1. Each licensing board shall require and issue rules for continuing education requirements as a condition to license renewal.

2. The rules shall create continuing education requirements at a minimum level prescribed by each licensing board. These boards may also establish continuing education programs to assist a licensee in meeting such continuing education requirements. Such rules shall also:

c. Attempt to express continuing education requirements in terms of uniform and widely recognized measurement units.

d. Establish guidelines, including guidelines in regard to the monitoring of licensee participation, for the approval of continuing education programs that qualify under the continuing education requirements prescribed.

e. Not be implemented for the purpose of limiting the size of the profession or occupation.

f. Define the status of active and inactive licensure and establish appropriate guidelines for inactive licensee re-entry.

3. The state board of engineering and land surveyors, the board of architectural examiners, the board of landscape architectural examiners, and the department of natural resources shall cooperate with each other and with persons who typically offer continuing education courses for design professionals to make available energy efficiency related continuing education courses, and to encourage interdisciplinary cooperation and education concerning available energy efficiency strategies for employment in the state's construction industry.

272C.3 Authority of licensing boards.

1. Notwithstanding any other provision of this chapter, each licensing board shall have the powers to:

a. Administer and enforce the laws and administrative rules provided for in this chapter and any other statute to which the licensing board is subject;

b. Adopt and enforce administrative rules which provide for the partial re-examination of the professional licensing examinations given by each licensing board;

c. Review or investigate, or both, upon written complaint or upon its own motion pursuant to other evidence received by the board, alleged acts or omissions which the board reasonably believes constitute cause under applicable law or administrative rule for licensee discipline;

d. Determine in any case whether an investigation, or further investigation, or a disciplinary proceeding is warranted. Notwithstanding the provisions of chapter 17A, a determination by a licensing board that an investigation is not warranted or that an investigation should be closed without initiating a disciplinary proceeding is not subject to judicial review pursuant to section 17A.19;

e. Initiate and prosecute disciplinary proceedings;

f. Impose licensee discipline;

g. Petition the district court for enforcement of its authority with respect to licensees or with respect to other persons violating the laws which the board is charged with administering;

h. Register or establish and register peer review committees;

i. Refer to a registered peer review committee for investigation, review, and report to the board, any complaint or other evidence of an act or omission which the board reasonably believes to constitute cause for licensee discipline. However, the referral of any matter shall not relieve the board of any of its duties and shall not divest the board of any authority or jurisdiction;

j. Determine and administer the renewal of licenses for periods not exceeding three years.

k. Establish a licensee review committee for the purpose of evaluating and monitoring licensees who are impaired as a result of alcohol or drug abuse, dependency, or addiction, or by any mental or physical disorder or disability, and who self-report the impairment to the committee, or who are referred by the board to the committee. The board shall adopt rules for the establishment and administration of the committee, including but not limited to establishment of the criteria for eligibility for referral to the committee and the grounds for disciplinary action for noncompliance with committee decisions. Information in the possession of the board or the licensee review committee, under this paragraph, shall be subject to the confidentiality requirements of section 272C.6. Referral of a licensee by the board to a licensee review committee shall not relieve the board of any duties of the board and shall not divest the board of any authority or jurisdiction otherwise provided. A licensee who violates section 272C.10 or the rules of the board while under review by the licensee review committee shall be referred to the board for appropriate action.

2. Each licensing board may impose one or more of the following as licensee discipline:

a. Revoke a license, or suspend a license either until further order of the board or for a specified period, upon any of the grounds specified in section 147.55, 148.6, 148B.7, 152.10, 153.34, 154A.24, 169.13, 455B.219, 542.10, 542B.21, 543B.29, 544A.13, 544B.15, or 602.3203 or chapter 151, 155, 507B, or 522B, as applicable, or upon any other grounds specifically provided for in this chapter for revocation of the license of a licensee subject to the jurisdiction of that board, or upon failure of the licensee to comply with a decision of the board imposing licensee discipline;

b. Revoke, or suspend either until further order of the board or for a specified period, the privilege of a licensee to engage in one or more specified procedures, methods, or acts incident to the practice of the profession, if pursuant to hearing or stipulated or agreed settlement the board finds that because of a lack of education or experience, or because of negligence, or careless acts or omissions, or because of one or more intentional acts or omissions, the licensee has demonstrated a lack of qualifications which are necessary to assure the residents of this state a high standard of professional and occupational care;

c. Impose a period of probation under specified conditions, whether or not in conjunction with other sanctions;

d. Require additional professional education or training, or re-examination, or any combination, as a condition precedent to the reinstatement of a license or of any privilege incident thereto, or as a condition precedent to the termination of any suspension;

e. Impose civil penalties by rule, if the rule specifies which offenses or acts are subject to civil penalties. The amount of civil penalty shall be in the discretion of the board, but shall not exceed one thousand dollars. Failure to comply with the imposition of a civil penalty may be grounds for further license discipline;

f. Issue a citation and warning respecting licensee behavior which is subject to the imposition of other sanctions by the board.

3. The powers conferred by this section upon a licensing board shall be in addition to powers specified elsewhere in the Code. The powers of any other person specified elsewhere in the Code shall not limit the

powers of a licensing board conferred by this section, nor shall the powers of such other person be deemed limited by the provisions of this section.

4. Nothing contained in this section shall be construed to prohibit informal stipulation and settlement by a board and a licensee of any matter involving licensee discipline. However, licensee discipline shall not be agreed to or imposed except pursuant to a written decision which specifies the sanction and which is entered by the board and filed.

All health care boards shall file written decisions which specify the sanction entered by the board with the Iowa department of public health which shall be available to the public upon request. All nonhealth-care boards shall have on file the written and specified decisions and sanctions entered by the board and shall be available to the public upon request.

272C.4 Duties of board.

Each licensing board shall have the following duties in addition to other duties specified by this chapter or elsewhere in the Code:

1. Establish procedures by which complaints which relate to licensure or to licensee discipline shall be received and reviewed by the board;
2. Establish procedures by which disputes between licensees and clients which result in judgments or settlements in or of malpractice claims or actions shall be investigated by the board;
3. Establish procedures by which any recommendation taken by a peer review committee shall be reported to and reviewed by the board if a peer review committee is established;
4. Establish procedures for registration with the board of peer review committees if a peer review committee is established;
5. Define by rule those recommendations of peer review committees which shall constitute disciplinary recommendations which must be reported to the board if a peer review committee is established;
6. Define by rule acts or omissions which are grounds for revocation or suspension of a license under section 147.55, 148.6, 148B.7, 152.10, 153.34, 154A.24, 169.13, 455B.219, 542.10, 542B.21, 543B.29, 544A.13, 544B.15, or 602.3203 or chapter 151, 155, 507B or 522B, as applicable, and to define by rule acts or omissions which constitute negligence, careless acts or omissions within the meaning of section 272C.3,

subsection 2, paragraph "b", which licensees are required to report to the board pursuant to section 272C.9, subsection 2;

7. Establish the procedures by which licensees shall report those acts or omissions specified by the board pursuant to subsection 6;

8. Give written notice to another licensing board or to a hospital licensing agency if evidence received by the board either alleges or constitutes reasonable cause to believe the existence of an act or omission which is subject to discipline by that other board or agency;

9. Require each health care licensing board to file with the Iowa department of public health a copy of each decision of the board imposing licensee discipline. Each nonhealth-care board shall have on file a copy of each decision of the board imposing licensee discipline which copy shall be properly dated and shall be in simple language and in the most concise form consistent with clearness and comprehensiveness of subject matter.

10. Establish procedures consistent with the provisions of section 261.121, subsection 2, and sections 261.122 through 261.127 by which, in the board's discretion, a license shall be suspended, denied, or revoked, or other disciplinary action imposed, with regard to a licensee subject to the board's jurisdiction who has defaulted on a repayment or service obligation under any federal or state educational loan or service-conditional scholarship program. Notwithstanding any other provision to the contrary, each board shall defer to the federal or state program's determination of default upon certification by the program of such a default on the part of a licensee, and shall remove the suspension, grant the license, or stay the revocation or other disciplinary action taken if the federal or state program certifies that the defaulting licensee has agreed to fulfill the licensee's obligation, or is complying with an approved repayment plan. Licensure sanctions shall be reinstated upon certification that a defaulting licensee has failed to comply with the repayment or service requirements, as determined by the federal or state program. The provisions of this subsection relating to board authority to act in response to notification of default shall apply not only to a licensing board, as defined in section 272C.1, but also to any other licensing board or authority regulating a license authorized by the laws of this state.

Insurance carriers which insure professional and occupational licensees for acts or omissions that constitute negligence, careless acts, or omissions in the practice of a profession or occupation shall file reports with the appropriate licensing board. The reports shall include information pertaining to claims against a licensee which may affect the licensee as defined by rule, involving an insured of the insurer.

272C.6 Hearings power of subpoena decisions.

1. Disciplinary hearings held pursuant to this chapter shall be heard by the board sitting as the hearing panel, or by a panel of not less than three board members who are licensed in the profession, or by a panel of not less than three members appointed pursuant to subsection 2. Notwithstanding chapters 17A and 21 a disciplinary hearing shall be open to the public at the discretion of the licensee.

2. When, in the opinion of a majority of the board, it is desirable to obtain specialists within an area of practice of a profession when holding disciplinary hearings, a licensing board may appoint licensees not having a conflict of interest to make findings of fact and to report to the board. Such findings shall not include any recommendation for or against licensee discipline.

3. The presiding officer of a hearing panel may issue subpoenas pursuant to rules of the board on behalf of the board or on behalf of the licensee. A licensee may have subpoenas issued on the licensee's behalf. A subpoena issued under the authority of a licensing board may compel the attendance of witnesses and the production of professional records, books, papers, correspondence and other records, whether or not privileged or confidential under law, which are deemed necessary as evidence in connection with a disciplinary proceeding.

Nothing in this subsection shall be deemed to enable a licensing board to compel an attorney of the licensee, or stenographer or confidential clerk of the attorney, to disclose any information when privileged against disclosure by section 622.10. In the event of a refusal to obey a subpoena, the licensing board may petition the district court for its enforcement. Upon proper showing, the district court shall order the person to obey the subpoena, and if the person fails to obey the order of the court the person may be found guilty of contempt of court. The presiding officer of a hearing panel may also administer oaths and affirmations, take or order that depositions be taken, and pursuant to rules of the board, grant immunity to a witness from disciplinary proceedings initiated either by the board or by other state agencies which might otherwise result from the testimony to be given by the witness to the panel.

4. In order to assure a free flow of information for accomplishing the purposes of this section, and notwithstanding section 622.10, all complaint files, investigation files, other investigation reports, and other investigative information in the possession of a licensing board or peer review committee acting under the authority of a licensing board or its employees or agents which relates to licensee discipline are privileged

and confidential, and are not subject to discovery, subpoena, or other means of legal compulsion for their release to a person other than the licensee and the boards, their employees and agents involved in licensee discipline, and are not admissible in evidence in a judicial or administrative proceeding other than the proceeding involving licensee discipline. However, investigative information in the possession of a licensing board or its employees or agents which relates to licensee discipline may be disclosed to appropriate licensing authorities within this state, the appropriate licensing authority in another state, the coordinated licensure information system provided for in the nurse licensure compact contained in section 152E.1, the District of Columbia, or a territory or country in which the licensee is licensed or has applied for a license. If the investigative information in the possession of a licensing board or its employees or agents indicates a crime has been committed, the information shall be reported to the proper law enforcement agency. However, a final written decision and finding of fact of a licensing board in a disciplinary proceeding, including a decision referred to in section 272C.3, subsection 4, is a public record.

Pursuant to the provisions of section 17A.19, subsection 6, a licensing board upon an appeal by the licensee of the decision by the licensing board, shall transmit the entire record of the contested case to the reviewing court.

Notwithstanding the provisions of section 17A.19, subsection 6, if a waiver of privilege has been involuntary and evidence has been received at a disciplinary hearing, the court shall order withheld the identity of the individual whose privilege was waived.

5. Licensee discipline shall not be imposed except upon the affirmative vote of a majority of the licensing board.

6. A board created pursuant to chapter 147, 154A, 155, 169, 542, 542B, 543B, 543D, 544A, or 544B may charge a fee not to exceed seventy-five dollars for conducting a disciplinary hearing pursuant to this chapter which results in disciplinary action taken against the licensee by the board, and in addition to the fee, may recover from a licensee the costs for the following procedures and associated personnel:

a. Transcript.

b. Witness fees and expenses.

c. Depositions.

d. Medical examination fees incurred relating to a person licensed under chapter 147, 154A, 155, or 169.

The department of agriculture and land stewardship, the department of commerce, and the Iowa department of public health shall each adopt rules pursuant to chapter 17A which provide for the allocation of fees and costs collected pursuant to this section to the board under its jurisdiction collecting the fees and costs. The fees and costs shall be considered repayment receipts as defined in section 8.2.

1. As an alternative to authority contained elsewhere in this chapter, a licensing board may employ within the

limits of available funds an executive secretary, one or more inspectors, and such clerical personnel as may be necessary for the administration of the duties of the board. Employees of the board shall be employed subject to chapter 8A, subchapter IV. The qualifications of the executive secretary shall be determined by the board.

2. All employees of a licensing board shall be reimbursed subject to the rules of the director of the department of administrative services for their expenses incurred in the performance of official duties. All reimbursements shall constitute costs of sustaining the board.

3. Licensees appointed to serve on a hearing panel pursuant to section 272C.6, subsection 2, shall be compensated at the rate specified in section 7E.6 for each day of actual duty, and shall be reimbursed for actual expenses reasonably incurred in the performance of duties.

1. A person shall not be civilly liable as a result of the person's acts, omissions or decisions in good faith as a member of a licensing board or as an employee or agent in connection with the person's duties.

2. A person shall not be civilly liable as a result of filing a report or complaint with a licensing board or peer review committee, or for the disclosure to a licensing board or its agents or employees, whether or not pursuant to a subpoena of records, documents, testimony or other forms of information which constitute privileged matter concerning a recipient of health care services or some other person, in connection with proceedings of a peer review committee, or in connection with duties of a health care board. However, such immunity from civil liability shall not apply if such act is done with malice.

3. A person shall not be dismissed from employment, and shall not be discriminated against by an employer because the person filed a complaint with a licensing board or peer review committee, or because the person participated as a member, agent or employee of a licensing board or peer review committee, or presented testimony or other evidence to a licensing board or peer review committee.

All objections shall be waived as to the admissibility of the examining physician's testimony or reports on the grounds of privileged communications.

The medical testimony or report shall not be used against the licensee in any proceeding other than one relating to licensee discipline by the board, or one commenced in district court for revocation of the licensee's privileges. The licensing board, upon probable cause, shall have the authority to order physical or mental examination, and upon refusal of the licensee to submit to the examination the licensing board may order that the allegations pursuant to which the order of physical or mental examination was made shall be taken to be established.

2. A licensee has a continuing duty to report to the licensing board by whom the person is licensed those acts or omissions specified by rule of the board pursuant to section 272C.4, subsection 6, when committed by another person licensed by the same licensing board. This subsection does not apply to licensees under chapter 542 when the observations are a result of participation in programs of practice review, peer review and quality review conducted by professional organizations of certified public accountants, for educational purposes and approved by the accountancy examining board.

3. A licensee shall have a continuing duty and obligation, as a condition of licensure, to report to the licensing board by which the licensee is licensed every adverse judgment in a professional or occupational malpractice action to which the licensee is a party, and every settlement of a claim against the licensee alleging malpractice.

4. A licensee who willfully fails to comply with subsection 2 or 3 of this section commits a violation of this chapter for which licensee discipline may be imposed.
