule 42.19(6). In addition, if the taxpayer is a partnership, limited liability company, estate or trust, where the tax credit is allocated to the owners or beneficiaries of the entity, a list of the owners or beneficiaries and the amount of credit allocated to each owner or beneficiary shall be provided with the certificate. The tax credit certificate shall be included with the income tax return for the period in which the project was completed.

For tax years ending on or after July 1, 2007, any historic preservation and cultural and entertainment district tax credit in excess of the taxpayer's tax liability is fully refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

42.19(5) *Allocation of historic preservation and cultural and entertainment district tax credits to the individual owners of the entity for tax credits reserved for fiscal years beginning on or after July 1, 2012.* For tax credits reserved for fiscal years beginning on or after July 1, 2012, the partnership, limited liability company or S corporation may designate the amount of the tax credit to be allocated to each partner, member or shareholder. The credit does not have to be allocated based on the pro rata share of earnings of the partnership, limited liability company or S corporation.

42.19(6) *Transfer of the historic preservation and cultural and entertainment district tax credit.* For tax periods beginning on or after January 1, 2003, the historic preservation and cultural and entertainment district tax credit certificates may be transferred to any person or entity. A tax credit certificate of less than \$1,000 shall not be transferable.

a. For transfers on or after July 1, 2006, the department of revenue will issue the replacement tax credit certificate to the transferee. Within 90 days of the transfer of the tax credit certificate, the

transferee must submit the transferred tax credit certificate to the department of revenue along with a statement containing the transferee's name, tax identification number and address, the denomination that each replacement tax credit certificate is to carry, the amount of all consideration provided in exchange for the tax credit and the names of recipients of any consideration provided in exchange for the tax credit. If a payment of money was any part of the consideration provided in exchange for the tax credit, the transferee shall list the amount of the payment of money in its statement to the department of revenue. If any part of the consideration provided in exchange for the tax credit included nonmonetary consideration, including but not limited to any promise, representation, performance, discharge of debt or nonmonetary rights or property, the tax credit transferee shall describe the nature of nonmonetary consideration and disclose any value the transferor and transferee assigned to the nonmonetary consideration. The tax credit transferee must indicate on its statement to the department of revenue if no consideration was provided in exchange for the tax credit. If the transferee is a partnership, limited liability company or S corporation, the transferee shall provide a list of the partners, members or shareholders and information on how the historic preservation and cultural and entertainment district tax credit should be divided among the partners, members or shareholders. The transferee shall also provide the tax identification numbers and addresses of the partners, members or shareholders. The replacement tax credit certificate must contain the same information that was on the original certificate and must have the same expiration date as the original tax credit certificate.

b. The transferee may use the amount of the tax credit for any tax period for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

c. If the historic preservation and cultural and entertainment district tax credit of the transferee exceeds the tax liability shown on the transferee's return, the tax credit shall be fully refundable.

This rule is intended to implement Iowa Code chapter 404A as amended by 2013 Iowa Acts, Senate File 436, and Iowa Code section 422.11D.

701—42.20(422) Ethanol blended gasoline tax credit. Effective for tax years beginning on or after January 1, 2002, a retail gasoline dealer may claim an ethanol blended gasoline tax credit against that individual's individual income tax liability. The taxpayer must operate at least one retail motor fuel site at which more than 60 percent of the total gallons of gasoline sold and dispensed through one or more motor fuel pumps by the taxpayer in the tax year is ethanol blended gasoline. The tax credit shall be calculated separately for each retail motor fuel site operated by the taxpayer. The amount of the credit for each eligible retail motor fuel site is two and one-half cents multiplied by the total number of gallons of ethanol blended gasoline sold and dispensed through all motor fuel pumps located at that retail motor fuel site during the tax year in excess of 60 percent of all gasoline sold and dispensed through motor fuel pumps at that retail motor fuel site during the tax year.

For taxpayers having a fiscal year ending in 2002, the tax credit is available for each eligible retail motor fuel site based on the total number of gallons of ethanol blended gasoline sold and dispensed through all motor fuel pumps located at the taxpayer's retail motor fuel site from January 1, 2002, until the end of the taxpayer's fiscal year. Assuming a tax period that began on July 1, 2001, and ended on June 30, 2002, the taxpayer would be eligible for the tax credit based on the gallons of ethanol blended gasoline sold from January 1, 2002, through June 30, 2002. For taxpayers having a fiscal year ending in 2002, a claim for refund to claim the ethanol blended gasoline tax credit must be filed before October 1, 2003, even though the statute of limitations for refund set forth in 701—subrule 43.3(8) has not yet expired.

EXAMPLE 1: A taxpayer sold 100,000 gallons of gasoline at the taxpayer's retail motor fuel site during the tax year, 70,000 gallons of which was ethanol blended gasoline. The taxpayer is eligible for the credit since more than 60 percent of the total gallons sold was ethanol blended gasoline. The number

of gallons in excess of 60 percent of all gasoline sold is 70,000 less 60,000, or 10,000 gallons. Two and one-half cents multiplied by 10,000 equals a \$250 credit available.

The credit may be calculated on Form IA 6478. The credit must be calculated separately for each retail motor fuel site operated by the taxpayer. Therefore, if the taxpayer operates more than one retail motor fuel site, it is possible that one retail motor fuel site may be eligible for the credit while another retail motor fuel site may not. The credit may be taken only for those retail motor fuel sites for which more than 60 percent of gasoline sales involves ethanol blended gasoline.

Any credit in excess of the taxpayer's tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

Starting with the 2006 calendar tax year, a taxpayer may claim the ethanol blended gasoline tax credit even if the taxpayer also claims the E-85 gasoline promotion tax credit provided in rule 701—42.31(422) for the same tax year for the same ethanol gallons.

EXAMPLE 2: A taxpayer sold 200,000 gallons of gasoline at a retail motor fuel site in 2006, of which 160,000 gallons was ethanol blended gasoline. Of these 160,000 gallons, 1,000 gallons was E-85 gasoline. Taxpayer is entitled to claim the ethanol blended gasoline tax credit of two and one-half cents multiplied by 40,000 gallons, since this amount constitutes the gallons in excess of 60 percent of the total gasoline gallons sold. Taxpayer may also claim the E-85 gasoline promotion tax credit on the 1,000 gallons of E-85 gasoline sold.

42.20(1) Definitions. The following definitions are applicable to this rule:

"Ethanol blended gasoline" means the same as defined in Iowa Code section 214A.1.

"Gasoline" means any liquid product prepared, advertised, offered for sale or sold for use as, or commonly and commercially used as, motor fuel for use in a spark-ignition, internal combustion engine, and which meets the specifications provided in Iowa Code section 214A.2.

"Motor fuel pump" means a pump, meter, or similar commercial weighing and measuring device used to measure and dispense motor fuel for sale on a retail basis.

"Retail dealer" means a person engaged in the business of storing and dispensing motor fuel from a motor fuel pump for sale on a retail basis, regardless of whether the motor fuel pump is located at a retail motor fuel site including a permanent or mobile location.

"Retail motor fuel site" means a geographic location in Iowa where a retail dealer sells and dispenses motor fuel on a retail basis. For example, tank wagons are considered retail motor fuel sites.

"Sell" means to sell on a retail basis.

42.20(2) Allocation of credit to owners of a business entity. If the taxpayer that was entitled to the ethanol blended gasoline tax credit is a partnership, limited liability company, S corporation, estate, or trust, the business entity shall allocate the allowable credit to each of the individual owners of the entity on the basis of each owner's pro rata share of the earnings of the entity to the total earnings of the entity. Therefore, if a partnership has an ethanol blended gasoline tax credit of \$3,000 and one partner of the partnership receives 25 percent of the earnings of the partnership, that partner would receive an ethanol blended gasoline tax credit for the tax year of \$750 or 25 percent of the total ethanol blended gasoline tax credit of the partnership.

42.20(3) Repeal of ethanol blended gasoline tax credit. The ethanol blended gasoline tax credit is repealed on January 1, 2009. However, the tax credit is available for taxpayers whose fiscal year ends after December 31, 2008, for those ethanol gallons sold beginning on the first day of the taxpayer's fiscal year until December 31, 2008. The ethanol promotion tax credit described in rule 701—42.37(15,422) is available beginning January 1, 2009, for retail dealers of gasoline.

See 701—subrule 52.19(3) for an example illustrating how this subrule is applied.

This rule is intended to implement Iowa Code section 422.11C.

[ARC 8702B, IAB 4/21/10, effective 5/26/10]

701—42.21(15E) Eligible development business investment tax credit. Effective for tax years beginning on or after January 1, 2001, a business which qualifies as an eligible development business may receive a tax credit of up to 10 percent of the new investment which is directly related to the

construction, expansion or rehabilitation of building space to be used for manufacturing, processing, cold storage, distribution, or office facilities.

An eligible development business must be approved by the Iowa department of economic development prior to March 17, 2004, and meet the qualifications of Iowa Code section 15E.193C. Effective March 17, 2004, the eligible development business program is repealed.

New investment includes the purchase price of land and the cost of improvements made to real property. The tax credit may be claimed by an eligible development business in the tax year in which the construction, expansion or rehabilitation is completed.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until used, whichever is the earlier.

If the business is a partnership, S corporation, limited liability company, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

If the eligible development business fails to meet and maintain any one of the requirements to be an eligible business, the business shall be subject to repayment of all or a portion of the amount of tax incentives received. For example, if within five years of project completion the development business sells or leases any space to any retail business, the development business shall proportionally repay the value of the investment credit. The proportion of the investment credit that would be due for repayment by an eligible development business for selling or leasing space to a retail business would be determined by dividing the square footage of building space occupied by the retail business by the square footage of the total building space.

An eligible business which is not a development business and which operates in an enterprise zone cannot claim an investment tax credit if the property is owned, or was previously owned, by an approved development business that has already received an investment tax credit. An eligible business which is not a development business can claim an investment tax credit only on additional new improvements made to real property that was not included in the development business's approved application for the investment tax credit.

This rule is intended to implement Iowa Code section 15E.193C.

701—42.22(15E,422) Venture capital credits.

42.22(1) *Investment tax credit for an equity investment in a qualifying business or community-based seed capital fund.*

a. Equity investments in a qualifying business or community-based seed capital fund before January 1, 2011. See rule 123—2.1(15E) for the discussion of the investment tax credit for an equity investment in a qualifying business or community-based seed capital fund, along with the issuance of tax credit certificates by the Iowa capital investment board, for equity investments made before January 1, 2011. For equity investments made in a qualifying business prior to January 1, 2004, only direct investments made by an individual are eligible for the investment tax credit. Individuals receiving income from a revocable trust's investment in a qualifying business are eligible for the investment tax credit for the portion of the revocable trust's equity investment in a qualifying business.

b. Equity investments in a qualifying business or community-based seed capital fund on or after January 1, 2011, and before July 2, 2015. For equity investments made on or after January 1, 2011, see 261—Chapter 115 for information regarding eligibility for qualifying businesses and community-based seed capital funds, applications for the investment tax credit for equity investments in a qualifying business or community-based seed capital fund, and the issuance of tax credit certificates by the economic development authority.

(1) Certificate issuance. The department of revenue will be notified by the economic development authority when the tax credit certificates are issued.

(2) Amount of the tax credit. The credit is equal to 20 percent of the taxpayer's equity investment in a qualifying business or community-based seed capital fund.

(3) Year in which the tax credit may be claimed. An investment shall be deemed to have been made on the same date as the date of acquisition of the equity interest as determined by the Internal Revenue Code. For investments made prior to January 1, 2014, a taxpayer shall not claim the tax credit prior to the third tax year following the tax year in which the investment is made. For investments made in qualifying businesses on or after January 1, 2014, the credit can be claimed in the year of the investment. However, for investments made in qualifying businesses during the 2014 calendar year, the credit cannot be redeemed prior to January 1, 2016. For example, if an individual taxpayer whose tax year ends on December 31, 2012, makes an equity investment during the 2012 calendar year, the individual taxpayer cannot claim the tax credit until the tax year ending December 31, 2015. However, if the taxpayer dies prior to redeeming the tax credit, the remaining tax credit may be redeemed on the decedent's final income tax return. For fiscal years beginning July 1, 2011, the amount of tax credits authorized cannot exceed \$2 million. The tax credit certificate must be included with the taxpayer's return for the tax year in which the credit may be redeemed as stated on the tax credit certificate.

(4) Carried over tax credits. If a tax credit is carried over and issued for the tax year immediately following the year in which the investment was made because the \$2 million cap has been reached, the tax credit may be claimed by the taxpayer for the third tax year following the tax year for which the credit is issued. For example, if an individual taxpayer makes an equity investment in December 2012 and the \$2 million cap for the fiscal year ending June 30, 2013, had already been reached, the tax credit will be issued for the tax year ending December 31, 2013, and cannot be redeemed until the tax year ending December 31, 2016.

(5) Limitations. Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier. The tax credit cannot be carried back to a tax year prior to the tax year in which the taxpayer claims the tax credit. The tax credit is not transferable to any other taxpayer.

(6) Pro rata tax credit claims for certain business entities. For equity investments made in a community-based seed capital fund or equity investments made in a qualifying business on or after January 1, 2004, an individual may claim the credit if the investment was made by a partnership, S corporation, limited liability company, or an estate or trust electing to have the income directly taxed to the individual. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

c. Equity investments in a qualifying business on or after July 2, 2015. For equity investments made on or after July 2, 2015, see 261—Chapter 115 for information regarding eligibility for qualifying businesses, applications for the investment tax credit for equity investments in a qualifying business, and the issuance of tax credit certificates by the economic development authority.

(1) Certificate issuance. The department of revenue will be notified by the economic development authority when the tax credit certificates are issued.

(2) Amount of the tax credit. For fiscal years beginning July 1, 2011, the amount of the tax credits authorized cannot exceed \$2 million. The credit is equal to 25 percent of the taxpayer's equity investment in a qualifying business. In any one calendar year, the amount of tax credits issued for any one qualifying business shall not exceed \$500,000. The maximum amount of tax credit that may be issued per calendar year to a natural person and the person's spouse or dependent shall not exceed \$100,000 combined. For purposes of this paragraph, "dependent" has the same meaning as provided by the Internal Revenue Code.

(3) Year in which the tax credit may be claimed. A taxpayer shall not claim a tax credit prior to September 1, 2016. The tax credit certificate must be included with the taxpayer's return for the tax year in which the credit may be redeemed as stated on the tax credit certificate. For purposes of this paragraph, an investment shall be deemed to have been made on the same date as the date of acquisition of the equity interest as determined by the Internal Revenue Code.

(4) Pro rata tax credit claims for certain business entities. An individual may claim the credit if the investment was made by a partnership, S corporation, limited liability company, or an estate or trust electing to have the income directly taxed to the individual. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, S corporation,

limited liability company, or estate or trust. Any credits claimed by an individual are subject to the limitations provided in 42.22(1)“c”(2) above.

(5) Refundability. For a tax credit claimed against the taxes imposed in Iowa Code chapter 422, division II, any tax credit in excess of the tax liability is refundable. In lieu of claiming a refund, the taxpayer may elect to have the overpayment shown on the taxpayer’s final completed return credited to the tax liability for the following tax year.

(6) Transfers and carryback of tax credits prohibited. The tax credit cannot be carried back to a tax year prior to the tax year in which the taxpayer claims the tax credit. The tax credit is not transferable to any other taxpayer.

42.22(2) *Investment tax credit for an equity investment in a venture capital fund.* See rule 123—3.1(15E) for the discussion of the investment tax credit for an equity investment in a venture capital fund, along with the issuance of tax credit certificates by the Iowa capital investment board. This credit is repealed for investments in venture capital funds made after July 1, 2010.

The department of revenue will be notified by the Iowa capital investment board when the tax credit certificates are issued. The tax credit certificate must be attached to the taxpayer’s return for the tax year in which the credit may be redeemed as stated on the tax credit certificate.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier.

For equity investments made in a venture capital fund, an individual may claim the credit if the investment was made by a partnership, S corporation, limited liability company, or an estate or trust electing to have the income directly taxed to the individual. The amount claimed by an individual must be based on the individual’s pro rata share of the individual’s earnings of the partnership, S corporation, limited liability company, or estate or trust.

42.22(3) *Contingent tax credit for investments in Iowa fund of funds.* See rule 123—4.1(15E) for the discussion of the contingent tax credit available for investments made in the Iowa fund of funds organized by the Iowa capital investment corporation. Tax credit certificates related to the contingent tax credits will be issued by the Iowa capital investment board.

The department of revenue will be notified by the Iowa capital investment board when these tax credit certificates are issued and, if applicable, when they are redeemed. If the tax credit certificate is redeemed, the certificate must be attached to the taxpayer’s return for the tax year in which the credit may be redeemed as stated on the tax credit certificate.

If the tax credit certificate is redeemed, any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until used, whichever is the earlier.

If the tax credit certificate is redeemed, an individual may claim the credit if the investment was made by a partnership, S corporation, limited liability company, or an estate or trust electing to have the income directly taxed to the individual. The amount claimed by an individual must be based on the individual’s pro rata share of the individual’s earnings of the partnership, S corporation, limited liability company, or estate or trust.

42.22(4) *Innovation fund investment tax credit.* See 261—Chapter 116 for information regarding eligibility for an innovation fund, applications for the investment tax credit for investments in an innovation fund, and the issuance of tax credit certificates by the economic development authority.

The department of revenue will be notified by the economic development authority when the tax credit certificates are issued. The credit is equal to 20 percent of the taxpayer’s equity investment in the form of cash in an innovation fund for tax years beginning and investments made on or after January 1, 2011, and before January 1, 2013. For tax years beginning and investments made on or after January 1, 2013, the taxpayer may claim a tax credit equal to 25 percent of the taxpayer’s equity investment in the form of cash in an innovation fund. An investment shall be deemed to have been made on the same date as the date of acquisition of the equity interest as determined by the Internal Revenue Code. A taxpayer shall claim the tax credit for the tax year in which the investment is made. For fiscal years beginning July 1, 2011, the amount of tax credits authorized cannot exceed \$8 million. No tax credit certificates will be issued prior to September 1, 2014. The tax credit certificate must be attached to the taxpayer’s return for the tax year in which the investment was made as stated on the tax credit certificate.

If a tax credit is carried over and issued for the tax year immediately following the year in which the investment was made because the \$8 million cap has been reached, the tax credit may be claimed by the taxpayer for the tax year following the tax year for which the credit is issued. For example, if an individual taxpayer makes an equity investment in December 2013 and the \$8 million cap for the fiscal year ending June 30, 2014, had already been reached, the tax credit will be issued for the tax year ending December 31, 2014, and can be redeemed for the tax year ending December 31, 2014.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until depleted, whichever is the earlier. The tax credit cannot be carried back to a tax year prior to the tax year in which the taxpayer claims the tax credit.

The innovation fund tax credit certificate may be transferred once to any person or entity.

Within 90 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department, along with a statement which contains the transferee's name, address and tax identification number and the amount of the tax credit being transferred. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the department will issue a replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company, S corporation, or estate or trust claiming the credit for individual or corporation income tax, the transferee shall provide a list of the partners, members, shareholders or beneficiaries and information on how the innovation fund tax credit should be divided among the partners, members, shareholders or beneficiaries. The transferee shall also provide the tax identification numbers and addresses of the partners, members, shareholders or beneficiaries. The replacement tax credit certificate must contain the same information as that on the original tax credit certificate and must have the same effective taxable year and the same expiration date as the original tax credit certificate. The replacement tax credit certificate may reflect a different tax type than the original tax credit certificate.

The transferee may use the amount of the tax credit for any tax year for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit certificate shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit certificate shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

For equity investments made in an innovation fund, an individual may claim the credit if the investment was made by a partnership, S corporation, limited liability company, estate or trust electing to have the income directly taxed to the individual. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

This rule is intended to implement Iowa Code sections 15E.51, 15E.52, 15E.66, 422.11F, and 422.11G and section 15E.43 as amended by 2015 Iowa Acts, chapter 138.

701—42.23(15) New capital investment program tax credits. Effective for tax periods beginning on or after January 1, 2003, a business which qualifies under the new capital investment program is eligible to receive tax credits. An eligible business under the new capital investment program must be approved by the Iowa department of economic development and meet the qualifications of 2003 Iowa Acts, chapter 125, section 4. The new capital investment program was repealed on July 1, 2005, and has been replaced with the high quality job creation program. See rule 701—42.29(15) for information on the tax credits available under the high quality job creation program. Any tax credits earned by businesses approved under the new capital investment program prior to July 1, 2005, remain valid and can be claimed on tax returns filed after July 1, 2005.

42.23(1) Research activities credit. A business approved under the new capital investment program is eligible for an additional research activities credit as described in 701—subrule 52.7(5). This credit for increasing research activities is in lieu of the research activities credit described in subrule 42.11(3).

42.23(2) Investment tax credit.

a. General rule. An eligible business can claim an investment tax credit equal to a percentage of the new investment directly related to new jobs created by the location or expansion of an eligible business. The percentage is equal to the amount provided in paragraph “b.” New investment directly related to new jobs created by the location or expansion of an eligible business includes the following:

(1) The cost of machinery and equipment, as defined in Iowa Code section 427A.1(1), paragraphs “e” and “j,” purchased for use in the operation of the eligible business. The purchase price shall be depreciated in accordance with generally accepted accounting principles.

(2) The purchase price of real property and any buildings and structures located on the real property.

(3) The cost of improvements made to real property which is used in the operation of the eligible business.

For eligible businesses approved by the Iowa department of economic development on or after March 17, 2004, certain lease payments made by eligible businesses to a third-party developer will be considered to be new investment for purposes of computing the investment tax credit. The eligible business shall enter into a lease agreement with the third-party developer for a minimum of five years. The investment tax credit is based on the annual base rent paid to a third-party developer by the eligible business for a period not to exceed ten years. The total costs of the annual base rent payments for the ten-year period cannot exceed the cost of the land and the third-party developer’s cost to build or renovate the building used by the eligible business. The annual base rent is defined as the total lease payment less taxes, insurance and operating and maintenance expenses.

Any credit in excess of the tax liability for the tax period may be carried forward seven years or until used, whichever is the earlier.

If the business is a partnership, S corporation, limited liability company, cooperative organized under Iowa Code chapter 501 and filing as a partnership for federal tax purposes, or estate or trust electing to have the income taxed directly to an individual, an individual may claim the credit. The amount of the credit claimed by an individual must be based on the individual’s pro rata share of the individual’s earnings of the partnership, S corporation, limited liability company, cooperative organized under Iowa Code chapter 501 and filing as a partnership for federal tax purposes, or estate or trust.

b. Tax credit percentage. The amount of tax credit claimed shall be based on the number of high quality jobs created as determined by the Iowa department of economic development:

(1) If no high quality jobs are created but economic activity within Iowa is advanced, the eligible business may claim a tax credit of up to 1 percent of the new investment.

(2) If 1 to 5 high quality jobs are created, the eligible business may claim a tax credit of up to 2 percent of the new investment.

(3) If 6 to 10 high quality jobs are created, the eligible business may claim a tax credit of up to 3 percent of the new investment.

(4) If 11 to 15 high quality jobs are created, the eligible business may claim a tax credit of up to 4 percent of the new investment.

(5) If 16 or more high quality jobs are created, the eligible business may claim a tax credit of up to 5 percent of the new investment.

c. Investment tax credit—value-added agricultural products or biotechnology-related processes. An eligible business whose project primarily involves the production of value-added agricultural products or uses biotechnology-related processes may elect to receive a refund for all or a portion of an unused investment tax credit. An eligible business includes a cooperative described in Section 521 of the Internal Revenue Code whose project primarily involves the production of ethanol.

Eligible businesses that elect to receive a refund shall apply to the Iowa department of economic development for tax credit certificates between May 1 and May 15 of each fiscal year through the fiscal year ending June 30, 2009. The election to receive a refund of all or a portion of an unused investment tax credit is no longer available beginning with the fiscal year ending June 30, 2010. Only those businesses that have completed projects before the May 1 filing date may apply for a tax credit certificate. The Iowa department of economic development shall not issue tax credit certificates for more than \$4 million during a fiscal year to eligible businesses for this program and eligible businesses described in subrule

42.14(2). If applications are received for more than \$4 million, the applicants shall receive certificates for a prorated amount.

The economic development authority shall issue tax credit certificates within a reasonable period of time. Tax credit certificates are valid for the tax year following project completion. The tax credit certificate must be included with the tax return for the tax year during which the tax credit is claimed. The tax credit certificate shall not be transferred, except for a cooperative described in Section 521 of the Internal Revenue Code whose project primarily involves the production of ethanol, as provided in subrule 42.14(2). For value-added agricultural projects involving ethanol, the cooperative must submit a list of its members and the share of each member's interest in the cooperative. The economic development authority shall issue a tax credit certificate to each member on the list.

d. Repayment of benefits. If an eligible business fails to maintain the requirements of the new capital investment program, the taxpayer may be required to repay all or a portion of the tax incentives taken on Iowa returns. Irrespective of the fact that the statute of limitations to assess the taxpayer for repayment of the tax credits may have expired, the department may proceed to collect the tax incentives forfeited by failure to maintain the requirements of the new capital investment program. This repayment is required because it is a recovery of an incentive, rather than an adjustment to the taxpayer's tax liability. Details on the calculation of the repayment can be found in 261—subrule 187.5(4) of the administrative rules of the economic development authority. If the business is a partnership, limited liability company, S corporation, estate or trust where the income of the taxpayer is taxed to the individual owner(s) of the business, the department may proceed to collect the tax incentives against the partners, members, shareholders or beneficiaries to whom the tax incentives were passed through. See Decision of the Administrative Law Judge in *Damien & Colette Trebilcock, et al.*, Docket No. 11DORF 042-044, June 11, 2012.

An eligible business in the new capital investment program may also be required to repay all or a portion of the tax incentives received on Iowa returns if the eligible business experiences a layoff of employees in Iowa or closes any of its facilities in Iowa.

If, within five years of purchase, the eligible business sells, disposes of, razes, or otherwise renders unusable all or a part of the land, buildings, or other existing structures for which a tax credit was claimed under this subrule, the income tax liability of the eligible business shall be increased by one of the following amounts:

- (1) One hundred percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within one full year after being placed in service.
- (2) Eighty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within two full years after being placed in service.
- (3) Sixty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within three full years after being placed in service.
- (4) Forty percent of the tax credit claimed if the property ceases to be eligible for the tax credit within four full years after being placed in service.
- (5) Twenty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within five full years after being placed in service.

This rule is intended to implement Iowa Code section 15.333 as amended by 2010 Iowa Acts, Senate File 2380, and sections 15.335 and 15.381 to 15.387.

701—42.24(15E,422) Endow Iowa tax credit. Effective for tax years beginning on or after January 1, 2003, a taxpayer who makes an endowment gift to an endow Iowa qualified community foundation may qualify for an endow Iowa tax credit, subject to the availability of the credit. For tax years beginning on or after January 1, 2003, but before January 1, 2010, the credit is equal to 20 percent of a taxpayer's endowment gift to an endow Iowa qualified community foundation approved by the Iowa department of economic development. For tax years beginning on or after January 1, 2010, the credit is equal to 25 percent of a taxpayer's endowment gift to an endow Iowa qualified community foundation approved by

the Iowa department of economic development. For tax years beginning on or after January 1, 2010, a taxpayer cannot claim a deduction for charitable contributions under Section 170 of the Internal Revenue Code for the amount of the contribution for which the tax credit is claimed for Iowa tax purposes. The administrative rules for the endow Iowa tax credit for the Iowa department of economic development may be found under 261—Chapter 47.

The total amount of endow Iowa tax credits available is \$2 million in the aggregate for the 2003 and 2004 calendar years. The total amount of endow Iowa tax credits is \$2 million annually for the 2005-2007 calendar years, and \$200,000 of these tax credits on an annual basis is reserved for endowment gifts of \$30,000 or less. The maximum amount of tax credit granted to a single taxpayer shall not exceed \$100,000 for the 2003-2007 calendar years. The total amount of endow Iowa tax credits annually for the 2008 and 2009 calendar years is \$2 million plus a percentage of the tax imposed on the adjusted gross receipts from gambling games in accordance with Iowa Code section 99F.11(3). The total amount of endow Iowa tax credits annually for 2010 is \$2.7 million plus a percentage of the tax imposed on the adjusted gross receipts from gambling games in accordance with Iowa Code section 99F.11(3). The total amount of endow Iowa tax credits annually for 2011 is \$3.5 million plus a percentage of the tax imposed on the adjusted gross receipts from gambling games in accordance with Iowa Code section 99F.11(3). The maximum amount of tax credit granted to a single taxpayer shall not exceed 5 percent of the total endow Iowa tax credit amount authorized for 2008 and subsequent years. For the 2012 calendar year and subsequent calendar years, the total amount of endow Iowa tax credits is \$6 million; the maximum amount of tax credit authorized to a single taxpayer is \$300,000 (\$6 million multiplied by 5 percent). The endow Iowa tax credit cannot be transferred to any other taxpayer.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier.

If a taxpayer is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement Iowa Code section 15E.305 as amended by 2013 Iowa Acts, House File 620, and section 422.11H.

701—42.25(422) Soy-based cutting tool oil tax credit. Effective for tax periods ending after June 30, 2005, and beginning before January 1, 2007, a manufacturer may claim a soy-based cutting tool oil tax credit. A manufacturer, as defined in Iowa Code section 428.20, may claim the credit equal to the costs incurred during the tax year for the purchase and replacement costs relating to the transition from using nonsoy-based cutting tool oil to using soy-based cutting tool oil.

All of the following conditions must be met to qualify for the tax credit:

1. The costs must be incurred after June 30, 2005, and before January 1, 2007.
2. The costs must be incurred in the first 12 months of the transition from using nonsoy-based cutting tool oil to using soy-based cutting tool oil.
3. The soy-based cutting tool oil must contain at least 51 percent soy-based products.
4. The costs of the purchase and replacement must not exceed \$2 per gallon of soy-based cutting tool oil used in the transition.
5. The number of gallons used in the transition cannot exceed 2,000 gallons.
6. The manufacturer shall not deduct for Iowa income tax purposes the costs incurred in the transition to using soy-based cutting tool oil which are deductible for federal tax purposes.

Any credit in excess of the taxpayer's tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

If a taxpayer is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to an individual, an individual may claim the credit. The amount

claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement Iowa Code section 422.11I.

701—42.26(15I,422) Wage-benefits tax credit. Effective for tax years ending on or after June 9, 2006, a wage-benefits tax credit equal to a percentage of the annual wages and benefits paid for a qualified new job created by the location or expansion of the business in Iowa is available for qualified businesses.

42.26(1) Definitions. The following definitions are applicable to this rule:

"Average county wage" means the annualized average hourly wage calculated by the Iowa department of economic development using the most current four quarters of wage and employment information as provided in the Quarterly Covered Wage and Employment Data report provided by the department of workforce development. Agricultural/mining and governmental employment categories are deleted in compiling the wage information.

"Benefits" means all of the following:

1. Medical and dental insurance plans.
2. Pension and profit-sharing plans.
3. Child care services.
4. Life insurance coverage.
5. Vision insurance plan.
6. Disability coverage.

"Department" means the Iowa department of revenue.

"Full-time" means the equivalent of employment of one person:

1. For 8 hours per day for a five-day, 40-hour workweek for 52 weeks per year, including paid holidays, vacations, and other paid leave, or
2. The number of hours or days per week, including paid holidays, vacations, and other paid leave, currently established by schedule, custom or otherwise, as constituting a week of full-time work for the kind of service an individual performs for an employing unit.

"Grow Iowa values fund" means the grow Iowa values fund created in Iowa Code Supplement section 15G.108.

"Nonqualified new job" means any one of the following:

1. A job previously filled by the same employee in Iowa.
2. A job that was relocated from another location in Iowa.
3. A job that is created as a result of a consolidation, merger, or restructuring of a business entity if the job does not represent a new job in Iowa.

"Qualified new job" or *"job creation"* means a job that meets all of the following criteria:

1. Is a new full-time job that has not existed in the business in Iowa within the previous 12 months.
2. Is filled by a new employee for at least 12 months.
3. Is filled by a resident of the state of Iowa.
4. Is not created as a result of a change in ownership.
5. Was created on or after June 9, 2005.

"Retail business" means a business which sells its product directly to a consumer.

"Retained qualified new job" or *"job retention"* means the continued employment, after the first 12 months of employment, of the same employee in a qualified new job for another 12 months.

"Service business" means a business which is not engaged in the sale of tangible personal property, and which provides services to a local consumer market and does not have a significant proportion of its sales coming from outside Iowa.

42.26(2) Calculation of credit. A business which is not a retail or service business may claim the wage-benefits tax credit which is determined as follows:

- a. If the annual wages and benefits for the qualified new job equal less than 130 percent of the average county wage, the credit is 0 percent of the annual wage and benefits paid.

b. If the annual wages and benefits for the qualified new job equal at least 130 percent but less than 160 percent of the average county wage, the credit is 5 percent of the annual wage and benefits paid for each qualified new job.

c. If the annual wages and benefits for the qualified new job equal at least 160 percent of the average county wage, the credit is 10 percent of the annual wage and benefits paid for each qualified new job.

If the business is a partnership, S corporation, limited liability company, or estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

Any credit in excess of the taxpayer's tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

42.26(3) *Application for the tax credit; tax credit certificate; amount of tax credit available.*

a. In order to claim the wage-benefits tax credit, the business must submit an application to the department along with information on the qualified new job or retained qualified new job. The application cannot be submitted until the end of the twelfth month after the qualified job was filled. For example, if the new job was created on June 9, 2005, the application cannot be submitted until June 9, 2006. The following information must be submitted in the application:

- (1) Name, address and federal identification number of the business.
- (2) A description of the activities of the business. If applicable, the proportion of the sales of the business which come from outside Iowa shall be included.
- (3) The amount of wages and benefits paid to each employee for each new job for the previous 12 months.
- (4) A computation of the amount of credit being requested.
- (5) The address and state of residence of each new employee.
- (6) The date that the qualified new job was filled.
- (7) An indication of whether the job is a qualified new job or a retained qualified new job for which an application was filed for a previous year.
- (8) The type of tax for which the credit will be applied.
- (9) If the business is a partnership, S corporation, limited liability company, or estate or trust, a schedule of the partners, shareholders, members or beneficiaries. This schedule shall include the names, addresses and federal identification numbers of the partners, shareholders, members or beneficiaries, along with their percentage of the pro rata share of earnings of the partnership, S corporation, limited liability company, or estate or trust.

b. Upon receipt of the application, the department has 45 days either to approve or deny the application. If the department does not act on the application within 45 days, the application is deemed approved. If the department denies the application, the business may appeal the decision to the Iowa economic development board within 30 days of the notice of denial.

c. If the application is approved, or if the Iowa economic development board approves the application that was previously denied by the department, a tax credit certificate will be issued by the department to the business, subject to the availability of the amount of credits that may be issued. The tax credit certificate shall contain the name, address and tax identification number of the business (or individual, estate or trust, if applicable), the date of the qualified new job(s), the wage and benefits paid for each job(s) for the 12-month period, the amount of the credit, the tax period for which the credit may be applied, and the type of tax for which the credit will be applied.

d. The tax credit certificates that are issued in a fiscal year cannot exceed \$10 million for the fiscal year ending June 30, 2007, and shall not exceed \$4 million for the fiscal years ending June 30, 2008, through June 30, 2011. The tax credit certificates are issued on a first-come, first-served basis. Therefore, if tax credit certificates have already been issued for the \$10 million limit for the fiscal year ending June 30, 2007, any applications for tax credit certificates received after the \$10 million limit has been reached will be denied. Similarly, if tax credit certificates have already been issued for the \$4 million limit for the fiscal years ending June 30, 2008, through June 30, 2011, any applications for tax credit certificates

received after the \$4 million limit has been reached will be denied. If a business failed to receive all or a part of the tax credit due to the \$10 million or \$4 million limitation, the business may reapply for the tax credit for the retained new job for a subsequent tax period.

e. A business which qualifies for the tax credit for the fiscal year ending June 30, 2007, is eligible to receive the tax credit certificate for each of the fiscal years ending June 30, 2008, through June 30, 2011, subject to the \$4 million limit for tax credits for the fiscal years ending June 30, 2008, through June 30, 2011, if the business retains the qualified new job during each of the fiscal years ending June 30, 2008, through June 30, 2011. The business must reapply by June 30 of each fiscal year for the tax credit, and the percentage of the wages and benefits allowed for the credit set forth in subrule 42.26(2) for the first year is applicable for each subsequent period. Preference will be given in issuing tax credit certificates for those businesses that retain qualified new jobs, and preference will be given in the order in which applications were filed for the fiscal year ending June 30, 2007. Therefore, those businesses which received the first \$4 million of tax credits for the year ending June 30, 2007, in which the qualified jobs were created will automatically receive a tax credit for the fiscal years ending June 30, 2008, through June 30, 2011, as long as the qualified jobs are retained and an application is completed.

f. For the fiscal years ending June 30, 2008, through June 30, 2011, if credits become available because the jobs were not retained by businesses which received the first \$4 million of credits for the year ending June 30, 2007, an application which was originally denied will be considered in the order in which the application was received for the fiscal year ending June 30, 2007.

EXAMPLE: Wage-benefits tax credits of \$4 million are issued for the fiscal year ending June 30, 2007, relating to applications filed between July 1, 2006, and March 31, 2007. For the next fiscal year ending June 30, 2008, the same businesses that received the \$4 million in wage-benefits tax credits filed applications totaling \$3 million for the retained jobs for which the application for the prior year was filed on or before March 31, 2007. The first \$3 million of the available \$4 million will be allowed to these same businesses. The remaining \$1 million that is still available for the fiscal year ending June 30, 2008, will be allowed for those retained jobs for which applications for the prior year were filed starting on April 1, 2007, until the remaining \$1 million in tax credits is issued.

g. A business may apply in writing to the Iowa economic development board for a waiver of the average wage and benefit requirement. If a waiver is granted, the business must provide the department with the waiver and it must be attached to the application.

h. A business may receive other federal, state, and local incentives and tax credits in addition to the wage-benefits tax credit. However, a business that receives a wage-benefits tax credit cannot receive tax incentives under the high quality job creation program set forth in Iowa Code chapter 15 or moneys from the grow Iowa values fund.

42.26(4) Examples. The following noninclusive examples illustrate how this rule applies:

EXAMPLE 1: Business A operates a grocery store and hires five new employees, each of whom will earn wages and benefits in excess of 130 percent of the average county wage. Business A would not qualify for the wage-benefits tax credit because Business A is a retail business.

EXAMPLE 2: Business B operates an accounting firm and hires two new accountants, each of whom will earn wages and benefits in excess of 160 percent of the average county wage. The accounting firm provides services to clients wholly within Iowa. Business B would not qualify for the wage-benefits tax credit because it is a service business. The majority of its sales are generated from within the state of Iowa and thus Business B, because it is a service business, is not eligible for the credit.

EXAMPLE 3: Business C operates a software development business and hires two new programmers, each of whom will earn wages and benefits in excess of 160 percent of the average county wage. Over 50 percent of the customers of Business C are located outside Iowa. Business C would qualify for the wage-benefits tax credit because a majority of its sales are coming from outside the state, even though Business C is engaged in the performance of services.

EXAMPLE 4: Business D is a manufacturer that hires a new employee in Clayton County, Iowa, on July 8, 2005. The average county wage for Clayton County for the third quarter of 2005 is \$11.86 per hour. If the average county wage per hour for Clayton County is \$11.95 for the fourth quarter of 2005, \$12.05 for the first quarter of 2006, and \$12.14 for the second quarter of 2006, the annualized

average county wage for this 12-month period is \$12.00 per hour. This wage equates to an average annual wage of \$24,960 ($\$12.00 \times 40 \text{ hours} \times 52 \text{ weeks}$). In order for Business D to qualify for the 5 percent wage-benefits tax credit, the new employee must receive wages and benefits totaling \$32,448 (130 percent of \$24,960) for the 12-month period from July 8, 2005, through July 7, 2006. In order for Business D to qualify for the 10 percent wage-benefits tax credit, the new employee must receive wages and benefits totaling \$39,936 (160 percent of \$24,960) for the 12-month period from July 8, 2005, through July 7, 2006.

EXAMPLE 5: Business E is a manufacturer that hires three new employees in Grundy County, Iowa, on July 1, 2005. If the average county wage for the 12-month period from July 1, 2005, through June 30, 2006, is \$13.75 per hour in Grundy County, this wage equates to an average county wage of \$28,600. The wages and benefits for each of these three new employees is \$40,000 for the period from July 1, 2005, through June 30, 2006, which is 140 percent of the average county wage. Business E is entitled to a wage-benefits tax credit of \$2,000 for each employee ($\$40,000 \times 5 \text{ percent}$), for a total wage-benefits tax credit of \$6,000. If Business E files on a calendar-year basis, the \$6,000 wage-benefits tax credit can be claimed on the tax return for the period ending December 31, 2006.

EXAMPLE 6: Business F is a manufacturer that hires ten new employees on July 1, 2005, and qualifies for the wage-benefits tax credit because the wages and benefits paid exceed 130 percent of the average county wage. Business F receives a wage-benefits tax credit in July 2006 for these ten employees, which can be used on the tax return for the period ending December 31, 2006. On August 31, 2006, two of the employees leave the business and are replaced by two new employees. Business F is entitled to a wage-benefits tax credit for only eight employees in July 2007 because only eight employees continued employment for the subsequent 12 months in a job which meets the definition of a retained qualified new job. Business F cannot request a wage-benefits tax credit for the two employees hired on August 31, 2006. Business F cannot request the wage-benefits tax credit because these two full-time jobs existed in the business within the previous 12 months in Iowa, and these jobs do not meet the definition of a qualified new job or retained qualified new job.

EXAMPLE 7: Business G is a manufacturer that hires ten new employees on July 1, 2005, and qualifies for the wage-benefits tax credit because the wages and benefits paid exceed 130 percent of the average county wage. Business G receives a wage-benefits tax credit in July 2006 for these ten employees equal to 5 percent of the wages and benefits paid. On October 1, 2006, Business G hires an additional five employees, each of whom receives wages and benefits in excess of 130 percent of the average county wage. Business G can apply for the wage-benefits tax credit on October 1, 2007, for these five employees, since these employees have now been employed for 12 months. However, the credit may not be allowed if more than \$4 million of retained job tax credits have been issued for the fiscal year ending June 30, 2008.

EXAMPLE 8: Assume the same facts as Example 6, except that the \$10 million limit of tax credits has already been met for the fiscal year ending June 30, 2007, and Business F hired five new employees on August 31, 2006. Business F can apply for the wage-benefits tax credit for the three employees on August 31, 2007, a number which is above the ten full-time jobs originally created, but Business F may not receive the tax credit if more than \$4 million of retained job tax credits have been issued for the fiscal year ending June 30, 2008.

EXAMPLE 9: Assume the same facts as Example 7, except that the ten employees hired on July 1, 2005, by Business G received wages and benefits equal to 155 percent of the average county wage, and the five employees hired on October 1, 2006, by Business G received wages equal to 161 percent of the average county wage. Business G can apply for the tax credit on October 1, 2007, equal to 10 percent of the wages and benefits paid for the employees hired on October 1, 2006. On July 1, 2007, Business G can reapply for the tax credit equal to 5 percent of the wages and benefits paid only for the ten employees originally hired on July 1, 2005, even if the wages and benefits for these ten employees exceed 160 percent of the average county wage for the period from July 1, 2006, through June 30, 2007.

42.26(5) *Repeal of the wage-benefits tax credit.* The wage-benefits tax credit is repealed effective July 1, 2008. However, the wage-benefits tax credit is still available through the fiscal year ending June

30, 2011, as provided in subrule 42.26(3), paragraphs “d,” “e,” and “f.” A business is not entitled to a wage-benefits tax credit for a qualified new job created on or after July 1, 2008.

This rule is intended to implement Iowa Code chapter 15I and section 422.11L.
[ARC 8702B, IAB 4/21/10, effective 5/26/10]

701—42.27(422,476B) Wind energy production tax credit. Effective for tax years beginning on or after July 1, 2006, an owner of a qualified wind energy production facility that has been approved by the Iowa utilities board may claim a wind energy production tax credit for qualified electricity sold by the owner or used for on-site consumption against a taxpayer’s Iowa individual income tax liability. The administrative rules for the certification of eligibility for the wind energy production tax credit for the Iowa utilities board may be found in rule 199—15.18(476B).

42.27(1) Application and review process for the wind energy production tax credit. An owner of a wind energy production facility must be approved by the Iowa utilities board in order to qualify for the wind energy production tax credit. The facility must be an electrical production facility that produces electricity from wind, that is located in Iowa, and that is placed in service on or after July 1, 2005, but before July 1, 2012. For applications filed on or after March 1, 2008, a facility must consist of one or more wind turbines which have a combined nameplate generating capacity of at least 2 megawatts and no more than 30 megawatts. For applications filed on or after July 1, 2009, by a private college or university, community college, institution under the control of the state board of regents, public or accredited nonpublic elementary and secondary school, or public hospital as defined in Iowa Code section 249J.3, the facility must have a combined nameplate generating capacity of no less than $\frac{3}{4}$ of a megawatt.

The maximum amount of nameplate generating capacity for all qualified wind energy production facilities cannot exceed 50 megawatts. An owner shall not own more than two qualified facilities. A facility that is not operational within 18 months after issuance of the approval from the Iowa utilities board will no longer be considered a qualified facility. However, a facility that is not operational within 18 months due to the unavailability of necessary equipment shall be granted an additional 12 months to become operational.

An owner of the qualified facility must apply to the Iowa utilities board for the wind energy production tax credit. The application for the tax credit must be filed no later than 30 days after the close of the tax year for which the credit is applied. The information to be included in the application is set forth in 199—subrule 15.20(1).

42.27(2) Computation of the credit. The wind energy production credit equals one cent multiplied by the number of kilowatt-hours of qualified electricity sold or used for on-site consumption by the owner during the tax year. For the first tax year in which the credit is applied, the kilowatt-hours of qualified electricity sold may exceed 12 months.

EXAMPLE: A qualified facility was placed in service on April 1, 2006, and the taxpayer files on a calendar-year basis. The first year for which the credit can be claimed is the period ending December 31, 2007, since that is the first tax year that began on or after July 1, 2006. The credit for the 2007 tax year can include electricity sold between April 1, 2006, and December 31, 2007.

The credit is not allowed for any kilowatt-hours of electricity sold to a related person. The definition of “related person” uses the same criteria set forth in Section 45(e)(4) of the Internal Revenue Code relating to the federal renewable electricity production credit. Persons shall be treated as related to each other if such persons are treated as a single employer under Treasury Regulation § 1.52-1. In the case of a corporation that is a member of an affiliated group of corporations filing a federal consolidated return, such corporation shall be treated as selling electricity to an unrelated person if such electricity is sold to the person by another member of the affiliated group.

The utilities board will notify the department of the number of kilowatt-hours of electricity sold by the qualified facility or generated and used on site by the qualified facility during the tax year. The department will calculate the credit and issue a tax credit certificate to the owner. The tax credit certificate will include the taxpayer’s name, address and federal identification number, the tax type for which the credit will be claimed, the amount of the credit and the tax year for which the credit may be claimed. In addition, the tax credit certificate will include a place for the name and tax identification number of a transferee

and the amount of the tax credit certificate, as provided in subrule 42.27(3). If the department refuses to issue the tax credit certificate, the taxpayer shall be notified in writing and the taxpayer will have 60 days from the date of denial to file a protest in accordance with rule 701—7.8(17A). The department will not issue a tax credit certificate if the facility is not operational within 18 months after approval was given by the utilities board, unless a 12-month extension is granted by the utilities board as provided in subrule 42.27(1).

If the taxpayer is a partnership, limited liability company, S corporation, or estate or trust requesting a credit for individual or corporation income tax, the tax credit certificate will be issued to the partners, members, shareholders or beneficiaries based on the partner's, member's, shareholder's or beneficiary's pro rata share of earnings of the partnership, limited liability company, S corporation, or estate or trust, except when the taxpayer is eligible to receive renewable electricity production tax credits authorized under Section 45 of the Internal Revenue Code. In cases where the taxpayer is eligible to receive renewable electricity production tax credits under Section 45 of the Internal Revenue Code, the partnership, limited liability company or S corporation may designate the amount of the tax credit to be allocated to each partner, member or shareholder. In addition, if a taxpayer is a partnership, limited liability company, S corporation, or estate or trust that is eligible to receive renewable electricity production tax credits under Section 45 of the Internal Revenue Code, the taxpayer may distribute the tax credit to an equity holder or beneficiary as a liquidating distribution, or portion thereof, of an equity holder's interest in the partnership, limited liability company or S corporation, or the beneficiary's interest in the estate or trust.

The credit can be allowed for a ten-year period beginning on the date the qualified facility was originally placed in service. For example, if a facility was placed in service on April 1, 2006, the credit can be claimed for kilowatt-hours of electricity sold between April 1, 2006, and March 31, 2016.

To claim the tax credit, the taxpayer must include the tax credit certificate with the tax return for the tax year set forth on the certificate. Any tax credit in excess of the tax liability may be carried forward for seven years or until it is used, whichever is the earlier.

42.27(3) *Transfer of the wind energy production tax credit certificate.* The wind energy production tax credit certificate may be transferred to any person or entity.

Within 30 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department, along with a statement which contains the transferee's name, address and tax identification number and the amount of the tax credit being transferred. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the department will issue a replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company, S corporation, or estate or trust claiming the credit for individual or corporation income tax, the transferee shall provide a list of the partners, members, shareholders or beneficiaries and information on how the wind energy production tax credit should be divided among the partners, members, shareholders or beneficiaries. The transferee shall also provide the tax identification numbers and addresses of the partners, members, shareholders or beneficiaries. The replacement tax credit certificate must contain the same information as that on the original tax credit certificate and must have the same effective taxable year and the same expiration date as the original tax credit certificate. The replacement tax credit certificate may reflect a different tax type than the original tax credit certificate.

The transferee may use the amount of the tax credit for any tax year for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit certificate shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit certificate shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

This rule is intended to implement Iowa Code section 422.11J and Iowa Code chapter 476B as amended by 2011 Iowa Acts, House File 672.

[ARC 8702B, IAB 4/21/10, effective 5/26/10; ARC 9876B, IAB 11/30/11, effective 1/4/12; ARC 0251C, IAB 8/8/12, effective 9/12/12; ARC 1744C, IAB 11/26/14, effective 12/31/14]

701—42.28(422,476C) Renewable energy tax credit. Effective for tax years beginning on or after July 1, 2006, a purchaser or producer of renewable energy whose facility has been approved by the Iowa utilities board may claim a renewable energy tax credit for qualified renewable energy against a taxpayer's Iowa individual income tax liability.

42.28(1) Eligible facility application process.

a. Eligible facility application process, generally. A producer or purchaser of a renewable energy facility must be approved as an eligible renewable energy facility by the Iowa utilities board in order to qualify for the renewable energy tax credit. The eligible renewable energy facility can be a wind energy conversion facility, biogas recovery facility, biomass conversion facility, methane gas recovery facility, solar energy conversion facility or refuse conversion facility. The facility must be located in Iowa and placed in service on or after July 1, 2005, and before January 1, 2018. The administrative rules for the certification of eligibility for the renewable energy tax credit for the Iowa utilities board may be found in rule 199—15.19(476C).

b. Limitations on maximum energy production and nameplate generating capacity. The maximum amount of nameplate generating capacity of all wind energy conversion facilities cannot exceed 363 megawatts. For tax years beginning prior to January 1, 2015, the maximum amount of energy production capacity for biogas recovery facilities, biomass conversion facilities, methane gas recovery facilities, solar energy conversion facilities and refuse conversion facilities cannot exceed a combined output of 53 megawatts of nameplate generating capacity and 167 billion British thermal units of heat for a commercial purpose. For tax years beginning on or after January 1, 2015, the maximum amount of energy production for biogas recovery facilities, biomass conversion facilities, methane gas recovery facilities, solar energy conversion facilities and refuse conversion facilities cannot exceed a combined output of 63 megawatts of nameplate generating capacity and, annually, 167 billion British thermal units of heat for a commercial purpose. A facility that is not operational within 30 months after issuance of approval from the utilities board will no longer be considered a qualified facility. However, if the facility is a wind energy conversion property and is not operational within 18 months due to the unavailability of necessary equipment, the facility may apply for a 12-month extension of the 30-month limit. Extensions can be renewed for succeeding 12-month periods if the facility applies for the extension prior to expiration of the current extension period. A producer of renewable energy, who is the person who owns the renewable energy facility, cannot own more than two eligible renewable energy facilities. A person that has an equity interest equal to or greater than 51 percent in an eligible renewable energy facility cannot have an equity interest greater than 10 percent in any other renewable energy facility. However, for tax years beginning on or after January 1, 2015, an entity described in Iowa Code section 476C.1(6)“b”(4) or (5) may have an ownership interest in up to four solar energy conversion facilities described in Iowa Code section 476C.3(4)“b”(3).

42.28(2) Tax credit certificate procedure.

a. Tax credit application process. A producer or purchaser of a renewable energy facility must apply to the utilities board for the renewable energy tax credit. The application for the tax credit must be filed no later than 30 days after the close of the tax year for which the credit is applied. The information to be included in the application is set forth in 199—subrule 15.21(1). The utilities board will notify the department of the number of kilowatt-hours, standard cubic feet or British thermal units that were generated and purchased from an eligible facility or used for on-site consumption by the producer during the tax year for which the credit is applied.

b. Tax credit calculation. The department shall calculate the amount of the credit for which the applicant is eligible in accordance with subrules 42.28(3) and 42.28(4) and shall issue a tax credit certificate for that amount or shall notify the applicant in writing of its refusal to do so.

c. Tax credit certificate issuance. The tax credit certificate will include the taxpayer's name, address and federal identification number; the tax type for which the credit will be claimed; the amount of the credit; and the tax year for which the credit may be claimed. In addition, the tax credit certificate will include a place for the name and tax identification number of a transferee and the amount of the tax credit certificate, as provided in subrule 42.28(5). Once a tax credit certificate is issued pursuant to Iowa Code chapter 476C, it shall not be terminated or rescinded.

d. Taxpayers that are partnerships, limited liability companies, S corporations, or estates or trusts. If the taxpayer is a partnership, limited liability company, S corporation, or estate or trust requesting a credit for individual or corporation income tax, the tax credit certificate will be issued to the partners, members, shareholders or beneficiaries based on the partner's, member's, shareholder's or beneficiary's pro rata share of earnings of the partnership, limited liability company, S corporation, or estate or trust, except when the taxpayer is eligible to receive renewable electricity production tax credits authorized under Section 45 of the Internal Revenue Code. In cases where the taxpayer is eligible to receive renewable electricity production tax credits under Section 45 of the Internal Revenue Code, the partnership, limited liability company or S corporation may designate the amount of the tax credit to be allocated to each partner, member or shareholder. In addition, if a taxpayer is a partnership, limited liability company, S corporation, or estate or trust that is eligible to receive renewable electricity production tax credits under Section 45 of the Internal Revenue Code, the taxpayer may distribute the tax credit to an equity holder or beneficiary as a liquidating distribution, or portion thereof, of an equity holder's interest in the partnership, limited liability company or S corporation or of the beneficiary's interest in the estate or trust.

e. Carryforward. To claim the tax credit, the taxpayer must include the tax credit certificate with the tax return for the tax period set forth on the certificate. Any tax credit in excess of the tax liability may be carried forward for seven years or until it is used, whichever is the earlier.

42.28(3) Limitations.

a. Energy production. Of the maximum amount of energy production capacity equivalent for biogas recovery facilities, biomass conversion facilities, methane gas recovery facilities, solar energy conversion facilities and refuse conversion facilities:

(1) No single facility may be allocated more than ten megawatts of nameplate generating capacity or energy production capacity equivalent.

(2) For tax years beginning on or after January 1, 2015, ten megawatts of nameplate generating capacity or energy production capacity equivalent shall be reserved for solar energy conversion facilities described in Iowa Code section 476C.3(4) "b"(3) that have a generating capacity of one and one-half megawatts or less.

(3) For tax years, beginning on or after January 1, 2014, 55 billion British thermal units of heat for a commercial purpose shall be reserved annually for an eligible facility that is a refuse conversion facility for processed, engineered fuel from a multicounty solid waste management planning area.

(4) For tax years beginning on or after January 1, 2014, the maximum annual amount of energy production capacity for a single refuse conversion facility is 55 billion British thermal units of heat for a commercial purpose.

b. Related persons. The credit is not allowed for any kilowatt-hours, standard cubic feet or British thermal units that are purchased from an eligible facility by a related person. Persons shall be treated as related to each other if either person owns an 80 percent or more equity interest in the other person.

c. Operation. The facility must be operational within 30 months after approval was given by the utilities board, unless a 12-month extension is granted by the utilities board as provided in subrule 42.28(1).

d. Prohibited for persons that have received a credit under Iowa Code chapter 476B. A person that has received a wind energy production tax credit pursuant to Iowa Code chapter 476B may not be issued a renewable energy tax credit certificate.

e. Ten-year award limitation. The credit is allowed for a ten-year period beginning on the date the purchaser first purchases renewable energy from a qualified facility or on the date the qualified facility first began producing renewable energy for on-site consumption. For example, if a renewable energy facility first began producing energy for on-site consumption on April 1, 2006, the credit can be claimed for kilowatt-hours, standard cubic feet or British thermal units generated and used for on-site consumption by the producer between April 1, 2006, and March 31, 2016. Tax credit certificates cannot be issued for renewable energy purchased or produced for on-site consumption after December 31, 2027.

42.28(4) Computation of the credit. The renewable energy tax credit equals 1½ cents per kilowatt-hour of electricity, or \$1.44 per 1000 standard cubic feet of hydrogen fuel, or \$4.50 per 1

million British thermal units of methane gas or other biogas used to generate electricity, or \$4.50 per 1 million British thermal units of heat for a commercial purpose generated by and purchased from an eligible renewable energy facility or used for on-site consumption by the producer during the tax year. For the first tax year in which the credit is applied, the kilowatt-hours, standard cubic feet or British thermal units generated by and purchased from the facility or used for on-site consumption by the producer may exceed 12 months if the facility was operational for fewer than 12 months in its initial year of operation.

EXAMPLE: A qualified wind energy production facility was placed in service on April 1, 2006, and the taxpayer files on a calendar-year basis. The first year for which the credit can be claimed is the year ending December 31, 2007, since that is the first tax year that began on or after July 1, 2006. The credit for the 2007 tax year can include electricity generated and purchased or used for on-site consumption by the producer between April 1, 2006, and December 31, 2007.

42.28(5) *Transfer of the renewable energy tax credit certificate.*

a. One-transfer limitation. The renewable energy tax credit certificate may be transferred once to any person or entity. A decision between a producer and purchaser of renewable energy regarding who may claim the tax credit is not considered a transfer.

b. Transfer process—information required. Within 30 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department, along with a statement which contains the transferee's name, address and tax identification number; the amount of the tax credit being transferred; the value of any consideration provided by the transferee to the transferor; and any other information required by the department. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the department will issue a replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company, S corporation, or estate or trust claiming the credit for individual or corporation income tax, the transferee shall provide a list of the partners, members, shareholders or beneficiaries and information on how the renewable energy tax credit should be divided among the partners, members, shareholders or beneficiaries. The transferee shall also provide the tax identification numbers and addresses of the partners, members, shareholders or beneficiaries. The replacement tax credit certificate must contain the same information as that on the original tax credit certificate and must have the same effective taxable year and the same expiration date as the original tax credit certificate. The replacement tax credit certificate may reflect a different tax type than the original tax credit certificate.

c. Tax year. The transferee may use the amount of the tax credit for any tax year for which the original transferor could have claimed the tax credit.

d. Consideration. Any consideration received for the transfer of the tax credit certificate shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit certificate shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

42.28(6) *Small wind innovation zones.* Effective for tax years beginning on or after January 1, 2009, an owner of a small wind energy system operating within a small wind innovation zone which has been approved by the Iowa utilities board is eligible for the renewable energy tax credit. The administrative rules of the Iowa utilities board for the certification of eligibility for owners of small wind energy systems operating within a small wind innovation zone may be found in rule 199—15.22(476).

42.28(7) *Appeals.* If the department refuses to issue the tax credit certificate, the taxpayer shall be notified in writing, and the taxpayer will have 60 days from the date of denial to file a protest in accordance with rule 701—7.8(17A).

This rule is intended to implement Iowa Code section 422.11J and Iowa Code chapter 476C as amended by 2015 Iowa Acts, chapter 124, and 2016 Iowa Acts, House File 2468.

701—42.29(15) High quality job creation program. Effective for tax periods ending on or after July 1, 2005, for programs approved on or after July 1, 2005, but before July 1, 2009, a business which

qualifies under the high quality job creation program is eligible to receive tax credits. The high quality job creation program replaces the new jobs and income program and the new capital investment program. An eligible business under the high quality job creation program must be approved by the Iowa department of economic development and meet the qualifications of Iowa Code section 15.329. The administrative rules for the high quality job creation program for the Iowa department of economic development may be found at 261—Chapter 68.

The high quality job creation program was repealed on July 1, 2009, and has been replaced with the high quality jobs program. See rule 701—42.42(15) for information on the investment tax credit and additional research activities credit under the high quality jobs program. Any investment tax credit and additional research activities credit earned by businesses approved under the high quality job creation program prior to July 1, 2009, remains valid and can be claimed on tax returns filed after July 1, 2009.

42.29(1) *Research activities credit.* An eligible business approved under the high quality job creation program is eligible for an additional research activities credit as described in 701—subrule 52.7(4).

Research activities allowable for the Iowa research activities credit include expenses related to the development and deployment of innovative renewable energy generation components manufactured or assembled in Iowa; such expenses related to the development and deployment of innovative renewable energy generation components are not eligible for the federal credit for increasing research activities. For purposes of this subrule, innovative renewable energy generation components do not include components with more than 200 megawatts in installed effective nameplate generating capacity. The research activities credit related to renewable energy generation components under the high quality job creation program and the enterprise zone program shall not exceed \$1 million in the aggregate.

These expenses related to the development and deployment of innovative renewable energy generation components are applicable only to the additional research activities credit set forth in this subrule and are not applicable to the research activities credit set forth in subrule 42.11(3), paragraphs “a” and “b.” The research activities credit is subject to the threshold amounts of qualifying investment set forth in Iowa department of economic development 261—subrule 68.4(7).

42.29(2) *Investment tax credit.*

a. General rule. An eligible business can claim an investment tax credit equal to a percentage of the new investment directly related to new jobs created by the location or expansion of an eligible business. The percentage is equal to the amount provided in Iowa department of economic development 261—subrule 68.4(7). New investment directly related to new jobs created by the location or expansion of an eligible business includes the following:

(1) The cost of machinery and equipment, as defined in Iowa Code section 427A.1(1), paragraphs “e” and “j,” purchased for use in the operation of the eligible business. The purchase price shall be depreciated in accordance with generally accepted accounting principles.

(2) The purchase price of real property and any buildings and structures located on the real property.

(3) The cost of improvements made to real property which is used in the operation of the eligible business.

In addition, certain lease payments made by eligible businesses to a third-party developer will be considered to be new investment for purposes of computing the investment tax credit. The eligible business shall enter into a lease agreement with the third-party developer for a minimum of five years. The investment tax credit is based on the annual base rent paid to a third-party developer by the eligible business for a period not to exceed ten years. The total costs of the annual base rent payments for the ten-year period cannot exceed the cost of the land and the third-party developer’s cost to build or renovate the building used by the eligible business. The annual base rent is defined as the total lease payment less taxes, insurance and operating and maintenance expenses.

The investment tax credit can be claimed in the tax year in which the qualifying assets are placed in service. The investment tax credit will be amortized over a five-year period. Any credit in excess of the tax liability for the tax period may be carried forward seven years or until used, whichever is the earlier.

EXAMPLE: An eligible business which files tax returns on a calendar-year basis earned \$100,000 of investment tax credits for new investment made in 2006. The business can claim \$20,000 of investment tax credits for each of the years from 2006 through 2010. The \$20,000 of investment tax credit that

can be claimed in 2006 can be carried forward to the 2007-2013 tax years if the entire credit cannot be claimed on the 2006 return. Similarly, the \$20,000 investment tax credit that can be claimed in 2007 can be carried forward to the 2008-2014 tax years if the entire credit cannot be claimed on the 2007 return.

If the business is a partnership, S corporation, limited liability company, cooperative organized under Iowa Code chapter 501 and filing as a partnership for federal tax purposes, or estate or trust electing to have the income taxed directly to an individual, an individual may claim the credit. The amount of the credit claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, cooperative organized under Iowa Code chapter 501 and filing as a partnership for federal tax purposes, or estate or trust electing to have the income taxed directly to an individual.

b. Investment tax credit—value-added agricultural products or biotechnology-related processes. An eligible business whose project primarily involves the production of value-added agricultural products or uses biotechnology-related processes may elect to receive a refund for all or a portion of an unused investment tax credit. An eligible business includes a cooperative described in Section 521 of the Internal Revenue Code whose project primarily involves the production of ethanol.

Eligible businesses that elect to receive a refund shall apply to the Iowa department of economic development for tax credit certificates between May 1 and May 15 of each fiscal year through the fiscal year ending June 30, 2009. The election to receive a refund of all or a portion of an unused investment tax credit is no longer available beginning with the fiscal year ending June 30, 2010. Only those businesses that have completed projects before the May 1 filing date may apply for a tax credit certificate. The Iowa department of economic development shall not issue tax credit certificates for more than \$4 million during a fiscal year to eligible businesses for this program and the enterprise zone program described in subrule 42.14(2). If applications are received for more than \$4 million, the applicants shall receive certificates for a prorated amount.

The economic development authority shall issue tax credit certificates within a reasonable period of time. Tax credit certificates are valid for the tax year following project completion. The tax credit certificate must be included with the tax return for the tax year during which the tax credit is claimed. The tax credit certificate shall not be transferred, except for a cooperative described in Section 521 of the Internal Revenue Code whose project primarily involves the production of ethanol, as provided in subrule 42.14(2). For value-added agricultural projects involving ethanol, the cooperative must submit a list of its members and the share of each member's interest in the cooperative. The economic development authority shall issue a tax credit certificate to each member on the list.

c. Repayment of benefits. If an eligible business fails to maintain the requirements of the high quality job creation program, the taxpayer may be required to repay all or a portion of the tax incentives taken on Iowa returns. Irrespective of the fact that the statute of limitations to assess the taxpayer for repayment of the tax credits may have expired, the department may proceed to collect the tax incentives forfeited by failure of the eligible business to maintain the requirements of the high quality job creation program because the repayment is a recovery of an incentive, rather than an adjustment to the taxpayer's tax liability. Details on the calculation of the repayment can be found in 261—subrule 187.5(4) of the administrative rules of the economic development authority. If the business is a partnership, limited liability company, S corporation, estate or trust where the income of the taxpayer is taxed to the individual owner(s) of the business, the department may proceed to collect the tax incentives against the partners, members, shareholders or beneficiaries to whom the tax incentives were passed through. See Decision of the Administrative Law Judge in *Damien & Colette Trebilcock, et al.*, Docket No. 11DORF 042-044, June 11, 2012.

An eligible business in the high quality job creation program may also be required to repay all or a portion of the tax incentives received on Iowa returns if the eligible business experiences a layoff of employees in Iowa or closes any of its facilities in Iowa.

If, within five years of purchase, the eligible business sells, disposes of, razes, or otherwise renders unusable all or a part of the land, buildings, or other existing structures for which a tax credit was claimed under this subrule, the income tax liability of the eligible business shall be increased by one of the following amounts:

(1) One hundred percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within one full year after being placed in service.

(2) Eighty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within two full years after being placed in service.

(3) Sixty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within three full years after being placed in service.

(4) Forty percent of the tax credit claimed if the property ceases to be eligible for the tax credit within four full years after being placed in service.

(5) Twenty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within five full years after being placed in service.

42.29(3) Determination of tax credit amounts. The amount of tax credit claimed under the high quality job creation program shall be based on the number of high quality jobs created and the amount of qualifying investment made as determined by the Iowa department of economic development.

a. If the high quality jobs have a starting wage, including benefits, equal to or greater than 130 percent of the average county wage but less than 160 percent of the average county wage, see Iowa department of economic development 261—paragraph 68.4(7) “a” for the amount of tax credits that may be claimed.

b. If the high quality jobs have a starting wage, including benefits, equal to or greater than 160 percent of the average county wage, see Iowa department of economic development 261—paragraph 68.4(7) “b” for the amount of tax credits that may be claimed.

c. An eligible business approved under the high quality job creation program is not eligible for the wage-benefits tax credit set forth in rule 701—42.26(15I,422).

This rule is intended to implement Iowa Code sections 15.326 to 15.337.

[ARC 8702B, IAB 4/21/10, effective 5/26/10; ARC 9104B, IAB 9/22/10, effective 10/27/10; ARC 1744C, IAB 11/26/14, effective 12/31/14]

701—42.30(15E,422) Economic development region revolving fund tax credit. Effective for tax years ending on or after July 1, 2005, but beginning before January 1, 2010, a taxpayer who makes a contribution to an economic development region revolving fund may claim a tax credit, subject to the availability of the credit. The tax credit is equal to 20 percent of a taxpayer’s contribution to the economic development region revolving fund approved by the Iowa department of economic development. The administrative rules for the economic development region revolving fund tax credit for the Iowa department of economic development may be found at 261—Chapter 32. The tax credit is repealed for tax years beginning on or after January 1, 2010.

The total amount of economic development region revolving fund tax credits available shall not exceed \$2 million per fiscal year. The tax credit shall not be carried back to a tax year prior to the year in which the taxpayer redeems the credit. The economic development region revolving fund tax credit is not transferable to any other taxpayer.

Any tax credit in excess of the tax liability for the tax year may be credited to the tax liability for the following ten years or until used, whichever is the earlier.

If a taxpayer is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual’s pro rata share of the individual’s earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement Iowa Code sections 15E.232 and 422.11K as amended by 2010 Iowa Acts, Senate File 2380.

[ARC 8702B, IAB 4/21/10, effective 5/26/10; ARC 9104B, IAB 9/22/10, effective 10/27/10]

701—42.31(422) Early childhood development tax credit. Effective for tax years beginning on or after January 1, 2006, taxpayers may claim a tax credit equal to 25 percent of the first \$1,000 of expenses paid to others for early childhood development for each dependent three to five years of age. The credit is available only to taxpayers whose net income is less than \$45,000. If a taxpayer claims the early childhood development tax credit, the taxpayer cannot claim the child and dependent care credit

described in rule 701—42.15(422). The early childhood development tax credit is refundable to the extent that the credit exceeds the taxpayer's income tax liability. For the tax year beginning in the 2006 calendar year only, amounts paid for early childhood development expenses in November and December of 2005 shall be considered paid in 2006 for purposes of computing the credit.

For married taxpayers who elect to file separately on a combined form or elect to file separate returns for Iowa tax purposes, the combined income of the taxpayers must be less than \$45,000 to be eligible for the credit. If the combined income is less than \$45,000, the early childhood development tax credit shall be prorated to each spouse in the proportion that each spouse's respective net income bears to the total combined income.

42.31(1) Expenses eligible for the credit. The following expenses qualify for the early childhood development tax credit, to the extent they are paid during the time period that a dependent is either three, four or five years of age:

a. Expenses for services provided by a preschool, as defined in Iowa Code section 237A.1. The preschool may only provide services for periods of time not exceeding three hours per day.

b. Books that improve child development, including textbooks, music books, art books, teacher editions and reading books.

c. Expenses paid for instructional materials required to be used in a child development or educational lesson activity. These materials include, but are not limited to, paper, notebooks, pencils, and art supplies. In addition, software and toys which are directly and primarily used for educational or learning purposes are considered instructional materials.

d. Expenses paid for lesson plans and curricula.

e. Expenses paid for child development and educational activities outside the home. These activities include, but are not limited to, drama, art, music and museum activities, including the entrance fees for such activities.

42.31(2) Expenses not eligible for the credit. The following expenses do not qualify for the early childhood development tax credit:

a. Any expenses paid to a preschool once a dependent reaches the age of six.

b. Expenses relating to food, lodging, membership fees, or other nonacademic expenses relating to child development and educational activities outside the home.

c. Expenses related to services, materials, or activities for the teaching of religious tenets, doctrines, or worship, in cases where the purpose of the teaching is to inculcate the religious tenets, doctrines, or worship.

This rule is intended to implement Iowa Code section 422.12C.

[ARC 8702B, IAB 4/21/10, effective 5/26/10]

701—42.32(422) School tuition organization tax credit. For tax years beginning prior to January 1, 2021, a school tuition organization tax credit is available which is equal to 65 percent of the amount of voluntary cash or noncash contributions made by a taxpayer to a school tuition organization. For tax years beginning on or after January 1, 2021, the tax credit is equal to 75 percent of the amount of voluntary cash or noncash contributions made by a taxpayer to a school tuition organization. There are numerous federal revenue regulations, rulings, court cases and other provisions relating to the determination of the value of a noncash contribution, and these are equally applicable to the determination of the amount of a school tuition organization tax credit.

42.32(1) Definitions. The following definitions are applicable to this rule:

“*Certified enrollment*” means the enrollment at schools served by school tuition organizations as of October 1, or the first Monday in October if October 1 falls on a Saturday or Sunday, of the appropriate year.

“*Contribution*” means a voluntary cash or noncash contribution to a school tuition organization that is not used for the direct benefit of any dependent of the taxpayer or any other student designated by the taxpayer.

“*Eligible student*” means a student residing in Iowa who is a member of a household whose total annual income during the calendar year prior to the school year in which the student receives a tuition

grant from a school tuition organization does not exceed an amount equal to four times the most recently published federal poverty guidelines in the Federal Register by the United States Department of Health and Human Services.

“Qualified school” means a nonpublic elementary or secondary school in Iowa which is accredited under Iowa Code section 256.11, including a prekindergarten program for students who are five years of age by September 15 of the appropriate year, and adheres to the provisions of the federal Civil Rights Act of 1964 and Iowa Code chapter 216, and which is represented by only one school tuition organization.

“School tuition organization” means a charitable organization in Iowa that is exempt from federal taxation under Section 501(c)(3) of the Internal Revenue Code and that does all of the following:

1. Allocates at least 90 percent of its annual revenue in tuition grants for children to allow them to attend a qualified school of their parents’ choice.
2. Awards tuition grants only to children who reside in Iowa.
3. Provides tuition grants to students without limiting availability to students of only one school.
4. Provides tuition grants only to eligible students.
5. Prepares an annual financial statement certified by a public accounting firm.

“Tuition grant” means a grant to a student to cover all or part of the student’s tuition at a qualified school.

42.32(2) Initial registration. In order for contributions to a school tuition organization to qualify for the credit, the school tuition organization must initially register with the department. The following information must be provided with this initial registration:

- a. Verification from the Internal Revenue Service that Section 501(c)(3) status was granted and that the school tuition organization is exempt from federal income tax.
- b. A list of all qualified schools that the school tuition organization serves.
- c. The names and addresses of all the members of the board of directors of the school tuition organization.

Once the school tuition organization is registered with the department, it is not required to subsequently register unless there is a change in the qualified schools that the organization serves. The school tuition organization must notify the department in writing of any changes in the qualified schools it serves.

42.32(3) Participation forms. Each qualified school that is served by a school tuition organization must annually submit a participation form to the department by November 1. The following information must be provided with this participation form:

- a. The certified enrollment of the qualified school as of October 1, or the first Monday in October if October 1 falls on a Saturday or Sunday.
- b. The name of the school tuition organization that represents the qualified school.

42.32(4) Authorization to issue tax credit certificates.

a. By December 1 of each year, the department will authorize school tuition organizations to issue tax credit certificates for the following calendar year. The total amount of tax credit certificates that may be authorized is:

- (1) \$2.5 million for the 2006 calendar year,
- (2) \$5 million for the 2007 calendar year,
- (3) \$7.5 million for the 2008 through 2011 calendar years,
- (4) \$8.75 million for the 2012 and 2013 calendar years,
- (5) \$12 million for the 2014 through 2018 calendar years,
- (6) \$13 million for the 2019 calendar year,
- (7) \$15 million for the 2020 and 2021 calendar years, and
- (8) \$20 million for the 2022 calendar year and subsequent calendar years.

b. The amount of authorized tax credit certificates for each school tuition organization is determined by dividing the total amount of tax credit available by the total certified enrollment of all qualified participating schools. This result, which is the per-student tax credit, is then multiplied by the certified enrollment of each school tuition organization to determine the tax credit authorized to each school tuition organization.

EXAMPLE: For determining the authorized tax credits for the 2022 calendar year, if the certified enrollment of all qualified schools in Iowa, as provided to the department by November 1, 2021, was 40,000, the per-student tax credit would be \$500 ($\$20 \text{ million} \div 40,000$). If a school tuition organization located in Scott County represents four qualified schools with a certified enrollment of 1,400 students, the school tuition organization would be authorized to issue \$700,000 ($\$500 \times 1,400$) of tax credit certificates for the 2022 calendar year. The department would notify this school tuition organization by December 1, 2021, of the authorization to issue \$700,000 of tax credit certificates for the 2022 calendar year. This authorization would allow the school tuition organization to solicit contributions totaling \$933,333 ($\$700,000 \div 75\%$) during the 2022 calendar year which would be eligible for the tax credit.

42.32(5) Issuance of tax credit certificates.

a. The school tuition organization shall issue tax credit certificates to each taxpayer who made a cash or noncash contribution to the school tuition organization. The tax credit certificate, designed by the department, shall contain the name, address and tax identification number of the taxpayer; the amount and date that the contribution was made; the amount of the credit; the tax year that the credit may be applied; the school tuition organization to which the contribution was made; and the tax credit certificate number.

b. A tax credit certificate may be issued to a partnership, limited liability company, S corporation, estate or trust. The amount of credit claimed by an individual shall be based on the pro rata share of the individual's earnings of the partnership, limited liability company, S corporation, estate or trust.

42.32(6) Claiming the tax credit. The taxpayer must include the tax credit certificate with the tax return for which the credit is claimed. The tax credit shall be claimed in the tax year during which the contribution is made. Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier.

a. The taxpayer shall not claim an itemized deduction for charitable contributions for Iowa income tax purposes for the amount of the contribution made to the school tuition organization.

b. Married taxpayers who file separate returns or file separately on a combined return must allocate the school tuition organization tax credit to each spouse in the proportion that each spouse's respective net income bears to the total combined net income. Nonresidents or part-year residents of Iowa, including those who are claiming a tax credit of a partnership, limited liability company, S corporation, estate, or trust of which they are a member, must determine the school tuition organization tax credit in the ratio of their Iowa source net income to their total source net income. In addition, if nonresidents or part-year residents of Iowa are married and elect to file separate returns or to file separately on a combined return, the school tuition organization tax credit must be allocated between the spouses in the ratio of each spouse's Iowa source net income to the combined Iowa source net income.

42.32(7) Reporting requirements. Each school tuition organization that issues tax credit certificates must report to the department, postmarked by January 12 of each calendar year, the following information:

a. The names and addresses of all the members of the board of directors of the school tuition organization, along with the name of the chairperson of the board.

b. The total number and dollar value of contributions received by the school tuition organization for the previous calendar year.

c. The total number and dollar value of tax credit certificates issued by the school tuition organization for the previous calendar year.

d. A list of each taxpayer who received a tax credit certificate for the previous calendar year, including the amount of the contribution and the amount of tax credit issued to each taxpayer for the previous calendar year. This list should also include the tax identification number of the taxpayer and the tax credit certificate number for each certificate.

e. The total number of children utilizing tuition grants for the school year in progress as of January 12, along with the total dollar value of the tuition grants.

f. The name and address of each qualified school represented by the school tuition organization at which tuition grants are being utilized for the school year in progress.

g. The number of tuition grant students and the total dollar value of tuition grants being utilized for the school year in progress at each qualified school served by the school tuition organization.

This rule is intended to implement Iowa Code section 422.11S.

701—42.33(422) E-85 gasoline promotion tax credit. Effective for tax years beginning on or after January 1, 2006, a retail dealer of gasoline may claim an E-85 gasoline promotion tax credit. “E-85 gasoline” means ethanol blended gasoline formulated with a minimum percentage of between 70 percent and 85 percent of volume of ethanol, if the formulation meets the standards provided in Iowa Code section 214A.2. For purposes of this rule, tank wagon sales are considered retail sales. The credit is calculated on Form IA 135.

42.33(1) Claiming the credit.

a. *Amount of the credit.* The credit is calculated by multiplying the total number of E-85 gallons sold by the retail dealer during the tax year by the following designated rates:

Calendar years 2006, 2007, and 2008	25 cents
Calendar years 2009 and 2010	20 cents
Calendar year 2011	10 cents
Calendar years 2012 through 2024	16 cents

b. *Claiming the credit with other credits.* A taxpayer may claim the E-85 gasoline promotion tax credit even if the taxpayer also claims the ethanol blended gasoline tax credit provided in rule 701—42.20(422) for gallons sold prior to January 1, 2009, or the ethanol promotion tax credit provided in rule 701—42.39(422) for gallons sold on or after January 1, 2009, but prior to January 1, 2021, for the same tax year for the same ethanol gallons.

c. *Refundability.* Any credit in excess of the taxpayer’s tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

d. *Transferability.* The credit may not be transferred to any other person.

e. *Example.* A taxpayer operated one retail motor fuel site in 2008 and sold 200,000 gallons of gasoline, of which 160,000 gallons was ethanol blended gasoline. Of these 160,000 gallons, 1,000 gallons was E-85 gasoline. Taxpayer may claim the E-85 gasoline promotion tax credit on the 1,000 gallons of E-85 gasoline sold during 2008. Taxpayer is also entitled to claim the ethanol blended gasoline tax credit of two and one-half cents multiplied by 40,000 gallons, since this constitutes the gallons in excess of 60 percent of the total gasoline gallons sold for the 2008 tax year.

42.33(2) Fiscal year filers. For taxpayers whose tax year is not on a calendar-year basis, the taxpayer may compute the tax credit on the gallons of E-85 gasoline sold during the year using the designated rates as shown above. Because the tax credit is repealed on January 1, 2025, a taxpayer whose tax year ends prior to December 31, 2024, may continue to claim the tax credit in the following tax year for any E-85 gallons sold through December 31, 2024. For a retail dealer whose tax year is not on a calendar-year basis and who did not claim the E-85 credit on the previous return, the dealer may claim the credit for the current tax year for the period beginning on January 1 of the previous tax year until the last day of the previous tax year.

See 701—subrule 52.30(2) for examples illustrating how this subrule is applied.

42.33(3) Allocation of credit to owners of a business entity or to beneficiaries of an estate or trust. If a taxpayer claiming the E-85 ethanol promotion tax credit is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual’s pro rata

share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement Iowa Code section 422.11O as amended by 2016 Iowa Acts, Senate File 2309.

[ARC 8702B, IAB 4/21/10, effective 5/26/10; ARC 9821B, IAB 11/2/11, effective 12/7/11; ARC 3043C, IAB 4/26/17, effective 5/31/17]

701—42.34(422) Biodiesel blended fuel tax credit. Effective for tax years beginning on or after January 1, 2006, a retail dealer of biodiesel blended fuel may claim a biodiesel blended fuel tax credit. “Biodiesel blended fuel” means a blend of biodiesel with petroleum-based diesel fuel that meets the standards provided in Iowa Code section 214A.2. In determining the minimum percentage by volume of biodiesel, the department will take into account reasonable variances due to testing and other limitations. For purposes of this rule, tank wagon sales are considered retail sales. The credit is calculated on Form IA 8864.

42.34(1) Calculating the credit.

a. Gallonage requirement.

(1) Tax years beginning on or after January 1, 2006, but prior to January 1, 2009. In order for a retail dealer to qualify for the biodiesel blended fuel tax credit for tax years beginning on or after January 1, 2006, but prior to January 1, 2009, of the total gallons of diesel fuel that the retail dealer sells and dispenses during the tax year, 50 percent or more of those gallons must be biodiesel blended fuel formulated with a minimum percentage of 2 percent by volume of biodiesel. The gallonage amounts for all motor fuel sites of a retail dealer are combined when calculating this gallonage requirement.

(2) Tax years beginning on or after January 1, 2009, but prior to January 1, 2012. For tax years beginning on or after January 1, 2009, but prior to January 1, 2012, the biodiesel blended fuel tax credit is calculated separately for each retail motor fuel site for which 50 percent or more of the total gallons of diesel fuel sold at the motor fuel site was biodiesel blended fuel formulated with a minimum percentage of 2 percent by volume of biodiesel.

(3) Tax years beginning on or after January 1, 2012. For tax years beginning on or after January 1, 2012, the requirement that 50 percent of all diesel fuel gallons sold be biodiesel gallons to be eligible for the tax credit is eliminated. A retail dealer may qualify for the biodiesel blended fuel tax credit even if the number of gallons of biodiesel blended fuel sold is less than 50 percent of the total gallons of diesel fuel sold.

b. Amount of credit.

(1) Fuel sold on or after January 1, 2006, but prior to January 1, 2012. For biodiesel blended fuel sold on or after January 1, 2006, but prior to January 1, 2012, the tax credit equals three cents multiplied by the qualifying number of biodiesel blended fuel gallons sold by the taxpayer during the tax year. Qualifying biodiesel blended fuel must be formulated with a minimum percentage of 2 percent by volume of biodiesel.

(2) Fuel sold on or after January 1, 2012, but prior to January 1, 2013. For biodiesel blended fuel sold on or after January 1, 2012, but prior to January 1, 2013, the tax credit equals the sum of two cents multiplied by the qualifying number of biodiesel blended fuel gallons sold by the taxpayer during the tax year that have a minimum percentage of 2 percent by volume of biodiesel but less than 5 percent by volume of biodiesel plus four and one-half cents multiplied by the qualifying number of biodiesel blended fuel gallons sold by the taxpayer during the tax year that have a minimum percentage of 5 percent by volume of biodiesel. In addition, the gallonage requirements described in paragraph 42.34(1) “a” do not apply to fuel sold on or after January 1, 2012.

(3) Fuel sold on or after January 1, 2013, but prior to January 1, 2018. For biodiesel blended fuel sold on or after January 1, 2013, but prior to January 1, 2018, the tax credit equals four and one-half cents multiplied by the qualifying number of biodiesel blended fuel gallons sold by the taxpayer during the tax year that have a minimum percentage of 5 percent by volume of biodiesel. Diesel fuel sold that contains less than 5 percent by volume of biodiesel does not qualify for the biodiesel blended fuel tax credit.

(4) Fuel sold on or after January 1, 2018, but prior to January 1, 2025.

1. Amount of credit. For biodiesel blended fuel sold on or after January 1, 2018, but prior to January 1, 2025, the tax credit equals the sum of three and one-half cents multiplied by the qualifying number of biodiesel blended fuel gallons sold by the taxpayer during the tax year that have a minimum percentage of 5 percent by volume of biodiesel but less than 11 percent by volume of biodiesel plus five and one-half cents multiplied by the qualifying number of biodiesel blended fuel gallons sold by the taxpayer during the tax year that have a minimum percentage of 11 percent by volume of biodiesel. Diesel fuel sold that contains less than 5 percent by volume of biodiesel does not qualify for the biodiesel blended fuel tax credit.

2. Blending errors. Where a blending error occurs and an insufficient amount of biodiesel has inadvertently been blended with petroleum-based diesel fuel so that the mixture fails to contain 11 percent by volume of biodiesel, a 1 percent tolerance applies in determining the credit amount for the blended product as described in 42.34(1)“b”(4)“2”:

- If the amount of the biodiesel erroneously blended with petroleum-based diesel is at least 10 percent of the total blended product by volume, the entire blended product qualifies for the credit amount available for biodiesel blended fuel that has a minimum percentage of 11 percent by volume of biodiesel.

- If the amount of biodiesel blended with petroleum-based diesel is at least 5 percent but less than 10 percent of the total blended product by volume, the entire blended product qualifies for the credit amount available for biodiesel blended fuel that has a minimum percentage of 5 percent by volume of biodiesel but less than 11 percent by volume of biodiesel.

- Numbered paragraph 42.34(1)“b”(4)“2” applies only if a retail dealer intends to sell and dispense biodiesel blended fuel that has a minimum percentage of 11 percent by volume of biodiesel. If a retail dealer does not intend to sell and dispense biodiesel blended fuel that has a minimum percentage of 11 percent by volume of biodiesel and the product sold and dispensed contains less than 11 percent biodiesel by volume, no error has occurred and the product does not qualify for the credit amount available for biodiesel blended fuel that has a minimum percentage of 11 percent by volume of biodiesel.

c. Refundability. Any credit in excess of the taxpayer’s tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

d. Transferability. The credit may not be transferred to any other person.

e. Examples.

EXAMPLE 1: A taxpayer operated four retail motor fuel sites during 2008 and sold a combined total at all four sites of 100,000 gallons of diesel fuel, of which 55,000 gallons was biodiesel blended fuel containing a minimum percentage of 2 percent by volume of biodiesel. Because 50 percent or more of the diesel fuel sold was biodiesel blended fuel, the taxpayer may claim the biodiesel blended fuel tax credit totaling \$1,650, which is 55,000 gallons multiplied by three cents.

EXAMPLE 2: A taxpayer operated two retail motor fuel sites during 2008, and each site sold 40,000 gallons of diesel fuel. One site sold 25,000 gallons of biodiesel blended fuel containing a minimum percentage of 2 percent by volume of biodiesel, and the other site sold 10,000 gallons of biodiesel blended fuel containing a minimum percentage of 2 percent by volume of biodiesel. The taxpayer would not be eligible for the biodiesel blended fuel tax credit because only 35,000 gallons of the total 80,000 gallons, or 43.75 percent of the total diesel fuel gallons sold, was biodiesel blended fuel. The 50 percent requirement is based on the aggregate number of diesel fuel gallons sold by the taxpayer, and the fact that one retail motor fuel site met the 50 percent requirement does not allow the taxpayer to claim the biodiesel blended fuel tax credit for the 2008 tax year.

EXAMPLE 3: Same facts as in example 2, except the fuel sales occurred in 2009. The taxpayer can claim a biodiesel blended fuel tax credit totaling \$750, which is 25,000 gallons multiplied by three cents, since one of the retail motor fuel sites met the 50 percent biodiesel blended fuel requirement.

EXAMPLE 4: Same facts as in example 2, except the fuel sales occurred in 2016, and all biodiesel blended fuel sold contains a minimum percentage of 5 percent by volume of biodiesel. The taxpayer can claim a biodiesel blended fuel tax credit totaling \$1,575, which is 35,000 gallons multiplied by four and one-half cents, since the 50 percent biodiesel blended fuel requirement has been eliminated.

42.34(2) Fiscal year filers. Taxpayers whose tax year is not on a calendar-year basis and whose tax year ends before December 31, 2006, may compute the tax credit on the gallons of biodiesel blended fuel sold during the period from January 1, 2006, through the end of the tax year, provided that 50 percent of all diesel fuel sold during that period was biodiesel blended fuel. Because the tax credit is repealed on January 1, 2025, a taxpayer whose tax year ends prior to December 31, 2024, may continue to claim the tax credit in the following tax year for any biodiesel blended fuel sold through December 31, 2024.

See 701—subrule 52.31(2) for examples illustrating how this subrule is applied.

42.34(3) Allocation of credit to owners of a business entity or to beneficiaries of an estate or trust. If a taxpayer claiming the biodiesel blended fuel tax credit is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement Iowa Code section 422.11P as amended by 2016 Iowa Acts, Senate File 2309.

701—42.35(422) Soy-based transformer fluid tax credit. Effective for tax periods ending after June 30, 2006, and beginning before January 1, 2009, an electric utility may claim a soy-based transformer fluid tax credit. An electric utility, which is a public utility, city utility, or electric cooperative which furnishes electricity, may claim a credit equal to the costs incurred during the tax year for the purchase and replacement costs relating to the transition from using nonsoy-based transformer fluid to using soy-based transformer fluid.

42.35(1) Eligibility requirements for the tax credit. All of the following conditions must be met for the electric utility to qualify for the soy-based transformer fluid tax credit.

- a. The costs must be incurred after June 30, 2006, and before January 1, 2009.
- b. The costs must be incurred in the first 18 months of the transition from using nonsoy-based transformer fluid to using soy-based transformer fluid.
- c. The soy-based transformer fluid must be dielectric fluid that contains at least 98 percent soy-based products.
- d. The costs of the purchase and replacement must not exceed \$2 per gallon of soy-based transformer fluid used in the transition.
- e. The number of gallons used in the transition must not exceed 20,000 gallons per electric utility, and the total number of gallons eligible for the credit must not exceed 60,000 gallons in the aggregate.
- f. The electric utility shall not deduct for Iowa income tax purposes the costs incurred in the transition to using soy-based transformer fluid which are deductible for federal income tax purposes.

42.35(2) Applying for the tax credit. An electric utility must apply to the department for the soy-based transformer fluid tax credit. The application for the tax credit must be filed no later than 30 days after the close of the tax year for which the credit is claimed. The application must include the following information:

- a. A copy of the signed purchase agreement or other agreement to purchase soy-based transformer fluid.
- b. The number of gallons of soy-based transformer fluid purchased during the tax year, along with the cost per gallon of each purchase made during the tax year.
- c. The name, address, and tax identification number of the electric utility.
- d. The type of tax for which the credit will be claimed, and the first year in which the credit will be claimed.
- e. If the application is filed by a partnership, limited liability company, S corporation, or estate or trust requesting a credit for individual or corporation income tax, a list of the partners, members, shareholders or beneficiaries of the entity. This list shall include the name, address, tax identification

number and pro rata share of earnings from the entity for each of the partners, members, shareholders or beneficiaries.

42.35(3) *Claiming the tax credit.* After the application is reviewed, the department will issue a tax credit certificate to the electric utility. The tax credit certificate will include the taxpayer's name, address and federal identification number, the tax type for which the credit will be claimed, the amount of the credit and the tax year for which the credit may be claimed. Once the tax credit certificate is issued, the credit may be claimed only against the type of tax reflected on the certificate. If the department refuses to issue the tax credit certificate, the taxpayer shall be notified in writing; and the taxpayer will have 60 days from the date of denial to file a protest in accordance with rule 701—7.8(17A).

If the taxpayer is a partnership, limited liability company, S corporation, or estate or trust requesting a credit for individual or corporation income tax, the tax credit certificate will be issued to the partners, members, shareholders or beneficiaries based on the partner's, member's, shareholder's or beneficiary's pro rata share of earnings of the partnership, limited liability company, S corporation, or estate or trust.

Any credit in excess of the taxpayer's tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

This rule is intended to implement Iowa Code section 422.11R.

701—42.36(16,422) Agricultural assets transfer tax credit and custom farming contract tax credit.

42.36(1) *Agricultural assets transfer tax credit.* For tax years beginning on or after January 1, 2007, but before January 1, 2013, an owner of agricultural assets that rents assets to qualified beginning farmers may claim an agricultural assets transfer tax credit for Iowa individual income tax equal to 5 percent of the rental income received by the owner for cash rental agreements and 15 percent of the rental income received by the owner for commodity share agreements. Effective for tax years beginning on or after January 1, 2013, an owner of agricultural assets that rents assets to qualified beginning farmers may claim an agricultural assets transfer tax credit for Iowa individual income tax equal to 7 percent of the rental income received by the owner for cash rental agreements and 17 percent of the rental income received by the owner for commodity share agreements.

Also effective for tax years beginning on or after January 1, 2013, if the beginning farmer is a veteran, the credit is equal to 8 percent of the rental income received by the owner for cash rental agreements, and the credit is equal to 18 percent of the rental income received by the owner for commodity share agreements for the first year that the credit is allowed. However, the taxpayer may only claim 7 percent of the rental income for cash rental agreements and 17 percent of the rental income for commodity share agreements in subsequent years if the agreement is renewed or a new agreement is executed by the same parties. The administrative rules for the agricultural assets transfer tax credit for the Iowa finance authority may be found under 265—Chapter 44.

To qualify for the tax credit, an owner of agricultural assets must enter into a lease or rental agreement with a beginning farmer for a term of at least two years, but not more than five years. Both the owner of agricultural assets and the beginning farmer must meet certain qualifications set forth by the Iowa finance authority, and the beginning farmer must be eligible to receive financial assistance under Iowa Code section 16.75.

The Iowa finance authority will issue a tax credit certificate to the owner of agricultural assets which will include the name, address and tax identification number of the owner, the amount of the credit, and the tax period for which the credit may be applied. To claim the tax credit, the owner must include the tax credit certificate with the tax return for the tax period set forth on the certificate. The tax credit certificates will be issued on a first-come, first-served basis. For fiscal years beginning on or after July 1, 2009, but before July 1, 2013, the amount of tax credit certificates issued by the Iowa agricultural development authority for the agricultural assets transfer tax credit program cannot exceed \$6 million. For fiscal years beginning on or after July 1, 2013, the amount of the tax credit certificates issued by the Iowa finance authority for the agricultural assets transfer tax credit program cannot exceed \$8 million and the amount of the credit issued to an individual taxpayer cannot exceed \$50,000. However, effective

December 31, 2017, the amount of tax credits issued by the Iowa finance authority for the agricultural assets transfer tax credit shall revert back to \$6 million.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier. However, for any agricultural assets transfer tax credits originally issued for tax years beginning on or after January 1, 2008, any credit in excess of the tax liability may be credited to the tax liability for the following ten years. The tax credit shall not be carried back to a tax year prior to the year in which the owner redeems the credit. The credit is not transferable to any other person other than the taxpayer's estate or trust upon the death of the taxpayer.

If an owner of agricultural assets is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

The lease or rental agreement may be terminated by either the owner or the beginning farmer. If the Iowa finance authority determines that the owner is not at fault for the termination, the authority will not issue a tax credit certificate for subsequent years, but any prior tax credit certificates issued will be allowed. If the Iowa finance authority determines that the owner is at fault for the termination, any prior tax credit certificates will be disallowed. The amount of tax credits previously allowed will be recaptured, and the owner will be required to repay the entire amount of tax credits previously claimed on Iowa returns.

42.36(2) Custom farming contract tax credit. Effective for tax years beginning on or after January 1, 2013, a landowner that hires a beginning farmer to custom farm agricultural land in this state may claim a custom farming contract tax credit for Iowa individual income tax. The credit is equal to 7 percent of the value of the contract. If the beginning farmer is a veteran, the credit is equal to 8 percent of the value of the contract for the first year. However, the taxpayer may only claim 7 percent of the value of the contract in subsequent years if the agreement is renewed or a new agreement is executed by the same parties. The administrative rules for the custom farming contract tax credit for the Iowa finance authority may be found under 265—Chapter 44.

To qualify for the tax credit, the taxpayer must enter into a lease or rental agreement with a beginning farmer for a term of at least two years but not more than five years. Both the taxpayer and the beginning farmer must meet certain qualifications set forth by the Iowa finance authority, and the beginning farmer must be eligible to receive financial assistance under Iowa Code section 16.75.

The Iowa finance authority will issue a tax credit certificate to the taxpayer which will include the name, address and tax identification number of the owner, the amount of the credit, and the tax period for which the credit may be applied. To claim the tax credit, the owner must include the tax credit certificate with the tax return for the tax period set forth on the certificate. For fiscal years beginning on or after July 1, 2013, the amount of tax credit certificates issued by the Iowa finance authority for the custom farming contract tax credit program cannot exceed \$4 million, and the credit certificates will be issued on a first-come, first-served basis. The amount of the credit issued to an individual taxpayer cannot exceed \$50,000. However, effective December 31, 2017, the Iowa finance authority will no longer issue custom farming contract tax credits.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following ten years or until used, whichever is the earlier. The tax credit shall not be carried back to a tax year prior to the year in which the owner redeems the credit. The credit is not transferable to any other person other than the taxpayer's estate or trust upon the death of the taxpayer.

If the party entering into the custom farming contract with the beginning farmer is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

The custom farming contract may be terminated by either the taxpayer or the beginning farmer. If the Iowa finance authority determines that the taxpayer is not at fault for the termination, the authority will not issue a tax credit certificate for subsequent years, but any prior tax credit certificates issued will

be allowed. If the Iowa finance authority determines that the taxpayer is at fault for the termination, any prior tax credit certificates will be disallowed. The amount of tax credits previously allowed will be recaptured, and the taxpayer will be required to repay the entire amount of tax credits previously claimed on Iowa returns.

This rule is intended to implement Iowa Code section 422.11M; 2014 Iowa Acts, Senate File 2328, sections 60 and 61, as amended by 2014 Iowa Acts, House File 2454; and 2014 Iowa Acts, Senate File 2328, sections 120 and 122.

701—42.37(15,422) Film qualified expenditure tax credit. Effective for tax years beginning on or after January 1, 2007, a film qualified expenditure tax credit is available for individual income tax. The tax credit cannot exceed 25 percent of the taxpayer's qualified expenditures in a film, television, or video project registered with the film office of the Iowa department of economic development (IDED). The film office may negotiate the amount of the tax credit. The administrative rules for the film qualified expenditure tax credit for IDED may be found at 261—Chapter 36.

42.37(1) Qualified expenditures. A qualified expenditure is a payment to an Iowa resident or an Iowa-based business for the sale, rental or furnishing of tangible personal property or services directly related to the registered project. The qualified expenditures include, but are not limited to, the following:

1. Aircraft.
2. Vehicles.
3. Equipment.
4. Materials.
5. Supplies.
6. Accounting services.
7. Animals and animal care services.
8. Artistic and design services.
9. Graphics.
10. Construction.
11. Data and information services.
12. Delivery and pickup services.
13. Labor and personnel. For limitations on the amount of labor and personnel expenditures, see Iowa department of economic development 261—paragraph 36.7(2)“b.”
14. Lighting services.
15. Makeup and hairdressing services.
16. Film.
17. Music.
18. Photography.
19. Sound.
20. Video and related services.
21. Printing.
22. Research.
23. Site fees and rental.
24. Travel related to Iowa distant locations.
25. Trash removal and cleanup.
26. Wardrobe.

A detailed list of all qualified expenditures for each of these categories is available from the film office of IDED.

42.37(2) Claiming the tax credit. Upon completion of the registered project in Iowa, the taxpayer must submit, in a format approved by IDED prior to production, a listing of the qualified expenditures. Upon verification of the qualified expenditures, IDED will issue a tax credit certificate to the taxpayer. The certificate will list the taxpayer's name, address, and tax identification number; the date of project

completion; the amount of the credit; the tax period for which the credit may be applied; and the type of tax for which the credit will be applied.

If the taxpayer is a partnership, limited liability company, S corporation, or estate or trust requesting a credit for individual or corporation income tax, the tax credit certificate will be issued to the partners, members, shareholders or beneficiaries based on each partner's, member's, shareholder's or beneficiary's pro rata share of earnings of the partnership, limited liability company, S corporation, or estate or trust.

To claim the tax credit, the taxpayer must include the tax credit certificate with the tax return for the tax period set forth on the certificate. Any tax credit in excess of the tax liability may be carried forward for five years or until the tax credit is used, whichever is the earlier. The tax credit cannot be carried back to a tax year prior to the year in which the taxpayer claimed the tax credit.

42.37(3) *Transfer of the film qualified expenditure tax credit.* The film qualified expenditure tax credit may be transferred no more than two times to any person or entity.

Within 90 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department of revenue, along with a statement which contains the transferee's name, address and tax identification number and the amount of the tax credit being transferred. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the department of revenue will issue a replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company, S corporation, or estate or trust claiming the credit for individual or corporation income tax, the transferee shall provide a list of the partners, members, shareholders or beneficiaries and information on how the film qualified expenditure tax credit should be divided among the partners, members, shareholders or beneficiaries. The transferee shall also provide the tax identification numbers and addresses of the partners, members, shareholders or beneficiaries. The replacement tax credit certificate must contain the same information as that on the original tax credit certificate and must have the same effective taxable year as the original tax credit certificate. The replacement tax credit certificate may reflect a different tax type than the original tax credit certificate.

The transferee may use the amount of the tax credit for any tax year for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit certificate shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit certificate shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

42.37(4) *Repeal of film qualified expenditure tax credit.* The film qualified expenditure tax credit is repealed for tax years beginning on or after January 1, 2012. However, the credit is still available for tax years beginning prior to January 1, 2012, if the contract or agreement related to a film project was entered into on or before May 25, 2012.

This rule is intended to implement 2012 Iowa Acts, House File 2337, sections 38 to 40.
[ARC 8702B, IAB 4/21/10, effective 5/26/10; ARC 0398C, IAB 10/17/12, effective 11/21/12; ARC 1744C, IAB 11/26/14, effective 12/31/14]

701—42.38(15,422) Film investment tax credit. Effective for tax years beginning on or after January 1, 2007, a film investment tax credit is available for individual income tax. The tax credit cannot exceed 25 percent of the taxpayer's investment in a film, television, or video project registered with the film office of the Iowa department of economic development (IDED). The film office may negotiate the amount of the tax credit. The administrative rules for the film investment tax credit for IDED may be found at 261—Chapter 36.

42.38(1) *Claiming the tax credit.* Upon completion of the project in Iowa and verification of the investment in the project, IDED will issue a tax credit certificate to the taxpayer. The certificate will list the taxpayer's name, address, and tax identification number; the date of project completion; the amount of the credit; the tax period for which the credit may be applied; and the type of tax for which the credit will be applied.

If the taxpayer is a partnership, limited liability company, S corporation, or estate or trust requesting a credit for individual or corporation income tax, the tax credit certificate will be issued to the partners,

members, shareholders or beneficiaries based on each partner's, member's, shareholder's or beneficiary's pro rata share of earnings of the partnership, limited liability company, S corporation, or estate or trust.

To claim the tax credit, the taxpayer must include the tax credit certificate with the tax return for the tax period set forth on the certificate. Any tax credit in excess of the tax liability may be carried forward for five years or until the tax credit is used, whichever is the earlier. The tax credit cannot be carried back to a tax year prior to the year in which the taxpayer claimed the tax credit. In addition, a taxpayer cannot claim the film investment tax credit for qualified expenditures for which the film expenditure tax credit set forth in rule 701—42.37(15,422) is claimed.

The total of all film investment tax credits for a particular project cannot exceed 25 percent of the qualified expenditures as set forth in subrule 42.37(1) for the particular project. If the amount of investment exceeds the qualified expenditures, the tax credit will be allocated proportionately. For example, if three investors each invested \$100,000 in a project but the qualified expenditures in Iowa only totaled \$270,000, each investor would receive a tax credit based on a \$90,000 investment amount.

42.38(2) *Transfer of the film investment tax credit.* The film investment tax credit may be transferred no more than two times to any person or entity.

Within 90 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department of revenue, along with a statement which contains the transferee's name, address and tax identification number and the amount of the tax credit being transferred. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the department of revenue will issue a replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company, S corporation, or estate or trust claiming the credit for individual or corporation income tax, the transferee shall provide a list of the partners, members, shareholders or beneficiaries and information on how the film investment tax credit should be divided among the partners, members, shareholders or beneficiaries. The transferee shall also provide the tax identification numbers and addresses of the partners, members, shareholders or beneficiaries. The replacement tax credit certificate must contain the same information as that on the original tax credit certificate and must have the same effective taxable year as the original tax credit certificate. The replacement tax credit certificate may reflect a different tax type than the original tax credit certificate.

The transferee may use the amount of the tax credit for any tax year for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit certificate shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit certificate shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

42.38(3) *Repeal of film investment tax credit.* The film investment tax credit is repealed for tax years beginning on or after January 1, 2012. However, the credit is still available for tax years beginning prior to January 1, 2012, if the contract or agreement related to a film project was entered into on or before May 25, 2012.

This rule is intended to implement 2012 Iowa Acts, House File 2337, sections 38 to 40.

[ARC 8702B, IAB 4/21/10, effective 5/26/10; ARC 0398C, IAB 10/17/12, effective 11/21/12; ARC 1744C, IAB 11/26/14, effective 12/31/14]

701—42.39(422) *Ethanol promotion tax credit.* Effective for tax years beginning on or after January 1, 2009, a retail dealer of gasoline may claim an ethanol promotion tax credit. For purposes of this rule, tank wagon sales are considered retail sales. The ethanol promotion tax credit is computed on Form IA 137.

42.39(1) *Definitions.* The following definitions are applicable to this rule:

“Biodiesel gallonage” means the total number of gallons of biodiesel which the retail dealer sells from motor fuel pumps during a determination period. For example, 5,000 gallons of biodiesel blended fuel with a 2 percent by volume of biodiesel sold during a determination period results in a biodiesel gallonage of 100 (5,000 times 2%).

“*Biofuel distribution percentage*” means the sum of the retail dealer’s total ethanol gallonage plus the retail dealer’s total biodiesel gallonage expressed as a percentage of the retail dealer’s total gasoline gallonage.

“*Biofuel threshold percentage*” is dependent on the aggregate number of gallons of motor fuel sold by a retail dealer during a determination period, as set forth below:

Determination Period	More than 200,000 Gallons Sold by Retail Dealer	200,000 Gallons or Less Sold by Retail Dealer
2009	10%	6%
2010	11%	6%
2011	12%	10%
2012	13%	11%
2013	14%	12%
2014	15%	13%
2015	17%	14%
2016	19%	15%
2017	21%	17%
2018	23%	19%
2019	25%	21%
2020	25%	25%

“*Biofuel threshold percentage disparity*” means the positive percentage difference between the retail dealer’s biofuel threshold percentage and the retail dealer’s biofuel distribution percentage. For example, if a retail dealer that sells more than 200,000 gallons of motor fuel in 2009 has a biofuel distribution percentage of 8 percent, the biofuel threshold percentage disparity equals 2 percent (10% minus 8%).

“*Determination period*” means any 12-month period beginning on January 1 and ending on December 31.

“*Ethanol gallonage*” means the total number of gallons of ethanol which the retail dealer sells from motor fuel pumps during a determination period. For example, 10,000 gallons of ethanol blended gasoline formulated with a 10 percent by volume of ethanol sold during a determination period results in an ethanol gallonage of 1,000 (10,000 gallons times 10%).

“*Gasoline gallonage*” means the total number of gallons of gasoline sold by the retail dealer during a determination period.

42.39(2) Calculation of tax credit.

a. The tax credit is calculated by multiplying the retail dealer’s total ethanol gallonage by the tax credit rate, which is adjusted based upon the retail dealer’s biofuel threshold percentage disparity. The tax credit rate is set forth below:

Biofuel Threshold Percentage Disparity	Tax Credit Rate per Gallon 2009-2010	Tax Credit Rate per Gallon 2011	Tax Credit Rate per Gallon 2012-2020
0%	6.5 cents	8 cents	8 cents
0.01% to 2.00%	4.5 cents	6 cents	6 cents
2.01% to 4.00%	2.5 cents	2.5 cents	4 cents
4.01% or more	0 cents	0 cents	0 cents

b. For use in calculating a retail dealer’s total ethanol gallonage, the department is required to establish a schedule regarding the average amount of ethanol contained in E-85 gasoline.

c. A taxpayer may claim the ethanol promotion tax credit even if the taxpayer also claims the E-85 gasoline promotion tax credit provided in rule 701—42.33(422) or the E-15 plus gasoline promotion tax credit provided in rule 701—42.46(422) for the same tax year for the same ethanol gallons.

d. The tax credit must be calculated separately for each retail motor fuel site operated by the taxpayer for tax years beginning prior to January 1, 2011. The biofuel threshold percentage disparity of the taxpayer is computed on a statewide basis based on the total ethanol gallonage sold in Iowa. The taxpayer must determine the ethanol gallonage sold at each retail motor fuel site and multiply this ethanol gallonage by the applicable tax credit rate based on the biofuel threshold percentage disparity to calculate the ethanol promotion tax credit.

e. For tax years beginning on or after January 1, 2011, the taxpayer may elect to compute the biofuel threshold percentage disparity and the tax credit on either a site-by-site basis or on a companywide basis. The election made on the first return beginning on or after January 1, 2011, for either the site-by-site method or the companywide method is binding on the taxpayer for subsequent tax years unless the taxpayer petitions the department for a change in the method. Any petition for a change in the method should be made within a reasonable period of time prior to the due date of the return for which the change is requested. For example, if a change is requested for the tax return beginning January 1, 2012, the petition should be made by January 31, 2013, which is 90 days prior to the due date of the return.

The mere fact that a change in the method will result in a larger tax credit for subsequent years is not, of itself, sufficient grounds for changing the method for computing the credit. An example of a case for which the department may grant a change in the method is if the taxpayer has a significant change in the type of fuel sold at the taxpayer's retail sites in Iowa. For example, if a retail dealer opted to start selling E-85 gasoline at all the taxpayer's retail sites in Iowa for a subsequent tax year, the department may grant a change in the method.

If a taxpayer chooses the site-by-site method to compute the biofuel threshold percentage disparity, the gallons sold at all sites in Iowa must be considered in determining if the biofuel threshold percentage as defined in subrule 42.39(1) is based on more than 200,000 gallons or on 200,000 gallons or less. For example, if a taxpayer operates three motor fuel sites in Iowa and each site sells 80,000 gallons of motor fuel during 2011, the biofuel threshold percentage of 12 percent must be used for each retail site if the tax credit is computed on a site-by-site basis, even though each retail site sold less than 200,000 gallons of motor fuel.

f. Any tax credit in excess of the taxpayer's tax liability is refundable. In lieu of claiming a refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

42.39(3) Fiscal year filers. For taxpayers whose tax year is not on a calendar-year basis, the taxpayer may compute the ethanol promotion tax credit on the total ethanol gallonage sold during the year using the designated tax credit rates as shown in subrule 42.39(2), paragraph "a." Because the tax credit is repealed on January 1, 2021, a taxpayer whose tax year ends prior to December 31, 2020, may continue to claim the tax credit in the following tax year for the total ethanol gallonage sold through December 31, 2020. A taxpayer whose tax year is not on a calendar-year basis and that did not claim the ethanol promotion tax credit on the previous return may claim the tax credit for the current tax year for the period beginning on January 1 of the previous tax year until the last day of the previous tax year.

42.39(4) Allocation of tax credit to owners of a business entity. If a taxpayer claiming the ethanol promotion tax credit is a partnership, limited liability company, S corporation, estate, or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by the individual must be based on the individual's pro rata share of the individual's earnings of the partnership, limited liability company, S corporation, estate, or trust.

42.39(5) Examples. The following noninclusive examples illustrate how this rule applies:

EXAMPLE 1. A taxpayer that is a retail dealer of gasoline operates only one motor fuel site in Iowa. The number of gallons of gasoline sold at this site in 2009 equals 100,000 gallons. This consisted of 5,000 gallons of E-85 gasoline, 80,000 gallons of E-10 (10% ethanol blended gasoline) and 15,000 gallons not containing ethanol. The average ethanol content of E-85 gasoline is assumed to be 79%. The taxpayer also sold at this site during 2009 15,000 gallons of diesel fuel, of which 5,000 gallons was B-2 (2% biodiesel). The ethanol gallonage is 11,950 (5,000 E-85 gallons times 79% equals 3,950; 80,000 E-10 gallons times 10% equals 8,000; and thus 3,950 plus 8,000 equals 11,950). The biodiesel gallonage sold is 100, or 5,000 times 2%. The sum of 11,950 and 100, or 12,050, is divided by the total gasoline

gallage of 100,000 to arrive at a biofuel distribution percentage of 12.05%. Since this percentage exceeds the biofuel threshold percentage of 6% for a retail dealer selling 200,000 gallons or less, the biofuel threshold disparity percentage is 0%. This calculation results in an ethanol promotion tax credit of 6.5 cents times 11,950, or \$776.75.

In addition, the taxpayer is entitled to claim the E-85 gasoline promotion tax credit equal to 20 cents multiplied by 5,000 gallons, or \$1,000.

EXAMPLE 2. A taxpayer that is a retail dealer of gasoline operates only one motor fuel site in Iowa. The number of gallons of gasoline sold at this site in 2010 equals 300,000 gallons which consisted of 10,000 gallons of E-85 gasoline, 230,000 gallons of E-10 (10% ethanol blended gasoline) and 60,000 gallons not containing ethanol. The average ethanol content of E-85 gasoline is assumed to be 79%. The taxpayer also sold 60,000 gallons of diesel fuel at this site during 2010, of which 25,000 gallons was B-2 (2% biodiesel). The ethanol gallonage is 30,900 (10,000 E-85 gallons times 79% equals 7,900; 230,000 E-10 gallons times 10% equals 23,000; and thus 7,900 plus 23,000 equals 30,900). The biodiesel gallonage sold is 500, or 25,000 times 2%. The sum of 30,900 and 500, or 31,400, is divided by the total gasoline gallonage of 300,000 to arrive at a biofuel distribution percentage of 10.47%. Since this is less than the biofuel threshold percentage of 11% for a retail dealer selling more than 200,000 gallons, the biofuel threshold disparity percentage is .53%. This calculation results in an ethanol promotion tax credit of 4.5 cents times 30,900, or \$1,390.50.

In addition, the taxpayer is entitled to claim the E-85 gasoline promotion tax credit equal to 20 cents multiplied by 10,000 gallons, or \$2,000.

EXAMPLE 3. A taxpayer that is a retail dealer of gasoline operates three motor fuel sites in Iowa during 2009, and each site sold 80,000 gallons of gasoline. Sites A and B each sold 70,000 gallons of E-10 (10% ethanol blended gasoline) and 10,000 gallons not containing ethanol. Site C sold 60,000 gallons of E-10, 10,000 gallons of E-85, and 10,000 gallons not containing ethanol. The average ethanol content of E-85 gasoline is assumed to be 79%. The retail dealer did not sell any diesel fuel at any of the motor fuel sites. The ethanol gallonage is 27,900, as shown below:

Site A – 70,000 times 10% equals	7,000
Site B – 70,000 times 10% equals	7,000
Site C – 60,000 times 10% equals	6,000
Site C – 10,000 times 79% equals	7,900
Total	<u>27,900</u>

The ethanol gallonage of 27,900 is divided by the gasoline gallonage of 240,000 to arrive at a biofuel distribution percentage of 11.63%. Since this exceeds the biofuel threshold percentage of 10% for a retail dealer selling more than 200,000 gallons, the biofuel threshold disparity percentage is 0%. The credit is computed separately for each motor fuel site, and the ethanol promotion credit equals \$1,813.50, as shown below:

Site A – 7,000 times 6.5 cents equals	\$455.00
Site B – 7,000 times 6.5 cents equals	\$455.00
Site C – 13,900 times 6.5 cents equals	\$903.50
Total	<u>\$1,813.50</u>

Since the biofuel distribution percentage and the biofuel threshold percentage disparity are computed on a statewide basis for all gallons sold in Iowa, the 6.5 cent tax credit rate is applied to the total ethanol gallonage, even if Sites A and B did not meet the biofuel threshold percentage of 10% for 2009.

In addition, the taxpayer is entitled to claim the E-85 gasoline promotion tax credit equal to 20 cents multiplied by 10,000 gallons, or \$2,000.

EXAMPLE 4. A taxpayer that is a retail dealer of gasoline has a fiscal year ending March 31, 2011, and operates one motor fuel site in Iowa. The taxpayer sold more than 200,000 gallons of gasoline during the 2010 calendar year and expects to sell more than 200,000 gallons of gasoline during the 2011 calendar

year. The ethanol gallonage is 30,000 for the period from April 1, 2010, through December 31, 2010, and the ethanol gallonage is 8,000 for the period from January 1, 2011, through March 31, 2011. The biofuel distribution percentage is 11.5% for the period from April 1, 2010, through December 31, 2010, and the biofuel distribution percentage is 11.8% for the period from January 1, 2011, through March 31, 2011. This results in a biofuel threshold percentage disparity of 0% (11.0 minus 11.5) for the period from April 1, 2010, through December 31, 2010, and a biofuel threshold percentage disparity of .2% (12.0 minus 11.8) for the period from January 1, 2011, through March 31, 2011. The taxpayer is entitled to an ethanol promotion tax credit of \$2,310 for the fiscal year ending March 31, 2011, as shown below:

30,000 times 6.5 cents equals	\$1,950
8,000 times 4.5 cents equals	360
Total	<u>\$2,310</u>

EXAMPLE 5. A taxpayer that is a retail dealer of gasoline has a fiscal year ending April 30, 2009, and operates one motor fuel site in Iowa. The taxpayer expects to sell more than 200,000 gallons of gasoline during the 2009 calendar year. The ethanol gallonage is 50,000 gallons for the period from January 1, 2009, through April 30, 2009. The biofuel distribution percentage is 7.7% for the period from January 1, 2009, through April 30, 2009, which results in a biofuel threshold percentage disparity of 2.3% (10.0 minus 7.7). The taxpayer is entitled to claim an ethanol promotion tax credit of \$1,250 (50,000 gallons times 2.5 cents) on the taxpayer's Iowa income tax return for the period ending April 30, 2009.

In lieu of claiming the credit on the return for the period ending April 30, 2009, the taxpayer may claim the ethanol promotion tax credit on the tax return for the period ending April 30, 2010, including the ethanol gallonage for the period from January 1, 2009, through April 30, 2010. In this case, the taxpayer will compute the biofuel distribution percentage for the period from January 1, 2009, through December 31, 2009, to determine the proper tax credit rate to be applied to the ethanol gallonage for the period from January 1, 2009, through December 31, 2009.

EXAMPLE 6. Assume the same facts as Example 3, except that the gallons were sold in 2011. The taxpayer chose the companywide method to compute the biofuel threshold percentage disparity and the tax credit. The biofuel distribution percentage is 11.63%, and since the biofuel threshold percentage is 12% for retailers selling more than 200,000 gallons of motor fuel, the biofuel threshold percentage disparity is 0.37%. This results in an ethanol promotion tax credit on a companywide basis of 6 cents multiplied by the ethanol gallonage of 27,900 or \$1,674.

EXAMPLE 7. Assume the same facts as Example 3, except that the gallons were sold in 2011. The taxpayer chose the site-by-site method to compute the biofuel threshold percentage disparity and the tax credit. The biofuel threshold percentage is still 12% since the retailer sold more than 200,000 gallons of motor fuel at all sites in Iowa. The biofuel distribution percentage for Site A and Site B is 7,000 divided by 80,000, or 8.75%. The biofuel threshold percentage disparity for Site A and Site B is 3.25%, or 12% less than 8.75%. The biofuel distribution percentage for Site C is 13,900 divided by 80,000, or 17.38%. The biofuel threshold percentage disparity for Site C is 0% since the biofuel distribution percentage exceeds the biofuel threshold percentage. This results in an ethanol promotion tax credit on a site-by-site basis of \$1,462, as shown below:

Site A – 7,000 times 2.5 cents equals	\$175
Site B – 7,000 times 2.5 cents equals	\$175
Site C – 13,900 times 8 cents equals	<u>\$1,112</u>
Total	\$1,462

This rule is intended to implement Iowa Code section 422.11N as amended by 2011 Iowa Acts, Senate File 531.

[ARC 8702B, IAB 4/21/10, effective 5/26/10; ARC 9821B, IAB 11/2/11, effective 12/7/11]

701—42.40(422) Charitable conservation contribution tax credit. Effective for tax years beginning on or after January 1, 2008, a charitable conservation contribution tax credit is available for individual income tax which is equal to 50 percent of the fair market value of a qualified real property interest located in Iowa that is conveyed as an unconditional charitable donation in perpetuity by a taxpayer to a qualified organization exclusively for conservation purposes.

42.40(1) Definitions. The following definitions are applicable to this rule:

“*Conservation purpose*” means the same as defined in Section 170(h)(4) of the Internal Revenue Code, with the exception that a conveyance of land for open space for the purpose of fulfilling density requirements to obtain subdivision or building permits is not considered a conveyance for a conservation purpose.

“*Qualified organization*” means the same as defined in Section 170(h)(3) of the Internal Revenue Code.

“*Qualified real property interest*” means the same as defined in Section 170(h)(2) of the Internal Revenue Code. Conservation easements and bargain sales are examples of a qualified real property interest.

42.40(2) Computation of the credit. The credit equals 50 percent of the fair market value of the qualified real property interest. There are numerous federal revenue regulations, rulings, court cases and other provisions relating to the determination of the value of a qualified real property interest, and these are equally applicable in determining the amount of the charitable conservation contribution tax credit.

The maximum amount of the tax credit is \$100,000. The amount of the contribution for which the tax credit is claimed shall not be claimed as an itemized deduction for charitable contributions for Iowa income tax purposes.

42.40(3) Claiming the tax credit. The tax credit is claimed on Form IA 148, Tax Credits Schedule. The taxpayer must include a copy of federal Form 8283, Noncash Charitable Contributions, which reflects the calculation of the fair market value of the real property interest, with the Iowa return for the year in which the contribution is made. If a qualified appraisal of the property or other relevant information is required to be included with federal Form 8283 for federal tax purposes, the appraisal and other relevant information must also be included with the Iowa return.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following 20 years or until used, whichever is the earlier.

If the taxpayer claiming the credit is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual’s pro rata share of the individual’s earnings of the partnership, limited liability company, S corporation, or estate or trust.

42.40(4) Examples. The following noninclusive examples illustrate how this rule applies:

EXAMPLE 1: A taxpayer conveys a real property interest with a fair market value of \$150,000 to a qualified organization during 2008. The tax credit is equal to \$75,000, or 50 percent of the \$150,000 fair market value of the real property. The taxpayer cannot claim the \$150,000 as an itemized deduction for charitable contributions on the Iowa individual income tax return for 2008.

EXAMPLE 2: A taxpayer conveys a real property interest with a fair market value of \$500,000 to a qualified organization during 2009. The tax credit is limited to \$100,000, which equates to \$200,000 of the contribution being eligible for the tax credit. The remaining amount of \$300,000 (\$500,000 less \$200,000) can be claimed as an itemized deduction for charitable contributions on the Iowa individual income tax return for 2009.

This rule is intended to implement Iowa Code section 422.11W.

701—42.41(15,422) Redevelopment tax credit. The economic development authority is authorized by the general assembly and the governor to oversee the implementation and administration of the redevelopment tax credit program. Effective for tax years beginning on or after July 1, 2009, a taxpayer whose project has been approved by the Iowa brownfield redevelopment advisory council and the economic development authority may claim a redevelopment tax credit once the taxpayer has been

issued a tax credit certificate for the project by the economic development authority. The credit is based on the taxpayer's qualifying investment in a brownfield or grayfield site. The administrative rules for the economic development authority's administration of this program, including definitions of brownfield and grayfield sites, may be found in rules 261—65.11(15) and 261—65.12(15).

42.41(1) Eligibility for the credit. The economic development authority is responsible for developing a system for registration and authorization of projects receiving redevelopment tax credits. For more information, see Iowa Administrative Code 261—Chapter 65.

42.41(2) Amount of the credit.

a. Maximum credit total. For the fiscal year beginning July 1, 2009, the maximum amount of tax credits allowed is \$1 million, and the amount of credit authorized for any one redevelopment project cannot exceed \$100,000. For the fiscal year beginning July 1, 2011, the maximum amount of tax credit allowed cannot exceed \$5 million, and the amount of credit authorized for any one redevelopment project cannot exceed \$500,000. For the fiscal year beginning July 1, 2012, the maximum amount of tax credits allowed cannot exceed \$10 million, and the amount of credit authorized for any one redevelopment project cannot exceed \$1 million. For the fiscal year beginning July 1, 2013, and for each subsequent fiscal year, the maximum amount of tax credits issued by the authority shall be an amount determined by the economic development authority board but not in excess of the amount established pursuant to Iowa Code section 15.119.

b. Maximum credit per project. The maximum amount of a tax credit for a qualifying investment in any one qualifying redevelopment project shall not exceed 10 percent of the maximum amount of tax credits available in any one fiscal year pursuant to paragraph 42.41(2)“a.”

c. Percentage computation. The amount of the tax credit shall equal one of the following:

- (1) Twelve percent of the taxpayer's qualifying investment in a grayfield site.
- (2) Fifteen percent of the taxpayer's qualifying investment in a grayfield site if the qualifying redevelopment project meets the requirements of green development as defined in rule 261—65.2(15).
- (3) Twenty-four percent of the taxpayer's qualifying investment in a brownfield site.
- (4) Thirty percent of the taxpayer's qualifying investment in a brownfield site if the qualifying redevelopment project meets the requirements of green development as defined in rule 261—65.2(15).

42.41(3) Claiming the credit.

a. Certificate issuance. Upon completion of the project, the economic development authority will issue a tax credit certificate to the taxpayer. The tax credit certificate will include the taxpayer's name, address and federal identification number, the tax type for which the credit will be claimed, the amount of the credit, the tax year for which the credit may be claimed and the tax credit certificate number. In addition, the tax credit certificate will include a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred, as provided in subrule 42.41(4). To claim the tax credit, the taxpayer must include the tax credit certificate with the tax return for the tax period set forth on the certificate.

b. Pro rata share. If a taxpayer claiming the tax credit is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

c. Carryforward. Except as provided in paragraph 42.41(3)“d,” any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier. The tax credit shall not be carried back to a tax year prior to the year in which the taxpayer redeems the credit.

d. Refundability. A tax credit in excess of the taxpayer's liability for the tax year is refundable if all of the conditions of economic development authority 261—paragraph 65.11(4)“b” are met.

42.41(4) Transfer of the credit. The redevelopment tax credit can be transferred to any person or entity. However, a certificate indicating that the credit is refundable is only transferrable to the extent permitted by economic development authority 261—paragraph 65.11(4)“b.”

a. Submission of transferred tax credit certificate to the department—information required. Within 90 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department of revenue, along with a statement which contains the transferee's name, address and tax identification number and the amount of the tax credit being transferred, the amount of all consideration provided in exchange for the tax credit, and the names of recipients of any consideration provided in exchange for the tax credit. If a payment of money was any part of the consideration provided in exchange for the tax credit, the transferee shall list the amount of the payment of money in its statement to the department of revenue. If any part of the consideration provided in exchange for the tax credit included nonmonetary consideration, including but not limited to any promise, representation, performance, discharge of debt or nonmonetary rights or property, the transferee shall describe the nature of nonmonetary consideration and disclose any value the transferor and transferee assigned to the nonmonetary consideration. The transferee must indicate on its statement to the department of revenue if no consideration was provided in exchange for the tax credit. If the transferee is a partnership, limited liability company, S corporation, or estate or trust claiming the credit for individual or corporation income tax, the transferee shall provide a list of the partners, members, shareholders or beneficiaries and information on how the redevelopment tax credit should be divided among the partners, members, shareholders or beneficiaries. The transferee shall also provide the tax identification numbers and addresses of the partners, members, shareholders or beneficiaries.

b. Issuance of replacement certificate by the department. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the department of revenue will issue a replacement tax credit certificate to the transferee.

c. Claiming the transferred tax credit. The replacement tax credit certificate must contain the same information as that on the original tax credit certificate and must have the same effective taxable year as the original tax credit certificate. The replacement tax credit certificate may reflect a different tax type than the original tax credit certificate. The transferee may use the amount of the tax credit for any tax year for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit certificate shall not be included in Iowa taxable income for individual income tax, corporation income tax, or franchise tax purposes. Any consideration paid for the transfer of the tax credit certificate shall not be deducted from Iowa taxable income for individual income tax, corporation income tax, or franchise tax purposes.

42.41(5) Basis reduction of the redevelopment property. The increase in the basis of the redevelopment property that would otherwise result from the qualified redevelopment costs shall be reduced by the amount of the redevelopment tax credit. For example, if a qualifying investment in a grayfield site totaled \$100,000 for which a \$12,000 redevelopment tax credit was issued, the increase in the basis of the property would total \$88,000 for Iowa tax purposes (\$100,000 less \$12,000).

This rule is intended to implement Iowa Code sections 15.293A, 422.11V and 15.119.
[ARC 8702B, IAB 4/21/10, effective 5/26/10; ARC 9876B, IAB 11/30/11, effective 1/4/12; ARC 1102C, IAB 10/16/13, effective 11/20/13; ARC 1949C, IAB 4/1/15, effective 5/6/15]

701—42.42(15) High quality jobs program. Effective for tax periods beginning on or after July 1, 2009, a business which qualifies under the high quality jobs program is eligible to receive tax credits. The high quality jobs program replaces the high quality job creation program. An eligible business under the high quality jobs program must be approved by the Iowa department of economic development and meet the qualifications of Iowa Code section 15.329. The tax credits available under the high quality jobs program are based upon the number of jobs created or retained that pay a qualifying wage threshold and the amount of qualifying investment. The administrative rules for the high quality jobs program for the Iowa department of economic development may be found at 261—Chapter 68.

42.42(1) Research activities credit. An eligible business approved under the high quality jobs program is eligible for an additional research activities credit as described in 701—subrule 52.7(4) for awards issued by the Iowa department of economic development prior to July 1, 2010. The eligible business is eligible for the research activities credit as described in 701—subrule 52.7(6) for awards issued by the Iowa department of economic development on or after July 1, 2010.

Research activities allowable for the Iowa research activities credit include expenses related to the development and deployment of innovative renewable energy generation components manufactured or assembled in Iowa; such expenses related to the development and deployment of innovative renewable energy generation components are not eligible for the federal credit for increasing research activities. For purposes of this subrule, innovative renewable energy generation components do not include components with more than 200 megawatts in installed effective nameplate generating capacity. The research activities credit related to renewable energy generation components under the high quality jobs program and the enterprise zone program shall not exceed \$2 million for the fiscal year ending June 30, 2010, and \$1 million for the fiscal year ending June 30, 2011.

These expenses related to the development and deployment of innovative renewable energy generation components are applicable only to the additional research activities credit set forth in this subrule and in 701—subrule 52.7(5) for businesses in enterprise zones, and are not applicable to the research activities credit set forth in subrule 42.11(3), paragraphs “a” and “b.”

42.42(2) *Investment tax credit.* An eligible business can claim an investment tax credit equal to a percentage of the new investment directly related to new jobs created or retained by the location or expansion of an eligible business. The percentage is equal to the amount provided in Iowa department of economic development 261—subrule 68.4(7).

The determination of the new investment eligible for the investment tax credit, the eligibility of a refundable investment tax credit for value-added agricultural product or biotechnology-related projects and the repayment of investment tax credits for the high quality jobs program is the same as set forth in subrule 42.29(2) for the high quality job creation program.

42.42(3) *Repayment of benefits.* If an eligible business fails to maintain the requirements of the high quality jobs program, the taxpayer may be required to repay all or a portion of the tax incentives taken on Iowa returns. Irrespective of the fact that the statute of limitations to assess the taxpayer for repayment of the tax credits may have expired, the department may proceed to collect the tax incentives forfeited by failure of the eligible business to maintain the requirements of the high quality jobs program because the repayment is a recovery of an incentive, rather than an adjustment to the taxpayer’s tax liability. Details on the calculation of the repayment can be found in 261—subrule 187.5(4) of the administrative rules of the economic development authority. If the business is a partnership, limited liability company, S corporation, estate or trust where the income of the taxpayer is taxed to the individual owner(s) of the business, the department may proceed to collect the tax incentives against the partners, members, shareholders or beneficiaries to whom the tax incentives were passed through. See Decision of the Administrative Law Judge in *Damien & Colette Trebilcock, et al.*, Docket No. 11DORF 042-044, June 11, 2012.

This rule is intended to implement Iowa Code chapter 15.

701—42.43(16,422) Disaster recovery housing project tax credit. For tax years beginning on or after January 1, 2011, but before January 1, 2015, a disaster recovery housing project tax credit is available for individual income tax. The credit is equal to 75 percent of the taxpayer’s qualifying investment in a disaster recovery housing project, and is administered by the Iowa finance authority. Qualifying investments are costs incurred on or after May 12, 2009, and prior to July 1, 2010, related to a disaster recovery housing project. Eligible properties must have applied for and received an allocation of federal low-income housing tax credits under Section 42 of the Internal Revenue Code to be eligible for the tax credit. The tax credit is repealed effective January 1, 2015.

42.43(1) *Issuance of tax credit certificates.* Upon completion of the project and verification of the amount of investment made in the disaster recovery housing project, the Iowa finance authority will issue a tax credit certificate to the taxpayer. The tax credit certificate shall include the taxpayer’s name, address, tax identification number, amount of credit, and the tax year for which the credit may be claimed. The tax credit certificates will be issued on a first-come, first-served basis. The tax credit cannot be transferred to any person or entity.

42.43(2) Limitation of tax credits. The tax credit shall not exceed 75 percent of the taxpayer's qualifying investment in a disaster recovery housing project. The maximum amount of tax credits issued by the Iowa finance authority shall not exceed \$3 million in each of the five consecutive years beginning in the 2011 calendar year. A tax credit certificate shall be issued by the Iowa finance authority for each year that the credit can be claimed.

42.43(3) Claiming the tax credit. The amount of the tax credit earned by the taxpayer will be divided by five and an amount equal thereto will be claimed on the Iowa individual income tax return commencing with the tax year beginning on or after January 1, 2011. A taxpayer is not entitled to a refund of the excess tax for any tax credit in excess of the tax liability, and also is not entitled to carry forward any excess credit to a subsequent tax year.

If the taxpayer is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

The increase in the basis of the property that would otherwise result from the disaster recovery housing investment shall be reduced by the amount of the tax credit allowed.

EXAMPLE: An individual whose tax year ends on December 31 incurs \$100,000 of costs related to an eligible disaster recovery housing project. The taxpayer receives a tax credit of \$75,000, and \$15,000 of credit can be claimed on each Iowa individual income tax return for the periods ending December 31, 2011, through December 31, 2015. If the tax liability for the individual for the period ending December 31, 2011, is \$10,000, the credit is limited to \$10,000, and the remaining \$5,000 credit cannot be used. If the tax liability for the individual for the period ending December 31, 2012, is \$25,000, the credit is limited to \$15,000, and the remaining \$5,000 credit from 2011 cannot be used to reduce the tax for 2012.

42.43(4) Potential recapture of tax credits. If the taxpayer fails to comply with the eligibility requirements of the project or violates local zoning and construction ordinances, the Iowa finance authority can void the tax credit and the department of revenue shall seek recovery of the value of any tax credit claimed on an individual income tax return.

This rule is intended to implement Iowa Code sections 16.211, 16.212 and 422.11X as amended by 2014 Iowa Acts, Senate File 2328.

701—42.44(422) Deduction of credits. The credits against computed tax set forth in Iowa Code sections 422.5, 422.8, 422.10 through 422.12C, and 422.110 shall be claimed in the following sequence:

1. Personal exemption credit.
2. Tuition and textbook credit.
3. Volunteer fire fighter, volunteer emergency medical services personnel and reserve peace officer tax credit.
4. Nonresident and part-year resident credit.
5. Franchise tax credit.
6. S corporation apportionment credit.
7. School tuition organization tax credit.
8. Venture capital tax credits (excluding redeemed Iowa fund of funds tax credit).
9. Endow Iowa tax credit.
10. Film qualified expenditure tax credit.
11. Film investment tax credit.
12. Redevelopment tax credit.
13. From farm to food donation tax credit.
14. Workforce housing tax credit.
15. Investment tax credit.
16. Wind energy production tax credit.
17. Renewable energy tax credit.
18. Redeemed Iowa fund of funds tax credit.

19. New jobs tax credit.
20. Economic development region revolving fund tax credit.
21. Agricultural assets transfer tax credit.
22. Custom farming contract tax credit.
23. Geothermal heat pump tax credit.
24. Solar energy system tax credit.
25. Charitable conservation contribution tax credit.
26. Alternative minimum tax credit.
27. Historic preservation and cultural and entertainment district tax credit.
28. Ethanol promotion tax credit.
29. Research activities credit.
30. Out-of-state tax credit.
31. Child and dependent care tax credit or early childhood development tax credit.
32. Motor fuel tax credit.
33. Claim of right credit (if elected in accordance with rule 701—38.18(422)).
34. Wage-benefits tax credit.
35. Adoption tax credit.
36. E-85 gasoline promotion tax credit.
37. Biodiesel blended fuel tax credit.
38. E-15 plus gasoline promotion tax credit.
39. Earned income tax credit.
40. Iowa taxpayers trust fund tax credit.
41. Estimated payments, payment with vouchers, and withholding tax.

This rule is intended to implement Iowa Code sections 422.5, 422.8, 422.10, 422.11, 422.11A, 422.11B, 422.11D, 422.11E, 422.11F, 422.11H, 422.11I, 422.11J, 422.11L, 422.11M, 422.11N, 422.11O, 422.11P, 422.11Q, 422.11R, 422.11S, 422.11V, 422.11W, 422.11Y, 422.11Z, 422.12, 422.12B, 422.12C and 422.110 and 2014 Iowa Acts, House Files 2448 and 2468.

701—42.45(15) Aggregate tax credit limit for certain economic development programs. Effective for the fiscal year beginning July 1, 2009, awards made under certain economic development programs cannot exceed \$185 million during a fiscal year. Effective for fiscal years beginning on or after July 1, 2010, but beginning before July 1, 2012, awards made under these economic development programs cannot exceed \$120 million during a fiscal year. Effective for fiscal years beginning on or after July 1, 2012, awards made under these economic development programs cannot exceed \$170 million. For fiscal years beginning on or after July 1, 2010, but beginning before July 1, 2014, these programs include the assistive device tax credit program, the enterprise zone program, the housing enterprise zone program, the high quality jobs program, the redevelopment tax credit program, tax credits for investments in qualifying businesses and community-based seed capital funds, and the innovation fund tax credit program. For fiscal years beginning on or after July 1, 2014, these programs include the assistive device tax credit program, the workforce housing tax incentives program, the high quality jobs program, the redevelopment tax credit program, tax credits for investments in qualifying businesses and community-based seed capital funds, and the innovation fund tax credit program. The administrative rules for the aggregate tax credit limit for the economic development authority may be found at 261—Chapter 76.

This rule is intended to implement Iowa Code section 15.119 as amended by 2014 Iowa Acts, House File 2448.

[ARC 8702B, IAB 4/21/10, effective 5/26/10; ARC 9104B, IAB 9/22/10, effective 10/27/10; ARC 1102C, IAB 10/16/13, effective 11/20/13; ARC 1744C, IAB 11/26/14, effective 12/31/14]

701—42.46(422) E-15 plus gasoline promotion tax credit. Effective for eligible gallons sold on or after July 1, 2011, a retail dealer of gasoline may claim an E-15 plus gasoline promotion tax credit. “E-15

plus gasoline” means ethanol blended gasoline formulated with a minimum percentage of between 15 percent and 69 percent of volume of ethanol, if the formulation meets the standards provided in Iowa Code section 214A.2. For purposes of this rule, tank wagon sales are considered retail sales. The credit is calculated on Form IA 138.

42.46(1) Calculating the credit.

a. Amount of credit. The tax credit is calculated by multiplying the total number of E-15 plus gallons sold by the retail dealer during the tax year by the following designated rates:

Gallons sold from July 1, 2011, through December 31, 2013	3 cents
Gallons sold from January 1 through May 31 and from September 16 through December 31 for the 2014-2024 calendar years	3 cents
Gallons sold from June 1 through September 15 for the 2014-2024 calendar years	10 cents

b. Claiming the credit with other credits. A taxpayer may claim the E-15 plus gasoline promotion tax credit even if the taxpayer also claims the ethanol promotion tax credit provided in rule 701—42.39(422) for gallons sold on or after January 1, 2011, but prior to January 1, 2021, for the same tax year for the same ethanol gallons.

c. Refundability. Any credit in excess of the taxpayer’s tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

d. Transferability. The credit may not be transferred to any other person.

42.46(2) Fiscal year filers. For taxpayers whose tax year is not on a calendar-year basis, the taxpayer may compute the tax credit on the gallons of E-15 plus gasoline sold during the year using the designated rates as shown above. Because the tax credit is repealed on January 1, 2025, a taxpayer whose tax year ends prior to December 31, 2024, may continue to claim the tax credit in the following tax year for any E-15 plus gallons sold through December 31, 2024. For a retail dealer whose tax year is not on a calendar-year basis and who did not claim the E-15 plus credit on the previous return, the dealer may claim the credit for the current tax year for gallons sold for the period beginning on July 1 of the previous tax year until the last day of the previous tax year. However, for taxpayers whose fiscal year ends prior to December 31, 2011, the dealer must claim the credit for the current tax year for gallons sold for the period beginning on July 1 of the previous tax year until the last day of the previous tax year.

EXAMPLE 1: A taxpayer who is a retail dealer of gasoline has a fiscal year ending October 31, 2011. The taxpayer sold 2,000 gallons of E-15 plus gasoline for the period from July 1, 2011, through October 31, 2011, and sold 7,000 gallons of E-15 plus gasoline for the period from November 1, 2011, through October 31, 2012. The taxpayer is entitled to a total E-15 plus gasoline promotion tax credit of \$270 for the fiscal year ending October 31, 2012, which consists of a \$60 credit (2,000 gallons multiplied by 3 cents) for the period from July 1, 2011, through October 31, 2011, and a credit of \$210 (7,000 gallons multiplied by 3 cents) for the period from November 1, 2011, through October 31, 2012.

EXAMPLE 2: A taxpayer who is a retail dealer of gasoline has a fiscal year ending April 30, 2012. The taxpayer sold 4,000 gallons of E-15 plus gasoline between July 1, 2011, and April 30, 2012. The taxpayer sold 9,000 gallons of E-15 plus gasoline between May 1, 2012, and April 30, 2013. The taxpayer is entitled to claim an E-15 plus gasoline promotion tax credit of \$120 (4,000 gallons multiplied by 3 cents) for the fiscal year ending April 30, 2012. In lieu of claiming the credit on the return for the period ending April 30, 2012, the taxpayer can claim the E-15 plus gasoline promotion tax credit on the tax return for the period ending April 30, 2013, for all E-15 plus gasoline gallons sold for the period from July 1, 2011, through April 30, 2013.

EXAMPLE 3: A taxpayer who is a retail dealer of gasoline has a fiscal year ending February 28, 2025. The taxpayer sold 20,000 total gallons of E-15 plus gasoline for the entire period from March 1, 2024, through February 28, 2025. For the period from March 1 through May 31, 2024, the taxpayer sold 4,000 gallons of E-15 plus gasoline, which entitles the taxpayer to a credit of \$120 (4,000 gallons multiplied by 3 cents). For the period from June 1 through September 15, 2024, the taxpayer sold 6,000 gallons of E-15

plus gasoline, which entitles the taxpayer to a credit of \$600 (6,000 gallons multiplied by 10 cents). For the period from September 16 through December 31, 2024, the taxpayer sold 6,000 gallons of E-15 plus gasoline, which entitles the taxpayer to a credit of \$180 (6,000 gallons multiplied by 3 cents). For the period from January 1 through February 28, 2025, the taxpayer sold 4,000 gallons of E-15 plus gasoline, which occurred after expiration of the credit. The taxpayer is entitled to claim a total E-15 plus gasoline promotion tax credit of \$900 (\$120 plus \$600 plus \$180) on the taxpayer's Iowa income tax return for the period ending February 28, 2025.

42.46(3) Allocation of credit to owners of a business entity or to beneficiaries of an estate or trust. If a taxpayer claiming the E-15 plus gasoline promotion tax credit is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement Iowa Code section 422.11Y as amended by 2016 Iowa Acts, Senate File 2309.

701—42.47(422) Geothermal heat pump tax credit. For tax years beginning on or after January 1, 2019, a geothermal heat pump tax credit is available for residential property located in Iowa as provided in Iowa Code section 422.12N and this rule. Information relating to Iowa geothermal tax credits available for tax years prior to January 1, 2019, can be found in prior versions of this rule. Prior versions of the Iowa Administrative Code are located here: www.legis.iowa.gov/law/administrativeRules/agencies.

42.47(1) Eligibility for the credit. To be eligible for the credit described in this rule, all of the following requirements must be met:

a. The geothermal heat pump must be eligible for the federal residential energy efficient property tax credit provided in Section 25D(a)(5) of the Internal Revenue Code.

b. The taxpayer must claim the federal residential energy efficient property tax credit provided in Section 25D(a)(5) of the Internal Revenue Code.

c. The geothermal heat pump must be installed on residential property located in Iowa and placed in service on or after January 1, 2019. In determining whether this requirement is met, the term "placed in service" has the same meaning as used in Section 25D of the Internal Revenue Code.

d. The taxpayer must submit a timely and complete application to the department in accordance with subrule 42.47(4).

42.47(2) Calculation of the credit.

a. The credit is equal to 20 percent of the federal residential energy efficient property tax credit allowed for geothermal heat pumps provided in Section 25D(a)(5) of the Internal Revenue Code. Thus, the Iowa credit rate equals the following percentage of the qualified geothermal heat pump property expenditures:

(1) For property placed in service during calendar year 2019, 6 percent.

(2) For property placed in service during calendar years 2020 through 2022, 5.2 percent.

(3) For property placed in service during calendar year 2023, 4.4 percent.

b. This credit is set to expire on January 1, 2024, in accordance with Public Law No. 116-260, Div. EE, Title I, Subtitle C, §148. If the federal residential energy efficient property tax credit for geothermal heat pumps provided in Section 25D(a)(5) of the Internal Revenue Code is extended by federal legislation into additional tax years, the Iowa credit will continue to be available for each year in which the corresponding federal credit is available, absent action by the Iowa general assembly.

42.47(3) Tax credit award program limitations. No more than \$1 million in geothermal heat pump tax credits will be issued per calendar year. If the annual tax credit allocation cap is not reached, the remaining amount below the cap shall be made available for the following tax year in addition to, and cumulated with, the cap for that year.

42.47(4) How to apply for the credit—waitlist.

a. In general. Timely and complete applications shall be reviewed and approved on a first-come, first-served basis. Applications for the tax credit shall be submitted through the tax credit submission system, which applicants may access through the department's website.

b. Application deadline. The application must be filed by May 1 of the year following the year of the installation of the geothermal heat pump.

c. Contents of the application. The application must contain the following information:

- (1) Name, address, and federal identification number of the taxpayer.
- (2) Date of installation of the geothermal heat pump. This is the same as the date the installation was placed in service by the taxpayer.
- (3) Copies of invoices or other documents showing the cost of the geothermal heat pump.
- (4) Amount of federal income tax credit claimed for the geothermal heat pump.
- (5) Amount of Iowa tax credit requested.
- (6) Any other information requested by the department in order to verify eligibility for or amount of the Iowa tax credit requested.

d. Waitlist.

(1) If the department receives applications for tax credits in excess of the annual aggregate award limitation, the department shall establish a waitlist for the next year's allocation of tax credits. Valid and complete applications will be placed on the waitlist in the order they are received by the department. However, in the event the department denies an application or part of an application, and upon appeal by the taxpayer a previously denied tax credit amount is allowed, the date the appeal is closed will be used to determine the placement of the allowed tax credit amount on the waitlist. Waitlisted applications are reviewed and, if approved, funded in the order they are listed on the waitlist. Only valid applications filed by the taxpayer by May 1 of the year following the year the geothermal heat pump was installed shall be eligible for the waitlist.

(2) If the annual aggregate cap is reached for the final year in which the federal credit is available, no applications will be carried over to the next year. Therefore, any geothermal heat pump tax credit request related to an installation completed prior to January 1, 2024, that does not receive a tax credit award by the time the 2023 aggregate award limitation is met shall expire and shall not be carried over on the waitlist to any future year.

(3) Placement on a waitlist shall not constitute a promise binding the state that persons placed on the waitlist will actually receive the credit in a future year. The availability of a tax credit and approval of a tax credit application pursuant to this rule in a future year is contingent upon the availability of tax credits in that particular year.

42.47(5) Claiming the tax credit.

a. Certificate issuance. If the application is approved, the department will send a letter to the taxpayer including the amount of the tax credit and providing a tax credit certificate.

b. Claiming the tax credit. The geothermal heat pump tax credit will be claimed on Form IA 148, Tax Credits Schedule. The taxpayer must include with any Iowa tax return claiming the geothermal heat pump tax credit federal Form 5695, Residential Energy Credits.

c. Nonrefundable. Any credit in excess of the taxpayer's tax liability is nonrefundable.

d. Carryforward. Any tax credit in excess of the taxpayer's tax liability for the tax year may be credited to the taxpayer's tax liability for the following ten years or until depleted, whichever is earlier.

e. Nontransferable. The tax credit may not be transferred to any other person.

This rule is intended to implement Iowa Code section 422.12N and 2019 Iowa Acts, House File 779. [ARC 5589C, IAB 4/21/21, effective 5/26/21]

701—42.48(422) Solar energy system tax credit. A solar energy system tax credit is available for both residential property and business property located in Iowa as provided in Iowa Code section 422.11L and this rule.

42.48(1) Relationship between the Iowa and federal credits.

a. The Iowa credit is a percentage of the applicable federal credit. Taxpayers who apply for the Iowa credit must also qualify for and claim the corresponding federal credit. Availability of the Iowa

credit for a specific type of installation in a given year is dependent upon availability of the federal credit for that type of installation.

b. The Iowa credit conforms with the Internal Revenue Code as amended to and including January 1, 2016. The term “Internal Revenue Code” as used in this rule refers to the Internal Revenue Code as it existed on January 1, 2016. See Iowa Code section 422.11L(6); see also Public Law No. 114-113, Div. P, Title III, §§ 302, 303, 304, and Div. Q, Title I, § 187.

42.48(2) *Calculation of the credit—per installation award limitation.*

a. The credit is equal to the sum of the following federal tax credits for property located in Iowa:

(1) Fifty percent of the federal residential energy property credit provided in Section 25D(a)(1) of the Internal Revenue Code. This federal credit equals an applicable percentage of qualified solar energy electric property expenditures described in Section 25D(d)(2) of the Internal Revenue Code for residential use. This credit is not available for Iowa purposes for any qualified solar energy electric property placed in service after December 31, 2021, in accordance with Public Law No. 114-113 Div. P, Title III, § 304.

(2) Fifty percent of the federal residential energy property credit provided in Section 25D(a)(2) of the Internal Revenue Code. This federal credit equals an applicable percentage of the qualified solar water heating property expenditures described in Section 25D(d)(1) of the Internal Revenue Code for residential use. This credit is not available for Iowa purposes for any qualified solar water heating property placed in service after December 31, 2021, in accordance with Public Law No. 114-113 Div. P, Title III, § 304.

(3) Fifty percent of the federal energy credit provided in Section 48(a)(2)(A)(i)(II) of the Internal Revenue Code. This federal credit equals an applicable percentage of energy property equipment described in Section 48(a)(3)(A)(i) of the Internal Revenue Code that uses solar energy to generate electricity, to heat or cool (or provide hot water for use in) a structure, or to provide solar process heat (excepting property used to generate energy for the purpose of heating a swimming pool), for business use. This credit is not available for Iowa purposes for any qualified property the construction of which begins on or after January 1, 2022, in accordance with Public Law No. 114-113 Div. P, Title III, § 303.

(4) Fifty percent of the federal energy credit provided in Section 48(a)(2)(A)(i)(III) of the Internal Revenue Code. This federal credit equals an applicable percentage of energy property described in Section 48(a)(3)(A)(ii) of the Internal Revenue Code that uses solar energy to illuminate the inside of a structure using fiber-optic distributed sunlight, for business use. This credit is not available for Iowa purposes for any qualified property placed in service after December 31, 2016, in accordance with Public Law No. 114-113 Div. Q, Title I, § 187.

*For a description of Iowa tax credit rates for installations placed in service prior to January 1, 2016, consult the prior versions of this rule.			

b. A solar installation must be placed in service to be eligible for the tax credit. In determining whether this requirement is met, the term “placed in service” has the same meaning as used for purposes of Section 25D or 48 of the Internal Revenue Code, as applicable. The date a taxpayer begins construction of a solar installation for purposes of Section 48 of the Internal Revenue Code shall be the same date the taxpayer begins construction for Iowa purposes.

c. The amount of tax credit claimed by a taxpayer related to subparagraphs 42.48(2) “a”(1) and 42.48(2) “a”(2) cannot exceed \$5,000 per separate and distinct installation. The amount of tax credit claimed by a taxpayer related to subparagraphs 42.48(2) “a”(3) and 42.48(2) “a”(4) cannot exceed \$20,000 per separate and distinct installation. When a separate and distinct installation is used for both residential and business purposes, both award limitations apply and are calculated separately based on the proportion of the installation used for business purposes and for residential purposes. The taxpayer may use any reasonable method to establish the business and residential proportions, but the burden is on the taxpayer to prove the proper proportions. If the taxpayer does not provide adequate evidence to prove that the amounts of the business and residential proportions and the method for determining those proportions are reasonable, and if the department is unable to determine reasonable proportions from the information provided by the taxpayer, the entire installation shall be deemed used for residential purposes. The term “separate and distinct installation” is described in subrule 42.48(5).

EXAMPLE 1: Taxpayer A is a farmer who installs solar energy property during 2020 that provides power to two farm buildings and A’s residence. Taxpayer A submits one application for the Iowa solar energy system tax credit showing \$100,000 of total eligible expenditures. Taxpayer A provides evidence to the department that adequately explains A’s method of allocating the solar energy system’s total usage between business use and personal use, and shows that 40 percent of the solar energy property is used for residential purposes and 60 percent is used for farm business purposes. The department determines the amounts and the method for determining those proportions to be reasonable and therefore considers the taxpayer to have submitted a tax credit application requesting both a residential solar energy system tax credit and a business solar energy system tax credit. The residential tax credit request includes \$40,000 ($\$100,000 \times 40\%$) of eligible expenditures, subject to the \$5,000 tax credit cap. Therefore, A is eligible for a residential tax credit of \$5,000 ($\$40,000 \times 13\%$ Iowa credit rate = \$5,200, less \$200 in excess of cap). The business tax credit request includes \$60,000 ($\$100,000 \times 60\%$) of eligible expenditures, subject to the \$20,000 tax credit cap. Therefore, A is eligible for a business tax credit of \$7,800 ($\$60,000 \times 13\%$ Iowa credit rate). Taxpayer A receives a total Iowa tax credit of \$12,800 ($\$5,000 + \$7,800$). Although A submitted one tax credit application in this situation, the resulting tax credit amount would have been the same if A had instead submitted two separate tax credit applications: one residential application with \$40,000 of eligible expenditures and one business application with \$60,000 of eligible expenditures.

EXAMPLE 2: Same facts as Example 1, except that taxpayer A does not submit adequate evidence to the department supporting a reasonable method of determining the proportion of the solar energy property used for residential and business purposes, and the department is unable to determine reasonable

proportions from the information provided by A. The department deems the entire installation used for residential purposes, subject to the \$5,000 tax credit cap. Therefore, A receives a total Iowa tax credit of \$5,000 ($\$100,000 \times 13\%$ Iowa credit rate = \$13,000, less \$8,000 in excess of cap).

d. Recomputation of federal credit.

(1) Because the Iowa credit is a percentage of the applicable federal credit, when the federal credit under Section 48 of the Internal Revenue Code is recomputed under 26 CFR §1.47-1, the Iowa credit amount must also be recomputed and reduced by the same percentage that the federal credit was reduced. The federal credit recomputation is required on the federal Form 4255, Recapture of Investment Credit.

(2) In the year of the recomputation, if the amount of the Iowa credit previously claimed is less than the recomputed Iowa credit amount, the taxpayer must reduce any remaining available carryforward amount to reflect the Iowa credit carryforward remaining after the recomputation.

(3) If the amount of the Iowa credit previously claimed is more than the recomputed Iowa credit amount, the taxpayer must include the amount that was overclaimed in prior tax years as a negative credit amount on the IA 148, Iowa Tax Credit Schedule, and any remaining unused credit carryforward amount expires immediately. The negative credit amount represents the overclaimed Iowa credit and will be netted against the taxpayer's other nonrefundable tax credits on the IA 148, Iowa Tax Credit Schedule, if any. After applying the negative credit amount against other available nonrefundable credits, if the taxpayer's net total nonrefundable credits for the year is a negative amount, that negative amount must be entered on the appropriate line of the taxpayer's income tax return for reporting nonrefundable Iowa credits from the IA 148, Iowa Tax Credit Schedule, and will increase the taxpayer's tax liability.

42.48(3) Tax credit award program limitations. The following program limitations apply:

a. Aggregate tax credit award limit. No more than \$5 million of tax credits per year will be issued for calendar years beginning on or after January 1, 2015. The annual tax credit allocation cap also includes the solar energy system tax credits provided in rule 701—52.44(422) for corporation income tax and in rule 701—58.22(422) for franchise tax.

b. Allocation for residential installations. Beginning with tax year 2014, at least \$1 million of the annual tax credit allocation cap for each tax year is reserved for residential installations qualifying under Section 25D of the Internal Revenue Code. If the total amount of credits for residential installations for a tax year is less than \$1 million, the remaining amount below \$1 million will be allowed for nonresidential installations qualifying under Section 48 of the Internal Revenue Code.

c. Rollover of unallocated credits. Beginning with calendar year 2014, if the annual tax credit allocation cap is not reached, the remaining amount below the cap shall be made available for the following tax year in addition to, and cumulated with, the cap for that year.

42.48(4) How to apply for the credit. Timely and complete applications shall be reviewed and approved on a first-come, first-served basis. Applications for the tax credit shall be submitted through the tax credit submission system, which applicants may access through the department's website.

a. Application deadline. For installations completed on or after January 1, 2014, the application must be filed by May 1 following the year of installation of the solar energy system. Notwithstanding the foregoing sentence, the following extensions are applicable to installations completed in 2014 and 2015:

(1) Solar energy systems installed during the 2014 calendar year shall be eligible for approval under Iowa Code section 422.11L even if the application is filed after May 1, 2015. Valid and complete applications shall be accepted and approved on a first-come, first-served basis and shall first be eligible for approval for the tax year during which the application is received, but not before the tax year beginning January 1, 2016.

(2) Solar energy systems installed during the 2015 calendar year shall be eligible for approval under Iowa Code section 422.11L even if the application is filed after May 1, 2016. Valid and complete applications shall be accepted and approved on a first-come, first-served basis and shall first be eligible for approval for the tax year during which the application is received, but not before the tax year beginning January 1, 2017.

b. Contents of the application. The application must contain the following information:

(1) Name, address, and federal identification number of the taxpayer.

(2) Date of installation of the solar energy system. This is the same as the date the installation was placed in service by the taxpayer.

(3) The kilowatt capacity of the solar energy system.

(4) Copies of invoices or other documents showing the cost of the solar energy system.

(5) Amount of federal income tax credit claimed for the solar energy system.

(6) Amount of Iowa tax credit requested.

(7) All applicants must provide a completion sheet from a local utility company or similar documentation verifying that installation of the system has been completed. For nonresidential installations, the completion sheet must indicate the date the installation was placed in service. If a completion sheet from the local utility company or similar documentation is not available, a statement shall be provided that is similar to the one required to be attached to federal Form 3468 when claiming the federal energy credit and that specifies the date the system was placed in service.

(8) A copy of any signed agreement made regarding the solar energy system that verifies the applicant is a qualified applicant. This includes, but is not limited to, lease agreements. When an applicant is entitled to the Iowa solar energy system tax credit for a leased solar energy system, the other party to the lease will not be entitled to such a credit for the same leased solar energy system.

(9) For nonresidential installations, the date on which construction began.

(10) Any other information requested by the department in order to verify eligibility for or amount of the Iowa tax credit requested.

c. Previously claimed expenditures disallowed. An applicant may not include on an application any expenditure for which the taxpayer previously received, or was denied, a tax credit award or any expenditure that was part of an approved separate and distinct installation but was disallowed due to exceeding the maximum Iowa tax credit amount.

d. Waitlist. If the department receives applications for tax credits in excess of the annual aggregate award limitation, the department shall establish a waitlist for the next year's allocation of tax credits. Valid and complete applications will be placed on the waitlist in the order they are received by the department. However, in the event the department denies an application or part of an application, and upon appeal by the taxpayer a previously denied tax credit amount is allowed, the date the appeal is closed will be used to determine the placement of the allowed tax credit amount on the waitlist. Waitlisted applications are reviewed and, if approved, funded in the order they are listed on the waitlist. With the exception of the extension described in subparagraphs 42.48(4) "a"(1) and 42.48(4) "a"(2) above, only valid applications filed by the taxpayer by May 1 of the year following the year of the installation of the solar energy property shall be eligible for the waitlist. If the annual aggregate cap is reached for the final year in which the federal credit is available, no applications will be carried over to the next year. This tax credit limitation shall apply as follows:

(1) Residential property tax credit claims. The federal credits related to residential property under Sections 25D(a)(1) and 25D(a)(2) of the Internal Revenue Code expire and are unavailable for Iowa tax purposes for installations completed on or after January 1, 2022. Therefore, any residential tax credit request related to an installation completed prior to January 1, 2022, that does not receive a tax credit award by the time the 2021 aggregate award limitation is met shall expire and shall not be carried over on the waitlist to any future year.

(2) Business property tax credit claims. The federal credit related to business property under Section 48(a)(2)(A)(i)(II) of the Internal Revenue Code does not expire for Iowa tax purposes. It is available for installations that begin construction prior to January 1, 2022, in any future tax year the installation is placed in service. Therefore, any business tax credit request related to an installation that begins construction prior to January 1, 2022, but that does not receive a tax credit award by the time the annual aggregate award limitation is met will not expire and will be eligible to be carried over on the waitlist to future years, and receive a tax credit award in a future year, provided the authorization to approve and issue tax credits under Iowa Code section 422.11L(4) "a" is not repealed.

Placement on a waitlist shall not constitute a promise binding the state that persons placed on the waitlist will actually receive the credit in a future year. The availability of a tax credit and approval of

a tax credit application pursuant to this rule in a future year is contingent upon the availability of tax credits in that particular year.

e. Certificate issuance. If the application is approved, the department will send a letter to the taxpayer including the amount of the tax credit and providing a tax credit certificate.

f. Claiming the tax credit. The solar energy system tax credit will be claimed on Form IA 148, Tax Credits Schedule. The taxpayer must include with any Iowa tax return claiming the solar energy system tax credit federal Form 5695, Residential Energy Credits, if claiming the residential energy credit or federal Form 3468, Investment Credit, if claiming the business energy credit.

g. Nonrefundable. Any credit in excess of the taxpayer's tax liability is nonrefundable.

h. Carryforward. Any tax credit in excess of the taxpayer's tax liability for the tax year may be credited to the taxpayer's tax liability for the following ten years or until depleted, whichever is earlier.

i. Nontransferable. The credit may not be transferred to any other person.

42.48(5) Separate and distinct installation requirement. Only one tax credit may be awarded and claimed for each separate and distinct solar installation. Each separate and distinct installation requires a separate application. For purposes of this subrule, unless the context otherwise requires, use of the term "installation" or "solar installation" refers to the physical equipment that generates electricity using solar energy in a manner that qualifies that equipment for a tax credit. In order for an installation that otherwise meets the requirements of Iowa Code section 422.11L and this rule to be considered a separate and distinct solar installation, both of the factors in paragraphs 42.48(5) "a" and "b" must be met. This determination is made by the department and requires a review of the current application received by the department and all prior applications received by the department from any taxpayer. When determining whether a solar installation is separate and distinct from other solar installations, the department will consider the totality of the facts and circumstances surrounding the solar installations. The taxpayer bears the burden of showing that an installation qualifies as separate and distinct. For a safe harbor rule relating to solar installations that begin construction prior to June 1, 2021, see paragraph 42.48(5) "c."

a. A repair or maintenance shall not constitute a solar installation. If the installed equipment repairs or otherwise maintains the working order of another solar installation or part of another solar installation, it will not be considered separate and distinct from that other solar installation, even if the installed equipment results in increased production capacity because of its superior quality, performance, or efficiency, or other similar reason. Evidence that part of the other solar installation was removed or replaced at or around the time the equipment was installed is a strong indication that the equipment is a repair or maintenance, but it is not required for such a determination.

EXAMPLE 3: Taxpayer B applies for and is awarded an Iowa solar tax credit for a solar installation that powers taxpayer B's workshop. Two years after that solar installation is placed in service, the solar inverter malfunctions. Taxpayer B purchases and installs a new solar inverter, which keeps the solar installation in working order. At the same time, B also replaces several functioning solar panels on the solar installation with new, higher quality panels that increase the solar installation's production capacity. Taxpayer B submits a second application for the costs of the solar inverter and the solar panels. These costs are considered a repair or maintenance and do not qualify as separate and distinct from the prior installation. Therefore, they do not qualify for the Iowa solar tax credit. This is the result even if the costs qualify for the federal tax credit and even though the solar panels improve the productivity of the solar installation.

b. The solar installation must be a replacement installation or an independent installation.

(1) Replacement installation. When previous solar installations have been completely decommissioned, whether from disposal by the applicant or casualty loss or theft, the new solar installation may be considered a replacement installation of the decommissioned solar installation. A solar installation that ceases operation but that has not been physically removed and discarded by a person is not decommissioned unless it cannot operate and is incapable of being repaired to working order. A solar installation that merely changes location or ownership has not been decommissioned and thus may not qualify as a replacement installation. Expenditures that are subject to an insurance reimbursement do not qualify for the solar energy system tax credit.

EXAMPLE 4: Taxpayer C applies for and is awarded an Iowa solar tax credit for a solar installation that powers taxpayer C's business. One year after that solar installation is placed in service, it is destroyed beyond repair by a severe storm. Taxpayer C's insurance policy does not cover damage to a solar installation. Taxpayer C purchases and places in service another solar installation that powers taxpayer C's business and timely applies for the Iowa solar energy system tax credit. Taxpayer C's subsequent installation may be eligible for the Iowa solar energy system installation credit as a replacement installation.

(2) Independent installation. An independent installation is one that has a sufficiently remote association with other solar installations that received the Iowa solar energy system tax credit such that it can be considered independent from those other solar installations. When determining whether a particular solar installation qualifies as an independent installation, the department will first consider the electrical generation purpose of the relevant solar installations, as described in numbered paragraph 42.48(5) "b"(2)"1" below. Only if the department finds that it cannot make a determination from that criteria alone will the department consider other criteria. A nonexhaustive list of other criteria that may be considered by the department is provided in numbered paragraph 42.48(5) "b"(2)"2" below.

1. Electrical generation purpose. The department will review the electrical generation purpose of each solar installation. As described below, this involves a review of the building(s) or structure(s) being powered by each solar installation. When two or more solar installations have the same electrical generation purpose, they are not independent installations. When two or more solar installations have different electrical generation purposes, this is an indication that they may be independent installations. With respect only to a multiple housing cooperative under Iowa Code chapter 499A or a horizontal property regime under Iowa Code chapter 499B, each apartment shall constitute a building or structure, and each cooperative or regime owner's proportionate share of qualifying expenses incurred by the cooperative or regime shall constitute a solar installation paid by the cooperative or regime owner.

- Same building(s) or structure(s). If the applied-for solar installation will power buildings or structures that are also being powered by another solar installation, or that were being powered by another solar installation at some point during the 12-month period before the applied-for solar installation was placed in service, then the installations have the same electrical generation purpose. However, adequate proof from the taxpayer of a substantial increase in electricity demand is evidence tending to indicate that the solar installations do not have the same electrical generation purpose. A "substantial increase in electricity demand" exists when the sum of the average monthly electricity consumption of each building or structure powered by the applied-for solar installation for the 12-month period before the applied-for solar installation is placed in service is at least 50 percent greater than the sum of the average monthly electricity consumption of each building or structure powered by the other solar installation for the 12-month period before the other solar installation was placed in service. Average electricity consumption shall be measured in kilowatt hours. With respect to the other solar installation, if any applicable building or structure was not in service for a period of 12 months before the other solar installation was placed in service, the average monthly electricity consumption for that building or structure shall be the average electricity consumption for the first 12 months the building or structure was in service. With respect to the applied-for solar installation, the calculation of the average monthly electricity consumption for any building or structure that was not placed in service prior to the other solar installation shall be calculated using a denominator of 12 even if that building or structure was not in service for a period of 12 months before the applied-for solar installation was placed in service. The reason for the increased electricity consumption shall not be relevant in determining if a substantial increase in electricity demand exists.

EXAMPLE 5: Taxpayer D is awarded a solar energy system tax credit for a solar installation that provides power to D's home. Three years later, D installs a second solar installation that also provides power to D's home. Absent additional information from D that would show a substantial increase in electricity demand, the second solar installation has the same electrical generation purpose as the first installation because they both provide power to D's home. Therefore, the second solar installation would not be considered an independent installation.

EXAMPLE 6: Taxpayer E owns an apartment building with ten apartment units. In 2021, taxpayer E installs solar energy business property with a cost of \$300,000 that will power the apartment building. Taxpayer E submits solar tax credit applications for ten different solar installations, one for each unit within the apartment building. Each application claims \$30,000 in qualifying costs and requests an Iowa solar credit of \$3,300 ($\$30,000 \times 11\%$) for business property, for a sum total of \$33,000 in tax credits. Because the solar installations claimed on all ten applications provide power to the same apartment building, they all have the same electrical generation purpose. Therefore, only one of the solar installations could qualify for the tax credit as an independent installation, subject to the \$20,000 per-installation tax credit cap. The other nine installations would all fail to qualify as independent installations. The result is the same whether or not the apartment units have separate utility meters. See Example 10 for a different result if the building were organized as a multiple housing cooperative or horizontal property regime.

EXAMPLE 7: Taxpayer F, a machinist, is awarded a solar energy system tax credit for a solar installation that provides power to F's machine shop. Several years later, F installs a second solar installation that will provide power to F's machine shop but also to F's office building. Taxpayer F submits a complete and timely application for the solar energy system tax credit. Absent additional information from F that would show a substantial increase in electricity demand, the second solar installation has the same electrical generation purpose as the first solar installation because they both provide power to F's machine shop. Therefore, the second solar installation would not be considered an independent installation.

EXAMPLE 8: Assume the same facts as Example 7, except that taxpayer F provides additional information to the department regarding the electricity consumption of F's machine shop and office building. Taxpayer F provides utility bills which show that for the 12-month period before the first solar installation was placed in service, the average monthly electricity consumption for the machine shop was 1,000 kilowatt hours. For the 12-month period before the second solar installation was placed in service, the average monthly electricity consumption for the machine shop was 1,200 kilowatt hours. Additionally, the office building was constructed and placed in service three months before the second solar installation was placed in service. Taxpayer F provides utility bills which show that for the three months the office building was in service, the monthly electricity consumption for the office building was 1,400 kilowatt hours, 1,600 kilowatt hours, and 1,800 kilowatt hours, respectively. This means that the average monthly electricity consumption of the office building for purposes of the "substantial increase in energy demand" test is 400 kilowatt hours [i.e., $(1,400 + 1,600 + 1,800) \div 12 = 400$]. Therefore, for the 12-month period before the second solar installation was placed in service, the average monthly electricity consumption for the machine shop and office building was 1,600 kilowatt hours [i.e., $1,200 + 400 = 1,600$]. Because this 1,600 monthly kilowatt hour average applicable to the second solar installation exceeds by at least 50 percent the 1,000 monthly kilowatt hour average applicable to the first solar installation, taxpayer F has shown a substantial increase in electricity demand and the second solar installation may qualify as an independent installation.

- Different building(s) or structure(s). If the applied-for solar installation will not power any building or structure that is also being powered by another solar installation, or that was also being powered by another solar installation at some point during the 12-month period before the applied-for solar installation was placed in service, this is an indication that the solar installations may have a different electrical generation purpose.

EXAMPLE 9: Taxpayer G, a farmer, is awarded a solar energy system tax credit for a solar installation that provides power to G's equipment barn. Later, G installs a second solar installation that will only provide power to G's livestock building. Because the first solar installation only provides power to G's barn and the second solar installation only provides power to G's livestock building, this is an indication that each solar installation has a different electrical generation purpose. The second solar installation would be considered an independent installation, unless additional information shows the contrary to be true.

EXAMPLE 10: Taxpayer H, a multiple housing cooperative under Iowa Code chapter 499A, owns an apartment building with ten apartment units. In 2021, H installs solar energy property with a cost of

\$300,000 that will power the apartment building. The owner of each apartment unit submits a solar tax credit application for a solar installation claiming a proportionate share of H's qualifying expenditures for the solar energy property, which in this case is \$30,000 per owner, and requesting an Iowa credit of \$3,300 ($\$30,000 \times 11\%$), for a sum total of \$33,000 in tax credits. Since this building is organized as a multiple housing cooperative under Iowa Code chapter 499A, each apartment constitutes a building or structure and each owner's proportionate share of qualifying expenses incurred by the cooperative constitutes a solar installation paid by the owner. This is the first solar installation with respect to each of these apartments, so they are not being powered by another solar installation that received an Iowa tax credit. Therefore, this is an indication that each solar installation has a different electrical generation purpose. Each of the ten solar installations would be considered an independent installation, unless additional information shows the contrary to be true. The result would be the same if the building were organized as a horizontal property regime under Iowa Code chapter 499B. However, see Example 7 regarding apartment buildings not organized as a multiple housing cooperative or horizontal property regime.

2. Other criteria.

- **Location.** The department will consider the physical location of each solar installation. When two or more solar installations are in close physical proximity, this is an indication that the installations may not be independent installations. The farther in physical proximity the installations are, the stronger the likelihood that they are independent installations. Locating an installation at the same address or on the same or adjacent parcel as another installation is a stronger indication that the two installations are not independent installations than if they were located at different addresses or on nonadjacent parcels. The expansion in physical size or production capacity of an existing solar installation is an indication that the installations are not independent installations. If two or more solar installations are physically attached or connected to the same building or structure, this is an indication that the installations are not independent installations.

EXAMPLE 11: Taxpayer Q submits a complete and timely solar energy system tax credit application for a solar installation located at an address that is adjacent to the address of a prior solar installation for which taxpayer Q received a solar energy system tax credit award. Based on the information provided by the taxpayer, the department is unable to determine the electrical generation purpose of the solar installations. Without additional information, the proximity of the two solar installations supports a determination by the department that the second solar installation is not an independent installation.

- **Billing.** The department will consider the manner in which a utility company issues bills associated with solar installations. Even when a solar installation does not actually provide electricity to any buildings or structures that are also being powered by another solar installation, if a utility company issues bills associated with a solar installation under a net metering agreement in a manner that allows credits from the net outflow of one solar installation to be applied against the utility costs of buildings or structures that are powered by another solar installation, the department will evaluate the solar installations subject to the net metering agreement as if they were powering the same buildings or structures for purposes of determining electrical generation purpose in numbered paragraph 42.48(5) "b"(2)"1" above.

- **Utility metering.** The department will consider whether each solar installation is connected to a separate utility meter and the business reason, if any, for using separate utility meters. For purposes of this subrule, "utility meter" means a device installed by a utility company used to monitor the amount of electricity consumed or produced by a consumer. When a metering agreement requires a person to install two unidirectional meters, the set will be considered a single utility meter for purposes of this subrule. The department will not consider a measuring device installed and used by a person for personal monitoring of electricity production or consumption to be a "utility meter" for purposes of this subrule. This should not be interpreted to require a person to connect the person's solar installation to a utility provider's grid in order to be eligible for the tax credit.

- **Payment for installation or service.** The department will consider how expenses incurred for construction or servicing of a solar installation are paid. When expenses incurred for two or more solar installations are paid by related parties, it may indicate that the installations are not independent

installations. However, the department may request additional information to evaluate the relationship between the person who pays for such expenses and the person who claims the tax credit.

- **Contract terms.** The department will consider the terms of installation and service contracts related to the solar installation and may require a person to provide installation and service contracts related to any prior solar installation for which the department has received a tax credit application. When contract terms indicate that the solar installations have been installed as or are serviced as a single, functional unit or system, the department will consider that as evidence that the installations are not independent installations.

- **Timing of installation or application.** The department will consider when the applied-for solar installation was placed in service and when a person submits the tax credit application as compared to other solar installations.

c. **Safe harbor for solar installations that begin construction prior to June 1, 2021.** For any solar installation for which the taxpayer begins construction prior to June 1, 2021, the taxpayer may rely on the factors in the prior version of paragraph 42.48(7)“a” in determining whether the solar installation is a separate and distinct installation. Prior versions of the Iowa Administrative Code are located here: www.legis.iowa.gov/law/administrativeRules/agencies.

42.48(6) Unavailable to those eligible for renewable energy tax credit. A taxpayer who is eligible to receive a renewable energy tax credit provided in rule 701—42.28(422,476C) is not eligible for the solar energy system tax credit.

42.48(7) Allocation of tax credit to owners of a business entity or beneficiaries of an estate or trust. If the taxpayer claiming the tax credit based on a percentage of the federal energy credit under Section 48 of the Internal Revenue Code is a partnership, limited liability company, S corporation, estate, or trust electing to have income taxed directly to the individual, the individual may claim the tax credit. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings of the partnership, limited liability company, S corporation, estate, or trust. The maximum amount of credit available to a partnership, limited liability company, S corporation, estate, or trust shall be limited to \$15,000 for installations placed in service in tax years 2012 and 2013 and \$20,000 for installations placed in service in tax years beginning on or after January 1, 2014.

701—42.49(422) Volunteer fire fighter, volunteer emergency medical services personnel and reserve peace officer tax credit. Effective for tax years beginning on or after January 1, 2013, a tax credit is available for individual income tax for volunteer fire fighters and volunteer emergency medical services (EMS) personnel. Effective for tax years beginning on or after January 1, 2014, a tax credit is available for individual income tax for reserve peace officers.

42.49(1) Definitions. The following definitions are applicable to this rule:

“*Emergency medical services personnel*” or “*EMS personnel*” means an emergency medical care provider, as defined in Iowa Code section 147A.1, who is certified as a first responder in accordance with Iowa Code chapter 147A. For tax years beginning on or after January 1, 2014, “emergency medical services personnel” or “EMS personnel” also includes an individual who is a paid employee of an emergency medical services program and who is also a volunteer emergency medical services personnel in a city, county or area governed by an agreement pursuant to Iowa Code chapter 28E.

“*Reserve peace officer*” means a reserve peace officer as defined in Iowa Code section 80D.1A who has met the minimum state training standards established by the Iowa law enforcement academy in accordance with Iowa Code chapter 80D.

“*Volunteer fire fighter*” means a volunteer fire fighter, as defined in Iowa Code section 85.61, who has met the minimum training standards established by the fire service training bureau pursuant to Iowa Code chapter 100B. For tax years beginning on or after January 1, 2014, “volunteer fire fighter” means an individual who is an active member of an organized volunteer fire department in Iowa or is performing services as a volunteer fire fighter for a municipality, township or benefited fire district at the request

of the chief or other person in command and who has met the minimum training standards established by the fire service training bureau pursuant to Iowa Code chapter 100B. For tax years beginning on or after January 1, 2014, a volunteer fire fighter also includes an individual who is a paid employee of a fire department and who is also a volunteer fire fighter in a city, county or area governed by an agreement pursuant to Iowa Code chapter 28E.

42.49(2) Calculation of the credit.

a. The credit is equal to \$50 for the tax year beginning January 1, 2013, if the volunteer fire fighter or volunteer EMS personnel was a volunteer for the entire year. The credit is equal to \$100 for tax years beginning on or after January 1, 2014, if the volunteer fire fighter, volunteer EMS personnel or reserve peace officer was a volunteer for the entire year.

b. If the individual was not a volunteer fire fighter or volunteer EMS personnel for the entire 2013 calendar year, the \$50 credit is prorated based on the number of months the individual was a volunteer. Beginning in the 2014 calendar year, if the individual was not a volunteer fire fighter, volunteer EMS personnel or reserve peace officer for the entire year, the \$100 credit is prorated based on the number of months the individual was a volunteer. If the individual was a volunteer during any part of a month, the individual will be considered a volunteer for the entire month. The amount of credit will be rounded to the nearest dollar.

EXAMPLE: An individual became a volunteer fire fighter on April 15, 2013, and remained a volunteer for the rest of calendar year 2013. The individual is considered a volunteer for nine months of 2013. The tax credit for 2013 is equal to \$38 (\$50 multiplied by 9/12 equals \$37.50; rounding to the nearest dollar results in a \$38 credit).

c. If an individual is both a volunteer fire fighter and a volunteer EMS personnel during the same month, a credit can be claimed for only one volunteer position for that month. Therefore, if an individual was both a volunteer fire fighter and volunteer EMS personnel for all of 2013, the tax credit will equal \$50. In addition, beginning in calendar year 2014, if a reserve peace officer is also either a volunteer fire fighter or a volunteer EMS personnel, a credit can be claimed for only one volunteer position for that month.

42.49(3) Verification of eligibility for the tax credit. An individual is required to have a written statement from the fire chief or other appropriate supervisor verifying that the individual was a volunteer fire fighter or volunteer EMS personnel for the months for which the tax credit is being claimed. Beginning with the 2014 tax year, an individual who is a reserve peace officer must have a written statement from the chief of police, sheriff, commissioner of public safety, or other appropriate supervisor verifying that the individual was a reserve peace officer for the months for which the tax credit is being claimed. The written statement does not have to be attached to a tax return claiming the credit. However, the individual may be requested to provide the written statement upon request by the department.

This rule is intended to implement Iowa Code section 422.12 as amended by 2014 Iowa Acts, House File 2459.

[ARC 0398C, IAB 10/17/12, effective 11/21/12; ARC 1665C, IAB 10/15/14, effective 11/19/14]

701—42.50(422) Taxpayers trust fund tax credit. For tax years beginning on or after January 1, 2013, a taxpayers trust fund tax credit is available for Iowa individual income tax. The credit is available for all individual income tax filers, including residents, nonresidents and part-year residents of Iowa, and individuals who file as part of a composite return as described in rule 701—48.1(422), as long as the Iowa return is filed within the extended due date to file an Iowa return. Therefore, a fiscal-year filer whose tax year does not begin on January 1 is eligible to claim the taxpayers trust fund tax credit as long as the return is filed within the extended due date of the Iowa return.

42.50(1) Calculation of the amount of tax credit. The credit is calculated by taking the amount in the Iowa taxpayers trust fund and dividing it by the number of individual income taxpayers who filed Iowa returns by October 31 of the year preceding the year in which the credit is allowed.

EXAMPLE: There is \$120 million in the Iowa taxpayers trust fund at the end of the fiscal year ending June 30, 2013. There were 2,200,000 individuals who filed Iowa income tax returns by October 31,

2013, for tax years beginning on or after January 1, 2012, but beginning before January 1, 2013. This results in an Iowa taxpayers trust fund tax credit of \$54 for the tax year beginning on or after January 1, 2013, but beginning before January 1, 2014 (\$120,000,000 divided by 2,200,000 equals \$54.55, which is rounded down to the nearest whole dollar). All taxpayers who file their Iowa individual income tax return by October 31, 2014, for the tax period beginning on or after January 1, 2013, but beginning before January 1, 2014, will be entitled to claim a \$54 Iowa taxpayers trust fund tax credit.

If the amount of Iowa taxpayers trust fund tax credits claimed on tax returns for a particular year is less than the amount authorized, the difference will be transferred to the Iowa taxpayers trust fund for the next year and will be available as an Iowa taxpayers trust fund tax credit for the next year. There must be a balance in the Iowa taxpayers trust fund of at least \$30 million in order for the Iowa taxpayers trust fund tax credit to be available.

EXAMPLE: There is \$120 million in the Iowa taxpayers trust fund at the end of the fiscal year ending June 30, 2013. The total amount of Iowa taxpayers trust fund tax credit claimed on Iowa tax returns for tax years beginning on or after January 1, 2013, but beginning before January 1, 2014, which were filed on or before October 31, 2014, is \$90 million. The difference of \$30 million will be transferred to the Iowa taxpayers trust fund for the fiscal year ending June 30, 2014. The legislature approves an additional \$60 million to be deposited in the Iowa taxpayers trust fund for the fiscal year ending June 30, 2014. This will result in \$90 million in the Iowa taxpayers trust fund for the fiscal year ending June 30, 2014. If 2,200,000 individuals file Iowa individual income tax returns for tax years beginning on or after January 1, 2013, but beginning before January 1, 2014, by October 31, 2014, this will result in a \$40 Iowa taxpayers trust fund tax credit for the tax year beginning on or after January 1, 2014, but beginning before January 1, 2015 (\$90,000,000 divided by 2,200,000 equals \$40.90, which is rounded down to the nearest whole dollar).

42.50(2) Claiming the credit on the tax return. The Iowa taxpayers trust fund is claimed on the amount of Iowa tax computed after all other nonrefundable credits allowed in division II of Iowa Code chapter 422 (excluding the Iowa taxpayers trust fund tax credit) are deducted, after the amount of school district surtax described in rule 701—42.1(257,422) and emergency medical services income surtax described in rule 701—42.2(422D) is added, and after all refundable credits (excluding estimated payments and tax withheld) allowed in division II of Iowa Code chapter 422 are deducted. Any Iowa taxpayers trust fund tax credit in excess of the tax liability is not refundable and shall not be carried back to the tax year prior to the tax year in which the credit is claimed and cannot be carried forward to a tax year for any following year.

EXAMPLE: A taxpayer reported a tax liability of \$100 on the taxpayer's 2013 Iowa income tax return. The taxpayer claimed a \$40 personal exemption credit and a \$25 franchise tax credit. This resulted in tax due of \$35 before applying the school district surtax. Taxpayer was subject to a \$2 school district surtax which resulted in total tax due of \$37. Taxpayer was entitled to claim a \$54 Iowa taxpayers trust fund tax credit, but only \$37 of credit could be applied on the 2013 Iowa return. The remaining \$17 of credit cannot be refunded, cannot be applied to a prior year tax liability, and cannot be carried forward to be applied to a subsequent year tax liability.

This rule is intended to implement Iowa Code section 422.11E.

[ARC 1102C, IAB 10/16/13, effective 11/20/13; ARC 1665C, IAB 10/15/14, effective 11/19/14]

701—42.51(422,85GA,SF452) From farm to food donation tax credit. Effective for tax years beginning on or after January 1, 2014, a taxpayer that donates a food commodity that the taxpayer produces may claim a tax credit for Iowa individual income tax. The credit is equal to 15 percent of the value of the commodities donated during the tax year for which the credit is claimed or \$5,000, whichever is less. The value of the commodities shall be determined in the same manner as a charitable contribution of food for federal tax purposes under Section 170(e)(3)(C) of the Internal Revenue Code.

To qualify for the tax credit, the taxpayer (1) must produce the donated food commodity; (2) must transfer title to the donated food commodity to an Iowa food bank or Iowa emergency feeding organization recognized by the department; and (3) shall not receive remuneration for the transfer. The donated food commodity cannot be damaged or out-of-condition and declared to be unfit for

human consumption by a federal, state, or local health official. A food commodity that meets the requirements for donated foods pursuant to the federal Emergency Food Assistance Program satisfies this requirement.

To be recognized by the department, a food bank or emergency feeding organization must either be a recognized affiliate of one of the eight partner food banks with the Iowa Food Bank Association or must register with the department. To register with the department, the organization must meet the definition of “emergency feeding organization,” “food bank,” or “food pantry” as defined by the department of human services in 441—66.1(234). The department of revenue will make registration forms available on the department’s website. The department will maintain a list of recognized organizations on the department’s website.

Food banks and emergency feeding organizations that receive eligible donations shall be required to issue receipts in a format prescribed by the department for all donations received and must annually submit to the department a receipt log of all the receipts issued during the tax year. The receipt log must be submitted in the form of a spreadsheet with column specifications as provided by the department. Receipt logs showing the donations for the previous calendar year must be delivered electronically or mailed to the department postmarked by January 15 of each year. If a receipt for a taxpayer’s claim is not provided by the organization, the taxpayer’s claim will be denied.

To claim the credit, a taxpayer shall submit to the department the original receipts that were issued by the food bank or emergency feeding organization. The receipt must include quantity information completed by the food bank or emergency feeding organization, taxpayer information, and a donation valuation consistent with Section 170(e)(3)(C) of the Internal Revenue Code completed by the taxpayer. Claims must be postmarked on or before January 15 of the year following the tax year for which the claim is requested. Once the department verifies the amount of the tax credit, a letter will be sent to the taxpayer providing the amount of the tax credit and a tax credit certificate number.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is earlier. The tax credit shall not be carried back to a tax year prior to the year in which the owner redeems the credit. The credit is not transferable to any other person other than the taxpayer’s estate or trust upon the death of the taxpayer.

If the producer is a partnership, limited liability company, S corporation, estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual’s pro rata share of the individual’s earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement 2013 Iowa Acts, Senate File 452, division XVIII.
[ARC 1138C, IAB 10/30/13, effective 12/4/13]

701—42.52(422) Adoption tax credit. Effective for tax years beginning on or after January 1, 2014, an adoption tax credit is available for individual income tax equal to the amount of qualified adoption expenses paid or incurred by a taxpayer related to the adoption of a child. For an adoption finalized on or after January 1, 2014, but before January 1, 2017, the total adoption tax credit claimed for the adoption may not exceed \$2,500. For an adoption finalized on or after January 1, 2017, the total adoption tax credit claimed for the adoption may not exceed \$5,000.

42.52(1) Adoption. For purposes of the credit, an adoption occurs when a child is permanently placed in Iowa by any of the following:

- a. The department of human services;
- b. An adoption service provider as defined in Iowa Code section 600A.2; or
- c. An agency that meets the provisions of the interstate compact in Iowa Code section 232.158.

42.52(2) Child. A “child” is an individual who is under the age of 18 years. “Child” does not include any individual who is 18 years of age or older.

42.52(3) Qualified adoption expenses.

a. *Generally.* “Qualified adoption expenses” means unreimbursed expenses paid or incurred in connection with the adoption of a child. Qualified adoption expenses include all fees and costs related to the adoption of a child, such as:

- (1) Medical and hospital expenses of the biological mother that are incident to the child's birth;
- (2) Welfare agency fees and other reasonable and necessary adoption fees;
- (3) Court costs, attorney fees, and other legal fees;
- (4) Travel expenses, including amounts spent for meals and lodging while away from home; and
- (5) All other fees and costs related to the adoption of a child.

b. Limitations. Expenses that are eligible for the federal adoption credit as provided in Section 23(d)(1) of the Internal Revenue Code will be considered qualified adoption expenses. Expenses paid or incurred in violation of state or federal law are not qualified adoption expenses. Expenses that have been reimbursed are not qualified adoption expenses.

42.52(4) Claiming the credit.

a. Amount eligible for credit. For tax years beginning on or after January 1, 2014, but beginning before January 1, 2017, the first \$2,500 of qualified adoption expenses is eligible for the credit. For tax years beginning on or after January 1, 2017, the first \$5,000 of qualified adoption expenses is eligible for the credit. The maximum credit amount is determined at the time the adoption becomes final. If the qualified adoption expenses are less than the maximum credit amount, then the total amount of qualified expenses can be claimed as a credit. The amount of tax credit claimed cannot be used as an itemized deduction for adoption expenses provided in 701—subrule 41.5(3).

b. Claiming the credit in tax years beginning on or after January 1, 2014, but before January 1, 2019.

(1) Claiming the credit in the year the adoption becomes final. For tax years beginning on or after January 1, 2014, but before January 1, 2019, to claim an adoption tax credit, a taxpayer must claim the credit for all qualified adoption expenses paid or incurred in the tax year the adoption becomes final, up to the maximum credit amount provided in paragraph 42.52(4) "a."

EXAMPLE: Michael and Lori are married. Michael and Lori adopt a child who is permanently placed in Iowa. The adoption process begins and becomes final in 2015. Because the adoption becomes final on or after January 1, 2014, but prior to January 1, 2017, Michael and Lori qualify for a maximum credit amount of \$2,500. Michael and Lori incur and pay unreimbursed qualified adoption expenses of \$20,000 in 2015. Michael and Lori jointly file their Iowa individual income tax return in 2015. Michael and Lori may claim an Iowa adoption tax credit of \$2,500 in 2015.

(2) Claiming the credit in years other than the year the adoption becomes final. For tax years beginning on or after January 1, 2014, but before January 1, 2019, if a taxpayer cannot claim the maximum credit amount provided in paragraph 42.52(4) "a" for the year the adoption becomes final, the taxpayer may amend a prior year's return to claim any remaining credit for expenses paid in that prior year, or the taxpayer may claim any remaining credit on a subsequent year's return for expenses paid in that subsequent year. If a qualified adoption expense was incurred in one tax year and paid in another tax year, the taxpayer may only claim a credit for that expense in one year. The total adoption tax credit claimed for all years combined may not exceed the maximum credit amount per adoption provided in paragraph 42.52(4) "a." An adjustment to a prior's year return is subject to the limitations in rule 701—40.20(422).

EXAMPLE: Erin adopts a child as a single parent. The child is permanently placed in Iowa. The adoption process begins in 2016 and becomes final in 2017. Because the adoption becomes final on or after January 1, 2017, Erin qualifies for a maximum credit amount of \$5,000. Erin pays and incurs unreimbursed qualified adoption expenses of \$20,000 in 2016 and \$1,000 in 2017. In tax year 2017, Erin may claim an Iowa adoption tax credit equal to the \$1,000 in unreimbursed qualified adoption expenses paid and incurred in 2017. After claiming the credit for tax year 2017, Erin may amend the 2016 return to claim the remaining \$4,000 credit for unreimbursed qualified adoption expenses paid and incurred in 2016.

c. Claiming the credit in tax years beginning on or after January 1, 2019.

(1) Claiming the credit in the year the adoption becomes final. For tax years beginning on or after January 1, 2019, to claim an adoption tax credit, a taxpayer must claim the credit in the tax year the adoption is finalized for all qualified adoption expenses paid or incurred prior to or in the tax year the adoption becomes final, up to the maximum credit amount of \$5,000. A taxpayer shall not amend a

prior year return in an attempt to claim the credit for unreimbursed qualified adoption expenses paid or incurred prior to the tax year in which the adoption becomes final.

EXAMPLE: Y and Z are married. Y and Z adopt a child who is permanently placed in Iowa. The adoption process begins in 2016 and becomes final in 2019. Because the adoption becomes final on or after January 1, 2017, Y and Z qualify for a maximum credit amount of \$5,000. Additionally, because the adoption becomes final on or after January 1, 2019, Y and Z may claim an Iowa adoption tax credit for unreimbursed qualified adoption expenses paid or incurred prior to or in the year the adoption becomes final. Y and Z incur and pay unreimbursed qualified adoption expenses of \$5,000 in 2016, \$10,000 in 2017, \$2,000 in 2018, and \$2,000 in 2019. Y and Z jointly file their Iowa individual income tax return in 2019. Y and Z may claim an Iowa adoption tax credit of \$5,000 on their 2019 Iowa income tax return. Y and Z are not allowed to amend a prior year return in an attempt to claim the credit for unreimbursed qualified adoption expenses paid or incurred prior to the tax year in which the adoption became final.

(2) Claiming the credit in years after the adoption becomes final. For tax years beginning on or after January 1, 2019, if a taxpayer cannot claim the maximum credit amount of \$5,000 for the year the adoption becomes final, the taxpayer may claim an adoption tax credit for any unreimbursed qualified adoption expenses paid or incurred after the tax year in which the adoption becomes final in the tax year in which unreimbursed qualified adoption expenses are paid or incurred.

EXAMPLE: W and X are married. W and X adopt a child who is permanently placed in Iowa. The adoption process begins in 2018 and becomes final in 2019. Because the adoption becomes final on or after January 1, 2017, W and X qualify for a maximum credit amount of \$5,000. W and X incur and pay unreimbursed qualified adoption expenses of \$1,000 in 2018, and \$1,000 in 2019. W and X jointly file their Iowa individual income tax return in 2019. W and X may claim the Iowa adoption tax credit in 2019 in the amount of \$2,000. In 2020, W and X incur and pay \$5,000 in unreimbursed qualified adoption expenses in connection to the adoption finalized in 2019. W and X may claim the remaining \$3,000 credit on their jointly filed Iowa individual income tax return for 2020 for unreimbursed qualified adoption expenses incurred and paid in 2020. W and X shall not amend their 2019 return to reflect the additional unreimbursed qualified adoption expenses from 2020.

d. Claiming the credit by two adoptive parents. The adoption tax credit may only be claimed by a person who adopted the child. When a married couple adopts a child together and the couple files jointly on the same return, the credit may only be claimed once between the couple. When any other two persons adopt a child together, including married persons filing separately on the same or different returns or any unmarried persons filing on separate returns, the credit must be divided between the adoptive parents. Two adoptive parents, other than persons who are married filing jointly, may agree to divide the credit in any way. The total adoption tax credit claimed for all years by both parents combined may not exceed the maximum credit amount per adoption provided in paragraph 42.52(4) "a."

EXAMPLE: Peyton and Kerry are unmarried individuals. Peyton and Kerry adopt a child together. The child is permanently placed in Iowa. The adoption process begins and ends in 2018. Because the adoption becomes final on or after January 1, 2017, Peyton and Kerry qualify for a maximum credit amount of \$5,000. However, Peyton and Kerry pay and incur unreimbursed qualified adoption expenses of only \$3,000 in 2018. Accordingly, Peyton and Kerry may claim an Iowa adoption tax credit of \$3,000 in 2018, which must be divided between them. Peyton and Kerry agree that Peyton will claim \$2,000 of the credit, and Kerry will claim \$1,000 of the credit.

e. Adoption of a special needs child. If a taxpayer adopts a special needs child, the credit under this rule cannot exceed the amount of qualified adoption expenses paid or incurred by the taxpayer during the tax year. The amount of the federal adoption tax credit claimed for the adoption of a special needs child does not affect the amount of the credit under this rule.

EXAMPLE: Francis and Mandy are married. Francis and Mandy adopt a special needs child who is permanently placed in Iowa. The adoption process begins and ends in 2017. Francis and Mandy paid and incurred \$2,000 in unreimbursed qualified adoption expenses related to the adoption during 2017. For federal purposes, Francis and Mandy qualify for a maximum adoption tax credit of \$13,570 for the adoption of a special needs child. For Iowa purposes, Francis and Mandy qualify for a maximum

adoption tax credit of \$2,000, which is equal to the amount of unreimbursed qualified adoption expenses they paid or incurred related to the adoption during the tax year.

f. Adoption tax credit in excess of tax liability. Any credit in excess of the taxpayer's tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

This rule is intended to implement Iowa Code section 422.12A as amended by 2016 Iowa Acts, House File 2468; 2017 Iowa Acts, Senate File 433; and 2019 Iowa Acts, House File 779. [ARC 1665C, IAB 10/15/14, effective 11/19/14; ARC 3749C, IAB 4/11/18, effective 5/16/18; ARC 5308C, IAB 12/2/20, effective 1/6/21]

701—42.53(15) Workforce housing tax incentives program. A business which qualifies under the workforce housing tax incentives program is eligible to receive tax incentives for individual income tax. The workforce housing tax incentives program replaced the eligible housing business enterprise zone program. An eligible business under the workforce housing tax incentives program must be approved by the economic development authority. The administrative rules for the workforce housing tax incentives program for the economic development authority may be found at 261—Chapter 48. The general assembly has mandated that the economic development authority and the department of revenue adopt rules to jointly administer Iowa Code sections 15.351 to 15.356. In general, the economic development authority is responsible for evaluating whether projects meet the requirements for a workforce housing tax incentives program while the department of revenue administers tax credit claims and transfers.

42.53(1) Definitions.

“Costs directly related” means the same as defined in rule 261—48.3(15).

“Qualifying new investment” means the same as defined in rule 261—48.3(15).

42.53(2) Workforce housing tax incentives. The economic development authority will allocate no more than \$20 million in tax incentives for this program for any fiscal year, \$5 million of which shall be reserved for allocation to qualified housing projects in small cities, as defined in Iowa Code section 15.352(10), that are registered on or after July 1, 2017. A housing business that has entered into an agreement with the economic development authority is eligible to receive the tax incentives described in the following paragraphs:

a. Sales tax refund. A housing business may claim a refund of the sales and use tax described in rule 701—12.19(15).

b. Investment tax credit.

(1) Computation of the credit. A housing business may claim a tax credit in an amount not to exceed 10 percent of the qualifying new investment in a housing project not located in a small city, or 20 percent of the qualifying new investment in a housing project located in a small city.

(2) Allocation of the tax credit to the individual owners of the entity or beneficiaries of an estate or trust. An individual may claim a tax credit if the housing business is a partnership, limited liability company, S corporation, estate, or trust electing to have income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings from the partnership, limited liability company, S corporation, estate, or trust.

(3) Refundability. Any tax credit in excess of the taxpayer's liability for the tax year is not refundable.

(4) Carryforward. Any tax credit in excess of the taxpayer's liability may be credited to the tax liability for the following five years or until depleted, whichever is earlier.

42.53(3) Claiming the tax credit—information required. The taxpayer must receive a tax credit certificate from the economic development authority to claim the eligible housing business tax credit. The tax credit certificate shall include the taxpayer's name, the taxpayer's address, the taxpayer's tax identification number, the date the project was completed, the amount of the eligible housing business tax credit and the tax year for which the credit may be claimed. In addition, the tax credit certificate shall include a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred, as provided in subrule 42.53(5). The tax credit certificate must be included with the income tax return for the tax period in which the housing is ready for occupancy.

42.53(4) Basis adjustment. The increase in the basis of the property that would otherwise result from the qualifying new investment shall be reduced by the amount of the investment tax credit. For example, if a new housing project had qualifying new investment of \$1 million which resulted in a \$100,000 investment tax credit for Iowa tax purposes, the basis of the property for Iowa income tax purposes would be \$900,000.

42.53(5) Transfer of the credit.

a. Submission of transferred tax credit certificate to the department—information required. Tax credit certificates issued under an agreement entered into pursuant to subrule 42.53(3) may be transferred to any person. Within 90 days of transfer, the transferee shall submit the transferred tax credit certificate to the department of revenue along with a statement containing the transferee's name, tax identification number, and address, the denomination that each replacement tax credit certificate is to carry, and any other information required by the department of revenue. However, tax credit certificate amounts of less than the minimum amount established in rule by the economic development authority shall not be transferable.

b. Issuance of replacement certificate by the department. Within 30 days of receiving the transferred tax credit certificate and the transferee's statement, the department of revenue shall issue one or more replacement tax credit certificates to the transferee. Each replacement tax credit certificate must contain the information required for the original tax credit certificate and must have the same expiration date that appeared on the transferred tax credit certificate.

c. Claiming the transferred tax credit. A tax credit shall not be claimed by a transferee under this rule until a replacement tax credit certificate identifying the transferee as the proper holder has been issued. The transferee may use the amount of the tax credit transferred for any tax year the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit shall not be deducted from Iowa taxable income for individual income, corporation income, or franchise tax purposes.

d. Unlimited number of transferees and subsequent transfers. There is no limitation on the number of transferees to whom the credit may be transferred. There is no limitation on the number of times that the credit may be retransferred by a transferee. The transferor may divide the credit into multiple credits of alternate denominations so long as the resulting credits are for amounts of no less than the minimum amount established in rule by the economic development authority.

e. Carryforward limitations on transferees. The transferee may use the amount of the transferred tax credit for any tax year that the original transferor could have claimed the tax credit. The carryforward limitations described in subparagraph 42.53(2)“b”(4) shall apply.

42.53(6) Repayment of benefits. If the housing business fails to maintain the requirements of Iowa Code section 15.353, the taxpayer may be required to repay all or a portion of the tax incentives the taxpayer received. Irrespective of the fact that the statute of limitations to assess the taxpayer for repayment of the income tax credit may have expired, the department may proceed to collect the tax incentives forfeited by failure of the taxpayer to maintain the requirements of Iowa Code section 15.353. This repayment is required because it is a recovery of an incentive, rather than an adjustment to the taxpayer's tax liability. Details on the calculation of the repayment can be found in 261—subrule 187.5(4) of the administrative rules of the economic development authority. If the business is a partnership, limited liability company, S corporation, estate or trust where the income of the taxpayer is taxed to the individual owner(s) of the business, the department may proceed to collect the tax incentives against the partners, members, shareholders or beneficiaries to whom the tax incentives were passed through. See Decision of the Administrative Law Judge in *Damien & Colette Trebilcock, et al.*, Docket No. 11DORF 042-044, June 11, 2012.

This rule is intended to implement Iowa Code sections 15.354 and 15.355.

701—42.54(404A,422) Historic preservation and cultural and entertainment district tax credit for projects registered on or after July 1, 2014, and before August 15, 2016. For projects registered

before August 15, 2016, the department of cultural affairs is authorized by the general assembly to award tax credits for a percentage of the qualified rehabilitation expenditures on a qualified rehabilitation project as described in the historic preservation and cultural and entertainment district tax credit program, Iowa Code chapter 404A. The program is administered by the department of cultural affairs with the assistance of the department of revenue. The general assembly has mandated that the department of cultural affairs and the department of revenue adopt rules to jointly administer Iowa Code chapter 404A. In general, the department of cultural affairs is responsible for evaluating whether projects comply with the prescribed standards for rehabilitation while the department of revenue is responsible for evaluating whether projects comply with the tax aspects of the program.

2014 Iowa Acts, House File 2453, amended the historic preservation and cultural and entertainment district tax credit program effective July 1, 2014. The department of revenue's provisions for projects with Part 2 applications approved and tax credits reserved prior to July 1, 2014, are found in rule 701—42.19(404A,422). The department of revenue's provisions for projects registered on or after July 1, 2014, and before August 15, 2016, are found in this rule. The department of cultural affairs' rules related to this program may be found at 223—Chapter 48.

2016 Iowa Acts, House File 2443, amended the program and transferred primary responsibility for its administration to the economic development authority effective August 15, 2016. Effective August 15, 2016, the program is administered by the economic development authority with the assistance of the department of cultural affairs and the department of revenue. The department of revenue's provisions for projects registered on or after August 15, 2016, are found in rule 701—42.55(404A,422). The economic development authority's rules related to the program may be found at 261—Chapter 49. When adopted, the department of cultural affairs' rules related to the program will be found in 223—Chapter 48.

Notwithstanding anything contained herein to the contrary, the department of cultural affairs shall not reserve tax credits under 2013 Iowa Code chapter 404A as amended by 2013 Iowa Acts, chapter 112, section 1, for applicants that do not have an approved Part 2 application and a tax credit reservation on or before June 30, 2014. Projects with approved Part 2 applications and provisional tax credit reservations on or before June 30, 2014, shall be governed by 2013 Iowa Code chapter 404A as amended by 2013 Iowa Acts, chapter 112, section 1; by 223—Chapter 48, Division I; and by rule 701—42.19(404A,422). Projects registered on or after July 1, 2014, but before August 15, 2016, shall be governed by 2014 Iowa Code chapter 404A as amended by 2014 Iowa Acts, House File 2453; by 223—Chapter 48, Division II; and by this rule. Projects registered on or after August 15, 2016, shall be governed by 2016 Iowa Code chapter 404A as amended by 2016 Iowa Acts, House File 2443; by 261—Chapter 49; and by rule 701—42.55(404A,422).

42.54(1) *Application, registration, and agreement for the historic preservation and cultural and entertainment district tax credit.* Taxpayers that want to claim an income tax credit for completing a qualified rehabilitation project must submit an application for approval of the project. The application forms and instructions for the historic preservation and cultural and entertainment district tax credit are available on the department of cultural affairs' website. Once a project is registered, the taxpayer must enter into an agreement with the department of cultural affairs to be eligible for the credit.

42.54(2) *Computation of the amount of the historic preservation and cultural and entertainment district tax credit.* The amount of the historic preservation and cultural and entertainment district tax credit is a maximum of 25 percent of the qualified rehabilitation expenditures verified by the department of cultural affairs and the department of revenue following project completion, up to the amount specified in the agreement between the taxpayer and the department of cultural affairs.

42.54(3) *Qualified rehabilitation expenditures.* "Qualified rehabilitation expenditures" means the same as defined in rule 223—48.22(404A) of the historical division of the department of cultural affairs. In general, the department of cultural affairs evaluates whether expenditures comply with the prescribed standards for rehabilitation while the department of revenue evaluates whether expenditures comply with the tax requirements to be considered qualified rehabilitation expenditures, including whether the expenditures are in accordance with the requirements of Internal Revenue Code Section 47 and its related regulations.

a. Type of property and services eligible. In accordance with Iowa Code section 404A.1(6), the types of property and services claimed for the state tax credit must be “qualified rehabilitation expenditures” in accordance with Internal Revenue Code Section 47. Notwithstanding the foregoing sentence, expenditures incurred by an eligible taxpayer that is a nonprofit organization as defined in Iowa Code section 404A.1(4) shall be considered “qualified rehabilitation expenditures” if they are for “structural components,” as that term is defined in Treasury Regulation § 1.48-1(e)(2), and for amounts incurred for architectural and engineering fees, site survey fees, legal expenses, insurance premiums, development fees and other construction-related costs.

b. Effect of financing sources on eligibility of expenditures. Qualified rehabilitation expenditures do not include expenditures financed by federal, state, or local government grants or forgivable loans unless otherwise allowed under Section 47 of the Internal Revenue Code. For an eligible taxpayer that is a nonprofit organization as defined in Iowa Code section 404A.1(4) that is not eligible for the federal rehabilitation credit, or another person that is not eligible for the federal rehabilitation credit, expenditures financed with federal, state, or local government grants or forgivable loans are not qualified rehabilitation expenditures.

42.54(4) Completion of the qualified rehabilitation project and claiming the tax credit on the Iowa return. After the taxpayer completes a qualified rehabilitation project, the taxpayer will be issued a certificate of completion of the project from the department of cultural affairs if the project complies with the federal standards, as defined in rule 223—48.22(404A). After the department of cultural affairs and the department of revenue verify the taxpayer’s eligibility for the tax credit, the department of cultural affairs shall issue a tax credit certificate.

a. Claiming the credit. For the taxpayer to claim the credit, the certificate must be included with the taxpayer’s income tax return for the tax year in which the rehabilitation project is completed or the income tax return for any tax year within the five years following the tax year of project completion. Taxpayers that elect to delay claiming the credit to a later tax year return as described in this paragraph are subject to the carryforward limitations described in paragraph 42.54(4) “d” below. The credit may be claimed on an amended return so long as the amended return is filed within the statute of limitations applicable to the tax year for which the amended tax return is being filed.

b. Information required. The tax credit certificate shall include the taxpayer’s name, the taxpayer’s address, the taxpayer’s tax identification number, the address or location of the rehabilitation project, the date the project was completed, the amount of the historic preservation and cultural and entertainment district tax credit, and, if applicable, an indication of whether the credit is nonrefundable (see paragraph 42.54(4) “c” below). In addition, the tax credit certificate shall include a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred, as provided in subrule 42.54(5). In addition, if the taxpayer is a partnership, limited liability company, estate or trust, and the tax credit is allocated to the owners or beneficiaries of the entity, a list of the owners or beneficiaries and the amount of credit allocated to each owner or beneficiary shall be provided with the certificate.

c. Refundability. A historic preservation and cultural and entertainment district tax credit in excess of the taxpayer’s tax liability is fully refundable with interest computed under Iowa Code section 422.25. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year. To receive a refundable credit, the taxpayer must elect to receive the credit as refundable at the Part 3 stage of the application process administered by the department of cultural affairs. Once the taxpayer elects to receive a nonrefundable credit, the taxpayer cannot elect to change the credit to a refundable credit or vice versa. See department of cultural affairs’ 223—Chapter 48. If the taxpayer is a transferee, the taxpayer may elect to receive the credit as refundable or nonrefundable when the taxpayer applies to the department of revenue for transfer of the tax credit as described in subrule 42.54(5).

d. Carryforward. If the taxpayer elects to receive a nonrefundable historic preservation and cultural and entertainment district tax credit as described in paragraph 42.54(4) “b,” the amount in excess of the taxpayer’s tax liability may be carried forward for five years following the tax year in which the project is completed, or until it is depleted, whichever is earlier. A tax credit shall not be

carried back to a tax year prior to the tax year in which the taxpayer is first eligible to claim the credit. Regardless of whether the taxpayer elects to claim the tax credit on a tax return for a year that is later than the year of project completion as described in paragraph 42.54(4)“a,” the taxpayer must utilize the entire credit within five years following the tax year of the project completion as described in this paragraph; any credit amount that is not utilized within the five-year carryforward period is forfeited. The five-year carryforward limitation does not apply if the taxpayer elects to receive a refundable credit, the excess of which may be credited to future tax years as an overpayment.

e. Allocation of historic preservation and cultural and entertainment district tax credits to the individual owners of the entity or beneficiaries of an estate or trust. A partnership, limited liability company or S corporation may designate the amount of the tax credit to be allocated to each partner, member or shareholder. The credit does not have to be allocated based on the pro rata share of earnings of the partnership, limited liability company or S corporation. For an individual claiming a tax credit of an estate or trust, the amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings from the estate or trust.

42.54(5) Transfer of the historic preservation and cultural and entertainment district tax credit. The historic preservation and cultural and entertainment district tax credit certificates may be transferred to any person or entity. The transferee may use the amount of the tax credit transferred against the taxes imposed in Iowa Code chapter 422, divisions II, III, and V, and in Iowa Code chapter 432, for any tax year the original transferor could have claimed the tax credit. Transferees must elect to receive either a refundable or nonrefundable tax credit. Once the transferee elects to receive a nonrefundable credit, the transferee cannot elect to change the credit to a refundable credit or vice versa. A tax credit certificate of less than \$1,000 shall not be transferable.

a. Transfer process—information required. Within 90 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department of revenue along with a statement that contains the transferee’s name, address and tax identification number, the amount of the tax credit being transferred, an election to receive either a refundable or nonrefundable tax credit, and the amount of all consideration provided in exchange for the tax credit and the names of recipients of any consideration provided in exchange for the tax credit. If a payment of money was any part of the consideration provided in exchange for the tax credit, the transferee shall list the amount of the payment of money in its statement to the department of revenue. If any part of the consideration provided in exchange for the tax credit included nonmonetary consideration, including but not limited to any promise, representation, performance, discharge of debt or nonmonetary rights or property, the tax credit transferee shall describe the nature of the nonmonetary consideration and disclose any value the transferor and transferee assigned to the nonmonetary consideration. The tax credit transferee must indicate on its statement to the department of revenue if no consideration was provided in exchange for the tax credit. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the department of revenue will issue the replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company or S corporation, the transferee shall provide a list of the partners, members or shareholders and information on how the historic preservation and cultural and entertainment district tax credit should be divided among the partners, members or shareholders. The transferee shall also provide the tax identification numbers and addresses of the partners, members or shareholders. The certificate must have the same information required for the original tax certificate and must have the same expiration date as the original tax credit certificate. The transferee may not claim a tax credit until a replacement certificate identifying the transferee as the proper holder has been issued.

b. Consideration. Any consideration received for the transfer of the tax credit shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

c. Unlimited number of transferees and subsequent transfers. There is no limitation on the number of transferees to whom the credit may be transferred. There is no limitation on the number of times that the credit may be retransferred by a transferee. The transferor may divide the credit into multiple credits of alternate denominations so long as the resulting credits are for amounts of no less than \$1,000.

d. Carryforward limitations on transferees. The transferee may use the amount of the transferred tax credit for any tax year that the original transferor could have claimed the tax credit. The carryforward limitations described in paragraph 42.54(4) “d” shall apply.

42.54(6) Appeals. Challenges to an action by the department of revenue related to tax credit transfers, the claiming of tax credits, tax credit revocation, or repayment or recovery of tax credits must be brought pursuant to 701—Chapter 7.

This rule is intended to implement Iowa Code chapter 404A as amended by 2016 Iowa Acts, House File 2443, and Iowa Code section 422.11D.

[ARC 1968C, IAB 4/15/15, effective 5/20/15; ARC 2928C, IAB 2/1/17, effective 3/8/17]

701—42.55(404A,422) Historic preservation and cultural and entertainment district tax credit for projects registered on or after August 15, 2016. The economic development authority is authorized by the general assembly to award tax credits for a percentage of the qualified rehabilitation expenditures on a qualified rehabilitation project as described in the historic preservation and cultural and entertainment district tax credit program, Iowa Code chapter 404A. The program is administered by the economic development authority with the assistance of the department of cultural affairs and the department of revenue. The general assembly has mandated that the economic development authority, the department of cultural affairs and the department of revenue adopt rules as necessary to administer Iowa Code chapter 404A. In general, the department of revenue is responsible for administering tax credit transfers and processing and auditing tax credits claimed on returns. For the economic development authority’s rules on the credit program, see 261—Chapter 49. For the department of cultural affairs’ rules on the credit program, see 223—Chapter 48.

42.55(1) Program transition. 2016 Iowa Acts, House File 2443, made several changes to the credit program, including transferring primary responsibility for the program’s administration from the department of cultural affairs to the economic development authority. Projects registered prior to August 15, 2016, remain under the purview of the department of cultural affairs, with assistance from the department of revenue. For department of revenue rules related to projects registered prior to August 15, 2016, see rules 701—42.54(404A,422) and 701—42.19(404A,422).

42.55(2) Application, registration, and agreement for the historic preservation and cultural and entertainment district tax credit. For rules on the application, registration, and agreement process, see economic development authority rules, 261—Chapter 49.

42.55(3) Computation of the amount of the historic preservation and cultural and entertainment district tax credit. The amount of the historic preservation and cultural and entertainment district tax credit is a maximum of 25 percent of the qualified rehabilitation expenditures verified by the economic development authority following project completion, up to the amount specified in the agreement between the taxpayer and the economic development authority. For more information on the credit computation, see economic development authority rules, 261—Chapter 49. The amount remains subject to audit by the department of revenue when the credit is claimed on the taxpayer’s tax return.

42.55(4) Qualified rehabilitation expenditures. “Qualified rehabilitation expenditures” means the same as defined in Iowa Code section 404A.1(7) and rule 261—49.5(404A) of economic development authority rules. In the event of an audit, the department of revenue evaluates whether expenditures comply with the agreement between the economic development authority and the eligible taxpayer, as well as with applicable statutes and rules, including Internal Revenue Code Section 47 and its related regulations.

42.55(5) Completion of the qualified rehabilitation project and claiming the tax credit. After the economic development authority verifies the taxpayer’s eligibility for the tax credit, the economic development authority shall issue a tax credit certificate. For more information on credit certificate issuance, see economic development authority rules, 261—Chapter 49.

a. Claiming the credit. For the taxpayer to claim the credit, the certificate must be included with the taxpayer’s income tax return for the tax year in which the rehabilitation project is completed or the income tax return for any year within the five years following the year of project completion. Taxpayers that elect to delay claiming the credit to a later year’s return as described in this paragraph are subject to

the carryforward limitations described in paragraph 42.55(5) “d” below. The credit may be claimed on an amended return so long as the amended return is filed within the statute of limitations applicable to the tax year for which the amended tax return is being filed.

b. Information required. The tax credit certificate shall include the taxpayer’s name, the taxpayer’s address, the taxpayer’s tax identification number, the address or location of the rehabilitation project, the date the project was completed, the amount of the historic preservation and cultural and entertainment district tax credit, and, if applicable, an indication of whether the credit is nonrefundable (see paragraph 42.55(5) “c” below). In addition, the tax credit certificate shall include a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred, as provided in subrule 42.55(6). In addition, if the taxpayer is a partnership, limited liability company, estate or trust, and the tax credit is allocated to the owners or beneficiaries of the entity, a list of the owners or beneficiaries and the amount of credit allocated to each owner or beneficiary shall be provided with the certificate.

c. Refundability. A historic preservation and cultural and entertainment district tax credit in excess of the taxpayer’s tax liability is fully refundable with interest computed under Iowa Code section 422.25. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year. To receive a refundable credit, the taxpayer must elect to receive the credit as refundable at the Part 3 stage of the application process administered by the economic development authority. See the economic development authority’s rule 261—49.15(404A). Once the taxpayer elects to receive a nonrefundable credit, the taxpayer cannot elect to change the credit to a refundable credit or vice versa. If the taxpayer is a transferee, the taxpayer may elect to receive the credit as refundable when the taxpayer applies to the department of revenue for transfer of the tax credit as described in subrule 42.55(6).

d. Carryforward. If the taxpayer elects to receive a nonrefundable historic preservation and cultural and entertainment district tax credit as described in paragraph 42.55(5) “b,” the amount in excess of the taxpayer’s tax liability may be carried forward for five years following the tax year in which the project is completed, or until it is depleted, whichever is earlier. A tax credit shall not be carried back to a tax year prior to the tax year in which the taxpayer is first eligible to claim the credit. Regardless of whether the taxpayer elects to claim the tax credit on a tax return for a year that is later than the year of project completion as described in paragraph 42.55(5) “a,” the taxpayer must utilize the entire credit within five years following the tax year of the project completion as described in this paragraph; any credit amount that is not utilized within the five-year carryforward period is forfeited. The five-year carryforward limitation does not apply if the taxpayer elects to receive a refundable credit, the excess of which may be credited to future tax years as an overpayment.

e. Allocation of historic preservation and cultural and entertainment district tax credits to the individual owners of the entity or beneficiaries of an estate or trust. A partnership, limited liability company or S corporation may designate the amount of the tax credit to be allocated to each partner, member or shareholder. The credit does not have to be allocated based on the pro rata share of earnings of the partnership, limited liability company or S corporation. For an individual claiming a tax credit of an estate or trust, the amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings from the estate or trust.

42.55(6) Transfer of the historic preservation and cultural and entertainment district tax credit. The historic preservation and cultural and entertainment district tax credit certificates may be transferred to any person or entity. The transferee may use the amount of the tax credit transferred against the taxes imposed in Iowa Code chapter 422, divisions II, III, and V, and in Iowa Code chapter 432, for any tax year that the original transferor could have claimed the tax credit. Transferees must elect to receive either a refundable or nonrefundable tax credit. Once the transferee elects to receive a nonrefundable credit, the transferee cannot elect to change the credit to a refundable credit or vice versa. A tax credit certificate of less than \$1,000 shall not be transferable.

a. Transfer process—information required. Within 90 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department of revenue along with a statement that contains the transferee’s name, address and tax identification number, the amount of the

tax credit being transferred, an election to receive either a refundable or nonrefundable tax credit, and the amount of all consideration provided in exchange for the tax credit and the names of recipients of any consideration provided in exchange for the tax credit. If a payment of money was any part of the consideration provided in exchange for the tax credit, the transferee shall list the amount of the payment of money in its statement to the department of revenue. If any part of the consideration provided in exchange for the tax credit included nonmonetary consideration, including but not limited to any promise, representation, performance, discharge of debt or nonmonetary rights or property, the tax credit transferee shall describe the nature of the nonmonetary consideration and disclose any value the transferor and transferee assigned to the nonmonetary consideration. The tax credit transferee must indicate on its statement to the department of revenue if no consideration was provided in exchange for the tax credit. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the department of revenue will issue the replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company or S corporation, the transferee shall provide a list of the partners, members or shareholders and information on how the historic preservation and cultural and entertainment district tax credit should be divided among the partners, members or shareholders. The transferee shall also provide the tax identification numbers and addresses of the partners, members or shareholders. The certificate must have the same information required for the original tax credit certificate and must have the same expiration date as the original tax credit certificate. The transferee may not claim a tax credit until a replacement certificate identifying the transferee as the proper holder has been issued.

b. Consideration. Any consideration received for the transfer of the tax credit shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

c. Unlimited number of transferees and subsequent transfers. There is no limitation on the number of transferees to whom the credit may be transferred. There is no limitation on the number of times that the credit may be retransferred by a transferee. The transferor may divide the credit into multiple credits of alternate denominations so long as the resulting credits are for amounts of no less than \$1,000.

d. Carryforward limitations on transferees. The transferee may use the amount of the transferred tax credit for any tax year that the original transferor could have claimed the tax credit. The carryforward limitations described in paragraph 42.55(4) “d” shall apply.

42.55(7) Appeals. Challenges to an action by the department of revenue related to tax credit transfers, the claiming of tax credits, tax credit revocation, or repayment or recovery of tax credits must be brought pursuant to 701—Chapter 7.

This rule is intended to implement Iowa Code chapter 404A as amended by 2016 Iowa Acts, House File 2443, and Iowa Code section 422.11D.

701—42.56(15,422) Renewable chemical production tax credit program. An eligible business that has received a renewable chemical production tax credit certificate from the economic development authority may claim a tax credit against individual income tax. The credit is equal to the product of five cents multiplied by the number of pounds of renewable chemicals produced in Iowa from biomass feedstock by the eligible business during a given production year, subject to the limitations described in Iowa Code sections 15.315 through 15.322, 261—Chapter 81, and this rule. The economic development authority’s rules on eligibility for the credit may be found in 261—Chapter 81.

42.56(1) Application and agreement for the credit. To be eligible for the tax credit, the eligible business must apply to and enter into an agreement with the economic development authority. The economic development authority’s rules on the application and agreement process may be found in 261—Chapter 81.

42.56(2) Computation of the amount of credit and certificate issuance. Upon establishing that all requirements of the program and the agreement have been fulfilled and verifying the taxpayer’s eligibility for the tax credit, the economic development authority calculates the credit. Then the economic development authority issues the related tax credit certificate to the eligible business stating

the amount of the renewable chemical production tax credit that the eligible business may claim. A tax credit certificate shall not be issued by the economic development authority prior to July 1, 2018. The economic development authority's rules on credit certificate issuance may be found in 261—Chapter 81.

42.56(3) Claiming the tax credit.

a. Claiming the credit, generally. To claim the credit, a taxpayer must include one or more tax credit certificates with the taxpayer's tax return for the tax year during which the eligible business was issued the tax credit certificate or certificates. If the taxpayer claiming the credit has already filed a return for the tax year for which the credit certificate was issued, the taxpayer may claim the credit on an amended return. The taxpayer must file the amended return within the statute of limitations applicable to such amended return. No tax credit may be claimed under this program by a taxpayer prior to September 1, 2018.

b. Claiming the credit of a pass-through entity. To claim the credit of an eligible business that is a pass-through entity, an individual taxpayer must claim the credit on the tax return for the tax year during which the eligible business received the tax credit certificate. Such tax year may be either the tax year of the eligible business or of the individual.

EXAMPLE: A partnership has a fiscal year of September 2017 through August 2018. The partnership receives a renewable chemical production tax credit certificate under this program in July 2018, which is during the partnership's 2017 tax year. A partner in the partnership files individual returns on a calendar year basis, which means that the credit was issued in the partner's 2018 tax year. That partner may file an amended 2017 tax return to claim the credit based on the partnership's tax year, or that partner may claim the credit on the partner's 2018 tax return based on the partner's own tax year.

c. Information required. The tax credit certificate shall include the taxpayer's name, address, tax identification number, the amount of the credit, the name of the eligible business, and any other information required by the department of revenue.

d. Allocation to the individual owners of the entity or beneficiaries of an estate or trust. An individual may claim the credit of a partnership, limited liability company, S corporation, cooperative organized under Iowa Code chapter 501 and filing as a partnership for tax purposes, estate, or trust electing to have income taxed directly to the individual. The amount claimed by the individual shall be based on the pro rata share of the individual's earnings from the partnership, limited liability company, S corporation, cooperative, estate, or trust.

e. Refundability. Any credit in excess of the tax liability is refundable. In lieu of claiming a refund, the taxpayer may elect to have the overpayment shown on the taxpayer's final, completed return credited to the tax liability for the following tax year.

f. Transferability. Tax credit certificates shall not be transferred to any other person.

g. Rescission and recapture. The tax credit certificate, unless rescinded by the economic development authority, shall be accepted by the department of revenue, subject to any conditions or restrictions placed upon the face of the tax credit certificate by the economic development authority and subject to the limitations of the program. Should the economic development authority reduce, terminate, or rescind any tax credits issued under the program, the eligible business may be subject to the repayment or recapture of any credits already claimed. The economic development authority's rules related to the program may be found in 261—Chapter 81. The repayment of tax credits or recapture by the department of revenue shall be accomplished in the same manner as provided in Iowa Code section 15.330(2).

This rule is intended to implement Iowa Code section 422.10B.

CHAPTER 52
FILING RETURNS, PAYMENT OF TAX,
PENALTY AND INTEREST, AND TAX CREDITS
[Prior to 12/17/86, Revenue Department[730]]

701—52.1(422) Who must file. Every corporation, organized under the laws of Iowa or qualified to do business within this state or doing business within Iowa, regardless of net income, shall file a true and accurate return of its income or loss for the taxable period. The return shall be signed by the president or other duly authorized officer. If the corporation was inactive or not doing business within Iowa, although qualified to do so, during the taxable year, the return must contain a statement to that effect.

For tax years beginning on or after January 1, 1989, every corporation organized under the laws of Iowa, doing business within Iowa, or deriving income from sources consisting of real or tangible property located or having a situs within Iowa, shall file a true and accurate return of its income or loss for the taxable period. The return shall be signed by the president or other duly authorized officer.

For tax years beginning on or after January 1, 1995, every corporation organized under the laws of Iowa, doing business within Iowa, or deriving income from sources consisting of real, tangible, or intangible property located or having a situs within Iowa, shall file a true and accurate return of its income or loss for the taxable period. The return shall be signed by the president or other duly authorized officer. For tax years beginning on or after January 1, 1999, every corporation doing business within Iowa, or deriving income from sources consisting of real, tangible, or intangible property located or having a situs within Iowa, shall file a true and accurate return of its income or loss for the taxable period. The return shall be signed by the president or other duly authorized officer.

Political organizations described in Internal Revenue Code Section 527 which are domiciled in this state and are required to file federal Form 1120POL and pay federal corporation income tax are subject to Iowa corporation income tax to the same extent as they are subject to federal corporation income tax.

Homeowners associations described in Internal Revenue Code Section 528 which are domiciled in this state and are required to file federal Form 1120H and pay federal corporation income tax are subject to Iowa corporation income tax to the same extent as they are subject to federal corporation income tax.

52.1(1) Definitions.

a. Doing business. The term “doing business” is used in a comprehensive sense and includes all activities or any transactions for the purpose of financial or pecuniary gain or profit. Irrespective of the nature of its activities, every corporation organized for profit and carrying out any of the purposes of its organization shall be deemed to be “doing business.” In determining whether a corporation is doing business, it is immaterial whether its activities actually result in a profit or loss.

b. Representative. A person may be considered a representative even though that person may not be considered an employee for other purposes such as withholding of income tax from commissions.

c. Tangible property having a situs within this state. The term “tangible property having a situs within this state” means that tangible property owned or used by a foreign corporation is habitually present in Iowa or it maintains a fixed and regular route through Iowa sufficient so that Iowa could constitutionally under the 14th Amendment and Commerce Clause of the United States Constitution impose an apportioned ad valorem tax on the property. *Central R. Co. v. Pennsylvania*, 370 U.S. 607, 82 S.Ct. 1297, 8 L.Ed.2d (1962); *New York Central & H. Railroad Co. v. Miller*, 202 U.S. 584, 26 S.Ct. 714, 50 L.Ed. 1155 (1906); *American Refrigerator Transit Company v. State Tax Commission*, 395 P.2d 127 (Or. 1964); *Upper Missouri River Corporation v. Board of Review*, Woodbury County, 210 N.W.2d 828.

d. Intangible property located or having a situs within Iowa. Intangible property does not have a situs in the physical sense in any particular place. *Wheeling Steel Corporation v. Fox*, 298 U.S. 193, 80 L.Ed. 1143, 56 S.Ct. 773 (1936); *McNamara v. George Engine Company, Inc.*, 519 So.2d 217 (La. App. 1988). The term “intangible property located or having a situs within Iowa” means generally that the intangible property belongs to a corporation with its commercial domicile in Iowa or, regardless of where the corporation which owns the intangible property has its commercial domicile, the intangible property has become an integral part of some business activity occurring regularly in Iowa. *Beidler v. South Carolina Tax Commission*, 282 U.S. 1, 75 L.Ed. 131, 51 S.Ct. 54 (1930); *Geoffrey, Inc. v. South*

Carolina Tax Commission, 437 S.E.2d 13 (S.C. 1993), cert. denied, 114 S.Ct. 550 (1993); *Kmart Properties, Inc. v. Taxation & Revenue Department of New Mexico*, 131 P. 3d 27 (N.M. Ct. App. 2001), rev'd on other issues, 131 P. 3d 22 (N.M. 2005); *Secretary, Department of Revenue v. Gap (Apparel), Inc.*, 886 So. 2d 459 (La.Ct.App. 2004); *A & F Trademark v. Tolson*, 605 S.E. 2d 187 (N.C.App. 2004), cert. denied 126 S.Ct. 353 (2005); *Lanco, Inc. v. Director, Division of Taxation*, 879 A.2d 1234 (N.J.Super.A.D. 2005), aff'd, 908 A.2d 176 (N.J. 2006) (per curiam), cert. denied 127 S.Ct. 2974 (June 18, 2007); *Geoffrey, Inc. v. Oklahoma Tax Commission*, 132 P. 3d 632 (Okla. Ct. Civ. App. 2005), cert. denied (Mar. 20, 2006), as corrected (Apr. 12, 2006); *FIA Card Services, Inc. v. Tax Comm'r*, 640 S.E.2d 226 (W. Va. 2006), cert. denied, 127 S.Ct. 2997 (June 18, 2007); *Capital One Bank v. Commissioner of Revenue*, 899 N.E.2d 76 (Mass. 2009); *Geoffrey, Inc. v. Commissioner of Revenue*, 899 N.E.2d 87 (Mass. 2009); *KFC Corporation v. Iowa Department of Revenue*, 792 N.W. 2d 308 (Iowa 2010), cert. denied 132 S. Ct. 97 (October 3, 2011). The following is a noninclusive list of types of intangible property: copyrights, patents, processes, trademarks, trade names, franchises, contracts, bank deposits including certificates of deposit, repurchase agreements, mortgage loans, consumer loans, business loans, shares of stocks, bonds, licenses, partnership interests including limited partnership interests, leaseholds, money, evidences of an interest in property, evidences of debts such as credit card debt, leases, an undivided interest in a loan, rights-of-way, and interests in trusts.

The term also includes every foreign corporation which has acquired a commercial domicile in Iowa and whose property has not acquired a constitutional tax situs outside of Iowa.

52.1(2) Corporate activities not creating taxability. Public Law 86-272, 15 U.S.C.A., Sections 381-385, in general prohibits any state from imposing an income tax on income derived within the state from interstate commerce if the only business activity within the state consists of the solicitation of orders of tangible personal property by or on behalf of a corporation by its employees or representatives. Such orders must be sent outside the state for approval or rejection and, if approved, must be filled by shipment or delivery from a point outside the state to be within the purview of Public Law 86-272. Public Law 86-272 does not extend to those corporations which sell services, real estate, or intangibles in more than one state or to domestic corporations. For example, Public Law 86-272 does not extend to brokers or manufacturers' representatives or other persons or entities selling products for another person or entity.

a. If the only activities in Iowa of a foreign corporation selling tangible personal property are those of the type described in the noninclusive listing below, the corporation is protected from the Iowa corporation income tax law by Public Law 86-272.

(1) The free distribution by salespersons of product samples, brochures, and catalogues which explain the use of or laud the product, or both.

(2) The lease or ownership of motor vehicles for use by salespersons in soliciting orders.

(3) Salespersons' negotiation of a price for a product, subject to approval or rejection outside the taxing state of such negotiated price and solicited order.

(4) Demonstration by salesperson, prior to the sale, of how the corporation's product works.

(5) The placement of advertising in newspapers, radio, and television.

(6) Delivery of goods to customers by foreign corporation in its own or leased vehicles from a point outside the taxing state. Delivery does not include nonimmune activities, such as picking up damaged goods.

(7) Collection of state or local-option sales taxes or state use taxes from customers.

(8) Audit of inventory levels by salespersons to determine if corporation's customer needs more inventory.

(9) Recruitment, training, evaluation, and management of salespersons pertaining to solicitation of orders.

(10) Salespersons' intervention/mediation in credit disputes between customers and non-Iowa located corporate departments.

(11) Use of hotel rooms and homes for sales-related meetings pertaining to solicitation of orders.

(12) Salespersons' assistance to wholesalers in obtaining suitable displays for products at retail stores.

- (13) Salespersons' furnishing of display racks to retailers.
- (14) Salespersons' advice to retailers on the art of displaying goods to the public.
- (15) Rental of hotel rooms for short-term display of products.
- (16) Mere forwarding of customer questions, concerns, or problems by salespersons to non-Iowa locations.

b. For tax years beginning on or after January 1, 1996, a foreign corporation will not be considered doing business in this state or deriving income from sources within this state if its only activities within this state are one or more of the following activities:

- (1) Holding meetings of the board of directors or shareholders, or holiday parties, or employee appreciation dinners.
- (2) Maintaining bank accounts.
- (3) Borrowing money, with or without security.
- (4) Utilizing Iowa courts for litigation.
- (5) Owning and controlling a subsidiary corporation which is incorporated in or which is transacting business within this state where the holding or parent company has no physical presence in the state as that presence relates to the ownership or control of the subsidiary.
- (6) Recruiting personnel where hiring occurs outside the state.

c. For tax years beginning on or after January 1, 1997, a foreign corporation will not be considered doing business in this state or deriving income from sources within this state if its only activities within this state, in addition to the activities listed in paragraph "b" above, are training its employees or educating its employees, or using facilities in this state for this purpose.

d. For tax years beginning on or after January 1, 2006, a foreign corporation will not be considered to be doing business in Iowa or deriving income from sources within Iowa if its only activities within Iowa, in addition to the activities listed in paragraphs "b" and "c" of this subrule, are utilizing a distribution facility in Iowa, owning or leasing property at a distribution facility in Iowa, or selling property shipped or distributed from a distribution facility in Iowa.

A distribution facility is an establishment at which shipments of tangible personal property are processed for delivery to customers. A distribution facility does not include an establishment at which retail sales of tangible personal property or returns of such property are undertaken with respect to retail customers more than 12 days in a year. However, an exception to the 12-day requirement is allowed for distribution facilities that process customer orders by mail, telephone, or electronic means, if the distribution facility also processes shipments of tangible personal property to customers, as long as no more than 10 percent of the goods are delivered or shipped to a purchaser in Iowa.

The following nonexclusive examples illustrate how this subrule applies:

EXAMPLE 1: A, a foreign corporation, stores its inventory of books at a facility in Iowa. The facility processes orders for these books solely by mail, telephone and the Internet on behalf of A, and customers are not allowed to purchase books at the facility's site in Iowa. The facility processes shipments of these books, and 5 percent of the books at this facility are delivered to purchasers located in Iowa. A does not conduct any other business activities in Iowa. A is not considered to be doing business in Iowa because less than 10 percent of the books at the facility are delivered to an Iowa customer.

EXAMPLE 2: B, a foreign corporation, stores its inventory of compact disks at a facility in Iowa. The facility processes orders for these compact disks solely by mail, telephone and the Internet on behalf of B, and customers are not allowed to purchase compact disks at the facility's site in Iowa. The facility processes shipments of these compact disks, and 15 percent of the compact disks at the facility are delivered to purchasers located in Iowa. B does not conduct any other business activities in Iowa. B is considered to be doing business in Iowa because more than 10 percent of the compact disks at the facility are delivered to an Iowa customer.

EXAMPLE 3: C, a foreign corporation, stores its inventory of doors and windows at a facility in Iowa. The facility processes orders for these windows and doors solely by mail, telephone and the Internet, and customers are not allowed to purchase these windows and doors at the facility's site in Iowa. The facility processes shipments of these windows and doors, and 7 percent of the windows and doors are delivered to purchasers located in Iowa. C will also install these windows and doors in Iowa upon customer request.

C is considered to be doing business in Iowa even though less than 10 percent of the windows and doors are delivered to Iowa customers because C is also conducting installation activities in Iowa which are not protected under Public Law 86-272.

EXAMPLE 4: D, a foreign corporation, stores its inventory of home decorating and craft kits at a facility in Iowa. The facility does not process any customer orders by mail, telephone or the Internet, and does not process any shipments of these kits directly to customers. D allows customers to come to the facility 14 days each year to directly purchase these kits, and customers must arrange for their own delivery of the kits. D is considered to be doing business in Iowa because sales to retail customers are conducted more than 12 days in a year, and the facility does not process customer orders or shipments to customers.

52.1(3) Corporate activities creating taxability. “Solicitation of orders” within Public Law 86-272 is limited to those activities which explicitly or implicitly propose a sale or which are entirely ancillary to requests for purchases. Activities that are entirely ancillary to requests for purchases are ones that serve no independent business function apart from their connection to the soliciting of orders. An activity that is not ancillary to requests for purchases is one that a corporation (taxpayer) has a reason to do anyway whether or not it chooses to allocate it to its sales force operating in Iowa (such as repair, installation, service-type activities, or collection on accounts). Activities that take place after a sale ordinarily will not be entirely ancillary to a request for purchases and, therefore, ordinarily will not be considered in “solicitation of orders.” *Wisconsin Department of Revenue v. William Wrigley, Jr. Company*, 505 U.S. 214, 120 L.Ed.2d 174, 112 S.Ct. 2447 (1992).

De minimis activities which are not “solicitation of orders” are protected under Public Law 86-272. Whether in-state nonsolicitation activities are sufficiently de minimis to avoid loss of tax immunity depends upon whether those activities establish only a trivial additional connection with the taxing state. Whether a corporation’s nonsolicitation in-state activities are de minimis should not be decided solely by the quantity of one type of such activity but, rather, all types of nonsolicitation activities of the taxpayer should be considered in their totality. *Wisconsin v. Wrigley*, 505 U.S. 214, 120 L.Ed.2d 174, 112 S.Ct. 2447 (1992). Frequency of the activity may be relevant, but an isolated activity is not invariably trivial. The mere fact that an activity involves small amounts of money or property does not invariably mean it is trivial.

If a foreign corporation has greater than a de minimis amount of Iowa nonsolicitation activity which includes activity of the types described in the noninclusive listing below, whether done by the salesperson, other employee, or other representative, it is not immunized from the Iowa corporation income tax by Public Law 86-272.

- a. Installation or assembly of the corporate product.
- b. Ownership or lease of real estate by corporation.
- c. Solicitation of orders for, or sale of, services or real estate.
- d. Sale of tangible personal property (as opposed to solicitation of orders) or performance of services within Iowa.
- e. Maintenance of a stock of inventory.
- f. Existence of an office or other business location.
- g. Managerial activities pertaining to nonsolicitation activities.
- h. Collections on regular or delinquent accounts.
- i. Technical assistance and training given after the sale to purchaser and user of corporate products.
- j. The repair or replacement of faulty or damaged goods.
- k. The pickup of damaged, obsolete, or returned merchandise from purchaser or user.
- l. Rectification of or assistance in rectifying any product complaints, shipping complaints, etc., if more is involved than relaying complaints to a non-Iowa location.
- m. Delivery of corporate merchandise inventory to corporation’s distributors or dealers on consignment.
- n. Maintenance of personal property which is not related to solicitation of orders.

- o. Participation in recruitment, training, monitoring, or approval of servicing distributors, dealers, or others where purchasers of corporation's products can have such products serviced or repaired.
- p. Inspection or verification of faulty or damaged goods.
- q. Inspection of the customer's installation of the corporate product.
- r. Research.
- s. Salespersons' use of part of their homes or other places as an office if the corporation pays for such use.
- t. The use of samples for replacement or sale; storage of such samples at home or in rented space.
- u. Removal of old or defective products.
- v. Verification of the destruction of damaged merchandise.
- w. Independent contractors, agents, brokers, representatives and other individuals or entities who act on behalf of or at the direction of the corporation (taxpayer) and who do non-de minimis amounts of nonsolicitation activities remove the corporation from the protection of Public Law 86-272. However, the maintenance of an office in Iowa or the making of sales in Iowa by independent contractors does not remove the corporation from the protection of Public Law 86-272. The term "independent contractors" means commission agents, brokers, or other independent contractors who are engaged in selling or soliciting orders for the sale of tangible personal property or perform other services for more than one principal and who hold themselves out as such in the regular course of their business activities. If a person is subject to the direct control of the foreign corporation that person may not qualify as an independent contractor.

52.1(4) *Taxation of corporations having only intangible property located or having a situs in Iowa.* For tax years beginning on or after January 1, 1995, corporations whose only connection with Iowa is their ownership of intangible property located or having a situs in Iowa are subject to Iowa income tax and must file an Iowa income tax return. Intangible property is located or has a situs in Iowa if the corporation's commercial domicile is in Iowa and the intangible property has not become an integral part of some business activity occurring regularly within or without Iowa. Regardless whether the corporation's commercial domicile is in or out of Iowa, intangible property is located or has a situs in Iowa if the intangible property has become an integral part of some business activity occurring regularly in Iowa. *Geoffrey, Inc. v. South Carolina Tax Commission*, 437 S.E.2d 13 (S.C. 1993), cert. denied, 114 S.Ct. 550 (1993); *Arizona Tractor Company v. Arizona State Tax Commission*, 115 Ariz. 602, 566 P.2d 1348 (Ariz. App. 1977); *KFC Corporation v. Iowa Department of Revenue*, 792 N.W. 2d 308 (Iowa 2010), cert. denied 132 S.Ct. 97 (October 3, 2011). In the event that the intangible property interest is a general or limited partnership interest, the location or situs of that partnership interest is the place(s) where the partnership conducts business. *Arizona Tractor Company v. Arizona State Tax Commission*, supra.

The following nonexclusive examples illustrate how this subrule applies:

EXAMPLE 1: A, a corporation with a commercial domicile in State X, has a limited partnership interest in a partnership which does a regular business in Iowa. A has no physical presence in Iowa and has no other contact with Iowa. A's interest in the limited partnership is intangible personal property. A is required to file an Iowa income tax return because A's intangible personal property limited partnership interest has a business situs in Iowa. *Arizona Tractor Company v. Arizona State Tax Commission*, supra.

EXAMPLE 2: B, a corporation with a commercial domicile in State X, owns stock in a subsidiary corporation doing business regularly in Iowa. B has no physical presence in Iowa and has no other contact with Iowa. B controls the subsidiary and has a unitary relationship with it. B pledged the subsidiary stock to secure a line of credit from a bank and used the loaned funds in B's business. Under these circumstances, the subsidiary stock is not an integral part of the subsidiary's business and, therefore, the stock does not have a location or situs in Iowa. Accordingly, B is not required to file an Iowa income tax return as a result of any dividends received by B or capital gains received by B from the sale of the stock. *McNamara v. George Engine Company, Inc.*, 519 So.2d 217 (La. App. 1988).

EXAMPLE 3: C, a corporation with a commercial domicile in State X, owns trademarks and trade names which it, by license agreements, allows other corporations to use. Some of those other corporations do business in Iowa. The trademarks and trade names are used by these other corporations

at their Iowa stores in connection with their business activities at those stores. C has no physical presence in Iowa and has no other contact with Iowa. C is paid royalties of 1 percent of net sales of the licensed products or services. C is required to file an Iowa income tax return because C's intangible property interests in the trademarks and trade names have situs in Iowa. *Geoffrey, Inc. v. South Carolina Tax Commission*, 437 S.E.2d 13 (S.C. 1993), cert. denied, 114 S.Ct. 550 (1993).

EXAMPLE 4: D, a corporation with a commercial domicile in Iowa, is a holding company which does not sell any tangible personal property or sell any business service but which does own the stock of five subsidiaries, all of which do business outside of Iowa. D has no physical presence outside of Iowa and has no other contact outside of Iowa. D has a unitary relationship with each subsidiary. Under these circumstances, the stock is not an integral part of each subsidiary's business so the stock does not have a location or situs outside of Iowa. The location or situs of the stock is in Iowa because D's commercial domicile is in Iowa. Accordingly, all of the dividends from the stock paid to D and any capital gains incurred as a result of D's sale of the stock are wholly taxed by Iowa.

EXAMPLE 5: E, a corporation with a commercial domicile in Iowa, owns trademarks and trade names which it, by license agreements, allows other corporations, located outside of Iowa, to use. The trademarks and trade names are used by these other corporations at their non-Iowa stores in connection with their business activities at those stores. E has no physical presence outside of Iowa and has no other contact outside of Iowa. E has business activities in Iowa. The fees and royalties paid to E are part of E's unitary business income. Under these circumstances, E is entitled to apportion its net income within and without Iowa because E's intangible property interests in the trademarks and trade names have situs outside of Iowa and E has business activities in Iowa.

EXAMPLE 6: F, a corporation with a commercial domicile in State X, owns all of the stock of a subsidiary corporation doing business in Iowa. F has no physical presence in Iowa and no other contact with Iowa. F loans funds to the subsidiary which the subsidiary uses in its Iowa business. Under these circumstances, the interest-bearing asset is not an integral part of the subsidiary's business and, therefore, that intangible asset does not have a location or situs in Iowa. Accordingly, F is not required to file an Iowa income tax return. *Beidler v. South Carolina Tax Commission*, 282 U.S. 1, 75 L.Ed.131, 51 S.Ct. 54 (1930).

EXAMPLE 7: G, a corporation with a commercial domicile in State X, earns fees from the licensing of custom computer software. G has no physical presence in Iowa and no other contact with Iowa. G licenses the software to other corporations which do business in Iowa and which use the software in that business in Iowa. Under these circumstances, regardless whether the fees constitute royalties or something else, the license fees are earned from intangible personal property with a location or situs in Iowa. Accordingly, G is required to file an Iowa income tax return.

EXAMPLE 8: H, a corporation with a commercial domicile in State X, has no physical presence in Iowa. H has entered into a contract with an independent contractor to solicit sales of H's magazines in Iowa. The independent contractor does business in Iowa and receives payment for the magazines and deposits the funds in an Iowa bank for H's account. H earns interest on this account. Under these circumstances which are H's only contact with Iowa, H's interest-bearing account is an integral part of business activity in Iowa. Accordingly, H is required to file an Iowa income tax return and include the interest income in the numerator of the business activity formula.

EXAMPLE 9: J, a corporation with a commercial domicile in State X, earns income from mortgages that the corporation has purchased. J has no physical presence in Iowa and no other contact with Iowa. J earns interest income from the mortgages on property located in Iowa. Under these circumstances, the interest income is an integral part of business activity in Iowa. Accordingly, J is required to file an Iowa income tax return and include the interest income from the mortgages related to Iowa property in the numerator of the apportionment factor.

52.1(5) *Taxation of "S" corporations, domestic international sales corporations and real estate investment trusts.* Certain corporations and other types of entities, which are taxable as corporations for federal purposes, may by federal election and qualification have a portion or all of their income taxable to the shareholders or the beneficiaries. Generally, the state of Iowa follows the federal provisions (with adjustments provided by Iowa law) for determining the amount and to whom the income is taxable.

Examples of entities which may avail themselves of pass-through provisions for taxation of at least part of their net income are real estate investment trusts, small business corporations electing to file under Sections 1371-1378 of the Internal Revenue Code, domestic international sales corporations as authorized under Sections 991-997 of the Internal Revenue Code, and certain types of cooperatives and regulated investment companies. The entity's portion of the net income which is taxable as corporation net income for federal purposes is generally also taxable as Iowa corporation income (with adjustments as provided by Iowa law) and the shareholders or beneficiaries will report on their Iowa returns their share of the organization's income reportable for federal purposes as shareholder income (with adjustments provided by Iowa law). Nonresident shareholders or beneficiaries are required to report their distributive share of said income reasonably attributable to Iowa sources. Schedules shall be filed with the individual's return showing the computation of the income attributable to Iowa sources and the computation of the nonresident taxpayer's distributive share thereof. Entities with a nonresident beneficiary or shareholder shall include a schedule in the return computing the amount of income as determined under 701—Chapter 54. It will be the responsibility of the entity to make the apportionment of the income and supply the nonresident taxpayer with information regarding the nonresident taxpayer's Iowa taxable income.

For tax years beginning on or after January 1, 1995, S corporations which are subject to tax on built-in gains under Section 1374 of the Internal Revenue Code or passive investment income under Section 1375 of the Internal Revenue Code are subject to Iowa corporation income tax on this income to the extent received from business carried on in this state or from sources in this state.

a. The starting point for computing the Iowa tax on built-in gains is the amount of built-in gains subject to federal tax after considering the federal income limitation. The starting point for computing the capital gains subject to Iowa tax is the amount of capital gains subject to federal tax. The starting point for computing the passive investment income subject to Iowa income tax is the amount of passive investment income subject to federal tax. To the extent that any of the above three types of income exist for federal income tax purposes, they are combined for Iowa income tax purposes.

b. No adjustment is made to the above amounts for either 50 percent of federal income tax or Iowa corporation income tax deducted in computing the federal net income of the S corporation for tax years beginning prior to January 1, 2008, and for tax years beginning on or after January 1, 2014. The 50 percent of federal income tax and Iowa corporation income tax deducted in computing federal net income are adjustments to the Iowa net income which flows through to the shareholders for tax years beginning prior to January 1, 2008, and for tax years beginning on or after January 1, 2014. For tax years beginning on or after January 1, 2008, but before January 1, 2014, an adjustment is made to the above amounts for either 50 percent of federal income tax or Iowa corporation income tax deducted in computing the federal net income of the S corporation.

c. The allocation and apportionment rules of 701—Chapter 54 apply to nonresident shareholders if the S corporation is carrying on business within and without the state of Iowa.

d. Any net operating loss carryforward arising in a taxable year for which the corporation was a C corporation shall be allowed as a deduction against the net recognized built-in gain, capital gains, or passive investment income of the S corporation for the taxable year. For purposes of determining the amount of any such loss which may be carried to any of the 15 subsequent taxable years, after the year of the net operating loss, the amount of the net recognized built-in gain shall be treated as taxable income. For taxable years beginning after August 5, 1997, a net operating loss can be carried forward 20 taxable years.

e. Except for estimated and other advance tax payments and any credit carryforward under Iowa Code section 422.33 arising in a taxable year for which the corporation was a C corporation no credits shall be allowed against the built-in gains tax or the tax on capital gains or passive investment income.

For tax years beginning after 1996, Iowa recognizes the federal election to treat subsidiaries of a parent corporation that has elected S corporation status as "qualified subchapter S subsidiaries" (QSSSs). To the extent that, for federal income tax purposes, the incomes and expenses of the QSSSs are combined with the parent's income and expenses, they must be combined for Iowa tax purposes.

52.1(6) *Exempted corporations and organizations filing requirements.*

a. Exempt status. An organization that is exempt from federal income tax under Section 501 of the Internal Revenue Code, unless the exemption is denied under Section 501, 502, 503 or 504 of the Internal Revenue Code, is exempt from Iowa corporation income tax except as set forth in paragraph “e” of this subrule. The department may, if a question arises regarding the exempt status of an organization, request a copy of the federal determination letter.

b. Information returns. Every corporation shall file returns of information as provided by Iowa Code sections 422.15 and 422.16 and any regulations regarding information returns.

c. Annual return. An organization or association which is exempt from Iowa corporation income tax because it is exempt from federal income tax is not required to file an annual income tax return unless it is subject to the tax on unrelated business income. The organization shall inform the director in writing of any revocation of or change of exempt status by the Internal Revenue Service within 30 days after the federal determination.

d. Tax on unrelated business income for tax years beginning on or after January 1, 1988. A tax is imposed on the unrelated business income of corporations, associations, and organizations exempt from the general business tax on corporations by Iowa Code section 422.34, subsection 2, to the extent this income is subject to tax under the Internal Revenue Code. The exempt organization is also subject to the alternative minimum tax imposed by Iowa Code section 422.33(4).

The exempt corporation, association, or organization must file Form IA 1120, Iowa Corporation Income Tax Return, to report its income and complete Form IA 4626 if subject to the alternative minimum tax. The exempt organization must make estimated tax payments if its expected income tax liability for the year is \$1,000 or more.

The tax return is due the last day of the fourth month following the last day of the tax year and may be extended for six months by filing Form IA 7004 prior to the due date. For tax years beginning on or after January 1, 1991, the tax return is due on the fifteenth day of the fifth month following close of the tax year and may be extended six months if 90 percent of the tax is paid prior to the due date.

The starting point for computing Iowa taxable income is federal taxable income as properly computed before deduction for net operating losses. Federal taxable income shall be adjusted as required in Iowa Code section 422.35.

If the activities which generate the unrelated business income are carried on partly within and partly without the state, then the taxpayer should determine the portion of unrelated business income attributable to Iowa by the apportionment and allocation provisions of Iowa Code section 422.33.

The provisions of 701—Chapters 51, 52, 53, 54, 55 and 56 apply to the unrelated business income of organizations exempt from the general business tax on corporations.

e. Certain posts or organizations of past or present armed forces members may be tax-exempt corporations for tax years beginning after May 21, 2003. An organization that would have qualified as an organization exempt from federal income tax under Section 501(c)(19) of the Internal Revenue Code but for the fact that the requirement that 75 percent of the members need to be past or present armed forces members is not met because the membership includes ancestors or lineal descendants is considered to be an organization exempt from federal income tax.

This change is effective for tax years beginning after May 21, 2003.

f. Out-of-state business performing work in Iowa due to state-declared disaster. On or after January 1, 2016, see 701—Chapter 242 for filing requirements for an out-of-state business who enters Iowa to perform disaster and emergency-related work during a disaster response period as those terms are defined in Iowa Code section 29C.24.

52.1(7) Income tax of corporations in liquidation. When a corporation is in the process of liquidation, or in the hands of a receiver, the income tax returns must be made under oath or affirmation of the persons responsible for the conduct of the affairs of such corporations, and must be filed at the same time and in the same manner as required of other corporations.

52.1(8) Income tax returns for corporations dissolved. Corporations which have been dissolved during the income year must file income tax returns for the period prior to dissolution which has not already been covered by previous returns. Officers and directors are responsible for the filing of the returns and for the payment of taxes, if any, for the audit period provided by law.

Where a corporation dissolves and disposes of its assets without making provision for the payment of its accrued Iowa income tax, liability for the tax follows the assets so distributed and upon failure to secure the unpaid amount, suit to collect the tax may be instituted against the stockholders and other persons receiving the property, to the extent of the property received, except bona fide purchasers or others as provided by law.

52.1(9) *Income tax returns for corporations storing goods in an Iowa warehouse.* For tax years beginning on or after January 1, 2001, foreign corporations are not required to file income tax returns if their only activities in Iowa are the storage of goods for a period of 60 consecutive days or less in a warehouse for hire located in Iowa, provided that the foreign corporation transports or causes a carrier to transport such goods to that warehouse and that none of these goods are delivered or shipped to a purchaser in Iowa.

The following nonexclusive examples illustrate how this subrule applies:

EXAMPLE 1: A, a foreign corporation, stores goods in a warehouse for hire in Iowa for a period of 45 consecutive days. The goods are then delivered to a purchaser outside Iowa. If this is A's only activity in Iowa, A is not required to file an Iowa income tax return.

EXAMPLE 2: B, a foreign corporation, stores goods in a warehouse for hire in Iowa for a period of 75 consecutive days. The goods are then delivered to a purchaser outside Iowa. B is required to file an Iowa income tax return because the goods were stored in Iowa for more than 60 consecutive days.

EXAMPLE 3: C, a foreign corporation, stores goods in a warehouse for hire in Iowa for a period of 30 consecutive days. One percent of these goods are shipped to a purchaser in Iowa, and the other 99 percent are shipped to a purchaser outside Iowa. C is required to file an Iowa income tax return because a portion of the goods were shipped to a purchaser in Iowa.

EXAMPLE 4: D, a foreign corporation, has retail stores in Iowa. D also stores goods in a warehouse for hire in Iowa for a period of 30 consecutive days. The goods are then delivered to a purchaser outside Iowa. D is required to file an Iowa income tax return because its Iowa activities are not limited to the storage of goods in a warehouse for hire in Iowa.

EXAMPLE 5: E, a foreign corporation, has goods delivered by a common carrier, F, into a warehouse for hire in Iowa. The goods are stored in the warehouse for a period of 40 consecutive days, and are then delivered to a purchaser outside Iowa. If this is E's only activity in Iowa, E is not required to file an Iowa income tax return. However, F is required to file an Iowa income tax return because it derives income from transportation operations in Iowa.

52.1(10) *Deferment of income for start-up companies.* For tax periods beginning on or after January 1, 2002, but before January 1, 2008, a business that qualifies as a "start-up" business can defer taxable income for the first three years that the business is in operation. The deferment of income for start-up companies is repealed effective for tax years beginning on or after January 1, 2008.

a. Definition of start-up business. A start-up business for purposes of this subrule does not include any of the following:

- (1) An existing business locating in Iowa from another state.
- (2) An existing business locating in Iowa from another location in Iowa.
- (3) A newly created business which is the result of the merger of two or more businesses.
- (4) A newly created subsidiary or new business of a corporation.
- (5) A previously existing business which has been dissolved and reincorporated.
- (6) An existing business operating under a different name and located in a different location.
- (7) A newly created partnership owned by two or more of the same partners as an existing business and engaging in similar business activity as the existing business.
- (8) A business entity that reorganizes or experiences a change in either the legal or trade name of the business.
- (9) A joint venture.

b. Criteria for deferment of taxable income. In order to qualify for the deferment of taxable income for a start-up business, each of the following criteria must be met:

- (1) The taxpayer is a business that is a wholly new start-up business beginning operations during the first tax year for which the deferment of taxable income is claimed.

- (2) The business has its commercial domicile, as defined by Iowa Code section 422.32, in Iowa.
- (3) The operations of the business are funded by at least 25 percent venture capital moneys. “Venture capital moneys” means an equity investment from an individual or a private seed and venture capital fund whose only business is investing in seed and venture capital opportunities. “Venture capital moneys” does not mean a loan or other nonequity financing from a person, financial institution or other entity.
- (4) The taxpayer does not have any delinquent taxes or other debt outstanding and owing to the state of Iowa.

c. Request for deferment of income. A taxpayer must submit a request to the department for the deferment of taxable income. The request must provide evidence that all of the criteria to qualify as a start-up business have been met. The request should be made as soon as possible after the close of the first tax year of the business. The request is to be filed with the Iowa Department of Revenue, Policy Section, Compliance Division, P.O. Box 10457, Des Moines, Iowa 50306-0457. Upon determination that the criteria have been met, the department will notify the taxpayer that the deferment of taxable income is approved. If the request for deferment of taxable income is denied, the taxpayer may file a protest within 60 days of the date of the letter denying the request for deferment of taxable income. The department’s determination letter shall set forth the taxpayer’s rights to protest the department’s determination.

d. Filing of tax returns. If the request for deferment of taxable income is approved, taxable income for the first three years that the business is in operation is deferred. The taxpayer shall pay taxes on the deferred taxable income in five equal annual installments during the five tax years following the three years of deferment. Tax returns must be filed for each tax year in which the deferment is approved. If the taxpayer has a net loss during any tax year during the three-year deferment period, the loss may be applied to any deferred taxable income during that period. For purposes of assessing penalty and interest, the tax on any deferred income is not due and payable until the tax years in which the five equal annual installments are due and payable.

The following nonexclusive examples illustrate how this subrule applies:

EXAMPLE 1: A qualifying start-up business reports Iowa taxable income of \$1,000 in year one, \$5,000 in year two and \$10,000 in year three. The total tax deferred is \$60 in year 1, \$300 in year two and \$600 in year three, or \$960. The taxpayer shall pay \$192 (\$960 divided by 5) in deferred tax for each of the next five tax returns. No penalty or interest is due on the deferred annual tax of \$192 if the returns for years four through eight are filed by the due date and the tax is timely paid. After the return for year three is filed, the department will issue a schedule to the qualifying business indicating that \$192 of additional tax is due annually for years four through eight, and when the additional payments of \$192 are due.

EXAMPLE 2: A qualifying start-up business reports an Iowa taxable loss of \$10,000 in year one, a loss of \$2,000 in year two and taxable income of \$22,000 in year three. The losses for year one and year two can be netted against the income in year three, resulting in deferred taxable income of \$10,000. The tax of \$600 computed on income of \$10,000 will be paid in five equal installments of \$120 for the next five tax returns. No penalty or interest is due on the deferred annual tax of \$120 if the returns for years four through eight are filed by the due date and the tax is timely paid. After the return for year three is filed, the department will issue a schedule to the qualifying business indicating that \$120 of additional tax is due annually for years four through eight and when the additional payments of \$120 are due.

This rule is intended to implement Iowa Code sections 422.21, 422.32, 422.33, 422.34, 422.34A, and 422.36 and Iowa Code section 422.24A as amended by 2008 Iowa Acts, Senate File 2400, section 66.

701—52.2(422) Time and place for filing return.

52.2(1) Returns of corporations. A return of income for all corporations must be filed on or before the due date. The due date for all corporations excepting cooperative associations as defined in Section 6072(d) of the Internal Revenue Code is the last day of the fourth month following the close of the

taxpayer's taxable year, whether the return be made on the basis of the calendar year or the fiscal year; or the last day of the period covered by an extension of time granted by the director. When the due date falls on a Saturday, Sunday or a legal holiday, the return will be due the first business day following the Saturday, Sunday or legal holiday. If a return is placed in the mails, properly addressed and postage paid in ample time to reach the department on or before the due date for filing, no penalty will attach should the return not be received until after that date. Mailed returns should be addressed to Corporate Income Tax Processing, Hoover State Office Building, Des Moines, Iowa 50319.

52.2(2) Returns of cooperatives. A return of income for cooperatives, defined in Section 6072(d) of the Internal Revenue Code, must be filed on or before the fifteenth day of the ninth month following the close of the taxpayer's taxable year.

52.2(3) Short period returns. Where under a provision of the Internal Revenue Code, a corporation is required to file a tax return for a period of less than 12 months, a short period Iowa return must be filed for the same period. The short period Iowa return is due 45 days after the federal due date, not considering any federal extension of time to file.

52.2(4) Extension of time for filing returns for tax years beginning on or after January 1, 1991. See 701—subrule 39.2(4).

This rule is intended to implement Iowa Code sections 422.21 and 422.24.

701—52.3(422) Form for filing.

52.3(1) Use and completeness of prescribed forms. Returns shall be made by corporations on forms supplied by the department. Taxpayers not supplied with the proper forms shall make application for same to the department in ample time to have their returns made, verified and filed on or before the due date. Each taxpayer shall carefully prepare the taxpayer's return so as to fully and clearly set forth the data required. For lack of a prescribed form, a statement made by a taxpayer disclosing the taxpayer's gross income and the deductions therefrom may be accepted as a tentative return, and if verified and filed within the prescribed time, will relieve the taxpayer from liability to penalties, provided that without unnecessary delay such a tentative return is replaced by a return made on the proper form. Each question shall be answered and each direction complied with in the same manner as if the forms and instructions were embodied in these rules.

Failure to receive the proper forms does not relieve the taxpayer from the obligation of making any return required by the statute.

Returns received which are not completed, but merely state "see schedule attached" are not considered to be a properly filed return and may be returned to the taxpayer for proper completion. This may result in the imposition of penalties and interest due to the return being filed after the due date.

52.3(2) Form for filing—domestic corporations. A domestic corporation, as defined by Iowa Code subsection 422.32(5), is required to file a complete Iowa return for each year of its existence regardless of whether the corporation has income, loss, or inactivity. For tax periods beginning on or after January 1, 1999, domestic corporations are required to file a complete Iowa return only if they are doing business in Iowa, or deriving income from sources within Iowa. For tax periods beginning on or after July 1, 2012, domestic corporations must also include a true and accurate copy of their federal corporation income tax return as filed with the Internal Revenue Service with the filing of their Iowa return. At a minimum this return includes the following federal schedules: income statement, balance sheet, reconciliation of income per books with income per return, analysis of unappropriated retained earnings per books, dividend income and special deductions, cost of goods sold, capital gains, tax computation and tax deposits, alternative minimum tax computation, and statements detailing other income and other deductions.

When a domestic corporation is included in the filing of a consolidated federal income tax return, the Iowa corporation income tax return shall include a schedule of the consolidating income statements as properly computed for federal income tax purposes showing the income and expenses of each member of the consolidated group, and a schedule of capital gains on a separate basis.

If a domestic corporation claims a foreign tax credit, research activities credit, alcohol fuel credit, employer social security credit, or work opportunity credit on its federal income tax return, a detailed

computation of the credits claimed shall be included with the Iowa return upon filing. In those instances where the domestic corporation is involved in the filing of a consolidated federal income tax return, the credit computations shall be reported on a separate entity basis.

Similarly, where a domestic corporation is charged with a holding company tax or an alternative minimum tax, the details of the taxes levied shall be put forth in a schedule to be included with the Iowa return. Furthermore, these taxes shall be identified on a separate company basis where the domestic corporation files as a member of a consolidated group for federal purposes.

52.3(3) Form for filing—foreign corporations. Foreign corporations, as defined by Iowa Code subsection 422.32(6), must include a true and accurate copy of their federal corporation income tax return as filed with the Internal Revenue Service with the filing of their Iowa return. At a minimum this return includes the following federal schedules: income statement, balance sheet, reconciliation of income per books with income per return, analysis of unappropriated retained earnings per books, dividend income and special deductions, cost of goods sold, capital gains, tax computation and tax deposits, research activities credit computation, work opportunity credit computation, foreign tax credit computation, alcohol fuel credit computation, employer social security credit computation, alternative minimum tax computation, and statements detailing other income and other deductions.

When a foreign corporation whose income is included in a consolidated federal income tax return files an Iowa return, federal consolidating income statements as properly computed for federal income tax purposes showing the income and expenses of each member of the consolidated group shall be required together with the following additional schedules on a separate basis:

- a. Capital gains.
- b. Dividend income and special deductions.
- c. Research activities credit, alcohol fuel credit and employer social security credit computations.
- d. Work opportunity credit computation.
- e. Foreign tax credit computation.
- f. Holding company tax computation.
- g. Alternative minimum tax computation.
- h. Schedules detailing other income and other deductions.

52.3(4) Amended returns. If it becomes known to the taxpayer that the amount of income reported to be federal net income or Iowa taxable income was erroneously stated on the Iowa return, or changed by Internal Revenue Service audit, or otherwise, the taxpayer shall file an amended Iowa return along with supporting schedules, to include the amended federal return and a copy of the federal revenue agent's report if applicable. A copy of the federal revenue agent's report and notification of final federal adjustments provided by the taxpayer will be acceptable in lieu of an amended return. The assessment or refund of tax shall be dependent on the statute of limitations as set forth in 701—subrule 51.2(1) and rule 701—55.3(422).

This rule is intended to implement Iowa Code section 422.21 and section 422.36 as amended by 2012 Iowa Acts, Senate File 2328.

[ARC 0337C, IAB 9/19/12, effective 10/24/12]

701—52.4(422) Payment of tax.

52.4(1) Quarterly estimated payments. Effective for taxable years beginning on or after July 1, 1977, corporations are required to make quarterly payments of estimated income tax. Rules pertaining to the estimated tax are contained in 701—Chapter 56.

52.4(2) Full estimated payment on original due date. Rescinded IAB 3/15/95, effective 4/19/95.

52.4(3) Penalty and interest on unpaid tax. See rule 701—10.6(421) for penalty for tax periods beginning on or after January 1, 1991. See rule 701—10.8(421) for statutory exemptions to penalty for tax periods beginning on or after January 1, 1991.

Interest shall accrue on tax due from the original due date of the return. Interest on refunds of any portion of the tax imposed by statute which has been erroneously refunded and which is recoverable by the department shall bear interest as provided by law from the date of payment of the refund, considering each fraction of a month as an entire month. See rule 701—10.2(421) for the statutory interest rate.

All payments shall be first applied to the penalty and then to the interest, and the balance, if any, to the amount of tax due.

52.4(4) *Payment of tax by uncertified checks.* The department will accept uncertified checks in payment of income taxes, provided the checks are collectible for their full amount without any deduction for exchange or other charges unless requirements for electronic transmission of remittances and related information specify otherwise. The date on which the department receives the check will be considered the date of payment, so far as the taxpayer is concerned, unless the check is dishonored. If one check is remitted to cover two or more corporations' taxes, the remittance must be accompanied by a letter of transmittal stating: (a) the name of the drawer of the check; (b) the amount of the check; (c) the amount of any cash, money order or other instrument included in the same remittance; (d) the name of each corporation whose tax is to be paid by the remittance; and (e) the amount of payment on account of each corporation.

52.4(5) *Procedure with respect to dishonored checks.* If any check is returned unpaid, all expenses incidental to the collection thereof will be charged to the taxpayer. If any taxpayer whose check has been returned by the depository bank uncollected should fail at once to make the check good, the director will proceed to collect the tax as though no check had been given. A taxpayer who tenders a certified check in payment for taxes is not relieved from his obligation until the check has been paid.

52.4(6) *New jobs credit.* Transferred to 701—52.8(422) IAB 11/28/90, effective 1/2/91.

This rule is intended to implement Iowa Code sections 422.21, 422.24, 422.25, 422.33 and 422.86.

701—52.5(422) Minimum tax.

52.5(1) Rescinded IAB 11/24/04, effective 12/29/04.

52.5(2) For tax years beginning after 1997, a small business corporation or a new corporation for its first year of existence, which through the operation of Internal Revenue Code Section 55(e) is exempt from the federal alternative minimum tax, is not subject to Iowa alternative minimum tax. A small business corporation may apply any alternative minimum tax credit carryforward to the extent of its regular corporation income tax liability.

For tax years beginning on or after January 1, 1987, the minimum tax is imposed only to the extent that it exceeds the taxpayer's regular tax liability computed under Iowa Code subsection 422.33(1). The minimum tax rate is 60 percent of the maximum corporate tax rate rounded to the nearest one-tenth of 1 percent or 7.2 percent. Minimum taxable income is computed as follows:

	State taxable income as adjusted by Iowa Code section 422.35
Plus:	Tax preference items, adjustments and losses added back
Less:	Allocable income including allocable preference items and adjustments under Section 56 of the Internal Revenue Code including adjusted current earnings related to allocable income including the allocable preference items
	Subtotal
Times:	Apportionment percentage
	Result
Plus:	Income allocable to Iowa including allocable preference items and adjustments under Section 56 of the Internal Revenue Code including adjusted current earnings related to allocable income including the allocable preference items
Less:	Iowa alternative tax net operating less deduction \$40,000 exemption amount
Equals:	Iowa alternative minimum taxable income

For tax years beginning on or after January 1, 1987, the items of tax preference are the same items of tax preference under Section 57 except for Subsections (a)(1) and (a)(5) of the Internal Revenue Code used to compute federal alternative minimum taxable income. The adjustments to state taxable

income are those adjustments required by Section 56 except for Subsections (a)(4) and (d) of the Internal Revenue Code used to compute federal alternative minimum taxable income. In making the adjustment under Section 56(c)(1) of the Internal Revenue Code, interest and dividends from federal securities net of amortization of any discount or premium shall be subtracted. For tax years beginning on or after January 1, 1988, in making the adjustment under Section 56(c)(1) of the Internal Revenue Code, interest and dividends from state and other political subdivisions and from regulated investment companies exempt from federal income tax under the Internal Revenue Code shall be subtracted net of amortization of any discount or premium. In making the adjustment for adjusted current earnings, subtract Foreign Sales Company (FSC) dividend income and Puerto Rican dividend income computed under Internal Revenue Code Section 936 to the extent they are included in the federal computation of adjusted current earnings. Losses to be added are those losses required to be added by Section 58 of the Internal Revenue Code in computing federal alternative minimum taxable income.

- a. Tax preference items are:
 1. Intangible drilling costs;
 2. Incentive stock options;
 3. Reserves for losses on bad debts of financial institutions;
 4. Appreciated property charitable deductions;
 5. Accelerated depreciation or amortization on certain property placed in service before January 1, 1987.
- b. Adjustments are:
 1. Depreciation;
 2. Mining exploration and development;
 3. Long-term contracts;
 4. Iowa alternative minimum net operating loss deduction;
 5. Book income or adjusted earnings and profits.
- c. Losses added back are:
 1. Farm losses;
 2. Passive activity losses.

Computation of Iowa alternative minimum tax net operating loss deduction.

Net operating losses computed under rule 701—53.2(422) carried forward from tax years which begin before January 1, 1987, are deductible without adjustment.

Net operating losses from tax years which begin after December 31, 1986, which are carried back or carried forward to the current tax year shall be reduced by the amount of tax preferences and adjustments taken into account in computing the net operating loss prior to applying rule 701—53.2(422). The deduction for a net operating loss from a tax year beginning after December 31, 1986, which is carried back or carried forward shall not exceed 90 percent of the alternative minimum taxable income computed without regard for the net operating loss deduction.

The exemption amount shall be reduced by 25 percent of the amount that the alternative minimum taxable income computed without regard to the \$40,000 exemption exceeds \$150,000. The exemption shall not be reduced below zero.

EXAMPLE: The following example shows the computation of the alternative minimum tax when there are net operating loss carryforwards and carrybacks including an alternative minimum tax net operating loss.

For tax year 1987, the following information is available:

Federal taxable income before NOL	\$182,000
Federal NOL carryforward	<97,000>
Federal income tax	19,750
Tax preferences and adjustments	48,000
Iowa income tax expensed on federal	2,570
Iowa NOL carryforward	147,000

For tax year 1988, the following information is available:

Federal taxable income before NOL	\$ <154,000 >
Federal income tax refund	15,460
Tax preferences and adjustments	78,000
Iowa income tax refund reported on federal	2,570

The alternative minimum tax for 1987 before the 1988 net operating loss carryback should be computed as follows:

Regular Iowa Tax	
Federal taxable income	\$182,000
less 50% federal tax	<9,875 >
add Iowa income tax expensed	<u>2,570</u>
Iowa taxable income before NOL carryforward	\$174,695

*Net operating loss carryforwards from tax years beginning before January 1, 1987, are deductible at 100 percent without reduction for items of tax preference or adjustments arising in the tax year.

The alternative minimum tax for 1987 after the 1988 net operating loss carryback should be computed as follows:

Regular Iowa Tax	
Federal taxable income	\$ 182,000
less 50% federal tax	<9,875 >
add Iowa income tax expensed	<u>2,570</u>
Iowa taxable income before NOL carryforward	\$ 174,695

*For purposes of the alternative minimum tax, net operating loss carryforward or carryback from tax years beginning after December 31, 1986, must be reduced by items of tax preference and adjustments, and are limited to 90 percent of alternative minimum taxable income before deduction of the post-1986 NOL and the \$40,000 exemption amount ($\$75,695 \times 90\% = \$68,126$).

52.5(3) Effective for tax years beginning on or after January 1, 1986, estimated payments are required for minimum tax.

52.5(4) Alternative minimum tax credit for minimum tax paid in a prior tax year. Minimum tax paid by a taxpayer in prior tax years commencing with tax years beginning on or after January 1, 1987, can be claimed as a tax credit against the taxpayer's regular income tax liability in a subsequent tax year. Therefore, 1988 is the first tax year that the minimum tax credit is available for use, and the credit is based on the minimum tax paid by the taxpayer for 1987. The minimum tax credit may only be used against regular income tax for a tax year to the extent that the regular tax is greater than the minimum tax for the tax year. If the minimum tax credit is not used up against the regular tax for a tax year, the remaining credit is carried to the following tax year to be applied against the regular income tax liability for that period.

a. Computation of minimum tax credit on Schedule IA 8827. The minimum tax credit is computed on Schedule IA 8827 from information on Schedule IA 4626 for prior tax years, from Form IA 1120 and Schedule IA 4626 for the current year and from Schedule IA 8827 for prior tax years.

b. Examples of computation of the minimum tax credit and carryover of the credit.

EXAMPLE 1. Taxpayer reported \$5,000 of minimum tax for 2007. For 2008, taxpayer reported regular tax of \$8,000 and the minimum tax liability is \$6,000. The minimum tax credit is \$2,000 for 2008 because, although the taxpayer had an \$8,000 regular tax liability, the credit is allowed only to the

extent that the regular tax exceeds the minimum tax. Since only \$2,000 of the carryover credit from 2007 was used, there is a \$3,000 minimum tax carryover credit to 2009.

EXAMPLE 2. Taxpayer reported \$2,500 of minimum tax for 2007. For 2008, taxpayer reported regular tax of \$8,000 and the minimum tax liability is \$5,000. The minimum tax credit is \$2,500 for 2008 because, although the regular tax exceeded the minimum tax by \$3,000, the credit is allowed only to the extent of minimum tax paid for prior tax years. There is no minimum tax carryover credit to 2009.

c. Computation of the minimum tax credit attributable to a member leaving an affiliated group filing a consolidated Iowa corporation income tax return. The amount of minimum tax credit available for carryforward attributable to a member of a consolidated Iowa income tax return shall be computed as follows: The consolidated minimum tax credit available for carryforward from each tax year is multiplied by a fraction, the numerator of which is the separate member's tax preferences and adjustments for the tax year and the denominator of which is the total tax preferences and adjustments of all members of the consolidated Iowa income tax return for the tax year.

d. Computation of the amount of minimum tax credit which may be used by a new member of a consolidated Iowa corporation income tax return. The amount of minimum tax credit carryforward which may be used by a new member of a consolidated Iowa income tax return is limited to the separate member's contribution to the amount by which the regular income tax set forth in Iowa Code section 422.33 exceeds the tentative minimum tax.

The separate member's contribution to the amount by which the regular income tax exceeds the tentative minimum tax shall be computed as follows:

$$\frac{\left[\frac{A}{B} \times C + D \right] \times F}{E} = \text{Separate member's contribution to the amount by which regular income tax set forth in section 422.33 exceeds the tentative minimum tax.}$$

A = Separate corporation gross sales within Iowa after elimination of all intercompany transactions.

B = Consolidated gross sales within and without Iowa after elimination of all intercompany transactions.

C = Iowa consolidated income subject to apportionment.

D = Separate corporation income allocable to Iowa.

E = Iowa consolidated income subject to tax.

F = The amount by which the regular income tax set forth in Iowa Code section 422.33 exceeds the tentative minimum tax.

e. Minimum tax credit after merger. When two or more corporations merge or consolidate into one corporation, the minimum tax credit of the merged or consolidated corporations is available for use by the survivor of the merger or consolidation.

This rule is intended to implement Iowa Code section 422.33.

701—52.6(422) Motor fuel credit. A corporation may elect to receive an income tax credit in lieu of the motor fuel tax refund provided by Iowa Code chapter 452A. A corporation which holds a motor fuel tax refund permit when it makes this election must cancel the permit within 30 days after the first day of the tax year. However, if the refund permit is not canceled within this period, the permit becomes invalid at the time the election to receive an income tax credit is made. The election will continue for subsequent tax years unless a new motor fuel tax refund permit is obtained.

The amount of the income tax credit must be the amount of Iowa motor fuel tax paid on qualifying fuel purchases as determined by Iowa Code chapter 452A and Iowa Code section 422.110 less any state sales tax as determined by 701—subrule 231.2(2). The credit must be claimed on the tax return covering the tax year in which the motor fuel tax was paid. If the motor fuel credit results in an overpayment of income tax, the overpayment may be refunded or may be credited to income tax due in the subsequent tax year.

Shareholders of S corporations may claim an income tax credit on their individual income tax returns for their respective shares of the motor vehicle fuel taxes paid by the corporations. The credit for a

shareholder is that person's pro rata share of the fuel tax paid by the corporation. A schedule must be attached to the individual's return showing the distribution of gallons and the amount of credit claimed by each shareholder.

The corporation must attach to its return a schedule showing the allocation to each shareholder of the motor fuel purchased by the corporation.

This rule is intended to implement Iowa Code section 422.33.

701—52.7(422) Research activities credit. The taxes imposed on corporate income shall be reduced by a state tax credit for increasing research activities in this state. For corporate income tax, the requirements of the research activities credit are described in Iowa Code section 422.33. This rule explains terms not defined in the statute and procedures for claiming the credit.

52.7(1) Definitions.

"Accountant" means a person authorized under Iowa Code chapter 542 to engage in the practice of public accounting in Iowa as defined in Iowa Code section 542.3(23) or authorized to engage in such practice in another state under a similar law of another state.

"Architect" means a person licensed under Iowa Code chapter 544A or a similar law of another state.

"Aviation and aerospace" means the design, development or production of aircraft, rockets, missiles, spacecraft and other machinery and equipment that operate in aerospace.

"Collection agency" means a person primarily engaged in the business of collecting debt, including but not limited to consumer debt collection subject to the provisions of the federal Fair Debt Collections Practices Act in 15 U.S.C. §1692 et seq., the Iowa debt collection practices Act in Iowa Code sections 537.7101 through 537.7103, or other similar state law.

"Finance or investment company" means a person primarily engaged in finance or investment activities broadly consisting of the holding, depositing, or management of a customer's money or assets for investment purposes, or the provision of loans or other similar financing or credit to customers. "Finance or investment company" includes but is not limited to a person organized or licensed under Iowa Code chapter 524, 533, or 533D or other similar state or federal law, or an investment company as defined in 15 U.S.C. §80a-3.

"Life sciences" means the sciences concerned with the study of living organisms, including agriscience, biology, botany, zoology, microbiology, physiology, biochemistry, and related subjects.

"Manufacturing" means the same as defined in 2018 Iowa Acts, Senate File 2417, section 183.

"Publisher" means a person whose primary business is the publishing of books, periodicals, newspapers, music, or other works for sale in any format.

"Real estate company" means a person licensed under Iowa Code chapter 543B or otherwise primarily engaged in acts constituting dealing in real estate as described in Iowa Code section 543B.6.

"Retailer" means a person that primarily engages in sales of personal property as defined in 2018 Iowa Acts, Senate File 2417, section 158, or services directly to an ultimate consumer. A business that primarily makes sales for resale is not a retailer.

"Software engineering" means the detailed study of the design, development, operation, and maintenance of software.

"Transportation company" means a person whose primary business is the transportation of persons or property from one place to another.

"Wholesaler" means a person that primarily engages in buying large quantities of goods and reselling them in smaller quantities to retailers or other merchants who in turn sell those goods to the ultimate consumer.

52.7(2) Requirement that the business claim and be allowed the federal credit. To claim this credit, a taxpayer's business must claim and be allowed a research credit for such qualified research expenses under Section 41 of the Internal Revenue Code for the same taxable year as the taxpayer's business is claiming the credit.

a. Being "allowed" the federal credit. For purposes of this subrule, a federal credit is "allowed" if the taxpayer meets all requirements to claim the credit under Section 41 of the Internal Revenue Code

and any applicable federal regulation and Internal Revenue Service guidance and such credit has not been disallowed by the Internal Revenue Service.

b. Applicability of requirement to pass-throughs. If the individual received the Iowa credit through a pass-through entity, the pass-through entity that conducted the research must have claimed and been allowed the federal credit in order for the individual to claim the Iowa credit.

c. Impact of federal audit. If the Internal Revenue Service audits or otherwise reviews the return and disallows the credit, the taxpayer shall file an amended Iowa return along with supporting schedules, including an amended federal return or a copy of the federal revenue agent's report and notification of final federal adjustments, to add back the Iowa credit to the extent not previously disallowed by the department.

d. Authority of the department. Nothing in this subrule shall limit the department's authority to review, examine, audit, or otherwise challenge an Iowa tax credit claim under Iowa Code section 422.33, regardless of inaction, a settlement, or a determination by the Internal Revenue Service under Section 41 of the Internal Revenue Code.

52.7(3) Calculating the credit. For information on how the credit is calculated, see Iowa Code section 422.33.

52.7(4) Claiming the tax credit.

a. Forms. The credit must be claimed on the forms provided on the department's website and must include all information required by the forms.

b. Allocation to the individual owners of an entity or beneficiaries of an estate or trust. If the business is a partnership, S corporation, limited liability company, estate or trust where the income from the business is taxed to the individual owners of the business, these individual owners may claim the research activities credit allowed to the business. The research credit is allocated to each of the individual owners of the business on the basis of the pro rata share of that individual's earnings from the business.

c. Refundability. Any research credit in excess of the corporation's tax liability for the taxable year may be refunded to the taxpayer or credited to the corporation's tax liability for the following year.

d. Transferability. Tax credit certificates shall not be transferred to any other person.

e. Enterprise zone claimants. The enterprise zone program was repealed on July 1, 2014. Any supplemental research activities credit earned by businesses pursuant to Iowa Code section 15.335 and approved under the enterprise zone program prior to July 1, 2014, remains valid and can be claimed on tax returns filed after July 1, 2014.

This rule is intended to implement Iowa Code sections 15.335 and 422.33 as amended by 2018 Iowa Acts, Senate File 2417.

701—52.8(422) New jobs credit. A tax credit is available to a corporation which has entered into an agreement under Iowa Code chapter 260E and has increased employment by at least 10 percent.

52.8(1) Definitions.

a. The term "new jobs" means those jobs directly resulting from a project covered by an agreement authorized by Iowa Code chapter 260E (Iowa Industrial New Jobs Training Act) but does not include jobs of recalled workers or replacement jobs or other jobs that formerly existed in the industry in the state.

b. The term "jobs directly related to new jobs" means those jobs which directly support the new jobs but does not include in-state employees transferred to a position which would be considered to be a job directly related to new jobs unless the transferred employee's vacant position is filled by a new employee.

EXAMPLE A. A taxpayer who has entered into a chapter 260E agreement to train new employees for a new product line transfers an in-state employee to be supervisor of the new product line but does not fill the transferred employee's position. The new supervisor's position would not be considered a

job directly related to new jobs even though it directly supports the new jobs because the transferred employee's old position was not refilled.

EXAMPLE B. A taxpayer who has entered into a chapter 260E agreement to train new employees for a new product line transfers an in-state employee to be supervisor of the new product line and fills the transferred employee's position with a new employee. The new supervisor's position would be considered a job directly related to new jobs because it directly supports the new jobs and the transferred employee's old position was filled by a new employee.

The burden of proof that a job is directly related to new jobs is on the taxpayer.

c. The term "*taxable wages*" means those wages upon which an employer is required to contribute to the state unemployment fund as defined in Iowa Code subsection 96.19(37) for the year in which the taxpayer elects to take the new jobs tax credit. For fiscal-year taxpayers, "taxable wages" shall not be greater than the maximum wage upon which an employer is required to contribute to the state unemployment fund for the calendar year in which the taxpayer's fiscal year begins.

d. The term "*agreement*" means an agreement entered into under Iowa Code chapter 260E after July 1, 1985, an amendment to that agreement, or an amendment to an agreement entered into before July 1, 1985, if the amendment sets forth the base employment level as of the date of the amendment. The term "agreement" also includes a preliminary agreement entered into under Iowa Code chapter 260E provided the preliminary agreement contains all the elements of a contract and includes the necessary elements and commitment relating to training programs and new jobs.

e. The term "*base employment level*" means the number of full-time jobs an industry employs at a plant site which is covered by an agreement under chapter 260E on the date of the agreement.

f. The term "*project*" means a training arrangement which is the subject of an agreement entered into under Iowa Code chapter 260E.

g. The term "*industry*" means a business engaged in interstate or intrastate commerce for the purpose of manufacturing, processing, or assembling products, conducting research and development, or providing services in interstate commerce, but excludes retail, health or professional services. Industry does not include a business which closes or substantially reduces its operations in one area of the state and relocates substantially the same operation in another area of the state. Industry is a business engaged in the above listed activities rather than the generic definition encompassing all businesses in the state engaged in the same activities. For example, in the meat-packing business, an industry is considered to be a single corporate entity or operating division, rather than the entire meat-packing business in the state.

h. The term "*new employees*" means the same as new jobs or jobs directly related to new jobs.

i. The term "*full-time job*" means any of the following:

- (1) An employment position requiring an average work week of 35 or more hours;
- (2) An employment position for which compensation is paid on a salaried full-time basis without regard to hours worked; or
- (3) An aggregation of any number of part-time or job-sharing employment positions which equal one full-time employment position. For purposes of this subrule each part-time or job-sharing employment position shall be categorized with regard to the average number of hours worked each week as one-quarter, half, three-quarters, or full-time position, as set forth in the following table:

<u>Average Number of Weekly Hours</u>	<u>Category</u>
More than 0 but less than 15	¼
15 or more but less than 25	½
25 or more but less than 35	¾
35 or more	1 (full-time)

52.8(2) How to compute the credit. The credit is 6 percent of the taxable wages paid to employees in new jobs or jobs directly related to new jobs for the taxable year in which the taxpayer elects to take the credit.

EXAMPLE 1. A taxpayer enters into an agreement to increase employment by 20 new employees which is greater than 10 percent of the taxpayer's base employment level of 100 employees. In year one of the agreement the taxpayer hires 20 new employees but elects not to take the credit in that year. In year two of the agreement only 18 of the new employees hired in year one are still employed and the taxpayer elects to take the credit. The credit would be 6 percent of the taxable wages of the 18 remaining new employees. In year three of the agreement the taxpayer hires two additional new employees under the agreement to replace the two employees which left in year two and elects to take the credit. The credit would be 6 percent of the taxable wages paid to the two replacement employees. In year four of the agreement three of the employees for which a credit had been taken left employment and three additional employees were hired. No credit is available for these employees. A credit can only be taken one time for each new job or job directly related to a new job.

EXAMPLE 2. A taxpayer operating two plants in Iowa enters into a chapter 260E agreement to train new employees for a new product line at one of the taxpayer's plants. The base employment level on the date of the agreement at plant A is 300 and at plant B is 100. Under the agreement 20 new employees will be trained for plant B which is greater than a 10 percent increase of the base employment level for plant B. In the year in which the taxpayer elects to take the credit, the employment level at plant A is 290 and at plant B is 120. The credit would be 6 percent of the wages of 10 new employees at plant B as 10 new jobs were created by the industry in the state. A credit for the remaining 10 employees can be taken if the employment level at plant A increases back to 300 during the period of time that the credit can be taken.

52.8(3) *When the credit can be taken.* The taxpayer may elect to take the credit in any tax year which either begins or ends during the period beginning with the date of the agreement and ending with the date by which the project is to be completed under the agreement. However, the taxpayer may not take the credit until the base employment level has been exceeded by at least 10 percent.

EXAMPLE: A taxpayer enters into an agreement to increase employment from a base employment level of 200 employees to 225 employees. In year one of the agreement the taxpayer hires 20 new employees which is a 10 percent increase over the base employment level but elects not to take the credit. In year two of the agreement 2 of the new employees leave employment. The taxpayer elects to take the credit which would be 6 percent of the taxable wages of the 18 employees currently employed. In year three the taxpayer hires 7 new employees and elects to take the credit. The credit would be 6 percent of the taxable wages of the seven new employees.

A shareholder in an S corporation may claim the pro rata share of the Iowa new jobs credit on the shareholder's individual tax return. The S corporation shall provide each shareholder with a schedule showing the computation of the corporation's Iowa new jobs credit and the shareholder's pro rata share. The shareholder's pro rata share of the Iowa new jobs credit shall be in the same ratio as the shareholder's pro rata share in the earnings of the S corporation. All shareholders of an S corporation shall elect to take the Iowa new jobs credit the same year.

Any new jobs credit in excess of the corporation's tax liability less the credits authorized in Iowa Code sections 422.33, 422.91, and 422.110 may be carried forward for ten years or until it is used, whichever is the earliest.

This rule is intended to implement Iowa Code section 422.33.

701—52.9(422) Seed capital income tax credit. Rescinded IAB 3/6/02, effective 4/10/02.

701—52.10(15) New jobs and income program tax credits. For tax years ending after May 1, 1994, for programs approved after May 1, 1994, but before July 1, 2005, an investment tax credit under Iowa Code section 15.333 and an additional research activities credit under Iowa Code section 15.335 are available to an eligible business. The new jobs and income program was repealed on July 1, 2005, and has been replaced with the high quality job creation program. See rule 701—52.28(15) for information on the investment tax credit and additional research activities credit under the high quality job creation program. Any investment tax credit and additional research activities credit earned by businesses approved under

the new jobs and income program prior to July 1, 2005, remains valid, and can be claimed on tax returns filed after July 1, 2005.

52.10(1) Definitions:

- a. “*Eligible business*” means a business meeting the conditions of Iowa Code section 15.329.
- b. “*Improvements to real property*” includes the cost of utility lines, drilling wells, construction of sewage lagoons, parking lots and permanent structures. The term does not include temporary structures.
- c. “*Machinery and equipment*” means machinery used in manufacturing establishments and computers except point-of-sale equipment as defined in Iowa Code section 427A.1. The term does not include computer software.
- d. “*New investment directly related to new jobs created by the location or expansion of an eligible business under the program*” means the cost of machinery and equipment purchased for use in the operation of the eligible business which has been depreciated in accordance with generally accepted accounting principles and the cost of improvements to real property.

For the cost of improvements to real property to be eligible for an investment tax credit, the improvements to real property must have received an exemption from property taxes under Iowa Code section 15.332. Replacement machinery and equipment and additional improvements to real property placed in service during the period of property tax exemption by an eligible business qualify for an investment tax credit.

For tax years beginning on or after January 1, 2001, the requirement that the improvements to real property must have received an exemption from property taxes under Iowa Code section 15.332 has been eliminated.

52.10(2) Investment tax credit. An investment tax credit of up to 10 percent of the new investment which is directly related to new jobs created by the location or expansion of an eligible business is available. The credit is available for machinery and equipment or improvements to real property placed in service after May 1, 1994. The credit is to be taken in the year the qualifying asset is placed in service. For business applications received on or after July 1, 1999, for purposes of the investment tax credit claimed under Iowa Code section 15.333, the cost of land and any buildings and structures located on the land will be considered to be a new investment which is directly related to new jobs for purposes of determining the amount of new investment upon which an investment tax credit may be taken.

For eligible businesses approved by the Iowa department of economic development on or after March 17, 2004, certain lease payments made by eligible businesses to a third-party developer will be considered to be new investment for purposes of computing the investment tax credit. The eligible business shall enter into a lease agreement with the third-party developer for a minimum of ten years. The investment tax credit is based on the annual base rent paid to a third-party developer by the eligible business for a period not to exceed ten years. The total costs of the annual base rent payments for the ten-year period cannot exceed the cost of the land and the third-party developer’s cost to build or renovate the building used by the eligible business. The annual base rent is defined as the total lease payment less taxes, insurance and operating and maintenance expenses.

If an eligible business fails to maintain the requirements of the new jobs and income program, the taxpayer may be required to repay all or a portion of the tax incentives taken on Iowa returns. Irrespective of the fact that the statute of limitations to assess the taxpayer for repayment of the tax credits may have expired, the department may proceed to collect the tax incentives forfeited by failure of the taxpayer to maintain the requirements of the new jobs and income program because this is a recovery of an incentive, rather than an adjustment to the taxpayer’s tax liability. Details on the calculation of the repayment can be found in 261—subrule 187.5(4) of the administrative rules of the economic development authority. If the business is a partnership, limited liability company, S corporation, estate or trust where the income of the taxpayer is taxed to the individual owner(s) of the business, the department may proceed to collect the tax incentives against the partners, members, shareholders or beneficiaries to whom the tax incentives were passed through. See Decision of the Administrative Law Judge in *Damien & Colette Trebilcock, et al.*, Docket No. 11DORF 042-044, June 11, 2012.

If the eligible business, within five years of purchase, sells, disposes of, razes, or otherwise renders unusable all or a part of the land, buildings, or other existing structures for which tax credit was claimed

under this subrule, the income tax liability of the eligible business for the year in which all or part of the property is sold, disposed of, razed, or otherwise rendered unusable shall be increased by one of the following amounts:

a. One hundred percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within one full year after being placed in service.

b. Eighty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within two full years after being placed in service.

c. Sixty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within three full years after being placed in service.

d. Forty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within four full years after being placed in service.

e. Twenty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within five full years after being placed in service.

Any credit in excess of the tax liability for the tax year may be carried forward seven years or until used, whichever is the earlier.

If the business is a partnership, S corporation, limited liability company, or an estate or trust electing to have the income taxed directly to an individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

52.10(3) *Research activities credit.* An additional research activities credit of 6½ percent of the state's apportioned share of "qualifying expenditures" is available to an eligible business. The credit is available for qualifying expenditures incurred after May 1, 1994. The additional research activities credit is in addition to the credit set forth in Iowa Code section 422.33(5).

See rule 701—52.7(422) for the computation of the research activities credit.

See also subrule 52.7(3) for the computation of the research activities credit for tax years beginning on or after January 1, 2000, and subrule 52.7(4) for the research activities credit for an eligible business for tax years beginning on or after January 1, 2000.

Any credit in excess of the tax liability for the tax year may be carried forward seven years or until used, whichever is the earlier. This is in contrast to the research activities credit in Iowa Code section 422.33(5) where any credit in excess of the tax liability for the tax year may be carried forward until used or refunded. For tax years ending on or after July 1, 1996, the additional research activities credit may at the option of the taxpayer be refunded.

If the business is a partnership, S corporation, limited liability company, or an estate or trust electing to have the income taxed directly to an individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

52.10(4) *Investment tax credit—value-added agricultural products.* For tax years beginning on or after July 1, 2001, an eligible business whose project primarily involves the production of value-added agricultural products may elect to receive a refund for all or a portion of an unused investment credit. For tax years beginning on or after July 1, 2001, but before July 1, 2003, an eligible business includes a cooperative described in Section 521 of the Internal Revenue Code which is not required to file an Iowa corporation tax return, and whose project primarily involves the production of ethanol. For tax years beginning on or after July 1, 2003, an eligible business includes a cooperative described in Section 521 of the Internal Revenue Code which is not required to file an Iowa corporation income tax return.

Eligible businesses that elect to receive a refund shall apply to the economic development authority for tax credit certificates between May 1 and May 15 of each fiscal year through the fiscal year ending June 30, 2009. The election to receive a refund of all or a portion of an unused investment tax credit is no longer available beginning with the fiscal year ending June 30, 2010. Only those businesses that have completed projects before the May 1 filing date may apply for a tax credit certificate. The economic development authority will not issue tax credit certificates for more than \$4 million during a fiscal year. If applications are received for more than \$4 million, the applicants shall receive certificates for a prorated amount.

The economic development authority will issue tax credit certificates within a reasonable period of time. Tax credit certificates are valid for the tax year following project completion. The tax credit certificate must be included with the tax return for the tax year during which the tax credit is claimed. The tax credit certificate shall not be transferred, except for a cooperative described in Section 521 of the Internal Revenue Code which is required to file an Iowa corporation income tax return and whose project primarily involves the production of ethanol for tax years beginning on or after January 1, 2002, or for a cooperative described in Section 521 of the Internal Revenue Code which is required to file an Iowa corporation income tax return for tax years beginning on or after July 1, 2003.

For value-added agricultural projects for cooperatives that are not required to file an Iowa income tax return because they are exempt from federal income tax, the cooperative must submit a list of its members and the share of each member's interest in the cooperative. The economic development authority will issue a tax credit certificate to each member on the list.

For tax years beginning on or after January 1, 2002, but before July 1, 2003, a cooperative described in Section 521 of the Internal Revenue Code which is required to file an Iowa corporation income tax return and whose project primarily involves the production of ethanol may elect to transfer all or a portion of its tax credit to its members. For tax years beginning on or after July 1, 2003, a cooperative described in Section 521 of the Internal Revenue Code which is required to file an Iowa corporation income tax return may elect to transfer all or a portion of its tax credit to its members. The amount of tax credit transferred and claimed by a member shall be based upon the pro rata share of the member's earnings in the cooperative. The economic development authority will issue a tax credit certificate to each member of the cooperative to whom the credit was transferred provided that tax credit certificates which total no more than \$4 million are issued during a fiscal year.

The following nonexclusive examples illustrate how this subrule applies:

EXAMPLE 1. Corporation A completes a value-added agricultural project in October 2001 and has an investment tax credit of \$1 million. Corporation A is required to file an Iowa income tax return but expects no tax liability for the year ending December 31, 2001. Thus, Corporation A applies for a tax credit certificate for the entire unused credit of \$1 million in May 2002. The entire \$1 million is approved by the economic development authority, so the tax credit certificate is included with the tax return for the year ending December 31, 2002. Corporation A will request a refund of \$1 million on this tax return.

EXAMPLE 2. Corporation B completes a value-added agricultural project in October 2001 and has an investment tax credit of \$1 million. Corporation B is required to file an Iowa income tax return but expects no tax liability for the year ending December 31, 2001. Thus, Corporation B applies for a tax credit of \$1 million in May 2002. Due to the proration of available credits, Corporation B is awarded a tax credit certificate for \$400,000. The tax credit certificate is included with the tax return for the year ending December 31, 2002. Corporation B will request a refund of \$400,000 on this tax return. The remaining \$600,000 of unused credit can be carried forward for the following seven tax years or until the credit is depleted, whichever occurs first. If Corporation B expects no tax liability for the tax period ending December 31, 2002, Corporation B may apply for a tax credit certificate in May 2003 for this \$600,000 amount.

EXAMPLE 3. Corporation C completes a value-added agricultural project in March 2002 and has an investment tax credit of \$1 million. Corporation C is required to file an Iowa income tax return and expects a tax liability of \$200,000 for the tax period ending December 31, 2002. Thus, Corporation C applies for a tax credit certificate for the unused credit of \$800,000 in May 2002. A tax credit certificate is awarded for the entire \$800,000. The tax credit certificate for \$800,000 shall be included with the tax return for the period ending December 31, 2003, since the certificate is not valid until the year following the project's completion. The tax return for the period ending December 31, 2002, reports a tax liability of \$150,000. The investment credit is limited to \$150,000 for the period ending December 31, 2002, and the remaining \$50,000 can be carried forward for the following seven tax years.

EXAMPLE 4. Corporation D is a cooperative described in Section 521 of the Internal Revenue Code that completes a project involving ethanol in August 2002. Corporation D has an investment tax credit of \$500,000. Corporation D is not required to file an Iowa income tax return because Corporation D is exempt from federal income tax. When filing for the tax credit certificate in May 2003 for the \$500,000

unused credit, Corporation D must attach a list of its members and the share of each member's interest in the cooperative. The economic development authority will issue tax credit certificates to each member on the list based on each member's interest in the cooperative. The members can include the tax credit certificate with their Iowa income tax returns for the year ending December 31, 2003, since the certificate is not valid until the year following project completion.

EXAMPLE 5. Corporation E is a cooperative described in Section 521 of the Internal Revenue Code that completes a project involving ethanol in August 2002. Corporation E has an investment tax credit of \$500,000. Corporation E is required to file an Iowa income tax return because Corporation E is not exempt from federal income tax. Corporation E expects a tax liability of \$100,000 on its Iowa income tax return for the year ending December 31, 2002. Corporation E applies for a tax credit certificate for the unused credit of \$400,000 and elects to transfer the \$400,000 unused credit to its members. When applying for the tax credit certificate in May 2003, Corporation E must provide a list of its members and the pro rata share of each member's earnings in the cooperative. The economic development authority will issue tax credit certificates to each member of the cooperative. The members can include the tax credit certificate with their Iowa income tax returns for the year ending December 31, 2003, since the certificate is not valid until the year following project completion.

EXAMPLE 6. Corporation F is a cooperative described in Section 521 of the Internal Revenue Code that completes a project involving ethanol in August 2002. Corporation F is a limited liability company that files a partnership return for federal income tax purposes. Corporation F is required to file an Iowa partnership return because Corporation F is not exempt from federal income tax. Corporation F has an investment tax credit of \$500,000 which must be claimed by the individual partners of the partnership based on their pro rata share of individual earnings of the partnership. Corporation F expects a tax liability of \$200,000 for the individual partners. Corporation F may apply for a tax credit certificate in May 2003 for the unused credit of \$300,000. Corporation F must list the names of each partner and the ownership interest of each partner in order to allocate the investment credit for each partner. The tax credit certificate may be claimed on the partner's Iowa income tax return for the period ending December 31, 2003.

52.10(5) Corporate tax credit—certain sales taxes paid by developer. For eligible businesses approved by the Iowa department of economic development on or after March 17, 2004, the eligible business may claim a corporate tax credit for certain sales taxes paid by a third-party developer.

a. Sales taxes eligible for the credit. The sales taxes paid by the third-party developer which are eligible for this credit include the following:

(1) Iowa sales and use tax for gas, electricity, water, or sewer utility services, goods, wares, or merchandise, or on services rendered to, furnished to or performed for a contractor or subcontractor and used in the fulfillment of a written contract relating to the construction or equipping of a facility within the economic development area.

(2) Iowa sales and use tax paid for racks, shelving, and conveyor equipment to be used in a warehouse or distribution center within the economic development area.

Any Iowa sales and use tax paid relating to intangible property, furniture and other furnishings is not eligible for the corporate tax credit.

b. How to claim the credit. The third-party developer must provide to the economic development authority the amount of Iowa sales and use tax paid as described in paragraph "a." Beginning on July 1, 2009, this information must be provided to the Iowa department of revenue. The amount of Iowa sales and use tax attributable to racks, shelving, and conveyor equipment must be identified separately.

The economic development authority will issue a tax credit certificate to the eligible business equal to the Iowa sales and use tax paid by the third-party developer for gas, electricity, water, or sewer utility services, goods, wares, or merchandise, or on services rendered to, furnished to or performed for a contractor or subcontractor and used in the fulfillment of a written contract relating to the construction or equipping of a facility. In addition, the economic development authority will also issue a separate tax credit certificate to the eligible business equal to the Iowa sales and use tax paid by the third-party developer for racks, shelving, and conveyor equipment to be used in a warehouse or distribution center. Beginning on July 1, 2009, the Iowa department of revenue shall issue these tax credit certificates.

The tax credit certificate shall contain the name, address, and tax identification number of the eligible business, along with the amount of the tax credit and the year in which the tax credit can be claimed. The tax credit certificate must be included with the taxpayer's income tax return for the tax year for which the tax credit is claimed. Any tax credit in excess of the taxpayer's tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following seven years or until it is used, whichever is the earlier.

For the tax credit certificate relating to Iowa sales and use tax paid by the third-party developer for racks, shelving, and conveyor equipment, the aggregate amount of tax credit certificates and tax refunds for Iowa sales and use tax paid for racks, shelving, and conveyor equipment to eligible businesses under the new jobs and income program, high quality job creation program, enterprise zone program, new capital investment program and high quality jobs program cannot exceed \$500,000 in a fiscal year. The requests for tax credit certificates or refunds will be processed in the order they are received on a first-come, first-served basis until the amount of credits authorized for issuance has been exhausted. If applications for tax credit certificates or refunds exceed the \$500,000 limitation for any fiscal year, the applications shall be considered in succeeding fiscal years.

This rule is intended to implement Iowa Code sections 15.331C, 15.333 as amended by 2010 Iowa Acts, Senate File 2380, and 15.335.

701—52.11(422) Refunds and overpayments.

52.11(1) to 52.11(6) Reserved.

52.11(7) *Computation of interest on refunds resulting from net operating losses or net capital losses for tax years or periods beginning on or after January 1, 1974.* Rescinded IAB 11/24/04, effective 12/29/04.

52.11(8) *Computation of interest on refunds resulting from net operating losses or net capital losses for tax years or periods beginning on or after January 1, 1974, and ending on or after July 1, 1980.* Rescinded IAB 11/24/04, effective 12/29/04.

52.11(9) *Computation of interest on refunds resulting from net operating losses or net capital losses for tax years ending on or after April 30, 1981.* Rescinded IAB 11/24/04, effective 12/29/04.

52.11(10) *For refund claims received by the department after June 11, 1984.* If the amount of tax is reduced as a result of a net operating loss or net capital loss, interest shall accrue on the refund resulting from the loss carryback beginning on the date a claim for refund or amended return carrying back the net operating loss or net capital loss is filed with the department or the first day of the second calendar month following the actual payment date, whichever is later.

52.11(11) *Overpayment—interest accruing before July 1, 1980.* Rescinded IAB 11/24/04, effective 12/29/04.

52.11(12) *Interest commencing on or after January 1, 1982.* See rule 701—10.2(421) regarding the rate of interest charged by the department on delinquent taxes and the rate paid by the department on refunds commencing on or after January 1, 1982.

52.11(13) *Overpayment—interest accruing on or after July 1, 1980, and before April 30, 1981.* Rescinded IAB 11/24/04, effective 12/29/04.

52.11(14) *Overpayment—interest accruing on overpayments resulting from returns due on or after April 30, 1981.* If the amount of tax determined to be due by the department is less than the amount paid, the excess to be refunded will accrue interest from the first day of the second calendar month following the date of payment or the date the return was due to be filed or was filed, whichever is the later.

This rule is intended to implement Iowa Code section 422.25.

701—52.12(422) Deduction of credits. The credits against computed tax set forth in Iowa Code sections 422.33 and 422.110 shall be claimed in the following sequence.

1. Franchise tax credit.
2. School tuition organization tax credit.
3. Venture capital tax credit (excluding redeemed Iowa fund of funds tax credit).

4. Endow Iowa tax credit.
5. Film qualified expenditure tax credit.
6. Film investment tax credit.
7. Redevelopment tax credit.
8. From farm to food donation tax credit.
9. Workforce housing tax credit.
10. Investment tax credit.
11. Wind energy production tax credit.
12. Renewable energy tax credit.
13. Redeemed Iowa fund of funds tax credit.
14. New jobs tax credit.
15. Economic development region revolving fund tax credit.
16. Agricultural assets transfer tax credit.
17. Custom farming contract tax credit.
18. Solar energy system tax credit.
19. Charitable conservation contribution tax credit.
20. Alternative minimum tax credit.
21. Historic preservation and cultural and entertainment district tax credit.
22. Corporate tax credit for certain sales tax paid by developer.
23. Ethanol promotion tax credit.
24. Research activities credit.
25. Assistive device tax credit.
26. Motor fuel tax credit.
27. Wage-benefits tax credit.
28. E-85 gasoline promotion tax credit.
29. Biodiesel blended fuel tax credit.
30. E-15 plus gasoline promotion tax credit.
31. Estimated tax and payment with vouchers.

This rule is intended to implement Iowa Code sections 422.33, 422.91 and 422.110.

701—52.13(422) Livestock production credits. For rules relating to the livestock production income tax credit refunds see rule 701—43.8(422).

This rule is intended to implement 1996 Iowa Acts, chapter 1197, sections 19, 20, and 21.

701—52.14(15E) Enterprise zone tax credits. For tax years ending after July 1, 1997, for programs approved after July 1, 1997, but before July 1, 2014, a business which qualifies under the enterprise zone program is eligible to receive tax credits. The enterprise zone program was repealed on July 1, 2014. Any tax credits earned by businesses approved under the enterprise zone program prior to July 1, 2014, remain valid and can be claimed on tax returns filed after July 1, 2014. An eligible business under the enterprise zone program must be approved by the economic development authority and meet the requirements of 2014 Iowa Code section 15E.193. The administrative rules for the enterprise zone program for the economic development authority may be found at 261—Chapter 59.

52.14(1) Supplemental new jobs credit from withholding. An eligible business approved under the enterprise zone program is allowed the supplemental new jobs credit from withholding as provided in 701—subrule 46.9(1).

52.14(2) Investment tax credit. An eligible business approved under the enterprise zone program is allowed an investment tax credit of up to 10 percent of the new investment which is directly related to new jobs created by the location or expansion of the eligible business.

The provisions under the new jobs and income program for the investment tax credit described in rule 701—52.10(15) are applicable to the enterprise zone program with the following exceptions:

a. The corporate tax credit for certain sales taxes paid by a developer described in subrule 52.10(5) does not apply for the enterprise zone program.

b. For projects approved on or after July 1, 2005, under the enterprise zone program, the investment tax credit will be amortized over a five-year period, as described in subrule 52.28(2).

c. For tax years ending on or after July 1, 2005, an eligible business approved under the enterprise zone program whose project primarily involves biotechnology-related processes may elect to receive a refund for all or a portion of an unused investment credit as described in subrule 52.10(4).

52.14(3) *Research activities credit.* An eligible business approved under the enterprise zone program is eligible for an additional research activities credit as described in subrules 52.7(5) and 52.7(6).

a. *Tax years ending on or after July 1, 2005, but before July 1, 2009.* For eligible businesses approved under the enterprise zone program, research activities allowable for the Iowa research activities credit include expenses related to the development and deployment of innovative renewable energy generation components manufactured or assembled in Iowa; such expenses related to the development and deployment of innovative renewable energy generation components are not eligible for the federal credit for increasing research activities. For purposes of this subrule, innovative renewable energy generation components do not include components with more than 200 megawatts in installed effective nameplate capacity. The research activities credit related to renewable energy generation components under the enterprise zone program and the high quality job creation program described in subrule 52.28(1) shall not exceed \$1 million in the aggregate.

These expenses related to the development and deployment of innovative renewable energy generation components are applicable only to the additional research activities credit set forth in subrule 52.7(5) for businesses in enterprise zones and the additional research activities credit set forth in subrule 52.28(1) for businesses approved under the high quality job creation program, and are not applicable to the research activities credit set forth in subrule 52.7(3).

b. *Tax years ending on or after July 1, 2009.* For eligible businesses approved under the enterprise zone program, research activities allowable for the Iowa research activities credit include expenses related to the development and deployment of innovative renewable energy generation components manufactured or assembled in Iowa; such expenses related to the development and deployment of innovative renewable energy generation components are not eligible for the federal credit for increasing research activities.

(1) For purposes of this paragraph, innovative renewable energy generation components do not include components with more than 200 megawatts in installed effective nameplate capacity.

(2) The research activities credit related to renewable energy generation components under the enterprise zone program and the high quality jobs program described in subrule 52.28(1) shall not exceed \$2 million for the fiscal year ending June 30, 2010, and \$1 million for the fiscal year ending June 30, 2011.

(3) These expenses related to the development and deployment of innovative renewable energy generation components are applicable only to the additional research activities credit set forth in subrule 52.7(5) for businesses in enterprise zones and the additional research activities credit set forth in subrule 52.40(1) for businesses approved under the high quality jobs program, and are not applicable to the research activities credit set forth in subrule 52.7(3).

52.14(4) *Repayment of incentives.* Effective July 1, 2003, eligible businesses in an enterprise zone may be required to repay all or a portion of the tax incentives received on Iowa returns if the eligible business experiences a layoff of employees in Iowa or closes any of its facilities in Iowa. Irrespective of the fact that the statute of limitations to assess the taxpayer for repayment of the tax credits may have expired, the department may proceed to collect the tax incentives forfeited by failure to maintain the requirements of the enterprise zone program because this is a recovery of an incentive, rather than an adjustment to the taxpayer's tax liability. Details on the calculation of the repayment can be found in 261—subrule 187.5(4) of the administrative rules of the economic development authority. If the business is a partnership, limited liability company, S corporation, estate or trust where the income of the taxpayer is taxed to the individual owner(s) of the business, the department may proceed to collect the tax incentives against the partners, members, shareholders or beneficiaries to whom the tax incentives

were passed through. See Decision of the Administrative Law Judge in *Damien & Colette Trebilcock, et al.*, Docket No. 11DORF 042-044, June 11, 2012.

This rule is intended to implement 2014 Iowa Code sections 15E.193 and 15E.196. [ARC 8589B, IAB 3/10/10, effective 4/14/10; ARC 9104B, IAB 9/22/10, effective 10/27/10; ARC 1744C, IAB 11/26/14, effective 12/31/14]

701—52.15(15E) Eligible housing business tax credit. A corporation which qualifies as an eligible housing business may receive a tax credit of up to 10 percent of the new investment which is directly related to the building or rehabilitating of homes in an enterprise zone. The enterprise zone program was repealed on July 1, 2014, and the eligible housing business tax credit has been replaced with the workforce housing tax incentives program. See rule 701—52.46(15) for information on the tax incentives provided under the workforce housing tax incentives program. Any investment tax credit earned by businesses approved under the enterprise zone program prior to July 1, 2014, remains valid and can be claimed on tax returns filed after July 1, 2014. The tax credit may be taken on the tax return for the tax year in which the home is ready for occupancy.

An eligible housing business is one which meets the criteria in 2014 Iowa Code section 15E.193B.

52.15(1) Computation of tax credit. New investment which is directly related to the building or rehabilitating of homes includes but is not limited to the following costs: land, surveying, architectural services, building permits, inspections, interest on a construction loan, building materials, roofing, plumbing materials, electrical materials, amounts paid to subcontractors for labor and materials provided, concrete, labor, landscaping, appliances normally provided with a new home, heating and cooling equipment, millwork, drywall and drywall materials, nails, bolts, screws, and floor coverings.

New investment does not include the machinery, equipment, hand or power tools necessary to build or rehabilitate homes.

A taxpayer may claim on the taxpayer's corporation income tax return the pro rata share of the Iowa eligible housing business tax credit from a partnership, limited liability company, estate, or trust. The portion of the credit claimed by the taxpayer shall be in the same ratio as the taxpayer's pro rata share of the earnings of the partnership, limited liability company, or estate or trust, except for projects beginning on or after July 1, 2005, which used low-income housing credits authorized under Section 42 of the Internal Revenue Code to assist in the financing of the housing development. For these projects, the partnership, limited liability company or S corporation may designate the amount of the tax credit to be allocated to each partner, member or shareholder.

Any Iowa eligible housing business tax credit in excess of the corporation's tax liability may be carried forward for seven years or until it is used, whichever is the earlier.

If the eligible housing business fails to maintain the requirements of Iowa Code section 15E.193B to be an eligible housing business, the taxpayer may be required to repay all or a part of the tax incentives the business received. Irrespective of the fact that the statute of limitations to assess the taxpayer for repayment of the income tax credit may have expired, the department may proceed to collect the tax incentives forfeited by failure to maintain the requirements of Iowa Code section 15E.193B. This is because it is a recovery of an incentive, rather than an adjustment to the taxpayer's tax liability. Details on the calculation of the repayment can be found in 261—subrule 187.5(4) of the administrative rules of the economic development authority. If the business is a partnership, limited liability company, S corporation, estate or trust where the income of the taxpayer is taxed to the individual owner(s) of the business, the department may proceed to collect the tax incentives against the partners, members, shareholders or beneficiaries to whom the tax incentives were passed through. See Decision of the Administrative Law Judge in *Damien & Colette Trebilcock, et al.*, Docket No. 11DORF 042-044, June 11, 2012.

Prior to January 1, 2001, the tax credit cannot exceed 10 percent of \$120,000 for each home or individual unit in a multiple dwelling unit building. Effective January 1, 2001, the tax credit cannot exceed 10 percent of \$140,000 for each home or individual unit in a multiple dwelling unit building.

Effective for tax periods beginning on or after January 1, 2003, the taxpayer must receive a tax credit certificate from the economic development authority to claim the eligible housing business tax credit.

The tax credit certificate shall include the taxpayer's name, the taxpayer's address, the taxpayer's tax identification number, the date the project was completed, the amount of the eligible housing business tax credit and the tax year for which the credit may be claimed. In addition, the tax credit certificate shall include a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred, as provided in subrule 52.15(2). The tax credit certificate must be included with the income tax return for the tax period in which the home is ready for occupancy. The administrative rules for the eligible housing business tax credit for the economic development authority may be found under 261—Chapter 59.

52.15(2) *Transfer of the eligible housing business tax credit.* For tax periods beginning on or after January 1, 2003, the eligible housing business tax credit certificates may be transferred to any person or entity if low-income housing tax credits authorized under Section 42 of the Internal Revenue Code are used to assist in the financing of the housing development. In addition, the eligible housing business tax credit certificates may be transferred to any person or entity for projects beginning on or after July 1, 2005, if the housing development is located in a brownfield site as defined in Iowa Code section 15.291, or if the housing development is located in a blighted area as defined in Iowa Code section 403.17. No more than \$3 million of tax credits for housing developments located in brownfield sites or blighted areas may be transferred in a calendar year, with no more than \$1.5 million being transferred for any one eligible housing business in a calendar year.

The excess of the \$3 million limitation of tax credits eligible for transfer in the 2013 and 2014 calendar years for housing developments located in brownfield sites or blighted areas cannot be claimed by a transferee prior to January 1, 2016. The eligible housing business must have notified the economic development authority in writing before July 1, 2014, of the business's intent to transfer any tax credits for housing developments located in brownfield sites or blighted areas. If a tax credit certificate is issued by the economic development authority for a housing development approved prior to July 1, 2014, that is located in a brownfield site or blighted area, the tax credit can still be claimed by the eligible business, but the tax credit cannot be transferred by the eligible business if the economic development authority was not notified prior to July 1, 2014.

EXAMPLE 1: A housing development located in a brownfield site was completed in December 2013 and was issued a tax credit certificate totaling \$250,000. The \$3 million calendar cap for transferred tax credits for brownfield sites and blighted areas has already been reached for the 2013 and 2014 tax years. The \$250,000 tax credit is going to be transferred to ABC Company, and the economic development authority was notified of the transfer prior to July 1, 2014. Once a replacement tax credit certificate has been issued, ABC Company cannot file an amended Iowa corporation income tax return for the 2013 tax year until January 1, 2016, to claim the \$250,000 tax credit.

EXAMPLE 2: A housing development located in a blighted area was completed in May 2014 and was issued a tax credit certificate totaling \$150,000. The \$3 million calendar cap for transferred tax credits for brownfield sites and blighted areas has already been reached for the 2014 tax year. The \$150,000 tax credit is going to be transferred to XYZ Company, and the economic development authority was notified of the transfer prior to July 1, 2014. Once a replacement tax credit certificate has been issued, XYZ Company cannot file an amended Iowa corporation income tax return for the 2014 tax year until January 1, 2016, to claim the \$150,000 tax credit.

Within 90 days of transfer of the tax credit certificate for transfers prior to July 1, 2006, the transferee must submit the transferred tax credit certificate to the economic development authority, along with a statement which contains the transferee's name, address and tax identification number and the amount of the tax credit being transferred. For transfers on or after July 1, 2006, the transferee must submit the transferred tax credit certificate to the department of revenue. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee for transfers prior to July 1, 2006, the economic development authority will issue a replacement tax credit certificate to the transferee. For transfers on or after July 1, 2006, the department of revenue will issue the replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company or S corporation, the transferee shall provide a list of the partners, members or shareholders and information on how the housing business tax credit should be divided among the partners, members or shareholders. The transferee shall also

provide the tax identification numbers and addresses of the partners, members or shareholders. The replacement tax credit certificate must contain the same information that was on the original certificate and must have the same expiration date as the original tax credit certificate.

The transferee may use the amount of the tax credit for any tax period for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

This rule is intended to implement 2014 Iowa Code section 15E.193B.
[ARC 1744C, IAB 11/26/14, effective 12/31/14]

701—52.16(422) Franchise tax credit. For tax years beginning on or after January 1, 1998, a shareholder in a financial institution as defined in Section 581 of the Internal Revenue Code which has elected to have its income taxed directly to the shareholders may take a tax credit equal to the shareholder's pro rata share of the Iowa franchise tax paid by the financial institution.

The credit must be computed by recomputing the amount of tax computed under Iowa Code section 422.33 by reducing the shareholder's taxable income by the shareholder's pro rata share of the items of income and expenses of the financial institution and deducting from the recomputed tax the credits allowed by Iowa Code section 422.33. The recomputed tax must be subtracted from the amount of tax computed under Iowa Code section 422.33 reduced by the credits allowed in Iowa Code section 422.33.

The resulting amount, not to exceed the shareholder's pro rata share of the franchise tax paid by the financial institution, is the amount of tax credit allowed the shareholder.

This rule is intended to implement Iowa Code section 422.33, as amended by 1999 Iowa Acts, chapter 95.

701—52.17(422) Assistive device tax credit. Effective for tax years beginning on or after January 1, 2000, a taxpayer who is a small business that purchases, rents, or modifies an assistive device or makes workplace modifications for an individual with a disability who is employed or will be employed by the taxpayer may qualify for an assistive device tax credit, subject to the availability of the credit. The assistive device credit is equal to 50 percent of the first \$5,000 paid during the tax year by the small business for the purchase, rental, or modification of an assistive device or for making workplace modifications. Any credit in excess of the tax liability may be refunded or applied to the taxpayer's tax liability for the following tax year. If the taxpayer elects to take the assistive device tax credit, the taxpayer is not to deduct for Iowa income tax purposes any amount of the cost of the assistive device or workplace modification that is deductible for federal income tax purposes. A small business will not be eligible for the assistive device credit if the device is provided for an owner of the small business unless the owner is a bona fide employee of the small business.

52.17(1) Submitting applications for the credit. A small business wanting to receive the assistive device tax credit must submit an application for the credit to the Iowa department of economic development and provide other information and documents requested by the Iowa department of economic development. If the taxpayer meets the criteria for qualification for the credit, the Iowa department of economic development will issue the taxpayer a certificate of entitlement for the credit. However, the aggregate amount of assistive device tax credits that may be granted by the Iowa department of economic development to all small businesses during a fiscal year cannot exceed \$500,000. The certificate for entitlement of the assistive device credit is to include the taxpayer's name, the taxpayer's address, the taxpayer's tax identification number, the estimated amount of the tax credit, the date on which the taxpayer's application was approved and the date when it is anticipated that the assistive device project will be completed and a space on the application where the taxpayer is to enter the date that the assistive device project was completed. The certificate for entitlement will not be considered to be valid for purposes of claiming the assistive device credit on the taxpayer's Iowa income tax return until the taxpayer has completed the assistive device project and has entered the completion date on the certificate of entitlement form. The tax year of the small business in which the assistive

device project is completed is the tax year for which the assistive device credit may be claimed. For example, in a case where taxpayer A received a certificate of entitlement for an assistive device credit on September 15, 2000, and completed the assistive device workplace modification project on January 15, 2001, taxpayer A could claim the assistive device credit on taxpayer A's 2001 Iowa return assuming that taxpayer A is filing returns on a calendar-year basis.

The department of revenue will not allow the assistive device credit on a taxpayer's return if the certificate of entitlement or a legible copy of the certificate is not included with the taxpayer's income tax return. If the taxpayer has been granted a certificate of entitlement and the taxpayer is an S corporation, where the income of the taxpayer is taxed to the individual owner(s) of the business entity, the taxpayer must provide a copy of the certificate to each of the shareholders with a statement showing how the credit is to be allocated among the individual owners of the S corporation. An individual owner is to include a copy of the certificate of entitlement and the statement of allocation of the assistive device credit with the individual's state income tax return.

52.17(2) Definitions. The following definitions are applicable to this subrule:

"Assistive device" means any item, piece of equipment, or product system which is used to increase, maintain, or improve the functional capabilities of an individual with a disability in the workplace or on the job. "Assistive device" does not mean any medical device, surgical device, or organ implanted or transplanted into or attached directly to an individual. "Assistive device" does not include any device for which a certificate of title is issued by the state department of transportation, but does include any item, piece of equipment, or product system otherwise meeting the definition of "assistive device" that is incorporated, attached, or included as a modification in or to such a device issued a certificate of title.

"Business entity" means partnership, limited liability company, S corporation, estate or trust, where the income of the business is taxed to the individual owners of the business, whether the individual owner is a partner, member, shareholder, or beneficiary.

"Disability" means the same as defined in Iowa Code section 15.102. Therefore, "disability" means, with respect to an individual, a physical or mental impairment that substantially limits one or more of the major life activities of the individual, a record of physical or mental impairment that substantially limits one or more of the major life activities of the individual, or being regarded as an individual with a physical or mental impairment that substantially limits one or more of the major life activities of the individual. "Disability" does not include any of the following:

1. Homosexuality or bisexuality;
2. Transvestism, transsexualism, pedophilia, exhibitionism, voyeurism, gender identity disorders, or other sexual behavior disorders;
3. Compulsive gambling, kleptomania, or pyromania;
4. Psychoactive substance abuse disorders resulting from current illegal use of drugs;
5. Alcoholism.

"Employee" means an individual who is employed by the small business who meets the criteria in Treasury Regulation § 31.3401(c)-1(b), which is the definition of an employee for federal income tax withholding purposes. An individual who receives self-employment income from the small business is not to be considered to be an employee of the small business for purposes of this rule.

"Small business" means that the business either had gross receipts in the tax year before the current tax year of \$3 million or less or employed not more than 14 full-time employees during the tax year prior to the current tax year.

"Workplace modifications" means physical alterations to the office, factory, or other work environment where the disabled employee is working or is to work.

52.17(3) Allocation of credit to owners of a business entity. If the taxpayer that was entitled to an assistive device credit is a business entity, the business entity is to allocate the allowable credit to each of the individual owners of the entity on the basis of each owner's pro rata share of the earnings of the entity to the total earnings of the entity. Therefore, if an S corporation has an assistive device credit for a tax year of \$2,500 and one shareholder of the S corporation receives 25 percent of the earnings of

the corporation, that shareholder would receive an assistive device credit for the tax year of \$625 or 25 percent of the total assistive device credit of the S corporation.

This rule is intended to implement Iowa Code section 422.33.
[ARC 1744C, IAB 11/26/14, effective 12/31/14]

701—52.18(404A,422) Historic preservation and cultural and entertainment district tax credit for projects with Part 2 applications approved and tax credits reserved prior to July 1, 2014. A historic preservation and cultural and entertainment district tax credit, subject to the availability of the credit, may be claimed against a taxpayer's Iowa corporate income tax liability for 25 percent of the qualified costs of rehabilitation of property to the extent the costs were incurred on or after July 1, 2000, for the approved rehabilitation projects of eligible property in Iowa.

The general assembly has mandated that the department of cultural affairs and the department of revenue adopt rules to jointly administer Iowa Code chapter 404A. 2014 Iowa Acts, House File 2453, amended the historic preservation and cultural and entertainment district tax credit program effective July 1, 2014. The department of revenue's provisions for projects with tax credits reserved prior to July 1, 2014, are found in this rule. The department of revenue's provisions for projects with agreements entered into on or after July 1, 2014, are found in rule 701—52.47(404A,422). The department of cultural affairs' rules related to this program may be found at 223—Chapter 48. Division I of 223—Chapter 48 applies to projects with reservations approved prior to July 1, 2014. Division II of 223—Chapter 48 applies to projects with agreements entered into on or after July 1, 2014.

Notwithstanding anything contained herein to the contrary, the department of cultural affairs shall not reserve tax credits under 2013 Iowa Code chapter 404A as amended by 2013 Iowa Acts, chapter 112, section 1, for applicants that do not have an approved Part 2 application and a tax credit reservation on or before June 30, 2014. Projects with approved Part 2 applications and provisional tax credit reservations on or before June 30, 2014, shall be governed by 2013 Iowa Code chapter 404A as amended by 2013 Iowa Acts, chapter 112, section 1; by 223—Chapter 48, Division I; and by rule 701—52.18(404A,422). Projects for which Part 2 applications were approved and agreements entered into after June 30, 2014, shall be governed by 2014 Iowa Acts, House File 2453; by 223—Chapter 48, Division II; and by rule 701—52.47(404A,422).

52.18(1) Eligible property for the historic preservation and cultural and entertainment district tax credit. The following types of property are eligible for the historic preservation and cultural and entertainment district tax credit:

- a. Property verified as listed on the National Register of Historic Places or eligible for such listing.
- b. Property designated as of historic significance to a district listed in the National Register of Historic Places or eligible for such designation.
- c. Property or district designated a local landmark by a city or county ordinance.
- d. Any barn constructed prior to 1937.

52.18(2) Application and review process for the historic preservation and cultural and entertainment district tax credit.

a. Taxpayers who want to claim an income tax credit for completing a historic preservation and cultural and entertainment district project must submit an application for approval of the project. The application forms for the historic preservation and cultural and entertainment district tax credit may be requested from the State Tax Credit Program Manager, State Historic Preservation Office, Department of Cultural Affairs, 600 E. Locust, Des Moines, Iowa 50319-0290. The telephone number for this office is (515)281-4137. Applications for the credit will be accepted by the state historic preservation office on or after July 1, 2000, until such time as all the available credits allocated for each fiscal year are encumbered.

b. Applicants for the historic preservation and cultural and entertainment district tax credit must include all information and documentation requested on the application forms for the credit in order for the applications to be processed.

52.18(3) Computation of the amount of the historic preservation and cultural and entertainment district tax credit. The amount of the historic preservation and cultural and entertainment district tax

credit is 25 percent of the qualified rehabilitation costs made to eligible property in a project. Qualified rehabilitation costs are those rehabilitation costs approved by the state historic preservation office for a project for a particular taxpayer to the extent those rehabilitation costs are actually expended by that taxpayer.

a. In the case of commercial property, qualified rehabilitation costs must equal at least \$50,000 or 50 percent of the assessed value of the property, excluding the value of the land, prior to rehabilitation, whichever is less. In the case of property other than commercial property, the qualified rehabilitation costs must equal at least \$25,000 or 25 percent of the assessed value, excluding the value of the land, prior to the rehabilitation, whichever amount is less.

b. In computing the tax credit, the only costs which may be included are the qualified rehabilitation costs incurred commencing from the date on which the first qualified rehabilitation cost is incurred and ending with the end of the taxable year in which the property is placed in service. The rehabilitation period may include dates that precede approval of a project, provided that any qualified rehabilitation costs incurred prior to the date of approval of the project must be qualified rehabilitation costs.

c. For purposes of the historic preservation and cultural and entertainment district tax credit, qualified rehabilitation costs include those costs properly included in the basis of the eligible property for income tax purposes. Costs treated as expenses and deducted in the year paid or incurred and amounts that are otherwise not added to the basis of the property for income tax purposes are not qualified rehabilitation costs. Amounts incurred for architectural and engineering fees, site survey fees, legal expenses, insurance premiums, development fees, and other construction-related costs are qualified rehabilitation costs to the extent they are added to the basis of the eligible property for tax purposes. Costs of sidewalks, parking lots, and landscaping do not constitute qualified rehabilitation costs. Any rehabilitation costs used in the computation of the historic preservation and cultural and entertainment district tax credit are not added to the basis of the property for Iowa income tax purposes if the rehabilitation costs were incurred in a tax year beginning on or after January 1, 2000, but prior to January 1, 2001. Any rehabilitation costs incurred in a tax year beginning on or after January 1, 2001, are added to the basis of the rehabilitated property for income tax purposes except those rehabilitation costs that are equal to the amount of the computed historic preservation and cultural and entertainment district tax credit for the tax year.

EXAMPLE: The basis of a commercial building in a historic district was \$500,000, excluding the value of the land, before the rehabilitation project. During a project to rehabilitate this building, \$600,000 in rehabilitation costs were expended to complete the project and \$500,000 of those rehabilitation costs were qualified rehabilitation costs which were eligible for the historic preservation and cultural and entertainment district tax credit of \$125,000. Therefore, the basis of the building for Iowa income tax purposes was \$975,000, since the qualified rehabilitation costs of \$125,000, which are equal to the amount of the historic preservation and cultural and entertainment district tax credit for the tax year, are not added to the basis of the rehabilitated property. The basis of the building for federal income tax purposes was \$1,100,000. It should be noted that this example does not consider any possible reduced basis for the building for federal income tax purposes due to the rehabilitation investment credit provided in Section 47 of the Internal Revenue Code.

52.18(4) *Completion of the historic preservation and cultural and entertainment district project and claiming the historic preservation and cultural and entertainment district tax credit on the Iowa return.* After the taxpayer completes an authorized rehabilitation project, the taxpayer must get a certificate of completion of the project from the state historic preservation office of the department of cultural affairs. After verifying the taxpayer's eligibility for the historic preservation and cultural and entertainment district tax credit, the state historic preservation office shall issue a historic preservation and cultural and entertainment district tax credit certificate, which shall be included with the taxpayer's income tax return for the tax year in which the rehabilitation project is completed or the year the credit was reserved, whichever is later. For example, if a project was completed in 2008 and the credit was reserved for the state fiscal year ending June 30, 2010, the credit can be claimed on the 2009 calendar year return that is due on April 30, 2010. The tax credit certificate is to include the taxpayer's name, the taxpayer's address, the taxpayer's tax identification number, the address or location of the rehabilitation

project, the date the project was completed, the year the tax credit was reserved, and the amount of the historic preservation and cultural and entertainment district tax credit. In addition, the tax credit certificate shall include a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred, and any consideration received in exchange for the tax credit, as provided in subrule 52.18(6). In addition, if the taxpayer is a partnership, limited liability company, estate or trust, where the tax credit is allocated to the owners or beneficiaries of the entity, a list of the owners or beneficiaries and the amount of credit allocated to each owner or beneficiary should be provided with the certificate. The tax credit certificate should be included with the income tax return for the period in which the project was completed.

For tax years ending on or after July 1, 2007, any historic preservation and cultural and entertainment district tax credit in excess of the taxpayer's tax liability is fully refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

52.18(5) *Allocation of historic preservation and cultural and entertainment district tax credits to individual owners of the entity for tax credits reserved for fiscal years beginning on or after July 1, 2012.* For tax credits reserved for fiscal years beginning on or after July 1, 2012, the partnership, limited liability company or S corporation may designate the amount of the tax credit to be allocated to each partner, member or shareholder. The credit does not have to be allocated based on the pro rata share of earnings of the partnership, limited liability company or S corporation.

52.18(6) *Transfer of the historic preservation and cultural and entertainment district tax credit.* For tax periods beginning on or after January 1, 2003, the historic preservation and cultural and entertainment district tax credit certificates may be transferred to any person or entity. A tax credit certificate of less than \$1,000 shall not be transferable.

a. For transfers on or after July 1, 2006, the department of revenue will issue the replacement tax credit certificate to the transferee. Within 90 days of the transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department of revenue along with a statement containing the transferee's name, tax identification number and address, the denomination that each replacement tax credit certificate is to carry, the amount of all consideration provided in exchange for the tax credit and the names of recipients of any consideration provided in exchange for the tax credit. If a payment of money was any part of the consideration provided in exchange for the tax credit, the transferee shall list the amount of the payment of money in its statement to the department of revenue. If any part of the consideration provided in exchange for the tax credit included nonmonetary consideration, including but not limited to any promise, representation, performance, discharge of debt or nonmonetary rights or property, the tax credit transferee shall describe the nature of nonmonetary consideration and disclose any value the transferor and transferee assigned to the nonmonetary consideration. The tax credit transferee must indicate on its statement to the department of revenue if no consideration was provided in exchange for the tax credit. If the transferee is a partnership, limited liability company or S corporation, the transferee shall provide a list of the partners, members or shareholders and information on how the historic preservation and cultural and entertainment district tax credit should be divided among the partners, members or shareholders. The transferee shall also provide the tax identification numbers and addresses of the partners, members or shareholders. The replacement tax credit certificate must contain the same information that was on the original certificate and must have the same expiration date as the original tax credit certificate.

b. The transferee may use the amount of the tax credit for any tax period for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

c. If the historic preservation and cultural and entertainment district tax credit of the transferee exceeds the tax liability shown on the transferee's return, the tax credit shall be fully refundable.

This rule is intended to implement Iowa Code chapter 404A as amended by 2013 Iowa Acts, Senate File 436, and Iowa Code section 422.33.

701—52.19(422) Ethanol blended gasoline tax credit. Effective for tax years beginning on or after January 1, 2002, an ethanol blended gasoline tax credit may be claimed against a taxpayer's corporation income tax liability for retail dealers of gasoline. The taxpayer must operate at least one retail motor fuel site at which more than 60 percent of the total gallons of gasoline sold and dispensed through one or more motor fuel pumps by the taxpayer in the tax year is ethanol blended gasoline. The tax credit shall be calculated separately for each retail motor fuel site operated by the taxpayer. The amount of the credit for each eligible retail motor fuel site is two and one-half cents multiplied by the total number of gallons of ethanol blended gasoline sold and dispensed through all motor fuel pumps located at that retail motor fuel site during the tax year in excess of 60 percent of all gasoline sold and dispensed through motor fuel pumps at that retail motor fuel site during the tax year.

For fiscal years ending in 2002, the tax credit is available for each eligible retail motor fuel site based on the total number of gallons of ethanol blended gasoline sold and dispensed through all motor fuel pumps located at the taxpayer's retail motor fuel site from January 1, 2002, until the end of the taxpayer's fiscal year. Assuming a tax period that began on July 1, 2001, and ended on June 30, 2002, the taxpayer would be eligible for the tax credit based on the gallons of ethanol blended gasoline sold from January 1, 2002, through June 30, 2002. For taxpayers having a fiscal year ending in 2002, a claim for refund to claim the ethanol blended gasoline tax credit must be filed before October 1, 2003, even though the statute of limitations for refund set forth in 701—subrule 55.3(5) has not yet expired.

EXAMPLE: A taxpayer sold 100,000 gallons of gasoline at the taxpayer's retail motor fuel site during the tax year, 70,000 gallons of which was ethanol blended gasoline. The taxpayer is eligible for the credit since more than 60 percent of the total gallons sold was ethanol blended gasoline. The number of gallons in excess of 60 percent of all gasoline sold is 70,000 less 60,000, or 10,000 gallons. Two and one-half cents multiplied by 10,000 equals a \$250 credit available.

The credit may be calculated on Form IA 6478. The credit must be calculated separately for each retail motor fuel site operated by the taxpayer. Therefore, if the taxpayer operates more than one retail motor fuel site, it is possible that one retail motor fuel site may be eligible for the credit while another retail motor fuel site may not. The credit can be taken only for those retail motor fuel sites for which more than 60 percent of gasoline sales involve ethanol blended gasoline.

Any credit in excess of the taxpayer's tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

Starting with the 2006 calendar tax year, a taxpayer may claim the ethanol blended gasoline tax credit even if the taxpayer also claims the E-85 gasoline promotion tax credit provided in rule 701—52.30(422) for the same tax year for the same ethanol gallons.

EXAMPLE: A taxpayer sold 200,000 gallons of gasoline at a retail motor fuel site in 2006, of which 160,000 gallons was ethanol blended gasoline. Of these 160,000 gallons, 1,000 gallons was E-85 gasoline. Taxpayer is entitled to claim the ethanol blended gasoline tax credit of two and one-half cents multiplied by 40,000 gallons, since this constitutes the gallons in excess of 60 percent of the total gasoline gallons sold. Taxpayer may also claim the E-85 gasoline promotion tax credit on the 1,000 gallons of E-85 gasoline sold.

52.19(1) Definitions. The following definitions are applicable to this rule:

"Ethanol blended gasoline" means the same as defined in Iowa Code section 214A.1 as amended by 2006 Iowa Acts, House File 2754, section 3.

"Gasoline" means any liquid product prepared, advertised, offered for sale or sold for use as, or commonly and commercially used as, motor fuel for use in a spark-ignition, internal combustion engine, and which meets the specifications provided in Iowa Code section 214A.2.

“*Motor fuel pump*” means a pump, meter, or similar commercial weighing and measuring device used to measure and dispense motor fuel for sale on a retail basis.

“*Retail dealer*” means a person engaged in the business of storing and dispensing motor fuel from a motor fuel pump for sale on a retail basis, regardless of whether the motor fuel pump is located at a retail motor fuel site including a permanent or mobile location.

“*Retail motor fuel site*” means a geographic location in this state where a retail dealer sells and dispenses motor fuel on a retail basis. For example, tank wagons are considered retail motor fuel sites.

“*Sell*” means to sell on a retail basis.

52.19(2) Allocation of credit to owners of a business entity. If the taxpayer that was entitled to the ethanol blended gasoline tax credit is a partnership, limited liability company, S corporation, estate, or trust, the business entity shall allocate the allowable credit to each of the individual owners of the entity on the basis of each owner’s pro rata share of the earnings of the entity to the total earnings of the entity. Therefore, if a partnership has an ethanol blended gasoline tax credit of \$3,000 and one partner of the partnership receives 25 percent of the earnings of the partnership, that partner would receive an ethanol blended gasoline tax credit for the tax year of \$750 or 25 percent of the total ethanol blended gasoline tax credit of the partnership.

52.19(3) Repeal of ethanol blended gasoline tax credit. The ethanol blended gasoline tax credit is repealed on January 1, 2009. However, the tax credit is available for taxpayers whose fiscal year ends after December 31, 2008, for those ethanol gallons sold beginning on the first day of the taxpayer’s fiscal year until December 31, 2008. The ethanol promotion tax credit described in rule 701—52.36(422) is available beginning January 1, 2009, for retail dealers of gasoline.

EXAMPLE: A taxpayer who is a retail dealer of gasoline has a fiscal year end of April 30, 2009. The taxpayer sold 150,000 gallons of gasoline from May 1, 2008, through December 31, 2008, at the taxpayer’s retail motor fuel site, of which 110,000 gallons was ethanol blended gasoline. The number of gallons in excess of 60 percent of all gasoline sold is 110,000 less 90,000, or 20,000 gallons. The taxpayer may claim the ethanol blended gasoline tax credit for the fiscal year ending April 30, 2009, in the amount of \$500, or 20,000 gallons times two and one-half cents.

This rule is intended to implement Iowa Code section 422.33 as amended by 2006 Iowa Acts, House File 2754.

701—52.20(15E) Eligible development business investment tax credit. Effective for tax years beginning on or after January 1, 2001, a business which qualifies as an eligible development business may receive a tax credit of up to 10 percent of the new investment which is directly related to the construction, expansion or rehabilitation of building space to be used for manufacturing, processing, cold storage, distribution, or office facilities.

An eligible development business must be approved by the Iowa department of economic development prior to March 17, 2004, and meet the qualifications of Iowa Code section 15E.193C. Effective March 17, 2004, the eligible development business program is repealed.

New investment includes the purchase price of land and the cost of improvements made to real property. The tax credit may be claimed by an eligible development business in the tax year in which the construction, expansion or rehabilitation is completed.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until used, whichever is the earlier.

If the business is a partnership, S corporation, limited liability company, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual’s pro rata share of the individual’s earnings of the partnership, S corporation, limited liability company, or estate or trust.

If the eligible development business fails to meet and maintain any one of the requirements to be an eligible business, the business shall be subject to repayment of all or a portion of the amount of tax incentives received. For example, if within five years of project completion the development business sells or leases any space to any retail business, the development business shall proportionally repay the value of the investment credit. The proportion of the investment credit that would be due for repayment

by an eligible development business for selling or leasing space to a retail business would be determined by dividing the square footage of building space occupied by the retail business by the square footage of the total building space.

An eligible business, which is not a development business, which operates in an enterprise zone cannot claim an investment tax credit if the property is owned, or was previously owned, by an approved development business that has already received an investment tax credit. An eligible business, which is not a development business, can claim an investment tax credit only on additional, new improvements made to real property that was not included in the development business's approved application for the investment tax credit.

This rule is intended to implement Iowa Code section 15E.193C.

701—52.21(15E,422) Venture capital credits.

52.21(1) *Investment tax credit for an equity investment in a community-based seed capital fund or qualifying business.*

a. Equity investments in a qualifying business or community-based seed capital fund before January 1, 2011. See rule 123—2.1(15E) for the discussion of the investment tax credit for an equity investment in a community-based seed capital fund or an equity investment made on or after January 1, 2004, in a qualifying business, along with the issuance of tax credit certificates by the Iowa capital investment board, for equity investments made before January 1, 2011.

b. Equity investments in a qualifying business or community-based seed capital fund on or after January 1, 2011, and before July 2, 2015. For equity investments made on or after January 1, 2011, see 261—Chapter 115 for information regarding eligibility for qualifying businesses and community-based seed capital funds, applications for the investment tax credit for equity investments in a qualifying business or community-based seed capital fund, and the issuance of tax credit certificates by the economic development authority.

(1) Certificate issuance. The department of revenue will be notified by the economic development authority when the tax credit certificates are issued.

(2) Amount of the tax credit. The credit is equal to 20 percent of the taxpayer's equity investment in a qualifying business or community-based seed capital fund.

(3) Year in which the tax credit may be claimed. An investment shall be deemed to have been made on the same date as the date of acquisition of the equity interest as determined by the Internal Revenue Code. For investments made prior to January 1, 2014, a taxpayer shall not claim the tax credit prior to the third tax year following the tax year in which the investment is made. For investments made in qualifying businesses on or after January 1, 2014, the credit can be claimed in the year of the investment, but these investments cannot be redeemed prior to January 1, 2016. For example, if a corporation taxpayer whose tax year ends on December 31, 2012, makes an equity investment during the 2012 calendar year, the corporation taxpayer cannot claim the tax credit until the tax year ending December 31, 2015. For fiscal years beginning July 1, 2011, the amount of tax credits authorized cannot exceed \$2 million. The tax credit certificate must be included with the taxpayer's return for the tax year in which the credit may be redeemed as stated on the tax credit certificate.

(4) Carried over tax credits. If a tax credit is carried over and issued for the tax year immediately following the year in which the investment was made because the \$2 million cap has been reached, the tax credit may be claimed by the taxpayer for the third tax year following the tax year for which the credit is issued. For example, if a corporation taxpayer whose tax year ends on December 31, 2012, makes an equity investment in December 2012 and the \$2 million cap for the fiscal year ending June 30, 2013, had already been reached, the tax credit will be issued for the tax year ending December 31, 2013, and cannot be redeemed until the tax year ending December 31, 2016.

(5) Limitations. Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier. The tax credit cannot be carried back to a tax year prior to the tax year in which the taxpayer claims the tax credit. The tax credit is not transferable to any other taxpayer.

(6) Pro rata tax credit claims for certain business entities. For equity investments made in a community-based seed capital fund and equity investments made on or after January 1, 2004, in a qualifying business, an individual may claim the credit if the investment was made by a partnership, S corporation, limited liability company, or an estate or trust electing to have the income directly taxed to the individual. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

c. Equity investments in a qualifying business on or after July 2, 2015. For equity investments made on or after July 2, 2015, see 261—Chapter 115 for information regarding eligibility for qualifying businesses, applications for the investment tax credit for equity investments in a qualifying business, and the issuance of tax credit certificates by the economic development authority.

(1) Certificate issuance. The department of revenue will be notified by the economic development authority when the tax credit certificates are issued.

(2) Amount of the tax credit. For fiscal years beginning July 1, 2011, the amount of the tax credits authorized cannot exceed \$2 million. The credit is equal to 25 percent of the taxpayer's equity investment in a qualifying business. In any one calendar year, the amount of tax credits issued for any one qualifying business shall not exceed \$500,000. For purposes of this paragraph, a tax credit issued to a partnership, limited liability company, S corporation, estate or trust electing to have income taxed directly to the individual shall be deemed to be issued to the individual owners based upon a pro rata share of the individual's earnings from the entity.

(3) Year in which the credit may be claimed. A taxpayer shall not claim a tax credit prior to September 1, 2016. The tax credit certificate must be included with the taxpayer's return for the tax year in which the credit may be redeemed as stated on the tax credit certificate. For the purposes of this paragraph, an investment shall be deemed to have been made on the same date as the date of acquisition of the equity interest as determined by the Internal Revenue Code.

(4) Pro rata tax credit claims for certain business entities. An individual may claim the credit if the investment was made by a partnership, S corporation, limited liability company, or an estate or trust electing to have the income directly taxed to the individual. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust. Any credits claimed by an individual are subject to the limitations provided in 701—paragraph 42.22(1)“c.”

(5) Carryforward period. For a tax credit claimed against the taxes imposed in Iowa Code chapter 422, division III, any tax credit in excess of the taxpayer's liability for the tax year may be credited to the tax liability for the following three years or until depleted, whichever is earlier.

(6) Refunds, transfers, and carryback prohibited. The tax credit cannot be carried back to a tax year prior to the tax year in which the taxpayer claims the tax credit. The tax credit is not refundable and is not transferable to any other taxpayer.

52.21(2) *Investment tax credit for an equity investment in a venture capital fund.* See rule 123—3.1(15E) for the discussion of the investment tax credit for an equity investment in a venture capital fund, along with the issuance of tax credit certificates by the Iowa capital investment board. This credit is repealed for investments in venture capital funds made after July 1, 2010.

The department of revenue will be notified by the Iowa capital investment board when the tax credit certificates are issued. The tax credit certificate must be attached to the taxpayer's return for the tax year in which the credit may be redeemed as stated on the tax credit certificate.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier.

For equity investments made in a venture capital fund, an individual may claim the credit if the investment was made by a partnership, S corporation, limited liability company, or an estate or trust electing to have the income directly taxed to the individual. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

52.21(3) *Contingent tax credit for investments in Iowa fund of funds.* See rule 123—4.1(15E) for the discussion of the contingent tax credit available for investments made in the Iowa fund of funds

organized by the Iowa capital investment corporation. Tax credit certificates related to the contingent tax credits will be issued by the Iowa capital investment board.

The department of revenue will be notified by the Iowa capital investment board when these tax credit certificates are issued and, if applicable, when they are redeemed. If the tax credit certificate is redeemed, the certificate must be attached to the taxpayer's return for the tax year in which the credit may be redeemed as stated on the tax credit certificate.

If the tax credit certificate is redeemed, any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following seven years or until used, whichever is the earlier.

If the tax credit certificate is redeemed, an individual may claim the credit if the investment was made by a partnership, S corporation, limited liability company, or an estate or trust electing to have the income directly taxed to the individual. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

52.21(4) Innovation fund investment tax credit. See 261—Chapter 116 for information regarding eligibility for an innovation fund, applications for the investment tax credit for investments in an innovation fund, and the issuance of tax credit certificates by the economic development authority.

The department of revenue will be notified by the economic development authority when the tax credit certificates are issued. The credit is equal to 20 percent of the taxpayer's equity investment in the form of cash in an innovation fund for tax years beginning and investments made on or after January 1, 2011, and before January 1, 2013. For tax years beginning and investments made on or after January 1, 2013, the taxpayer may claim a tax credit equal to 25 percent of the taxpayer's equity investment in the form of cash in an innovation fund. An investment shall be deemed to have been made on the same date as the date of acquisition of the equity interest as determined by the Internal Revenue Code. A taxpayer shall claim the tax credit for the tax year in which the investment is made. For fiscal years beginning July 1, 2011, the amount of tax credits authorized cannot exceed \$8 million. No tax credit certificates will be issued prior to September 1, 2014. The tax credit certificate must be attached to the taxpayer's return for the tax year in which the investment was made as stated on the tax credit certificate.

If a tax credit is carried over and issued for the tax year immediately following the year in which the investment was made because the \$8 million cap has been reached, the tax credit may be claimed by the taxpayer for the tax year following the tax year for which the credit is issued. For example, if a corporation taxpayer whose tax year ending on December 31, 2013, makes an equity investment in December 2013 and the \$8 million cap for the fiscal year ending June 30, 2014, had already been reached, the tax credit will be issued for the tax year ending December 31, 2014, and can be redeemed for the tax year ending December 31, 2014.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until depleted, whichever is the earlier. The tax credit cannot be carried back to a tax year prior to the tax year in which the taxpayer claims the tax credit.

The innovation fund tax credit certificate may be transferred once to any person or entity.

Within 90 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department, along with a statement which contains the transferee's name, address and tax identification number and the amount of the tax credit being transferred. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the department will issue a replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company, S corporation, or estate or trust claiming the credit for individual or corporation income tax, the transferee shall provide a list of the partners, members, shareholders or beneficiaries and information on how the innovation fund tax credit should be divided among the partners, members, shareholders or beneficiaries. The transferee shall also provide the tax identification numbers and addresses of the partners, members, shareholders or beneficiaries. The replacement tax credit certificate must contain the same information as that on the original tax credit certificate and must have the same effective taxable year and the same expiration date as the original tax credit certificate. The replacement tax credit certificate may reflect a different tax type than the original tax credit certificate.

The transferee may use the amount of the tax credit for any tax year for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit certificate shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit certificate shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

For equity investments made in an innovation fund, an individual may claim the credit if the investment was made by a partnership, S corporation, limited liability company, or an estate or trust electing to have the income directly taxed to the individual. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, or estate or trust.

This rule is intended to implement Iowa Code sections 15E.42, 15E.52, 15E.66 and 422.33 and section 15E.43 as amended by 2015 Iowa Acts, chapter 138.

701—52.22(15) New capital investment program tax credits. Effective for tax periods beginning on or after January 1, 2003, a business which qualifies under the new capital investment program is eligible to receive tax credits. An eligible business under the new capital investment program must be approved by the Iowa department of economic development and meet the qualifications of 2003 Iowa Acts, chapter 125, section 4. The new capital investment program was repealed on July 1, 2005, and has been replaced with the high quality job creation program. See rule 701—52.28(15) for information on the tax credits available under the high quality job creation program. Any tax credits earned by businesses approved under the new capital investment program prior to July 1, 2005, remain valid, and can be claimed on tax returns filed after July 1, 2005.

52.22(1) Research activities credit. A business approved under the new capital investment program is eligible for an additional research activities credit as described in subrule 52.7(5). This credit for increasing research activities is in lieu of the research activities credit described in subrule 52.7(3).

52.22(2) Investment tax credit.

a. General rule. An eligible business can claim an investment tax credit equal to a percentage of the new investment directly related to new jobs created by the location or expansion of an eligible business. The percentage is equal to the amount provided in paragraph "b." New investment directly related to new jobs created by the location or expansion of an eligible business includes the following:

(1) The cost of machinery and equipment, as defined in Iowa Code section 427A.1(1), paragraphs "e" and "j," purchased for use in the operation of the eligible business. The purchase price shall be depreciated in accordance with generally accepted accounting principles.

(2) The purchase price of real property and any buildings and structures located on the real property.

(3) The cost of improvements made to real property which is used in the operation of the eligible business.

For eligible businesses approved by the Iowa department of economic development on or after March 17, 2004, certain lease payments made by eligible businesses to a third-party developer will be considered to be new investment for purposes of computing the investment tax credit. The eligible business shall enter into a lease agreement with the third-party developer for a minimum of five years. The investment tax credit is based on the annual base rent paid to a third-party developer by the eligible business for a period not to exceed ten years. The total costs of the annual base rent payments for the ten-year period cannot exceed the cost of the land and the third-party developer's cost to build or renovate the building used by the eligible business. The annual base rent is defined as the total lease payment less taxes, insurance and operating and maintenance expenses.

Any credit in excess of the tax liability for the tax period may be carried forward seven years or until used, whichever is the earlier.

If the business is a partnership, S corporation, limited liability company, cooperative organized under Iowa Code chapter 501 and filing as a partnership for federal tax purposes, or estate or trust electing to have the income taxed directly to an individual, an individual may claim the credit. The amount of

the credit claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, cooperative organized under Iowa Code chapter 501 and filing as a partnership for federal tax purposes, or estate or trust.

b. Tax credit percentage. The amount of tax credit claimed shall be based on the number of high-quality jobs created as determined by the Iowa department of economic development:

(1) If no high-quality jobs are created but economic activity within Iowa is advanced, the eligible business may claim a tax credit of up to 1 percent of the new investment.

(2) If 1 to 5 high-quality jobs are created, the eligible business may claim a tax credit of up to 2 percent of the new investment.

(3) If 6 to 10 high-quality jobs are created, the eligible business may claim a tax credit of up to 3 percent of the new investment.

(4) If 11 to 15 high-quality jobs are created, the eligible business may claim a tax credit of up to 4 percent of the new investment.

(5) If 16 or more high-quality jobs are created, the eligible business may claim a tax credit of up to 5 percent of the new investment.

c. Investment tax credit—value-added agricultural products or biotechnology-related processes. An eligible business whose project primarily involves the production of value-added agricultural products or uses biotechnology-related processes may elect to receive a refund for all or a portion of an unused investment tax credit. An eligible business includes a cooperative described in Section 521 of the Internal Revenue Code whose project primarily involves the production of ethanol.

Eligible businesses that elect to receive a refund shall apply to the Iowa department of economic development for tax credit certificates between May 1 and May 15 of each fiscal year through the fiscal year ending June 30, 2009. The election to receive a refund of all or a portion of an unused investment tax credit is no longer available beginning with the fiscal year ending June 30, 2010. Only those businesses that have completed projects before the May 1 filing date may apply for a tax credit certificate. The Iowa department of economic development shall not issue tax credit certificates for more than \$4 million during a fiscal year to eligible businesses for this program and eligible businesses described in subrule 52.10(4). If applications are received for more than \$4 million, the applicants shall receive certificates for a prorated amount.

The economic development authority shall issue tax credit certificates within a reasonable period of time. Tax credit certificates are valid for the tax year following project completion. The tax credit certificate must be included with the tax return for the tax year during which the tax credit is claimed. The tax credit certificate shall not be transferred, except for a cooperative described in Section 521 of the Internal Revenue Code whose project primarily involves the production of ethanol, as provided in subrule 52.10(4). For value-added agricultural projects involving ethanol, the cooperative must submit a list of its members and the share of each member's interest in the cooperative. The economic development authority shall issue a tax credit certificate to each member on the list.

d. Repayment of benefits. If an eligible business fails to maintain the requirements of the new capital investment program, the taxpayer may be required to repay all or a portion of the tax incentives taken on Iowa returns. Irrespective of the fact that the statute of limitations to assess the taxpayer for repayment of the tax credits may have expired, the department may proceed to collect the tax incentives forfeited by failure of the taxpayer to maintain the requirements of the new capital investment program. This is because it is a recovery of an incentive, rather than an adjustment to the taxpayer's tax liability. Details on the calculation of the repayment can be found in 261—subrule 187.5(4) of the administrative rules of the economic development authority. If the business is a partnership, limited liability company, S corporation, estate or trust where the income of the taxpayer is taxed to the individual owner(s) of the business, the department may proceed to collect the tax incentives against the partners, members, shareholders or beneficiaries to whom the tax incentives were passed through. See Decision of the Administrative Law Judge in *Damien & Colette Trebilcock, et al.*, Docket No. 11DORF 042-044, June 11, 2012.

An eligible business in the new capital investment program may also be required to repay all or a portion of the tax incentives received on Iowa returns if the eligible business experiences a layoff of employees in Iowa or closes any of its facilities in Iowa.

If, within five years of purchase, the eligible business sells, disposes of, razes, or otherwise renders unusable all or a part of the land, buildings, or other existing structures for which a tax credit was claimed under this subrule, the income tax liability of the eligible business shall be increased by one of the following amounts:

(1) One hundred percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within one full year after being placed in service.

(2) Eighty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within two full years after being placed in service.

(3) Sixty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within three full years after being placed in service.

(4) Forty percent of the tax credit claimed if the property ceases to be eligible for the tax credit within four full years after being placed in service.

(5) Twenty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within five full years after being placed in service.

52.22(3) Corporate tax credit—certain sales taxes paid by developer. For eligible businesses approved by the Iowa department of economic development on or after March 17, 2004, the eligible business may claim a corporate tax credit for certain sales taxes paid by a third-party developer.

a. Sales taxes eligible for the credit. The sales taxes paid by the third-party developer which are eligible for this credit include the following:

(1) Iowa sales and use tax for gas, electricity, water, or sewer utility services, goods, wares, or merchandise, or on services rendered to, furnished to or performed for a contractor or subcontractor and used in the fulfillment of a written contract relating to the construction or equipping of a facility within the economic development area.

(2) Iowa sales and use tax paid for racks, shelving, and conveyor equipment to be used in a warehouse or distribution center within the economic development area.

Any Iowa sales and use tax paid relating to intangible property, furniture and other furnishings is not eligible for the corporate tax credit.

b. How to claim the credit. The third-party developer must provide to the Iowa department of economic development the amount of Iowa sales and use tax paid as described in paragraph “a.” The amount of Iowa sales and use tax attributable to racks, shelving, and conveyor equipment must be identified separately.

The Iowa department of economic development will issue a tax credit certificate to the eligible business equal to the Iowa sales and use tax paid by the third-party developer for gas, electricity, water, or sewer utility services, goods, wares, or merchandise, or on services rendered to, furnished to or performed for a contractor or subcontractor and used in the fulfillment of a written contract relating to the construction or equipping of a facility. In addition, the Iowa department of economic development will also issue a separate tax credit certificate to the eligible business equal to the Iowa sales and use tax paid by the third-party developer for racks, shelving, and conveyor equipment to be used in a warehouse or distribution center.

The tax credit certificate shall contain the name, address, and tax identification number of the eligible business, along with the amount of the tax credit and the year in which the tax credit can be claimed. The tax credit certificate must be attached to the taxpayer’s income tax return for the tax year for which the tax credit is claimed. Any tax credit in excess of the taxpayer’s tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following seven years or until it is used, whichever is the earlier.

For the tax credit certificate relating to Iowa sales and use tax paid by the third-party developer for racks, shelving, and conveyor equipment, the aggregate amount of tax credit certificates and tax refunds for Iowa sales and use tax paid for racks, shelving, and conveyor equipment to eligible businesses under the new jobs and income program, enterprise zone program and new capital investment program cannot

exceed \$500,000 in a fiscal year. The requests for tax credit certificates or refunds will be processed in the order they are received on a first-come, first-served basis until the amount of credits authorized for issuance has been exhausted. If applications for tax credit certificates or refunds exceed the \$500,000 limitation for any fiscal year, the applications shall be considered in succeeding fiscal years.

This rule is intended to implement Iowa Code sections 15.331C, 15.333 as amended by 2010 Iowa Acts, Senate File 2380, and 15.381 to 15.387.

701—52.23(15E,422) Endow Iowa tax credit. Effective for tax years beginning on or after January 1, 2003, a taxpayer who makes an endowment gift to an endow Iowa qualified community foundation may qualify for an endow Iowa tax credit, subject to the availability of the credit. For tax years beginning on or after January 1, 2003, but before January 1, 2010, the credit is equal to 20 percent of a taxpayer's endowment gift to an endow Iowa qualified community foundation approved by the Iowa department of economic development. For tax years beginning on or after January 1, 2010, the credit is equal to 25 percent of a taxpayer's endowment gift to an endow Iowa qualified community foundation approved by the Iowa department of economic development. For tax years beginning on or after January 1, 2010, a taxpayer cannot claim a deduction for charitable contributions under Section 170 of the Internal Revenue Code for the amount of the contribution for which the tax credit is claimed for Iowa tax purposes. The administrative rules for the endow Iowa tax credit for the Iowa department of economic development may be found under 261—Chapter 47.

The total amount of endow Iowa tax credits available is \$2 million in the aggregate for the 2003 and 2004 calendar years. The total amount of endow Iowa tax credits is \$2 million annually for the 2005-2007 calendar years, and \$200,000 of these tax credits on an annual basis is reserved for endowment gifts of \$30,000 or less. The maximum amount of tax credit granted to a single taxpayer shall not exceed \$100,000 for the 2003-2007 calendar years. The total amount of endow Iowa tax credits annually for the 2008 and 2009 calendar years is \$2 million plus a percentage of the tax imposed on the adjusted gross receipts from gambling games in accordance with Iowa Code section 99F.11(3). The total amount of endow Iowa tax credits annually for 2010 is \$2.7 million plus a percentage of the tax imposed on the adjusted gross receipts from gambling games in accordance with Iowa Code section 99F.11(3). The total amount of endow Iowa tax credits annually for 2011 is \$3.5 million plus a percentage of the tax imposed on the adjusted gross receipts from gambling games in accordance with Iowa Code section 99F.11(3). The maximum amount of tax credit granted to a single taxpayer shall not exceed 5 percent of the total endow Iowa tax credit amount authorized for 2008 and subsequent years. For calendar year 2012 and subsequent calendar years, the total amount of endow Iowa tax credits is \$6 million; the maximum amount of tax credit authorized to a single taxpayer is \$300,000 (\$6 million multiplied by 5 percent). The endow Iowa tax credit cannot be transferred to any other taxpayer.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier.

If a taxpayer is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement Iowa Code section 15E.305 as amended by 2013 Iowa Acts, House File 620, and Iowa Code section 422.33.

701—52.24(422) Soy-based cutting tool oil tax credit. Effective for tax periods ending after June 30, 2005, and beginning before January 1, 2007, a manufacturer may claim a soy-based cutting tool oil tax credit. A manufacturer, as defined in Iowa Code section 428.20, may claim the credit equal to the costs incurred during the tax year for the purchase and replacement costs relating to the transition from using nonsoy-based cutting tool oil to using soy-based cutting tool oil.

All of the following conditions must be met to qualify for the tax credit.

1. The costs must be incurred after June 30, 2005, and before January 1, 2007.
2. The costs must be incurred in the first 12 months of the transition from using nonsoy-based cutting tool oil to using soy-based cutting tool oil.
3. The soy-based cutting tool oil must contain at least 51 percent soy-based products.
4. The costs of the purchase and replacement must not exceed \$2 per gallon of soy-based cutting tool oil used in the transition.
5. The number of gallons used in the transition cannot exceed 2,000 gallons.
6. The manufacturer shall not deduct for Iowa income tax purposes the costs incurred in the transition to using soy-based cutting tool oil which are deductible for federal tax purposes.

Any credit in excess of the taxpayer's tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

If a taxpayer is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to an individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement Iowa Code section 422.33 as amended by 2005 Iowa Acts, Senate File 389.

701—52.25(15I,422) Wage-benefits tax credit. Effective for tax years ending on or after June 9, 2006, a wage-benefits tax credit equal to a percentage of the annual wages and benefits paid for a qualified new job created by the location or expansion of the business in Iowa is available for qualified businesses.

52.25(1) Definitions. The following definitions are applicable to this rule:

"Average county wage" means the annualized average hourly wage calculated by the Iowa department of economic development using the most current four quarters of wage and employment information as provided in the Quarterly Covered Wage and Employment Data report provided by the department of workforce development. Agricultural/mining and governmental employment categories are deleted in compiling the wage information.

"Benefits" means all of the following:

1. Medical and dental insurance plans.
2. Pension and profit-sharing plans.
3. Child care services.
4. Life insurance coverage.
5. Vision insurance plan.
6. Disability coverage.

"Department" means the Iowa department of revenue.

"Full-time" means the equivalent of employment of one person:

1. For 8 hours per day for a 5-day, 40-hour workweek for 52 weeks per year, including paid holidays, vacations, and other paid leave, or
2. The number of hours or days per week, including paid holidays, vacations, and other paid leave, currently established by schedule, custom or otherwise, as constituting a week of full-time work for the kind of service an individual performs for an employing unit.

"Grow Iowa values fund" means the grow Iowa values fund created in Iowa Code Supplement section 15G.108.

"Nonqualified new job" means any one of the following:

1. A job previously filled by the same employee in Iowa.
2. A job that was relocated from another location in Iowa.
3. A job that is created as a result of a consolidation, merger, or restructuring of a business entity if the job does not represent a new job in Iowa.

"Qualified new job" or *"job creation"* means a job that meets all of the following criteria:

1. Is a new full-time job that has not existed in the business within the previous 12 months in Iowa.
2. Is filled by a new employee for at least 12 months.
3. Is filled by a resident of the state of Iowa.

4. Is not created as a result of a change in ownership.
5. Was created on or after June 9, 2005.

“Retail business” means a business which sells its product directly to a consumer.

“Retained qualified new job” or “job retention” means the continued employment, after the first 12 months of employment, of the same employee in a qualified new job for another 12 months.

“Service business” means a business which is not engaged in the sale of tangible personal property, and which provides services to a local consumer market and does not have a significant proportion of its sales coming from outside the state.

52.25(2) Calculation of credit. A business which is not a retail or service business may claim the wage-benefits tax credit which is determined as follows:

- a. If the annual wages and benefits for the qualified new job equal less than 130 percent of the average county wage, the credit is 0 percent of the annual wage and benefits paid.
- b. If the annual wages and benefits for the qualified new job equal at least 130 percent but less than 160 percent of the average county wage, the credit is 5 percent of the annual wage and benefits paid for each qualified new job.
- c. If the annual wages and benefits for the qualified new job equal at least 160 percent of the average county wage, the credit is 10 percent of the annual wage and benefits paid for each qualified new job.

If the business is a partnership, S corporation, limited liability company, or estate or trust electing to have the income taxed directly to the individual, an individual may claim the tax credit. The amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings of the partnership, S corporation, limited liability company, or estate or trust.

Any credit in excess of the taxpayer’s tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

52.25(3) Application for the tax credit, tax credit certificate and amount of tax credit available.

a. In order to claim the wage-benefits tax credit, the business must submit an application to the department along with information on the qualified new job or retained qualified new job. The application cannot be submitted until the end of the twelfth month after the qualified job was filled. For example, if the new job was created on June 9, 2005, the application cannot be submitted until June 9, 2006. The following information must be submitted in the application:

- (1) Name, address and federal identification number of the business.
- (2) A description of the activities of the business. If applicable, the proportion of the sales of the business which come from outside Iowa should be included.
- (3) The amount of wages and benefits paid to each employee for each new job for the previous 12 months.
- (4) A computation of the amount of credit being requested.
- (5) The address and state of residence of each new employee.
- (6) The date that the qualified new job was filled.
- (7) An indication of whether the job is a qualified new job or a retained qualified new job for which an application was filed for a previous year.
- (8) The type of tax for which the credit will be applied.
- (9) If the business is a partnership, S corporation, limited liability company, or estate or trust, a schedule of the partners, shareholders, members or beneficiaries. This schedule shall include the names, addresses and federal identification number of the partners, shareholders, members or beneficiaries, along with their percentage of the pro rata share of earnings of the partnership, S corporation, limited liability company, or estate or trust.

b. Upon receipt of the application, the department has 45 days either to approve or disapprove the application. If the department does not act on the application within 45 days, the application is deemed to be approved. If the department disapproves the application, the business may appeal the decision to the Iowa economic development board within 30 days of the notice of disapproval.

c. If the application is approved, or if the Iowa economic development board approves the application that was previously denied by the department, a tax credit certificate will be issued by the

department to the business, subject to the availability of the amount of credits that may be issued. The tax credit certificate will contain the name, address and tax identification number of the business (or individual, estate or trust, if applicable), the date of the qualified new job(s), the wage and benefits paid for each job(s) for the 12-month period, the amount of the credit, the tax period for which the credit may be applied, and the type of tax for which the credit will be applied.

d. The tax credit certificates that are issued in a fiscal year cannot exceed \$10 million for the fiscal year ending June 30, 2007, and shall not exceed \$4 million for the fiscal years ending June 30, 2008, through June 30, 2011. The tax credit certificates are issued on a first-come, first-served basis. Therefore, if tax credit certificates have already been issued for the \$10 million limit for the fiscal year ending June 30, 2007, any applications for tax credit certificates received after the \$10 million limit has been reached will be denied. Similarly, if tax credit certificates have already been issued for the \$4 million limit for the fiscal years ending June 30, 2008, through June 30, 2011, any applications for tax credit certificates received after the \$4 million limit has been reached will be denied. If a business failed to receive all or a part of the tax credit due to the \$10 million or \$4 million limitation, the business may reapply for the tax credit for the retained new job for a subsequent tax period.

e. A business which qualifies for the tax credit for the fiscal year ending June 30, 2007, is eligible to receive the tax credit certificate for each of the fiscal years ending June 30, 2008, through June 30, 2011, subject to the \$4 million limit for tax credits for the fiscal years ending June 30, 2008, through June 30, 2011, if the business retains the qualified new job during each of the fiscal years ending June 30, 2008, through June 30, 2011. The business must reapply by June 30 of each fiscal year for the tax credit, and the percentage of the wages and benefits allowed for the credit set forth in subrule 52.25(2) for the first year is applicable for each subsequent period. Preference will be given in issuing tax credit certificates for those businesses that retain qualified new jobs, and preference will be given in the order in which applications were filed for the fiscal year ending June 30, 2007. Therefore, those businesses which received the first \$4 million of tax credits for the year ending June 30, 2007, in which the qualified jobs were created will automatically receive a tax credit for the fiscal years ending June 30, 2008, through June 30, 2011, as long as the qualified jobs are retained and an application is completed.

f. For the fiscal years ending June 30, 2008, through June 30, 2011, if credits become available because the jobs were not retained by businesses which received the first \$4 million of credits for the year ending June 30, 2007, an application which was originally denied will be considered in the order in which the application was received for the fiscal year ending June 30, 2007.

EXAMPLE: Wage-benefits tax credits of \$4 million were issued for the fiscal year ending June 30, 2007, relating to applications filed between July 1, 2006, and March 31, 2007. For the next fiscal year ending June 30, 2008, the same businesses that received the \$4 million in wage-benefits tax credits filed applications totaling \$3 million for the retained jobs for which the application for the prior year was filed on or before March 31, 2007. The first \$3 million of the available \$4 million will be allowed to these same businesses. The remaining \$1 million that is still available for the year ending June 30, 2008, will be allowed for those retained jobs for which applications for the prior year were filed starting on April 1, 2007, until the remaining \$1 million in tax credits is issued.

g. A business may apply in writing to the Iowa economic development board for a waiver of the average wage and benefit requirement. See 261—subrule 68.3(2) for more detail on the procedures to apply for a waiver of the wage and benefit requirement. If a waiver is granted, the business must provide the department with the waiver and it must be attached to the application.

h. A business may receive other federal, state, and local incentives and tax credits in addition to the wage-benefits tax credit. However, a business that receives a wage-benefits tax credit cannot receive tax incentives under the high quality job creation program set forth in Iowa Code chapter 15 as amended by 2005 Iowa Acts, chapter 150, or moneys from the grow Iowa values fund.

52.25(4) Examples. The following noninclusive examples illustrate how this rule applies:

EXAMPLE 1: Business A operates a grocery store and hires five new employees, each of whom will earn wages and benefits in excess of 130 percent of the average county wage. Business A would not qualify for the wage-benefits tax credit because Business A is a retail business.

EXAMPLE 2: Business B operates an accounting firm and hires two new accountants, each of whom will earn wages and benefits in excess of 160 percent of the average county wage. The accounting firm provides services to clients wholly within Iowa. Business B would not qualify for the wage-benefits tax credit because it is a service business. The majority of its sales are generated from within the state of Iowa and thus Business B, because it is a service business, is not eligible for the credit.

EXAMPLE 3: Business C operates a software development business and hires two new programmers, each of whom will earn wages and benefits in excess of 160 percent of the average county wage. Over 50 percent of the customers of Business C are located outside Iowa. Business C would qualify for the wage-benefits tax credit because a majority of its sales are coming from outside the state, even though Business C is engaged in the performance of services.

EXAMPLE 4: Business D is a manufacturer that hires a new employee in Clayton County, Iowa, on July 8, 2005. The average county wage for Clayton County for the third quarter of 2005 is \$11.86 per hour. If the average county wage per hour for Clayton County is \$11.95 for the fourth quarter of 2005, \$12.05 for the first quarter of 2006, and \$12.14 for the second quarter of 2006, the annualized average county wage for this 12-month period is \$12.00 per hour. This wage equates to an average annual wage of \$24,960 ($\$12.00 \times 40 \text{ hours} \times 52 \text{ weeks}$). In order to qualify for the 5 percent wage-benefits tax credit, the new employee must receive wages and benefits totaling \$32,448 (130 percent of \$24,960) for the 12-month period from July 8, 2005, through July 7, 2006. In order to qualify for the 10 percent wage-benefits tax credit, the new employee must receive wages and benefits totaling \$39,936 (160 percent of \$24,960) for the 12-month period from July 8, 2005, through July 7, 2006.

EXAMPLE 5: Business E is a manufacturer that hires three new employees in Grundy County, Iowa, on July 1, 2005. If the average county wage for the 12-month period from July 1, 2005, through June 30, 2006, is \$13.75 per hour in Grundy County, this wage equates to an average county wage of \$28,600. The wages and benefits for each of these three new employees is \$40,000 for the period from July 1, 2005, through June 30, 2006, which is 140 percent of the average county wage. Business E is entitled to a wage-benefits tax credit of \$2,000 for each employee ($\$40,000 \times 5 \text{ percent}$), for a total wage-benefits tax credit of \$6,000. If Business E files on a calendar-year basis, the \$6,000 wage-benefits tax credit can be claimed on the tax return for the period ending December 31, 2006.

EXAMPLE 6: Business F is a manufacturer that hires ten new employees on July 1, 2005, and qualifies for the wage-benefits tax credit because the wages and benefits paid exceed 130 percent of the average county wage. Business F receives a wage-benefits tax credit in July 2006 for these ten employees, which can be used on the tax return for the period ending December 31, 2006. On August 31, 2006, two of the employees leave the business and are replaced by two new employees. Business F is entitled to a wage-benefits tax credit for only eight employees in July 2007 because only eight employees continued employment for the subsequent 12 months, which meets the definition of a retained qualified new job. Business F cannot request a wage-benefits tax credit for the two employees hired on August 31, 2006. Business F cannot request the wage-benefits tax credit because these two full-time jobs existed in the business within the previous 12 months in Iowa, and these jobs do not meet the definition of a qualified new job or retained qualified new job.

EXAMPLE 7: Business G is a manufacturer that hires ten new employees on July 1, 2005, and qualifies for the wage-benefits tax credit because the wages and benefits paid exceed 130 percent of the average county wage. Business G receives a wage-benefits tax credit in July 2006 for these ten employees equal to 5 percent of the wages and benefits paid. On October 1, 2006, Business G hires an additional five employees, each of whom receives wages and benefits in excess of 130 percent of the average county wage. Business G can apply for the wage-benefits tax credit on October 1, 2007, for these five employees, since these employees have now been employed for 12 months. However, the credit may not be allowed if more than \$4 million of retained job applications is received for the fiscal year ending June 30, 2008.

EXAMPLE 8: Assume the same facts as Example 6, except that the \$10 million limit of tax credits has already been met for the fiscal year ending June 30, 2007, and Business F hired five new employees on August 31, 2006. Business F can apply for the wage-benefits tax credit for the three employees on August 31, 2007, a number which is above the ten full-time jobs originally created, but Business F may

not receive the tax credit if more than \$4 million of retained job applications is received for the fiscal year ending June 30, 2008.

EXAMPLE 9: Assume the same facts as Example 7, except that the ten employees hired on July 1, 2005, by Business G received wages and benefits equal to 155 percent of the average county wage, and the five employees hired on October 1, 2006, by Business G received wages equal to 161 percent of the average county wage. Business G can apply for the tax credit on October 1, 2007, equal to 10 percent of the wages and benefits paid for the employees hired on October 1, 2006. On July 1, 2007, Business G can reapply for the tax credit equal to 5 percent of the wages and benefits paid only for the ten employees originally hired on July 1, 2005, even if the wages and benefits for these ten employees exceed 160 percent of the average county wage for the period from July 1, 2006, through June 30, 2007.

52.25(5) *Repeal of the wage-benefits tax credit.* The wage-benefits tax credit is repealed effective July 1, 2008. However, the wage-benefits tax credit is still available through the fiscal year ending June 30, 2011, as provided in subrule 52.25(3), paragraphs “d,” “e,” and “f.” A business is not entitled to a wage-benefits tax credit for a qualified new job created on or after July 1, 2008.

This rule is intended to implement Iowa Code chapter 15I as amended by 2008 Iowa Acts, House File 2700, section 167, and Iowa Code section 422.33(18).

701—52.26(422,476B) Wind energy production tax credit. Effective for tax years beginning on or after July 1, 2006, an owner of a qualified wind energy production facility that has been approved by the Iowa utilities board may claim a wind energy production tax credit for qualified electricity sold by the owner or used for on-site consumption against a taxpayer’s Iowa corporation income tax liability. The administrative rules for the certification of eligibility for the wind energy production tax credit for the Iowa utilities board may be found in rule 199—15.18(476B).

52.26(1) *Application and review process for the wind energy production tax credit.* An owner of a wind energy production facility must be approved by the Iowa utilities board in order to qualify for the wind energy production tax credit. The facility must be an electrical production facility that produces electricity from wind, is located in Iowa, and must be placed in service on or after July 1, 2005, but before July 1, 2012. For applications filed on or after March 1, 2008, a facility must consist of one or more wind turbines which have a combined nameplate generating capacity of at least 2 megawatts and no more than 30 megawatts. For applications filed on or after July 1, 2009, by a private college or university, community college, institution under the control of the state board of regents, public or accredited nonpublic elementary and secondary school, or public hospital as defined in Iowa Code section 249J.3, the facility must have a combined nameplate capacity of no less than $\frac{3}{4}$ of a megawatt.

The maximum amount of nameplate generating capacity for all qualified wind energy production facilities cannot exceed 50 megawatts of nameplate generating capacity. An owner shall not own more than two qualified facilities. A facility that is not operational within 18 months after issuance of the approval from the Iowa utilities board will no longer be considered a qualified facility. However, a facility that is not operational within 18 months due to the unavailability of necessary equipment shall be granted an additional 12 months to become operational.

An owner of the qualified facility must apply to the Iowa utilities board for the wind energy production tax credit. The application for the tax credit must be filed no later than 30 days after the close of the tax year for which the credit is applied. The information to be included in the application is set forth in 199—subrule 15.20(1).

52.26(2) *Computation of the credit.* The wind energy production credit equals one cent multiplied by the number of kilowatt-hours of qualified electricity sold or used for on-site consumption by the owner during the tax year. For the first tax year in which the credit is applied, the kilowatt-hours of qualified electricity sold may exceed 12 months.

EXAMPLE: A qualified facility was placed in service on April 1, 2006, and the taxpayer files on a calendar-year basis. The first year for which the credit can be claimed is the period ending December 31, 2007, since that is the first tax year that began on or after July 1, 2006. The credit for the 2007 tax year can include electricity sold between April 1, 2006, and December 31, 2007.

The credit is not allowed for any kilowatt-hours of electricity sold to a related person. The definition of “related person” uses the same criteria set forth in Section 45(e)(4) of the Internal Revenue Code relating to the federal renewable electricity production credit. Persons shall be treated as related to each other if such persons are treated as a single employer under Treasury Regulation §1.52-1. In the case of a corporation that is a member of an affiliated group of corporations filing a federal consolidated return, such corporation shall be treated as selling electricity to an unrelated person if such electricity is sold to the person by another member of the affiliated group.

The utilities board will notify the department of the number of kilowatt-hours of electricity sold by the qualified facility or generated and used on site by the qualified facility during the tax year. The department will calculate the credit and issue a tax credit certificate to the owner. The tax credit certificate will include the taxpayer’s name, address and federal identification number, the tax type for which the credit will be claimed, the amount of the credit and the tax year for which the credit may be claimed. In addition, the tax credit certificate will include a place for the name and tax identification number of a transferee and the amount of the tax credit certificate, as provided in subrule 52.26(3). If the department refuses to issue the tax credit certificate, the taxpayer shall be notified in writing and the taxpayer will have 60 days from the date of denial to file a protest in accordance with rule 701—7.8(17A). The department will not issue a tax credit certificate if the facility is not operational within 18 months after approval was given by the utilities board, unless a 12-month extension is granted by the utilities board as provided in subrule 52.26(1).

If the taxpayer is a partnership, limited liability company, S corporation, or estate or trust requesting a credit for individual or corporation income tax, the tax credit certificate will be issued to the partners, members, shareholders or beneficiaries based on the partner’s, member’s, shareholder’s or beneficiary’s pro rata share of earnings of the partnership, limited liability company, S corporation, or estate or trust, except when the taxpayer is eligible to receive renewable electricity production tax credits authorized under Section 45 of the Internal Revenue Code. In cases where the taxpayer is eligible to receive renewable electricity production tax credits under Section 45 of the Internal Revenue Code, the partnership, limited liability company or S corporation may designate the amount of the tax credit to be allocated to each partner, member or shareholder. In addition, if a taxpayer is a partnership, limited liability company, S corporation, or estate or trust that is eligible to receive renewable electricity production tax credits under Section 45 of the Internal Revenue Code, the taxpayer may distribute the tax credit to an equity holder or beneficiary as a liquidating distribution or portion thereof, of an equity holder’s interest in the partnership, limited liability company or S corporation, or the beneficiary’s interest in the estate or trust.

The credit can be allowed for a ten-year period beginning on the date the qualified facility was originally placed in service. For example, if a facility was placed in service on April 1, 2006, the credit can be claimed for kilowatt-hours of electricity sold between April 1, 2006, and March 31, 2016.

To claim the tax credit, the taxpayer must include the tax credit certificate with the tax return for the tax year set forth on the certificate. Any tax credit in excess of the tax liability may be carried forward for seven years or until it is used, whichever is the earlier.

52.26(3) *Transfer of the wind energy production tax credit certificate.* The wind energy production tax credit certificate may be transferred to any person or entity.

Within 30 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department, along with a statement which contains the transferee’s name, address and tax identification number and the amount of the tax credit being transferred. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the department will issue a replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company, S corporation, or estate or trust claiming the credit for individual or corporation income tax, the transferee shall provide a list of the partners, members, shareholders or beneficiaries and information on how the wind energy production tax credit should be divided among the partners, members, shareholders or beneficiaries. The transferee shall also provide the tax identification numbers and addresses of the partners, members, shareholders or beneficiaries. The replacement tax credit certificate must contain the same information as that on the original tax credit certificate and must have

the same effective taxable year and the same expiration date as the original tax credit certificate. The replacement tax credit certificate may reflect a different tax type than the original tax credit certificate.

The transferee may use the amount of the tax credit for any tax year for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit certificate shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit certificate shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

This rule is intended to implement Iowa Code section 422.33 and chapter 476B as amended by 2011 Iowa Acts, House File 672.

[ARC 8589B, IAB 3/10/10, effective 4/14/10; ARC 9876B, IAB 11/30/11, effective 1/4/12; ARC 0251C, IAB 8/8/12, effective 9/12/12; ARC 1744C, IAB 11/26/14, effective 12/31/14]

701—52.27(422,476C) Renewable energy tax credit. Effective for tax years beginning on or after July 1, 2006, a purchaser or producer of renewable energy whose facility has been approved by the Iowa utilities board may claim a renewable energy tax credit for qualified renewable energy against a taxpayer's Iowa corporation income tax liability.

52.27(1) Eligible facility application process.

a. Eligible facility application process, generally. A producer or purchaser of a renewable energy facility must be approved as an eligible renewable energy facility by the Iowa utilities board in order to qualify for the renewable energy tax credit. The eligible renewable energy facility can be a wind energy conversion facility, biogas recovery facility, biomass conversion facility, methane gas recovery facility, solar energy conversion facility or refuse conversion facility. The facility must be located in Iowa and placed in service on or after July 1, 2005, and before January 1, 2018. The administrative rules for the certification of eligibility for the renewable energy tax credit for the Iowa utilities board may be found in rule 199—15.19(476C).

b. Limitations on maximum energy production and nameplate generating capacity. The maximum amount of nameplate generating capacity of all wind energy conversion facilities cannot exceed 363 megawatts of nameplate generating capacity. For tax years beginning prior to January 1, 2015, the maximum amount of energy production capacity for biogas recovery facilities, biomass conversion facilities, methane gas recovery facilities, solar energy conversion facilities and refuse conversion facilities cannot exceed a combined output of 53 megawatts of nameplate generating capacity and 167 billion British thermal units of heat for a commercial purpose. For tax years beginning on or after January 1, 2015, the maximum amount of energy production for biogas recovery facilities, biomass conversion facilities, methane gas recovery facilities, solar energy conversion facilities and refuse conversion facilities cannot exceed a combined output of 63 megawatts of nameplate generating capacity and, annually, 167 billion British thermal units of heat for a commercial purpose. A facility that is not operational within 30 months after issuance of approval from the utilities board will no longer be considered a qualified facility. However, if the facility is a wind energy conversion property and is not operational within 18 months due to the unavailability of necessary equipment, the facility may apply for a 12-month extension of the 30-month limit. Extensions can be renewed for succeeding 12-month periods if the facility applies for the extension prior to expiration of the current extension period. A producer of renewable energy, which is the person who owns the renewable energy facility, cannot own more than two eligible renewable energy facilities. A person that has an equity interest equal to or greater than 51 percent in an eligible renewable energy facility cannot have an equity interest greater than 10 percent in any other renewable energy facility. However, for tax years beginning on or after January 1, 2015, an entity described in Iowa Code section 476C.1(6) "b"(4) or (5) may have an ownership interest in up to four solar energy conversion facilities described in Iowa Code section 476C.3(4) "b"(3).

52.27(2) Tax credit certificate procedure.

a. Tax credit application process. A producer or purchaser of a renewable energy facility must apply to the utilities board for the renewable energy tax credit. The application for the tax credit must be filed no later than 30 days after the close of the tax year for which the credit is applied. The information

to be included in the application is set forth in 199—subrule 15.21(1). The utilities board will notify the department of the number of kilowatt-hours, standard cubic feet or British thermal units that were generated and purchased from an eligible facility or used for on-site consumption by the producer during the tax year for which the credit is applied.

b. Tax credit calculation. The department shall calculate the amount of the credit for which the applicant is eligible in accordance with subrules 52.27(3) and 52.27(4) and shall issue a tax credit certificate for that amount or shall notify the applicant in writing of its refusal to do so.

c. Tax credit certificate issuance. The tax credit certificate will include the taxpayer's name, address and federal identification number; the tax type for which the credit will be claimed; the amount of the credit; and the tax year for which the credit may be claimed. In addition, the tax credit certificate will include a place for the name and tax identification number of a transferee and the amount of the tax credit certificate, as provided in subrule 52.27(5). Once a tax credit certificate is issued pursuant to Iowa Code chapter 476C, it shall not be terminated or rescinded.

d. Taxpayers that are partnerships, limited liability companies, S corporations, or estates or trusts. If the taxpayer is a partnership, limited liability company, S corporation, or estate or trust requesting a credit for individual or corporation income tax, the tax credit certificate will be issued to the partners, members, shareholders or beneficiaries based on the partner's, member's, shareholder's or beneficiary's pro rata share of earnings of the partnership, limited liability company, S corporation, or estate or trust, except when the taxpayer is eligible to receive renewable electricity production tax credits authorized under Section 45 of the Internal Revenue Code. In cases where the taxpayer is eligible to receive renewable electricity production tax credits under Section 45 of the Internal Revenue Code, the partnership, limited liability company or S corporation may designate the amount of the tax credit to be allocated to each partner, member or shareholder. In addition, if a taxpayer is a partnership, limited liability company, S corporation, or estate or trust that is eligible to receive renewable electricity production tax credits under Section 45 of the Internal Revenue Code, the taxpayer may distribute the tax credit to an equity holder or beneficiary as a liquidating distribution, or portion thereof, of an equity holder's interest in the partnership, limited liability company or S corporation or of the beneficiary's interest in the estate or trust.

e. Carryforward. To claim the tax credit, the taxpayer must include the tax credit certificate with the tax return for the tax period set forth on the certificate. Any tax credit in excess of the tax liability may be carried forward for seven years or until it is used, whichever is the earlier.

52.27(3) Limitations.

a. Energy production. Of the maximum amount of energy production capacity equivalent for biogas recovery facilities, biomass conversion facilities, methane gas recovery facilities, solar energy conversion facilities and refuse conversion facilities;

(1) No single facility may be allocated more than ten megawatts of nameplate generating capacity or energy production capacity equivalent.

(2) For tax years beginning on or after January 1, 2015, ten megawatts of nameplate generating capacity or energy production capacity equivalent shall be reserved for solar energy conversion facilities described in Iowa Code section 476C.3(4) "b"(3) that have a generating capacity of one and one-half megawatts or less.

(3) For tax years beginning on or after January 1, 2014, 55 billion British thermal units of heat for a commercial purpose shall be reserved annually for an eligible facility that is a refuse conversion facility for processed, engineered fuel from a multicounty solid waste management planning area.

(4) For tax years beginning on or after January 1, 2014, the maximum annual amount of energy production capacity for a single refuse conversion facility is 55 billion British thermal units of heat for a commercial purpose.

b. Related persons. The credit is not allowed for any kilowatt-hours, standard cubic feet or British thermal units that are purchased from an eligible facility by a related person. Persons shall be treated as related to each other if either person owns an 80 percent or more equity interest in the other person.

c. Operation. The facility must be operational within 30 months after approval was given by the utilities board, unless a 12-month extension is granted by the utilities board as provided in subrule 52.27(1).

d. Prohibited for persons that have received a credit under Iowa Code chapter 476B. A person that has received a wind energy production tax credit pursuant to Iowa Code chapter 476B may not be issued a renewable energy tax credit certificate.

e. Ten-year award limitation. The credit is allowed for a ten-year period beginning on the date the purchaser first purchases renewable energy from a qualified facility or on the date the qualified facility first began producing renewable energy for on-site consumption. For example, if a renewable energy facility first began producing energy for on-site consumption on April 1, 2006, the credit can be claimed for kilowatt-hours, standard cubic feet or British thermal units generated and used for on-site consumption by the producer between April 1, 2006, and March 31, 2016. Tax credit certificates cannot be issued for renewable energy purchased or produced for on-site consumption after December 31, 2027.

52.27(4) Computation of the credit. The renewable energy tax credit equals 1½ cents per kilowatt-hour of electricity, or \$1.44 per 1000 standard cubic feet of hydrogen fuel, or \$4.50 per 1 million British thermal units of methane gas or other biogas used to generate electricity, or \$4.50 per 1 million British thermal units of heat for a commercial purpose generated by and purchased from an eligible renewable energy facility or used for on-site consumption by the producer during the tax year. For the first tax year in which the credit is applied, the kilowatt-hours, standard cubic feet or British thermal units generated by and purchased from the facility or used for on-site consumption by the producer may exceed 12 months if the facility was operational for fewer than 12 months in its initial year of operation.

EXAMPLE: A qualified wind energy production facility was placed in service on April 1, 2006, and the taxpayer files on a calendar-year basis. The first year for which the credit can be claimed is the year ending December 31, 2007, since that is the first tax year that began on or after July 1, 2006. The credit for the 2007 tax year can include electricity generated and purchased or used for on-site consumption by the producer between April 1, 2006, and December 31, 2007.

52.27(5) Transfer of the renewable energy tax credit certificate.

a. One-transfer limitation. The renewable energy tax credit certificate may be transferred once to any person or entity. A decision between a producer and purchaser of renewable energy regarding who may claim the tax credit is not considered a transfer.

b. Transfer process—information required. Within 30 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department, along with a statement which contains the transferee's name, address and tax identification number; the amount of the tax credit being transferred; the value of any consideration provided by the transferee to the transferor; and any other information required by the department. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the department will issue a replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company, S corporation, or estate or trust claiming the credit for individual or corporation income tax, the transferee shall provide a list of the partners, members, shareholders or beneficiaries and information on how the renewable energy tax credit should be divided among the partners, members, shareholders or beneficiaries. The transferee shall also provide the tax identification numbers and addresses of the partners, members, shareholders or beneficiaries. The replacement tax credit certificate must contain the same information as that on the original tax credit certificate and must have the same effective taxable year and the same expiration date as the original tax credit certificate. The replacement tax credit certificate may reflect a different tax type than the original tax credit certificate.

c. Tax year. The transferee may use the amount of the tax credit for any tax year for which the original transferor could have claimed the tax credit.

d. Consideration. Any consideration received for the transfer of the tax credit certificate shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes.

Any consideration paid for the transfer of the tax credit certificate shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

52.27(6) *Small wind innovation zones.* Effective for tax years beginning on or after January 1, 2009, an owner of a small wind energy system operating within a small wind innovation zone which has been approved by the Iowa utilities board is eligible for the renewable energy tax credit. The administrative rules of the Iowa utilities board for the certification of eligibility for owners of small wind energy systems operating within a small wind innovation zone may be found in rule 199—15.22(476).

52.27(7) *Appeals.* If the department refuses to issue the tax credit certificate, the taxpayer shall be notified in writing and the taxpayer will have 60 days from the date of denial to file a protest in accordance with rule 701—7.8(17A).

This rule is intended to implement Iowa Code section 422.33 and chapter 476C as amended by 2015 Iowa Acts, chapter 124, and 2016 Iowa Acts, House File 2468.

701—52.28(15) *High quality job creation program.* Effective for tax periods ending on or after July 1, 2005, for programs approved on or after July 1, 2005, but before July 1, 2009, a business which qualifies under the high quality job creation program is eligible to receive tax credits. The high quality job creation program replaces the new jobs and income program and the new capital investment program. An eligible business under the high quality job creation program must be approved by the Iowa department of economic development and meet the qualifications of Iowa Code section 15.329. The administrative rules for the high quality job creation program for the Iowa department of economic development may be found at 261—Chapter 68.

The high quality job creation program was repealed on July 1, 2009, and has been replaced with the high quality jobs program. See rule 701—52.40(15) for information on the investment tax credit and additional research activities credit under the high quality jobs program. Any investment tax credit and additional research activities credit earned by businesses approved under the high quality job creation program prior to July 1, 2009, remains valid and can be claimed on tax returns filed after July 1, 2009.

52.28(1) *Research activities credit.* An eligible business approved under the high quality job creation program is eligible for an additional research activities credit as subrule described in 52.7(4).

Research activities allowable for the Iowa research activities credit include expenses related to the development and deployment of innovative renewable energy generation components manufactured or assembled in Iowa; such expenses related to the development and deployment of innovative renewable energy generation components are not eligible for the federal credit for increasing research activities. For purposes of this subrule, innovative renewable energy generation components do not include components with more than 200 megawatts in installed effective nameplate capacity. The research activities credit related to renewable energy generation components under the high quality job creation program and the enterprise zone program shall not exceed \$1 million in the aggregate.

These expenses related to the development and deployment of innovative renewable energy generation components are applicable only to the additional research activities credit set forth in this subrule and are not applicable to the research activities credit set forth in subrule 52.7(3). The research activities credit is subject to the threshold amounts of qualifying investment set forth in Iowa department of economic development 261—subrule 68.4(7).

52.28(2) *Investment tax credit.*

a. General rule. An eligible business can claim an investment tax credit equal to a percentage of the new investment directly related to new jobs created by the location or expansion of an eligible business. The percentage is equal to the amount provided in Iowa department of economic development 261—subrule 68.4(7). New investment directly related to new jobs created by the location or expansion of an eligible business includes the following:

(1) The cost of machinery and equipment, as defined in Iowa Code section 427A.1(1), paragraphs “e” and “j,” purchased for use in the operation of the eligible business. The purchase price shall be depreciated in accordance with generally accepted accounting principles.

- (2) The purchase price of real property and any buildings and structures located on the real property.
- (3) The cost of improvements made to real property which is used in the operation of the eligible business.

In addition, certain lease payments made by eligible businesses to a third-party developer will be considered to be new investment for purposes of computing the investment tax credit. The eligible business shall enter into a lease agreement with the third-party developer for a minimum of five years. The investment tax credit is based on the annual base rent paid to a third-party developer by the eligible business for a period not to exceed ten years. The total costs of the annual base rent payments for the ten-year period cannot exceed the cost of the land and the third-party developer's cost to build or renovate the building used by the eligible business. The annual base rent is defined as the total lease payment less taxes, insurance and operating and maintenance expenses.

The investment tax credit can be claimed in the tax year in which the qualifying assets are placed in service. The investment tax credit will be amortized over a five-year period. Any credit in excess of the tax liability for the tax period may be carried forward seven years or until used, whichever is the earlier.

EXAMPLE: An eligible business which files tax returns on a calendar-year basis earned \$100,000 of investment tax credits for new investment made in 2006. The business can claim \$20,000 of investment tax credits for each of the years from 2006 through 2010. The \$20,000 of investment tax credit that can be claimed in 2006 can be carried forward to the 2007-2013 tax years if the entire credit cannot be claimed on the 2006 return. Similarly, the \$20,000 investment tax credit that can be claimed in 2007 can be carried forward to the 2008-2014 tax years if the entire credit cannot be claimed on the 2007 return.

If the business is a partnership, S corporation, limited liability company, cooperative organized under Iowa Code chapter 501 and filing as a partnership for federal tax purposes, or estate or trust electing to have the income taxed directly to an individual, an individual may claim the credit. The amount of the credit claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, S corporation, limited liability company, cooperative organized under Iowa Code chapter 501 and filing as a partnership for federal tax purposes, or estate or trust electing to have the income taxed directly to an individual.

EXAMPLE: An eligible business which files tax returns on a calendar-year basis was awarded \$500,000 in investment tax credits in December 2008. The credits were amortized over a five-year period, with \$100,000 of investment tax credits being available for the fiscal years ending June 30, 2009, through June 30, 2013. This equates to the investment tax credit being available for the 2008-2012 calendar year returns since the due date of these returns range from April 30, 2009, through April 30, 2013, which falls within the fiscal years ending June 30, 2009, through June 30, 2013. The eligible business placed the qualifying assets in service during the 2010 calendar year. The eligible business can claim \$300,000 of investment tax credit for 2010, \$100,000 of investment tax credit for 2011 and \$100,000 of investment tax credit for 2012. Of the \$300,000 claimed for the 2010 tax year, \$100,000 can be carried forward until the 2015 tax year, \$100,000 can be carried forward to the 2016 tax year, and \$100,000 can be carried forward to the 2017 tax year. The seven-year carryforward period is determined by the amortization schedule, not the initial year in which the investment tax credit can be claimed on an Iowa tax return.

b. Investment tax credit—value-added agricultural products or biotechnology-related processes. An eligible business whose project primarily involves the production of value-added agricultural products or uses biotechnology-related processes may elect to receive a refund for all or a portion of an unused investment tax credit. An eligible business includes a cooperative described in Section 521 of the Internal Revenue Code whose project primarily involves the production of ethanol.

Eligible businesses that elect to receive a refund shall apply to the Iowa department of economic development for tax credit certificates between May 1 and May 15 of each fiscal year through the fiscal year ending June 30, 2009. The election to receive a refund of all or a portion of an unused investment tax credit is no longer available beginning with the fiscal year ending June 30, 2010. Only those businesses that have completed projects before the May 1 filing date may apply for a tax credit certificate. The Iowa department of economic development shall not issue tax credit certificates for more than \$4 million during a fiscal year to eligible businesses for this program and the enterprise zone program described

in subrule 52.14(2). If applications are received for more than \$4 million, the applicants shall receive certificates for a prorated amount.

The economic development authority shall issue tax credit certificates within a reasonable period of time. Tax credit certificates are valid for the tax year following project completion. The tax credit certificate must be included with the tax return for the tax year during which the tax credit is claimed. The tax credit certificate shall not be transferred, except for a cooperative described in Section 521 of the Internal Revenue Code whose project primarily involves the production of ethanol, as provided in subrule 52.10(4). For value-added agricultural projects involving ethanol, the cooperative must submit a list of its members and the share of each member's interest in the cooperative. The economic development authority shall issue a tax credit certificate to each member on the list.

c. Repayment of benefits. If an eligible business fails to maintain the requirements of the high quality job creation program, the taxpayer may be required to repay all or a portion of the tax incentives taken on Iowa returns. Irrespective of the fact that the statute of limitations to assess the taxpayer for repayment of the tax credits may have expired, the department may proceed to collect the tax incentives forfeited by failure of the eligible business to maintain the requirements of the high quality job creation program because it is a recovery of an incentive, rather than an adjustment to the taxpayer's tax liability. Details on the calculation of the repayment can be found in 261—subrule 187.5(4) of the administrative rules of the economic development authority. If the business is a partnership, limited liability company, S corporation, estate or trust where the income of the taxpayer is taxed to the individual owner(s) of the business, the department may proceed to collect the tax incentives against the partners, members, shareholders or beneficiaries to whom the tax incentives were passed through. See Decision of the Administrative Law Judge in *Damien & Colette Trebilcock, et al.*, Docket No. 11DORF 042-044, June 11, 2012.

An eligible business in the high quality job creation program may also be required to repay all or a portion of the tax incentives received on Iowa returns if the eligible business experiences a layoff of employees in Iowa or closes any of its facilities in Iowa.

If, within five years of purchase, the eligible business sells, disposes of, razes, or otherwise renders unusable all or a part of the land, buildings, or other existing structures for which a tax credit was claimed under this subrule, the income tax liability of the eligible business shall be increased by one of the following amounts:

- (1) One hundred percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within one full year after being placed in service.
- (2) Eighty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within two full years after being placed in service.
- (3) Sixty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within three full years after being placed in service.
- (4) Forty percent of the tax credit claimed if the property ceases to be eligible for the tax credit within four full years after being placed in service.
- (5) Twenty percent of the investment tax credit claimed if the property ceases to be eligible for the tax credit within five full years after being placed in service.

52.28(3) Determination of tax credit amounts. The amount of tax credit claimed under the high quality job creation program shall be based on the number of high quality jobs created and the amount of qualifying investment made as determined by the Iowa department of economic development.

a. If the high quality jobs have a starting wage, including benefits, equal to or greater than 130 percent of the average county wage but less than 160 percent of the average county wage, see Iowa department of economic development 261—paragraph 68.4(7)“*a*” for the amount of tax credits that may be claimed.

b. If the high quality jobs have a starting wage, including benefits, equal to or greater than 160 percent of the average county wage, see Iowa department of economic development 261—paragraph 68.4(7)“*b*” for the amount of tax credits that may be claimed.

c. An eligible business approved under the high quality job creation program is not eligible for the wage-benefits tax credit set forth in rule 701—52.25(15H).

This rule is intended to implement Iowa Code Supplement chapter 15.

701—52.29(15E,422) Economic development region revolving fund tax credit. Effective for tax years ending on or after July 1, 2005, but beginning before January 1, 2010, a taxpayer who makes a contribution to an economic development region revolving fund may claim a tax credit, subject to the availability of the credit. The credit is equal to 20 percent of a taxpayer's contribution to the economic development region revolving fund approved by the Iowa department of economic development. The administrative rules for the economic development region revolving fund tax credit for the Iowa department of economic development may be found at 261—Chapter 32. The tax credit is repealed for tax years beginning on or after January 1, 2010.

The total amount of economic development region revolving fund tax credits available shall not exceed \$2 million per fiscal year. The tax credit shall not be carried back to a tax year prior to the year in which the taxpayer redeems the credit. The economic development region revolving fund tax credit is not transferable to any other taxpayer.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following ten years or until used, whichever is the earlier.

If a taxpayer is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement Iowa Code sections 15E.232 and 422.33 as amended by 2010 Iowa Acts, Senate File 2380.

[ARC 9104B, IAB 9/22/10, effective 10/27/10]

701—52.30(422) E-85 gasoline promotion tax credit. Effective for tax years beginning on or after January 1, 2006, a retail dealer of gasoline may claim an E-85 gasoline promotion tax credit. "E-85 gasoline" means ethanol blended gasoline formulated with a minimum percentage of between 70 percent and 85 percent of volume of ethanol, if the formulation meets the standards provided in Iowa Code section 214A.2. For purposes of this rule, tank wagon sales are considered retail sales. The credit is calculated on Form IA 135.

52.30(1) Claiming the credit.

a. *Amount of credit.* The credit is calculated by multiplying the total number of E-85 gallons sold by the retail dealer during the tax year by the following designated rates:

Calendar years 2006, 2007, and 2008	25 cents
Calendar years 2009 and 2010	20 cents
Calendar year 2011	10 cents
Calendar years 2012 through 2024	16 cents

b. *Claiming the credit with other credits.* A taxpayer may claim the E-85 gasoline promotion tax credit even if the taxpayer also claims the ethanol blended gasoline tax credit provided in rule 701—52.19(422) for gallons sold prior to January 1, 2009, or the ethanol promotion tax credit provided in rule 701—52.36(422) for gallons sold on or after January 1, 2009, but prior to January 1, 2021, for the same tax year for the same ethanol gallons.

c. *Refundability.* Any credit in excess of the taxpayer's tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

d. *Transferability.* The credit may not be transferred to any other person.

e. Example. A taxpayer operated one retail motor fuel site in 2006 and sold 200,000 gallons of gasoline, of which 160,000 gallons was ethanol blended gasoline. Of these 160,000 gallons, 1,000 gallons was E-85 gasoline. Taxpayer may claim the E-85 gasoline promotion tax credit on the 1,000 gallons of E-85 gasoline sold during 2006. Taxpayer is also entitled to claim the ethanol blended gasoline tax credit of two and one-half cents multiplied by 40,000 gallons, since this constitutes the gallons in excess of 60 percent of the total gasoline gallons sold for the 2006 tax year.

52.30(2) Fiscal year filers. For taxpayers whose tax year is not on a calendar-year basis, the taxpayer may compute the tax credit on the gallons of E-85 gasoline sold during the year using the designated rates as shown above. Because the tax credit is repealed on January 1, 2025, a taxpayer whose tax year ends prior to December 31, 2024, can continue to claim the tax credit in the following tax year for any E-85 gallons sold through December 31, 2024. For a retail dealer whose tax year is not on a calendar-year basis and who did not claim the E-85 credit on the previous return, the dealer may claim the credit for the current tax year for the period beginning on January 1 of the previous tax year until the last day of the previous tax year.

EXAMPLE 1: A taxpayer who is a retail dealer of gasoline has a fiscal year ending March 31, 2009. The taxpayer sold 2,000 gallons of E-85 gasoline for the period from April 1, 2008, through December 31, 2008, and sold 500 gallons of E-85 gasoline for the period from January 1, 2009, through March 31, 2009. The taxpayer is entitled to a total E-85 gasoline promotion tax credit of \$600 for the fiscal year ending March 31, 2009, which consists of a \$500 credit (2,000 gallons multiplied by 25 cents) for the period from April 1, 2008, through December 31, 2008, and a credit of \$100 (500 gallons multiplied by 20 cents) for the period from January 1, 2009, through March 31, 2009.

EXAMPLE 2: A taxpayer who is a retail dealer of gasoline has a fiscal year ending April 30, 2006. The taxpayer sold 800 gallons of E-85 gasoline for the period from January 1, 2006, through April 30, 2006. The taxpayer is entitled to claim an E-85 gasoline promotion tax credit of \$200 (800 gallons multiplied by 25 cents) on the taxpayer's Iowa income tax return for the period ending April 30, 2006. In lieu of claiming the credit on the return for the period ending April 30, 2006, the taxpayer can claim the E-85 gasoline promotion tax credit on the tax return for the period ending April 30, 2007, including all E-85 gallons sold for the period from January 1, 2006, through April 30, 2007.

52.30(3) Allocation of credit to owners of a business entity or to beneficiaries of an estate or trust. If a taxpayer claiming the E-85 gasoline promotion tax credit is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement Iowa Code section 422.33 as amended by 2016 Iowa Acts, Senate File 2309.

[ARC 9821B, IAB 11/2/11, effective 12/7/11; ARC 3043C, IAB 4/26/17, effective 5/31/17]

701—52.31(422) Biodiesel blended fuel tax credit. Effective for tax years beginning on or after January 1, 2006, a retail dealer of biodiesel blended fuel may claim a biodiesel blended fuel tax credit. "Biodiesel blended fuel" means a blend of biodiesel with petroleum-based diesel fuel that meets the standards provided in Iowa Code section 214A.2. In determining the minimum percentage by volume of biodiesel, the department will take into account reasonable variances due to testing and other limitations. For purposes of this rule, tank wagon sales are considered retail sales. The credit is calculated on Form IA 8864.

52.31(1) Calculating the credit.

a. Gallonage requirement.

(1) Tax years beginning on or after January 1, 2006, but prior to January 1, 2009. In order for a retail dealer to qualify for the biodiesel blended fuel tax credit for tax years beginning on or after January 1, 2006, but prior to January 1, 2009, of the total gallons of diesel fuel that the retail dealer sells and dispenses during the tax year, 50 percent or more of those gallons must be biodiesel blended fuel

formulated with a minimum percentage of 2 percent by volume of biodiesel. The gallonage amounts for all motor fuel sites of a retail dealer are combined when calculating this gallonage requirement.

(2) Tax years beginning on or after January 1, 2009, but prior to January 1, 2012. For tax years beginning on or after January 1, 2009, but prior to January 1, 2012, the biodiesel blended fuel tax credit is calculated separately for each retail motor fuel site for which 50 percent or more of the total gallons of diesel fuel sold at the motor fuel site was biodiesel blended fuel formulated with a minimum percentage of 2 percent by volume of biodiesel.

(3) Tax years beginning on or after January 1, 2012. For tax years beginning on or after January 1, 2012, the requirement that 50 percent of all diesel fuel gallons sold be biodiesel gallons to be eligible for the tax credit is eliminated. A retail dealer may qualify for the biodiesel fuel tax credit even if the gallons of biodiesel blended fuel sold is less than 50 percent of the total gallons of diesel fuel sold.

b. Amount of credit.

(1) Fuel sold on or after January 1, 2006, but prior to January 1, 2012. For biodiesel blended fuel sold on or after January 1, 2006, but prior to January 1, 2012, the tax credit equals three cents multiplied by the qualifying number of biodiesel blended fuel gallons sold by the taxpayer during the tax year. Qualifying biodiesel blended fuel must be formulated with a minimum percentage of 2 percent by volume of biodiesel.

(2) Fuel sold on or after January 1, 2012, but prior to January 1, 2013. For biodiesel blended fuel sold on or after January 1, 2012, but prior to January 1, 2013, the tax credit equals the sum of two cents multiplied by the qualifying number of biodiesel blended fuel gallons sold by the taxpayer during the tax year that have a minimum percentage of 2 percent by volume of biodiesel but less than 5 percent by volume of biodiesel plus four and one-half cents multiplied by the qualifying number of biodiesel blended fuel gallons sold by the taxpayer during the tax year that have a minimum percentage of 5 percent by volume of biodiesel. In addition, the gallonage requirements described in paragraph 52.31(1) "a" do not apply to fuel sold on or after January 1, 2012.

(3) Fuel sold on or after January 1, 2013, but prior to January 1, 2018. For biodiesel blended fuel sold on or after January 1, 2013, but prior to January 1, 2018, the tax credit equals four and one-half cents multiplied by the qualifying number of biodiesel blended fuel gallons that have a minimum percentage of 5 percent by volume of biodiesel. Diesel fuel sold that contains less than 5 percent by volume of biodiesel does not qualify for the biodiesel blended fuel tax credit.

(4) Fuel sold on or after January 1, 2018, but prior to January 1, 2025.

1. Amount of credit. For biodiesel blended fuel sold on or after January 1, 2018, but prior to January 1, 2025, the tax credit equals the sum of three and one-half cents multiplied by the qualifying number of biodiesel blended fuel gallons sold by the taxpayer during the tax year that have a minimum percentage of 5 percent by volume of biodiesel but less than 11 percent by volume of biodiesel plus five and one-half cents multiplied by the qualifying number of biodiesel blended fuel gallons sold by the taxpayer during the tax year that have a minimum percentage of 11 percent by volume of biodiesel.

2. Blending errors. Where a blending error occurs and an insufficient amount of biodiesel has inadvertently been blended with petroleum-based diesel fuel so that the mixture fails to contain 11 percent by volume of biodiesel, a 1 percent tolerance applies in determining the credit amount for the blended product as described in 52.31(1) "b"(4) "2":

- If the amount of the biodiesel erroneously blended with petroleum-based diesel is at least 10 percent of the total blended product by volume, the entire blended product qualifies for the credit amount available for biodiesel blended fuel that has a minimum percentage of 11 percent by volume of biodiesel.

- If the amount of biodiesel blended with petroleum-based diesel is at least 5 percent but less than 10 percent of the total blended product by volume, the entire blended product qualifies for the credit amount available for biodiesel blended fuel that has a minimum percentage of 5 percent by volume of biodiesel but less than 11 percent by volume of biodiesel.

- Numbered paragraph 52.31(1) "b"(4) "2" applies only if a retail dealer intends to sell and dispense biodiesel blended fuel that has a minimum percentage of 11 percent by volume of biodiesel. If a retail dealer does not intend to sell and dispense biodiesel blended fuel that has a minimum percentage of 11 percent by volume of biodiesel and the product sold and dispensed contains less than 11 percent

biodiesel by volume, no error has occurred and the product does not qualify for the credit amount available for biodiesel blended fuel that has a minimum percentage of 11 percent by volume of biodiesel.

c. Refundability. Any credit in excess of the taxpayer's tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

d. Transferability. The credit may not be transferred to any other person.

e. Examples.

EXAMPLE 1: A taxpayer operated four retail motor fuel sites during 2006 and sold a combined total at all four sites of 100,000 gallons of diesel fuel, of which 55,000 gallons was biodiesel blended fuel containing a minimum percentage of 2 percent by volume of biodiesel. Because 50 percent or more of the diesel fuel sold was biodiesel blended fuel, the taxpayer may claim the biodiesel blended fuel tax credit totaling \$1,650, which is 55,000 gallons multiplied by three cents.

EXAMPLE 2: A taxpayer operated two retail motor fuel sites during 2006, and each site sold 40,000 gallons of diesel fuel. One site sold 25,000 gallons of biodiesel blended fuel containing a minimum percentage of 2 percent by volume of biodiesel, and the other site sold 10,000 gallons of biodiesel blended fuel containing a minimum percentage of 2 percent by volume of biodiesel. The taxpayer would not be eligible for the biodiesel blended fuel tax credit because only 35,000 gallons of the total 80,000 gallons, or 43.75 percent of the total diesel fuel gallons sold, was biodiesel blended fuel. The 50 percent requirement is based on the aggregate number of diesel fuel gallons sold by the taxpayer, and the fact that one retail motor fuel site met the 50 percent requirement does not allow the taxpayer to claim the biodiesel blended fuel tax credit for the 2006 tax year.

EXAMPLE 3: Same facts as in example 2, except the fuel sales occurred in 2009. The taxpayer can claim a biodiesel blended fuel tax credit totaling \$750, which is 25,000 gallons multiplied by three cents, since one of the retail motor fuel sites met the 50 percent biodiesel blended fuel requirement.

EXAMPLE 4: Same facts as in example 2, except the fuel sales occurred in 2016, and all biodiesel blended fuel sold contains a minimum percentage of 5 percent by volume of biodiesel. The taxpayer can claim a biodiesel blended fuel tax credit totaling \$1,575, which is 35,000 gallons multiplied by four and one-half cents, since the 50 percent biodiesel blended fuel requirement has been eliminated.

52.31(2) Fiscal year filers. For taxpayers whose tax year is not on a calendar-year basis and whose tax year ends before December 31, 2006, the taxpayer may compute the tax credit on the gallons of biodiesel blended fuel sold during the period from January 1, 2006, through the end of the tax year, provided that 50 percent of all diesel fuel sold during that period was biodiesel blended fuel. Because the tax credit is repealed on January 1, 2025, a taxpayer whose tax year ends prior to December 31, 2024, may continue to claim the tax credit in the following tax year for any biodiesel blended fuel sold through December 31, 2024.

EXAMPLE 1: A taxpayer who operates one retail motor fuel site has a fiscal year ending April 30, 2006. The taxpayer sold 60,000 gallons of diesel fuel for the period from May 1, 2005, through April 30, 2006, of which 28,000 gallons was biodiesel blended fuel. However, for the period from January 1, 2006, through April 30, 2006, the taxpayer sold 20,000 gallons of diesel fuel, of which 12,000 gallons was biodiesel blended fuel. The taxpayer is entitled to claim the biodiesel blended fuel tax credit of \$360 (12,000 gallons multiplied by 3 cents) on the taxpayer's Iowa income tax return for the period ending April 30, 2006, since more than 50 percent of all diesel fuel sold during the period from January 1, 2006, through April 30, 2006, was biodiesel blended fuel.

EXAMPLE 2: A taxpayer who operates one retail motor fuel site has a fiscal year ending June 30, 2006. The taxpayer sold 80,000 gallons of diesel fuel for the period from July 1, 2005, through June 30, 2006, of which 42,000 gallons was biodiesel blended fuel. However, for the period from January 1, 2006, through June 30, 2006, the taxpayer sold 40,000 gallons of diesel fuel, of which 19,000 gallons was biodiesel blended fuel. The taxpayer is not entitled to claim the biodiesel blended fuel tax credit on the taxpayer's Iowa income tax return for the period ending June 30, 2006, since less than 50 percent of all diesel fuel sold during the period from January 1, 2006, through June 30, 2006, was biodiesel blended fuel, even though more than 50 percent of all diesel fuel sold during the period from July 1, 2005, through June 30, 2006, was biodiesel blended fuel.

EXAMPLE 3: A taxpayer who operates one retail motor fuel site has a fiscal year ending February 28, 2025. The taxpayer sold 100,000 gallons of diesel fuel for the period from March 1, 2024, through February 28, 2025, of which 60,000 gallons was biodiesel blended fuel containing a minimum percentage of 5 percent by volume of biodiesel. For the period from March 1, 2024, through December 31, 2024, the taxpayer sold 85,000 gallons of diesel fuel, of which 50,000 gallons was biodiesel fuel. The taxpayer is entitled to claim the biodiesel blended fuel tax credit of \$2,250 (50,000 gallons multiplied by 4.5 cents) on the taxpayer's Iowa income tax return for the period ending February 12, 2025, since the credit is computed only on gallons sold through December 31, 2024.

52.31(3) *Allocation of credit to owners of a business entity or to beneficiaries of an estate or trust.* If a taxpayer claiming the biodiesel blended fuel tax credit is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement Iowa Code section 422.33 as amended by 2016 Iowa Acts, Senate File 2309.

701—52.32(422) Soy-based transformer fluid tax credit. Effective for tax periods ending after June 30, 2006, and beginning before January 1, 2009, an electric utility may claim a soy-based transformer fluid tax credit. An electric utility, which is a public utility, city utility, or electric cooperative which furnishes electricity, may claim a credit equal to the costs incurred during the tax year for the purchase and replacement costs relating to the transition from using nonsoy-based transformer fluid to using soy-based transformer fluid.

52.32(1) *Eligibility requirements for the tax credit.* All of the following conditions must be met for the electric utility to qualify for the soy-based transformer fluid tax credit.

- a. The costs must be incurred after June 30, 2006, and before January 1, 2009.
- b. The costs must be incurred in the first 18 months of the transition from using nonsoy-based transformer fluid to using soy-based transformer fluid.
- c. The soy-based transformer fluid must be dielectric fluid that contains at least 98 percent soy-based products.
- d. The costs of the purchase and replacement must not exceed \$2 per gallon of soy-based transformer fluid used in the transition.
- e. The number of gallons used in the transition must not exceed 20,000 gallons per electric utility, and the total number of gallons eligible for the credit must not exceed 60,000 gallons in the aggregate.
- f. The electric utility shall not deduct for Iowa income tax purposes the costs incurred in the transition to using soy-based transformer fluid which are deductible for federal income tax purposes.

52.32(2) *Applying for the tax credit.* An electric utility must apply to the department for the soy-based transformer fluid tax credit. The application for the tax credit must be filed no later than 30 days after the close of the tax year for which the credit is claimed. The application must include the following information:

- a. A copy of the signed purchase agreement or other agreement to purchase soy-based transformer fluid.
- b. The number of gallons of soy-based transformer fluid purchased during the tax year, along with the cost per gallon of each purchase made during the tax year.
- c. The name, address, and tax identification number of the electric utility.
- d. The type of tax for which the credit will be claimed, and the first year in which the credits will be claimed.
- e. If the application is filed by a partnership, limited liability company, S corporation, or estate or trust requesting a credit for individual or corporation income tax, a list of the partners, members, shareholders or beneficiaries of the entity. This list shall include the name, address, tax identification

number and pro rata share of earnings from the entity for each of the partners, members, shareholders or beneficiaries.

52.32(3) *Claiming the tax credit.* After the application is reviewed, the department will issue a tax credit certificate to the electric utility. The tax credit certificate will include the taxpayer's name, address and federal identification number, the tax type for which the credit will be claimed, the amount of the credit and the tax year for which the credit may be claimed. Once the tax credit certificate is issued, the credit may be claimed only against the type of tax reflected on the certificate. If the department refuses to issue the tax credit certificate, the taxpayer shall be notified in writing; and the taxpayer will have 60 days from the date of denial to file a protest in accordance with rule 701—7.8(17A).

If the taxpayer is a partnership, limited liability company, S corporation, or estate or trust requesting a credit for individual or corporation income tax, the tax credit certificate will be issued to the partners, members, shareholders or beneficiaries based on the partner's, member's, shareholder's or beneficiary's pro rata share of earnings of the partnership, limited liability company, S corporation, or estate or trust.

Any credit in excess of the taxpayer's tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

This rule is intended to implement Iowa Code Supplement section 422.33 as amended by 2008 Iowa Acts, Senate File 572.

701—52.33(16,422) Agricultural assets transfer tax credit and custom farming contract tax credit.

52.33(1) *Agricultural assets transfer tax credit.* For tax years beginning on or after January 1, 2007, but before January 1, 2013, an owner of agricultural assets that rents assets to qualified beginning farmers may claim an agricultural assets transfer tax credit for Iowa corporation income tax equal to 5 percent of the rental income received by the owner for cash rental agreements and 15 percent of the rental income received by the owner for commodity share agreements. Effective for tax years beginning on or after January 1, 2013, an owner of agricultural assets that rents assets to qualified beginning farmers may claim an agricultural assets transfer tax credit for Iowa corporation income tax equal to 7 percent of the rental income received by the owner for cash rental agreements and 17 percent of the rental income received by the owner for commodity share agreements.

Also effective for tax years beginning on or after January 1, 2013, if the beginning farmer is a veteran, the credit is equal to 8 percent of the rental income received by the owner for cash rental agreements, and the credit is equal to 18 percent of the rental income received by the owner for commodity share agreements for the first year that the credit is allowed. However, the taxpayer may only claim 7 percent of the rental income for cash rental agreements and 17 percent of the rental income for commodity share agreements in subsequent years if the agreement is renewed or a new agreement is executed by the same parties. The administrative rules for the agricultural assets transfer tax credit for the Iowa finance authority may be found under 265—Chapter 44.

To qualify for the tax credit, an owner of agricultural assets must enter into a lease or rental agreement with a beginning farmer for a term of at least two years but not more than five years. Both the owner of agricultural assets and the beginning farmer must meet certain qualifications set forth by the Iowa finance authority, and the beginning farmer must be eligible to receive financial assistance under Iowa Code section 16.75.

The Iowa finance authority will issue a tax credit certificate to the owner of agricultural assets which will include the name, address and tax identification number of the owner, the amount of the credit, and the tax period for which the credit may be applied. To claim the tax credit, the owner must include the tax credit certificate with the tax return for the tax period set forth on the certificate. The tax credit certificates will be issued on a first-come, first-served basis. For fiscal years beginning on or after July 1, 2009, but before July 1, 2013, the amount of tax credit certificates issued by the Iowa agricultural development authority for the agricultural assets transfer tax credit program cannot exceed \$6 million. For fiscal years beginning on or after July 1, 2013, the amount of tax credit certificates issued by the Iowa finance authority for the agricultural assets transfer tax credit program cannot exceed \$8 million and the amount of the credit issued to an individual taxpayer cannot exceed \$50,000. However, effective

December 31, 2017, the amount of tax credits issued by the Iowa finance authority for the agricultural assets transfer tax credit shall revert back to \$6 million.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier. However, for any agricultural assets transfer credits originally issued for tax years beginning on or after January 1, 2008, any credit in excess of the tax liability may be credited to the tax liability for the following ten years. The tax credit shall not be carried back to a tax year prior to the year in which the owner redeems the credit. The credit is not transferable to any other person other than the taxpayer's estate or trust upon the death of the taxpayer.

If an owner of agricultural assets is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

The lease or rental agreement may be terminated by either the owner or the beginning farmer. If the Iowa finance authority determines that the owner is not at fault for the termination, the authority will not issue a tax credit certificate for subsequent years, but any prior tax credit certificates issued will be allowed. If the Iowa finance authority determines that the owner is at fault for the termination, any prior tax credit certificates will be disallowed. The amount of tax credits previously allowed will be recaptured, and the owner will be required to repay the entire amount of tax credits previously claimed on Iowa returns.

52.33(2) Custom farming contract tax credit. Effective for tax years beginning on or after January 1, 2013, a landowner that hires a beginning farmer to custom farm agricultural land in this state may claim a custom farming contract tax credit for Iowa corporation income tax. The credit is equal to 7 percent of the value of the contract. If the beginning farmer is a veteran, the credit is equal to 8 percent of the value of the contract for the first year. However, the taxpayer may only claim 7 percent of the value of the contract in subsequent years if the agreement is renewed or a new agreement is executed by the same parties. The administrative rules for the custom farming contract tax credit for the Iowa finance authority may be found under 265—Chapter 44.

To qualify for the tax credit, the taxpayer must enter into a lease or rental agreement with a beginning farmer for a term of at least two years but not more than five years. Both the taxpayer and the beginning farmer must meet certain qualifications set forth by the Iowa finance authority, and the beginning farmer must be eligible to receive financial assistance under Iowa Code section 16.75.

The Iowa finance authority will issue a tax credit certificate to the taxpayer which will include the name, address and tax identification number of the owner, the amount of the credit, and the tax period for which the credit may be applied. To claim the tax credit, the owner must include the tax credit certificate with the tax return for the tax period set forth on the certificate. For fiscal years beginning on or after July 1, 2013, the amount of tax credit certificates issued by the Iowa finance authority for the custom farming contract tax credit program cannot exceed \$4 million, and the credit certificates will be issued on a first-come, first-served basis. The amount of the credit issued to an individual taxpayer cannot exceed \$50,000. However, effective December 31, 2017, the Iowa finance authority will no longer issue custom farming contract tax credits.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following ten years or until used, whichever is the earlier. The tax credit shall not be carried back to a tax year prior to the year in which the owner redeems the credit. The credit is not transferable to any other person other than the taxpayer's estate or trust upon the death of the taxpayer.

If the party entering into the custom farming contract with the beginning farmer is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

The custom farming contract may be terminated by either the taxpayer or the beginning farmer. If the Iowa finance authority determines that the taxpayer is not at fault for the termination, the authority will not issue a tax credit certificate for subsequent years, but any prior tax credit certificates issued will

be allowed. If the Iowa finance authority determines that the taxpayer is at fault for the termination, any prior tax credit certificates will be disallowed. The amount of tax credits previously allowed will be recaptured, and the taxpayer will be required to repay the entire amount of tax credits previously claimed on Iowa returns.

This rule is intended to implement Iowa Code section 422.33; 2014 Iowa Acts, Senate File 2328, sections 60 and 61, as amended by 2014 Iowa Acts, House File 2454; and 2014 Iowa Acts, Senate File 2328, sections 120 and 122.

701—52.34(15,422) Film qualified expenditure tax credit. Effective for tax years beginning on or after January 1, 2007, a film qualified expenditure tax credit is available for corporation income tax. The tax credit cannot exceed 25 percent of the taxpayer's qualified expenditures in a film, television, or video project registered with the film office of the Iowa department of economic development (IDED). The film office may negotiate the amount of the tax credit. The administrative rules for the film qualified expenditure tax credit for IDED may be found at 261—Chapter 36.

52.34(1) Qualified expenditures. A qualified expenditure is a payment to an Iowa resident or an Iowa-based business for the sale, rental or furnishing of tangible personal property or services directly related to the registered project. The qualified expenditures include, but are not limited to, the following:

1. Aircraft.
2. Vehicles.
3. Equipment.
4. Materials.
5. Supplies.
6. Accounting services.
7. Animals and animal care services.
8. Artistic and design services.
9. Graphics.
10. Construction.
11. Data and information services.
12. Delivery and pickup services.
13. Labor and personnel. For limitations on the amount of labor and personnel expenditures, see Iowa department of economic development 261—paragraph 36.7(2)“b.”
14. Lighting services.
15. Makeup and hairdressing services.
16. Film.
17. Music.
18. Photography.
19. Sound.
20. Video and related services.
21. Printing.
22. Research.
23. Site fees and rental.
24. Travel related to Iowa distant locations.
25. Trash removal and cleanup.
26. Wardrobe.

A detailed list of all qualified expenditures for each of these categories is available from the film office of IDED.

52.34(2) Claiming the tax credit. Upon completion of the registered project in Iowa, the taxpayer must submit, in a format approved by IDED prior to production, a listing of the qualified expenditures. Upon verification of the qualified expenditures, IDED will issue a tax credit certificate to the taxpayer. The certificate will list the taxpayer's name, address, and tax identification number; the date of project

completion; the amount of the credit; the tax period for which the credit may be applied; and the type of tax for which the credit will be applied.

If the taxpayer is a partnership, limited liability company, S corporation, or estate or trust requesting a credit for individual or corporation income tax, the tax credit certificate will be issued to the partners, members, shareholders or beneficiaries based on each partner's, member's, shareholder's or beneficiary's pro rata share of earnings of the partnership, limited liability company, S corporation, or estate or trust.

To claim the tax credit, the taxpayer must include the tax credit certificate with the tax return for the tax period set forth on the certificate. Any tax credit in excess of the tax liability may be carried forward for five years or until the tax credit is used, whichever is the earlier. The tax credit cannot be carried back to a tax year prior to the year in which the taxpayer claimed the tax credit.

52.34(3) *Transfer of the film qualified expenditure tax credit.* The film qualified expenditure tax credit may be transferred no more than two times to any person or entity.

Within 90 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department of revenue, along with a statement which contains the transferee's name, address and tax identification number and the amount of the tax credit being transferred. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the department of revenue will issue a replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company, S corporation, or estate or trust claiming the credit for individual or corporation income tax, the transferee shall provide a list of the partners, members, shareholders or beneficiaries and information on how the film qualified expenditure tax credit should be divided among the partners, members, shareholders or beneficiaries. The transferee shall also provide the tax identification numbers and addresses of the partners, members, shareholders or beneficiaries. The replacement tax credit certificate must contain the same information as that on the original tax credit certificate and must have the same effective taxable year as the original tax credit certificate. The replacement tax credit certificate may reflect a different tax type than the original tax credit certificate.

The transferee may use the amount of the tax credit for any tax year for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit certificate shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit certificate shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

52.34(4) *Repeal of film qualified expenditure tax credit.* The film qualified expenditure tax credit is repealed for tax years beginning on or after January 1, 2012. However, the credit is still available for tax years beginning prior to January 1, 2012, if the contract or agreement related to a film project was entered into on or before May 25, 2012.

This rule is intended to implement 2012 Iowa Acts, House File 2337, sections 38 to 40, and Iowa Code section 422.33 as amended by 2012 Iowa Acts, House File 2337, section 34.

[ARC 8589B, IAB 3/10/10, effective 4/14/10; ARC 0398C, IAB 10/17/12, effective 11/21/12; ARC 1744C, IAB 11/26/14, effective 12/31/14]

701—52.35(15,422) Film investment tax credit. Effective for tax years beginning on or after January 1, 2007, a film investment tax credit is available for corporation income tax. The tax credit cannot exceed 25 percent of the taxpayer's investment in a film, television, or video project registered with the film office of the Iowa department of economic development (IDED). The film office may negotiate the amount of the tax credit. The administrative rules for the film investment tax credit for IDED may be found at 261—Chapter 36.

52.35(1) *Claiming the tax credit.* Upon completion of the project in Iowa and verification of the investment in the project, IDED will issue a tax credit certificate to the taxpayer. The certificate will list the taxpayer's name, address, and tax identification number; the date of project completion; the amount of the credit; the tax period for which the credit may be applied; and the type of tax for which the credit will be applied.

If the taxpayer is a partnership, limited liability company, S corporation, or estate or trust requesting a credit for individual or corporation income tax, the tax credit certificate will be issued to the partners,

members, shareholders or beneficiaries based on each partner's, member's, shareholder's or beneficiary's pro rata share of earnings of the partnership, limited liability company, S corporation, or estate or trust.

To claim the tax credit, the taxpayer must include the tax credit certificate with the tax return for the tax period set forth on the certificate. Any tax credit in excess of the tax liability may be carried forward for five years or until the tax credit is used, whichever is the earlier. The tax credit cannot be carried back to a tax year prior to the year in which the taxpayer claimed the tax credit. In addition, a taxpayer cannot claim the film investment tax credit for qualified expenditures for which the film expenditure tax credit set forth in rule 701—52.34(15,422) is claimed.

The total of all film investment tax credits for a particular project cannot exceed 25 percent of the qualified expenditures as set forth in subrule 52.34(1) for the particular project. If the amount of investment exceeds the qualified expenditures, the tax credit will be allocated proportionately. For example, if three investors each invested \$100,000 in a project but the qualified expenditures in Iowa only totaled \$270,000, each investor would receive a tax credit based on a \$90,000 investment amount.

52.35(2) *Transfer of the film investment tax credit.* The film investment tax credit may be transferred no more than two times to any person or entity.

Within 90 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department of revenue, along with a statement which contains the transferee's name, address and tax identification number and the amount of the tax credit being transferred. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the department of revenue will issue a replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company, S corporation, or estate or trust claiming the credit for individual or corporation income tax, the transferee shall provide a list of the partners, members, shareholders or beneficiaries and information on how the film investment tax credit should be divided among the partners, members, shareholders or beneficiaries. The transferee shall also provide the tax identification numbers and addresses of the partners, members, shareholders or beneficiaries. The replacement tax credit certificate must contain the same information as that on the original tax credit certificate and must have the same effective taxable year as the original tax credit certificate. The replacement tax credit certificate may reflect a different tax type than the original tax credit certificate.

The transferee may use the amount of the tax credit for any tax year for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit certificate shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit certificate shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

52.35(3) *Repeal of film investment tax credit.* The film investment tax credit is repealed for tax years beginning on or after January 1, 2012. However, the credit is still available for tax years beginning prior to January 1, 2012, if the contract or agreement related to a film project was entered into on or before May 25, 2012.

This rule is intended to implement 2012 Iowa Acts, House File 2337, sections 38 to 40, and Iowa Code section 422.33 as amended by 2012 Iowa Acts, House File 2337, section 34.

[ARC 8589B, IAB 3/10/10, effective 4/14/10; ARC 0398C, IAB 10/17/12, effective 11/21/12; ARC 1744C, IAB 11/26/14, effective 12/31/14]

701—52.36(422) Ethanol promotion tax credit. Effective for tax years beginning on or after January 1, 2009, a retail dealer of gasoline may claim an ethanol promotion tax credit. For purposes of this rule, tank wagon sales are considered retail sales. The ethanol promotion tax credit is computed on Form IA 137.

52.36(1) *Definitions.* The following definitions are applicable to this rule:

“Biodiesel gallonage” means the total number of gallons of biodiesel which the retail dealer sells from motor fuel pumps during a determination period. For example, 5,000 gallons of biodiesel blended fuel with a 2 percent by volume of biodiesel sold during a determination period results in a biodiesel gallonage of 100 (5,000 times 2%).

“*Biofuel distribution percentage*” means the sum of the retail dealer’s total ethanol gallonage plus the retail dealer’s total biodiesel gallonage expressed as a percentage of the retail dealer’s total gasoline gallonage.

“*Biofuel threshold percentage*” is dependent on the aggregate number of gallons of motor fuel sold by a retail dealer during a determination period, as set forth below:

Determination Period	More than 200,000 Gallons Sold by Retail Dealer	200,000 Gallons or Less Sold by Retail Dealer
2009	10%	6%
2010	11%	6%
2011	12%	10%
2012	13%	11%
2013	14%	12%
2014	15%	13%
2015	17%	14%
2016	19%	15%
2017	21%	17%
2018	23%	19%
2019	25%	21%
2020	25%	25%

“*Biofuel threshold percentage disparity*” means the positive percentage difference between the retail dealer’s biofuel threshold percentage and the retail dealer’s biofuel distribution percentage. For example, if a retail dealer that sells more than 200,000 gallons of motor fuel in 2009 has a biofuel distribution percentage of 8 percent, the biofuel threshold percentage disparity equals 2 percent (10% minus 2%).

“*Determination period*” means any 12-month period beginning on January 1 and ending on December 31.

“*Ethanol gallonage*” means the total number of gallons of ethanol which the retail dealer sells from motor fuel pumps during a determination period. For example, 10,000 gallons of ethanol blended gasoline formulated with a 10 percent by volume of ethanol sold during a determination period results in an ethanol gallonage of 1,000 (10,000 gallons times 10%).

“*Gasoline gallonage*” means the total number of gallons of gasoline sold by the retail dealer during a determination period.

52.36(2) Calculation of tax credit.

a. The tax credit is calculated by multiplying the retail dealer’s total ethanol gallonage by the tax credit rate, which is adjusted based upon the retail dealer’s biofuel threshold percentage disparity. The tax credit rate is set forth below:

Biofuel Threshold Percentage Disparity	Tax Credit Rate per Gallon 2009-2010	Tax Credit Rate per Gallon 2011	Tax Credit Rate per Gallon 2012-2020
0%	6.5 cents	8 cents	8 cents
0.01% to 2.00%	4.5 cents	6 cents	6 cents
2.01% to 4.00%	2.5 cents	2.5 cents	4 cents
4.01% or more	0 cents	0 cents	0 cents

b. For use in calculating a retail dealer’s total ethanol gallonage, the department is required to establish a schedule regarding the average amount of ethanol contained in E-85 gasoline.

c. A taxpayer may claim the ethanol promotion tax credit even if the taxpayer also claims the E-85 gasoline promotion tax credit provided in rule 701—52.30(422) or the E-15 plus gasoline promotion tax credit provided in rule 701—52.43(422) for the same tax year for the same ethanol gallons.

d. The tax credit must be calculated separately for each retail motor fuel site operated by the taxpayer for tax years beginning prior to January 1, 2011. The biofuel threshold percentage disparity of the taxpayer is computed on a statewide basis based on the total ethanol gallonage sold in Iowa. The taxpayer must determine the ethanol gallonage sold at each retail motor fuel site and multiply this ethanol gallonage by the applicable tax credit rate based on the biofuel threshold percentage disparity to calculate the ethanol promotion tax credit.

e. For tax years beginning on or after January 1, 2011, the taxpayer may elect to compute the biofuel threshold percentage disparity and the tax credit on either a site-by-site basis or on a companywide basis. The election made on the first return beginning on or after January 1, 2011, for either the site-by-site method or the companywide method is binding on the taxpayer for subsequent tax years unless the taxpayer petitions the department for a change in the method. Any petition for a change in the method should be made within a reasonable period of time prior to the due date of the return for which the change is requested. For example, if a change is requested for the tax return beginning January 1, 2012, the petition should be made by January 31, 2013, which is 90 days prior to the due date of the return.

The mere fact that a change in the method will result in a larger tax credit for subsequent years is not, of itself, sufficient grounds for changing the method for computing the credit. An example of a case for which the department may grant a change in the method is if the taxpayer has a significant change in the type of fuel sold at the taxpayer's retail sites in Iowa. For example, if a retail dealer opted to start selling E-85 gasoline at all the taxpayer's retail sites in Iowa for a subsequent tax year, the department may grant a change in the method.

If a taxpayer chooses the site-by-site method to compute the biofuel threshold percentage disparity, the gallons sold at all sites in Iowa must be considered in determining if the biofuel threshold percentage as defined in subrule 52.36(1) is based on more than 200,000 gallons, or 200,000 gallons or less. For example, if a taxpayer operates three motor fuel sites in Iowa and each site sells 80,000 gallons of motor fuel during 2011, the biofuel threshold percentage of 12 percent must be used for each retail site if the tax credit is computed on a site-by-site basis, even though each retail site sold less than 200,000 gallons of motor fuel.

f. Any tax credit in excess of the taxpayer's tax liability is refundable. In lieu of claiming a refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

52.36(3) Fiscal year filers. or taxpayers whose tax year is not on a calendar year basis, the taxpayer may compute the ethanol promotion tax credit on the total ethanol gallonage sold during the year using the designated tax credit rates as shown in subrule 52.36(2), paragraph "a." Because the tax credit is repealed on January 1, 2021, a taxpayer whose tax year ends prior to December 31, 2020, may continue to claim the tax credit in the following tax year for the total ethanol gallonage sold through December 31, 2020. For a taxpayer whose tax year is not on a calendar year basis and that did not claim the ethanol promotion tax credit on the previous return, the taxpayer may claim the tax credit for the current tax year for the period beginning on January 1 of the previous tax year until the last day of the previous tax year.

52.36(4) Allocation of tax credit to owners of a business entity. If a taxpayer claiming the ethanol promotion tax credit is a partnership, limited liability company, S corporation, estate, or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by the individual must be based on the individual's pro rata share of the individual's earnings of the partnership, limited liability company, S corporation, estate, or trust.

52.36(5) Examples. The following noninclusive examples illustrate how this rule applies:

EXAMPLE 1. A taxpayer that is a retail dealer of gasoline operates only one motor fuel site in Iowa. The number of gallons of gasoline sold at this site in 2009 equals 100,000 gallons. This consisted of 5,000 gallons of E-85 gasoline, 80,000 gallons of E-10 (10% ethanol blended gasoline) and 15,000 gallons not containing ethanol. The average ethanol content of E-85 gasoline is assumed to be 79%. The taxpayer also sold at this site during 2009 15,000 gallons of diesel fuel, of which 5,000 gallons was B-2 (2% biodiesel). The ethanol gallonage is 11,950 (5,000 E-85 gallons times 79% equals 3,950; 80,000 E-10 gallons times 10% equals 8,000; and thus 3,950 plus 8,000 equals 11,950). The biodiesel gallonage sold is 100, or 5,000 times 2%. The sum of 11,950 and 100, or 12,050, is divided by the

total gasoline gallonage of 100,000 to arrive at a biofuel distribution percentage of 12.05%. Since this exceeds the biofuel threshold percentage of 6% for a retail dealer selling 200,000 gallons or less, the biofuel threshold disparity percentage is 0%. This results in an ethanol promotion tax credit of 6.5 cents times 11,950, or \$776.75.

In addition, the taxpayer is entitled to claim the E-85 gasoline promotion tax credit equal to 20 cents multiplied by 5,000 gallons, or \$1,000.

EXAMPLE 2. A taxpayer that is a retail dealer of gasoline operates only one motor fuel site in Iowa. The number of gallons of gasoline sold at this site in 2010 equals 300,000 gallons. This consisted of 10,000 gallons of E-85 gasoline, 230,000 gallons of E-10 (10% ethanol blended gasoline) and 60,000 gallons not containing ethanol. The average ethanol content of E-85 gasoline is assumed to be 79%. The taxpayer also sold at this site during 2010 60,000 gallons of diesel fuel, of which 25,000 gallons was B-2 (2% biodiesel). The ethanol gallonage is 30,900 (10,000 E-85 gallons times 79% equals 7,900; 230,000 E-10 gallons times 10% equals 23,000; and thus 7,900 plus 23,000 equals 30,900). The biodiesel gallonage sold is 500, or 25,000 times 2%. The sum of 30,900 and 500, or 31,400, is divided by the total gasoline gallonage of 300,000 to arrive at a biofuel distribution percentage of 10.47%. Since this is less than the biofuel threshold percentage of 11% for a retail dealer selling more than 200,000 gallons, the biofuel threshold disparity percentage is .53%. This results in an ethanol promotion tax credit of 4.5 cents times 30,900, or \$1,390.50.

In addition, the taxpayer is entitled to claim the E-85 gasoline promotion tax credit equal to 20 cents multiplied by 10,000 gallons, or \$2,000.

EXAMPLE 3. A taxpayer that is a retail dealer of gasoline operates three motor fuel sites in Iowa during 2009, and each site sold 80,000 gallons of gasoline. Sites A and B each sold 70,000 gallons of E-10 (10% ethanol blended gasoline) and 10,000 gallons not containing ethanol. Site C sold 60,000 gallons of E-10, 10,000 gallons of E-85, and 10,000 gallons not containing ethanol. The average ethanol content of E-85 gasoline is assumed to be 79%. The retail dealer did not sell any diesel fuel at any of the motor fuel sites. The ethanol gallonage is 27,900, as shown below:

Site A – 70,000 times 10% equals	7,000
Site B – 70,000 times 10% equals	7,000
Site C – 60,000 times 10% equals	6,000
Site C – 10,000 times 79% equals	7,900
Total	<u>27,900</u>

The ethanol gallonage of 27,900 is divided by the gasoline gallonage of 240,000 to arrive at a biofuel distribution percentage of 11.63%. Since this exceeds the biofuel threshold percentage of 10% for a retail dealer selling more than 200,000 gallons, the biofuel threshold disparity percentage is 0%. The credit is computed separately for each motor fuel site, and the ethanol promotion credit equals \$1,813.50, as shown below:

Site A – 7,000 times 6.5 cents equals	\$455.00
Site B – 7,000 times 6.5 cents equals	\$455.00
Site C – 13,900 times 6.5 cents equals	\$903.50
Total	<u>\$1,813.50</u>

Since the biofuel distribution percentage and the biofuel threshold percentage disparity are computed on a statewide basis for all gallons sold in Iowa, the 6.5 cent tax credit rate is applied to the total ethanol gallonage, even if Sites A and B did not meet the biofuel threshold percentage of 10% for 2009.

In addition, the taxpayer is entitled to claim the E-85 gasoline promotion tax credit equal to 20 cents multiplied by 10,000 gallons, or \$2,000.

EXAMPLE 4. A taxpayer that is a retail dealer of gasoline has a fiscal year ending March 31, 2011, and operates one motor fuel site in Iowa. The taxpayer sold more than 200,000 gallons of gasoline during the 2010 calendar year and expects to sell more than 200,000 gallons of gasoline during the 2011 calendar

year. The ethanol gallonage is 30,000 for the period from April 1, 2010, through December 31, 2010, and the ethanol gallonage is 8,000 for the period from January 1, 2011, through March 31, 2011. The biofuel distribution percentage is 11.5% for the period from April 1, 2010, through December 31, 2010, and the biofuel distribution percentage is 11.8% for the period from January 1, 2011, through March 31, 2011. This results in a biofuel threshold percentage disparity of 0% (11.0 minus 11.5) for the period from April 1, 2010, through December 31, 2010, and a biofuel threshold percentage disparity of .2% (12.0 minus 11.8) for the period from January 1, 2011, through March 31, 2011. The taxpayer is entitled to an ethanol promotion tax credit of \$2,310 for the fiscal year ending March 31, 2011, as shown below:

30,000 times 6.5 cents equals	\$1,950
8,000 times 4.5 cents equals	360
Total	<u>\$2,310</u>

EXAMPLE 5. A taxpayer that is a retail dealer of gasoline has a fiscal year ending April 30, 2009, and operates one motor fuel site in Iowa. The taxpayer expects to sell more than 200,000 gallons of gasoline during the 2009 calendar year. The ethanol gallonage is 50,000 gallons for the period from January 1, 2009, through April 30, 2009. The biofuel distribution percentage is 7.7% for the period from January 1, 2009, through April 30, 2009, which results in a biofuel threshold percentage disparity of 2.3% (10.0 minus 7.7). The taxpayer is entitled to claim an ethanol promotion tax credit of \$1,250 (50,000 gallons times 2.5 cents) on the taxpayer's Iowa income tax return for the period ending April 30, 2009.

In lieu of claiming the credit on the return for the period ending April 30, 2009, the taxpayer may claim the ethanol promotion tax credit on the tax return for the period ending April 30, 2010, including the ethanol gallonage for the period from January 1, 2009, through April 30, 2010. In this case, the taxpayer will compute the biofuel distribution percentage for the period from January 1, 2009, through December 31, 2009, to determine the proper tax credit rate to be applied to the ethanol gallonage for the period from January 1, 2009, through December 31, 2009.

EXAMPLE 6. Assume the same facts as Example 3, except that the gallons were sold in 2011. The taxpayer chose the companywide method to compute the biofuel threshold percentage disparity and the tax credit. The biofuel distribution percentage is 11.63%, and since the biofuel threshold percentage is 12% for retailers selling more than 200,000 gallons of motor fuel, the biofuel threshold percentage disparity is 0.37%. This results in an ethanol promotion tax credit on a companywide basis of 6 cents multiplied by the ethanol gallonage of 27,900 or \$1,674.

EXAMPLE 7. Assume the same facts as Example 3, except that the gallons were sold in 2011. The taxpayer chose the site-by-site method to compute the biofuel threshold percentage disparity and the tax credit. The biofuel threshold percentage is still 12% since the retailer sold more than 200,000 gallons of motor fuel at all sites in Iowa. The biofuel distribution percentage for Site A and Site B is 7,000 divided by 80,000, or 8.75%. The biofuel threshold percentage disparity for Site A and Site B is 3.25%, or 12% less 8.75%. The biofuel distribution percentage for Site C is 13,900 divided by 80,000, or 17.38%. The biofuel threshold percentage disparity for Site C is 0% since the biofuel distribution percentage exceeds the biofuel threshold percentage. This results in an ethanol promotion tax credit on a site-by-site basis of \$1,462, as shown below:

Site A – 7,000 times 2.5 cents equals	\$175
Site B – 7,000 times 2.5 cents equals	\$175
Site C – 13,900 times 8 cents equals	<u>\$1,112</u>
Total	\$1,462

This rule is intended to implement Iowa Code section 422.33 as amended by 2011 Iowa Acts, Senate File 531.

701—52.37(422) Charitable conservation contribution tax credit. Effective for tax years beginning on or after January 1, 2008, a charitable conservation contribution tax credit is available for corporation income tax which is equal to 50 percent of the fair market value of a qualified real property interest located in Iowa that is conveyed as an unconditional charitable donation in perpetuity by a taxpayer to a qualified organization exclusively for conservation purposes.

52.37(1) Definitions. The following definitions are applicable to this rule:

“*Conservation purpose*” means the same as defined in Section 170(h)(4) of the Internal Revenue Code, with the exception that a conveyance of land for open space for the purpose of fulfilling density requirements to obtain subdivision or building permits is not considered a conveyance for a conservation purpose.

“*Qualified organization*” means the same as defined in Section 170(h)(3) of the Internal Revenue Code.

“*Qualified real property interest*” means the same as defined in Section 170(h)(2) of the Internal Revenue Code. Conservation easements and bargain sales are examples of a qualified real property interest.

52.37(2) Computation of the credit. The credit equals 50 percent of the fair market value of the qualified real property interest. There are numerous federal revenue regulations, rulings, court cases and other provisions relating to the determination of the value of a qualified real property interest, and these are equally applicable in determining the amount of the charitable conservation contribution tax credit.

The maximum amount of the tax credit is \$100,000. The amount of the contribution for which the tax credit is claimed shall not be claimed as a deduction for charitable contributions for Iowa income tax purposes.

52.37(3) Claiming the tax credit. The tax credit is claimed on Form IA 148, Tax Credits Schedule. The taxpayer must include a copy of federal Form 8283, Noncash Charitable Contributions, which reflects the calculation of the fair market value of the real property interest, with the Iowa return for the year in which the contribution is made. If a qualified appraisal of the property or other relevant information is required to be included with federal Form 8283 for federal tax purposes, the appraisal and other relevant information must also be included with the Iowa return.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following 20 years or until used, whichever is the earlier.

If the taxpayer claiming the credit is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual’s pro rata share of the individual’s earnings of the partnership, limited liability company, S corporation, or estate or trust.

52.37(4) Examples. The following noninclusive examples illustrate how this rule applies:

EXAMPLE 1: A taxpayer conveys a real property interest with a fair market value of \$150,000 to a qualified organization during 2008. The tax credit is equal to \$75,000, or 50 percent of the \$150,000 fair market value of the real property. The taxpayer cannot claim the \$150,000 as a deduction for charitable contributions on the Iowa corporation income tax return for 2008.

EXAMPLE 2: A taxpayer conveys a real property interest with a fair market value of \$500,000 to a qualified organization during 2009. The tax credit is limited to \$100,000, which equates to \$200,000 of the contribution being eligible for the tax credit. The remaining amount of \$300,000 (\$500,000 less \$200,000) can be claimed as a deduction for charitable contributions on the Iowa corporation income tax return for 2009.

This rule is intended to implement Iowa Code Supplement section 422.33 as amended by 2008 Iowa Acts, House File 2700, section 63.

701—52.38(422) School tuition organization tax credit. For tax years beginning prior to January 1, 2021, a school tuition organization tax credit is available which is equal to 65 percent of the amount of the voluntary cash or noncash contribution made by a corporation taxpayer to a school tuition organization. For tax years beginning on or after January 1, 2021, the tax credit is equal to 75 percent

of the amount of the voluntary cash or noncash contribution made by a corporation taxpayer to a school tuition organization. For S corporations, partnerships, limited liability companies, estates and trusts where the income is taxed directly to the individual shareholders, partners, members or beneficiaries, an individual may claim the credit. The amount of credit claimed by an individual shall be based on the pro rata share of the individual's earnings of the S corporation, partnership, limited liability company, estate or trust. For information on the initial registration, participation forms and reporting requirements for school tuition organizations, see rule 701—42.32(422).

52.38(1) *Amount of tax credit authorized—additional limitation for corporations.*

a. Of the \$7.5 million of school tuition organization tax credits authorized for the 2009 through 2011 calendar years, no more than 25 percent, or \$1,875,000, can be authorized for corporation income tax taxpayers.

b. Of the \$8.75 million of school tuition organization tax credits authorized for 2012 and 2013, no more than 25 percent, or \$2,187,500, can be authorized for corporation income tax taxpayers.

c. Of the \$12 million of school tuition organization tax credits authorized for 2014 through 2018, no more than 25 percent, or \$3 million, can be authorized for corporation income tax taxpayers.

d. Of the \$13 million of school tuition organization tax credits authorized for 2019, no more than 25 percent, or \$3,250,000, can be authorized for corporation income tax taxpayers.

e. Effective July 1, 2020, the prohibition against authorizing more than 25 percent of the total authorized tax credits for corporation income tax purposes was repealed. On or after July 1, 2020, of the total school tuition organization tax credits authorized for a year, any amount can be authorized for corporation income taxpayers.

52.38(2) *Issuance of tax credit certificates.* The school tuition organization shall issue tax credit certificates to each taxpayer who made a cash or noncash contribution to the school tuition organization. The tax credit certificate shall contain the name, address and tax identification number of the taxpayer; the amount and date that the contribution was made; the amount of the credit; the tax year that the credit may be applied; the school tuition organization to which the contribution was made; and the tax credit certificate number.

52.38(3) *Claiming the tax credit.* The taxpayer must include the tax credit certificate with the tax return for which the credit is claimed. The tax credit shall be claimed in the tax year during which the contribution is made. Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier. The taxpayer shall not claim a deduction for charitable contributions for Iowa corporation income tax purposes for the amount of the contribution made to the school tuition organization.

This rule is intended to implement Iowa Code section 422.33.

701—52.39(15,422) Redevelopment tax credit. The economic development authority is authorized by the general assembly and the governor to oversee the implementation and administration of the redevelopment tax credit program. Effective for tax years beginning on or after July 1, 2009, a taxpayer whose project has been approved by the Iowa brownfield redevelopment advisory council and the economic development authority may claim a redevelopment tax credit once the taxpayer has been issued a tax credit certificate for the project by the economic development authority. The credit is based on the taxpayer's qualifying investment in a brownfield or grayfield site. The administrative rules for the economic development authority's administration of this program, including definitions of brownfield and grayfield sites, may be found in rules 261—65.11(15) and 261—65.12(15).

52.39(1) *Eligibility for the credit.* The economic development authority is responsible for developing a system for registration and authorization of projects receiving redevelopment tax credits. For more information, see Iowa Administrative Code 261—Chapter 65.

52.39(2) *Amount of the credit.*

a. *Maximum credit total.* For the fiscal year beginning July 1, 2009, the maximum amount of tax credits allowed is \$1 million, and the amount of credit authorized for any one redevelopment project

cannot exceed \$100,000. For the fiscal year beginning July 1, 2011, the maximum amount of tax credits allowed cannot exceed \$5 million, and the amount of credit authorized for any one redevelopment project cannot exceed \$500,000. For the fiscal year beginning July 1, 2012, the maximum amount of tax credits allowed cannot exceed \$10 million, and the amount of credit authorized for any one redevelopment project cannot exceed \$1 million. For the fiscal year beginning July 1, 2013, and for each subsequent fiscal year, the maximum amount of tax credits issued by the authority shall be an amount determined by the economic development authority board but not in excess of the amount established pursuant to Iowa Code section 15.119.

b. Maximum credit per project. The maximum amount of a tax credit for a qualifying investment in any one qualifying redevelopment project shall not exceed 10 percent of the maximum amount of tax credits available in any one fiscal year pursuant to paragraph 52.39(2)“a.”

c. Percentage computation. The amount of the tax credit shall equal one of the following:

- (1) Twelve percent of the taxpayer’s qualifying investment in a grayfield site.
- (2) Fifteen percent of the taxpayer’s qualifying investment in a grayfield site if the qualifying redevelopment project meets the requirements of green development as defined in rule 261—65.2(15).
- (3) Twenty-four percent of the taxpayer’s qualifying investment in a brownfield site.
- (4) Thirty percent of the taxpayer’s qualifying investment in a brownfield site if the qualifying redevelopment project meets the requirements of green development as defined in rule 261—65.2(15).

52.39(3) Claiming the credit.

a. Certificate issuance. Upon completion of the project, the economic development authority will issue a tax credit certificate to the taxpayer. The tax credit certificate shall include the taxpayer’s name, address and federal identification number, the tax type for which the credit will be claimed, the amount of the credit, the tax year for which the credit may be claimed and the tax credit certificate number. In addition, the tax credit certificate will include a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred, as provided in subrule 52.39(4). To claim the tax credit, the taxpayer must include the tax credit certificate with the tax return for the tax period set forth on the certificate.

b. Pro rata share. If a taxpayer claiming the tax credit is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual’s pro rata share of the individual’s earnings of the partnership, limited liability company, S corporation, or estate or trust.

c. Carryforward. Except as provided in paragraph 52.39(3)“d,” any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is the earlier. The tax credit shall not be carried back to a tax year prior to the year in which the taxpayer redeems the credit.

d. Refundability. A tax credit in excess of the taxpayer’s liability for the tax year is refundable if all of the conditions of economic development authority 261—paragraph 65.11(4)“b” are met.

52.39(4) Transfer of the credit. The redevelopment tax credit can be transferred to any person or entity. However, a certificate indicating that the credit is refundable is only transferrable to the extent permitted by economic development authority 261—paragraph 65.11(4)“b.”

a. Submission of transferred tax credit certificate to the department—information required. Within 90 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department of revenue, along with a statement which contains the transferee’s name, address and tax identification number and the amount of the tax credit being transferred, the amount of all consideration provided in exchange for the tax credit, and the names of recipients of any consideration provided in exchange for the tax credit. If a payment of money was any part of the consideration provided in exchange for the tax credit, the transferee shall list the amount of the payment of money in its statement to the department of revenue. If any part of the consideration provided in exchange for the tax credit included nonmonetary consideration, including but not limited to any promise, representation, performance, discharge of debt or nonmonetary rights or property, the transferee shall describe the nature of nonmonetary consideration and disclose any value the transferor

and transferee assigned to the nonmonetary consideration. The transferee must indicate on its statement to the department of revenue if no consideration was provided in exchange for the tax credit. If the transferee is a partnership, limited liability company, S corporation, or estate or trust claiming the credit for individual or corporation income tax, the transferee shall provide a list of the partners, members, shareholders or beneficiaries and information on how the redevelopment tax credit should be divided among the partners, members, shareholders or beneficiaries. The transferee shall also provide the tax identification numbers and addresses of the partners, members, shareholders or beneficiaries.

b. Issuance of replacement certificate by the department. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the department of revenue will issue a replacement tax credit certificate to the transferee.

c. Claiming the transferred tax credit. The replacement tax credit certificate must contain the same information as that on the original tax credit certificate and must have the same effective taxable year as the original tax credit certificate. The replacement tax credit certificate may reflect a different tax type than the original tax credit certificate. The transferee may use the amount of the tax credit for any tax year for which the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit certificate shall not be included in Iowa taxable income for individual income tax, corporation income tax, or franchise tax purposes. Any consideration paid for the transfer of the tax credit certificate shall not be deducted from Iowa taxable income for individual income tax, corporation income tax, or franchise tax purposes.

52.39(5) Basis reduction of the redevelopment property. The increase in the basis of the redevelopment property that would otherwise result from the qualified redevelopment costs shall be reduced by the amount of the redevelopment tax credit. For example, if a qualifying investment in a grayfield site totaled \$100,000 for which a \$12,000 redevelopment tax credit was issued, the increase in the basis of the property would total \$88,000 for Iowa tax purposes (\$100,000 less \$12,000).

This rule is intended to implement Iowa Code sections 15.293A, 422.33 and 15.119.

701—52.40(15) High quality jobs program. Effective for tax periods beginning on or after July 1, 2009, a business which qualifies under the high quality jobs program is eligible to receive tax credits. The high quality jobs program replaces the high quality job creation program. An eligible business under the high quality jobs program must be approved by the Iowa department of economic development and meet the qualifications of Iowa Code section 15.329. The tax credits available under the high quality jobs program are based upon the number of jobs created or retained that pay a qualifying wage threshold and the amount of qualifying investment. The administrative rules for the high quality jobs program for the Iowa department of economic development may be found at 261—Chapter 68.

52.40(1) Research activities credit. An eligible business approved under the high quality jobs program is eligible for an additional research activities credit as described in subrule 52.7(4) for awards issued by the Iowa department of economic development prior to July 1, 2010. The eligible business is eligible for the research activities credit as described in subrule 52.7(6) for awards issued by the Iowa department of economic development on or after July 1, 2010.

Research activities allowable for the Iowa research activities credit include expenses related to the development and deployment of innovative renewable energy generation components manufactured or assembled in Iowa; such expenses related to the development and deployment of innovative renewable energy generation components are not eligible for the federal credit for increasing research activities. For purposes of this subrule, innovative renewable energy generation components do not include components with more than 200 megawatts in installed effective nameplate capacity. The research activities credit related to renewable energy generation components under the high quality jobs program and the enterprise zone program shall not exceed \$2 million for the fiscal year ending June 30, 2010, and \$1 million for the fiscal year ending June 30, 2011.

These expenses related to the development and deployment of innovative renewable energy generation components are applicable only to the additional research activities credit set forth in this

subrule and in subrule 52.7(5) for businesses in enterprise zones, and are not applicable to the research activities credit set forth in subrule 52.7(3).

52.40(2) *Investment tax credit.* An eligible business can claim an investment tax credit equal to a percentage of the new investment directly related to new jobs created or retained by the location or expansion of an eligible business. The percentage is equal to the amount provided in Iowa department of economic development 261—subrule 68.4(7).

The determination of the new investment eligible for the investment tax credit, the eligibility of a refundable investment tax credit for value-added agricultural product or biotechnology-related projects and the repayment of investment tax credits for the high quality jobs program is the same as set forth in subrule 52.28(2) for the high quality job creation program.

52.40(3) *Repayment of benefits.* If an eligible business fails to maintain the requirements of the high quality jobs program, the taxpayer may be required to repay all or a portion of the tax incentives taken on Iowa returns. Irrespective of the fact that the statute of limitations to assess the taxpayer for repayment of the tax credits may have expired, the department may proceed to collect the tax incentives forfeited by failure of the eligible business to maintain the requirements of the high quality jobs program because the repayment is a recovery of an incentive, rather than an adjustment to the taxpayer's tax liability. Details on the calculation of the repayment can be found in 261—subrule 187.5(4) of the administrative rules of the economic development authority. If the business is a partnership, limited liability company, S corporation, estate or trust where the income of the taxpayer is taxed to the individual owner(s) of the business, the department may proceed to collect the tax incentives against the partners, members, shareholders or beneficiaries to whom the tax incentives were passed through. See Decision of the Administrative Law Judge in *Damien & Colette Trebilcock, et al.*, Docket No. 11DORF 042-044, June 11, 2012.

This rule is intended to implement Iowa Code chapter 15.

701—52.41(15) *Aggregate tax credit limit for certain economic development programs.* Effective for the fiscal year beginning July 1, 2009, awards made under certain economic development programs cannot exceed \$185 million during a fiscal year. Effective for fiscal years beginning on or after July 1, 2010, but beginning before July 1, 2012, awards made under these economic development programs cannot exceed \$120 million during a fiscal year. Effective for fiscal years beginning on or after July 1, 2012, awards made under these economic development programs cannot exceed \$170 million. For fiscal years beginning on or after July 1, 2010, but beginning before July 1, 2014, these programs include the assistive device tax credit program, the enterprise zone program, the housing enterprise zone program, the high quality jobs program, the redevelopment tax credit program, tax credits for investments in qualifying businesses and community-based seed capital funds, and the innovation fund tax credit program. For fiscal years beginning on or after July 1, 2014, these programs include the assistive device tax credit program, the workforce housing tax incentives program, the high quality jobs program, the redevelopment tax credit program, tax credits for investments in qualifying businesses and community-based seed capital funds, and the innovation fund tax credit program. The administrative rules for the aggregate tax credit limit for the economic development authority may be found at 261—Chapter 76.

This rule is intended to implement Iowa Code section 15.119 as amended by 2014 Iowa Acts, House File 2448.

701—52.42(16,422) *Disaster recovery housing project tax credit.* For tax years beginning on or after January 1, 2011, but before January 1, 2015, a disaster recovery housing project tax credit is available for corporation income tax. The credit is equal to 75 percent of the taxpayer's qualifying investment in a disaster recovery housing project and is administered by the Iowa finance authority. Qualifying investments are costs incurred on or after May 12, 2009, and prior to July 1, 2010, related to a disaster

recovery housing project. Eligible properties must have applied for and received an allocation of federal low-income housing tax credits under Section 42 of the Internal Revenue Code to be eligible for the tax credit. The administrative rules of the Iowa finance authority for the disaster recovery housing project tax credit may be found at 265—Chapter 34. The tax credit is repealed effective January 1, 2015.

52.42(1) Issuance of tax credit certificates. Upon completion of the project and verification of the amount of investment made in the disaster recovery housing project, the Iowa finance authority will issue a tax credit certificate to the taxpayer. The tax credit certificate shall include the taxpayer's name, address, tax identification number, amount of credit, and the tax year for which the credit may be claimed. The tax credit certificates will be issued on a first-come, first-served basis. The tax credit cannot be transferred to any other person or entity.

52.42(2) Limitation of tax credits. The tax credit shall not exceed 75 percent of the taxpayer's qualifying investment in a disaster recovery housing project. The maximum amount of tax credits issued by the Iowa finance authority shall not exceed \$3 million in each of the five consecutive years beginning in the 2011 calendar year. A tax credit certificate shall be issued by the Iowa finance authority for each year that the credit can be claimed.

52.42(3) Claiming the tax credit. The amount of the tax credit earned by the taxpayer will be divided by five and an amount equal thereto will be claimed on the Iowa corporation income tax return commencing with the tax year beginning on or after January 1, 2011. A taxpayer is not entitled to a refund of the excess tax for any tax credit in excess of the tax liability, and also is not entitled to carry forward any excess credit to a subsequent tax year.

If the taxpayer is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

The increase in the basis of the property that would otherwise result from the disaster recovery housing investment shall be reduced by the amount of the tax credit allowed.

EXAMPLE: A corporation whose tax year ends on December 31 incurs \$100,000 of costs related to an eligible disaster recovery housing project. The taxpayer receives a tax credit of \$75,000, and \$15,000 of credit can be claimed on each Iowa corporation income tax return for the periods ending December 31, 2011, through December 31, 2015. If the tax liability for the corporation for the period ending December 31, 2011, is \$10,000, the credit is limited to \$10,000, and the remaining \$5,000 credit cannot be used. If the tax liability for the corporation for the period ending December 31, 2012, is \$25,000, the credit is limited to \$15,000, and the remaining \$5,000 credit from 2011 cannot be used to reduce the tax for 2012.

52.42(4) Potential recapture of tax credits. If the taxpayer fails to comply with the eligibility requirements of the project or violates local zoning and construction ordinances, the Iowa finance authority can void the tax credit and the department of revenue shall seek recovery of the value of any tax credit claimed on a corporation income tax return.

This rule is intended to implement Iowa Code sections 16.211, 16.212 and 422.33 as amended by 2014 Iowa Acts, Senate File 2328.

[ARC 8605B, IAB 3/10/10, effective 4/14/10; ARC 9104B, IAB 9/22/10, effective 10/27/10; ARC 1665C, IAB 10/15/14, effective 11/19/14]

701—52.43(422) E-15 plus gasoline promotion tax credit. Effective for eligible gallons sold on or after July 1, 2011, a retail dealer of gasoline may claim an E-15 plus gasoline promotion tax credit. "E-15 plus gasoline" means ethanol blended gasoline formulated with a minimum percentage of between 15 percent and 69 percent of volume of ethanol, if the formulation meets the standards provided in Iowa Code section 214A.2. For purposes of this rule, tank wagon sales are considered retail sales. The credit is calculated on Form IA 138.

52.43(1) Calculating the credit.

a. Amount of credit. The tax credit is calculated by multiplying the total number of E-15 plus gallons sold by the retail dealer during the tax year by the following designated rates:

Gallons sold from July 1, 2011, through December 31, 2013	3 cents
Gallons sold from January 1 through May 31 and from September 16 through December 31 for the 2014-2024 calendar years	3 cents
Gallons sold from June 1 through September 15 for the 2014-2024 calendar years	10 cents

b. Claiming the credit with other credits. A taxpayer may claim the E-15 plus gasoline promotion tax credit even if the taxpayer also claims the ethanol promotion tax credit provided in rule 701—52.36(422) for gallons sold on or after January 1, 2011, but prior to January 1, 2021, for the same tax year for the same ethanol gallons.

c. Refundability. Any credit in excess of the taxpayer's tax liability is refundable. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year.

d. Transferability. The credit may not be transferred to any other person.

52.43(2) Fiscal year filers. For taxpayers whose tax year is not on a calendar-year basis, the taxpayer may compute the tax credit on the gallons of E-15 plus gasoline sold during the year using the designated rates as shown above. Because the tax credit is repealed on January 1, 2025, a taxpayer whose tax year ends prior to December 31, 2024, may continue to claim the tax credit in the following tax year for any E-15 plus gallons sold through December 31, 2024. For a retail dealer whose tax year is not on a calendar-year basis and who did not claim the E-15 plus credit on the previous return, the dealer may claim the credit for the current tax year for gallons sold for the period beginning on July 1 of the previous tax year until the last day of the previous tax year. However, for taxpayers whose fiscal year ends prior to December 31, 2011, the dealer must claim the credit for the current tax year for gallons sold for the period beginning on July 1 of the previous tax year until the last day of the previous tax year.

EXAMPLE 1: A taxpayer who is a retail dealer of gasoline has a fiscal year ending October 31, 2011. The taxpayer sold 2,000 gallons of E-15 plus gasoline for the period from July 1, 2011, through October 31, 2011, and sold 7,000 gallons of E-15 plus gasoline for the period from November 1, 2011, through October 31, 2012. The taxpayer is entitled to a total E-15 plus gasoline promotion tax credit of \$270 for the fiscal year ending October 31, 2012, which consists of a \$60 credit (2,000 gallons multiplied by 3 cents) for the period from July 1, 2011, through October 31, 2011, and a credit of \$210 (7,000 gallons multiplied by 3 cents) for the period from November 1, 2011, through October 31, 2012.

EXAMPLE 2: A taxpayer who is a retail dealer of gasoline has a fiscal year ending April 30, 2012. The taxpayer sold 4,000 gallons of E-15 plus gasoline between July 1, 2011, and April 30, 2012. The taxpayer sold 9,000 gallons of E-15 plus gasoline between May 1, 2012, and April 30, 2013. The taxpayer is entitled to claim an E-15 plus gasoline promotion tax credit of \$120 (4,000 gallons multiplied by 3 cents) for the fiscal year ending April 30, 2012. In lieu of claiming the credit on the return for the period ending April 30, 2012, the taxpayer can claim the E-15 plus gasoline promotion tax credit on the tax return for the period ending April 30, 2013, for all E-15 plus gasoline gallons sold for the period from July 1, 2011, through April 30, 2013.

EXAMPLE 3: A taxpayer who is a retail dealer of gasoline has a fiscal year ending February 28, 2025. The taxpayer sold 20,000 total gallons of E-15 plus gasoline for the entire period from March 1, 2024, through February 28, 2025. For the period from March 1 through May 31, 2024, the taxpayer sold 4,000 gallons of E-15 plus gasoline, which entitles the taxpayer to a credit of \$120 (4,000 gallons multiplied by 3 cents). For the period from June 1 through September 15, 2024, the taxpayer sold 6,000 gallons of E-15 plus gasoline, which entitles the taxpayer to a credit of \$600 (6,000 gallons multiplied by 10 cents). For the period from September 16 through December 31, 2024, the taxpayer sold 6,000 gallons of E-15 plus gasoline, which entitles the taxpayer to a credit of \$180 (6,000 gallons multiplied by 3 cents). For the period from January 1 through February 28, 2025, the taxpayer sold 4,000 gallons of E-15 plus gasoline, which occurred after expiration of the credit. The taxpayer is entitled to claim a total E-15 plus gasoline promotion tax credit of \$900 (\$120 plus \$600 plus \$180) on the taxpayer's Iowa income tax return for the period ending February 28, 2025.

52.43(3) *Allocation of credit to owners of a business entity or to beneficiaries of an estate or trust.* If a taxpayer claiming the E-15 plus gasoline promotion tax credit is a partnership, limited liability company, S corporation, or an estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement Iowa Code sections 422.11Y and 422.33 as amended by 2016 Iowa Acts, Senate File 2309.

701—52.44(422) Solar energy system tax credit. For tax years beginning on or after January 1, 2012, a solar energy system tax credit is available for business property described in Sections 48(a)(2)(A)(i)(II) and 48(a)(2)(A)(i)(III) of the Internal Revenue Code and located in Iowa. The credit is available according to the same requirements, conditions, and limitations as described in rule 701—42.48(422).

This rule is intended to implement Iowa Code section 422.33.

[ARC 5590C, IAB 4/21/21, effective 5/26/21]

701—52.45(422,85GA,SF452) From farm to food donation tax credit. Effective for tax years beginning on or after January 1, 2014, a taxpayer that donates a food commodity that the taxpayer produces may claim a tax credit for Iowa corporation income tax. The credit is equal to 15 percent of the value of the commodities donated during the tax year for which the credit is claimed or \$5,000, whichever is less. The value of the commodities shall be determined in the same manner as a charitable contribution of food for federal tax purposes under Section 170(e)(3)(C) of the Internal Revenue Code.

To qualify for the tax credit, the taxpayer (1) must produce the donated food commodity; (2) must transfer title to the donated food commodity to an Iowa food bank or Iowa emergency feeding organization recognized by the department; and (3) shall not receive remuneration for the transfer. The donated food commodity cannot be damaged or out-of-condition and declared to be unfit for human consumption by a federal, state, or local health official. A food commodity that meets the requirements for donated foods pursuant to the federal Emergency Food Assistance Program satisfies this requirement.

To be recognized by the department, a food bank or emergency feeding organization must either be a recognized affiliate of one of the eight partner food banks with the Iowa Food Bank Association or must register with the department. To register with the department, the organization must meet the definition of "emergency feeding organization," "food bank," or "food pantry" as defined by the department of human services in 441—66.1(234). The department of revenue will make registration forms available on the department's website. The department will maintain a list of recognized organizations on the department's website.

Food banks and emergency feeding organizations that receive eligible donations shall be required to issue receipts in a format prescribed by the department for all donations received and must annually submit to the department a receipt log of all the receipts issued during the tax year. The receipt log must be submitted in the form of a spreadsheet with column specifications as provided by the department. Receipt logs showing the donations for the previous calendar year must be delivered electronically or mailed to the department postmarked by January 15 of each year. If a receipt for a taxpayer's claim is not provided by the organization, the taxpayer's claim will be denied.

To claim the credit, a taxpayer shall submit to the department the original receipts that were issued by the food bank or emergency feeding organization. The receipt must include quantity information completed by the food bank or emergency feeding organization, taxpayer information, and a donation valuation consistent with Section 170(e)(3)(C) of the Internal Revenue Code completed by the taxpayer. Claims must be postmarked on or before January 15 of the year following the tax year for which the claim is requested. Once the department verifies the amount of the tax credit, a letter will be sent to the taxpayer providing the amount of the tax credit and a tax credit certificate number.

Any credit in excess of the tax liability for the tax year may be credited to the tax liability for the following five years or until used, whichever is earlier. The tax credit shall not be carried back to a tax year prior to the year in which the owner redeems the credit.

If the producer is a partnership, limited liability company, S corporation, estate or trust electing to have the income taxed directly to the individual, an individual may claim the credit. The amount claimed by an individual must be based on the individual's pro rata share of the individual's earnings of the partnership, limited liability company, S corporation, or estate or trust.

This rule is intended to implement 2013 Iowa Acts, Senate File 452, division XVIII.
[ARC 1138C, IAB 10/30/13, effective 12/4/13]

701—52.46(15) Workforce housing tax incentives program. A business which qualifies under the workforce housing tax incentives program is eligible to receive tax incentives for corporation income tax. The workforce housing tax incentives program replaced the eligible housing enterprise zone program. An eligible business under the workforce housing tax incentives program must be approved by the economic development authority. The administrative rules for the workforce housing tax incentives program for the economic development authority may be found at 261—Chapter 48. The general assembly has mandated that the economic development authority and the department of revenue adopt rules to jointly administer Iowa Code sections 15.351 to 15.356. In general, the economic development authority is responsible for evaluating whether projects meet the requirements for a workforce housing tax incentives program while the department of revenue administers tax credit claims and transfers.

52.46(1) Definitions.

“Costs directly related” means the same as defined in rule 261—48.3(15).

“Qualifying new investment” means the same as defined in rule 261—48.3(15).

52.46(2) Workforce housing tax incentives. The economic development authority will allocate no more than \$20 million in tax incentives for this program for any fiscal year, \$5 million of which shall be reserved for allocation to qualified housing projects in small cities, as defined in Iowa Code section 15.352(10), that are registered on or after July 1, 2017. A housing business that has entered into an agreement with the economic development authority is eligible to receive the tax incentives described in the following paragraphs:

a. *Sales tax refund.* A housing business may claim a refund of the sales and use tax described in rule 701—12.19(15).

b. *Investment tax credit.*

(1) Computation of the credit. A housing business may claim a tax credit in an amount not to exceed 10 percent of the qualifying new investment in a housing project not located in a small city, or 20 percent of the qualifying new investment in a housing project located in a small city.

(2) Allocation of the tax credit to the individual owners of the entity or beneficiaries of an estate or trust. An individual may claim a tax credit if the housing business is a partnership, limited liability company, S corporation, estate, or trust electing to have income taxed directly to the individual. The amount claimed by the individual shall be based upon the pro rata share of the individual's earnings from the partnership, limited liability company, S corporation, estate, or trust.

(3) Refundability. Any tax credit in excess of the taxpayer's liability for the tax year is not refundable.

(4) Carryforward. Any tax credit in excess of the taxpayer's liability may be credited to the tax liability for the following five years or until depleted, whichever is earlier.

52.46(3) Claiming the tax credit—information required. The taxpayer must receive a tax credit certificate from the economic development authority to claim the eligible housing business tax credit. The tax credit certificate shall include the taxpayer's name, the taxpayer's address, the taxpayer's tax identification number, the date the project was completed, the amount of the eligible housing business tax credit and the tax year for which the credit may be claimed. In addition, the tax credit certificate shall include a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred, as provided in subrule 52.46(5). The tax credit certificate must be included with the income tax return for the tax period in which the housing is ready for occupancy.

52.46(4) Basis adjustment. The increase in the basis of the property that would otherwise result from the qualifying new investment shall be reduced by the amount of the investment tax credit. For example, if a new housing project had qualifying new investment of \$1 million which resulted in a \$100,000 investment tax credit for Iowa tax purposes, the basis of the property for Iowa income tax purposes would be \$900,000.

52.46(5) Transfer of the credit.

a. Submission of transferred tax credit certificate to the department—information required. Tax credit certificates issued under an agreement entered into pursuant to subrule 52.46(3) may be transferred to any person. Within 90 days of transfer, the transferee shall submit the transferred tax credit certificate to the department of revenue along with a statement containing the transferee's name, tax identification number, and address, the denomination that each replacement tax credit certificate is to carry, and any other information required by the department of revenue. However, tax credit certificate amounts of less than the minimum amount established in rule by the economic development authority shall not be transferable.

b. Issuance of replacement certificate by the department. Within 30 days of receiving the transferred tax credit certificate and the transferee's statement, the department of revenue shall issue one or more replacement tax credit certificates to the transferee. Each replacement tax credit certificate must contain the information required for the original tax credit certificate and must have the same expiration date that appeared on the transferred tax credit certificate.

c. Claiming the transferred tax credit. A tax credit shall not be claimed by a transferee under this rule until a replacement tax credit certificate identifying the transferee as the proper holder has been issued. The transferee may use the amount of the tax credit transferred for any tax year the original transferor could have claimed the tax credit. Any consideration received for the transfer of the tax credit shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit shall not be deducted from Iowa taxable income for individual income, corporation income, or franchise tax purposes.

d. Unlimited number of transferees and subsequent transfers. There is no limitation on the number of transferees to whom the credit may be transferred. There is no limitation on the number of times that the credit may be retransferred by a transferee. The transferor may divide the credit into multiple credits of alternate denominations so long as the resulting credits are for amounts of no less than the minimum amount established in rule by the economic development authority.

e. Carryforward limitations on transferees. The transferee may use the amount of the transferred tax credit for any tax year that the original transferor could have claimed the tax credit. The carryforward limitations described in subparagraph 52.46(2)“b”(4) shall apply.

52.46(6) Repayment of benefits. If the housing business fails to maintain the requirements of Iowa Code section 15.353, the taxpayer may be required to repay all or a portion of the tax incentives the taxpayer received. Irrespective of the fact that the statute of limitations to assess the taxpayer for repayment of the income tax credit may have expired, the department may proceed to collect the tax incentives forfeited by failure of the taxpayer to maintain the requirements of Iowa Code section 15.353. This repayment is required because it is a recovery of an incentive, rather than an adjustment to the taxpayer's tax liability. Details on the calculation of the repayment can be found in 261—subrule 187.5(4) of the administrative rules of the economic development authority. If the business is a partnership, limited liability company, S corporation, estate or trust where the income of the taxpayer is taxed to the individual owner(s) of the business, the department may proceed to collect the tax incentives against the partners, members, shareholders or beneficiaries to whom the tax incentives were passed through. See Decision of the Administrative Law Judge in *Damien & Colette Trebilcock, et al.*, Docket No. 11DORF 042-044, June 11, 2012.

This rule is intended to implement Iowa Code sections 15.354 and 15.355.

701—52.47(404A,422) Historic preservation and cultural and entertainment district tax credit for projects registered on or after July 1, 2014, and before August 15, 2016. For projects registered

before August 15, 2016, the department of cultural affairs is authorized by the general assembly to award tax credits for a percentage of the qualified rehabilitation expenditures on a qualified rehabilitation project as described in the historic preservation and cultural and entertainment district tax credit program, Iowa Code chapter 404A. The program is administered by the department of cultural affairs with the assistance of the department of revenue. The general assembly has mandated that the department of cultural affairs and the department of revenue adopt rules to jointly administer Iowa Code chapter 404A. In general, the department of cultural affairs is responsible for evaluating whether projects comply with the prescribed standards for rehabilitation while the department of revenue is responsible for evaluating whether projects comply with the tax aspects of the program.

2014 Iowa Acts, House File 2453, amended the historic preservation and cultural and entertainment district tax credit program effective July 1, 2014. The department of revenue's provisions for projects with Part 2 applications approved and tax credits reserved prior to July 1, 2014, are found in rule 701—52.18(404A,422). The department of revenue's provisions for projects registered on or after July 1, 2014, and before August 15, 2016, are found in this rule. The department of cultural affairs' rules related to this program may be found at 223—Chapter 48.

2016 Iowa Acts, House File 2443, amended the program and transferred primary responsibility for its administration to the economic development authority effective August 15, 2016. Effective August 15, 2016, the program is administered by the economic development authority with the assistance of the department of cultural affairs and the department of revenue. The department of revenue's provisions for projects registered on or after August 15, 2016, are found in rule 701—52.48(404A,422). The economic development authority's rules related to the program may be found at 261—Chapter 49. When adopted, the department of cultural affairs' rules related to the program will be found in 223—Chapter 48.

Notwithstanding anything contained herein to the contrary, the department of cultural affairs shall not reserve tax credits under 2013 Iowa Code chapter 404A as amended by 2013 Iowa Acts, chapter 112, section 1, for applicants that do not have an approved Part 2 application and a tax credit reservation on or before June 30, 2014. Projects with approved Part 2 applications and provisional tax credit reservations on or before June 30, 2014, shall be governed by 2013 Iowa Code chapter 404A as amended by 2013 Iowa Acts, chapter 112, section 1; by 223—Chapter 48, Division I; and by rule 701—52.18(404A,422). Projects registered on or after July 1, 2014, but before August 15, 2016, shall be governed by 2014 Iowa Acts, House File 2453; by 223—Chapter 48, Division II; and by this rule. Projects registered on or after August 15, 2016, shall be governed by 2016 Iowa Code chapter 404A as amended by 2016 Iowa Acts, House File 2443; by 261—Chapter 49; and by rule 701—52.48(404A,422).

52.47(1) *Application, registration, and agreement for the historic preservation and cultural and entertainment district tax credit.* Taxpayers that want to claim a corporation income tax credit for completing a qualified rehabilitation project must submit an application for approval of the project. The application forms and instructions for the historic preservation and cultural and entertainment district tax credit are available on the department of cultural affairs' website. Once a project is registered, the taxpayer must enter into an agreement with the department of cultural affairs to be eligible for the credit.

52.47(2) *Computation of the amount of the historic preservation and cultural and entertainment district tax credit.* The amount of the historic preservation and cultural and entertainment district tax credit is a maximum of 25 percent of the qualified rehabilitation expenditures verified by the department of cultural affairs and the department of revenue following project completion, up to the amount specified in the agreement between the taxpayer and the department of cultural affairs.

52.47(3) *Qualified rehabilitation expenditures.* "Qualified rehabilitation expenditures" means the same as defined in rule 223—48.22(404A) of the historical division of the department of cultural affairs. In general, the department of cultural affairs evaluates whether expenditures comply with the prescribed standards for rehabilitation while the department of revenue evaluates whether expenditures comply with the tax requirements to be considered qualified rehabilitation expenditures, including whether the expenditures are in accordance with the requirements of Internal Revenue Code Section 47 and its related regulations.

a. Type of property and services eligible. In accordance with Iowa Code section 404A.1(6), the types of property and services claimed for the state tax credit must be "qualified rehabilitation

expenditures” in accordance with Internal Revenue Code Section 47. Notwithstanding the foregoing sentence, expenditures incurred by an eligible taxpayer that is a nonprofit organization as defined in Iowa Code section 404A.1(4) shall be considered “qualified rehabilitation expenditures” if they are for “structural components,” as that term is defined in Treasury Regulation § 1.48-1(e)(2), and for amounts incurred for architectural and engineering fees, site survey fees, legal expenses, insurance premiums, development fees and other construction-related costs.

b. Effect of financing sources on eligibility of expenditures. Qualified rehabilitation expenditures do not include expenditures financed by federal, state, or local government grants or forgivable loans unless otherwise allowed under Section 47 of the Internal Revenue Code. For an eligible taxpayer that is a nonprofit organization as defined in Iowa Code section 404A.1(4) that is not eligible for the federal rehabilitation credit, or another person that is not eligible for the federal rehabilitation credit, expenditures financed with federal, state, or local government grants or forgivable loans are not qualified rehabilitation expenditures.

52.47(4) Completion of the qualified rehabilitation project and claiming the tax credit on the Iowa return. After the taxpayer completes a qualified rehabilitation project, the taxpayer will be issued a certificate of completion of the project from the department of cultural affairs if the project complies with the federal standards, as defined in rule 223—48.22(404A). After the department of cultural affairs and the department of revenue verify the taxpayer’s eligibility for the tax credit, the department of cultural affairs shall issue a tax credit certificate.

a. Claiming the credit. For the taxpayer to claim the credit, the certificate must be included with the taxpayer’s corporation income tax return for the tax year in which the rehabilitation project is completed or the corporation income tax return for any tax year within the five years following the tax year of project completion. Taxpayers that elect to delay claiming the credit to a later tax year return as described in this paragraph are subject to the carryforward limitations described in paragraph 52.47(4) “d” below. The credit may be claimed on an amended return so long as the amended return is filed within the statute of limitations applicable to the tax year for which the amended return is being filed.

b. Information required. The tax credit certificate shall include the taxpayer’s name, the taxpayer’s address, the taxpayer’s tax identification number, the address or location of the rehabilitation project, the date the project was completed, the amount of the historic preservation and cultural and entertainment district tax credit, and, if applicable, an indication of whether the credit is nonrefundable (see paragraph 52.47(4) “c” below). In addition, the tax credit certificate shall include a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred, as provided in subrule 52.47(5). In addition, if the taxpayer is a partnership, limited liability company, estate or trust, and the tax credit is allocated to the owners or beneficiaries of the entity, a list of the owners or beneficiaries and the amount of credit allocated to each owner or beneficiary shall be provided with the certificate.

c. Refundability. A historic preservation and cultural and entertainment district tax credit in excess of the taxpayer’s tax liability is fully refundable with interest computed under Iowa Code section 422.25. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year. To receive a refundable credit, the taxpayer must elect to receive the credit as refundable at the Part 3 stage of the application process administered by the department of cultural affairs. See department of cultural affairs’ 223—Chapter 48. Once the taxpayer elects to receive a nonrefundable credit, the taxpayer cannot select to change the credit to a refundable credit or vice versa. If the taxpayer is a transferee, the taxpayer may elect to receive the credit as refundable or nonrefundable when the taxpayer applies to the department of revenue for transfer of the tax credit as described in subrule 52.47(5).

d. Carryforward. If the taxpayer elects to receive a nonrefundable historic preservation and cultural and entertainment district tax credit as described in paragraph 52.47(4) “b,” the amount in excess of the taxpayer’s tax liability may be carried forward for five years following the tax year in which the project is completed, or until it is depleted, whichever is earlier. A tax credit shall not be carried back to a tax year prior to the tax year in which the taxpayer is first eligible to claim the credit.

Regardless of whether the taxpayer elects to claim the tax credit on a tax return for a year that is later than the year of project completion as described in paragraph 52.47(4) “a,” the taxpayer must utilize the entire credit within five years of project completion as described in this paragraph; any credit amount that is not utilized within the five-year carryforward period is forfeited. The five-year carryforward limitation does not apply if the taxpayer elects to receive a refundable credit, the excess of which may be credited to future tax years as an overpayment.

e. Allocation of historic preservation and cultural and entertainment district tax credits to the individual owners of the entity or beneficiaries of an estate or trust. A partnership, limited liability company or S corporation may designate the amount of the tax credit to be allocated to each partner, member or shareholder. The credit does not have to be allocated based on the pro rata share of earnings of the partnership, limited liability company or S corporation. For an individual claiming a tax credit of an estate or trust, the amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings from the estate or trust.

52.47(5) Transfer of the historic preservation and cultural and entertainment district tax credit. The historic preservation and cultural and entertainment district tax credit certificates may be transferred to any person or entity. The transferee may use the amount of the tax credit transferred against the taxes imposed in Iowa Code chapter 422, divisions II, III, and V, and in Iowa Code chapter 432, for any tax year the original transferor could have claimed the tax credit. Transferees must elect to receive either a refundable or nonrefundable tax credit. Once the transferee elects to receive a nonrefundable credit, the transferee cannot elect to change the credit to a refundable credit or vice versa. A tax credit certificate of less than \$1,000 shall not be transferable.

a. Transfer process—information required. Within 90 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department of revenue along with a statement that contains the transferee’s name, address and tax identification number, the amount of the tax credit being transferred, an election to receive either a refundable or nonrefundable tax credit, and the amount of all consideration provided in exchange for the tax credit and the names of recipients of any consideration provided in exchange for the tax credit. If a payment of money was any part of the consideration provided in exchange for the tax credit, the transferee shall list the amount of the payment of money in its statement to the department of revenue. If any part of the consideration provided in exchange for the tax credit included nonmonetary consideration, including but not limited to any promise, representation, performance, discharge of debt or nonmonetary rights or property, the tax credit transferee shall describe the nature of the nonmonetary consideration and disclose any value the transferor and transferee assigned to the nonmonetary consideration. The tax credit transferee must indicate on its statement to the department of revenue if no consideration was provided in exchange for the tax credit. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the department of revenue will issue the replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company or S corporation, the transferee shall provide a list of the partners, members or shareholders and information on how the historic preservation and cultural and entertainment district tax credit should be divided among the partners, members or shareholders. The transferee shall also provide the tax identification numbers and addresses of the partners, members or shareholders. The certificate must have the same information required for the original tax certificate and must have the same expiration date as the original tax credit certificate. The transferee may not claim a tax credit until a replacement certificate identifying the transferee as the proper holder has been issued.

b. Consideration. Any consideration received for the transfer of the tax credit shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

c. Unlimited number of transferees and subsequent transfers. There is no limitation on the number of transferees to whom the credit may be transferred. There is no limitation on the number of times that the credit may be retransferred by a transferee. The transferor may divide the credit into multiple credits of alternate denominations so long as the resulting credits are for amounts of no less than \$1,000.

d. Carryforward limitations on transferees. The transferee may use the amount of the transferred tax credit for any tax year the original transferor could have claimed the tax credit. The carryforward limitations described in paragraph 52.47(4) “d” shall apply.

52.47(6) Appeals. Challenges to an action by the department of revenue related to tax credit transfers, claiming tax credits, tax credit revocation, or repayment or recovery of tax credits must be brought pursuant to 701—Chapter 7.

This rule is intended to implement Iowa Code chapter 404A as amended by 2016 Iowa Acts, House File 2443, and Iowa Code section 422.33.

701—52.48(404A,422) Historic preservation and cultural and entertainment district tax credit for projects registered on or after August 15, 2016. The economic development authority is authorized by the general assembly to award tax credits for a percentage of the qualified rehabilitation expenditures on a qualified rehabilitation project as described in the historic preservation and cultural and entertainment district tax credit program, Iowa Code chapter 404A. The program is administered by the economic development authority with the assistance of the department of cultural affairs and the department of revenue. The general assembly has mandated that the economic development authority, the department of cultural affairs and the department of revenue adopt rules as necessary to administer Iowa Code chapter 404A. In general, the department of revenue is responsible for administering tax credit transfers and processing and auditing tax returns that include tax credits claimed on returns. For the economic development authority’s rules on the credit program, see 261—Chapter 49. For the department of cultural affairs’ rules on the credit program, see 223—Chapter 48.

52.48(1) Program transition. 2016 Iowa Acts, House File 2443, made several changes to the credit program, including transferring primary responsibility for the program’s administration from the department of cultural affairs to the economic development authority. Projects registered prior to August 15, 2016, remain under the purview of the department of cultural affairs, with assistance from the department of revenue. For department of revenue rules related to projects registered prior to August 15, 2016, see rules 701—52.18(404A,422) and 701—52.47(404A,422).

52.48(2) Application, registration, and agreement for the historic preservation and cultural and entertainment district tax credit. For rules on the application, registration, and agreement process, see economic development authority rules, 261—Chapter 49.

52.48(3) Computation of the amount of the historic preservation and cultural and entertainment district tax credit. The amount of the historic preservation and cultural and entertainment district tax credit is a maximum of 25 percent of the qualified rehabilitation expenditures verified by the economic development authority following project completion, up to the amount specified in the agreement between the taxpayer and the economic development authority. For more information on the credit computation, see economic development authority rules, 261—Chapter 49. The amount remains subject to audit by the department of revenue when the credit is claimed on the taxpayer’s tax return.

52.48(4) Qualified rehabilitation expenditures. “Qualified rehabilitation expenditures” means the same as defined in Iowa Code section 404A.1(7) and rule 261—49.5(404A) of economic development authority rules. In the event of an audit, the department of revenue evaluates whether expenditures comply with the agreement between the economic development authority and the eligible taxpayer, as well as with applicable statutes and rules, including Internal Revenue Code Section 47 and its related regulations.

52.48(5) Completion of the qualified rehabilitation project and claiming the tax credit. After the economic development authority verifies the taxpayer’s eligibility for the tax credit, the economic development authority shall issue a tax credit certificate. For more information on credit certificate issuance, see economic development authority rules, 261—Chapter 49.

a. Claiming the credit. For the taxpayer to claim the credit, the certificate must be included with the taxpayer’s corporation income tax return for the tax year in which the rehabilitation project is completed or the corporation income tax return for any year within the five years following the year of project completion. Taxpayers that elect to delay claiming the credit to a later year’s return as described

in this paragraph are subject to the carryforward limitations described in paragraph 52.48(5) “d” below. The credit may be claimed on an amended return so long as the amended return is filed within the statute of limitations applicable to the tax year for which the amended tax return is being filed.

b. Information required. The tax credit certificate shall include the taxpayer’s name, the taxpayer’s address, the taxpayer’s tax identification number, the address or location of the rehabilitation project, the date the project was completed, the amount of the historic preservation and cultural and entertainment district tax credit, and, if applicable, an indication of whether the credit is nonrefundable (see paragraph 52.48(5) “c” below). In addition, the tax credit certificate shall include a place for the name and tax identification number of a transferee and the amount of the tax credit being transferred, as provided in subrule 52.48(6). In addition, if the taxpayer is a partnership, limited liability company, estate or trust, and the tax credit is allocated to the owners or beneficiaries of the entity, a list of the owners or beneficiaries and the amount of credit allocated to each owner or beneficiary shall be provided with the certificate.

c. Refundability. A historic preservation and cultural and entertainment district tax credit in excess of the taxpayer’s tax liability is fully refundable with interest computed under Iowa Code section 422.25. In lieu of claiming the refund, the taxpayer may elect to have the overpayment credited to the tax liability for the following tax year. To receive a refundable credit, the taxpayer must elect to receive the credit as refundable at the Part 3 stage of the application process administered by the economic development authority. See the economic development authority’s rule 261—49.15(404A). Once the taxpayer elects to receive a nonrefundable credit, the taxpayer cannot elect to change the credit to a refundable credit or vice versa. If the taxpayer is a transferee, the taxpayer may elect to receive the credit as refundable or nonrefundable when the taxpayer applies to the department of revenue for transfer of the tax credit as described in subrule 52.48(6).

d. Carryforward. If the taxpayer elects to receive a nonrefundable historic preservation and cultural and entertainment district tax credit as described in paragraph 52.48(5) “b,” the amount in excess of the taxpayer’s tax liability may be carried forward for five years following the tax year in which the project is completed, or until it is depleted, whichever is earlier. A tax credit shall not be carried back to a tax year prior to the tax year in which the taxpayer is first eligible to claim the credit. Regardless of whether the taxpayer elects to claim the tax credit on a tax return for a year that is later than the year of project completion as described in paragraph 52.48(5) “a,” the taxpayer must utilize the entire credit within five years following the tax year of the project completion as described in this paragraph; any credit that is not utilized within the five-year carryforward period is forfeited. The five-year carryforward limitation does not apply if the taxpayer elects to receive a refundable credit, the excess of which may be credited to future tax years as an overpayment.

e. Allocation of historic preservation and cultural and entertainment district tax credits to the individual owners of the entity or beneficiaries of an estate or trust. A partnership, limited liability company or S corporation may designate the amount of the tax credit to be allocated to each partner, member or shareholder. The credit does not have to be allocated based on the pro rata share of earnings of the partnership, limited liability company or S corporation. For an individual claiming a tax credit of an estate or trust, the amount claimed by the individual shall be based upon the pro rata share of the individual’s earnings from the estate or trust.

52.48(6) Transfer of the historic preservation and cultural and entertainment district tax credit. The historic preservation and cultural and entertainment district tax credit certificates may be transferred to any person or entity. The transferee may use the amount of the tax credit transferred against the taxes imposed in Iowa Code chapter 422, divisions II, III, and V, and in Iowa Code chapter 432, for any tax year that the original transferor could have claimed the tax credit. Transferees must elect to receive either a refundable or nonrefundable tax credit. Once the transferee elects to receive a nonrefundable credit, the transferee cannot elect to change the credit to a refundable credit or vice versa. A tax credit certificate of less than \$1,000 shall not be transferable.

a. Transfer process—information required. Within 90 days of transfer of the tax credit certificate, the transferee must submit the transferred tax credit certificate to the department of revenue along with a statement that contains the transferee’s name, address and tax identification number, the amount of the

tax credit being transferred, an election to receive either a refundable or nonrefundable tax credit, and the amount of all consideration provided in exchange for the tax credit and the names of recipients of any consideration provided in exchange for the tax credit. If a payment of money was any part of the consideration provided in exchange for the tax credit, the transferee shall list the amount of the payment of money in its statement to the department of revenue. If any part of the consideration provided in exchange for the tax credit included nonmonetary consideration, including but not limited to any promise, representation, performance, discharge of debt or nonmonetary rights or property, the tax credit transferee shall describe the nature of the nonmonetary consideration and disclose any value the transferor and transferee assigned to the nonmonetary consideration. The tax credit transferee must indicate on its statement to the department of revenue if no consideration was provided in exchange for the tax credit. Within 30 days of receiving the transferred tax credit certificate and the statement from the transferee, the department of revenue will issue the replacement tax credit certificate to the transferee. If the transferee is a partnership, limited liability company or S corporation, the transferee shall provide a list of the partners, members or shareholders and information on how the historic preservation and cultural and entertainment district tax credit should be divided among the partners, members or shareholders. The transferee shall also provide the tax identification numbers and addresses of the partners, members or shareholders. The certificate must have the same information required for the original tax certificate and must have the same expiration date as the original tax credit certificate. The transferee may not claim a tax credit until a replacement certificate identifying the transferee as the proper holder has been issued.

b. Consideration. Any consideration received for the transfer of the tax credit shall not be included in Iowa taxable income for individual income, corporation income or franchise tax purposes. Any consideration paid for the transfer of the tax credit shall not be deducted from Iowa taxable income for individual income, corporation income or franchise tax purposes.

c. Unlimited number of transferees and subsequent transfers. There is no limitation on the number of transferees to whom the tax credit may be transferred. There is no limitation on the number of times that the credit may be retransferred by a transferee. The transferor may divide the credit into multiple credits of alternate denominations so long as the resulting credits are for amounts of no less than \$1,000.

d. Carryforward limitations on transferees. The transferee may use the amount of the transferred tax credit for any tax year that the original transferor could have claimed the tax credit. The carryforward limitations described in paragraph 52.48(4) “d” shall apply.

52.48(7) Appeals. Challenges to an action by the department of revenue related to tax credit transfers, the claiming of tax credits, tax credit revocation, or repayment or recovery of tax credits must be brought pursuant to 701—Chapter 7.

This rule is intended to implement Iowa Code chapter 404A as amended by 2016 Iowa Acts, House File 2443, and Iowa Code section 422.33.

[ARC 2928C, IAB 2/1/17, effective 3/8/17]

701—52.49(15,422) Renewable chemical production tax credit program. An eligible business that has received a renewable chemical production tax credit certificate from the economic development authority may claim a tax credit against corporation income tax. The credit is equal to the product of five cents multiplied by the number of pounds of renewable chemicals produced in Iowa from biomass feedstock by the eligible business during a given production year, subject to the limitations described in Iowa Code sections 15.315 through 15.322, 261—Chapter 81, and this rule. The economic development authority’s rules on eligibility for the credit may be found in 261—Chapter 81.

52.49(1) Application and agreement for the credit. To be eligible for the tax credit, the eligible business must apply to and enter into an agreement with the economic development authority. The economic development authority’s rules on the application and agreement process may be found in 261—Chapter 81.

52.49(2) Computation of the amount of credit and certificate issuance. Upon establishing that all requirements of the program and the agreement have been fulfilled and verifying the taxpayer’s eligibility for the tax credit, the economic development authority calculates the credit. Then the economic development authority issues the related tax credit certificate to the eligible business stating

the amount of the renewable chemical production tax credit that the eligible business may claim. A tax credit certificate shall not be issued by the economic development authority prior to July 1, 2018. The economic development authority's rules on credit certificate issuance may be found in 261—Chapter 81.

52.49(3) Claiming the tax credit.

a. Claiming the credit, generally. To claim the credit, a taxpayer must include one or more tax credit certificates with the taxpayer's tax return for the tax year during which the eligible business was issued the tax credit certificate or certificates. If the taxpayer claiming the credit has already filed a return for the tax year for which the credit certificate was issued, the taxpayer may claim the credit on an amended return. The taxpayer must file the amended return within the statute of limitations applicable to such amended return. No tax credit may be claimed under this program by a taxpayer prior to September 1, 2018.

b. Claiming the credit of a pass-through entity. To claim the credit of an eligible business that is a pass-through entity, an individual taxpayer must claim the credit on the tax return for the tax year during which the eligible business received the tax credit certificate. Such tax year may be either the tax year of the eligible business or of the individual.

EXAMPLE: A partnership has a fiscal year of September 2017 through August 2018. The partnership receives a renewable chemical production tax credit certificate under this program in July 2018, which is during the partnership's 2017 tax year. A partner in the partnership files individual returns on a calendar year basis, which means that the credit was issued in the partner's 2018 tax year. That partner may file an amended 2017 tax return to claim the credit based on the partnership's tax year, or that partner may claim the credit on the partner's 2018 tax return based on the partner's own tax year.

c. Information required. The tax credit certificate shall include the taxpayer's name, address, and tax identification number, the amount of the credit, the name of the eligible business, and any other information required by the department of revenue.

d. Allocation to the individual owners of the entity or beneficiaries of an estate or trust. An individual may claim the credit of a partnership, limited liability company, S corporation, cooperative organized under Iowa Code chapter 501 and filing as a partnership for tax purposes, estate, or trust electing to have income taxed directly to the individual. The amount claimed by the individual shall be based on the pro rata share of the individual's earnings from the partnership, limited liability company, S corporation, cooperative, estate, or trust.

e. Refundability. Any credit in excess of the tax liability is refundable. In lieu of claiming a refund, the taxpayer may elect to have the overpayment shown on the taxpayer's final, completed return credited to the tax liability for the following tax year.

f. Transferability. Tax credit certificates shall not be transferred to any other person.

g. Rescission and recapture. The tax credit certificate, unless rescinded by the economic development authority, shall be accepted by the department of revenue, subject to any conditions or restrictions placed upon the face of the tax credit certificate by the economic development authority and subject to the limitations of the program. Should the economic development authority reduce, terminate, or rescind any tax credits issued under the program, the eligible business may be subject to the repayment or recapture of any credits already claimed. The economic development authority's rules related to the program may be found in 261—Chapter 81. The repayment of tax credits or recapture by the department of revenue shall be accomplished in the same manner as provided in Iowa Code section 15.330(2).

This rule is intended to implement Iowa Code section 422.33(22)

BOILERS AND PRESSURE VESSELS
CHAPTER 80
BOILER AND PRESSURE VESSEL BOARD
ADMINISTRATIVE AND REGULATORY AUTHORITY

875—80.1(89) Definitions. The definitions contained in this rule apply to 875—Chapters 80 to 96.

“*Board*” means the boiler and pressure vessel board.

“*Board office*” means the offices of the division of labor services of the department of workforce development.

“*Commissioner*” means the labor commissioner of the state of Iowa.

[ARC 9082B, IAB 9/22/10, effective 10/27/10]

875—80.2(89) Purpose and authority of board. The purpose of the board is to perform the statutory duties described in Iowa Code chapter 89. The board’s mission is to protect the public health, safety and welfare by improving the installation, repair, maintenance, alteration, use, and operation of boilers and pressure vessels in the state. The authority and responsibilities of the board include, but are not limited to:

80.2(1) Adopting rules necessary to protect public safety and health and to administer the duties of the board.

80.2(2) Hearing and deciding appeals concerning boiler and pressure vessel inspection reports.

80.2(3) Establishing fees.

80.2(4) Establishing committees of the board, the members and chairpersons of which shall be appointed by the board chairperson.

80.2(5) Performing any other function authorized by law.

[ARC 9082B, IAB 9/22/10, effective 10/27/10]

875—80.3(89) Organization of board.

80.3(1) The board shall be composed of the commissioner or the commissioner’s designee and eight additional members appointed by the governor and confirmed by the senate.

80.3(2) The eight appointed members of the board shall include:

a. One member who is a special inspector and who is employed by an insurance company and commissioned to inspect boilers and pressure vessels.

b. One member from a certified employee organization who shall represent steamfitters.

c. Two members who are mechanical engineers who regularly practice in the area of boilers and pressure vessels.

d. One member who is a boiler and pressure vessel distributor.

e. One member who represents boiler and pressure vessel manufacturers.

f. One member who is a mechanical contractor engaged in the business of installation, renovation, and repair of boilers and pressure vessels.

g. One member from a certified employee organization who shall represent boilermakers.

80.3(3) The board shall elect a chairperson, vice chairperson, and secretary from its membership at the first meeting after July 1 of each year. Neither the commissioner nor the commissioner’s designee may serve as chairperson. The chairperson shall, when present, preside at meetings, appoint committees, and perform all duties and exercise all powers of the chairperson. The vice chairperson shall, in the absence or incapacity of the chairperson, perform all duties and exercise all powers of the chairperson.

[ARC 8283B, IAB 11/18/09, effective 1/1/10; ARC 9082B, IAB 9/22/10, effective 10/27/10]

875—80.4(21,89) Public meetings.

80.4(1) The board shall hold at least one meeting each calendar quarter.

80.4(2) Board meetings shall be governed in accordance with Iowa Code chapter 21, and the board’s proceedings shall be conducted in accordance with Robert’s Rules of Order.

80.4(3) The chairperson or the chairperson’s designee shall prepare an agenda listing all matters to be discussed at the meeting.

80.4(4) A majority of the members of the board shall constitute a quorum, and all final motions and actions must receive a majority of a quorum vote.

80.4(5) Members of the public may be present during board meetings unless the board votes to hold a closed session in accordance with Iowa Code chapter 21. The dates and locations of board meetings may be obtained from the board's website or the board office.

80.4(6) At every regularly scheduled board meeting, time will be designated for public comment. During the public comment period, any person may speak for up to two minutes. Requests to speak for two minutes per person when a particular topic comes before the board may be granted at the discretion of the chairperson. The chairperson may limit total public comment time to ten minutes.

80.4(7) The person presiding at a meeting of the board may exclude a person from an open meeting for behavior that obstructs the meeting.

80.4(8) Cameras and recording devices may be used at open meetings provided the cameras and recording devices do not obstruct the meeting. If the user of a camera or recording device obstructs the meeting by the use of such device, the person presiding at the meeting may request the user to discontinue use of the camera or device.

[ARC 9082B, IAB 9/22/10, effective 10/27/10]

875—80.5(89) Official communications. All official communications, including submissions and requests, shall be addressed to the Boiler and Pressure Vessel Board, Department of Workforce Development, Division of Labor Services, 150 Des Moines Street, Des Moines, Iowa 50309.

[ARC 5977C, IAB 10/20/21, effective 11/24/21]

These rules are intended to implement Iowa Code chapters 21 and 89.

CHAPTER 81
WAIVERS FROM ADMINISTRATIVE RULES
BY THE BOILER AND PRESSURE VESSEL BOARD

875—81.1(17A,89) Waivers of rules. This chapter outlines generally applicable standards and a uniform process for the granting of individual waivers from rules adopted by the board. To the extent another more specific provision of law governs the issuance of a waiver from a particular rule, the more specific provision shall supersede this chapter with respect to any waiver from that rule.

875—81.2(17A,89) Applicability of rule. The board may grant a waiver from a rule only if the board has jurisdiction over the rule and the requested waiver is consistent with applicable statutes, constitutional provisions, or other provisions of law. The board may not waive requirements created or duties imposed by statute.

875—81.3(17A,89) Criteria for waiver. In response to a petition completed pursuant to this chapter, the board may, in its sole discretion, issue an order waiving, in whole or in part, the requirements of a rule as applied to an identified person on the basis of the particular circumstances of that person if the board finds, based on clear and convincing evidence, all of the following:

81.3(1) The application of the rule would impose an undue hardship on the person for whom the waiver is requested;

81.3(2) The waiver from the requirements of the rule in the specific case would not prejudice the substantial legal rights of any person;

81.3(3) The provisions of the rule subject to the petition for a waiver are not specifically mandated by statute or another provision of law; and

81.3(4) Substantially equal protection of public health, safety, and welfare will be afforded by a means other than that prescribed in the particular rule for which the waiver is requested.

[ARC 9082B, IAB 9/22/10, effective 10/27/10; ARC 5977C, IAB 10/20/21, effective 11/24/21]

875—81.4(17A,89) Filing of petition. A petition for a waiver must be submitted in writing to the board as follows:

81.4(1) Contested cases. If the petition relates to a pending contested case, the petition shall be filed in the contested case proceeding, using the caption of the contested case.

81.4(2) Other. If the petition does not relate to a pending contested case, the petition may be submitted with a caption containing the name of the person for whom the waiver is requested.

81.4(3) Filing petition. A petition is deemed filed when it is received in the board's office. A petition and related materials for consideration should be sent to the Boiler and Pressure Vessel Board, Department of Workforce Development, Division of Labor Services, 150 Des Moines Street, Des Moines, Iowa 50309.

[ARC 9082B, IAB 9/22/10, effective 10/27/10; ARC 0319C, IAB 9/5/12, effective 10/10/12; ARC 5977C, IAB 10/20/21, effective 11/24/21]

875—81.5(17A,89) Content of petition. The required form for a petition for waiver is available on the board's website at iowaboilers.gov. A petition for waiver shall include the following information where applicable and known to the petitioner:

81.5(1) The name, address, and telephone number of the entity or person for whom a waiver is being requested; the case number of or other reference to any related contested case; and the name, address, and telephone number of the petitioner's legal representative, if any.

81.5(2) A description of and citation to the specific rule from which a waiver is requested.

81.5(3) The specific waiver requested, including the precise scope and duration.

81.5(4) The relevant facts that the petitioner believes would justify a waiver under each of the four criteria described in rule 875—81.3(17A,89). This statement shall include a signed statement from the petitioner attesting to the accuracy of the facts provided in the petition and a statement of reasons that the petitioner believes will justify a waiver.

81.5(5) A history of any prior contacts between the board, other departments or agencies of the state of Iowa, or political subdivisions and the petitioner relating to the boiler or pressure vessel affected by the proposed waiver.

81.5(6) Information regarding the board's action in similar cases.

81.5(7) The name, address, and telephone number of any public agency or political subdivision which might be affected by the granting of a waiver.

81.5(8) The name, address, and telephone number of any entity or person who would be adversely affected by the granting of a petition.

81.5(9) The name, address, and telephone number of any person with knowledge of the relevant facts relating to the proposed waiver.

81.5(10) Signed releases of information authorizing persons with knowledge regarding the petition to furnish the board with information relevant to the petition for waiver.

81.5(11) The state boiler identification number of the relevant object.

[ARC 9082B, IAB 9/22/10, effective 10/27/10; ARC 3635C, IAB 2/14/18, effective 3/21/18; ARC 5977C, IAB 10/20/21, effective 11/24/21]

875—81.6(17A,89) Additional information. Prior to issuing an order granting or denying a waiver, the board may request additional information from the petitioner relative to the petition and surrounding circumstances. If the petition was not filed in a contested case, the board may, on its own motion or at the petitioner's request, schedule a telephonic or in-person meeting between the petitioner and a representative or representatives of the board related to the waiver request.

[ARC 9082B, IAB 9/22/10, effective 10/27/10]

875—81.7(17A,89) Notice. The board shall acknowledge a petition within 10 days of its receipt in the board office. The board shall ensure that notice of the pending petition has been provided to all persons to whom notice is required by any provision of law within 30 days of the receipt of the petition. In addition, the board may give notice to other persons. To accomplish this notice provision, the board may require the petitioner to serve the notice on all persons to whom notice is required by any provision of law and to provide a written statement to the board attesting that notice has been provided.

875—81.8(17A,89) Board review procedures.

81.8(1) Unless the board makes other arrangements, petitions for waiver will be reviewed and may be granted or denied at the next scheduled board meeting following receipt of the petition. However, if the petition is received less than three weeks prior to the scheduled board meeting, the petition will be reviewed at the subsequent meeting.

81.8(2) The petitioner shall be provided a reasonable opportunity to make a presentation to the board. The length of time allotted for presentation shall be reasonable in light of the complexity and number of issues involved.

875—81.9(17A,89) Hearing procedures. The provisions of Iowa Code sections 17A.10 to 17A.18A regarding contested case hearings shall apply to any petition for a waiver filed within a contested case and shall otherwise apply to board proceedings for a waiver only when the board so provides by order or is required to do so by statute.

875—81.10(17A,89) Ruling. An order granting or denying a waiver shall be in writing and shall contain a reference to the particular person or legal entity and rule or portion thereof to which the order pertains, a statement of the relevant facts and reasons upon which the action is based, and a description of the precise scope and duration of the waiver if one is issued.

81.10(1) Board discretion. The final decision on whether the circumstances justify the granting of a waiver shall be made at the sole discretion of the board, upon consideration of all relevant factors. Each petition for a waiver shall be evaluated by the board based on the unique, individual circumstances set out in the petition.

81.10(2) *Burden of persuasion.* The burden of persuasion rests with the petitioner to demonstrate by clear and convincing evidence that the board should exercise its discretion to grant a waiver from a rule.

81.10(3) *Narrowly tailored exception.* A waiver, if granted, shall provide the narrowest exception possible to the provisions of a rule.

81.10(4) *Administrative deadlines.* When the rule from which a waiver is sought establishes administrative deadlines, the board shall balance the special individual circumstances of the petitioner with the overall goal of uniform treatment of all similarly situated persons.

81.10(5) *Conditions.* The board may place on a waiver any condition that the board finds desirable to protect the public health, safety, and welfare.

81.10(6) *Time period of waiver.* A waiver shall not be permanent unless the petitioner can show that a temporary waiver would be impracticable. If a temporary waiver is granted, there is no automatic right to renewal. At the sole discretion of the board, a waiver may be renewed if the board finds that grounds for a waiver continue to exist.

81.10(7) *Time for ruling.* The board shall grant or deny a petition for a waiver as soon as practical but, in any event, shall do so within 120 days of its receipt, unless the petitioner agrees to a later date. However, if a petition is filed in a contested case, the board shall grant or deny the petition no later than the time at which the final decision in that contested case is issued.

81.10(8) *When deemed denied.* Failure of the board to grant or deny a petition within the required time period shall be deemed a denial of that petition by the board. However, the board shall remain responsible for issuing an order denying a waiver.

81.10(9) *Service of order.* Within 14 days of the ruling, any order issued under this rule shall be transmitted or delivered to the petitioner or the person to whom the order pertains, and to any other person entitled to such notice by any provision of law.

81.10(10) *Posting of orders granting waivers.* The order or a copy of the order granting a waiver shall be conspicuously and permanently posted in the room where the object is installed.

875—81.11(17A,89) *Public availability.* All orders granting or denying a waiver petition shall be indexed, filed, and available for public inspection as provided in Iowa Code section 17A.3. Petitions for a waiver and orders granting or denying a waiver petition are public records under Iowa Code chapter 22. If petitions or orders contain information the board is authorized or required to keep confidential, the board may instruct the board office to accordingly redact confidential information from petitions or orders prior to public inspection.

875—81.12(17A,89) *Submission of waiver information.* Information about all orders granting or denying a waiver petition shall be submitted by the board staff to the legislative services agency through the designated Internet site within 60 days of granting or denying the petition. The information submitted is available to the public via the website.

[ARC 5977C, IAB 10/20/21, effective 11/24/21]

875—81.13(17A,89) *Cancellation of a waiver.* A waiver issued by the board pursuant to this chapter may be withdrawn, canceled, or modified if, after appropriate notice and review, the board issues an order finding any of the following:

81.13(1) The petitioner or the person who was the subject of the waiver order withheld or misrepresented material facts relevant to the propriety or desirability of the waiver; or

81.13(2) The alternative means for ensuring that the public health, safety and welfare will be adequately protected after issuance of the waiver order have been demonstrated to be insufficient; or

81.13(3) The subject of the waiver order has failed to comply with all conditions contained in the order.

875—81.14(17A,89) *Violations.* Violation of a condition in a waiver order shall be treated as a violation of the particular rule for which the waiver was granted. As a result, the recipient of a waiver under this rule who violates a condition of the waiver may be subject to the same remedies or penalties as a person who violates the rule at issue.

875—81.15(17A,89) Defense. After the board issues an order granting a waiver, the order is a defense within its terms and the specific facts indicated therein only for the specific object to which the order pertains in any proceeding in which the rule in question is sought to be invoked.

875—81.16(17A,89) Judicial review. Judicial review of the board's decision to grant or deny a waiver petition may be taken in accordance with Iowa Code chapter 17A.

These rules are intended to implement Iowa Code chapters 17A, 22, and 89.

CHAPTER 82
BOILER AND PRESSURE VESSEL BOARD PETITIONS FOR RULE MAKING

875—82.1(17A,89) Petitions for rule making. Any person or agency may file a petition for rule making with the board requesting the adoption, amendment or repeal of a rule. The required form for a petition for rule making is available on the board's website at iowaboilers.gov. The petition shall be filed at the location specified in rule 875—80.5(89). A petition is deemed filed when it is received by the board office. The board office shall provide the petitioner with a file-stamped copy of the petition if the petitioner provides the board an extra copy for this purpose. The petition must be in writing and provide the following information where applicable and known to the petitioner:

82.1(1) A statement of the specific rule-making action sought by the petitioner including the text or a summary of the contents of the proposed rule or amendment to a rule and, if it is a petition to amend or repeal a rule, a citation to and the relevant language of the particular portion or portions of the rule proposed to be amended or repealed.

82.1(2) A citation to any law deemed relevant to the board's authority to take the action urged or to the desirability of that action.

82.1(3) A brief summary of petitioner's arguments in support of the action urged in the petition.

82.1(4) A brief summary of any data supporting the action urged in the petition.

82.1(5) The names and addresses of other persons, or a description of any class of persons, known by petitioner to be affected by or interested in the proposed action which is the subject of the petition.

82.1(6) The petition must be dated and signed by the petitioner or the petitioner's representative. The petition must also include the name, mailing address, and telephone number of the petitioner and petitioner's representative, and a statement indicating the person to whom communications concerning the petition should be directed. If desired, the petition should also provide an email address and a statement that email is an acceptable method for communication.

82.1(7) The board may deny a petition because it does not provide the required information.

[ARC 9082B, IAB 9/22/10, effective 10/27/10; ARC 3635C, IAB 2/14/18, effective 3/21/18; ARC 5977C, IAB 10/20/21, effective 11/24/21]

875—82.2(17A,89) Briefs. The petitioner may attach a brief to the petition in support of the action urged in the petition. The board may request a brief from the petitioner or from any other person concerning the substance of the petition.

875—82.3(17A,89) Inquiries. Inquiries concerning the status of a petition for rule making may be made to the Boiler and Pressure Vessel Board, Department of Workforce Development, Division of Labor Services, 150 Des Moines Street, Des Moines, Iowa 50309.

[ARC 5977C, IAB 10/20/21, effective 11/24/21]

875—82.4(17A,89) Board review procedures.

82.4(1) Unless the board makes other arrangements, petitions for rule making will be reviewed and may be granted or denied at the next scheduled board meeting following receipt of the petition. However, if the petition is received less than three weeks prior to the scheduled board meeting, the petition will be reviewed at the subsequent meeting. The board may request the petitioner to submit additional information or argument concerning the petition. The board may also solicit comments from any person on the substance of the petition. Also, comments on the substance of the petition may be submitted to the board by any person.

82.4(2) The petitioner shall be provided a reasonable opportunity to make a presentation to the board. The length of time allotted for presentation shall be reasonable in light of the complexity and number of issues involved.

82.4(3) Within 60 days after the filing of the petition, or within any longer period agreed to by the petitioner, the board shall deny the petition in writing and notify petitioner of its action and the specific grounds for the denial, or grant the petition and notify petitioner that the board will institute rule-making proceedings on the subject of the petition. Notice shall be sent by the board office to the petitioner by

regular mail or email if appropriate. Petitioner shall be deemed notified of the denial or granting of the petition on the date the board office mails the required notification to the petitioner. Copies of the petition and the document granting or denying the petition shall be sent to the administrative rules review committee.

82.4(4) Denial of a petition because it does not contain the required information does not preclude the filing of a new petition on the same subject that seeks to eliminate the grounds for the board's rejection of the petition.

[ARC 5977C, IAB 10/20/21, effective 11/24/21]

These rules are intended to implement Iowa Code chapters 17A and 89.

CHAPTER 83
DECLARATORY ORDERS BY THE BOILER AND PRESSURE VESSEL BOARD

875—83.1(17A,89) Petition for declaratory order. Any person may file at the board office a petition with the board for a declaratory order as to the applicability to specified circumstances of a statute, rule, or order within the primary jurisdiction of the board. A petition is deemed filed when it is received by that office. The board shall provide the petitioner with a file-stamped copy of the petition if the petitioner provides the board an extra copy for this purpose.

83.1(1) The required form for a petition for declaratory order is available on the board's website at iowaboilers.gov. The petition must be in writing and provide the following information where applicable and known to the petitioner:

- a.* A clear and concise statement of all relevant facts on which the order is requested.
- b.* A citation and the relevant language of the specific statutes, rules, policies, decisions, or orders whose applicability is questioned, and any other relevant law.
- c.* Clear and concise questions the petitioner wants the board to answer.
- d.* The answers to the questions desired by the petitioner and a summary of the reasons urged by the petitioner in support of those answers.
- e.* The reasons for requesting the declaratory order and disclosure of the petitioner's interest in the outcome.
- f.* A statement indicating whether the petitioner is currently a party to another proceeding involving the questions at issue and whether, to the petitioner's knowledge, those questions have been directed by, are pending determination by, or are under investigation by any governmental entity.
- g.* The names and addresses of other persons, or a description of any class of persons, known by petitioner to be affected by, or interested in, the questions in the petition.

83.1(2) The petition must be dated and signed by the petitioner or the petitioner's representative. It must also include the name, mailing address, and telephone number of the petitioner and petitioner's representative, and a statement indicating the person to whom communications concerning the petition should be directed.

[ARC 9082B, IAB 9/22/10, effective 10/27/10; ARC 0319C, IAB 9/5/12, effective 10/10/12; ARC 3635C, IAB 2/14/18, effective 3/21/18]

875—83.2(17A,89) Notice of petition. Within 15 days after receipt of a petition for a declaratory order, the board shall give notice of the petition to all persons not served by the petitioner pursuant to rule 875—83.6(17A,89) to whom notice is required by any provision of law. The board may also give notice to any other persons.

875—83.3(17A,89) Intervention.

83.3(1) A person who qualifies under any applicable provision of law as an intervenor and who files a petition for intervention within 20 days of the filing of a petition for declaratory order shall be allowed to intervene in a proceeding for a declaratory order.

83.3(2) At the board's discretion, a person who qualifies under any applicable provision of law as an intervenor and who files a petition for intervention more than 20 days after the filing of a petition for declaratory order but prior to the issuance of an order may be allowed to intervene in a proceeding for a declaratory order.

83.3(3) A petition for intervention shall be filed at the board office. Such a petition is deemed filed when it is received by that office. The board will provide the petitioner with a file-stamped copy of the petition for intervention if the petitioner provides an extra copy for this purpose.

a. A petition for intervention must be in writing and provide the following information where applicable and known to the requester:

- (1) Facts supporting the intervenor's standing and qualifications for intervention.
- (2) The answers urged by the intervenor to the question or questions presented and a summary of the reasons urged in support of those answers.
- (3) Reasons for requesting intervention and disclosure of the intervenor's interest in the outcome.

(4) A statement indicating whether the intervenor is currently a party to any proceeding involving the questions at issue and whether, to the intervenor's knowledge, those questions have been decided by, are pending determination by, or are under investigation by any governmental entity.

(5) The names and addresses of any additional persons, or a description of any additional class of persons, known by the intervenor to be affected by, or interested in, the questions presented.

(6) Whether the intervenor consents to be bound by the determination of the matters presented in the declaratory order proceeding.

b. The petition must be dated and signed by the intervenor or the intervenor's representative. It must also include the name, mailing address, and telephone number of the intervenor and intervenor's representative, and a statement indicating the person to whom communications should be directed.

[ARC 9082B, IAB 9/22/10, effective 10/27/10]

875—83.4(17A,89) Briefs. The petitioner or intervenor may file a brief in support of the position urged. The board may request a brief from the petitioner, any intervenor, or any other person concerning the questions raised in the petition.

875—83.5(17A,89) Inquiries. Inquiries concerning the status of a declaratory order may be made to the Boiler and Pressure Vessel Board, Division of Labor Services, 150 Des Moines Street, Des Moines, Iowa 50309.

[ARC 5977C, IAB 10/20/21, effective 11/24/21]

875—83.6(17A,89) Service and filing of petitions and other papers.

83.6(1) *When service required.* Except where otherwise provided by law, every petition for declaratory order, petition for intervention, brief, or other paper filed in a proceeding for a declaratory order shall be served upon each of the parties of record to the proceeding, and on all other persons identified in the petition for declaratory order or petition for intervention as affected by or interested in the questions presented, simultaneously with its filing. The party filing a document is responsible for service on all parties and other affected or interested persons.

83.6(2) *Filing—when required.* All petitions for declaratory orders, petitions for intervention, briefs, or other papers in a proceeding for a declaratory order shall be filed with the board at the board office. All petitions, briefs, or other papers that are required to be served upon a party shall be filed simultaneously with the board.

83.6(3) *Method of service, time of filing, and proof of mailing.* Method of service, time of filing, and proof of mailing shall be as provided by rules 875—84.10(17A,89) and 875—84.11(17A,89).

875—83.7(17A,89) Board review procedures.

83.7(1) Within 30 days after receipt of a petition for a declaratory order, the board shall issue a document that does one of the following:

- a.* Declares the applicability of the statute, rule or order to the specified circumstances,
- b.* Sets the matter for specific proceedings,
- c.* Agrees to issue a declaratory order by a specified time, or
- d.* Declines to issue a declaratory order and sets forth the reasons for its actions as provided in subrule 83.9(1).

83.7(2) The board may request that the petitioner submit additional information or argument concerning the petition. The board may also solicit comments on the substance of the petition from any person. Also, comments on the substance of the petition may be submitted to the board by any person.

83.7(3) The petitioner and all intervenors shall be provided a reasonable opportunity to make a presentation to the board. The length of time allotted for presentation shall be reasonable in light of the complexity and number of issues involved.

[ARC 9082B, IAB 9/22/10, effective 10/27/10]

875—83.8(17A,89) Action on petition. Rescinded IAB 9/22/10, effective 10/27/10.

875—83.9(17A,89) Refusal to issue order.

83.9(1) The board shall not issue a declaratory order where prohibited by Iowa Code section 17A.9(1) and may refuse to issue a declaratory order on some or all questions raised for the following reasons:

- a.* The petition does not provide the required information.
- b.* Rescinded IAB 9/22/10, effective 10/27/10.
- c.* The board does not have jurisdiction over the questions presented in the petition.
- d.* The questions presented by the petition are also presented in a current rule making, contested case, or other board or judicial proceeding that may definitively resolve them.
- e.* The questions presented by the petition would more properly be resolved in a different type of proceeding or by another body with jurisdiction over the matter.
- f.* The facts or questions presented in the petition are unclear, overbroad, insufficient, or otherwise inappropriate as a basis upon which to issue an order.
- g.* There is no need to issue an order because the questions raised in the petition have been settled due to a change in circumstances.
- h.* The petition is not based upon facts calculated to aid in the planning of future conduct but is, instead, based solely upon prior conduct in an effort to establish the effect of that conduct or to challenge a board decision already made.
- i.* The petition requests a declaratory order that would necessarily determine the legal rights, duties, or responsibilities of other persons who have not joined in the petition or filed a similar petition and whose position on the questions presented may fairly be presumed to be adverse to that of petitioner.
- j.* The petitioner requests the board to determine whether a statute is unconstitutional on its face.

83.9(2) A refusal to issue a declaratory order must indicate the specific grounds for the refusal and constitutes final board action on the petition.

83.9(3) Refusal to issue a declaratory order pursuant to this provision does not preclude the filing of a new petition that seeks to eliminate the grounds for refusal to issue an order.

[ARC 9082B, IAB 9/22/10, effective 10/27/10]

875—83.10(17A,89) Contents of declaratory order—effective date. In addition to the ruling itself, a declaratory order must contain the date of its issuance, the name of petitioner and all intervenors, the specific statutes, rules, policies, decisions, or orders involved, the particular facts upon which it is based, and the reasons for its conclusion. A declaratory order is effective on the date of issuance.

875—83.11(17A,89) Copies of orders. A copy of all orders issued in response to a petition for a declaratory order shall be mailed promptly to the original petitioner and all intervenors.

875—83.12(17A,89) Effect of a declaratory order. A declaratory order has the same status and binding effect as a final order in a contested case proceeding. It is binding on the board, the petitioner and any intervenors and is applicable only in circumstances where the relevant facts and the law involved are indistinguishable from those on which the order was based. As to all other persons, a declaratory order serves only as precedent and is not binding on the board. The issuance of a declaratory order constitutes final board action on the petition.

These rules are intended to implement Iowa Code chapters 17A and 89.

CHAPTER 84
CONTESTED CASES BEFORE THE BOILER AND PRESSURE VESSEL BOARD

875—84.1(17A,89) Reconsideration of inspection report. The owner or operator of a piece of equipment subject to a written inspection report may petition the commissioner for reconsideration of the report within 30 days of the issuance of the report. Failure to seek timely reconsideration of the inspection report from the commissioner shall be deemed a waiver of all appeal rights under Iowa Code subsection 89.14(6). The burden of demonstrating compliance with all applicable statutory provisions, administrative rules, and ASME code sections rests upon the petitioning owner or operator.

84.1(1) A petition for reconsideration shall be in writing and must be signed by the requesting party or a representative of that party. The required form for a petition for reconsideration is available on the board's website at iowaboilers.gov. A petition for reconsideration shall specify:

- a. The party seeking reconsideration, including mailing address and telephone number;
- b. The location of the equipment subject to the challenged inspection report;
- c. The inspection date;
- d. The inspector who issued the challenged inspection report;
- e. The specific findings or conclusions to which exception is taken;
- f. The relief sought.

84.1(2) A copy of the challenged inspection report shall be attached to the petition for reconsideration. The petitioning party shall also include all relevant documents that the petitioning party desires the commissioner to consider when evaluating the petition.

84.1(3) The commissioner or a designee of the commissioner is authorized to seek additional information relating to a petition for reconsideration from the petitioning party or any other entity possessing information the commissioner deems relevant to the petition. This subrule, however, does not impose any responsibility or duty on the commissioner to discover documents or other information that was not submitted with the petition for reconsideration.

84.1(4) Any petition for reconsideration that is not received by the office of the commissioner within 30 days of the issuance of the challenged inspection report shall be deemed untimely and will not be considered by the commissioner.

84.1(5) The commissioner shall not consider any request for waiver or variance of an administrative rule made as part of a petition for reconsideration. Requests for waivers or variances of administrative rules may only be made to the board pursuant to the provisions of 875—Chapter 81.

84.1(6) The commissioner shall issue a written ruling on the petition for reconsideration. In ruling on a petition for reconsideration, the commissioner may:

- a. Affirm the inspection report as issued;
- b. Issue an amended inspection report;
- c. Rescind the inspection report;
- d. Deny the petition as untimely.

84.1(7) Any petition for reconsideration that is not ruled upon by the commissioner within 20 days of receipt by the office of the commissioner shall be deemed denied by the commissioner and the challenged inspection report shall be considered affirmed as issued.

[ARC 9082B, IAB 9/22/10, effective 10/27/10; ARC 3635C, IAB 2/14/18, effective 3/21/18]

875—84.2(17A,89) Appeal to the board. The commissioner's ruling on a petition for reconsideration or the commissioner's deemed denial of a petition for reconsideration may be appealed to the board. An appeal must be filed in writing with the board within 30 calendar days of the earlier of either the issuance of the commissioner's written ruling on a petition for reconsideration or the commissioner's deemed denial of a petition for reconsideration. At a minimum, an appeal shall include a short and concise statement of the basis for the appeal. The required form for an appeal is available on the board's website at iowaboilers.gov. Consideration of an appeal of a ruling on a petition for reconsideration shall be a contested case proceeding subject to the provisions of Iowa Code chapter 17A. The commissioner

shall have an automatic right of intervention in any appeal of the ruling on petition for reconsideration and shall defend the ruling in a contested case proceeding.

[ARC 9082B, IAB 9/22/10, effective 10/27/10; ARC 3903C, IAB 7/18/18, effective 9/1/18]

875—84.3(17A,89) Informal review. If the appellant requests an informal review and the commissioner does not object, the board may conduct an informal review of the facts and circumstances subject to the provisions of this rule.

84.3(1) In order to preserve the ability of board members to participate in decision making, parties who desire participation in an informal review must therefore waive their right to seek disqualification of a board member based solely on the board member's participation in the informal review. Parties would not be waiving their right to seek disqualification on any other ground. By electing to participate in informal review, a party accordingly agrees that a participating board member is not disqualified from acting as a presiding officer in a later contested case proceeding.

84.3(2) The board may propose a preliminary order at the time of informal review. If a party does not consent to the preliminary order, a party must submit a request to proceed with formal contested case proceedings, including hearing, within ten days of the informal review.

84.3(3) Rules 875—84.4(17A,89) through 875—84.31(17A,89) do not apply during informal review.

[ARC 9082B, IAB 9/22/10, effective 10/27/10]

875—84.4(17A,89) Delivery of notice. Delivery of the notice of hearing by the board constitutes the commencement of a contested case proceeding. Delivery may be executed by regular mail. The notice shall be delivered to the appellant, the appellant's attorney, if known, and the commissioner.

875—84.5(17A,89) Contents of notice. The notice of hearing shall contain a statement of the time, place, and nature of the hearing. The notice shall contain a short and plain statement of the matters asserted. If the board is unable to state the matters in detail at the time the notice is served, the initial notice may be limited to a statement of the issues involved. Thereafter, upon application, a more definite and detailed statement shall be furnished. The notice shall contain a statement that it is the appellant's burden on appeal to prove compliance with all applicable statutory provisions, administrative rules, and ASME code sections. The notice shall also contain a reference to the applicable statute and rules.

875—84.6(17A,89) Scope of issues. Only those issues raised before the commissioner in the petition for reconsideration will be considered preserved for appeal to the board.

875—84.7(17A,89) File transmitted to the board. Upon receipt of a notice of hearing issued by the board, the commissioner shall within 30 days forward to the board and all parties of record to the appeal copies of the challenged inspection report, the appellant's petition for reconsideration and all supporting documents, all other documents collected by the commissioner in ruling on the petition for reconsideration, and the commissioner's ruling on the petition for reconsideration.

875—84.8(17A,89) Legal representation. Any private party to a contested case shall be entitled to legal representation at the discretion and expense of that party.

875—84.9(17A,89) Presiding officer.

84.9(1) The presiding officer in all contested cases shall be the board, a panel of board members, or an administrative law judge assigned by the department of inspections and appeals. When board members act as presiding officer, they shall conduct the hearing and issue either a final decision or, if a quorum of the board is not present, a proposed decision. As provided in subrule 84.9(4), the board may be assisted by an administrative law judge when the board acts as presiding officer.

84.9(2) Any party to a contested case that wishes to request that the presiding officer assigned to render a proposed decision be an administrative law judge employed by the department of inspections and appeals must file a written request within 20 days after service of a notice of hearing which identifies

the presiding officer as the board. The board may deny the request only upon a finding that one or more of the following apply:

- a. Neither the board nor any officer of the board under whose authority the contested case is to take place is a named party to the proceeding or a real party in interest to that proceeding.
- b. There is a compelling need to expedite issuance of a final decision in order to protect the public health, safety, or welfare.
- c. The case involves significant policy issues of first impression that are inextricably intertwined with the factual issues presented.
- d. The demeanor of the witnesses is likely to be dispositive in resolving the disputed factual issues.
- e. Funds are unavailable to pay the costs of an administrative law judge and an interboard appeal.
- f. The request was not timely filed.
- g. The request is not consistent with a specified statute.

84.9(3) The board shall issue a written ruling specifying the grounds for its decision within 20 days after a request for an administrative law judge is filed. If the ruling is granted, the administrative law judge assigned to act as presiding officer and to issue a proposed decision in a contested case shall have a J.D. degree unless this requirement is waived by the board.

84.9(4) The board or a panel of board members when acting as presiding officer may request that an administrative law judge perform certain functions as an aid to the board or board panel, such as ruling on prehearing motions, conducting the prehearing conference, ruling on evidentiary objections at hearing, assisting in deliberations, or drafting the written decision for review by the board or board panel.

84.9(5) All rulings by an administrative law judge who acts either as presiding officer or assistant to the board are subject to appeal to the board pursuant to rules 875—84.26(17A,89) and 875—84.27(17A,89). A party must timely seek intra-agency appeal of prehearing rulings or proposed decisions in order to exhaust adequate administrative remedies. While a party may seek immediate board or board panel review of rulings made by an administrative law judge when sitting with and acting as an aid to the board or board panel during a hearing, such immediate review is not required to preserve error for judicial review.

84.9(6) Unless otherwise provided by law, when reviewing a proposed decision of a panel of the board or an administrative law judge, board members shall have the powers of and shall comply with the provisions of this chapter that apply to presiding officers.

875—84.10(17A,89) Service and filing.

84.10(1) *Service—when required.* Except where otherwise provided by law, when a document is filed in a contested case proceeding, it shall be served upon each of the parties of record. Except for the original notice of hearing and an application for rehearing as provided in Iowa Code section 17A.16, subsection 2, the party filing a document is responsible for service on all parties.

84.10(2) *Service—how made.* Service upon a party represented by an attorney shall be made upon the attorney unless otherwise ordered. Service is made by personal delivery or by mailing a copy to the person's last-known address. Service by mail is complete upon mailing, except where otherwise specifically provided by statute, rule, or order.

84.10(3) *Filing—when required.* After the notice of hearing, all documents in a contested case proceeding shall be filed with the board office. All documents that are required to be served upon a party shall be filed simultaneously with the board.

84.10(4) *Filing—when made.* Except where otherwise provided by law, a document is deemed filed at the time it is delivered to the board at the location set forth in rule 875—80.5(89), delivered to an established courier service for immediate delivery to that office, or mailed by first-class mail or state interoffice mail to that office, so long as there is proof of mailing.

84.10(5) *Proof of mailing.* Proof of mailing includes either:

- a. A legible United States Postal Service postmark on the envelope;
- b. A certified mail return receipt;
- c. A notarized affidavit; or
- d. A certification in substantially the following form:

I certify under penalty of perjury and pursuant to the laws of Iowa that, on (date of mailing), I mailed copies of (describe document) addressed to the Boiler and Pressure Vessel Board, Department of Workforce Development, Division of Labor Services, 150 Des Moines Street, Des Moines, Iowa 50309, and to the names and addresses of the parties listed below by depositing the same in a United States post office mailbox with correct postage properly affixed.

875—84.11(17A,89) Time requirements.

84.11(1) Time shall be computed as provided in Iowa Code subsection 4.1(34).

84.11(2) For good cause, the presiding officer may extend or shorten the time to take any action, except as precluded by statute. Except for good cause stated in the record, before extending or shortening the time to take any action, the presiding officer shall afford all parties an opportunity to be heard or to file written arguments.

875—84.12(17A,89) Waiver of procedures. Unless otherwise precluded by law, the parties in a contested case proceeding may waive any provision of this chapter. However, the board in its discretion may refuse to give effect to such a waiver when the board deems the waiver to be inconsistent with the public interest.

875—84.13(17A,89) Telephone and electronic proceedings. The presiding officer may, on the officer's own motion or as requested by a party, order hearings or argument to be held by telephone conference or other electronic means in which all parties have an opportunity to participate. The presiding officer will determine the location of the parties and witnesses for telephone or other electronic hearings. The convenience of the witnesses or parties, as well as the nature of the case, will be considered when location is chosen. Parties shall disclose at or before the prehearing conference if any witness will be testifying by telephone. Any objections shall be filed with the board and served on all parties at least three business days in advance of hearing.

875—84.14(17A,89) Disqualification.

84.14(1) A presiding officer or other person shall withdraw from participation in the making of any proposed or final decision in a contested case if that person:

- a. Has a personal bias or prejudice concerning a party or a representative of a party;
- b. Has personally investigated, prosecuted or advocated in connection with that case, the specific controversy underlying that case, another pending factually related contested case, or a pending factually related controversy that may culminate in a contested case involving the same parties;
- c. Is subject to the authority, direction or discretion of any person who has personally investigated, prosecuted or advocated, in connection with that contested case, the specific controversy underlying that contested case, or a pending factually related contested case or controversy involving the same parties;
- d. Has acted as counsel to any person who is a private party to that proceeding within the past two years;
- e. Has a personal financial interest in the outcome of the case or any other significant personal interest that could be substantially affected by the outcome of the case;
- f. Has a spouse or relative within the third degree of relationship that (1) is a party to the case, or an officer, director or trustee of a party; (2) is a lawyer in the case; (3) is known to have an interest that could be substantially affected by the outcome of the case; or (4) is likely to be a material witness in the case; or
- g. Has any other legally sufficient cause to withdraw from participation in the decision making in that case.

84.14(2) The term “personally investigated” means taking affirmative steps to interview witnesses directly or to obtain documents or other information directly. The term “personally investigated” does

not include general direction and supervision of assigned investigators, unsolicited receipt of information which is relayed to assigned investigators, review of another person's investigative work product in the course of determining whether there is probable cause to initiate a proceeding, or exposure to factual information while performing other board functions, including fact gathering for purposes other than investigation of the matter which culminates in a contested case. Factual information relevant to the merits of a contested case received by a person who later serves as presiding officer in that case shall be disclosed if required by Iowa Code section 17A.17(3) and subrule 84.25(7).

84.14(3) In a situation where a presiding officer or other person knows of information which might reasonably be deemed to be a basis for disqualification and decides voluntary withdrawal is unnecessary, that person shall submit the relevant information for the record by affidavit and shall provide for the record a statement of the reasons for the determination that withdrawal is unnecessary.

84.14(4) If a party asserts disqualification on any appropriate ground, including those listed in subrule 84.14(1), the party shall file a motion supported by an affidavit pursuant to Iowa Code section 17A.17(7). The motion must be filed as soon as practicable after the reason alleged in the motion becomes known to the party.

84.14(5) If, during the course of the hearing, a party first becomes aware of evidence of bias or other grounds for disqualification, the party may move for disqualification but must establish the grounds by the introduction of evidence into the record.

84.14(6) If the presiding officer determines that disqualification is appropriate, the presiding officer or other person shall withdraw. If the presiding officer determines that withdrawal is not required, the presiding officer shall enter an order to that effect. A party asserting disqualification may seek an interlocutory appeal under rule 875—84.26(17A,89) and seek a stay under rule 875—84.30(17A,89).

875—84.15(17A,89) Consolidation and severance.

84.15(1) *Consolidation.* The presiding officer may consolidate any or all matters at issue in two or more contested case proceedings where:

- a. The matters at issue involve common parties or common questions of fact or law;
- b. Consolidation would expedite and simplify consideration of the issues involved; and
- c. Consolidation would not adversely affect the rights of any of the parties to those proceedings.

84.15(2) *Severance.* The presiding officer may, for good cause shown, order any contested case proceedings or portions thereof severed.

875—84.16(17A,89) Discovery.

84.16(1) Pursuant to Iowa Code chapter 17A, discovery procedures applicable in civil actions are applicable in contested cases. Unless lengthened or shortened by these rules or by order of the presiding officer, time periods for compliance with discovery shall be as provided in the Iowa Rules of Civil Procedure.

84.16(2) Any motion relating to discovery shall allege that the moving party has previously made a good-faith attempt to resolve with the opposing party the discovery issues involved. Motions in regard to discovery shall be ruled upon by the presiding officer. Opposing parties shall be afforded the opportunity to respond within ten days of the filing of the motion unless the time is shortened by order of the presiding officer. The presiding officer may rule on the basis of the written motion and any response, or may order argument on the motion.

875—84.17(17A,89) Subpoenas in a contested case. Pursuant to Iowa Code section 17A.13, subsection 1, the board or the presiding officer acting on behalf of the board has the authority to issue subpoenas to compel the attendance of witnesses at depositions or hearings and to compel the production of professional records, books, papers, correspondence and other records which are deemed necessary as evidence in connection with a contested case. A subpoena issued in a contested case under the board's authority may seek evidence whether or not privileged or confidential under law.

84.17(1) Upon the written request of a party, the presiding officer shall issue a subpoena to compel the attendance of witnesses or to obtain evidence which is deemed necessary in connection with a

contested case. A command to produce evidence may be joined with a command to appear at deposition or hearing or may be issued separately.

84.17(2) A request for a subpoena shall include the following information, as applicable:

a. The name, address and telephone number of the person requesting the subpoena;
b. The name and address of the person to whom the subpoena shall be directed;
c. The date, time and location at which the person shall be commanded to attend and give testimony;

d. Whether the testimony is requested in connection with a deposition or hearing;

e. A description of the books, papers, records or other evidence requested;

f. The date, time and location for production, or inspection and copying.

84.17(3) Each subpoena shall contain, as applicable:

a. The caption of the case;

b. The name, address and telephone number of the person who requested the subpoena;

c. The name and address of the person to whom the subpoena is directed;

d. The date, time and location at which the person is commanded to appear;

e. Whether the testimony is commanded in connection with a deposition or hearing;

f. A description of the books, papers, records or other evidence the person is commanded to produce;

g. The date, time and location for production, or inspection and copying;

h. The time within which a motion to quash or modify the subpoena must be filed;

i. The signature, address and telephone number of the presiding officer;

j. The date of issuance;

k. A return of service attached to the subpoena.

84.17(4) The presiding officer shall mail or otherwise provide copies of all subpoenas to the parties to the contested case. The person who requested the subpoena is responsible for serving the subpoena upon the subject of the subpoena.

84.17(5) Any person who is aggrieved or adversely affected by compliance with the subpoena or any party to the contested case who desires to challenge the subpoena must, within 14 days after service of the subpoena, or before the time specified for compliance if such time is less than 14 days, file with the board a motion to quash or modify the subpoena. The motion shall describe the legal reasons why the subpoena should be quashed or modified, and may be accompanied by legal briefs or factual affidavits.

84.17(6) Upon receipt of a timely motion to quash or modify a subpoena, the board chairperson shall request an administrative law judge to hold a hearing and issue a decision. Oral argument may be scheduled at the discretion of the board or the administrative law judge. The administrative law judge may quash or modify the subpoena or deny the motion.

84.17(7) A person who is aggrieved by a ruling of an administrative law judge and who desires to challenge that ruling must appeal the ruling to the board by serving on the board, either in person or by certified mail, a notice of appeal within ten days after service of the decision of the administrative law judge. If the decision of the administrative law judge to quash or modify the subpoena or to deny the motion to quash or modify the subpoena is appealed to the board, the board may uphold or overturn the decision of the administrative law judge.

84.17(8) If the person contesting the subpoena is not the party whose appeal is the subject of the contested case, the board's decision is final for purposes of judicial review. If the person contesting the subpoena is the party whose appeal is the subject of the contested case, the board's decision is not final for purposes of judicial review until there is a final decision in the contested case.

[ARC 9082B, IAB 9/22/10, effective 10/27/10]

875—84.18(17A,89) Motions.

84.18(1) No technical form for motions is required. However, prehearing motions must be in writing, state the grounds for relief, and state the relief sought.

84.18(2) Any party may file a written response to a motion within ten days after the motion is served, unless the time period is extended or shortened by rules of the board or the presiding officer.

The presiding officer may consider a failure to respond within the required time period in ruling on a motion.

84.18(3) The presiding officer may schedule oral argument on any motion.

84.18(4) Motions pertaining to the hearing, except motions for summary judgment, must be filed and served at least ten days prior to the date of hearing unless there is good cause for permitting later action or the time for such action is lengthened or shortened by rule of the board or an order of the presiding officer.

84.18(5) Motions for summary judgment shall comply with the requirements of Iowa Rule of Civil Procedure 1.981 and shall be subject to disposition according to the requirements of that rule to the extent such requirements are not inconsistent with the provisions of this rule or any other provision of law governing the procedure in contested cases. Motions for summary judgment must be filed and served at least 45 days prior to the scheduled hearing date, or other time period determined by the presiding officer. Any party resisting the motion shall file and serve a resistance within 15 days, unless otherwise ordered by the presiding officer, from the date a copy of the motion was served. The time fixed for hearing or nonoral submission shall be not less than 20 days after the filing of the motion, unless a shorter time is ordered by the presiding officer. A summary judgment order rendered on all issues in a contested case is subject to rehearing pursuant to rule 875—84.29(17A,89) and appeal pursuant to subrule 84.27(3).

875—84.19(17A,89) Settlements. A contested case may be resolved by informal settlement, and settlements are encouraged. Settlement negotiations may be initiated at any stage of a contested case by any party. The board shall not be involved in negotiation until a written proposed settlement is submitted for approval, unless the parties waive this prohibition.

875—84.20(17A,89) Prehearing conference.

84.20(1) Any party may request a prehearing conference. A written request for prehearing conference or an order for prehearing conference on the presiding officer's own motion shall be filed not less than seven days prior to the hearing date. A prehearing conference shall be scheduled not less than three business days prior to the hearing date. Written notice of the prehearing conference shall be given by the presiding officer to all parties. For good cause, the presiding officer may permit variances from this rule.

84.20(2) Each party shall bring to the prehearing conference:

a. A final list of the witnesses who the party anticipates will testify at hearing. Witnesses not listed may be excluded from testifying unless there was good cause for the failure to include their names.

b. A final list of exhibits which the party anticipates will be introduced at hearing. Exhibits other than rebuttal exhibits that are not listed may be excluded from admission into evidence unless there was good cause for the failure to include them.

c. Witness or exhibit lists may be amended subsequent to the prehearing conference within the time limits established by the presiding officer at the prehearing conference. Any such amendments must be served on all parties.

84.20(3) In addition to the requirements of subrule 84.20(2), the parties at a prehearing conference may:

a. Enter into stipulations of law or fact;

b. Enter into stipulations on the admissibility of exhibits;

c. Identify matters that the parties intend to request be officially noticed;

d. Enter into stipulations for waiver of any provision of law; and

e. Consider any additional matters that will expedite the hearing.

84.20(4) Prehearing conferences shall be conducted by telephone unless otherwise ordered. Parties shall exchange and receive witness and exhibit lists in advance of a telephone prehearing conference.

875—84.21(17A,89) Continuances. Unless otherwise provided, applications for continuances shall be made to the presiding officer.

84.21(1) A written application for a continuance shall:

- a.* Be made at the earliest possible time and no less than seven days before the hearing except in case of unanticipated emergencies;
- b.* State the specific reasons for the request; and
- c.* Be signed by the requesting party or the party's representative.

An oral application for a continuance may be made if the presiding officer waives the requirement for a written motion. However, a party making such an oral application for a continuance must confirm that request by written application within five days after the oral request unless that requirement is waived by the presiding officer. No application for continuance shall be made or granted without notice to all parties except in an emergency where notice is not feasible. The presiding officer may waive notice of such requests for a particular case or an entire class of cases.

84.21(2) In determining whether to grant a continuance, the presiding officer may consider:

- a.* Prior continuances;
- b.* The interests of all parties;
- c.* The likelihood of informal settlement;
- d.* The existence of an emergency;
- e.* Any objection;
- f.* Any applicable time requirements;
- g.* The existence of a conflict in the schedules of counsel, parties, or witnesses;
- h.* The timeliness of the request; and
- i.* Other relevant factors.

The presiding officer may require documentation of any grounds for continuance.

875—84.22(17A,89) Withdrawals. A party requesting a contested case proceeding may withdraw that request prior to the hearing. Unless otherwise provided, a withdrawal shall be with prejudice.

875—84.23(17A,89) Hearing procedures.

84.23(1) The presiding officer shall have the authority to administer oaths, to admit or exclude testimony or other evidence, and to rule on all motions and objections.

84.23(2) All objections shall be timely made and stated on the record.

84.23(3) Parties have the right to participate or to be represented in all hearings or prehearing conferences related to their case. Any party may be represented by an attorney at the party's own expense.

84.23(4) Subject to terms and conditions prescribed by the presiding officer, parties have the right to introduce evidence on issues of material fact, cross-examine witnesses present at the hearing as necessary for a full and true disclosure of the facts, present evidence in rebuttal, and submit briefs and engage in oral argument.

84.23(5) The presiding officer shall maintain the decorum of the hearing and may refuse to admit or may expel anyone whose conduct is disorderly.

84.23(6) Witnesses may be sequestered during the hearing.

84.23(7) The presiding officer shall conduct the hearing in the following manner:

- a.* The presiding officer shall give an opening statement briefly describing the nature of the proceedings.
- b.* The parties shall be given an opportunity to present opening statements.
- c.* The parties shall present their cases in the sequence determined by the presiding officer.
- d.* Each witness shall be sworn or affirmed by the presiding officer or the court reporter, and be subject to examination and cross-examination. The presiding officer may limit questioning in a manner consistent with law.
- e.* When all parties and witnesses have been heard, the parties may be given the opportunity to present final arguments.
- f.* The presiding officer may enter a default judgment against a party who fails to appear at the hearing.

84.23(8) The presiding officer has the right to question a witness. Examination of witnesses by the presiding officer is subject to properly raised objections.

84.23(9) The hearing shall be open to the public, except as otherwise provided by law.

84.23(10) Oral proceedings shall be electronically recorded. Upon request, the board shall provide a copy of the whole or any portion of the audio recording at a reasonable cost. A certified shorthand reporter may be engaged to record the proceeding at the request of a party and at the expense of the party making the request. A transcription of the record of the hearing shall be made at the request of either party at the expense of the party making the request. The parties may agree to divide the cost of the transcription. A record of the proceedings, which may be either the original recording, a copy, or a transcript, shall be retained by the board for five years after the resolution of the case.

84.23(11) Default.

a. If no continuance was granted and a party fails to appear or participate in a contested case proceeding after proper service of notice, the presiding officer may enter a default decision or proceed with the hearing and render a decision in the absence of the party.

b. Where appropriate and not contrary to law, any party may move for default against a party who has requested the contested case proceeding and has failed to file a required pleading or has failed to appear after proper service.

c. Default decisions or decisions rendered on the merits after a party has failed to appear or participate in a contested case proceeding become final board action unless, within 15 days after the date of notification or mailing of the decision, a motion to vacate is filed and served on all parties or an appeal of a decision on the merits is timely initiated within the time provided by subrule 84.27(3). A motion to vacate must state all facts relied upon by the moving party which establish that good cause existed for that party's failure to appear or participate at the contested case proceeding. Each fact so stated must be substantiated by at least one attached, sworn affidavit of a person with personal knowledge of the fact.

d. The time for further appeal of a decision for which a timely motion to vacate has been filed is stayed pending a decision on the motion to vacate.

e. Properly substantiated and timely filed motions to vacate shall be granted only for good cause shown. The burden of proof as to good cause is on the moving party. Adverse parties shall have ten days to respond to a motion to vacate. Adverse parties shall be allowed to conduct discovery as to the issue of good cause and to present evidence on the issue prior to a decision on the motion, if a request to do so is included in that party's response.

f. "Good cause" for purposes of this rule shall have the same meaning as "good cause" for setting aside a default judgment under Iowa Rule of Civil Procedure 1.977.

g. A decision denying a motion to vacate is subject to further appeal within the time limit allowed for further appeal of a decision on the merits in the contested case proceeding.

h. If a motion to vacate is granted and no timely interlocutory appeal has been taken, the presiding officer shall issue another notice of hearing and the contested case shall proceed accordingly.

i. A default decision may award any relief consistent with the request for relief made in the petition and embraced in its issues but, unless the defaulting party has appeared, it cannot exceed the relief demanded.

[ARC 9082B, IAB 9/22/10, effective 10/27/10]

875—84.24(17A,89) Evidence.

84.24(1) The presiding officer shall rule on admissibility of evidence and may, where appropriate, take official notice of facts in accordance with all applicable requirements of law.

84.24(2) Stipulation of facts is encouraged. The presiding officer may make a decision based on stipulated facts.

84.24(3) Evidence in the proceeding shall be confined to the contested issues as identified in the notice of hearing.

84.24(4) The party seeking admission of an exhibit must provide opposing parties with an opportunity to examine the exhibit prior to the ruling on its admissibility. Copies of documents should

normally be provided to opposing parties. All exhibits admitted into evidence shall be appropriately marked and be made part of the record.

84.24(5) Any party may object to specific evidence or may request limits on the scope of any examination or cross-examination. Such an objection shall be accompanied by a brief statement of the grounds upon which it is based. The objection, the ruling on the objection, and the reasons for the ruling shall be noted in the record. The presiding officer may rule on the objection at the time it is made or may reserve a ruling until the written decision.

84.24(6) Whenever evidence is ruled inadmissible, the party offering that evidence may submit an offer of proof on the record. The party making the offer of proof for excluded oral testimony shall briefly summarize the testimony or, with permission of the presiding officer, present the testimony. If the excluded evidence consists of a document or exhibit, it shall be marked as part of an offer of proof and inserted in the record.

875—84.25(17A,89) Ex parte communication.

84.25(1) Prohibited communications. Unless required for the disposition of ex parte matters specifically authorized by statute, following issuance of the notice of hearing, there shall be no communication, directly or indirectly, between the presiding officer and any party or representative of any party or any other person with a direct or indirect interest in such case in connection with any issue of fact or law in the case except upon notice and opportunity for all parties to participate. Nothing in this rule is intended to preclude board members from communicating with other board members or members of the board staff, other than those with a personal interest in, or those engaged in personally investigating, prosecuting, or advocating in, either the case under consideration or a pending factually related case involving the same parties, as long as those persons do not directly or indirectly communicate to the presiding officer any ex parte communications they have received of a type that the presiding officer would be prohibited from receiving or that furnish, augment, diminish, or modify the evidence in the record.

84.25(2) Prohibitions on ex parte communications commence with the issuance of the notice of hearing in a contested case and continue for as long as the case is pending before the board.

84.25(3) Written, oral or other forms of communication are “ex parte” if made without notice and opportunity for all parties to participate.

84.25(4) To avoid prohibited ex parte communications, notice must be given in a manner reasonably calculated to give all parties a fair opportunity to participate. Notice of written communications shall be provided and may be supplemented by telephone, facsimile, electronic mail or other means of notification. Where permitted, oral communications may be initiated through conference telephone call including all parties or their representatives.

84.25(5) Persons who jointly act as presiding officer in a pending contested case may communicate with each other without notice or opportunity for parties to participate.

84.25(6) Communications with the presiding officer involving uncontested scheduling or procedural matters do not require notice or opportunity for parties to participate. Parties should notify other parties prior to initiating such contact with the presiding officer when feasible, and shall notify other parties when seeking to continue hearings or other deadlines.

a. If the presiding officer determines that disqualification is warranted, the following shall be submitted for inclusion in the record under each seal by protective order:

- (1) A copy of any prohibited written communication,
- (2) All written responses to the communication,
- (3) A written summary stating the substance of any prohibited oral or other communication not available in written form and all responses made, and
- (4) The identity of each person from whom the presiding officer received a prohibited ex parte communication.

b. If the presiding officer determines that disqualification is not warranted, such documents shall be submitted for inclusion in the record and served on all parties. Any party desiring to rebut the prohibited

communication must be allowed the opportunity to do so upon written request filed within ten days after notice of the communication.

84.25(7) Promptly after being assigned to serve as presiding officer at any stage in a contested case proceeding, a presiding officer shall disclose to all parties material factual information received through ex parte communication prior to such assignment, unless the factual information has already been or shortly will be disclosed pursuant to Iowa Code section 17A.13, subsection 2, or through discovery. Factual information contained in an investigative report or similar document need not be separately disclosed by the presiding officer as long as such documents have been or will shortly be provided to the parties.

84.25(8) The presiding officer may render a proposed or final decision imposing appropriate sanctions for violations of this rule. Violation of ex parte communication prohibitions by staff shall be reported to the board and to the commissioner.

[ARC 9082B, IAB 9/22/10, effective 10/27/10]

875—84.26(17A,89) Interlocutory appeals. Upon written request of a party or on its own motion, the board may review an interlocutory order of the administrative law judge, such as a ruling on a motion to quash a subpoena or other prehearing motion. In determining whether to do so, the board shall weigh the extent to which its granting the interlocutory appeal would expedite final resolution of the case and the extent to which review of the interlocutory order at the time of the issuance of a final decision would provide an adequate remedy. Any request for interlocutory review must be filed within 14 days of issuance of the challenged order, but no later than the date for compliance with the order or the date of hearing, whichever is earlier.

875—84.27(17A,89) Decisions.

84.27(1) Proposed decision. Decisions issued by a panel of less than a quorum of the board or by an administrative law judge are proposed decisions. A proposed decision issued by a panel of the board or an administrative law judge becomes a final decision if not timely appealed by any party or reviewed by the board.

84.27(2) Final decision. When a quorum of the board presides over the reception of evidence at the hearing, the decision is a final decision. A copy of the final decision and order shall immediately be sent by certified mail to the appellant's last-known post office address or may be served as in the manner of original notices. Copies shall be mailed by interoffice mail or first-class mail to the counsel of record.

84.27(3) Appeals and review.

a. Appeal by party. Any adversely affected party may appeal a proposed decision to the board within 30 days after issuance of the proposed decision.

b. Review. The board may initiate review of a proposed decision on its own motion at any time within 30 days following the issuance of such a decision.

c. Notice of appeal. An appeal of a proposed decision is initiated by filing a timely notice of appeal with the board. The notice of appeal must be signed by the appealing party or a representative of that party and contain a certificate of service. The notice shall specify:

- (1) The parties initiating the appeal;
- (2) The proposed decision or order appealed from;
- (3) The specific findings or conclusions to which exception is taken and any other exceptions to the decision or order;
- (4) The relief sought;
- (5) The grounds for relief.

d. Requests to present additional evidence. A party may request the taking of additional evidence only by establishing that the evidence is material, that good cause existed for the failure to present the evidence at the hearing, and that the party has not waived the right to present the evidence. A written request to present additional evidence must be filed with the notice of appeal or, by a nonappealing party, within 14 days of service of the notice of appeal. The board may remand a case to the presiding officer for further hearing or may itself preside at the taking of additional evidence.

e. Scheduling. The board shall issue a schedule for consideration of the appeal.

f. Briefs and arguments. Unless otherwise ordered, within 20 days of the notice of appeal or order for review, each appealing party may file exceptions and briefs. Within 20 days thereafter, any party may file a responsive brief. Briefs shall cite any applicable legal authority and specify relevant portions of the record in that proceeding. Written requests to present oral argument shall be filed with the briefs.

The board may resolve the appeal on the briefs or provide an opportunity for oral argument. The board may shorten or extend the briefing period as appropriate.

g. Record. The record on appeal or review shall be the entire record made before the hearing panel or administrative law judge.

875—84.28(17A,89) Contested cases with no factual disputes. If the parties agree that no dispute of material fact exists as to a matter that would be a contested case if such a dispute of fact existed, the parties may present all relevant admissible evidence either by stipulation or otherwise as agreed by the parties without necessity for the production of evidence at an evidentiary hearing. If such agreement is reached, a jointly submitted schedule detailing the method and timetable for submission of the record, briefs and oral argument should be submitted to the presiding officer for approval as soon as practicable. If the parties cannot agree, any party may file and serve a motion for summary judgment pursuant to the rules governing such motions.

875—84.29(17A,89) Applications for rehearing.

84.29(1) *By whom filed.* Any party to a contested case proceeding may file an application for rehearing from a final order.

84.29(2) *Content of application.* The application for rehearing shall state on whose behalf it is filed, the specific grounds for rehearing, and the relief sought.

84.29(3) *Time of filing.* The application shall be filed with the board within 20 days after issuance of the final decision.

84.29(4) *Notice to other parties.* A copy of the application shall be timely mailed by the applicant to all parties of record not joining therein.

84.29(5) *Disposition.* The board may meet telephonically to consider an application for rehearing. Any application for a rehearing shall be deemed denied unless the board grants the application within 20 days after its filing.

875—84.30(17A,89) Stays of board actions.

84.30(1) *When available.*

a. Any party to a contested case proceeding may petition the board for a stay of an order issued in that proceeding or for other temporary remedies, pending review by the board. The petition shall be filed with the notice of appeal and shall state the reasons justifying a stay or other temporary remedy. The board may rule on the stay or authorize the administrative law judge to do so.

b. Any party to a contested case proceeding may petition the board for a stay or other temporary remedies, pending judicial review of all or part of that proceeding. The petition shall state the reasons justifying a stay or other temporary remedy.

84.30(2) *When granted.* In determining whether to grant a stay, the presiding officer or board shall consider the factors listed in Iowa Code section 17A.19(5) “c.”

84.30(3) *Vacation.* A stay may be vacated by the issuing authority upon application of the board or any other party.

875—84.31(17A,89) Judicial review. Judicial review of the board’s decision may be sought in accordance with the terms of Iowa Code chapter 17A.

84.31(1) Consistent with Iowa Code section 17A.19(3), if a party does not file a timely application for rehearing, a judicial review petition must be filed with the district court within 30 days after the issuance of the board’s final decision. The board’s final decision is deemed issued on the date it is mailed or the date of delivery if service is by other means, unless another date is specified in the order.

84.31(2) If a party does file a timely application for rehearing, a judicial review petition must be filed with the district court within 30 days after the application for rehearing is denied or deemed denied. An application for rehearing is denied or deemed denied as provided in subrule 84.29(5).

These rules are intended to implement Iowa Code chapters 17A and 89.

CHAPTER 85
PUBLIC RECORDS AND FAIR INFORMATION PRACTICES
OF THE BOILER AND PRESSURE VESSEL BOARD

875—85.1(22,89) Definitions. As used in this chapter:

“*Confidential record*” in these rules means a record which is not available as a matter of right for examination and copying by members of the public under applicable provisions of law. Confidential records include records or information contained in records that the board is prohibited by law from making available for examination by members of the public, and records or information contained in records that are specified as confidential by Iowa Code section 22.7, or other provision of law, but that may be disclosed upon order of a court, by the lawful custodian of the record, or by another person duly authorized to release the record. Mere inclusion in a record of information declared confidential by an applicable provision of law does not necessarily make that entire record a confidential record.

“*Custodian*” in these rules means the boiler and pressure vessel board.

“*Personally identifiable information*” in these rules means information about or pertaining to an individual in a record which identifies the individual and which is contained in a record system.

“*Record*” in these rules means the whole or a part of a “public record,” as defined in Iowa Code section 22.1, that is owned by or in the physical possession of the board.

“*Record system*” in these rules means any group of records under the control of the board from which a record may be retrieved by a personal identifier such as the name of an individual, number, symbol, or other unique retriever assigned to an individual.

[ARC 9082B, IAB 9/22/10, effective 10/27/10]

875—85.2(22,89) Statement of policy. The purpose of this chapter is to facilitate broad public access to open records and sound board determinations with respect to the handling of confidential records and the implementation of the fair information practices Act. The board is committed to the policies set forth in Iowa Code chapter 22; the board shall cooperate with members of the public in implementing the provisions of that chapter.

[ARC 9082B, IAB 9/22/10, effective 10/27/10]

875—85.3(22,89) Requests for access to records.

85.3(1) Address. The board’s address is Boiler and Pressure Vessel Board, Department of Workforce Development, Division of Labor Services, 150 Des Moines Street, Des Moines, Iowa 50309.

85.3(2) Office hours. Open records shall be made available during all customary office hours, which are 8 a.m. to 4:30 p.m., Monday through Friday, excluding state holidays.

85.3(3) Request for access. Requests for access to open records may be made in writing, in person, by facsimile, email, or other electronic means, or by telephone. Requests shall identify the particular records sought by name or description in order to facilitate the location of the record. Mail, electronic, or telephone requests shall include the name, address, and telephone number of the person requesting the information to facilitate the board’s response. A person shall not be required to give a reason for requesting an open record.

85.3(4) Response to requests. Access to an open record shall be provided promptly upon request unless the size or nature of the request makes prompt access infeasible. If the size or nature of the request for access to an open record requires time for compliance, the custodian shall comply with the request as soon as feasible. Access to an open record may be delayed for one of the purposes authorized by Iowa Code section 22.8(4) or 22.10(4). The custodian shall promptly give notice to the requester of the reason for any delay in access to an open record and an estimate of the length of that delay and, upon request, shall promptly provide that notice to the requester in writing.

The custodian of a record may deny access to the record by members of the public only on the grounds that such a denial is warranted under Iowa Code sections 22.8(4) and 22.10(4), or that it is a confidential record, or that its disclosure is prohibited by a court order. Access by members of the public to a confidential record is limited by law and, therefore, may generally be provided only in accordance with the provisions of rule 875—85.4(22,89) in this chapter and other applicable provisions of law.

85.3(5) Security of record. No person may, without permission from the custodian, search or remove any record from board files. Examination and copying of board records shall be supervised by the custodian or a designee of the custodian. Records shall be protected from damage and disorganization.

85.3(6) Copying. A reasonable number of copies of an open record may be made in the board's office. If photocopy equipment is not available in the board office where an open record is kept, the custodian shall permit its examination in that office and shall arrange to have copies promptly made elsewhere.

85.3(7) Fees.

a. When charged. The board may charge fees in connection with the examination or copying of records only if the fees are authorized by law. To the extent permitted by applicable provisions of law, the payment of fees may be waived when the imposition of fees is inequitable or when a waiver is in the public interest.

b. Copying and postage costs. Price schedules for published materials and for photocopies of records supplied by the board shall be available in board offices. Copies of records may be made by or for members of the public on board photocopy machines or from electronic storage systems at cost as determined and posted in board offices by the custodian. When the mailing of copies of records is requested, the actual costs of such mailing may also be charged to the requester.

c. Supervisory fee. An hourly fee may be charged for actual board expenses in supervising the examination and copying of requested records when the supervision time required is in excess of 15 minutes. The custodian shall prominently post in board offices the hourly fees to be charged for supervision of records during examination and copying. The hourly fee shall be based upon the pay scale of the employee involved and other actual costs incurred. To the extent permitted by law, a search fee may be charged at the same rate as and under the same conditions as are applicable to supervisory fees.

d. Advance deposits.

(1) When the estimated total fee chargeable under this subrule exceeds \$25, the custodian may require a requester to make an advance payment to cover all or a part of the estimated fee.

(2) When a requester has previously failed to pay a fee chargeable under this subrule, the custodian may require advance payment of the full amount of any estimated fee before the custodian processes a new request from that requester.

[ARC 9082B, IAB 9/22/10, effective 10/27/10; ARC 0319C, IAB 9/5/12, effective 10/10/12; ARC 3635C, IAB 2/14/18, effective 3/21/18; ARC 5977C, IAB 10/20/21, effective 11/24/21]

875—85.4(22,89) Access to confidential records. Under Iowa Code section 22.7 or other applicable provisions of law, the lawful custodian may disclose certain confidential records to one or more members of the public. Other provisions of law authorize or require the custodian to release specified confidential records under certain circumstances or to particular persons. In requesting the custodian to permit the examination and copying of such a confidential record, the following procedures apply and are in addition to those specified for requests for access to records in rule 875—85.3(22,89).

85.4(1) Proof of identity. A person requesting access to a confidential record may be required to provide proof of identity or authority to secure access to the record.

85.4(2) Requests. The custodian may require a request to examine and copy a confidential record to be in writing. A person requesting access to such a record may be required to sign a certified statement or affidavit enumerating the specific reasons justifying access to the confidential record and to provide any proof necessary to establish relevant facts.

85.4(3) Notice to subject of record and opportunity to obtain injunction. After the custodian receives a request for access to a confidential record, and before the custodian releases such a record, the custodian may make reasonable efforts to notify promptly any person who is a subject of that record, is identified in that record, and whose address or telephone number is contained in that record. To the extent such a delay is practicable and in the public interest, the custodian may give the subject of such a confidential record to whom notification is transmitted a reasonable opportunity to seek an injunction under Iowa

Code section 22.8, and indicate to the subject of the record the specific period of time during which disclosure will be delayed for that purpose.

85.4(4) Request denied. When the custodian denies a request for access to a confidential record, the custodian shall promptly notify the requester. If the requester indicates to the custodian that a written notification of the denial is desired, the custodian shall promptly provide such a notification that is signed by the custodian and that includes:

- a. The name and title or position of the custodian responsible for the denial; and
- b. A citation to the provision of law vesting authority in the custodian to deny disclosure of the record and a brief statement of the reasons for the denial to this requester.

85.4(5) Request granted. When the custodian grants a request for access to a confidential record to a particular person, the custodian shall notify that person and indicate any lawful restrictions imposed by the custodian on that person's examination and copying of the record.

875—85.5(22,89) Requests for treatment of a record as a confidential record and its withholding from examination. The custodian may treat a record as a confidential record and withhold it from examination only to the extent that the custodian is authorized by Iowa Code section 22.7, another applicable provision of law, or a court order to refuse to disclose that record to members of the public.

85.5(1) Persons who may request. Any person who would be aggrieved or adversely affected by disclosure of a record and who asserts that Iowa Code section 22.7, another applicable provision of law, or a court order authorizes the custodian to treat the record as a confidential record may request the custodian to treat that record as a confidential record and to withhold it from public inspection.

85.5(2) Request. A request that a record be treated as a confidential record and be withheld from public inspection shall be in writing and shall be filed with the custodian. The request must set forth the legal and factual basis justifying such confidential record treatment for that record, and the name, address, and telephone number of the person authorized to respond to any inquiry or action of the custodian concerning the request. A person requesting treatment of a record as a confidential record may also be required to sign a certified statement or affidavit enumerating the specific reasons justifying the treatment of that record as a confidential record and to provide any proof necessary to establish relevant facts. Requests for treatment of a record as a confidential record for a limited time period shall also specify the precise period of time for which that treatment is requested.

A person filing such a request shall, if possible, accompany the request with a copy of the record in question with those portions deleted for which such confidential record treatment has been requested. If the original record is being submitted to the board by the person requesting such confidential treatment at the time the request is filed, the person shall indicate conspicuously on the original record that all or portions of it are confidential.

85.5(3) Failure to request. Failure of a person to request confidential record treatment for a record does not preclude the custodian from treating it as a confidential record. However, if a person who has submitted business information to the board does not request that it be withheld from public inspection under Iowa Code sections 22.7(3) and 22.7(6), the custodian of records containing that information may proceed as if that person has no objection to its disclosure to members of the public.

85.5(4) Timing of decision. A decision by the custodian with respect to the disclosure of a record to members of the public may be made when a request for its treatment as a confidential record that is not available for public inspection is filed, or when the custodian receives a request for access to the record by a member of the public.

85.5(5) Request granted or deferred. If a request for confidential record treatment is granted, or if action on such a request is deferred, a copy of the record from which the matter in question has been deleted and a copy of the decision to grant the request or to defer action upon the request will be made available for public inspection in lieu of the original record. If the custodian subsequently receives a request for access to the original record, the custodian will make reasonable and timely efforts to notify any person who has filed a request for its treatment as a confidential record that is not available for public inspection of the pendency of that subsequent request.

85.5(6) *Request denied and opportunity to seek injunction.* If a request that a record be treated as a confidential record and be withheld from public inspection is denied, the custodian shall notify the requester in writing of that determination and the reasons therefor. On application by the requester, the custodian may engage in a good-faith, reasonable delay in allowing examination of the record so that the requester may seek injunctive relief under the provisions of Iowa Code section 22.8, or other applicable provision of law. However, such a record shall not be withheld from public inspection for any period of time if the custodian determines that the requester had no reasonable grounds to justify the treatment of that record as a confidential record. The custodian shall notify requester in writing of the time period allowed to seek injunctive relief or the reasons for the determination that no reasonable grounds exist to justify the treatment of that record as a confidential record. The custodian may extend the period of good-faith, reasonable delay in allowing examination of the record so that the requester may seek injunctive relief only if no request for examination of that record has been received, or if a court directs the custodian to treat it as a confidential record, or to the extent permitted by another applicable provision of law, or with the consent of the person requesting access.

[ARC 9082B, IAB 9/22/10, effective 10/27/10]

875—85.6(22,89) Procedure by which additions, dissents, or objections may be entered into certain records. Except as otherwise provided by law, a person may file a request with the custodian to review, and to have a written statement of additions, dissents, or objections entered into, a record containing personally identifiable information pertaining to that person. However, this does not authorize a person who is a subject of such a record to alter the original copy of that record or to expand the official record of any board proceeding. Requester shall send the request to review such a record or the written statement of additions, dissents, or objections to the Boiler and Pressure Vessel Board, Department of Workforce Development, Division of Labor Services, 150 Des Moines Street, Des Moines, Iowa 50309. The request to review such a record or the written statement of such a record of additions, dissents, or objections must be dated and signed by requester, and shall include the current address and telephone number of the requester or the requester's representative.

[ARC 9082B, IAB 9/22/10, effective 10/27/10; ARC 5977C, IAB 10/20/21, effective 11/24/21]

875—85.7(22,89) Consent to disclosure by the subject of a confidential record. To the extent permitted by any applicable provision of law, a person who is the subject of a confidential record may have a copy of the portion of that record concerning the subject disclosed to a third party. A request for such a disclosure must be in writing and must identify the particular record or records that may be disclosed, and the particular person or class of persons to whom the record may be disclosed and, where applicable, the time period during which the record may be disclosed. The person who is the subject of the record and, where applicable, the person to whom the record is to be disclosed, may be required to provide proof of identity. Additional requirements may be necessary for special classes of records. Appearance of an attorney before the board on behalf of a person who is the subject of a confidential record is deemed to constitute consent for the board to disclose records about that person to the person's attorney.

[ARC 9082B, IAB 9/22/10, effective 10/27/10]

875—85.8(22,89) Disclosures without the consent of the subject.

85.8(1) Open records are routinely disclosed without the consent of the subject.

85.8(2) To the extent allowed by law, disclosure of confidential records may occur without the consent of the subject. Following are instances where disclosure, if lawful, will generally occur without notice to the subject:

a. For a routine use as defined in rule 875—85.9(17A,89) or in the notice for a particular record system.

b. To a recipient who has provided the board with advance written assurance that the record will be used solely as a statistical research or reporting record, provided that the record is transferred in a form that does not identify the subject.

c. To another government agency or to an instrumentality of any governmental jurisdiction within or under the control of the United States for a civil or criminal law enforcement activity if the activity is authorized by law, and if an authorized representative of the government agency or instrumentality has submitted a written request to the board specifying the record desired and the law enforcement activity for which the record is sought.

d. To an individual pursuant to a showing of compelling circumstances affecting the health or safety of any individual if a notice of the disclosure is transmitted to the last-known address of the subject.

e. To the legislative services agency.

f. Disclosures in the course of employee disciplinary proceedings.

g. In response to a court order or subpoena.

[ARC 9082B, IAB 9/22/10, effective 10/27/10]

875—85.9(17A,89) Routine use. “Routine use” means the disclosure of a record without the consent of the subject or subjects for a purpose which is compatible with the purpose for which the record was collected. “Routine use” includes disclosures required to be made by statute other than the public records law, Iowa Code chapter 22. To the extent allowed by law, the following uses are considered routine uses of all board records:

85.9(1) Disclosure to those officers, employees, and agents of the board who have a need for the record in the performance of their duties. The custodian of the record may, upon request of any officer or employee, or on the custodian’s own initiative, determine what constitutes a legitimate need to use confidential records.

85.9(2) Disclosure of information indicating an apparent violation of the law to appropriate law enforcement authorities for investigation and possible criminal prosecution, civil court action, or regulatory order.

85.9(3) Disclosure to the department of inspections and appeals for matters in which it is performing services or functions on behalf of the board.

85.9(4) Transfers of information within the board, to other state agencies, or to local units of government as appropriate to administer the program for which the information is collected.

85.9(5) Information released to staff of federal and state entities for audit purposes or for purposes of determining whether the board is operating a program lawfully.

85.9(6) Any disclosure specifically authorized by the statute under which the record was collected or maintained.

85.9(7) Disclosure to the public and news media of pleadings, motions, orders, final decisions, and informal settlement filed in appeal proceedings.

85.9(8) Transmittal to the district court of the record in judicial review proceedings pursuant to Iowa Code section 17A.19.

[ARC 9082B, IAB 9/22/10, effective 10/27/10]

875—85.10(22,89) Consensual disclosure of confidential records.

85.10(1) *Consent to disclosure by a subject individual.* To the extent permitted by law, the subject may consent in writing to board disclosure of confidential records as provided in rule 875—85.7(22,89).

85.10(2) *Complaints to public officials.* A letter from a subject of a confidential record to a public official which seeks the official’s intervention on behalf of the subject in a matter that involves the board may, to the extent permitted by law, be treated as an authorization to release sufficient information about the subject to the official to resolve the matter.

875—85.11(22,89) Release to subject.

85.11(1) The subject of a confidential record may file a written request to review confidential records about that person. However, the board need not release the following records to the subject:

a. The identity of a person providing information to the board need not be disclosed directly or indirectly to the subject of the information when the information is authorized to be held confidential pursuant to Iowa Code section 22.7(18) or other provision of law.

b. Records need not be disclosed to the subject when they are the work product of an attorney or are otherwise privileged.

c. Peace officers' investigative reports may be withheld from the subject, except as required by the Iowa Code. (Iowa Code section 22.7(5))

d. Other records may be withheld from the subject as authorized by law.

85.11(2) When a record has multiple subjects with interest in the confidentiality of the record, the board may take reasonable steps to protect confidential information relating to another subject.

[ARC 9082B, IAB 9/22/10, effective 10/27/10]

875—85.12(21,22,89) Availability of records.

85.12(1) General. Board records are open for public inspection and copying unless otherwise provided by rule or law.

85.12(2) Confidential records. The following records may be withheld from public inspection. Records are listed by category, according to the legal basis for withholding them from public inspection.

a. Personal information in confidential personnel records of board members and licensees. (Iowa Code section 22.7(11))

b. Minutes and tapes of closed meetings of the board. (Iowa Code section 21.5(5))

c. Information or records received from a restricted source and any other information or records made confidential by law.

d. Records which constitute attorney work products or attorney-client communications or which are otherwise privileged pursuant to Iowa Code section 22.7, 622.10 or 622.11, state and federal rules of evidence or procedure, the Code of Professional Responsibility, and case law.

e. Identifying details in final orders, decisions and opinions to the extent required to prevent a clearly unwarranted invasion of personal privacy or trade secrets under Iowa Code section 17A.3(1) "e."

85.12(3) Authority to release confidential records. The board may have discretion to disclose some confidential records which are exempt from disclosure under Iowa Code section 22.7 or other law. Any person may request permission to inspect records withheld from inspection under a statute which authorizes limited or discretionary disclosure as provided in rule 875—85.4(22,89). If the board initially determines that it will release such records, the board may, where appropriate, notify interested parties and withhold the records from inspection as provided in subrule 85.4(3).

[ARC 9082B, IAB 9/22/10, effective 10/27/10; ARC 5977C, IAB 10/20/21, effective 11/24/21]

875—85.13(22,89) Applicability. This chapter does not:

85.13(1) Require the board to index or retrieve records that contain information about individuals by a person's name or other personal identifier.

85.13(2) Make available to the general public records that would otherwise not be available under the public records law, Iowa Code chapter 22.

85.13(3) Govern the maintenance or disclosure of, notification of, or access to records in the possession of the board that are governed by the regulations of another agency.

85.13(4) Apply to grantees, including local governments or subdivisions thereof, administering state-funded programs, unless otherwise provided by law or agreement.

85.13(5) Make available records compiled by the board in reasonable anticipation of court litigation or formal administrative proceedings. The availability of such records to the general public or to any subject individual or party to such litigation or proceedings shall be governed by applicable legal and constitutional principles, statutes, rules of discovery, evidentiary privileges, and applicable rules of the board.

[ARC 9082B, IAB 9/22/10, effective 10/27/10]

875—85.14(17A,22,89) Personally identifiable information. This rule describes the nature and extent of personally identifiable information which is collected, maintained, and retrieved by the board by personal identifier in record systems. For each record system, this rule describes the legal authority for the collection of that information. The record systems maintained by the board are:

85.14(1) *Personnel records.* These records contain personal information about board members which may be confidential pursuant to Iowa Code section 22.7(11). The records may include but are not limited to biographical information, medical information relating to disability, and information required for expense reimbursement.

85.14(2) *Contested case records.* Contested case records are maintained and contain names of the people involved. Evidence and documents submitted as a result of a hearing are contained in the contested case records. These records are collected pursuant to Iowa Code section 89.14. [ARC 9082B, IAB 9/22/10, effective 10/27/10]

875—85.15(17A,22,89) Other groups of records. This rule describes groups of records maintained by the board other than record systems. These records are routinely available to the public. However, the board's files of these records may contain confidential information. These records may contain information about individuals. These records include:

85.15(1) *Rule-making records.* Rule-making records may contain information about individuals making written or oral comments on proposed rules. This information is collected pursuant to Iowa Code section 17A.4. These records are stored on paper and electronically.

85.15(2) *Board records.* Agendas, minutes, and materials presented to the board members in preparation for board meetings are available from the board office, except those records concerning closed sessions which are exempt from disclosure under Iowa Code section 21.5(5). Board records contain information about people who participate in meetings. This information is collected pursuant to Iowa Code section 21.3. This information is stored on paper and electronically.

85.15(3) *Board decisions, findings of fact, final orders, and other statements of law, policy, or declaratory orders issued by the board in the performance of its functions.* These records are open to the public except for information that is confidential according to rule 875—85.12(21,22,89). This information is stored on paper and electronically.

85.15(4) *Waivers and variances.* Requests for waivers and variances, board proceedings and rulings on such requests, and reports prepared for the administrative rules review committee and others are stored on paper and electronically.

85.15(5) *Publications.* News releases, project reports, newsletters, and other publications are available from the board office. These records may contain information about individuals. This information is stored on paper and electronically, and some publications may be found on the board's website.

85.15(6) *Other records.* Other records that are not exempted from disclosure by law may be stored on paper or electronically.

[ARC 9082B, IAB 9/22/10, effective 10/27/10; ARC 5977C, IAB 10/20/21, effective 11/24/21]

875—85.16(22,89) Data processing system. Board records are not stored in a data processing system which matches, collates, or permits comparison of personally identifiable information in one record system with personally identifiable information in another record system.

875—85.17(22,89) Notice to suppliers of information. Persons that are requested by the board to provide information to the board are notified pursuant to this rule of uses the board will make of the information.

85.17(1) The board may request names and affiliations from members of the public that attend board meetings. Except for closed sessions, the records of board meetings are public records and information supplied will be subject to records requests pursuant to this chapter and Iowa Code chapter 22. Provision of this information is voluntary and there will be no consequences for failure to provide requested information unless the person is also covered by subrule 85.17(2).

85.17(2) The board will request name, contact information, and affiliation from persons requesting board action. This information will be used as needed to process the request for board action. Requests for board action are public records and information supplied will be subject to open records requests

pursuant to this chapter and Iowa Code chapter 22. Insufficient contact information provided with the request for board action could result in a denial of the request for board action.

These rules are intended to implement Iowa Code chapters 17A, 21, 22 and 89.

CHAPTER 90
ADMINISTRATION OF THE BOILER AND PRESSURE VESSEL PROGRAM

[Prior to 1/14/98, see 347—Chs 41 to 49]

[Prior to 8/16/06, see 875—Chs 200, 202]

875—90.1(89) Purpose and scope. These rules institute administrative and operational procedures for implementation of Iowa Code chapter 89. An object shall not be considered “under pressure” and shall not be within the scope of Iowa Code chapter 89 when there is clear evidence that the manufacturer did not intend it to be operated at more than 3 psi and the object is operating at 3 psi or less. Jurisdiction is limited to objects, appurtenances, controls, safety devices, and equipment rooms as required by Iowa rules.

[ARC 0416C, IAB 10/31/12, effective 12/5/12; ARC 3903C, IAB 7/18/18, effective 9/1/18]

875—90.2(89,252J,272D) Definitions. To the extent they do not conflict with the definitions contained in Iowa Code chapter 89, the definitions in this rule shall be applicable to the rules contained in 875—Chapters 90 to 96.

“*Alteration*” means a change in the object described on the original manufacturer’s data report that affects the pressure-retaining capability of the pressure-retaining object. A nonphysical change such as an increase in the maximum allowable working pressure (internal or external), an increase in design temperature, or a reduction in minimum temperature of a pressure-retaining item shall be considered an alteration.

“*ANSI/ASME CSD-1*” means Control and Safety Devices for Automatically Fired Boilers.

“*Appurtenance*” means any item or equipment that is attached to the object and is part of the boiler external piping.

“*ASME*” means the American Society of Mechanical Engineers.

“*Boiler*” means a vessel in which water or other liquids are heated, steam or other vapors are generated, steam or other vapors are superheated, or any combination thereof, under pressure or vacuum by the direct application of heat. “Boiler” includes all temporary boilers.

“*Boiler external piping*” means all boiler piping and components as set forth in the scope of the edition of ASME B31.1 currently adopted by reference in Chapter 91.

“*Certificate of noncompliance*” means:

1. A certificate of noncompliance issued by the child support recovery unit, department of human services, pursuant to Iowa Code chapter 252J; or
2. A certificate of noncompliance issued by the centralized collection unit of the department of revenue pursuant to Iowa Code chapter 272D.

“*CFR*” means Code of Federal Regulations.

“*Construction or installation code*” means the applicable standard for construction or installation in effect at the time of installation.

“*CSD-1 report*” means Manufacturer’s/Installing Contractor’s Report for ASME CSD-1.

“*Division*” means the division of labor services, unless another meaning is clear from the context.

“*Electric boiler*” means a power boiler, heating boiler, high or low temperature water boiler in which the source of heat is electricity.

“*Exit*” means a doorway, hallway, or similar passage that will allow free, normally upright unencumbered egress from an area.

“*External inspection*” means a complete examination made of the external surfaces and safety devices while the object is in operation, unless the object is required to be shut down pursuant to 875—subrule 89.3(4).

“*High temperature water boiler*” means a water boiler intended for operations at pressures in excess of 160 psig or temperatures in excess of 250 degrees F.

“*Hot water heating boiler*” means a boiler in which no steam is generated, from which hot water is circulated for heating purposes and then returned to the boiler, and which operates at a pressure not exceeding 160 psig or a temperature of 250 degrees F at the boiler outlet.

“*Hot water supply boiler*” means a boiler that:

1. Operates at a pressure not exceeding 160 psig;
2. Furnishes hot water to be used externally to itself; and, either:
 - Bears a National Board “H” stamp and has a temperature less than or equal to 250°F at or near the boiler outlet, or,
 - Bears a National Board “HLW” stamp and has a temperature less than or equal to 210°F at or near the boiler outlet.

“*Installation*” means the process by which an object is connected to a system for operation. This applies to all objects whether they are new, used, or being brought back to service after being removed.

“*Institution of health and custodial care*” means any of the following:

1. A health care facility as defined by Iowa Code section 135C.1;
2. An assisted living program as defined by Iowa Code section 231C.2;
3. A boarding home as defined by Iowa Code section 135O.1;
4. A hospice that offers inpatient services in an institutional setting;
5. Any institution or facility in which persons are housed to receive medical, health, or other care or treatment; or
6. Any other institution or facility in which persons are housed to receive assistance with meeting personal needs or activities of daily living.

A facility or office that provides care and services only on an outpatient basis shall not be an “institution of health and custodial care.”

“*Internal inspection*” means as complete an examination as can be reasonably made of the internal surfaces of an object while it is shut down and access for examination is attained through the removal of any manhole plates, handhole plates, blind flanges, piping spools or fittings attached to the object. A determination that an examination cannot be reasonably made shall not be based on a failure of the owner or user to provide clearance pursuant to rule 875—91.10(89) or on failure of the owner or user to provide for the inspector’s safety and health as described in 875—Chapters 90 and 91.

“*ISO*” means International Standards Organization.

“*Labor commissioner*” means the labor commissioner or the commissioner’s designee.

“*Lap seam crack*” means a crack found in lap seams, extending parallel to the longitudinal joint and located either between or adjacent to rivet holes.

“*Miniature boiler*” means a boiler that does not exceed a 16-inch inside shell diameter, 20 square feet of heating surface (not applicable to electric boilers), 5 cubic feet of gross volume (exclusive of casing and insulation), and 100 psig maximum allowable working pressure.

“*National Board*” means the National Board of Boiler and Pressure Vessel Inspectors, 1055 Crupper Avenue, Columbus, Ohio 43229, whose membership is composed of the chief inspectors of jurisdictions who are charged with the enforcement of the provisions of boiler codes. The National Board’s website is nationalboard.org.

“*National Board Inspection Code*” or “*NBIC*” means the Manual for Boiler and Pressure Vessel Inspectors (ANSI/NB 23) published by the National Board. Copies of the code may be obtained from the National Board.

“*Object*” means a boiler or pressure vessel.

“*OEM*” means original equipment manufacturer.

“*Owner or user*” means any person, firm, or corporation legally responsible for the installation, operation, and maintenance of any object within the jurisdiction.

“*Power boiler*” means a boiler in which steam or other vapor is generated at a pressure of more than 15 pounds per square inch or a water boiler intended for operation at pressures in excess of 160 pounds per square inch or temperatures in excess of 250 degrees Fahrenheit.

“*Process steam generator*” means a vessel or system of vessels comprised of one or more drums and one or more heat exchange surfaces as used in waste heat or heat recovery type steam boilers.

“*Psig*” means pounds per square inch gage.

“*Relief valve*” means an automatic pressure-relieving device actuated by a static pressure upstream of the valve that opens further with the increase in pressure over the opening pressure and that is used primarily for liquid service.

“*Repair*” means work necessary to return a boiler or pressure vessel to a safe operating condition.

“*Rupture disk device*” means a nonreclosing pressure-relief device actuated by inlet static pressure and designed to function by the bursting of a pressure-containing disk.

“*Safe point of discharge*” means the same as in the National Board Inspection Code: a location that will not cause property damage, cause equipment damage, or create a health or safety threat to personnel in the event of discharge.

“*Safety appliance*” shall include, but not be limited to:

1. Rupture disk device;
2. Safety relief valve;
3. Safety valve;
4. Temperature limit control;
5. Pressure limit control;
6. Gas switch;
7. Air switch; or
8. Any major gas train control.

“*Safety relief valve*” means an automatic, pressure-actuated relieving device suitable for use as a safety or relief valve, depending on application.

“*Safety valve*” means an automatic, pressure-relieving device actuated by the static pressure upstream of the valve and characterized by full opening pop action. The safety valve is used for gas or vapor service.

“*Special inspection*” means an inspection which is not required by Iowa Code chapter 89.

“*Temperature and pressure relief valve*” means a valve set to relieve at a designated temperature and pressure.

“*Temporary object*” means a boiler, unfired steam pressure vessel, or combination thereof that is not a permanent fixture or part of normal operation of the facility.

“*Unfired steam boiler*” means a vessel or system of vessels intended for operation at a pressure in excess of 15 psig for the purpose of producing and controlling an output of thermal energy.

“*Unfired steam pressure vessel*” means a vessel or container used for the containment of steam pressure either internal or external in which the pressure is obtained from an external source. “Unfired steam pressure vessel” may include items such as expansion tanks, flash tanks, and condensate return tanks.

“*U.S. customary units*” means feet, pounds, inches and degrees Fahrenheit.

“*Water heater supply boiler*” means a closed vessel in which water is heated by combustion of fuels, electricity or any other source and withdrawn for use external to the system at pressure not exceeding 160 psig and shall include all controls and devices necessary to prevent water temperatures from exceeding 210 degrees F.

875—90.3(89) Iowa identification numbers. All objects shall be identified by an Iowa identification number. State inspectors and special inspectors shall assign identification numbers as directed by the division to all jurisdictional objects that lack numbers. Identification numbers shall be attached in plain view to the object using one of the following methods:

1. A yellow sticker 2 inches by 3 inches affixed to the object and bearing the number.
2. A metal tag 1 inch by 2½ inches affixed to the object and bearing the number.
3. Numbers at least 5/16 of an inch high and stamped directly on the object.

875—90.4(89) National Board registration. Rescinded IAB 11/18/09, effective 1/1/10.

875—90.5(89) Preinspection owner or user preparation.

90.5(1) Preparation of objects. Each owner or user shall ensure that each object covered by Iowa Code chapter 89 is prepared for inspection pursuant to this rule.

90.5(2) Confined space and lockout, tagout procedures.

a. It is the responsibility of the owner or user to assess all objects for compliance with the confined space and lockout, tagout standards pursuant to 29 CFR 1910.146 and 1910.147. If an object is a non-permit-required confined space or a permit-required confined space as defined by 29 CFR 1910.146, the owner or user must comply with all applicable requirements of 29 CFR 1910.146 and 1910.147 in preparing the object for inspection.

b. It is the duty of the owner or user to inform any inspector of the owner's or user's confined space entry and lockout, tagout procedures and supply to the inspector all information necessary to assess whether the confined space is safe for entry. It is the right of an inspector to verify any of the information supplied.

c. If the requirements of 29 CFR 1910.146 and 1910.147 are not met, the inspector shall not enter the space. If there is a breach of the procedure or the procedure is inconsistent with 29 CFR 1910.146 or 1910.147, the inspection process shall cease until the space is reassessed and determined to be safe or the procedure is rewritten in a manner consistent with the standards. No inspector shall violate the owner's or user's confined space or lockout, tagout procedures in making an inspection.

d. The owner or user shall have all objects locked and tagged, as applicable, prior to the inspector's entry for inspection or testing.

e. For entry into a permit-required confined space, the owner or user shall provide the necessary equipment such as air monitors and a qualified attendant who has received all the information relevant to the entry.

90.5(3) Hydrostatic tests. The owner or user shall prepare for and apply a hydrostatic test, whenever necessary, on the date specified by the inspector, which date shall be not less than seven days after the date of notification.

90.5(4) Boilers. A boiler shall be prepared for internal inspection in the following manner:

a. Fluid shall be drawn off and the boiler washed thoroughly.

b. Manhole and handhole plates, washout plugs and inspection plugs in water columns shall be removed as required by the inspector. The furnace and combustion chambers shall be thoroughly cooled and cleaned.

c. All grates of internally fired boilers shall be removed.

d. Brickwork shall be removed as required by the inspector in order to determine the condition of the boiler, header, furnace, supports or other parts.

e. Low-water fuel cutoff controls shall be opened or removed to allow for visual inspection.

90.5(5) Pressure vessels. The extent of inspection preparation for a pressure vessel will vary. If the inspection is to be external only, advance preparation is not required other than to afford reasonable access to the vessel. For combined internal and external inspections of small vessels of simple construction handling air, steam, nontoxic or nonexplosive gases or vapors, minor preparation is required, including affording reasonable means of access and removing manhole plates and inspection openings. In other cases, preparation shall include removing the internal fittings and appurtenances to permit satisfactory inspection of the interior of the vessel if required by the inspector.

90.5(6) Removal of covering or brickwork to permit inspection. If the object is jacketed so that the longitudinal seams of shells, drums, or domes cannot be seen, sufficient jacketing, setting wall, or other form of casing or housing shall be removed to permit reasonable inspection of the seams and so that the size of rivets, pitch of the rivets, and other data necessary to determine the safety of the object may be obtained, providing the information cannot be determined by other means. Brickwork shall be removed as required by the inspector in order to determine the condition of the boiler, header, furnace, supports or other parts.

90.5(7) Improper preparation for inspection. If an object has not been properly prepared for an internal inspection, or if the owner or user fails to comply with the requirements for hydrostatic tests as set forth in this chapter, the inspector may decline to make the inspection or test, and the inspection certificate shall be withheld until the owner or user complies with the requirements.

[ARC 9082B, IAB 9/22/10, effective 10/27/10]

875—90.6(89) Inspections.

90.6(1) General. All boilers and unfired steam pressure vessels covered by Iowa Code chapter 89 shall be inspected according to the requirements of the National Board Inspection Code (2019), which is hereby adopted by reference. A division inspector or special inspector must perform the inspections.

90.6(2) Schedule.

a. All required inspections must be performed according to the schedule set forth in Iowa Code section 89.3, unless an exception is set forth in this rule.

b. Except for inspections of unfired steam pressure vessels operating in excess of 15 pounds per square inch and low pressure steam boilers, each certificate inspection must be performed within a 60-day period prior to the expiration date of the operating certificate. Modification of this 60-day period will be permitted only upon written application showing just cause for waiver of the 60-day period.

c. Special inspections may be conducted when deemed necessary by the division and the object's owner or user.

90.6(3) Inspections conducted by special inspectors. Special inspectors shall provide copies of the completed report to the insured and to the division within 14 days of completing the inspection. The reports shall list all noteworthy conditions that are within the scope of Iowa Code chapter 89, all recommendations, and all requirements. If the special inspector has not provided the results of the inspection within the time frame identified, the division may conduct the inspection.

90.6(4) Type of inspection. The inspection shall be an internal inspection when required; otherwise, it shall be as complete an external inspection as possible. Conditions including, but not limited to, the following may also be the basis for an internal inspection:

- a.* Visible metal or insulation discoloration due to excessive heat.
- b.* Visible distortion of any part of the pressure vessel.
- c.* Visible leakage from any pressure-containing boundary.
- d.* Any operating records or verbal reports of a vessel being subjected to pressure above the nameplate rating or to a temperature above or below the nameplate design temperature.
- e.* A suspected or known history of internal corrosion or erosion.
- f.* Evidence or knowledge of a vessel having been subjected to external heat from a fire.
- g.* A welded repair not documented as required.
- h.* Evidence of an accident, incident or malfunction that could affect or may have resulted from a problem with the object's integrity.

90.6(5) Internal inspections for unfired steam pressure vessels operating at more than 15 pounds per square inch. The commissioner may require an internal inspection of an unfired steam pressure vessel operating in excess of 15 psi when an inspector observes any deviation from these rules, Iowa Code chapter 89, the construction code, the installation code, or the National Board Inspection Code.

90.6(6) Inspection of inaccessible parts. When, in the opinion of the inspector, as a result of conditions disclosed at the time of inspection, it is advisable to remove the interior or exterior lining, covering, or brickwork to expose certain parts of the vessel not normally visible, the owner or user shall remove such material to permit proper inspection and thickness measurement of any part of the vessel. Nondestructive examination is acceptable.

90.6(7) Imminent danger.

a. If the labor commissioner determines that continued operation of an object constitutes an imminent danger that could seriously injure or cause death to any person, notice to immediately cease operation of that object shall be made to the owner or user through contact information available in the division's records or by posting a notice at the location of the object.

b. Upon such notice, the owner or user shall immediately take the necessary steps to cease operation of the object. All forms of energy to and from the object must be isolated and physically locked in the closed position.

c. A division inspector will verify that the object is no longer in operation and all forms of energy to and from the object have been isolated and are locked in the closed position.

d. The object shall not be used until all necessary repairs have been completed, the object has passed inspection, all repair documentation is complete, and the division reviews and approves the documentation.

e. Operation of an object in violation of this subrule may result in further legal action pursuant to Iowa Code sections 89.11 and 89.13.

90.6(8) Internal inspections on a four-year cycle based on process safety management compliance. The owner shall demonstrate compliance with the requirements set forth in Iowa Code section 89.3(5)“a”(4)(b) by annually submitting to the labor commissioner a notarized affidavit. The affidavit shall be in a format approved by the labor commissioner and shall be signed by the owner or an officer of the company.

90.6(9) Internal inspection on a four-year cycle for utility objects. An object that meets the criteria of this subrule shall be inspected internally at least once every four years and externally every year. If at any time the object or the owner no longer meets the criteria of this subrule, internal inspections shall be performed on a two-year cycle.

a. The object is owned and operated by an electric public utility subject to rate regulation under Iowa Code chapter 476.

b. The object and the owner meet all the requirements for a two-year internal inspection interval as set forth in Iowa Code section 89.3, subsection 4.

c. If the object is shut down for a period sufficient to allow safe entry, and more than two years have passed since the last internal inspection, the owner shall notify the labor commissioner of the outage and shall schedule an internal inspection.

d. If the labor commissioner determines that an earlier inspection is necessary, the owner shall prepare the object for inspection pursuant to rule 875—90.5(89).

875—90.7(89) Fees.

90.7(1) Special inspector commission fee. A \$55 fee shall be paid annually to the commissioner to obtain a special inspector commission pursuant to Iowa Code section 89.7.

90.7(2) Certificate fee. A \$40 fee shall be paid for each one-year certificate, an \$80 fee shall be paid for each two-year certificate, and a \$160 fee shall be paid for each four-year certificate.

90.7(3) Fees for inspection. An inspection fee for each object inspected by a division inspector shall be paid by the appropriate party as follows:

a. A \$55 fee for each water heater supply boiler.

b. A \$95 fee for each boiler, other than a water heater supply boiler, having a working pressure up to and including 450 pounds per square inch or generating between 20,000 and 100,000 pounds of steam per hour.

c. A \$215 fee for each boiler, other than a water heater supply boiler, having a working pressure in excess of 450 pounds per square inch and generating in excess of 100,000 pounds of steam per hour.

d. A \$55 fee for each pressure vessel, such as steam stills, tanks, jacket kettles, sterilizers and all other reservoirs having a working pressure of 15 pounds or more per square inch.

e. An additional fee will be charged if, upon the request of an owner or user, the labor commissioner agrees to any non-routine schedule for an inspection outside of normal business hours, a special inspection, or a site visit. The additional fee will be calculated at a rate of \$200 per hour, including travel time, with a minimum charge of \$400.

f. If a boiler or pressure vessel has to be reinspected, there shall be another inspection fee as specified above.

90.7(4) Fees for attempted inspections. A \$35 fee shall be charged for each attempt by a division inspector to conduct an inspection which is not completed through no fault of the division.

[ARC 7863B, IAB 6/17/09, effective 7/1/09; ARC 8081B, IAB 8/26/09, effective 9/30/09; ARC 0319C, IAB 9/5/12, effective 10/10/12; ARC 1422C, IAB 4/16/14, effective 5/21/14; ARC 4733C, IAB 10/23/19, effective 11/27/19]

875—90.8(89) Certificate. No boiler or pressure vessel shall be operated without a current, valid certificate to operate. A certificate to operate shall not be issued until the boiler or pressure vessel is in compliance with the applicable rules and all fees have been paid. The current certificate to operate or a copy of the current certificate to operate shall be conspicuously posted in the room where the object is installed.

875—90.9(89,252J,272D) Special inspector commissions.

90.9(1) Definition of “reputable insurance company.” As used in this rule, “reputable insurance company” means a company recognized by the Iowa insurance division as a licensed insurer, a risk retention group, an alien surplus lines insurer, or a surplus lines insurer.

90.9(2) Application.

a. A person applying for a new or renewed commission shall complete, sign, and submit to the division with the required fee the form entitled “Application for Boiler and Pressure Vessel Special Inspector Commission” provided by the division. Additionally, the applicant shall submit a copy of the applicant’s current National Board work card with each application.

b. An applicant for a new Iowa special inspector commission shall schedule a meeting with the chief boiler inspector to discuss Iowa law and the responsibilities, expectations, and requirements for a special inspector.

90.9(3) Expiration.

a. The commission is for no more than one year and ceases when the special inspector leaves employment with the insurance company, or when the commission is suspended or revoked by the labor commissioner. Each commission shall expire no later than December 31 of each year.

b. Notwithstanding paragraph 90.9(3) “a” and in order to transition from an expiration date of June 30 to an expiration date of December 31, a commission issued between June 1, 2022, and November 30, 2022, shall expire on December 31, 2023.

90.9(4) Changes. The special inspector shall notify the division at the time any of the information on the form or attachments changes.

90.9(5) Denials. The labor commissioner may refuse to issue or renew a special inspector’s commission for failure to complete an application package, if the applicant or inspector does not hold a National Board commission, or for any reason listed in subrules 90.9(7) to 90.9(9).

90.9(6) Investigations. Investigations shall take place at the time and in the places the labor commissioner directs. The labor commissioner may investigate for any reasonable cause. The labor commissioner may conduct interviews and utilize other reasonable investigatory techniques. Investigations may be conducted without prior notice.

90.9(7) Reasons for probation. The labor commissioner may issue a notice of commission probation when an investigation reasonably reveals that the special inspector does not represent a reputable insurance company or the special inspector filed inaccurate reports.

90.9(8) Reasons for suspension. The labor commissioner may issue a notice of commission suspension when an investigation reasonably reveals the following:

- a.* The special inspector failed to submit and report inspections on a timely basis;
- b.* The special inspector abused the special inspector’s authority;
- c.* The special inspector misrepresented self as a state inspector or a state employee;
- d.* The special inspector used commission authority for inappropriate personal gain;
- e.* The special inspector failed to follow the division’s rules for inspection of object repairs, alterations, construction, installation, or in-service inspection;
- f.* The special inspector committed numerous violations as described in subrule 90.9(7);
- g.* The special inspector used fraud or deception to obtain or retain, or to attempt to obtain or retain, a special inspector commission whether for one’s self or another;
- h.* The National Board revoked or suspended the special inspector’s work card;
- i.* The division received a certificate of noncompliance;

j. The special inspector failed to take appropriate disciplinary actions against a subordinate special inspector who has committed repeated acts or omissions listed in paragraphs “a” to “h” of this subrule; or

k. The special inspector does not represent a reputable insurance company.

90.9(9) Reasons for revocation. The labor commissioner may issue a notice of revocation of a special inspector’s commission when an investigation reveals any of the following:

a. The special inspector filed a misleading, false or fraudulent report;

b. The special inspector failed to perform a required inspection;

c. The special inspector failed to file a report or filed a report which was not in accordance with the provisions of applicable standards;

d. The special inspector failed to notify the division in writing of any accident involving an object;

e. The special inspector committed repeated violations as described in subrule 90.9(8);

f. The special inspector used fraud or deception to obtain or retain, or to attempt to obtain or retain, a special inspector commission whether for one’s self or another;

g. The special inspector instructed, ordered, or otherwise encouraged a subordinate special inspector to perform the acts or omissions listed in paragraphs “a” to “f” of this subrule;

h. The National Board revoked or suspended the special inspector’s work card;

i. The division received a certificate of noncompliance; or

j. The special inspector does not represent a reputable insurance company.

90.9(10) Procedures. The following procedures shall apply except in the event of revocation or suspension due to receipt of a certificate of noncompliance. In instances involving receipt of a certificate of noncompliance, the applicable procedures of Iowa Code chapter 252J or 272D shall apply.

a. Notice of actions. The labor commissioner shall serve a notice on the special inspector by certified mail to an address listed on the commission application form or by other service as permitted by Iowa Code chapter 17A. A copy shall be sent to the insurance company employing the special inspector.

b. Contested cases. The special inspector shall have 20 days to file a written notice of contest with the labor commissioner. If the special inspector does not file a written contest within 20 days of receipt of the notice, the action stated in the notice shall automatically be effective.

c. Hearing procedures. The hearing procedures in 875—Chapter 1 shall govern.

d. Emergency suspension. Pursuant to Iowa Code section 17A.18A, if the labor commissioner finds that public health, safety or welfare imperatively requires emergency action because a special inspector failed to comply with applicable laws or rules, the special inspector’s commission may be summarily suspended.

e. Probation period. A special inspector may be placed on probation for a period not to exceed one year for each incident causing probation.

f. Suspension period. A special inspector’s commission may be suspended up to five years for each incident causing a suspension.

g. Revocation period. A special inspector’s commission that has been revoked shall not be reinstated for five years.

h. Concurrent actions. Multiple actions may proceed at the same time against any special inspector.

i. Revoked or suspended commissions. Within five business days of final agency action revoking or suspending a special inspector commission, the special inspector shall forfeit the special inspector’s commission card to the labor commissioner.

875—90.10(89) Quality reviews, surveys and audits.

90.10(1) An entity that manufactures or repairs boilers, pressure vessels or related equipment may request quality reviews, surveys or audits from certifying organizations such as the ASME or the National Board. The division is authorized to conduct the quality reviews, surveys or audits. If the division performs the service, the manufacturer or repairer shall pay all applicable expenses.

90.10(2) Quality reviews, surveys and audits for certification to the National Board or ASME standards shall be conducted only by a person or organization designated by the labor commissioner. Any person or organization seeking this designation on behalf of the division shall provide documented evidence of training, examination, experience, and certification for the type of reviews, surveys and audits to be performed. The labor commissioner shall have final authority to determine qualifications and designations.

a. Assessing quality programs. The division recognizes the ASME and the National Board as qualified designees for conducting quality reviews, surveys and audits that lead to ASME or National Board program certification.

b. ISO 9000 assessments. The division recognizes the ASME and the National Board:

(1) To be acceptable ISO 9000 registrars of quality systems for boilers and pressure vessels and the related pressure-technology equipment industry;

(2) To certify auditors and lead auditors to the requirements of ISO 10011-2 1991(E), Annex A; and

(3) To conduct ISO 9000 assessments for the boiler, pressure vessel, and related pressure-technology equipment industry.

875—90.11(89) Reporting requirements.

90.11(1) *Control and safety device reports.* Documentation required by this subrule shall be kept on site and shall be available for inspection by the division or special inspectors. The owner or user shall mail a copy of the documentation required by this subrule to the division.

a. The requirements of this subrule do not apply to:

(1) Rescinded IAB 7/18/18, effective 9/1/18.

(2) An object within the scope of 875—Chapter 96;

(3) A hot water supply boiler covered by ASME Section IV, Part HLW; or

(4) A boiler with a fuel input rating greater than or equal to 12,500,000 Btu per hour, falling within the scope of NFPA 85, Boiler and Combustion Systems Hazards Code.

b. The installer shall complete a CSD-1 report for each installed object.

c. A person who installs a new burner, new gas train, or new controller on an object shall complete a CSD-1 report.

d. A person who replaces a part or component of an object shall complete the relevant portions of the CSD-1 report unless the replacement satisfies the design specifications. A copy of an invoice containing the same information as the relevant portions of the CSD-1 report is an acceptable alternative.

90.11(2) *Reporting repairs and alterations.* If the National Board Inspection Code requires that an R-1 Report of Repair or an R-2 Report of Alteration be filed with the National Board, a copy of the National Board form must be simultaneously filed with the labor commissioner.

90.11(3) *Reporting explosions and other incidents.*

a. The following definitions apply to this subrule.

“*Incident*” means the explosion of a covered object or other failure of a component of a covered object causing injury or acute illness.

“*Injury*” means a personal injury requiring professional medical care or causing disability exceeding one day.

b. The owner or user of a covered object shall notify the commissioner of an incident. A special inspector investigating an incident shall notify the owner or user of this reporting requirement.

c. Incident reports shall be made by calling (515)725-5609 or (515)725-5610. If the incident occurs during normal division operating hours, notification shall occur before close of business on that day. If the incident occurs when the division office is closed, the notification shall occur no later than close of business on the next division business day. Division hours are 8 a.m. to 4:30 p.m., Monday through Friday, except state holidays.

d. At the request of the commissioner, a person who submits a report pursuant to this subrule shall also submit a written report that includes the state identification number of the object, name of the owner of the object, and description of the incident.

e. The removal of any part of the damaged object from the premises is forbidden until permission to do so is granted by the state inspector or special inspector who investigated the incident.

f. When an incident involves the failure or destruction of any part of the object, the use of the object is forbidden until it has been made safe and it has passed an inspection by the state inspector or special inspector who investigated the incident.

875—90.12(89) Publications available for review. Pursuant to Iowa Code section 89.5(3), the standards, codes, and publications adopted by reference in these rules are available for review in the office of the Division of Labor Services, 150 Des Moines Street, Des Moines, Iowa.

[ARC 5977C, IAB 10/20/21, effective 11/24/21]

875—90.13(89) Notice prior to installation. Written notice of intent to install objects subject to the jurisdiction of Iowa Code chapter 89 shall be provided to the labor commissioner at least ten days before installation. Written notice shall be accomplished by completing and submitting to the labor commissioner either:

1. The form designated by the labor commissioner, or
2. The National Board's Boiler Installation Report, I-1.

875—90.14(89) Temporary objects.

90.14(1) Certificate to operate. A certificate to operate a temporary object shall expire one year from the date of issuance or when the temporary object is disconnected.

90.14(2) Inspections.

a. An internal inspection and hydrostatic test pursuant to the National Board Inspection Code shall be performed on site at a new location before a temporary object is started up. Once a temporary object has been placed into normal operation, an external operating inspection shall be performed.

b. An inspection on a temporary object that remains at the same location and is in continuous service longer than one year shall be performed according to the inspection schedule of Iowa Code section 89.3.

[ARC 5977C, IAB 10/20/21, effective 11/24/21]

875—90.15(89) Conversion of a power boiler to a low-pressure boiler. The following requirements apply to the conversion of a power boiler to a low-pressure boiler. The owner shall comply with the requirements of subrule 90.15(1) for each conversion. In addition, the owner shall comply with the requirements of subrule 90.15(2) if the converted object will be located outside of a place of public assembly or with the requirements of subrule 90.15(3) if the converted object will be located in a place of public assembly.

90.15(1) General requirements.

a. The owner shall provide to the labor commissioner written notice of intent to convert a power boiler to a low-pressure boiler prior to conversion. The required form for a notice of conversion is available at iowaboilers.gov. At a minimum the notice shall contain the following:

- (1) Address, uses, and owner of the building where the boiler is located.
- (2) The Iowa identification number assigned to the boiler.
- (3) Name and contact information for the person completing the notice.
- (4) Name and contact information for the contractor or other person planning to perform the conversion.

b. Pressure controls shall not exceed 14 pounds per square inch.

c. All boiler controls shall comply with ASME CSD-1.

d. Safety valves and safety relief valves shall be manufactured in accordance with a national or international standard.

e. One or more spring-pop safety valves meeting the following requirements shall be installed on each steam boiler:

- (1) The valve shall be adjusted and sealed to discharge at a pressure not to exceed 15 psig.
- (2) The valve capacity shall be certified by the National Board.
- f. The converted boiler shall be subject to post-conversion external inspection to ensure that the requirements of this rule are met.

90.15(2) Boilers located outside places of public assembly. A power boiler that was converted to a low-pressure boiler and that is located outside of a place of public assembly shall not be converted back to a power boiler unless the following requirements are met:

- a. The owner shall notify the labor commissioner at least ten days prior to converting the boiler.
- b. The owner shall comply with the editions of ASME Section I and CSD-1 in effect at the time of the second conversion.
- c. The owner shall comply with the version of 875—Chapter 92 in effect at the time of the second conversion.

90.15(3) Boilers located in places of public assembly. A power boiler converted to a low-pressure boiler that is located in a place of public assembly shall comply with 875—Chapter 94.

[ARC 9232B, IAB 11/17/10, effective 12/22/10; ARC 3635C, IAB 2/14/18, effective 3/21/18]

875—90.16(89) Definitions regarding objects. The following definitions shall govern classification and status of objects in Iowa. To the extent they do not conflict with the definitions contained in Iowa Code chapter 89, the definitions in this rule shall be applicable to the rules contained in 875—Chapters 90 to 96.

“*Active status*” means an object is physically attached to the system and any forms of potential energy. The object may or may not be in operation.

“*Exempt status*” means an object that is not required to be inspected pursuant to Iowa Code chapter 89.

“*Inactive status*” means the object is no longer in operation and all forms of potential energy have been disconnected in a manner that creates an air gap.

“*Modular boiler*” means a steam or hot water heating assembly consisting of a group of individual boilers called modules intended to be installed as a unit with no intervening stop valves. Modules may be under one jacket or individually jacketed. The individual modules shall be limited to a maximum input of 400,000 Btu/hour (117kW) (gas), 3 gph (11.4 L/h) (oil), or 115kW (electric).

“*Scrapped status*” means the object has been permanently destroyed and is no longer physically at the location.

[ARC 5977C, IAB 10/20/21, effective 11/24/21]

These rules are intended to implement Iowa Code chapters 17A, 89, 252J, and 272D.

CHAPTER 91
GENERAL REQUIREMENTS FOR ALL OBJECTS

[Prior to 1/14/98, see 347—Chs 41 to 49]

[Prior to 8/16/06, see 875—Ch 203]

875—91.1(89) Codes and code cases adopted by reference.

91.1(1) *ASME boiler and pressure vessel codes adopted by reference.* The ASME Boiler and Pressure Vessel Code (2019) is adopted by reference. Regulated objects shall be designed and constructed in accordance with the ASME Boiler and Pressure Vessel Code (2019) except for objects that meet one of the following criteria:

- a. An object with an ASME stamp and National Board Registration that establish compliance with an earlier version of the ASME Boiler and Pressure Vessel Code;
- b. A miniature boiler installed before March 31, 1967;
- c. A power boiler or unfired steam pressure vessel installed before July 4, 1951; or
- d. A steam heating boiler, hot water heating boiler, or hot water supply boiler installed before July 1, 1960.

91.1(2) *ASME code cases.* If the manufacturer of an object listed ASME Code Case 2668-1, 2760, 2764-1, or 2869 on the manufacturer's data report for the object and the object is otherwise in compliance with all applicable provisions, the object is in compliance with these rules.

91.1(3) *Inspection code adopted by reference.* The National Board Inspection Code (2019) is adopted by reference, and installations, alterations, and repairs after April 15, 2020, shall comply with it.

91.1(4) *Electric code adopted by reference.* The National Electrical Code (2020) is adopted by reference, and installations after April 15, 2020, shall comply with it.

91.1(5) *Piping codes adopted by reference.* The Power Piping Code, ASME B31.1 (2018), and the Building Services Piping Code, ASME B31.9 (2017), are adopted by reference, and installations after April 15, 2020, shall comply with them up to and including the first valve.

91.1(6) *Control and safety device code adopted by reference.* Controls and Safety Devices for Automatically Fired Boilers (CSD-1) (2018) is adopted by reference, and installations after April 15, 2020, shall comply with it. Reporting requirements concerning CSD-1 are set forth at rule 875—90.11(89).

91.1(7) *Mechanical code adopted by reference.* Excluding Section 701.1, Chapters 2 and 7 of the International Mechanical Code (IMC) (2018) are adopted by reference, and installations after September 1, 2018, shall comply with them.

91.1(8) *Oil burning equipment code adopted by reference.* National Fire Protection Association Standard for the Installation of Oil Burning Equipment, NFPA 31 (2016), is adopted by reference, and installations after September 1, 2018, shall comply with it.

91.1(9) *Fuel gas code adopted by reference.* National Fire Protection Association National Fuel Gas Code, NFPA 54 (2018), is adopted by reference, and installations after September 1, 2018, shall comply with it.

91.1(10) *Liquefied petroleum gas code adopted by reference.* National Fire Protection Association Liquefied Petroleum Gas Code, NFPA 58 (2020), is adopted by reference, and installations after April 15, 2020, shall comply with it.

91.1(11) *Boiler and combustion systems hazards code adopted by reference.* National Fire Protection Association Boiler and Combustion Systems Hazards Code, NFPA 85 (2019), is adopted by reference, and installations after April 15, 2020, shall comply with it.

875—91.2(89) Safety appliance.

91.2(1) No person shall remove, disable or tamper with a required safety appliance except for the purpose of repair or inspection.

91.2(2) An object shall not be operated unless all required and installed safety appliances are properly functional and operational.

[ARC 5977C, IAB 10/20/21, effective 11/24/21]

875—91.3(89) Pressure-reducing valves. Rescinded ARC 3903C, IAB 7/18/18, effective 9/1/18.

875—91.4(89) Blowoff equipment. The blowdown from an object that enters a sanitary sewer system or blowdown that is considered a hazard to life or property shall pass through blowoff equipment that will reduce pressure and temperature. The temperature of the water leaving the blowoff equipment shall not exceed 150 degrees Fahrenheit. If the local jurisdiction has a temperature limit of less than 150 degrees Fahrenheit, the temperature of the water leaving the blowoff equipment shall comply with the limit set by the local jurisdiction. The pressure of the water leaving the blowoff equipment shall not exceed 5 psig. The blowoff piping and fittings between the object and the blowoff tank shall comply with the construction or installation code. All materials used in the fabrication of object blowoff equipment shall comply with the construction or installation code. All blowoff equipment shall be equipped with openings to facilitate cleaning and inspection.

[ARC 8283B, IAB 11/18/09, effective 1/1/10]

875—91.5(89) Location of discharge piping outlets. The discharge from safety valves, safety relief valves, blowoff pipes and other outlets shall comply with the following:

91.5(1) The discharge piping shall terminate at a safe point of discharge.

91.5(2) When the safety valve or temperature and pressure relief valve discharge is piped away from the object to a safe point of discharge, provision shall be made for properly draining the piping.

91.5(3) The size of the discharge piping shall not be reduced from the size of the relief valve.

91.5(4) All discharge piping shall be comprised of appropriate metallic material identified in ASME Section II.

[ARC 5977C, IAB 10/20/21, effective 11/24/21]

875—91.6(89) Pipe, valve, and fitting requirements. Pipes, valves, and fittings subject to the effects of galvanic action shall not be used on objects covered by these rules. Dielectric fittings shall be used where dissimilar metals are joined.

[ARC 8283B, IAB 11/18/09, effective 1/1/10; ARC 3903C, IAB 7/18/18, effective 9/1/18]

875—91.7(89) Repairs and alterations to unfired steam pressure vessels. No single repair of an unfired steam pressure vessel shall involve replacement of more than 50 percent of the OEM's pressure-retaining boundary.

[ARC 5977C, IAB 10/20/21, effective 11/24/21]

875—91.8(89) Plugging boiler tubes. This rule does not apply to tubes in headers of economizers, evaporators, superheaters, or reheaters.

91.8(1) General requirements.

a. Leaky tubes shall be replaced or plugged.

b. Tube plugs shall be made of a material which is compatible with the material of the boiler tube being plugged and shall be welded into place or manufactured to be expanded into the tube sheet or drum.

c. All plugged boiler tubes shall be replaced prior to the next required certificate inspection.

d. The maximum number of tubes that shall be plugged is the lesser of the number specified by the OEM or the number specified by an engineer experienced in boiler design. Documentation of the maximum number of tubes that may be plugged as determined by the OEM or engineer shall be kept on site, and a copy shall be mailed to the division of labor services.

91.8(2) Fire tube boilers. In a fire tube boiler, a tube that is adjacent to a plugged tube shall not be plugged.

91.8(3) *Water tube boilers, unfired boilers, or process steam generators.* To determine the maximum number of tubes that may be plugged in a water tube boiler, unfired boiler, or process steam generator, an engineer experienced in boiler design shall consider the operational effect on the water side pressure boundary or membrane and the effect on the combustion process throughout the boiler. Water wall tubes may not be plugged if the tubes form a separation wall between products of combustion and the outside atmosphere or a separation of the gas passes in a multiple gas pass boiler.

[ARC 5977C, IAB 10/20/21, effective 11/24/21]

875—91.9(89) Boiler door latches. Rescinded ARC 0319C, IAB 9/5/12, effective 10/10/12.

875—91.10(89) Equipment room. This rule applies to existing and new installations except as noted in subrule 91.10(1).

91.10(1) *Clearances.*

a. All objects installed after December 1, 2021, shall be installed with the clearances identified in NBIC Part 1.

b. This paragraph applies to objects installed after September 20, 2006, and before December 1, 2021. Minimum clearance on all sides of objects shall be 24 inches, or the manufacturer's recommended service clearances if they allow sufficient room for inspection. Where a manufacturer identifies in the installation manual or other document that the unit requires more than 24 inches of service clearance, those dimensions shall be followed. Manholes shall have five feet of clearance between the manhole opening and any wall, ceiling or piping that would hinder entrance or egress from the object.

c. All objects installed prior to September 20, 2006, shall be so located that adequate space is provided for the proper operation, inspection, and necessary maintenance and repair of the object and its appurtenances.

91.10(2) *Condition of the equipment room.*

a. The roof, walls and floor of the equipment room shall be free from leaks and structurally sound.

b. The equipment room shall have drainage adequate to remove standing water from the floor.

c. The equipment room shall be free from materials that obstruct access to the objects, their setting, or operation.

d. Storage of flammable material or gasoline-powered equipment in the equipment room is prohibited.

91.10(3) *Exit from equipment room.* This subrule shall apply to an equipment room exceeding 500 square feet of floor area, containing at least one object, and containing fuel-burning equipment with at least a combined capacity of 1,000,000 Btu per hour or the equivalent electrical heat input. Two means of exit located remotely from one another shall be provided on each elevation for covered equipment rooms. A platform at the top of a single object or other equipment is not considered an elevation.

91.10(4) *Carbon monoxide detector or alarm.* The owner or user shall install a carbon monoxide detector or alarm in an equipment room where one or more fuel-fired objects are located.

a. The carbon monoxide detector or alarm shall have a visible display showing the parts per million value of the carbon monoxide that is detected.

b. The carbon monoxide detector or alarm shall be hardwired to the building power and shall have a battery backup with visible and audible alarms that identify when the battery backup power supply is low.

c. The carbon monoxide detector or alarm shall be tested daily and shall be calibrated in accordance with the manufacturer's recommendations, or every 18 months after installation of the detector. The testing and calibration shall be recorded in a log book that is readily accessible to the inspectors and owner's staff.

d. The carbon monoxide detector or alarm shall have visible and audible alarms capable of being heard and seen both inside and outside of the equipment room.

[ARC 5977C, IAB 10/20/21, effective 11/24/21]

875—91.11(89) Fall protection. The owner or user shall provide safe access to object parts over four feet high consistent with 29 CFR Subpart D, Walking-Working Surfaces, and 29 CFR 1910.140, Personal Fall Protection Systems.

[ARC 5977C, IAB 10/20/21, effective 11/24/21]

875—91.12(89) Exit from rooms containing objects. Rescinded ARC 5977C, IAB 10/20/21, effective 11/24/21.

875—91.13(89) Air and ventilation.

91.13(1) Notice concerning other rules. The division and the Iowa department of public safety both enforce requirements concerning air and ventilation. Objects that are covered by both sets of rules must comply with both sets of rules.

91.13(2) Documentation. Documentation of compliance with any requirement of this rule shall be maintained in the boiler room. However, it is not necessary to maintain documentation of the louvered area.

91.13(3) National combustion air standards.

a. Installations. Installations shall comply with the edition of NFPA 31, NFPA 54, NFPA 58, NFPA 85, or IMC currently adopted at rule 875—91.1(89) or with the Iowa combustion air standard in subrule 91.13(4). However, compliance with one of the listed NFPA codes constitutes compliance with this rule only if the object burns the fuel covered by the NFPA.

b. Existing objects. An adequate supply of combustion air shall be maintained for all objects while in operation. Compliance with the current edition of NFPA 31, NFPA 54, NFPA 58, NFPA 85, or IMC as adopted at rule 875—91.1(89) or with subrule 91.13(4) constitutes compliance with this rule. Compliance with an earlier edition of NFPA 31, NFPA 54, NFPA 58, NFPA 85, or IMC constitutes compliance with this rule. However, compliance with one of the listed NFPA codes constitutes compliance with this rule only if the object burns the fuel covered by the NFPA. Compliance with an earlier version of Iowa's combustion air rule constitutes compliance with this rule. Earlier versions of Iowa's combustion air rule are available from the board's staff upon request.

91.13(4) Iowa combustion air standard. A permanent source of outside air shall be provided for each room to permit satisfactory combustion of fuel and ventilation if necessary under normal operations. The minimum ventilation for coal, gas, or oil burners in rooms containing objects is based on the Btu's per hour, required air, and louvered area. The minimum net louvered area shall not be less than 1 square foot. The following table shall be used to determine the net louvered area in square feet:

INPUT (Btu's per hour)	MINIMUM AIR REQUIRED (cubic feet per minute)	MINIMUM LOUVERED AREA (net square feet)
500,000	125	1.0
1,000,000	250	1.0
2,000,000	500	1.6
3,000,000	750	2.5
4,000,000	1,000	3.3

INPUT (Btu's per hour)	MINIMUM AIR REQUIRED (cubic feet per minute)	MINIMUM LOUVERED AREA (net square feet)
5,000,000	1,200	4.1
6,000,000	1,500	5.0
7,000,000	1,750	5.8
8,000,000	2,000	6.6
9,000,000	2,250	7.5
10,000,000	2,500	8.3

When mechanical ventilation is used, the supply of combustion and ventilation air to the objects and the firing device shall be interlocked with the fan so the firing device will not operate with the fan off. The velocity of the air through the ventilating fan shall not exceed 500 feet per minute, and the total air delivered shall be equal to or greater than shown above.

[ARC 8283B, IAB 11/18/09, effective 1/1/10; ARC 3635C, IAB 2/14/18, effective 3/21/18; ARC 5977C, IAB 10/20/21, effective 11/24/21]

875—91.14(89) Condensate return tank. Condensate return tanks shall be equipped with at least two vents or a vent and overflow pipe to protect against a loose float plugging a single connection.

875—91.15(89) Conditions not covered. Any condition not governed by these rules shall be governed by the construction or installation code.

875—91.16(89) Nonstandard objects. Rescinded IAB 3/12/08, effective 4/16/08.

875—91.17(89) English language and U.S. customary units required. All documentation supplied for the unit including but not limited to the manufacturers' data report, drawings, parts lists, installation manuals, and operating manuals shall be in English, and all measurements shall be in U.S. customary units. All pressure gages, thermometers and other controls and safety devices shall also be in U.S. customary units.

875—91.18(89) National Board registration. Except for cast iron boilers and cast aluminum boilers, all objects shall be registered with the National Board.

[ARC 8283B, IAB 11/18/09, effective 1/1/10; ARC 3903C, IAB 7/18/18, effective 9/1/18]

875—91.19(89) ASME stamp. All objects shall bear the appropriate ASME stamp. Objects shall not be utilized in a manner inconsistent with the stamp.

[ARC 8283B, IAB 11/18/09, effective 1/1/10; ARC 3903C, IAB 7/18/18, effective 9/1/18]

875—91.20(89) CSD-1 reports and related documentation. Rescinded ARC 2589C, IAB 6/22/16, effective 7/27/16.

These rules are intended to implement Iowa Code chapter 89.

CHAPTER 94
STEAM HEATING BOILERS, HOT WATER HEATING BOILERS AND
HOT WATER SUPPLY BOILERS

[Prior to 9/24/86, Labor, Bureau of [530]]

[Prior to 1/14/98, see Labor Services[347] Ch 46]

[Prior to 8/16/06, see 875—Ch 207]

875—94.1(89) Scope. This chapter shall apply to:

94.1(1) Steam boilers for operation at pressures not exceeding 15 psig;

94.1(2) Hot water heating boilers for operation at pressures not exceeding 160 psig or temperatures not exceeding 250° F at or near the boiler outlet;

94.1(3) Hot water supply boilers.

[ARC 5977C, IAB 10/20/21, effective 11/24/21]

875—94.2(89) Codes adopted by reference. The codes listed in 875—Chapter 91 apply to objects covered by this chapter.

[ARC 8283B, IAB 11/18/09, effective 1/1/10]

875—94.3(89) General requirements. This rule applies to all objects covered by this chapter and installed prior to September 20, 2006.

94.3(1) Instruments, fittings and controls mounted inside boiler jackets. Any or all instruments, fittings and controls required by this chapter may be installed inside of boiler jackets provided the water gage and pressure gage on a steam boiler or the thermometer and pressure gage on a water boiler are visible through an opening or openings at all times.

94.3(2) Electrical code compliance.

a. Wiring. All wiring for controls, heat-generating apparatus and other appurtenances necessary for the operation of the boiler or boilers shall be in accordance with the National Electric Code (1992). All boilers supplied with factory-mounted and factory-wired controls, heat-generating apparatus and other appurtenances necessary for the operation of the boilers shall be installed in accordance with the provisions of nationally recognized standards.

b. Circuitry. The control circuitry shall be grounded and shall operate at 150 volts or less. One of the two following systems may be employed to provide the control circuit:

(1) Two-wire, nominal 120-volt system with separate equipment ground conductor as follows:

This system shall consist of the line, neutral and equipment ground conductors. The control panel frame and associated control circuitry metallic enclosures shall be electrically continuous and be bonded to the equipment ground conductor.

The equipment ground conductor and the neutral conductor shall be bonded together at their origin in the electrical system for objects installed prior to September 20, 2006.

The line side of the control circuit shall be provided with a time delay fuse sized as small as practicable.

(2) Two-wire, nominal 120-volt system obtained by using an isolation transformer as follows:

The two-wire control circuit shall be obtained from the secondary side of an isolation transformer, shall be electrically continuous and shall be bonded to a convenient cold water pipe. All metallic enclosures of control components shall be securely bonded to this ground control circuit wire. The primary side of the isolation transformer will normally be a two-wire source with a potential 230, 208 or 440 volts.

Both sides of the two-wire primary circuit shall be fused. The hot leg on the load side of the isolation transformer shall be fused as small as practicable, and shall not be fused above the rating of the isolation transformer.

94.3(3) Safety and safety relief valve discharge piping. When a discharge pipe is used, its internal cross-sectional areas shall not be less than the full area of the valve outlet or of the total of the valve outlets discharging therein and shall be as short and straight as possible and so arranged as to avoid undue stress on the valve or valves. When an elbow is placed on a safety valve or safety relief valve discharge pipe, the elbow shall be located close to the valve outlet.

94.3(4) Expansion and contraction. Provisions shall be made for the expansion and contraction of steam and hot water mains connected to boilers.

94.3(5) Return pipe connections. The return pipe connections of each boiler supplying a gravity-return steam heating system shall be so arranged as to form a loop so that the water in each boiler cannot be forced out below the safe water level.

94.3(6) Feed water connections.

a. Feed water, makeup water or water treatment shall be introduced into a boiler through the return piping system. Alternatively, makeup water or water treatment may be introduced through an independent connection. The water flow from the independent feed water connection shall not discharge against parts of the boiler exposed to direct radiant heat from the fire. Makeup water or water treatment shall not be introduced through openings or connections provided for inspection, cleaning, safety valves, safety-relief valves, blowoffs, water columns, water gage glasses, pressure gages or temperature gages.

b. The makeup water pipe shall be provided with a check valve near the boiler and a stop valve or cock between the check valve and the boiler or between the check valve and the return pipe system.

94.3(7) Oil heaters.

a. A heater for oil or other liquid harmful to boiler operation shall not be installed directly in the steam or water space within a boiler.

b. Where an external-type heater for such service is used, means shall be provided to prevent the introduction into the boiler of oil or other liquid harmful to boiler operation.

94.3(8) Bottom blowoff or drain valve.

a. Each boiler shall have a bottom blowoff or drain pipe connection fitted with a valve or cock connected with the lowest water space practicable, with the minimum size of blowoff piping and valves as specified below:

Minimum Required Safety or Safety-Relief Valve Capacity (Pounds of Steam Per Hour)	Size of Blowoff Valves (Inches)
Up to 500	$\frac{3}{4}$
501 to 1250	1
1251 to 2500	1 $\frac{1}{4}$
2501 to 6000	1 $\frac{1}{2}$
6001 and larger	2

NOTE: Multiply 1,000 by the relieving capacity in pounds of steam per hour to determine the Btu's of safety relief valve discharge capacity.

b. Any discharge piping connected to bottom blowoff or bottom drain connections shall be full size to the point of discharge.

94.3(9) Low-water fuel cutoff.

a. Each automatically fired hot water heating boiler shall have an automatic low-water fuel cutoff which has been designed for hot water service, and it shall be so located as to automatically cut off the fuel supply when the surface of the water falls to the level established.

b. As there is no normal waterline to be maintained in a hot water heating boiler, any location of the low-water fuel cutoff above the lowest safe permissible water level established by the boiler manufacturer is satisfactory.

c. A coil-type boiler or a watertube boiler requiring forced circulation to prevent overheating of the coils or tubes shall have a flow-sensing device installed in the outlet piping in lieu of the low-water fuel cutoff to automatically cut off the fuel supply when the circulating flow is interrupted.

[ARC 8283B, IAB 11/18/09, effective 1/1/10]

875—94.4(89) Steam heating boilers installed before July 1, 1960. All steam heating boilers installed before July 1, 1960, shall be constructed and installed in accordance with this rule.

94.4(1) Safety valves.

a. Each steam boiler shall have one or more safety valves bearing the National Board “HV” stamp of the spring-pop type adjusted and sealed to discharge at a pressure not to exceed 15 psig. Seals shall be attached in a manner to prevent the valve from being taken apart without breaking the seal. The safety valves shall be arranged so that they cannot be set to relieve at a higher pressure than the maximum allowable working pressure of the boiler. For iron and steel bodied valves exceeding 2-inch pipe size, the drain hole or holes shall be tapped not less than 3/8-inch pipe size.

b. The safety valves shall be located in the top or side of the boiler. They shall be connected directly to a tapped or flanged opening in the boiler, to a fitting connected to the boiler by a short nipple, to a Y-base, or to a valveless header connecting steam or water outlets on the same boiler. Coil or header type boilers shall have the safety valve located on the steam outlet end. Safety valves shall be installed with their spindles vertical. The opening or connection between the boiler and any safety valve shall have at least the area of the valve inlet.

c. Safety valves ½-inch or more in diameter that are installed on a steam boiler shall have a hand-lifted device that will positively lift the disk from its seat at least 1/16 inch when there is no pressure in the boiler. The seats and disks shall be of noncorrosive material.

d. Safety valves for a steam boiler shall be at least ½ inch unless the boiler and radiating surfaces consist of a self-contained unit. Safety valves shall not be larger than 4½ inches. The inlet opening shall have an inside diameter equal to or greater than the seat diameter.

e. The minimum relieving capacity of the valve or valves shall be governed by the capacity marking on the boiler.

f. The minimum valve capacity in pounds per hour shall be equal to the steam generation as specified in 875—subrules 92.7(9) and 92.7(10).

g. The safety valve capacity for each steam boiler shall be such that with the fuel burning equipment operated at maximum capacity the pressure will not rise more than 5 percent above the maximum allowable working pressure.

h. When operating conditions are changed or additional boiler heating surface is installed, the valve capacity shall meet the new conditions.

94.4(2) Steam gages.

a. Each steam boiler shall have a steam gage or a compound steam gage connected to its steam space, its water column, or to its steam connection. The gage or connection shall contain a siphon or equivalent device that will develop and maintain a water seal that will prevent steam from entering the gage tube. The connection shall be so arranged that the gage cannot be shut off from the boiler except by a cock placed in the pipe at the gage and provided with a tee or lever-handle arranged to be parallel to the pipe in which it is located when the cock is open. The connections to the boiler shall be not less than ¼-inch standard pipe size, but where steel or wrought-iron pipe or tubing is used, it shall be not less than ½-inch standard pipe size. The minimum size of a siphon, if used, shall be ¼-inch inside diameter. Ferrous and nonferrous tubing having inside diameters at least equal to that of standard pipe size listed above may be substituted for pipe.

b. The scale on the dial of a steam boiler gage shall be graduated to not less than 30 psig nor more than 60 psig. The travel of the pointer from zero to 30 psig pressure shall be at least 3 inches on a compound gage, and effective stops shall be set at the limits of the gage readings on both the pressure and vacuum sides of the gage.

94.4(3) Water gage glasses.

a. Each steam boiler shall have one or more water gage glasses attached to the water column or boiler by means of valved fittings not less than ½-inch pipe size with the lower fittings provided with a drain valve having an unrestricted drain opening not less than ¼-inch diameter to facilitate cleaning. Gage glass replacement shall be possible under pressure. Water gage glass fittings may be attached directly to a boiler.

b. The lowest visible part of the water gage glass shall be at least 1 inch above the lowest permissible water level recommended by the boiler manufacturer. With the boiler operating at this lowest permissible water level, there shall be no danger of overheating any part of the boiler.

c. Transparent material other than glass may be used for the water gage provided that the material will remain transparent and has proved suitable for the pressure, temperature and corrosive conditions expected in service.

94.4(4) *Water column and water level control pipes.*

a. The minimum size of ferrous or nonferrous pipes connecting a water column to a steam boiler shall be 1 inch. No outlet connections, except for damper regulator, feedwater regulator, steam gages or apparatus which does not permit the escape of any steam or water, except for manually operated blowdowns, shall be attached to a water column or the piping connecting a water column to a boiler. If the water column, gage glass, low-water fuel cutoff or other water level control device is connected to the boiler by pipe and fittings, no shutoff valves of any type shall be placed in such pipe, and a cross or equivalent fitting to which a drain valve and piping may be attached shall be placed in the water piping connection at every right angle to facilitate cleaning. The water column drainpipe and valve shall be not less than 3/4-inch pipe size.

b. The steam connections to the water column of a horizontal firetube wrought boiler shall be taken from the top of the shell or the upper part of the head, and the water connection shall be taken from a point not above the center line of the shell. For a cast iron boiler, the steam connection to the water column shall be taken from the top of an end section or the top of the steam header, and the water connections shall be made on an end section not less than 6 inches below the bottom connection to the water gage glass.

94.4(5) *Pressure control.*

a. In addition to the operating control for normal boiler operation, each individual, automatically fired steam heating boiler shall have a high-limit, pressure-actuated combustion control that will cut off the fuel supply to prevent the pressure from rising over 15 psig. The separate controls may have a common connection to the boiler. Upon replacement of the high-limit, pressure-actuated combustion control, controls with manual reset shall be installed.

b. In a multiple boiler installation where the operating pressure control may be installed in a header or other point common to all boilers and could be isolated from any or all of the boilers, there shall be at least one high-limit, pressure-actuated combustion control mounted on each boiler.

c. No shutoff valve of any type shall be placed in the connection to the high-limit, pressure-actuated control. The control or connections shall contain a siphon or equivalent device that will develop and maintain a water seal that will prevent steam from entering the control. The connections to the boiler shall not be less than 1/4-inch standard pipe size, but where steel or wrought-iron pipe or tubing is used, the fittings shall be not less than 1/2-inch standard pipe size. The minimum size of a siphon, if used, shall be 1/4-inch inside diameter. Ferrous and nonferrous tubing having inside diameters at least equal to that of standard pipe size listed above may be substituted for pipe where a manifold is used for a multiple control. The connection to the boiler shall not be less than 1/4-inch standard pipe size.

94.4(6) *Automatic low-water fuel cutoff or water-feeding device.*

a. Each automatically fired steam or vapor system boiler shall have an automatic low-water fuel cutoff so located as to automatically cut off the fuel supply when the surface of the water falls to the lowest visible part of the water gage glass. If a water-feeding device is installed, it shall be so constructed that the water inlet valve cannot feed water into the boiler through the float chamber and so located as to supply requisite feedwater.

b. A fuel cutoff or water-feeding device may be attached directly to a boiler or in the tapped openings available for attaching a water glass directly to a boiler. Connections in the tapped openings shall be made to the boiler with nonferrous tees or "Y"s not less than 1/2-inch pipe size between the boiler and the water glass so that the water glass is attached directly and as closely as possible to the boiler. The run of the tee or "Y" shall take the water glass fittings, and the side outlet or branch of the tee or "Y" shall take the fuel cutoff or water-feeding device. The ends of all nipples shall be reamed to full-size diameter.

c. Fuel cutoffs and water-feeding devices embodying a separate chamber shall have a vertical straightway drainpipe and a blowoff valve not less than 3/4-inch pipe size located at the lowest point in

the water equalizing pipe connections so that the chamber and the equalizing pipe can be flushed and the device tested.

94.4(7) Stop valves for single steam heating boilers. When a stop valve is used in the supply pipe connection of a single steam boiler, there shall be one used in the return pipe connection.

94.4(8) Stop valves for multiple steam heating boilers. A stop valve shall be used in each supply and return pipe connection of two or more boilers connected to a common system.

875—94.5(89) Hot water heating boilers installed before July 1, 1960. Hot water heating boilers installed before July 1, 1960, shall be constructed and installed in accordance with this rule.

94.5(1) Safety relief valves.

a. Each hot water heating boiler shall have at least one safety relief valve bearing the National Board “HV” stamp of the automatic-resetting type set to relieve at or below the maximum allowable working pressure of the boiler. The safety relief valve shall have pop action when tested by steam. When more than one safety relief valve is used on a hot water heating boiler, the additional valve or valves must bear the National Board “HV” stamp and may be set within a range not to exceed 6 psig above the maximum allowable working pressure of the boiler up to and including 60 psig and 5 percent for those having a maximum allowable working pressure exceeding 60 psig. Safety relief valves shall be so arranged that they cannot be reset to relieve at a higher pressure.

b. No safety relief valve shall be smaller than 3/4-inch nor larger than 4½-inch standard pipe size, except those boilers having a heat input not greater than 15,000 Btu’s per hour may be equipped with a safety relief valve of ½-inch standard pipe size bearing the National Board “HV” stamp. The inlet opening shall have an inside diameter equal to or greater than the seat diameter. In no case shall the minimum opening through any part of the valve be less than ½-inch diameter.

94.5(2) Temperature and pressure gage.

a. Each hot water boiler shall have a temperature and pressure gage properly calibrated to the altitude connected to it or to its flow connection in such a manner that it cannot be shut off from the boiler except by a cock with tee or lever handle placed on the pipe near the gage. The handle of the cock shall be parallel to the pipe in which it is located when the cock is open.

b. The scale on the dial of the temperature and pressure gage shall be graduated approximately to not less than one and one-half nor more than three times the pressure at which the safety relief valve is set. The gage shall be provided with effective stops for the indicating pointer at the zero point and at the maximum pressure point.

c. The temperature gage shall be so located and connected that it shall be easily readable. The thermometer shall be so located that it shall at all times indicate the temperature in degrees Fahrenheit of the water in the boiler at or near the outlet.

d. Piping or tubing for temperature and pressure gage connections shall be of nonferrous metal when smaller than 1-inch pipe size.

94.5(3) Temperature control.

a. In addition to the operating control used for normal boiler operation, each individual, automatically fired hot water boiler shall have a separate high-limit, temperature-actuated combustion control that will cut off the fuel supply to prevent the temperature of the water from rising over 250° F. Separate controls may have a common connection to the boiler.

b. In a multiple boiler installation where the operating temperature actuated control may be installed in a header or other point common to all boilers and can be isolated from any or all of the boilers, there shall be at least one high-limit, temperature-actuated combustion control mounted on each boiler.

94.5(4) Low-water fuel cutoff. Rescinded IAB 11/18/09, effective 1/1/10.

94.5(5) Stop valves.

a. On single hot water heating boilers, stop valves shall be located at an accessible point in the supply and return pipe connections as near the boiler nozzle as is convenient and practicable to permit draining the boiler without emptying the system.

b. Where two or more boilers are connected in a common system, a stop valve shall be used in each boiler's supply and return pipe connection.

94.5(6) Provisions for thermal expansion in hot water heating system.

a. All hot water heating systems incorporating hot water tanks or fluid relief columns shall be so installed as to prevent freezing under normal operating conditions.

b. Systems with open expansion tanks require an indoor overflow from the upper portion of the expansion tank in addition to an open vent. The indoor overflow is to be carried within the building to a suitable plumbing fixture or to the basement.

c. An expansion tank adequate for the volume and capacity of the system shall be installed. If the system is designed for a working pressure of 30 psi or less, the tank shall be suitably designed for a minimum hydrostatic test pressure of 75 psi. Expansion tanks for systems designed to operate above 30 psi shall be constructed in accordance with ASME Code, Section VIII, Division I, in effect when installed. Provisions shall be made for draining the tank without emptying the system, except for prepressurized tanks.

d. The expansion tank capacities for gravity hot water heating systems shall be as follows:

Sq. Ft. of Installed Equivalent	Tank Capacity
Direct Radiation	Gallons
Up to 350	18
Up to 450	21
Up to 650	24
Up to 900	30
Up to 1100	35
Up to 1400	40
Up to 1600	2-30
Up to 1800	2-30
Up to 2000	2-35
Up to 2400	2-40
2400 and up	1 additional gallon per 33 square feet of additional equivalent direction radiation

e. The expansion tank capacities for forced hot water heating systems shall be based on an average operating water temperature of 195°F, a fill pressure of 12 psig, and a maximum operating pressure of 30 psig as follows:

System Volume, Gallons	Tank Capacity, Gallons
100	15
200	30
300	45
400	60
500	75
1,000	150
2,000	300

In calculating, include the volume of water in boiler, radiation and piping but not the expansion tank.

875—94.6(89) Hot water supply boilers installed before July 1, 1960.

94.6(1) Scope. This rule establishes minimum requirements for installation, operation, and inspection of hot water supply boilers installed before July 1, 1960, when any of the following limitations are exceeded:

- a. Heat input of 200,000 Btu's per hour.
- b. Water temperature of 210°F.
- c. A water containing capacity of 120 gallons.

94.6(2) Safety relief valves. Each hot water supply boiler must have at least one pressure and temperature relief valve bearing the National Board "HV" stamp installed on the hot water outlet line.

94.6(3) Safety valves and safety relief valves for tanks and heat exchangers.

a. When a hot water supply vessel is heated indirectly by steam in a coil or pipe, the pressure of the steam used shall not exceed the safe working pressure of the tank. A safety relief valve at least 1 inch in diameter shall be installed on the tank and shall be set to relieve at or below the maximum allowable working pressure of the tank.

b. When water over 160° F is circulated through the coils or tubes of a heat exchanger to warm the water for space heating or hot water supply, the heat exchanger shall be equipped with one or more safety relief valves bearing the National Board "HV" stamp of sufficient rated capacity to prevent the heat exchanger pressure from rising more than 10 percent above the maximum allowable working pressure of the vessel. The valves shall be set to relieve at or below the maximum allowable working pressure of the heat exchanger.

c. When water over 160° F is circulated through the coils or tubes of a heat exchanger to generate low-pressure steam, the heat exchanger shall be equipped with one or more safety valves bearing the National Board "HV" stamp of sufficient rated capacity to prevent the heat exchanger pressure from rising more than 5 psig above the maximum allowable working pressure of the vessel. The valves shall be set to relieve at a pressure not to exceed 15 psig.

94.6(4) Gages. Temperature and pressure gages shall be installed in accordance with 94.5(2).

94.6(5) Temperature controls. Temperature controls shall be installed in accordance with 94.5(3).

94.6(6) Stop valves.

a. Stop valves shall be placed in the supply and return pipe connections of a single hot water supply boiler installation to permit draining the boiler without emptying the system.

b. Where two or more boilers are connected in a common system, a stop valve shall be used in each boiler's supply and return pipe connection.

94.6(7) Thermal expansion. If a system is equipped with a check valve or pressure-reducing valve in the cold water inlet line, an airtight expansion tank or other suitable air cushion shall be installed. When an expansion tank is provided, it shall be constructed in accordance with the ASME Code, Section VIII, Division 1, in effect when installed, for a maximum allowable working pressure equal to or greater than the water heater. Except for prepressurized tanks, provisions shall be made for draining the tank without emptying the system.

These rules are intended to implement Iowa Code chapter 89.
