147A.13A Physician exception.

This subchapter shall not restrict a physician from staffing an authorized service program if the physician can document equivalency through education and additional skills training essential in the delivery of out-of-hospital emergency care. The equivalency shall be accepted when:

1. Documentation has been reviewed and approved at the local level by the medical director of the service program in accordance with the rules of the board of medicine adopted after consultation with the department.
2. Authorization has been granted to that service program by the department.
