515J.2 Purpose.

The purpose of [this chapter](#) is to provide for the protection of lives and property from the peril of flood, and to encourage a robust private primary residential flood insurance market to provide consumer choices and alternatives to the existing national flood insurance program.

[2021 Acts, ch 73, §2](#)

515J.3 Intent.

It is the intent of the legislature that [this chapter](#) shall not restrict the use of existing filings by an insurer, or limit the ability of authorized insurers to provide flood insurance coverage in this state of any type other than primary residential flood insurance.

[2021 Acts, ch 73, §3](#)

515J.4 Definitions.

For purposes of [this chapter](#), unless the context otherwise requires:

1. “*Authorized insurer*” means an insurer authorized by the commissioner to write insurance under a certificate of authority issued by the commissioner to transact insurance in this state.

2. “*Commissioner*” means the commissioner of insurance.

5. “*Primary residential flood insurance*” means an insurance policy covering losses from flood to residential property, other than commercial property, written in this state by any authorized insurer and that is not written to apply coverage in excess of the coverage provided under another flood insurance policy, including a policy issued by a private insurer or by the national flood insurance program.

[2021 Acts, ch 73, §4](#)

515J.5 Rates.

1. Rates established pursuant to [this section](#) for flood insurance issued pursuant to [this chapter](#) shall not be subject to prior approval by the commissioner. An insurer shall attest that all rates are based on actuarial data, methodologies, standards, and guidelines relating to floods that are not excessive, inadequate, or unfairly discriminatory. The commissioner

may audit an insurer's flood rates to ensure compliance with applicable state laws and administrative rules.

2. An insurer shall file with the commissioner all rates and any changes to such rates which the insurer proposes to use. A filing must state the proposed effective date, indicate the character and extent of the coverage contemplated, include the name of the insurer, and include the average statewide percentage change in rates. Actuarial data with regard to rates for flood coverage must be maintained by the insurer for two years after the effective date of a rate change.

[2021 Acts, ch 73, §5](#)

515J.6 Forms.

The commissioner may require, through the application of the state's existing regulatory system, all of the following:

1. That an authorized insurer file all forms for primary residential flood insurance coverage.

515J.8 Notice to consumers — special flood hazard areas.

1. Before placing an applicant whose property is located in a special flood hazard area with private flood insurance, an insurance producer, surplus lines broker, or an authorized insurer upon the authorized insurer's election or if there is not an insurance producer or surplus lines broker, shall provide notice to the applicant of the following:

a. Of the existence of the national flood insurance program if the applicant does not currently have flood coverage under the national flood insurance program.

b. That flood coverage under the national flood insurance program may be provided at a subsidized rate, and that the full-risk rate for flood insurance may apply to the applicant's property if the applicant later seeks to reinstate coverage under the program.

2. [This section](#) is repealed effective thirty calendar days after enactment of federal legislation mandating that an insured may switch between private flood insurance and flood insurance under the national flood insurance program without risk of penalty. [2021 Acts, ch 73, §10](#)

515J.11 Property insurance market participation.
