

secretary may seek judicial enforcement of the cease and desist order in any district court.

Sec. 13. For the initial advisory committee, four members shall be appointed for two-year terms and three members shall be appointed for four-year terms.

Approved April 17, 1984

CHAPTER 1099
PUBLIC WATER SUPPLY SYSTEMS
H.F. 2387

AN ACT relating to the authority of the department of water, air and waste management over public water supply systems.

Be It Enacted by the General Assembly of the State of Iowa:

Section 1. Section 455B.183, subsection 1 and unnumbered paragraph 4, Code Supplement 1983, are amended to read as follows:

1. The construction, installation or modification of any disposal system or public water supply system or part thereof or any extension or addition thereto except those sewer extensions and water supply distribution system extensions that are subject to review and approval by a city or county public works department pursuant to this section and private sewage disposal systems. A permit shall be issued for the construction, installation or modification of a public water supply ~~distribution~~ system or part of a system if a qualified, registered engineer certifies to the commission that the plans for the system or part of the system meet the requirements of state and federal law or regulations. The permit shall state that approval is based only upon the engineer's certification that the system's design meets the requirements of all applicable state and federal laws and regulations and the review of the department shall be advisory.

Plans and specifications for all other waste disposal systems and public water supply systems, including sewer extensions and water supply distribution system extensions not reviewed by a city or county public works department under this section, shall be submitted to the department before a written permit may be issued. Plans and specifications for public water supply systems and water supply distribution system extensions must be certified by a registered engineer as provided in subsection 1. The construction of any such waste disposal system or public water supply system shall be in accordance with standards formulated and adopted by the commission pursuant to section 455B.173, subsections 6 to 9, ~~or otherwise approved by the department.~~ If it is necessary or desirable to make material changes in the plans or specifications, revised plans or specifications together with reasons for the proposed changes must be submitted to the department for a supplemental written permit. The revised plans and specifications for a public water supply system must be certified by a registered engineer as provided in subsection 1.

Sec. 2. Section 455B.220 is amended by adding the following new subsection:

NEW SUBSECTION. 3. A certificate of proper classification may be issued without examination to operators of a water distribution system in which water is conveyed from a supply point to the premises of consumers without treatment which in some way alters the physical, chemical, or bacteriological quality of the water and which serves a population of not more than two hundred fifty persons. Renewals of those certificates issued shall be governed by the provisions of this part 2 of division III and rules promulgated pursuant to this part. Notwithstanding chapter 258A, continuing education requirements shall not be imposed as a condition of certificate renewal for certificates issued under this subsection.

Approved April 17, 1984

CHAPTER 1100
GRAIN DEALER AND WAREHOUSE FEES
H.F. 2391

AN ACT relating to license fees, inspection fees, and other fees charged by the commerce commission under chapters 542 and 543.

Be It Enacted by the General Assembly of the State of Iowa:

Section 1. Section 542.5, unnumbered paragraph 1, Code 1983, is amended to read as follows:

Upon the filing of the application and compliance with the terms and conditions of this chapter and rules of the commission, the commission shall issue a license to the applicant. The license shall terminate on the thirtieth of June of each year. A grain dealer's license may be renewed annually by the filing of a renewal fee and a renewal application on a form prescribed by the commission. An application for renewal shall be received by the commission before the thirtieth of June. A grain dealer license which has terminated may be reinstated by the commission upon receipt of a proper renewal application, the renewal fee, and penalty the reinstatement fee in the amount of fifty dollars from the grain dealer, provided that such materials are as provided in section 542.6 if filed within thirty days from the date of termination of the grain dealer license. The commission may cancel a license upon request of the licensee unless a complaint or information is filed against the licensee alleging a violation of a provision of this chapter.

Sec. 2. Section 542.6, Code 1983, is amended by striking the section and inserting in lieu thereof the following:

542.6 FEES. The commission shall charge the following fees for deposit in the general fund:

1. For the issuance or renewal of a license for a grain dealer and for any inspection of a grain dealer, the fee shall be determined on the basis of dollar volume of all grain purchased the previous calendar year as follows:

a. If the total purchased is one hundred thousand dollars or less, the license fee is forty dollars and the inspection fee is fifty dollars.
