

CHAPTER 6

MEDIA AND EDUCATIONAL SERVICES FUNDING FOR AREA EDUCATION AGENCIES S.F. 141

AN ACT relating to media and educational services funding for area education agencies.

Be It Enacted by the General Assembly of the State of Iowa:

Section 1. Section 257.15, subsection 1, Code 1991, is amended to read as follows:

1. **PROPERTY TAX ADJUSTMENT FOR 1991-1992.** For the budget year beginning July 1, 1991, the department of management shall calculate for each district the difference between the sum of the revenues generated by the foundation property tax and the additional property tax in the district calculated under this chapter and the revenues that would have been generated by the foundation property tax and the additional property tax in that district for that budget year calculated under chapter 442, Code 1989, if chapter 442 were in effect, except that the revenues that would have been generated by the additional property tax levy under chapter 442 shall not include revenues generated for the school improvement program. However in making the calculation of the difference in revenues under this subsection, the department shall not include the revenues generated under section 257.37 and under chapter 442, Code 1989, for funding media and educational services through the area education agencies. If the property tax revenues for a district calculated under this chapter exceed the property tax revenues for that district calculated under chapter 442, Code 1989, the department of management shall reduce the revenues raised by the additional property tax levy in that district under this chapter by that difference and the department of education shall pay property tax adjustment aid to the district equal to that difference from moneys appropriated for property tax adjustment aid.

Sec. 2. **NEW SECTION. 257.37 FUNDING MEDIA AND EDUCATIONAL SERVICES.**

Media services and educational services provided through the area education agencies shall be funded, to the extent provided, by an addition to the combined district cost of each school district, determined as follows:

1. For the budget year beginning July 1, 1991, and succeeding budget years, the total amount funded in each area for media services shall be computed as provided in this subsection. For the budget year beginning July 1, 1991, the total amount funded in each area for media services in the base year, including the cost for media resource material which shall only be used for the purchase or replacement of material required in section 273.6, subsection 1, paragraphs "a", "b", and "c", shall be divided by the enrollment served in the base year to provide an area media services cost per pupil in the base year, and the department of management shall compute the state media services cost per pupil in the base year which is equal to the average of the area media services costs per pupil in the base year. For the budget year beginning July 1, 1991, and succeeding budget years, the department of management shall compute the allowable growth for media services in the budget year by multiplying the state media services cost per pupil in the base year times the state percent of growth for the budget year, and the total amount funded in each area for media services cost in the budget year equals the area media services cost per pupil in the base year plus the allowable growth for media services in the budget year times the enrollment served in the budget year. Funds shall be paid to area education agencies as provided in section 257.35.

2. For the budget year beginning July 1, 1991, the per pupil amount included in the media services amount per pupil shall be the per pupil amount included in the base year for media resources plus the allowable growth amount per pupil for media resources for the budget year.

3. For the budget year beginning July 1, 1991, and succeeding budget years, the total amount funded in each area for educational services shall be computed as provided in this subsection. For the budget year beginning July 1, 1991, the total amount funded in each area for educational services in the base year shall be divided by the enrollment served in the area in the base year to provide an area educational services cost per pupil in the base year, and

the department of management shall compute the state educational services cost per pupil in the base year, which is equal to the average of the area educational services costs per pupil in the base year. For the budget year beginning July 1, 1991, and succeeding budget years, the department of management shall compute the allowable growth for educational services by multiplying the state educational services cost per pupil in the base year times the state percent of growth for the budget year, and the total amount funded in each area for educational services for the budget year equals the area educational services cost per pupil for the base year plus the allowable growth for educational services in the budget year times the enrollment served in the area in the budget year. Funds shall be paid to area education agencies as provided in section 257.35.

4. "Enrollment served" means the basic enrollment plus the number of nonpublic school pupils served with media services or educational services, as applicable, except that if a nonpublic school pupil or a pupil attending another district under a whole-grade sharing agreement or open enrollment receives services through an area other than the area of the pupil's residence, the pupil shall be deemed to be served by the area of the pupil's residence, which shall by contractual arrangement reimburse the area through which the pupil actually receives services. Each school district shall include in the third Friday in September enrollment report the number of nonpublic school pupils within each school district for media and educational services served by the area.

5. If an area education agency does not serve nonpublic school pupils in a manner comparable to services provided public school pupils for media and educational services, as determined by the state board of education, the state board shall instruct the department of management to reduce the funds for media services and educational services one time by an amount to compensate for such reduced services. The media services budget shall be reduced by an amount equal to the product of the cost per pupil in basic enrollment for the budget year for media services times the difference between the enrollment served and the basic enrollment recorded for the area. The educational services budget shall be reduced by an amount equal to the product of the cost per pupil in basic enrollment for the budget year for educational services times the difference between the enrollment served and the basic enrollment recorded for the area.

This subsection applies only to media and educational services which cannot be diverted for religious purposes.

Notwithstanding this subsection, an area education agency shall distribute to nonpublic schools media materials purchased wholly or partially with federal funds in a manner comparable to the distribution of such media materials to public schools as determined by the director of the department of education.

Sec. 3. This Act takes effect upon enactment.

Approved March 7, 1991
