

282.33 Funding for children residing in state mental health institutes or institutions.

1. A child who resides in an institution for children under the jurisdiction of the director of human services referred to in section 218.1, subsection 3, 5, 7, or 8, and who is not enrolled in the educational program of the district of residence of the child, shall receive appropriate educational services. The institution in which the child resides shall submit a proposed program and budget based on the average daily attendance of the children residing in the institution to the department of education and the department of human services by January 1 for the next succeeding school year. The department of education shall review and approve or modify the proposed program and budget and shall notify the department of revenue* of its action by February 1. The department of revenue* shall pay the approved budget amount to the department of human services in monthly installments beginning September 15 and ending June 15 of the next succeeding school year. The installments shall be as nearly equal as possible as determined by the department of revenue,* taking into consideration the relative budget and cash position of the state's resources. The department of revenue* shall pay the approved budget amount for the department of human services from the moneys appropriated under section 257.16 and the department of human services shall distribute the payment to the institution. The institution shall submit an accounting for the actual cost of the program to the department of education by August 1 of the following school year. The department shall review and approve or modify all expenditures incurred in compliance with the guidelines adopted pursuant to section 256.7, subsection 10, and shall notify the department of revenue* of the approved accounting amount. The approved accounting amount shall be compared with any amounts paid by the department of revenue* to the department of human services and any differences added to or subtracted from the October payment made under this subsection for the next school year. Any amount paid by the department of revenue* shall be deducted monthly from the state foundation aid paid under section 257.16 to all school districts in the state during the subsequent fiscal year. The portion of the total amount of the approved budget that shall be deducted from the state aid of a school district shall be the same as the ratio that the budget enrollment for the budget year of the school district bears to the total budget enrollment in the state for that budget year in which the deduction is made.

2. Programs may be provided during the summer and funded under this section if the institution determines a valid educational reason to do so and the department of education approves the program in the manner provided in subsection 1.
