1. Registration plates issued for Iowa state patrol vehicles, except unmarked patrol vehicles, shall bear two red stars on a yellow background, one before and one following the registration number on the plate, which registration number shall be the officer's badge number. Registration plates issued for county sheriff's patrol vehicles shall display one seven-pointed gold star followed by the letter "S" and the call number of the vehicle. However, the director of the department of administrative services or the director of transportation may order the issuance of regular registration plates for any exempted vehicle used by peace officers in the enforcement of the law, persons enforcing chapter 124 and other laws relating to controlled substances, persons in the department of justice, the alcoholic beverages division of the department of commerce, disease investigators of the Iowa department of public health, the department of inspections and appeals, and the department of revenue, who are regularly assigned to conduct investigations which cannot reasonably be conducted with a vehicle displaying "official" state registration plates, persons in the Iowa lottery authority whose regularly assigned duties relating to security or the carrying of lottery tickets cannot reasonably be conducted with a vehicle displaying "official" registration plates, and persons in the department of economic development who are regularly assigned duties relating to existing industry

For purposes of sale of exempted vehicles, the exempted governmental body, upon the sale of the exempted vehicle, may issue for in-transit purposes a pasteboard card bearing the words "Vehicle in Transit", the name of the official body from which the vehicle was purchased, together with the date of the purchase plainly marked in at least one- inch letters, and other information required by the department. The in-transit card is valid for use only within forty-eight hours after the purchase date as indicated on the bill of sale which shall be carried by the driver.

2. The department, in accordance with subsection 1, shall furnish distinguishing plates for vehicles used by urban transit companies operated by a municipality. "*Regional transit system*" means a public transit system serving one county or all or part of a multicounty area whose boundaries correspond to the same boundaries as those of the regional planning areas designated by the governor, except as agreed upon by the department. Each county board of supervisors within the region is responsible for determining the service and funding within its county. However, the administration and overhead support services for the overall regional transit system shall be consolidated into one existing or new agency to be mutually agreed upon by the participating members. Privately chartered bus services and uses other than providing services that are open and public on a shared ride basis shall not be construed to be a regional transit system.

The primary user's name and address shall not be printed on the registration receipt or the certificate of title.

Notwithstanding contrary provisions of this chapter or chapter 326 regarding titling and registration by means other than electronic means, the department may develop and implement a program to test the feasibility of electronic applications, titling, registering, and electronic funds transfer for vehicles traveling in interstate

commerce in order to improve the efficiency and timeliness of the processes and to reduce costs for all parties involved.

The department shall adopt rules on the method for providing signatures for applications made by electronic means.

### **321.20B Proof of security against liability driving without liability coverage.**

1. Notwithstanding chapter 321A, which requires certain persons to maintain proof of financial responsibility, a person shall not drive a motor vehicle on the highways of this state unless financial liability coverage, as defined in section 321.1, subsection 24B, is in effect for the motor vehicle and unless the driver has in the motor vehicle the proof of financial liability coverage card issued for the motor vehicle, or if the

vehicle is registered in another state, other evidence that financial liability coverage is in effect for the motor vehicle.

It shall be conclusively presumed that a motor vehicle driven upon a parking lot which is available to the public without charge or which is available to customers or invitees of a business or facility without charge was driven on the highways of this state in order to enter the parking lot, and this section shall be applicable to such a motor vehicle. As used in this section, "*parking lot*" includes access roads, drives, lanes, aisles, entrances, and exits to and from a parking lot described in this paragraph.

This subsection does not apply to the operator of a motor vehicle owned by or leased to the United States, this state or another state, or any political subdivision of this state or of another state, or to a motor vehicle which is subject to section 325A.6 or 327B.6.

2. *a.* An insurance company transacting business in this state shall issue to its insured owners of motor vehicles registered in this state a financial liability coverage card for each motor vehicle insured. Each financial liability coverage card shall identify the registration number or vehicle identification number of the motor vehicle insured and shall indicate the expiration date of the applicable insurance coverage. The financial liability coverage card shall also contain the name and address of the insurer or the name of the insurer and the name and address of the insurance agency, the name of the insured, and an emergency telephone number of the insurer or emergency telephone number of the insurance agency.

*b.* The insurance division and the department, as appropriate, shall adopt rules regarding the contents of a financial liability coverage card to be issued pursuant to this section. Notwithstanding the provisions of this section, a fleet owner is not required to maintain in each vehicle a financial liability coverage card with the individual registration number or the vehicle identification number of the vehicle included on the card. Such fleet owner shall be required to maintain a financial liability coverage card in each vehicle in the fleet including information deemed appropriate by the commissioner of insurance or the director, as applicable.

3. If the financial liability coverage for a motor vehicle which is registered in this state is canceled or terminated effective prior to the expiration date indicated on the financial liability coverage card issued for the vehicle, the person to whom the financial liability coverage card was issued shall destroy the card.

4. *a.* If a peace officer stops a motor vehicle registered in this state and the driver is unable to provide proof of financial liability coverage, the peace officer shall do one of the following:

(1) Issue a warning memorandum to the driver.

(2) Issue a citation to the driver. If a citation is issued, the citation shall be issued under this subparagraph unless the driver has been previously charged and cited for a violation of subsection 1. A citation which is issued and subsequently dismissed shall be disregarded for purposes of determining if the driver has been previously charged and cited.

(3) Issue a citation and remove the motor vehicle's license plates and registration receipt. Upon removing the license plates and registration receipt, the peace officer shall deliver the plates for destruction, as appropriate, and forward the registration receipt and evidence of the violation, as determined by the department, to the county treasurer of the county in which the motor vehicle is registered. The motor vehicle may be driven for a time period of up to forty-eight hours after receiving the citation solely for the purpose of removing the motor vehicle from the highways of this state, unless the driver's operating privileges are otherwise suspended.

After receiving the citation, the driver shall keep the citation in the motor vehicle at all times while driving the motor vehicle as provided in this subparagraph, as proof of the driver's privilege to drive the motor vehicle for such limited time and purpose.

(4) (a) Issue a citation, remove the motor vehicle's license plates and registration receipt, and impound the motor vehicle. The peace officer shall deliver the plates for destruction, as appropriate, and forward the registration receipt and evidence of the violation, as determined by the department, to the county treasurer of the county in which the motor vehicle is registered.

(b) A motor vehicle which is impounded may be claimed by a person if the owner provides proof of financial liability coverage and proof of payment of any applicable fine and the costs of towing and storage for the motor vehicle. If the motor vehicle is not claimed within thirty days after impoundment, the motor vehicle may be treated as an abandoned vehicle pursuant to section 321.89.

(c) The holder of a security interest in a motor vehicle which is impounded pursuant to this subparagraph shall be notified of the impoundment within seventy-two hours of the impoundment of the motor vehicle and shall have the right to claim the motor vehicle upon the payment of all fees. However, if the value of the vehicle is less than the security interest, all fees shall be divided equally between the lienholder and the political subdivision impounding the vehicle.

*b.* An owner or driver of a motor vehicle who is charged with a violation of subsection 1 and issued a citation under paragraph "a", subparagraph (3) or (4), is subject to the following:

(1) An owner or driver who produces to the clerk of court, prior to the date of the individual's court appearance as indicated on the citation, proof that financial liability coverage was in effect for the motor vehicle at the time the person was stopped and cited, or, if the driver is not the owner of the motor vehicle, proof that liability coverage was in effect for the driver with respect to the motor vehicle being driven at the time the driver was stopped and cited, in the same manner as if the motor vehicle were owned by the driver, shall be given a receipt indicating that such proof was provided and be subject to one of the following:

(a) If the person was cited pursuant to paragraph "a", subparagraph (3), the owner or driver shall provide a copy of the receipt to the county treasurer of the county in which the motor vehicle is registered and the owner shall be assessed a fifteen dollar administrative fee by the county treasurer who shall issue new license plates and registration to the person after payment of the fee.

(b) If the person was cited pursuant to paragraph "a", subparagraph (4), the owner or driver, after the owner provides proof of financial liability coverage to the clerk of court, may claim the motor vehicle after such person pays any applicable fine and the costs of towing and storage for the motor vehicle, and the owner or driver provides a copy of the receipt and the owner pays to the county treasurer of the county in which the motor vehicle is registered a fifteen dollar administrative fee, and the county treasurer shall issue new license plates and registration to the person.

(2) An owner or driver who is charged with a violation of subsection 1 and is unable to show that financial liability coverage was in effect for the motor vehicle at the time the person was stopped and cited may do either of the following:

(a) Sign an admission of violation on the citation and remit to the clerk of court a scheduled fine as provided in section 805.8A, subsection 14, paragraph "f", for a violation of subsection 1. Upon payment of the fine to the clerk of court of the county where the citation was issued, payment of a fifteen dollar administrative fee to the county treasurer of the county in which the motor vehicle is registered, and providing proof of payment of any applicable fine and proof of financial liability coverages to the county treasurer of the county in which the motor vehicle is registered, the treasurer shall issue new license plates and registration to the owner.

(b) Request an appearance before the court on the matter. If the matter goes before the court, and the owner or driver is found guilty of a violation of subsection 1, the court may impose a fine as provided in section 805.8A, subsection 14, paragraph "f", for a violation of subsection 1, or the court may order the person to perform unpaid community service instead of the fine. Upon the payment of the fine or the entry of the order

for unpaid community service, the person shall provide proof of payment or entry of such order and the county treasurer of the county in which the motor vehicle is registered shall issue new license plates and registration to the owner upon the owner providing proof of financial liability coverage and paying a fifteen dollar administrative fee to the county treasurer.

c. An owner or driver cited for a violation of subsection 1, who produces to the clerk of court prior to the date of the individual's court appearance as indicated on the citation proof that financial liability coverage was in effect for the motor vehicle at the time the person was stopped and cited, shall not be convicted of such violation and the citation issued shall be dismissed.

5. If the motor vehicle is not registered in this state and the driver is a nonresident, the peace officer shall do one of the following:

a. Issue a warning memorandum to the driver.

b. Issue a citation. An owner or driver who produces to the clerk of court prior to the date of the individual's court appearance as indicated on the citation proof that the financial liability coverage was in effect for the motor vehicle at the time the person was stopped and cited, or if the driver is not the owner of the motor vehicle, proof that liability coverage was in effect for the driver with respect to the motor vehicle being driven at the time the driver was stopped and cited in the same manner as if the motor vehicle were owned by the driver, shall be given a receipt indicating that proof was provided, and the citation issued shall be dismissed.

6. This section does not apply to a snowmobile or all-terrain vehicle or to a motor vehicle identified in section 321.18, subsections 1 through 6, and subsection 8.

7. This section does not apply to a lienholder who has a security interest in a motor vehicle subject to the registration requirements of this chapter, so long as such lienholder maintains financial liability coverage for any motor vehicle driven or moved by the lienholder in which the lienholder has an interest.

8. This section does not apply to a motor vehicle owned by a motor vehicle dealer or wholesaler licensed pursuant to chapter 322.

9. The director of transportation and the commissioner of insurance shall adopt rules pursuant to chapter 17A to administer this section.

2. The department shall issue to the applicant a certificate, or certificates, containing, but not limited to, the applicant's name and address, the distinguishing number assigned to the applicant, and such other information deemed necessary by the department for proper identification of the buses.

### **321.23 Titles to specially constructed and foreign vehicles.**

1. If the vehicle to be registered is a specially constructed, reconstructed, remanufactured, or foreign vehicle, such fact shall be stated in the application. A fee of ten dollars shall be paid by the person making the application upon issuance of a certificate of title by the county treasurer. With reference to every specially constructed or reconstructed motor vehicle subject to registration the application shall be accompanied by a statement from the department authorizing the motor vehicle to be titled and registered in this state. The department shall cause a physical inspection to be made of all specially constructed or reconstructed motor vehicles, upon application for a certificate of title by the owner, to determine whether the motor vehicle complies with the definition of specially constructed motor vehicle or reconstructed motor vehicle in this chapter and to determine that the integral component parts are properly identified and that the rightful ownership is established before issuing the owner the authority to have the motor vehicle registered and titled. The purpose of the physical inspection under this section is not to determine whether the motor vehicle is in a condition safe to operate. With reference to every foreign vehicle which has been registered outside of this state, the owner shall surrender to the treasurer all registration plates, registration cards, and certificates of title, or, if the vehicle to be registered is from a nontitle state, the evidence of foreign registration and ownership as may be prescribed by the department except as provided in subsection 2.

2. Where in the course of operation of a vehicle registered in another state it is desirable to retain registration of said vehicle in such other state, such applicant need not surrender but shall submit for inspection said evidence of such foreign registration and the treasurer upon a proper showing shall register said vehicle in this state but shall not issue a certificate of title for such vehicle.

3. In the event an applicant for registration of a foreign vehicle for which a certificate of title has been issued is able to furnish evidence of being the registered owner of the vehicle to the county treasurer of the owner's residence, although unable to surrender such certificate of title, the county treasurer may issue a registration receipt and plates upon receipt of the required registration fee but shall not issue a certificate of title thereto. Upon surrender of the certificate of title from the foreign state, the county treasurer shall issue a certificate of title to the owner, or person entitled thereto, of such vehicle as provided in this chapter. The owner of a vehicle registered under this subsection shall not be required to obtain a certificate of title in this state and may transfer ownership of the vehicle to a motor vehicle dealer licensed under chapter 322 if, at the time of the transfer, the certificate of title is held by a secured party and the dealer has forwarded to the secured party the sum necessary to discharge the security interest pursuant to section 321.48, subsection 1.

4. A vehicle which does not meet the equipment requirements of this chapter due to the particular use for which it is designed or intended, may be registered by the department upon payment of appropriate fees and after inspection and certification by the department that the vehicle is not in an unsafe condition. A person is not required to have a certificate of title to register a vehicle under this subsection. If the owner elects to have a certificate of title issued for the vehicle, a fee of ten dollars shall be paid by the person making the application upon issuance of a certificate of title. If the department's inspection reveals that the vehicle may be safely operated only under certain conditions or on certain types of roadways, the department may restrict the registration to limit operation of the vehicle to the appropriate conditions or roadways. This subsection does not apply to snowmobiles as defined in section 321G.1. Section 321.382 does not apply to a vehicle

registered under this subsection which is operated exclusively by a person with a disability who has obtained a persons with disabilities parking permit as provided in section 321L.2, if the persons with disabilities parking permit is carried in or on the vehicle and shown to a peace officer on request.

### **321.24 Issuance of registration and certificate of title.**

1. Upon receipt of the application for title and payment of the required fees for a motor vehicle, trailer, or semitrailer, the county treasurer or the department shall, when satisfied as to the application's genuineness and regularity, and, in the case of a mobile home or manufactured home, that taxes are not owing under chapter 435, issue a certificate of title and, except for a mobile home or manufactured home, a registration receipt, and shall file the application, the manufacturer's or importer's certificate, the certificate of title, or other evidence of ownership, as prescribed by the department. The registration receipt shall be delivered to the owner and shall contain upon its face the date issued, the name and address of the owner, the registration number assigned to the vehicle, the amount of the fee paid, the amount of tax paid pursuant to section 423.7, the type of fuel used, and a description of the vehicle as determined by the department, and upon the reverse side a form for notice of transfer of the vehicle. The name and address of any lessee of the vehicle shall not be printed on the registration receipt or certificate of title. Up to three owners may be listed on the registration receipt and certificate of title.
2. The county treasurer shall maintain in the county record system information contained on the registration receipt. The information shall be accessible by registration number and shall be open for public inspection during reasonable business hours. Copies the department requires shall be sent to the department in the manner and at the time the department directs.
3. The certificate of title shall contain upon its face the identical information required upon the face of the registration receipt. In addition, the certificate of title shall contain a statement of the owner's title, the title number assigned to the owner or owners of the vehicle, the amount of tax paid pursuant to section 423.7, the name and address of the previous owner, and a statement of all security interests and encumbrances as shown in the application, upon the vehicle described, including the nature of the security interest, date of notation, and name and address of the secured party.
4. If the prior certificate of title is from another state and indicates that the vehicle was rebuilt, the new certificate of title shall contain the designation of "REBUILT" stamped or printed on its face together with the name of the state issuing the prior title. The designation of "REBUILT" and the name of the other state shall be retained on all subsequent Iowa certificates of title for the vehicle. If the prior certificate of title is from another state and indicates that the vehicle was rebuilt, the registration receipt shall contain the designation of "REBUILT" stamped and printed on its face. The stamped designation of "REBUILT" shall be located on the center of the right side of the registration receipt in black letters no bigger than sixteen point type. The designation shall be retained on the face of all subsequent registration receipts for the vehicle.
5. If the prior certificate of title is from another state and indicates that the vehicle was junked, an Iowa junking certificate shall be issued according to section 321.52, subsections 2 and 3. If the prior certificate of title from another state indicates that the vehicle is salvaged and not rebuilt or is a salvage certificate of title, an Iowa salvage certificate of title shall be issued and a "SALVAGE" designation shall be retained on all

subsequent Iowa certificates of title and registration receipts for the vehicle, except as provided under section 321.52, subsection 4, paragraph "b". The department may require that subsequent Iowa certificates of title retain other states' designations which indicate that a vehicle had incurred prior damage. The department shall determine the manner in which other states' rebuilt, salvage, or other designations are to be indicated on Iowa titles.

6. If the prior certificate of title is from another state and indicates that the vehicle was returned to the manufacturer pursuant to a law of another state similar to chapter 322G, the new registration receipt and certificate of title, and all subsequent registration receipts and certificates of title issued for the vehicle, shall contain a designation indicating the vehicle was returned to the manufacturer. The department shall determine the manner in which other states' designations are to be indicated on Iowa registration receipts and certificates of title. The department may determine that a "REBUILT" or "SALVAGE" designation supersedes the designation required by this subsection and include the "REBUILT" or "SALVAGE" designation on the registration receipt and certificate of title in lieu of the designation required by this subsection.

7. The certificate shall bear the seal of the county treasurer or of the department, and the signature of the county treasurer, the deputy county treasurer, or the department director or deputy designee. The certificate of title shall contain upon the reverse side a form for assignment of title or interest and warranty by the owner, for reassignments by a dealer licensed in this state or in another state if the state in which the dealer is licensed permits Iowa licensed dealers to similarly reassign certificates of title. Attached to the certificate of title shall be an application for a new certificate of title by the transferee as provided in this chapter. However, titles for mobile homes or manufactured homes shall not be reassigned by licensed dealers. All certificates of title shall be typewritten or printed by other mechanical means. Notwithstanding section 321.1, subsection 17, as used in this paragraph "*dealer*" means every person engaged in the business of buying, selling, or exchanging vehicles of a type required to be registered under this chapter.

8. The original certificate of title shall be delivered to the owner if no security interest or encumbrance appears on the certificate. Otherwise the certificate of title shall be delivered by the county treasurer or the department to the person holding the first security interest or encumbrance as shown in the certificate.

9. The county treasurer or the department shall maintain in the county or department records system information contained on the certificate of title. The information shall be accessible by title certificate number for a period of three years from the date of notification of cancellation of title or that a new title has been issued as provided in this chapter. Copies the department requires shall be sent to the department in the manner and at the time the department directs. The department shall designate a uniform system of title numbers to indicate the county of issuance.

10. A vehicle shall be registered for the registration year. A vehicle registered for the first time in this state shall be registered for the remaining unexpired months of the registration year and pay a registration fee prorated for the remaining unexpired months of the registration year. Except for a vehicle registered under chapter 326, a vehicle registered for the first time during the eleventh month of the owner's registration year may be registered for the remaining unexpired months of the registration year as provided in this paragraph or for the remaining unexpired months of the registration year and for the next registration year, upon payment of the applicable registration fees.

11. If the county treasurer or department is not satisfied as to the ownership of the vehicle or that there are no undisclosed security interests in it, or a junking certificate has been issued for the vehicle but a certificate of title will not be reissued under section 321.52, subsection 3, and the vehicle qualifies as an antique vehicle under section 321.115, subsection 1, the county treasurer or department may register the vehicle but shall as a condition of issuing a certificate of title and registration receipt, require the applicant to file with the department a bond in the form prescribed by the department and executed by the applicant, and either accompanied by the deposit of cash with the department or also executed by a person authorized to conduct a

surety business in this state. The bond shall be in an amount equal to one and one-half times the current value of the vehicle as determined by the department and conditioned to indemnify any prior owner and secured party and any subsequent purchaser of the vehicle or person acquiring any security interest in it, and their respective successors in interest, against any expense, loss, or damage, including reasonable attorney's fees, by reason of the issuance of the certificate of title of the vehicle or on account of any defect in or undisclosed security interest upon the right, title and interest of the applicant in and to the vehicle. Any such interested person has a right of action to recover on the bond for any breach of its conditions, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. Unless the transferee is a manufacturer obtaining a new certificate of title pursuant to section 322G.12, the transferee shall be required to list a driver's license number.

2. Upon filing the application for a new registration and a new title, the applicant shall pay a title fee of ten dollars and a registration fee prorated for the remaining unexpired months of the registration year. A manufacturer applying for a certificate of title pursuant to section 322G.12 shall pay a title fee of two dollars. However, a title fee shall not be charged to a manufactured or mobile home retailer applying for a certificate of title for a used mobile home or manufactured home, titled in Iowa, as required under section 321.45, subsection 4. The county treasurer, if satisfied of the genuineness and regularity of the application, and in the case of a mobile home or manufactured home, that taxes are not owing under chapter 435, and that applicant has complied with all the requirements of this chapter, shall issue a new certificate of title and, except for a mobile home, manufactured home, or a vehicle returned to and accepted by a manufacturer as described in section 322G.12, a registration card to the purchaser or transferee, shall cancel the prior registration for the vehicle, and shall forward the necessary copies to the department on the date of issuance, as prescribed in section 321.24. Mobile homes or manufactured homes titled under chapter 448 that have been subject under section 446.18 to a public bidder sale in a county shall be titled in the county's name, with no fee, and the county treasurer shall issue the title.

3. The applicant shall be entitled to a credit for that portion of the registration fee of the vehicle sold, traded, or junked which had not expired prior to the transfer of ownership of the vehicle. The registration fee for the new registration for the vehicle acquired shall be reduced by the amount of the credit. The credit shall be computed on the basis of the number of months remaining in the registration year, rounded to the nearest whole dollar. The credit shall be subject to the following limitations:

- a.* The credit shall be claimed within thirty days from the date the vehicle for which credit is granted was sold, transferred, or junked. After thirty days, all credits shall be disallowed.
- b.* Any credit granted to the owner of a vehicle which has been sold, traded, or junked may only be claimed by that person toward the registration fee for another vehicle purchased and the credit may not be sold, transferred, or assigned to any other person.
- c.* When the amount of the credit is computed to be an amount of less than ten dollars, a credit shall be disallowed.
- d.* To claim a credit for the unexpired registration fee on a junked vehicle, the county treasurer shall disallow any claim for credit unless the owner presents a junking certificate or other evidence as required by the department to the county treasurer.
- e.* A credit shall not be allowed to any person who has made claim to receive a refund under section 321.126.
- f.* The credit shall only be allowed if the owner provides the copy of the registration receipt to the county treasurer.
- g.* If the credit allowed exceeds the amount of the registration fee for the vehicle acquired, the owner may claim a refund under section 321.126, subsection 6, for the balance of the credit.
- h.* The credit shall be computed on the unexpired number of months computed from the date of purchase of

the vehicle acquired.

5. The seller or transferor may file an affidavit on forms prescribed and provided by the department with the county treasurer of the county where the vehicle is registered certifying the sale or transfer of ownership of the vehicle and the assignment and delivery of the certificate of title for the vehicle. Upon receipt of the affidavit the county treasurer shall file the affidavit with the copy of the registration receipt for the vehicle on file in the treasurer's office and on that day the treasurer shall forward copies of the affidavit to the department and to the county treasurer of the county of residence of the purchaser or transferee. Upon filing the affidavit it shall be presumed that the seller or transferor has assigned and delivered the certificate of title for the vehicle.

6. An applicant for a new registration for a vehicle transferred to the applicant by a spouse, parent or child of the applicant, or by operation of law upon inheritance, devise or bequest, from the applicant's spouse, parent or child, or by a former spouse pursuant to a decree of dissolution of marriage, is entitled to a credit to be applied to the registration fee for the transferred vehicle. A credit shall not be allowed unless the vehicle to which the credit applies is registered within the time specified under subsection 1. The credit shall be computed on the basis of the number of unexpired months remaining in the registration year of the former owner computed from the date the vehicle was transferred, computed to the nearest whole dollar. The credit may exceed the amount of the registration fee for the transferred vehicle. When the amount of the credit is computed to be an amount of less than ten dollars, the credit shall be disallowed. The credit shall not be sold, transferred, or assigned to any other person.

7. If a motor vehicle is leased and the lessee purchases the vehicle upon termination of the lease, the lessor shall, upon claim by the lessee with the lessor within fifteen days of the purchase, assign the registration fee credit and registration plates for the leased motor vehicle to the lessee. Credit shall be applied as provided in subsection 3.

1. A security interest in a vehicle subject to registration under the laws of this state or a mobile home or manufactured home, except trailers whose empty weight is two thousand pounds or less, and except new or used vehicles held by a dealer or manufacturer as inventory for sale, is perfected by the delivery to the county treasurer of the county where the certificate of title was issued or, in the case of a new certificate, to the county treasurer where the certificate will be issued, of an application for certificate of title which lists the security interest, or an application for notation of security interest signed by the owner, or by one owner of a vehicle owned jointly by more than one person, or a certificate of title from another jurisdiction which shows the security interest, and a fee of five dollars for each security interest shown. Up to three security interests may be perfected against a vehicle and shown on an Iowa certificate of title. If the owner or secured party is in possession of the certificate of title, it must also be delivered at this time in order to perfect the security interest. If a vehicle is subject to a security interest when brought into this state, the validity of the security interest and the date of perfection is determined by section 554.9303. Delivery as provided in this subsection is an indication of a security interest on a certificate of title for purposes of chapter 554.

Upon receipt of the application and the required fee, the county treasurer shall notify the holder of the certificate of title to deliver to the county treasurer, within five days from the receipt of notice, the certificate of title to permit notation of the security interest. If the holder of the certificate of title shall fail to deliver it within the said five days, the holder shall be liable to anyone harmed by the holder's failure.

Upon receipt of the application, the certificate of title, if any, and the required fee, the county treasurer shall note such security interest, and the date thereof, on the certificate over the signature of such officer or deputy and the seal of office. The county treasurer shall also note such security interest and the date thereof in the county records system. The county treasurer shall then mail the certificate of title to the first secured party as shown thereon.

4. When a security interest is discharged, the holder shall note a cancellation of same on the face of the certificate of title over the holder's signature, and deliver the certificate of title to the county treasurer where title was issued. The county treasurer shall immediately note the cancellation of the security interest on the face of the certificate of title and in the county records system. The county treasurer shall on the same day

deliver the certificate of title to the then first secured party or, if there is no such person, to the person as directed by the owner, in writing, on a form prescribed by the department or, if there is no person designated, then to the owner. The cancellation of the security interest shall be noted on the certificate of title by the county treasurer without charge. The holder of a security interest discharged by payment who fails to release the security interest within fifteen days after being requested in writing to do so shall forfeit to the person making the payment the sum of twenty-five dollars.

If a lien has been released by the lienholder but has not been sent to the county of record for clearance of the lien, any county may note the release on the face of the title and shall notify the county of record that the lien has been released as of the specified date, and shall make entry upon the computer system. Notification to the county of record shall be made by an automated statewide system, or by sending a photocopy of the released title to the county of record.

When a security interest is discharged, the lienholder shall note the cancellation of the security interest on the face of the title and may note the cancellation of the security interest on a form prescribed by the department and deliver a copy of the form in lieu of the title to the department or to the treasurer of the county in which the title was issued. The department or county treasurer shall note the release of the security interest upon the statewide computer system and the county's records. A copy of the form, if used, shall be attached to the title by the lienholder and shall be evidence of the release of the security interest. The lienholder shall deliver the title to the first lienholder, or if there is no such person, to the person as designated by the owner, or if there is no such person designated, to the owner.

5. The Uniform Commercial Code, chapter 554, Article 9, shall apply to all transactions intended to create a security interest in vehicles except as provided in this chapter.

6. Any person obtaining possession of a certificate of title for a vehicle not already subject to a perfected security interest, except new or used vehicles held by a dealer or manufacturer as inventory for sale, who purports to have a security interest in such vehicle shall, within three hundred sixty-five days from the receipt of the certificate of title, deliver such certificate of title to the county treasurer of the county where it was issued to note such security interest and, if such person fails to do so, the person's purported security interest in the vehicle shall be void and unenforceable and such person shall forthwith deliver the certificate of title to the county treasurer of the county where it was issued. If no security interest has been filed for notation on the certificate of title, the certificate shall be mailed by the treasurer to the owner of the vehicle. For purposes of determining the commencement date of the three-hundred-sixty-five-day period provided by this subsection, it shall be presumed that the purported security interest holder received the certificate of title on the date of the creation of the holder's purported security interest in the vehicle or the date of the issuance of the certificate of title, whichever is the latter. Any person collecting a fee from the owner of the vehicle for the purpose of perfecting a security interest in such vehicle who does not cause such security interest to be noted on the certificate of title by the county treasurer shall remit such fee to the department of revenue of this state.

This subsection is repealed effective July 1, 2004.

7. Upon request of any person, the county treasurer shall issue a certificate showing whether there are, on the date and hour stated therein, any security interests noted on a particular vehicle's certificate of title, and the name and address of each secured party whose security interest is noted thereon. The uniform fee for a written certificate shall be two dollars if the request for the certificate is on a form conforming to standards prescribed by the secretary of state; otherwise, three dollars. Upon request and payment of the appropriate fee, the county treasurer shall furnish a certified copy of any security interest notations for a uniform fee of one dollar per page.

### **321.51 Terminal rental adjustment clause vehicle leases that are not sales or security interests.**

An agreement involving the leasing of a motor vehicle or trailer does not create a sale or security interest solely because the agreement provides for an increase or decrease adjustment in the rental price of the motor vehicle or trailer based upon the amount realized upon sale or other disposition of the motor vehicle or trailer following the termination of the lease.

### **321.52 Out-of-state sales junked, dismantled, wrecked, or salvage vehicles.**

1. When a vehicle is sold outside the state for purposes other than for junk the owner, dealer or otherwise, shall detach the registration plates and registration card and shall indicate on the reverse side of such registration card the name and address of the foreign purchaser or transferee over the person's signature. The owner shall surrender the registration plates and registration card to the county treasurer, unless the registration plates are properly attached to another vehicle, who shall cancel the records and shall destroy the registration plates and forward the registration card to the department. The department shall make a notation on the records of the out-of-state sale, and, after a reasonable period, may destroy the files to that particular vehicle. The department is not authorized to make a refund of license fees on a vehicle sold out of state unless it receives the registration card completed as provided in this section.

2. The purchaser or transferee of a motor vehicle for which a certificate of title is issued which is sold for scrap or junk shall surrender the certificate of title, properly endorsed and signed by the previous owner, to the county treasurer of the county of residence of the transferee, and shall apply for a junking certificate from the county treasurer, within thirty days after assignment of the certificate of title. The county treasurer shall issue to such person without fee a junking certificate. A junking certificate shall authorize the holder to possess, transport, or transfer by endorsement the ownership of the junked vehicle. A certificate of title shall not again be issued for the vehicle subsequent to the issuance of a junking certificate except as provided in subsection 3. The county treasurer shall cancel the record of the vehicle. The junking certificate shall be printed on the registration receipt form and shall be imprinted with the words "junking certificate", as prescribed by the department. A space for transfer by endorsement shall be on the reverse side of the junking certificate. A separate form for the notation of the transfer of component parts shall be attached to the junking certificate when the certificate is issued.

3. When a vehicle for which a certificate of title is issued is junked or dismantled by the owner, the owner shall detach the registration plates and surrender the plates to the county treasurer, unless the plates are properly assigned to another vehicle. The owner shall also surrender the certificate of title to the county treasurer. Upon surrendering the certificate of title and application for junking certificate, the county treasurer shall issue to the person, without fee, a junking certificate, which shall authorize the holder to possess,

transport or transfer ownership of the junked vehicle by endorsement of the junking certificate. The county treasurer shall hold the surrendered certificate of title, registration receipt, application for junking certificate, and, if applicable, the registration plates for a period of fourteen days following the issuance of a junking certificate under this subsection. Within the fourteen-day period the person who was issued the junking certificate and to whom the vehicle was titled or assigned may surrender to the county treasurer the junking certificate, and upon the person's payment of appropriate fees and taxes and payment of any credit for registration fees received by the person for the vehicle under section 321.46, subsection 3, the county treasurer shall issue to the person a certificate of title for the vehicle. After the expiration of the fourteen-day period, a county treasurer shall not issue a certificate of title for a junked vehicle for which a junking certificate is issued. The county treasurer shall cancel the record of the vehicle and forward the certificate of title to the department.

However, upon application the department upon a showing of good cause may issue a certificate of title after the fourteen-day period for a junked vehicle for which a junking certificate has been issued. For purposes of this subsection, "*good cause*" means that the junking certificate was obtained by mistake or inadvertence. If a person's application to the department is denied, the person may make application for a certificate of title under the bonding procedure as provided in section 321.24, if the vehicle qualifies as an antique vehicle under section 321.115, subsection 1, or the person may seek judicial review as provided under sections 17A.19 and 17A.20.

4. *a.* A vehicle rebuilder or a person engaged in the business of buying, selling, or exchanging vehicles of a type required to be registered in this state, upon acquisition of a wrecked or salvage vehicle, shall surrender the certificate of title or manufacturer's or importer's statement of origin properly assigned, together with an application for a salvage certificate of title, to the county treasurer of the county of residence of the purchaser or transferee within thirty days after the date of assignment of the certificate of title for the wrecked or salvage motor vehicle. This subsection applies only to vehicles with a fair market value of five hundred dollars or more, based on the value before the vehicle became wrecked or salvage. Upon payment of a fee of two dollars, the county treasurer shall issue a salvage certificate of title which shall bear the word "SALVAGE" stamped or printed on the face of the title in a manner prescribed by the department. A salvage certificate of title may be assigned to an educational institution, a new motor vehicle dealer licensed under chapter 322, a person engaged in the business of purchasing bodies, parts of bodies, frames or component parts of vehicles for sale as scrap metal, a salvage pool, or an authorized vehicle recycler licensed under chapter 321H. An authorized vehicle recycler licensed under chapter 321H or a new motor vehicle dealer licensed under chapter 322 may assign a salvage certificate of title to any person. A vehicle on which ownership has transferred to an insurer of the vehicle as a result of a settlement with the owner of the vehicle arising out of damage to, or unrecovered theft of, the vehicle shall be deemed to be a wrecked or salvage vehicle and the insurer shall comply with this subsection to obtain a salvage certificate of title within thirty days after the date of assignment of the certificate of title of the vehicle.

*b.* When a wrecked or salvage vehicle has been repaired, the owner may apply for a regular certificate of title by paying the appropriate fees and surrendering the salvage certificate of title and a properly executed salvage theft examination certificate. The county treasurer shall issue a regular certificate of title which shall bear a designation stamped or printed on the face of the title and stamped and printed on the registration receipt indicating that the vehicle was previously titled on a salvage certificate of title in a form approved by the department. This designation shall be included on every Iowa certificate of title and registration receipt issued thereafter for the vehicle. The stamped designation shall be in black and shall be in letters no bigger than sixteen point type and located on the center of the right side of the registration receipt. However, if ownership of a stolen vehicle has been transferred to an insurer organized under the laws of this state or admitted to do business in this state, or if the transfer was the result of a settlement with the owner of the vehicle arising from damage to or the unrecovered theft of the vehicle, and if the insurer certifies to the county treasurer on a form approved by the department that the insurance company has received one or more

written estimates which state that the retail cost of repairs including labor, parts, and other materials of all damage to the vehicle is less than three thousand dollars, the county treasurer shall issue to the insurance company the regular certificate of title and registration receipt without this designation.

c. A salvage theft examination shall be made by a peace officer who has been specially certified and recertified when required by the Iowa law enforcement academy to do salvage theft examinations. The Iowa law enforcement academy shall determine standards for training and certification, conduct training, and may approve alternative training programs which satisfy the academy's standards for training and certification. The owner of the salvage vehicle shall make the vehicle available for examination at a time and location designated by the peace officer doing the examination. The owner may obtain a permit to drive the vehicle to and from the examination location by submitting a repair affidavit to the agency performing the examination stating that the vehicle is reasonably safe for operation and listing the repairs which have been made to the vehicle. The owner must be present for the examination and have available for inspection the salvage title, bills of sale for all essential parts changed, and the repair affidavit. The examination shall be for the purposes of determining whether the vehicle or repair components have been stolen. The examination is not a safety inspection and a signed salvage theft examination certificate shall not be construed by any court of law to be a certification that the vehicle is safe to be operated. There shall be no cause of action against the peace officer or the agency conducting the examination or the county treasurer for failure to discover or note safety defects. If the vehicle passes the theft examination, the peace officer shall indicate that the vehicle passed examination on the salvage theft examination certificate. The permit and salvage theft examination certificate shall be on controlled forms prescribed and furnished by the department. The owner shall pay a fee of thirty dollars upon completion of the examination. The agency performing the examinations shall retain twenty dollars of the fee and shall pay five dollars of the fee to the department and five dollars of the fee to the treasurer of state for deposit in the general fund of the state. Moneys deposited to the general fund under this paragraph are subject to the requirements of section 8.60 and shall be used by the Iowa law enforcement academy to provide for the special training, certification, and recertification of officers as required by this subsection.

The state department of transportation shall adopt rules in accordance with chapter 17A to carry out this section.

d. For purposes of this subsection a "*wrecked or salvage vehicle*" means a damaged motor vehicle subject to registration and having a gross vehicle weight rating of less than thirty thousand pounds, for which the cost of repair exceeds fifty percent of the fair market value of the vehicle, as determined in accordance with rules adopted by the department, before it became damaged.

2. The vendee shall, if the vendee has not already secured a dealer's registration, immediately secure such registration from the department.

Upon the completion of such requirements the department shall certify to the county treasurer that such used motor vehicles are, from and after a date to be set by the department, the property of the vendee.

### **321.69 Damage disclosure statement.**

1. A certificate of title shall not be issued for a motor vehicle unless a damage disclosure statement has been made by the transferor of the vehicle and is furnished with the application for certificate of title. A damage disclosure statement must be provided by the transferor to the transferee in a transfer of ownership of a motor vehicle. The new certificate of title and registration receipt shall state on the face of the title the total cumulative dollar amount of damage reported by owners prior to the owner listed on the front of the title.

2. The damage disclosure statement required by this section shall, at a minimum, state the total retail dollar amount of all damage to the vehicle during the period of the transferor's ownership of the vehicle and whether the transferor knows if the vehicle was titled as a salvage or flood vehicle in this or any other state prior to the transferor's ownership of the vehicle. For the purposes of this section, "*damage*" refers to damage to the vehicle caused by fire, vandalism, collision, weather, falling objects, submersion in water, or flood, where the cost of repair is six thousand dollars or more per incident, but does not include normal wear and tear, glass damage, mechanical repairs or electrical repairs that have not been caused by fire, vandalism, collision, weather, falling objects, submersion in water, or flood. "*Damage*" does not include the cost of repairing, replacing, or reinstalling tires, lights, batteries, windshields, windows, a sound system, or an inflatable restraint system. A determination of the amount of damage to a vehicle shall be based on estimates of the retail cost of repairing the vehicle, including labor, parts, and other materials, if the vehicle has not been repaired or on the actual retail cost of repair, including labor, parts, and other materials, if the vehicle has been repaired. Only individual incidents in which the retail cost of repairs is six thousand dollars or more are required to be disclosed by this section. If the vehicle has incurred damage of six thousand dollars or more per incident in more than one incident, the damage amounts must be combined and disclosed as the total of all separate incidents.

3. The damage disclosure statement shall be provided by the transferor to the transferee at or before the time of sale. However, if the transferor has a salvage certificate of title for the vehicle, the transferor is not required to disclose under this section the total retail cost of repairs to the vehicle during the period of the transferor's ownership of the vehicle. If the transferor is not a resident of this state or if the transferee acquired the vehicle by operation of law as provided in section 321.47, the transferee shall not be required to submit a damage disclosure statement from the transferor with the transferee's application for title unless the state of the transferor's residence requires a damage disclosure statement. However, the transferee shall submit a damage disclosure statement with the transferee's application for title indicating whether a salvage or rebuilt title had ever existed for the vehicle, whether the vehicle had incurred prior damage of six thousand dollars or more per incident, and the year, make, and vehicle identification number of the motor vehicle. The transferee shall not be required to indicate whether the vehicle had incurred prior damage of six thousand dollars or more per incident under this subsection if the transferor's certificate of title is from another state and if it indicates that the vehicle is salvaged and not rebuilt or is another state's salvage certificate of title.

4. A lessee who has executed a lease as defined in section 321F.1 shall provide a damage disclosure statement to the lessor at the termination of the lease. The damage disclosure statement shall be made on a separate disclosure document and shall state the total dollar amount of all damage to the vehicle which occurred during the term of the lease. The lessee's damage disclosure statement shall not be submitted with the application for title, but the lessor shall retain the lessee's damage disclosure statement for five years following the date of the statement.
  5. The department shall retain each damage disclosure statement received and copies shall be available to the public and the attorney general upon request.
  6. Authorized vehicle recyclers licensed under chapter 321H and motor vehicle dealers licensed under chapter 322 shall maintain copies of all damage disclosure statements where the recycler or dealer is either the transferor or the transferee for five years following the date of the statement. The copies shall be made available to the department or the attorney general upon request.
  7. The damage disclosure statements shall be made on the back of the certificate of title if the title is available to the transferor at the time of sale. If the title is not available at the time of sale or if the face of the transferor's Iowa title contains no indication that the vehicle was previously salvaged or titled as salvaged or rebuilt and the transferor knows or reasonably should know that the vehicle was previously salvaged or titled as salvaged or rebuilt in another state, the transferor shall make the disclosure on a separate disclosure document. The damage disclosure statement forms shall be as approved by the department. The treasurer shall not accept a damage disclosure statement and issue a title unless the back of the title or separate disclosure document has been fully completed and signed and dated by the transferee and the transferor, if applicable. If a separate damage disclosure document from a prior owner is required to be furnished with the application for title, the transferor must provide a copy of the separate damage disclosure document to the transferee at or before the time of sale.
- In addition to the information required in subsection 2, a separate disclosure document shall state whether the vehicle's certificate of title indicates the existence of damage prior to the period of the transferor's ownership of the vehicle, and the amount of that damage if the transferor knows or reasonably should know of the prior damage, and whether the vehicle was titled as a salvage vehicle during the period of the transferor's ownership of the vehicle.
8. A person, authorized vehicle recycler licensed under chapter 321H, or motor vehicle dealer licensed under chapter 322 shall not be liable to a subsequent owner, driver, or passenger of a vehicle because a prior owner or lessee gave a false or inaccurate damage disclosure statement or failed to disclose that the vehicle had previously been damaged and repaired or had been titled on a salvage or rebuilt certificate of title unless the person, recycler, or dealer knew or reasonably should have known that the prior owner or lessee gave a false or inaccurate damage disclosure statement or failed to disclose that the vehicle had been damaged and repaired or had been titled on a salvage or rebuilt certificate of title.
  9. Except for subsection 10, this section does not apply to motor trucks and truck tractors with a gross vehicle weight rating of sixteen thousand pounds or more, vehicles more than nine model years old, motorcycles, motorized bicycles, and special mobile equipment. This section does apply to motor homes. The requirement in subsection 1 that the new certificate of title and registration receipt shall state on the face of the title the total cumulative dollar amount of damage does not apply to a vehicle with a certificate of title bearing a designation that the vehicle was previously titled on a salvage certificate of title pursuant to section 321.52, subsection 4, paragraph "b", or to a vehicle with a certificate of title bearing a "REBUILT" or "SALVAGE" designation pursuant to section 321.24, subsection 4 or 5. Except for subsection 10, this section does not apply to new motor vehicles with a true mileage, as defined in section 321.71, of one thousand miles or less, unless such vehicle has incurred damage as defined in subsection 2.
  10. A person shall not sell, lease, or trade a motor vehicle if the person knows or reasonably should know that

the motor vehicle contains a nonoperative airbag that is part of an inflatable restraint system, or that the motor vehicle has had an airbag removed and not replaced, unless the person clearly discloses, in writing, to the person to whom the person is selling, leasing, or trading the vehicle, prior to the sale, lease, or trade, that the airbag is missing or nonoperative. In addition, a lessee who has executed a lease as defined in section 321F.1 shall provide the disclosure statement required in this subsection to the lessor upon termination of the lease.

The written disclosure required by this subsection shall be deemed to be a damage disclosure statement for the purposes of subsections 6, 8, and 11.

11. A person who knowingly makes a false damage disclosure statement or fails to make a damage disclosure statement required by this section commits a fraudulent practice. Failure of a person, authorized vehicle recycler licensed under chapter 321H, or motor vehicle dealer licensed under chapter 322 to comply with any duty imposed by this section constitutes a violation of section 714.16, subsection 2, paragraph "a".

12. The department shall adopt rules as necessary to implement this section.

### **321.70 Dealer vehicles.**

A dealer registered under this chapter shall not be required to register any vehicle owned by the dealer which is being held for sale or trade, provided the registration fee was not delinquent at the time the vehicle was acquired by the dealer. When a dealer ceases to hold any vehicle for sale or trade or the vehicle otherwise becomes subject to registration under this chapter the registration fee and delinquent registration fee, if any, shall be due for the registration year.

### **321.71 Odometer requirements.**

1. For the purposes of this section the following words and phrases shall have the meanings respectively ascribed to them:

*a. "Intent and purpose of this section"* is and shall mean to achieve the end that odometers of motor vehicles shall at all times correctly show the true mileage that the motor vehicle has been driven.

*b. "True mileage"* is the actual mileage the motor vehicle has been driven.

2. No person shall knowingly tamper with, adjust, alter, change, set back, disconnect or fail to connect the odometer of any motor vehicle, or cause any of the foregoing to occur to an odometer of a motor vehicle, so as to reflect a lower mileage than the true mileage driven by the motor vehicle.

3. No person shall conspire with any other person to evade the intent and purpose of this section.

4. No person shall with the intent to defraud operate a motor vehicle on any street or highway knowing that the odometer of the motor vehicle is disconnected or nonfunctional.

5. No person shall advertise for sale, sell, use or install on any part of a motor vehicle or on any odometer in a motor vehicle any device which causes the odometer to register any mileage other than the true mileage.

6. In the event any odometer is repaired or replaced, the reading of the repaired or replaced odometer shall be set at the reading of the odometer repaired or replaced immediately prior to repair or replacement, but where the odometer is incapable of registering the same mileage the odometer shall be adjusted to read zero and any adjustment made in accordance with the provisions of this subsection shall not be deemed a violation of any provision of this section.

7. A certificate of title shall not be issued for a motor vehicle less than ten model years old which is equipped with an odometer by the manufacturer, unless an odometer statement which is in compliance with federal law and regulations has been made by the transferor of the vehicle and is furnished with the application for certificate of title. The new certificate of title shall record on its face the odometer reading and the word "actual" if the true mileage is known. If the odometer reading is not the true mileage or the true mileage is unknown, the words "not actual" shall be recorded. If the odometer reading is greater than the odometer can mechanically count, the words "exceeds the mechanical limits" shall be recorded. However, a certificate of title may be issued for a motor vehicle to a person who moves into this state if the person acquired ownership of the motor vehicle prior to moving to this state. This subsection does not apply to motor vehicles having a gross vehicle weight rating of more than sixteen thousand pounds.

8. Any person who knowingly makes or delivers a false odometer statement as required by subsection 7 shall be guilty of a violation of this section.

9. An Iowa licensed motor vehicle dealer shall not have in possession as inventory for sale a used motor vehicle acquired by the dealer after the tenth model year prior to the current registration year, for which the dealer does not possess an odometer statement by the transferor which is in compliance with federal law and regulations unless a certificate of title has been issued for the vehicle in the name of the dealer. Transfer of a new motor vehicle with an ownership document which is a manufacturer's statement of origin requires an odometer statement only when transferred at retail.

10. A transferee of a motor vehicle reassigning the certificate of title to such motor vehicle pursuant to the provisions of section 321.48, subsection 1, shall not be guilty of a violation of this section if such transferee has in the transferee's possession an odometer statement by the transferor which is in compliance with federal law and regulations and if the transferee has no knowledge that the statement is false and that the transferee has no knowledge that the odometer does not reflect the true mileage of such motor vehicle.

11. The department may adopt rules which shall be in compliance with the federal Truth in Mileage Act of 1986, Pub. L. No. 99-579.

12. Any person who violates this section commits a fraudulent practice.

### **321.71A Nonoperative air bags.**

A person shall not install or reinstall for compensation, distribute, or sell a nonoperative air bag that is part of an inflatable restraint system for a motor vehicle if the person knows that the air bag is nonoperative. A violation of this section is an aggravated misdemeanor punishable by confinement for up to one year and a fine of at least five hundred dollars but not more than five thousand dollars.

For purposes of this section, "*nonoperative air bag*" includes an air bag that has been previously deployed, is nonfunctional, or is otherwise defective. "*Nonoperative air bag*" also includes anything that is inserted, or is intended to be inserted, in place of an air bag, which would prohibit an inflatable restraint system from functioning properly.

**321.72 Report of stolen and recovered motor vehicles.**

Every peace officer upon receiving reliable information that any vehicle registered under this chapter has been stolen shall immediately report the theft to the department unless prior thereto information has been received of the recovery of the vehicle. **321.73 Reports by owners.**

The owner, or person having a lien or encumbrance upon a registered vehicle which has been stolen or embezzled, may notify the department of such theft or embezzlement, but in the event of an embezzlement may make such report only after having procured the issuance of a warrant for the arrest of the person charged with such embezzlement.

### **321.89 Abandoned vehicles.**

1. *Definitions.* As used in this section and sections 321.90 and 321.91 unless the context otherwise requires:

a. *"Abandoned vehicle"* means any of the following:

(1) A vehicle that has been left unattended on public property for more than twenty-four hours and lacks current registration plates or two or more wheels or other parts which renders the vehicle totally inoperable.

(2) A vehicle that has remained illegally on public property for more than twenty-four hours.

(3) A vehicle that has been unlawfully parked on private property or has been placed on private property without the consent of the owner or person in control of the property for more than twenty-four hours.

(4) A vehicle that has been legally impounded by order of a police authority and has not been reclaimed for a period of ten days. However, a police authority may declare the vehicle abandoned within the ten-day period by commencing the notification process in subsection 3.

(5) Any vehicle parked on the highway determined by a police authority to create a hazard to other vehicle traffic.

(6) A vehicle that has been impounded pursuant to section 321J.4B by order of the court and whose owner has not paid the impoundment fees after notification by the person or agency responsible for carrying out the impoundment order.

b. *"Demolisher"* means any city or public agency organized for the disposal of solid waste, or any person whose business it is to convert a vehicle to junk, processed scrap, or scrap metal, or otherwise to wreck or dismantle vehicles.

c. *"Police authority"* means the Iowa state patrol, any law enforcement agency of a county or city, or any special security officer employed by the state board of regents under section 262.13.

2. *Authority to take possession of abandoned vehicles.* A police authority, upon the authority's own initiative or upon the request of any other authority having the duties of control of highways or traffic, shall take into custody an abandoned vehicle on public property and may take into custody an abandoned vehicle on private

property. A police authority taking into custody an abandoned vehicle which has been determined to create a traffic hazard shall report the reasons constituting the hazard in writing to the appropriate authority having duties of control of the highway. The police authority may employ its own personnel, equipment, and facilities, or hire a private entity, equipment, and facilities for the purpose of removing, preserving, storing, or disposing of abandoned vehicles. If a police authority employs a private entity to dispose of abandoned vehicles, the police authority shall provide the private entity with the names and addresses of the registered owners, all lienholders of record, and any other known claimant to the vehicle or the personal property found in the vehicle. The owners, lienholders, or other claimants of the abandoned vehicle shall not have a cause of action against a private entity for action taken under this section, if the private entity provides notice as required by subsection 3, paragraph "a", to those persons whose names were provided by the police authority.

### *3. Notification of owner, lienholders, and other claimants.*

*a.* A police authority or private entity which takes into custody an abandoned vehicle shall notify, within twenty days, by certified mail, the last known registered owner of the vehicle, all lienholders of record, and any other known claimant to the vehicle or to personal property found in the vehicle, addressed to their last known addresses of record, that the abandoned vehicle has been taken into custody. Notice shall be deemed given when mailed. The notice shall describe the year, make, model, and serial number of the vehicle, describe the personal property found in the vehicle, set forth the location of the facility where the vehicle is being held, and inform the persons receiving the notice of their right to reclaim the vehicle and personal property within ten days after the effective date of the notice upon payment of all towing, preservation, and storage charges resulting from placing the vehicle in custody and upon payment of the costs of notice required pursuant to this subsection. The notice shall also state that the failure of the owner, lienholders, or claimants to exercise their right to reclaim the vehicle or personal property within the time provided shall be deemed a waiver by the owner, lienholders, and claimants of all right, title, claim, and interest in the vehicle or personal property and that failure to reclaim the vehicle or personal property is deemed consent to the sale of the vehicle at a public auction or disposal of the vehicle to a demolisher and to disposal of the personal property by sale or destruction. The notice shall state that any person claiming rightful possession of the vehicle or personal property who disputes the planned disposition of the vehicle or property by the police authority or private entity or of the assessment of fees and charges provided by this section may ask for an evidentiary hearing before the police authority to contest those matters. If the persons receiving the notice do not ask for a hearing or exercise their right to reclaim the vehicle or personal property within the ten-day reclaiming period, the owner, lienholders, or claimants shall no longer have any right, title, claim, or interest in or to the vehicle or the personal property. A court in any case in law or equity shall not recognize any right, title, claim, or interest of the owner, lienholders, or claimants, after the expiration of the ten-day reclaiming period.

*b.* If the identity of the last registered owner cannot be determined, or if the registration contains no address for the owner, or if it is impossible to determine with reasonable certainty the identity and addresses of all lienholders, notice by one publication in one newspaper of general circulation in the area where the vehicle was abandoned shall be sufficient to meet all requirements of notice under this section. The published notice may contain multiple listings of abandoned vehicles and personal property but shall be published within the same time requirements and contain the same information as prescribed for mailed notice in paragraph "a".

*c.* The owner, lienholders, or claimants may, by written request delivered to the police authority or private entity prior to the expiration of the ten-day reclaiming period, obtain an additional five days within which the vehicle or personal property may be reclaimed.

*4. Auction of abandoned vehicles.* If an abandoned vehicle has not been reclaimed as provided for in subsection 3, the police authority or private entity shall make a determination as to whether or not the vehicle shall be sold for use upon the highways. If the vehicle is not sold for use upon the highways, it shall be sold for junk, or demolished and sold as scrap. The police authority or private entity shall sell the vehicle at public auction. Notwithstanding any other provision of this section, a police authority or private entity, which has

taken into possession any abandoned vehicle which lacks an engine, two or more wheels, another part which renders the vehicle totally inoperable, or which has a fair market value of less than five hundred dollars as determined by the police authority or private entity, may dispose of the vehicle to a demolisher for junk without public auction after complying with the notification procedures in subsection 3. The purchaser of the vehicle takes title free and clear of all liens and claims of ownership, shall receive a sales receipt from the police authority or private entity, and is entitled to register the vehicle and receive a certificate of title if sold for use upon the highways. If the vehicle is sold or disposed of to a demolisher for junk, the demolisher shall make application for a junking certificate to the county treasurer within thirty days of purchase and shall surrender the sales receipt in lieu of the certificate of title.

From the proceeds of the sale of an abandoned vehicle the police authority, if the police authority did not hire a private entity, shall reimburse itself for the expenses of the auction, the costs of towing, preserving, and storing which resulted from placing the abandoned vehicle in custody, all notice and publication costs incurred pursuant to subsection 3, the cost of inspection, and any other costs incurred except costs of bookkeeping and other administrative costs. Any remainder from the proceeds of a sale shall be held for the owner of the vehicle or entitled lienholder for ninety days, and shall then be deposited in the road use tax fund. The costs to police authorities of auction, towing, preserving, storage, and all notice and publication costs, and all other costs which result from placing abandoned vehicles in custody, whenever the proceeds from a sale of the abandoned vehicles are insufficient to meet these expenses and costs, shall be paid from the road use tax fund and are the obligation of the last owner or owners, jointly and severally.

The director of transportation shall establish by rule a claims procedure to be followed by police authorities in obtaining expenses and costs from the fund. If a private entity has been hired, the police authority may file a claim with the department for reimbursement of towing fees which shall be paid from the road use tax fund.

### **321.90 Disposal of abandoned motor vehicles.**

1. *Garagekeepers and abandoned motor vehicles.* Any motor vehicle left in a garage operated for commercial purposes after the period for which the vehicle was to remain on the premises shall, after notice by certified mail to the last known registered owner of the vehicle addressed to the owner's last known address of record to reclaim the vehicle within ten days of the date of the notice, be deemed an abandoned motor vehicle unless reclaimed by the owner within such ten-day period or the owner notifies the garagekeeper in writing within such period of time that such vehicle is not an abandoned motor vehicle and shall be reported by the garagekeeper to the police authority. If the identity or address of the last registered owner of the motor vehicle cannot be determined, the vehicle shall be deemed an abandoned motor vehicle on the eleventh day after the period for which the vehicle was to remain on the premises unless reclaimed by the owner within the ten-day period or the owner notifies the garagekeeper in writing within such period of time that such vehicle is not an abandoned motor vehicle and shall be reported by the garagekeeper to the police authority. All abandoned motor vehicles left in garages may be taken into custody by a police authority upon the request of the garagekeeper and sold in accordance with the procedures set forth in section 321.89, subsection 4, unless the motor vehicle is reclaimed. The proceeds of the sale shall be first applied to the garagekeeper's charges for towing and storage, and any surplus proceeds shall be distributed in accordance with section 321.89, subsection 4. Nothing in this section shall be construed to impair any lien of a garagekeeper under the laws of this state, or the right of a garagekeeper to foreclose the garagekeeper's lien, provided that a garagekeeper shall be deemed to have abandoned the garagekeeper's artisan lien when such vehicle is taken into custody by

the police authority. For the purposes of this section "garagekeeper" means any operator of a parking place or establishment, motor vehicle storage facility, or establishment for the servicing, repair, or maintenance of motor vehicles.

## *2. Disposal to demolisher.*

*a.* Any person, firm, corporation, or unit of government upon whose property or in whose possession is found any abandoned motor vehicle, or any person being the owner of a motor vehicle whose title certificate is faulty, lost, or destroyed and is thereby unable to transfer title to the motor vehicle, may apply to the police authority of the jurisdiction in which the motor vehicle is situated for authority to sell, give away, or otherwise dispose of the motor vehicle to a demolisher.

*b.* The application shall set out the name and address of the applicant, and the year, make, model, and serial number of the motor vehicle, if ascertainable, together with any other identifying features, and shall contain a concise statement of the facts surrounding the abandonment, or a statement that the title of the motor vehicle is lost or destroyed, or the reasons for the defect of title in the owner. The applicant shall execute an affidavit stating that the facts alleged are true and that no material fact has been withheld. An order for disposal obtained pursuant to section 555B.8, subsection 3, satisfies the application requirements of this paragraph.

*c.* If the police authority finds that the application is executed in proper form, and shows that the motor vehicle has been abandoned upon the property of the applicant, or if it shows that the motor vehicle is not abandoned but that the applicant appears to be the rightful owner, the police authority shall follow appropriate notification procedures as set forth in section 321.89, subsection 3, except that in the case of an order for disposal obtained pursuant to section 555B.8, subsection 3, no notification is required.

*d.* If the abandoned motor vehicle is not reclaimed in accordance with section 321.89, subsection 3, or no lienholder objects to the disposal in the case of an owner-applicant, the police authority shall give the applicant a certificate of authority allowing the applicant to obtain a junking certificate for the motor vehicle. The applicant shall make application for a junking certificate to the county treasurer within fifteen days of purchase and surrender the certificate of authority in lieu of the certificate of title. The demolisher shall accept the junking certificate in lieu of the certificate of title to the motor vehicle.

*e.* Notwithstanding any other provisions of this section and sections 321.89 and 321.91, any person, firm, corporation, or unit of government upon whose property or in whose possession is found any abandoned motor vehicle, or any person being the owner of a motor vehicle whose title certificate is faulty, lost, or destroyed, may dispose of such motor vehicle to a demolisher for junk without a title and without the notification procedures of section 321.89, subsection 3, if the motor vehicle lacks an engine or two or more wheels or other structural part which renders the vehicle totally inoperable. The police authority shall give the applicant a certificate of authority. The owner shall apply to the county treasurer for a junking certificate within fifteen days of purchase and shall surrender the certificate of authority in lieu of the certificate of title.

*f.* The owner of an abandoned motor vehicle and all lienholders shall no longer have any right, title, claim, or interest in or to the motor vehicle; and no court in any case in law or equity shall recognize any right, title, claim, or interest of any owner or lienholders after the disposal of the motor vehicle to a demolisher.

*g.* Any proceeds from the sale of an abandoned motor vehicle to a demolisher under this section, by one other than the owner of the vehicle, except the sale of a vehicle pursuant to an order for disposal obtained pursuant to section 555B.8, subsection 3, shall first be applied to that person's expenses in effecting the sale, including storage, towing, and disposal charges, and any surplus shall be distributed in accordance with section 321.89, subsection 4. The proceeds from the sale of a vehicle disposed of pursuant to section 555B.8, subsection 3, shall be distributed in accordance with section 555B.9.

## *3. Duties of demolishers.*

a. Any demolisher who purchases or otherwise acquires an abandoned motor vehicle for junk under the provisions of this section shall junk, scrap, wreck, dismantle, or demolish such motor vehicle. A demolisher shall not junk, scrap, wreck, dismantle, or demolish a vehicle until the demolisher has obtained the junking certificate issued for the vehicle.

b. A demolisher shall keep an accurate and complete record of all motor vehicles purchased or received by the demolisher in the course of the demolisher's business. These records shall contain the name and address of the person from whom each motor vehicle was purchased or received and the date when the purchases or receipts occurred. The records shall be open for inspection by any police authority at any time during normal business hours. Any record required by this section shall be kept by the demolisher for at least one year after the transaction to which it applies.

### **321.125 Effect of exemption.**

### **321.126 Refunds of fees.**

Refunds of unexpired vehicle registration fees shall be allowed in accordance with this section, except that no refund shall be allowed and paid if the unused portion of the fee is less than ten dollars. Subsections 1 and 2 do not apply to motor vehicles registered by the county treasurer. The refunds shall be made as follows:

1. If the motor vehicle is destroyed by fire or accident, or junked and its identity as a motor vehicle entirely eliminated, the owner in whose name the motor vehicle was registered at the time of destruction or dismantling shall return the plates to the department and within thirty days thereafter make a statement of such destruction or dismantling and make claim for refund. With reference to the destruction or dismantling

of a vehicle, no refund shall be allowed unless a junking certificate has been issued, as provided in section 321.52.

2. If the motor vehicle is stolen, the owner shall give notice of the theft to the department within five days. If the motor vehicle is not recovered by the owner thirty days prior to the end of the current registration year, the owner shall make a statement of the theft and make claim for refund.

3. If the motor vehicle is placed in storage by the owner upon the owner's entry into the military service of the United States, the owner shall return the plates to the county treasurer or the department and make a statement regarding the storage and military service and make claim for refund. Whenever the owner of a motor vehicle so placed in storage desires to again register the vehicle, the county treasurer or department shall compute and collect the fees for registration for the registration year commencing in the month the vehicle is removed from storage.

4. If the motor vehicle is registered by the county treasurer during the current registration year and the owner or lessee registers the vehicle for proportional registration under chapter 326, the owner of the registered vehicle shall surrender the registration plates to the county treasurer and may file a claim for refund. In lieu of a refund, a credit for the registration fees paid to the county treasurer may be applied by the department to the owner or lessee's proportional registration fees upon the surrender of the county plates and registration.

5. A refund for trailers and semitrailers issued a multiyear registration plate shall be paid by the department upon application.

6. If a vehicle is sold or junked, the owner in whose name the vehicle was registered may make claim to the county treasurer or department for a refund of the sold or junked vehicle's registration fee. Also if the owner of a vehicle receives a vehicle registration fee credit under section 321.46, subsection 3, and the credit allowed exceeds the amount of the registration fee for the vehicle acquired, the owner may claim a refund for the balance of the credit. The refund is subject to the following limitations:

*a.* If a vehicle registration fee credit has not been received by the owner of the vehicle under section 321.46, subsection 3, the refund shall be computed on the basis of the number of unexpired months remaining in the registration year at the time the vehicle was sold or junked. The refund shall be rounded to the nearest whole dollar. Section 321.127, subsection 1, does not apply.

*b.* The refund shall only be allowed if the owner provides a copy of the registration receipt for the vehicle sold or junked.

*c.* The refund shall only be allowed if the owner makes claim for the refund within six months after the date of the vehicle's sale, trade, or junking.

*d.* This subsection does not apply to vehicles registered under chapter 326.

7. Notwithstanding any provision of this section to the contrary, there shall be no refund of proportional registration fees unless the state which issued the base plate for the vehicle allows such refund. If an owner subject to proportional registration leases the vehicle for which the refund is sought, the claim shall be filed in the names of both the lessee and the lessor and the refund payment made payable to both the lessor and the lessee. The term "owner" for purposes of this section shall include a person in whom is vested right of possession or control of a vehicle which is subject to a lease, contract, or other legal arrangement vesting right of possession or control in addition to the term as defined in section 321.1, subsection 49.

1. The refund of the registration fee for motor vehicles shall be computed on the basis of the number of unexpired months remaining in the registration year from date of filing of the claim for refund with the county treasurer, computed to the nearest dollar.
2. The department, unless reasonable grounds exist for delay, shall make refund on or before the last day of the month following the month in which the claim is filed with the department.
3. For trailers or semitrailers issued a multiyear registration plate a refund shall be paid equal to the annual fee for twelve months times the remaining number of complete registration years.
4. Refunds for motor vehicles registered for proportional registration under chapter 326 shall be paid on the basis of unexpired complete calendar months remaining in the registration year from the date the claim for refund, license plate, and registration receipt are received by the department.

### **321.131 Lien of fee.**

The county treasurer may perfect a security interest in a vehicle

for the amount of such fees by noting the lien upon the certificate of title for the vehicle as provided in section 321.50. If the lien is not perfected as provided in this section, the lien shall not be valid against a bona fide purchaser of the vehicle without actual notice to the purchaser.

### **321.134 Monthly penalty.**

1. On the first day of the second month following the beginning of each registration year a penalty of five percent of the annual registration fee shall be added to the registration fees not paid by that date and an additional penalty of five percent shall be added the first day of each succeeding month, until the fee is paid. A penalty shall not be less than five dollars. If the owner of a vehicle surrenders the registration plates for a vehicle prior to the plates becoming delinquent, to the county treasurer of the county where the vehicle is registered, or to the department if the vehicle is registered under chapter 326, the owner may register the vehicle any time thereafter upon payment of the registration fee for the registration year without penalty. The penalty on vehicles registered under chapter 326 shall accrue February 1 of each year. To avoid a penalty or an additional penalty in the case of a delinquent registration, if the last calendar day of a month falls on Saturday, Sunday, or a holiday, the payment deadline is extended to include the first business day of the following month. However, an electronic payment must be initiated by midnight on the last day of the month preceding the delinquent date.

2. The annual registration fee for trucks, truck tractors, and road tractors, as provided in sections 321.121 and 321.122, may be payable in two equal semiannual installments if the annual registration fee exceeds the registration fee for a vehicle with a gross weight exceeding five tons. The penalties provided in subsection 1 shall be computed on the amount of the first installment only and on the first day of the seventh month of the registration period the same rate of penalty shall apply to the second installment, until the fee is paid. Semiannual installments do not apply to commercial vehicles, as defined under section 326.2, subject to proportional registration, with a base state other than the state of Iowa, as defined in section 326.2, subsection 1. The penalty on vehicles registered under chapter 326 accrues August 1 of each year except as provided in section 326.6.

3. If a penalty applies to a vehicle registration fee provided for in sections 321.121 and 321.122, the same penalty shall be assessed on the fees collected to increase the registered gross weight of the vehicle, if the

increased gross weight is requested within forty-five days from the date the delinquent vehicle is registered for the current registration period.

4. Notwithstanding subsections 1 through 3, if a vehicle registration is delinquent for twenty-four months or more, a flat penalty and fee shall be assessed for the delinquent period in addition to the current registration fee. The flat penalty and fee shall be one hundred fifty percent of the current annual registration fee.

1. *Approved course.* An approved driver education course as programmed by the department shall consist of at least thirty clock hours of classroom instruction, of which no more than one hundred eighty minutes shall be provided to a student in a single day, and six or more clock hours of laboratory instruction of which at least three clock hours shall consist of street or highway driving. Classroom instruction shall include all of the following:

- a. A minimum of four hours of instruction concerning substance abuse.
- b. A minimum of twenty minutes of instruction concerning railroad crossing safety.
- c. Instruction relating to becoming an organ donor under the uniform anatomical gift Act as provided in chapter 142C.

To be qualified as a classroom driver education instructor, a person shall have satisfied the educational requirements for a teaching license at the elementary or secondary level and hold a valid license to teach

driver education in the public schools of this state.

Every public school district in Iowa shall offer or make available to all students residing in the school district or Iowa students attending a nonpublic school in the district an approved course in driver education. The courses may be offered at sites other than at the public school, including nonpublic school facilities within the public school districts. An approved course offered during the summer months, on Saturdays, after regular school hours during the regular terms or partly in one term or summer vacation period and partly in the succeeding term or summer vacation period, as the case may be, shall satisfy the requirements of this section to the same extent as an approved course offered during the regular school hours of the school term. A student who successfully completes and obtains certification in an approved course in driver education or an approved course in motorcycle education may, upon proof of such fact, be excused from any field test which the student would otherwise be required to take in demonstrating the student's ability to operate a motor vehicle. A student shall not be excused from any field test if a parent, guardian, or instructor requests that a test be administered. Street or highway driving instruction may be provided by a person qualified as a classroom driver education instructor or a person certified by the department and authorized by the board of educational examiners. A person shall not be required to hold a current Iowa teacher or administrator license at the elementary or secondary level or to have satisfied the educational requirements for an Iowa teacher license at the elementary or secondary level in order to be certified by the department or authorized by the board of educational examiners to provide street or highway driving instruction. A final field test prior to a student's completion of an approved course shall be administered by a person qualified as a classroom driver education instructor. The department shall adopt rules pursuant to chapter 17A to provide for certification of persons qualified to provide street or highway driving instruction. The board of educational examiners shall adopt rules pursuant to chapter 17A to provide for authorization of persons certified by the department to provide street or highway driving instruction.

*"Student"*, for purposes of this section, means a person between the ages of fourteen years and twenty-one years who satisfies the preliminary licensing requirements of the department.

Any person who successfully completes an approved driver education course at a private or commercial driver education school licensed by the department shall likewise be eligible for a driver's license as provided in section 321.180B or 321.194.

## *2. Restricted license.*

*a.* A person between sixteen and eighteen years of age who is not in attendance at school or who is in attendance in a public or private school where an approved driver's education course is not offered or available, may be issued a restricted license only for travel to and from work or to transport dependents to and from temporary care facilities, if necessary for the person to maintain the person's present employment, without having completed an approved driver's education course. The restricted license shall be issued by the department only upon confirmation of the person's employment and need for a restricted license to travel to and from work or to transport dependents to and from temporary care facilities if necessary to maintain the person's employment and upon receipt of a written statement from the public or private school that an approved course in driver's education was not offered or available to the person, if applicable. The employer shall notify the department if the employment of the person is terminated before the person attains the age of eighteen. The person shall not have a restricted license revoked or suspended upon reentering school prior to age eighteen if the student enrolls in and completes the classroom portion of an approved driver's education course as soon as a course is available.

*b.* The department may suspend a restricted license issued under this section upon receiving a record of the person's conviction for one violation and shall revoke the license upon receiving a record of conviction for two or more violations of a law of this state or a city ordinance regulating the operation of motor vehicles on

highways, other than parking violations as defined in section 321.210. After revoking a license under this section the department shall not grant an application for a new license or permit until the expiration of one year or until the person attains the age of eighteen whichever is the longer period.

### 3. *Driver's license reciprocity.*

a. The department may issue a class C or M driver's license to a person who is sixteen or seventeen years of age and who is a current resident of the state, but who has been driving as a resident of another state for at least one year prior to residency within the state.

b. The following criteria must be met prior to issuance of a driver's license pursuant to this subsection:

(1) The minor must reside with a parent or guardian.

(2) The minor must have driven under a valid driver's license for at least one year in the prior state of residence. Six months of the one year computation may include driving with an instruction permit.

(3) The minor must have had no moving traffic violations on the minor's driving record.

(4) The minor must pass the written and driving skills tests as required by the department, but is not required to have taken a driver's education class.

### **321.180 Instruction permits.**

1. a. A person who is at least eighteen years of age and who, except for the person's lack of instruction in operating a motor vehicle, would be qualified to obtain a driver's license, shall, upon meeting the requirements of section 321.186 other than a driving demonstration, and upon paying the required fee, be issued an instruction permit by the department. Subject to the limitations in this subsection, an instruction permit entitles the permittee, while having the permit in the permittee's immediate possession, to operate a motor vehicle, other than a commercial motor vehicle or as a chauffeur or a motor vehicle with a gross vehicle weight rating of sixteen thousand one or more pounds, upon the highways for a period not to exceed two years from the licensee's birthday anniversary in the year of issuance. If the applicant for an instruction permit holds a driver's license issued in this state valid for the operation of a motorized bicycle or a

motorcycle, the instruction permit shall be valid for such operation without the need of an accompanying person.

A permittee shall not be penalized for failing to have the instruction permit in immediate possession if the permittee produces in court, within a reasonable time, an instruction permit issued to the permittee and valid at the time of the permittee's arrest or at the time the permittee was charged with failure to have the permit in the permittee's immediate possession.

*b.* Except as otherwise provided, a permittee who is eighteen years of age or older must be accompanied by a person issued a driver's license valid for the vehicle operated who is a member of the permittee's immediate family if the family member is at least twenty-one years of age, an approved driver education instructor, a prospective driver education instructor who is enrolled in a practitioner preparation program with a safety education program approved by the state board of education, or a person at least twenty-five years of age, and who is actually occupying a seat beside the driver.

However, if the permittee is operating a motorcycle in accordance with this section or section 321.180B, the accompanying person must be within audible and visual communications distance from the permittee and be accompanying the permittee on or in a different motor vehicle. Only one permittee shall be under the immediate supervision of an accompanying qualified person.

2. A person who holds a class A, B, C, or D driver's license, upon meeting each of the following requirements, shall be eligible to apply for a commercial driver's instruction permit valid for the operation of a commercial motor vehicle when the permittee is accompanied by a person properly licensed to operate a commercial motor vehicle and actually occupying a seat beside the permittee. An applicant must be at least eighteen years of age and qualified to obtain a valid commercial driver's license including the requirements of section 321.188 other than the knowledge examination and driving skills tests. The commercial driver's instruction permit shall be valid for a period not to exceed six months. A commercial driver's instruction permit may be renewed only once in any two-year period. If the applicant for a commercial driver's instruction permit holds a driver's license issued in this state valid for the operation of a commercial or noncommercial vehicle, the commercial driver's instruction permit shall be valid for such operation without the need of an accompanying person.

3. A person, upon meeting each of the following requirements, shall be eligible to apply for a chauffeur's instruction permit valid for the operation of a motor vehicle, other than a commercial motor vehicle, as a chauffeur when the permittee is accompanied by a person, possessing a valid class D driver's license or commercial driver's license valid for the operation of the motor vehicle and the accompanying person is actually occupying a seat beside the permittee. An applicant must be at least eighteen years of age, otherwise qualified to obtain a class D driver's license, and must meet the requirements of section 321.186 other than a driving demonstration. The chauffeur's instruction permit shall be valid for a period not to exceed two years from the licensee's birthday anniversary in the year of issuance and shall be returned to the department upon issuance of a class D driver's license or commercial driver's license. If the applicant for a chauffeur's instruction permit holds a driver's license issued under this chapter, the chauffeur's instruction permit shall be valid in the same manner as the driver's license would be for the operation of motor vehicles without the need of an accompanying person.

4. The instruction permit, chauffeur's instruction permit, and commercial driver's instruction permit are subject to suspension or revocation for the same reasons and in the same manner as suspension or revocation of a driver's license.

5. A motorcycle instruction permit issued under this section is not renewable.

### **321.180B Graduated driver's licenses for persons aged fourteen through seventeen.**

Persons under age eighteen shall not be issued a license or permit to operate a motor vehicle except under the provisions of this section. However, the department may issue restricted and special driver's licenses to certain minors as provided in sections 321.178 and 321.194, and driver's licenses restricted to motorized bicycles as provided in section 321.189. A license or permit shall not be issued under this section or section 321.178 or 321.194 without the consent of a parent or guardian. An additional consent is required each time a license or permit is issued under this section or section 321.178 or 321.194. The consent must be signed by at least one parent or guardian on an affidavit form provided by the department.

1. *Instruction permit.* The department may issue an instruction permit to an applicant between the ages of fourteen and eighteen years if the applicant meets the requirements of sections 321.184 and 321.186, other

than a driving demonstration, and pays the required fee. An instruction permit issued under this section shall be valid for a period not to exceed two years from the licensee's birthday anniversary in the year of issuance. A motorcycle instruction permit issued under this section is not renewable.

Subject to the limitations in this subsection, an instruction permit entitles the permittee, while having the permit in the permittee's immediate possession, to operate a motor vehicle other than a commercial motor vehicle or as a chauffeur or a motor vehicle with a gross vehicle weight rating of sixteen thousand one or more pounds upon the highways.

Except as otherwise provided, a permittee who is less than eighteen years of age and who is operating a motor vehicle must be accompanied by a person issued a driver's license valid for the vehicle operated who is the parent or guardian of the permittee, member of the permittee's immediate family if the family member is at least twenty-one years of age, an approved driver education instructor, a prospective driver education instructor who is enrolled in a practitioner preparation program with a safety education program approved by the state board of education, or a person at least twenty-five years of age if written permission is granted by the parent or guardian, and who is actually occupying a seat beside the driver. A permittee shall not operate a motor vehicle if the number of passengers in the motor vehicle exceeds the number of passenger safety belts in the motor vehicle. If the applicant for an instruction permit holds a driver's license issued in this state valid for the operation of a motorized bicycle or a motorcycle, the instruction permit shall be valid for such operation without the requirement of an accompanying person.

However, if the permittee is operating a motorcycle in accordance with this section, the accompanying person must be within audible and visual communications distance from the permittee and be accompanying the permittee on or in a different motor vehicle. Only one permittee shall be under the immediate supervision of an accompanying qualified person.

A permittee shall not be penalized for failing to have the instruction permit in the permittee's immediate possession if the permittee produces in court, within a reasonable time, an instruction permit issued to the permittee and valid at the time of the permittee's arrest or at the time the permittee was charged with failure to have the permit in the permittee's immediate possession.

*2. Intermediate license.* The department may issue an intermediate driver's license to a person sixteen or seventeen years of age who possesses an instruction permit issued under subsection 1 or a comparable instruction permit issued by another state for a minimum of six months immediately preceding application, and who presents an affidavit signed by a parent or guardian on a form to be provided by the department that the permittee has accumulated a total of twenty hours of street or highway driving of which two hours were conducted after sunset and before sunrise and the street or highway driving was with the permittee's parent, guardian, instructor, a person certified by the department, or a person at least twenty-five years of age who had written permission from a parent or guardian to accompany the permittee, and whose driving privileges have not been suspended, revoked, or barred under this chapter or chapter 321J during, and who has been accident and conviction free continuously for, the six-month period immediately preceding the application for an intermediate license. An applicant for an intermediate license must meet the requirements of section 321.186, including satisfactory completion of driver education as required in section 321.178, and payment of the required license fee before an intermediate license will be issued. A person issued an intermediate license must limit the number of passengers in the motor vehicle when the intermediate licensee is operating the motor vehicle to the number of passenger safety belts.

Except as otherwise provided, a person issued an intermediate license under this subsection who is operating a motor vehicle between the hours of twelve-thirty a.m. and five a.m. must be accompanied by a person issued a driver's license valid for the vehicle operated who is the parent or guardian of the permittee, a member of the permittee's immediate family if the family member is at least twenty-one years of age, an approved driver education instructor, a prospective driver education instructor who is enrolled in a practitioner preparation program with a safety education program approved by the state board of education,

or a person at least twenty-five years of age if written permission is granted by the parent or guardian, and who is actually occupying a seat beside the driver. However, a licensee may operate a vehicle to and from school-related extracurricular activities and work without an accompanying driver between the hours of twelve-thirty a.m. and five a.m. if such licensee possesses a waiver on a form to be provided by the department. An accompanying driver is not required between the hours of five a.m. and twelve-thirty a.m.

*3. Remedial driver improvement action or suspension of permit or intermediate license.* A person who has been issued an instruction permit or an intermediate license under this section, upon conviction of a moving traffic violation or involvement in a motor vehicle accident which occurred during the term of the instruction permit or intermediate license, shall be subject to remedial driver improvement action or suspension of the permit or license. A person possessing an instruction permit who has been convicted of a moving traffic violation or has been involved in an accident shall not be issued an intermediate license until the person has completed the remedial driver improvement action and has been accident and conviction free continuously for the six-month period immediately preceding the application for the intermediate license. A person possessing an intermediate license who has been convicted of a moving traffic violation or has been involved in an accident shall not be issued a full driver's license until the person has completed the remedial driver improvement action and has been accident and conviction free continuously for the twelve-month period immediately preceding the application for a full driver's license.

*4. Full driver's license.* A full driver's license may be issued to a person seventeen years of age who possesses an intermediate license issued under subsection 2 or a comparable intermediate license issued by another state for a minimum of twelve months immediately preceding application, and who presents an affidavit signed by a parent or guardian on a form to be provided by the department that the intermediate licensee has accumulated a total of ten hours of street or highway driving of which two hours were conducted after sunset and before sunrise and the street or highway driving was with the licensee's parent, guardian, instructor, a person certified by the department, or a person at least twenty-five years of age who had written permission from a parent or guardian to accompany the licensee, whose driving privileges have not been suspended, revoked, or barred under this chapter or chapter 321J during, and who has been accident and conviction free continuously for, the twelve-month period immediately preceding the application for a full driver's license, and who has paid the required fee.

*5. Class M license education requirements.* A person under the age of eighteen applying for an intermediate or full driver's license valid for the operation of a motorcycle shall be required to successfully complete a motorcycle education course either approved and established by the department of transportation or from a private or commercial driver education school licensed by the department of transportation before the class M license will be issued. A public school district shall charge a student a fee which shall not exceed the actual cost of instruction minus moneys received by the school district under subsection 6.

*6. Motorcycle rider education fund.* The motorcycle rider education fund is established in the office of the treasurer of state. The moneys credited to the fund are appropriated to the state department of transportation to be used to establish new motorcycle rider education courses and reimburse sponsors of motorcycle rider education courses for the costs of providing motorcycle rider education courses approved and established by the department. The department shall adopt rules under chapter 17A providing for the distribution of moneys to sponsors of motorcycle rider education courses based upon the cost of providing the education courses.

*7. Rules.* The department may adopt rules pursuant to chapter 17A to administer this section.

#### **321.186 Examination of new or incompetent operators.**

The department may examine every new applicant for a driver's license or any person holding a valid driver's

license when the department has reason to believe that the person may be physically or mentally incompetent to operate a motor vehicle, or whose driving record appears to the department to justify the examination. The department shall make every effort to accommodate a functionally illiterate applicant when the applicant is taking a knowledge test. The department shall make every effort to have an examiner conduct the commercial driver's license driving skills tests at other locations in this state where skills may be adequately tested when requested by a person representing ten or more drivers requiring driving skills testing.

The department shall make every effort to accommodate a commercial driver's license applicant's need to arrange an appointment for a driving skills test at an established test site other than where the applicant passed the required knowledge test. The department shall report to the governor and the general assembly on any problems, extraordinary costs and recommendations regarding the appointment scheduling process.

The examination shall include a screening of the applicant's eyesight, a test of the applicant's ability to read and understand highway signs regulating, warning, and directing traffic, a test of the applicant's knowledge of the traffic laws of this state, an actual demonstration of ability to exercise ordinary and reasonable control in the operation of a motor vehicle and other physical and mental examinations as the department finds necessary to determine the applicant's fitness to operate a motor vehicle safely upon the highways. A physician licensed under chapter 148, 150, or 150A, or an optometrist licensed under chapter 154, may report to the department the identity of a person who has been diagnosed as having a physical or mental condition which would render the person physically or mentally incompetent to operate a motor vehicle in a safe manner. The physician or optometrist shall make reasonable efforts to notify the person who is the subject of the report, in writing. The written notification shall state the nature of the disclosure and the reason for the disclosure. A physician or optometrist making a report under this section shall be immune from any liability, civil or criminal, which might otherwise be incurred or imposed as a result of the report. A physician or optometrist has no duty to make a report or to warn third parties with regard to any knowledge concerning a person's mental or physical competency to operate a motor vehicle in a safe manner. Any report received by the department from a physician or optometrist under this section shall be kept confidential. Information regulated by chapter 141A shall be subject to the confidentiality provisions and remedies of that chapter.

### **321.186A Vision report in lieu of vision test.**

1. An applicant for a new or renewed driver's license other than a commercial driver's license need not take a vision test administered by the department if the applicant files with the department a vision report signed by a licensed vision specialist in accordance with this section.
2. An applicant for such a new or renewed driver's license who fails a vision test administered by the department may subsequently be issued the driver's license without need of passing a department administered vision test, if the applicant files with the department a vision report from a licensed vision specialist in accordance with this section.
3. The vision report shall state the visual acuity level of the applicant as measured by the vision specialist and shall be in the form and include other information as required by rule of the department. A vision report is

valid only if the visual acuity level of the applicant has been measured by the licensed vision specialist within thirty days before the application for the new or renewed driver's license.

4. As used in this section, a "*licensed vision specialist*" means a physician licensed under chapter 148, 150, or 150A, or an optometrist licensed under chapter 154.

b. The examiner contractually agrees to comply with the requirements of 49 C.F.R. § 383.75 as adopted by rule by the department.

[C31, 35, § 4960-d17; C39, § **5013.13**; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, § 321.187]

### **321.188 Commercial driver's license requirements.**

1. Before the department issues, renews, or upgrades a commercial driver's license and in addition to the requirements of section 321.182, the license applicant shall do all of the following:

a. Certify whether the applicant is subject to and meets applicable driver qualifications of 49 C.F.R. part 391 as adopted by rule by the department.

b. Certify the applicant is not subject to any commercial driver's license disqualification and has committed no offense and has not acted in a manner which either alone or with previous actions or offenses could result in commercial driver's license disqualification.

c. Successfully pass knowledge tests and driving skills tests which the department shall require by rule. The rules adopted shall substantially comply with the federal minimum testing and licensing requirements in 49 C.F.R. part 383, subparts E, G, and H as adopted by rule by the department. 2. An applicant for a commercial driver's license may substitute for a driving skills test the applicant's operating record and previous passage of a driving skills test or the applicant's operating record and previous driving experience if all of the following conditions exist:

a. The applicant is currently licensed to operate a commercial motor vehicle.

c. The applicant provides evidence of and certifies that the applicant is employed in a job requiring operation of a commercial motor vehicle and the applicant has done one of the following:

- (1) Has previously passed a driving skills test given by this state or its designee in a motor vehicle representative of the class of motor vehicle the applicant will operate.
- (2) Has operated during the two-year period immediately preceding the application a motor vehicle representative of the class of motor vehicle the applicant will operate.

3. An applicant for a hazardous material endorsement must pass a knowledge test as required under 49 C.F.R. § 383.121 as adopted by rule by the department to obtain or retain the endorsement. However, an applicant for license issuance who was previously issued a commercial driver's license from another state may retain the hazardous material endorsement from the previously issued license if the applicant successfully passed the endorsement test within the preceding twenty-four months.

4. The department shall check the applicant's driving record as maintained by the applicant's current licensing state, the national commercial driver's license information system, and the national driver register to determine whether the applicant qualifies to be issued a commercial driver's license. The department shall notify the national commercial driver's license information system of the issuance, renewal, or upgrade of a commercial driver's license.

5. A resident of this state holding a commercial driver's license issued by a former state of residence in conformity with the federal commercial driver testing and licensing standards shall not be required to take a knowledge or driving skills test prior to issuance of a commercial driver's license in this state, except a basic Iowa rules of the road knowledge test and, when applicable, motorcycle operator knowledge and driving skills tests. b. Class B Valid for the operation of a vehicle with a gross vehicle weight rating of twenty-six thousand one or more pounds or a combination of vehicles with a gross combination weight rating of twenty-six thousand one or more pounds if the towing vehicle has a gross vehicle weight rating of twenty-six thousand one or more pounds and the towed vehicle or vehicles have a gross vehicle weight rating or gross combination weight rating of less than ten thousand one pounds, and also valid for the operation of vehicles with lower gross vehicle weight ratings or gross combination weight ratings except motorcycles.

A person under the age of sixteen applying for a driver's license valid only for operation of a motorized bicycle shall also be required to successfully complete a motorized bicycle education course approved and established by the department or successfully complete an approved motorized bicycle education course at a private or commercial driver education school licensed by the department. c. As used in this section, "*moving traffic violation*" does not include a parking violation as defined in section 321.210 or a violation of a section of the Code or municipal ordinance pertaining to standards to be maintained for motor vehicle equipment except sections 321.430 and 321.431, or except a municipal ordinance pertaining to motor vehicle brake requirements as applicable to motorized bicycles.

The fee for a passenger endorsement is ten dollars. The fee for removal of an air brake restriction on a commercial driver's license is ten dollars. Fees imposed under this subsection for endorsements or removal of restrictions are valid for the period of the license. Upon renewal of a commercial driver's license no fee is payable for retaining endorsements or the removal of the air brake restriction for those endorsements or restrictions which do not require the taking of either a knowledge or a driving skills test for renewal.
8. *Driver's license reinstatements.* The fee for reinstatement of a driver's license shall be twenty dollars for a license which is, after notice and opportunity for hearing, canceled, suspended, revoked, or barred. The fee for reinstatement of the privilege to operate a commercial motor vehicle after a period of disqualification shall be twenty dollars.
9. *Upgrading a license class privilege fee adjustment.* If an applicant wishes to upgrade a license class privilege, the fee charged shall be prorated on full-year fee increments of the new license in accordance with rules adopted by the department. A person shall not be required to pay the surcharge more than once during the five-year period.

**321.192 Waivers or refunds of fees.**

1. Notwithstanding the fee requirements for issuance of a driver's license or nonoperator's identification card pursuant to section 321.190 or 321.191, the department may waive or refund fees pursuant to rules adopted by the department. The department may waive payment of, or refund to an applicant, all or a portion of the fees for renewal of a license or identification card or for a duplicate license or identification card if the department determines that the service standard for timely issuance has not been met or an error on the license or identification card requires the applicant to return to the driver's license station. The decision of the department not to waive or refund a fee is final agency action and not subject to review under chapter 17A.

2. Subsection 1 does not apply to licenses or identification cards issued by a county pursuant to chapter 321M.

2003 Acts, ch 8, § 15

**321.193 Restrictions on licenses penalty.**

The department may set forth restrictions upon the driver's license.

The department may suspend or revoke the driver's license upon receiving satisfactory evidence of any violation of the license's restrictions.

It is a simple misdemeanor punishable as a scheduled violation under section 805.8A, subsection 4, paragraph "a", for a person to operate a motor vehicle in any manner in violation of the restrictions imposed

on a restricted license issued to that person under this section.

### **321.194 Special minors' licenses.**

1. *Driver's license issued for travel to and from school.* Upon certification of a special need by the school board, superintendent of the applicant's school, or principal, if authorized by the superintendent, the department may issue a class C or M driver's license to a person between the ages of fourteen and eighteen years whose driving privileges have not been suspended, revoked, or barred under this chapter or chapter 321J during, and who has not been convicted of a moving traffic violation or involved in a motor vehicle accident for, the six-month period immediately preceding the application for the special minor's license and who has successfully completed an approved driver education course. However, the completion of a course is not required if the applicant demonstrates to the satisfaction of the department that completion of the course would impose a hardship upon the applicant. The department shall adopt rules defining the term "*hardship*" and establish procedures for the demonstration and determination of when completion of the course would impose a hardship upon an applicant.

a. The driver's license entitles the holder, while having the license in immediate possession, to operate a motor vehicle other than a commercial motor vehicle or as a chauffeur:

(1) During the hours of 6 a.m. to 10 p.m. over the most direct and accessible route between the licensee's residence and schools of enrollment and between schools of enrollment for the purpose of attending duly scheduled courses of instruction and extracurricular activities within the school district.

(2) At any time when the licensee is accompanied in accordance with section 321.180B, subsection 1.

b. Each application shall be accompanied by a statement from the school board, superintendent, or principal, if authorized by the superintendent, of the applicant's school. The statement shall be upon a form provided by the department. The school board, superintendent, or principal, if authorized by the superintendent, shall certify that a need exists for the license and that the board, superintendent, or principal authorized by the superintendent is not responsible for actions of the applicant which pertain to the use of the driver's license. Upon receipt of a statement of necessity, the department shall issue the driver's license. The fact that the applicant resides at a distance less than one mile from the applicant's school of enrollment is prima facie evidence of the nonexistence of necessity for the issuance of a license. The school board shall develop and adopt a policy establishing the criteria that shall be used by a school district administrator to approve or deny certification that a need exists for a license. The student may appeal to the school board the decision of a school district administrator to deny certification. The decision of the school board is final. The driver's license shall not be issued for purposes of attending a public school in a school district other than either of the following:

(1) The district of residence of the parent or guardian of the student.

(2) A district which is contiguous to the district of residence of the parent or guardian of the student, if the student is enrolled in the public school which is not the school district of residence because of open enrollment under section 282.18 or as a result of an election by the student's district of residence to enter into one or more sharing agreements pursuant to the procedures in chapter 282.

2. *Suspension and revocation.* A driver's license issued under this section is subject to suspension or revocation for the same reasons and in the same manner as suspension or revocation of any other driver's license. The department may also suspend a driver's license issued under this section upon receiving

satisfactory evidence that the licensee has violated the restrictions of the license or has been involved in one or more accidents chargeable to the licensee. The department may suspend a driver's license issued under this section upon receiving a record of the licensee's conviction for one violation. The department shall revoke the license upon receiving a record of conviction for two or more violations of a law of this state or a city ordinance regulating the operation of motor vehicles on highways other than parking violations as defined in section 321.210. After a person licensed under this section receives two or more convictions which require revocation of the person's license under this section, the department shall not grant an application for a new driver's license until the expiration of one year.

1. Except as otherwise provided, a driver's license, other than an instruction permit, chauffeur's instruction permit, or commercial driver's instruction permit issued under section 321.180, expires five years from the licensee's birthday anniversary occurring in the year of issuance if the licensee is between the ages of seventeen years eleven months and seventy years on the date of issuance of the license. If the licensee is under the age of seventeen years eleven months or age seventy or over, the license is effective for a period of two years from the licensee's birthday anniversary occurring in the year of issuance. A licensee whose license is restricted due to vision or other physical deficiencies may be required to renew the license every two years. If a licensee is a foreign national who is temporarily present in this state, the license shall be issued only for the length of time the foreign national is authorized to be present as determined by the department, not to exceed two years.

Except as required in section 321.188, and except for a motorcycle instruction permit issued in accordance with section 321.180 or 321.180B, a driver's license is renewable without written examination or penalty within a period of sixty days after its expiration date and without a driving test within a period of one year after its expiration date. A person shall not be considered to be driving with an invalid license during a period of sixty days following the license expiration date. However, for a license renewed within the sixty-day period, the date of issuance shall be considered to be the previous birthday anniversary on which it expired.

3. For the purposes of this section, the birthday anniversary of a person born on February 29 shall be deemed to occur on March 1.

4. The department in its discretion may authorize the renewal of a valid driver's license other than a commercial driver's license upon application without an examination provided that the applicant satisfactorily passes a vision test as prescribed by the department or files a vision report in accordance with section 321.186A which shows that the applicant's visual acuity level meets or exceeds those required by the department. An application for renewal of a driver's license shall include a statement for the applicant to sign that acknowledges the applicant's knowledge of the requirement to notify the department of a mailing address change under section 321.182, subsection 1.

5. A resident of Iowa holding a valid driver's license who is temporarily absent from the state or incapacitated, may, at the time for renewal of such license, apply to the department for a temporary extension of the license. The department upon receipt of the application shall, upon a showing of good cause, issue a temporary extension of the driver's license for a period not to exceed six months.

However, a person entitled to the benefits of this section, charged with operating a motor vehicle without an operator's license, shall not be convicted if the person produces in court, within a reasonable time, a valid driver's license previously issued to that person along with evidence of the person's military service as above mentioned.

The department is authorized to renew any driver's license falling within the provisions and limitations of the preceding paragraph, without examination, upon application and payment of fee made within six months following separation from the military service.

The provisions of this section shall also apply to the spouse and children or ward of such military personnel when such spouse, children or ward are living with the above described military personnel outside of the state of Iowa and provided that such extension of license does not exceed five years.

A person whose period of validity of the person's driver's license is extended under this section may file an application in accordance with rules adopted by the department to have the person's record of issuance of a driver's license retained in the department's record system during the period for which the driver's license remains valid. Such uniform system shall correlate with and so far as possible conform to the system then current as approved by the American association of state highway and transportation officials.

The department shall include in its manual of traffic-control devices, specifications for a uniform system of highway signs for the purpose of guiding traffic to organized off-highway permanent camps, and camp areas,

operated by recognized and established civic, religious, and nonprofit charitable organizations and to for-profit campgrounds and ski areas. The department shall purchase, install, and maintain the signs upon the prepayment of the costs by the organization or owner.

The department shall also establish criteria for guiding traffic on all fully controlled-access, divided, multilaned highways including interstate highways to each tourist attraction which is located within thirty miles of the highway and receives fifteen thousand or more visitors annually. Nothing in this unnumbered paragraph shall be construed to prohibit the department from erecting signs to guide traffic on these highways to tourist attractions which are located more than thirty miles from the highway or which receive fewer than fifteen thousand visitors annually.

The department shall establish, by rule, in cooperation with a tourist signing committee, the standards for tourist-oriented directional signs and shall annually review the list of attractions for which signing is in place. The rules shall conform to national standards for tourist-oriented directional signs adopted under 23 U.S.C. § 131(q) and to the manual of uniform traffic control devices. The tourist signing committee shall be made up of the directors or their designees of the departments of economic development, agriculture and land stewardship, natural resources, cultural affairs, and transportation, the chairperson or the chairperson's designee of the Iowa travel council, and a member of the outdoor advertising association of Iowa. The rules shall include but are not limited to the following:

1. Criteria for eligibility for signing.
2. Criteria for limiting or excluding businesses, activities, services, and sites that maintain signs that do not conform to the requirements of chapter 306B, chapter 306C, division II, or other statutes or administrative rules regulating outdoor advertising.
3. Provisions for a fee schedule to cover the direct and indirect costs of sign manufacture, erection, and maintenance, and related administrative costs.
4. Provisions specifying maximum distances to eligible businesses, activities, services, and sites. Tourist-oriented directional signs may be placed on highways within the maximum travel distance that have the greatest traffic count per day, if sufficient space is available. If an adjacent landowner complains to the department about the placement of a tourist-oriented directional sign, the department shall attempt to reach an agreement with the landowner for relocating the sign. If possible, the sign shall be relocated from the place of objection. If the sign must be located on an objectionable place, it shall be located on the least objectionable place possible.
5. Provisions for trailblazing to facilities that are not on the crossroad. Appropriate trailblazing shall be installed over the most desirable routes on lesser traveled primary highways, secondary roads, and city streets leading to the tourist attraction.
6. Criteria for determining when to permit advance signing.
7. Provisions specifying conditions under which the time of operation of a business, activity, service, or site is shown.
8. Provisions for masking or removing signs during off seasons for businesses, activities, services, and sites

operated on a seasonal basis. Faded signs shall be replaced and the commercial vendor charged for the cost of replacement based upon the fee schedule adopted.

9. Provisions specifying the maximum number of signs permitted per intersection.

10. Provisions for determining what businesses, activities, services, or sites are signed when there are more applicants than the maximum number of signs permitted.

11. Provisions for removing signs when businesses, activities, services, or sites cease to meet minimum requirements for participation and related costs.

Local authorities shall adhere to the specifications for such signs as established by the department, and shall purchase, install, and maintain such signs in their respective jurisdictions upon prepayment by the organization of the cost of such purchase, installation, and maintenance. The department shall include in its manual of traffic-control devices specifications for a uniform system of traffic-control devices in legally established school zones.

The following shall be the lawful speed except as provided by this section, or except as posted pursuant to sections 262.68, 321.236, subsection 5, section 321.288, subsection 6, sections 321.289, 321.290, 321.293, 321.295, and 461A.36, and any speed in excess thereof shall be unlawful:

1. Twenty miles per hour in any business district.

3. Forty-five miles per hour in any suburban district. Each school district as defined in subsection 70 of section 321.1 shall be marked by distinctive signs as provided by the current manual of uniform traffic control devices adopted by the department and placed on the highway at the limits of such school district.
4. Notwithstanding any other speed restrictions, the speed limit for all vehicular traffic shall be fifty-five miles per hour.

The speed limits as determined by the board of supervisors shall be effective when appropriate signs giving notice of the speed limits are erected by the board of supervisors at the intersection or other place or part of the highway.

For the purposes of this subsection, a fully controlled-access highway is a highway that gives preference to through traffic by providing access connections with selected public roads only and by prohibiting crossings at grade or direct private driveway connections. A minimum speed may be established by the department on the highways referred to in this subsection if warranted by engineering and traffic investigations.

It is further provided that any kind of vehicle, implement, or conveyance incapable of attaining and maintaining a speed of forty miles per hour shall be prohibited from using the interstate system.

1. Except for motorcycles or motorized bicycles, 1966 model year or newer motor vehicles subject to registration in Iowa shall be equipped with safety belts and safety harnesses which conform with federal motor vehicle safety standard numbers 209 and 210 as published in 49 C.F.R. § 571.209571.210 and with prior federal motor vehicle safety standards for seat belt assemblies and seat belt assembly anchorages applicable for the motor vehicle's model year.

2. The driver and front seat occupants of a type of motor vehicle which is subject to registration in Iowa, except a motorcycle or a motorized bicycle, shall each wear a properly adjusted and fastened safety belt or safety harness any time the vehicle is in forward motion on a street or highway in this state except that a child under six years of age shall be secured as required under section 321.446.

This subsection does not apply to:

a. The driver or front seat occupants of a motor vehicle which is not required to be equipped with safety belts or safety harnesses.

b. The driver and front seat occupants of a motor vehicle who are actively engaged in work which requires

them to alight from and reenter the vehicle at frequent intervals, providing the vehicle does not exceed twenty-five miles per hour between stops.

*c.* The driver of a motor vehicle while performing duties as a rural letter carrier for the United States postal service. This exemption applies only between the first delivery point after leaving the post office and the last delivery point before returning to the post office.

3. The driver and front seat passengers may be each charged separately for improperly used or nonused equipment under subsection 2. The owner of the motor vehicle may be charged for equipment violations under subsection 1.

4. *a.* The nonuse of a safety belt or safety harness by a person is not admissible or material as evidence in a civil action brought for damages in a cause of action arising prior to July 1, 1986.

*b.* In a cause of action arising on or after July 1, 1986, brought to recover damages arising out of the ownership or operation of a motor vehicle, the failure to wear a safety belt or safety harness in violation of this section shall not be considered evidence of comparative fault under section 668.3, subsection 1. However, except as provided in section 321.446, subsection 6, the failure to wear a safety belt or safety harness in violation of this section may be admitted to mitigate damages, but only under the following circumstances:

(1) Parties seeking to introduce evidence of the failure to wear a safety belt or safety harness in violation of this section must first introduce substantial evidence that the failure to wear a safety belt or safety harness contributed to the injury or injuries claimed by the plaintiff.

(2) If the evidence supports such a finding, the trier of fact may find that the plaintiff's failure to wear a safety belt or safety harness in violation of this section contributed to the plaintiff's claimed injury or injuries, and may reduce the amount of plaintiff's recovery by an amount not to exceed five percent of the damages awarded after any reductions for comparative fault.

5. The department shall adopt rules pursuant to chapter 17A providing exceptions from application of subsections 1 and 2 for front seats and front seat passengers of motor vehicles owned, leased, rented, or primarily used by persons with physical disabilities who use collapsible wheelchairs.

2. Rules adopted under this section concerning driver qualifications, hours of service, and recordkeeping requirements do not apply to the operators of public utility trucks, trucks hauling gravel, construction trucks and equipment, trucks moving implements of husbandry, and special trucks, other than a truck tractor, operating intrastate. Except as otherwise provided in this section, trucks for hire on construction projects are not exempt from this section.

3. Rules adopted under this section concerning driver age qualifications do not apply to drivers for private and for-hire motor carriers which operate solely intrastate except when the vehicle being driven is transporting a hazardous material in a quantity which requires placarding. The minimum age for the exempted intrastate operations is eighteen years of age.

4. Notwithstanding other provisions of this section, rules adopted under this section for drivers of commercial vehicles shall not apply to a driver of a commercial vehicle who is engaged exclusively in intrastate commerce, when the commercial vehicle's gross vehicle weight rating is twenty-six thousand pounds or less, unless the vehicle is used to transport hazardous materials requiring a placard or if the vehicle is designed to transport more than fifteen passengers, including the driver. For the purpose of complying with the hours of service recordkeeping requirements under 49 C.F.R. § 395.1(e)(5), a driver's report of daily beginning and ending on-duty time submitted to the motor carrier at the end of each work week shall be considered acceptable motor carrier time records. In addition, rules adopted under this section shall not apply to a driver operating intrastate for a farm operation as defined in section 352.2, or for an agricultural interest when the commercial vehicle is operated between the farm as defined in section 352.2 and another farm, between the farm and a market for farm products, or between the farm and an agribusiness location. A driver or a driver-salesperson for a private carrier, who is not for hire and who is engaged exclusively in intrastate commerce, may drive twelve hours, be on duty sixteen hours in a twenty-four hour period and be on duty seventy hours in seven consecutive days or eighty hours in eight consecutive days. For-hire drivers who are engaged exclusively in intrastate commerce and who operate trucks and truck-tractors exclusively for the movement of construction materials and equipment to and from construction projects may also drive twelve hours, be on duty sixteen hours in a twenty-four-hour period, and be on duty seventy hours in seven consecutive days or eighty hours in eight consecutive days. A "*driver-salesperson*" means as defined in 49 C.F.R. § 395.2, as adopted by the department by rule.

5. *a.* Notwithstanding other provisions of this section, rules adopted under this section concerning physical and medical qualifications for drivers of commercial vehicles engaged in intrastate commerce shall not be construed as disqualifying any individual who was employed as a driver of commercial vehicles engaged in intrastate commerce whose physical or medical condition existed prior to July 29, 1996.

*b.* Notwithstanding other provisions of this section, rules adopted under this section concerning physical and medical qualifications for a driver shall not apply to a farmer or a farmer's hired help when operating a vehicle owned by the farmer while it is being used in connection with the intrastate transportation of fertilizers and chemicals used in the farmer's crop production.

6. Notwithstanding other provisions of this section, rules adopted under this section shall not impose any requirements which impose any restrictions upon a person operating an implement of husbandry or pickup to transport fertilizers and pesticides in that person's agricultural operations.

7. Rules adopted under this section concerning periodic inspections shall not apply to special trucks as defined in section 321.1, subsection 76, and registered under section 321.121.

8. Rules adopted under this section shall not apply to vehicles engaged in intrastate commerce and used in combination, provided the gross vehicle weight rating of the towing unit is ten thousand pounds or less and the gross combination weight rating is twenty-six thousand pounds or less.

*e.* A motor vehicle or combination of vehicles may be operated upon the highways of this state, irrespective of the length and weight limitations imposed by the laws of this state, if the motor vehicle or combination of vehicles is operated within the corporate limits of a city abutting a border of this state and such operations have been approved by ordinance of the city council and if the length and weight of the motor vehicle or combination of vehicles is in conformity with the laws relating to length and weight of the abutting state. If a city council has authorized such operation upon highways within the corporate limits, then the limit of travel for such motor vehicles or combination of vehicles within the state is extended to the commercial zones as described by federal regulations concerning interstate commerce, 49 C.F.R. § 1048.101, and to the interstate system as provided in 23 U.S.C. § 127 and 49 U.S.C. § 31112(c), as amended by Pub. L. No. 104-59.

*f.* A trailer or semitrailer, laden or unladen, shall not have an overall length in excess of fifty-three feet when operating in a truck tractor-semitrailer combination exclusive of retractable extensions used to support the load. However, when a trailer or semitrailer is used exclusively for the transportation of passenger vehicles, light delivery trucks, panel delivery trucks, pickup trucks, recreational vehicle chassis, or boats, the load carried on the trailer or semitrailer may extend up to three feet beyond the front bumper and up to four feet beyond the rear bumper of the trailer or semitrailer. A lowboy semitrailer, laden or unladen, which is designed and exclusively used for the transportation of construction equipment shall not have an overall length in excess of fifty-seven feet when used in a truck tractor-semitrailer combination.

*g.* A trailer or semitrailer, laden or unladen, shall not have an overall length in excess of twenty-eight feet six inches when operating in a truck tractor-semitrailer-trailer combination or truck tractor-semitrailer-semitrailer combination. When the semitrailers in a truck tractor-semitrailer-semitrailer combination are connected by a rigid frame extension including a fifth-wheel connection point attached to the rear frame of the first semitrailer, the length of the frame extension shall not be included when determining the overall length of the first semitrailer.

*h.* Power units designed to carry cargo, when used in combination with a trailer or semitrailer shall not exceed sixty-five feet in overall length for the combination exclusive of retractable extensions used to support the load. However, if a combination of vehicles is used exclusively for the transportation of passenger vehicles, light delivery trucks, panel delivery trucks, pickup trucks, recreational vehicle chassis, or boats, the load may extend up to three feet beyond the front bumper of the power unit and up to four feet beyond the rear bumper of the trailer or semitrailer.

*i.* A stinger-steered automobile transporter shall not have an overall length exceeding seventy-five feet, exclusive of retractable extensions used to support the load and all other devices or appurtenances related to the safe and efficient operation of the vehicle, except that the load may extend up to three feet beyond the front bumper and up to four feet beyond the rear bumper.

*j.* A motor home shall not have an overall length, excluding front and rear bumpers and safety equipment, in excess of forty-five feet.

3. Fire fighting apparatus and vehicles operated during daylight hours when transporting poles, pipe, machinery, or other objects of a structural nature which cannot be readily disassembled when required for emergency repair of public service facilities or properties are not subject to the limitations on overall length of vehicles and combinations of vehicles imposed under this section. However, for operation during nighttime hours, these vehicles and the load being transported shall be equipped with a sufficient number of clearance lamps on both sides and marker lamps at the extreme ends of the projecting load to clearly mark the dimensions of the load. A member of the Iowa state patrol shall also be notified prior to the operation of the vehicle.

### 321.463 Maximum gross weight exceptions penalties.

1. An axle may be divided into two or more parts, except that all parts in the same vertical transverse plane shall be considered as one axle.
2. The gross weight on any one axle of a vehicle, or of a combination of vehicles, operated on the highways of this state, shall not exceed twenty thousand pounds on an axle equipped with pneumatic tires, and shall not exceed fourteen thousand pounds on an axle equipped with solid rubber tires. The gross weight on any tandem axle of a vehicle, or any combination of vehicles, shall not exceed thirty-four thousand pounds on an axle equipped with pneumatic tires. This subsection does not apply to implements of husbandry.
3. Notwithstanding other provisions of this chapter to the contrary, indivisible loads operating under the permit requirements of sections 321E.7, 321E.8, 321E.9, and 321E.29A shall be allowed a maximum of twenty thousand pounds per axle.
4. *a.* Self-propelled implements of husbandry used exclusively for the application of organic or inorganic plant food materials, agricultural limestone, or agricultural chemicals shall be operated in compliance with this section.  
*b.* (1) Notwithstanding any provision of this section to the contrary, the weight on any one axle of a fence-line feeder, grain cart, or tank wagon operated on the highways of this state shall not exceed twenty-four thousand pounds from February 1 through May 31 or twenty-eight thousand pounds from June 1 through January 31, provided, however, that the maximum gross vehicle weight of the fence-line feeder, grain cart, or tank wagon shall not exceed ninety-six thousand pounds.

Notwithstanding any provision of this section to the contrary, a tracked implement of husbandry operated on the highways of this state shall not have a maximum gross weight in excess of ninety-six thousand pounds.

A fence-line feeder, grain cart, tank wagon, or tracked implement of husbandry shall comply with the other provisions of this section and chapter when operated over a bridge in this state. A local authority may issue a special permit, based on a statewide standard developed by the department, allowing the operation over a bridge within its jurisdiction of a fence-line feeder, grain cart, tank wagon, or tracked implement of husbandry with a weight in excess of the weights allowed under this chapter.

(2) For purposes of this paragraph "*b*", "*highway*" does not include a bridge.

For purposes of this paragraph "*b*", "*fence-line feeder, grain cart, or tank wagon*" means all of the following:

The year of manufacture of a fence-line feeder, grain cart, or tank wagon manufactured on or after July 1, 2001, shall be permanently made a part of the identification plate on the vehicle. Fraudulently altering or defacing or attempting to fraudulently alter or deface the year of manufacture or other product identification number on a fence-line feeder, grain cart, or tank wagon is a violation of section 321.92.

6. The weight on any one axle, including a tandem axle, of a vehicle which is transporting livestock on highways not part of the interstate system may exceed the legal maximum weight given in this chapter providing that the gross weight on any particular group of axles on such vehicle does not exceed the gross weight allowable under this chapter for such groups of axles.

7. The weight on any one axle, including a tandem axle, of a vehicle which is transporting raw materials from a designated borrow site to a construction project or transporting raw materials from a construction project, and which is operating on a highway that is not part of the interstate system and along a route of travel approved by the department or the appropriate local authority, may exceed the legal maximum weight otherwise allowed under this chapter by ten percent if the gross weight on any particular group of axles on the vehicle does not exceed the gross weight allowed under this chapter for that group of axles. If the vehicle exceeds the ten percent tolerance allowed under this subsection, the fine shall be computed on the difference between the actual weight and the ten percent tolerance weight allowed for the axle or tandem axle.

8. A vehicle or combination of vehicles transporting materials to or from a construction project or commercial plant site may operate under the maximum gross weight table for interstate highways in subsection 5, paragraph "a", if the route is approved by the department or appropriate local authority. Route approval is not required if the vehicle or combination of vehicles transporting materials to or from a construction project or commercial plant site complies with the maximum gross weight table for noninterstate highways in subsection 5, paragraph "c".

9. A vehicle designed to tow wrecked or disabled vehicles shall be exempt from the weight limitations in this section while the vehicle is towing a wrecked or disabled vehicle.

*b.* Fines for gross weight violations for vehicles or combinations of vehicles shall be assessed at one-half of the fine rate schedule for axle, tandem axle, and groups of axles weight violations.

*c.* Except as otherwise provided, the amount of the fine to be assessed shall be computed on the difference between the actual weight and the maximum legal weight specified in this section.

*d.* The schedule of fines may be assessed in addition to any other penalties provided for in this chapter.

11. Overloads on axles and tandem axles and overloads on groups of axles or on an entire vehicle or combination of vehicles shall be considered as separate violations of the provisions of this section.

12. A person who issues or executes, or causes to be issued or executed, a bill of lading, manifest, or shipping document of any kind which states a false weight of the cargo set forth on such bill, manifest, or document, which is less than the actual weight of the cargo, shall, upon conviction, be guilty of a simple misdemeanor.

### **321.464 Investigation as to safety.**

The director upon registering any vehicle under the laws of this state which vehicle is designed and used primarily for the transportation of property or for the transportation of ten or more persons, may require such information and may make such investigation or test as necessary to enable the director to determine whether such vehicle may safely be operated upon the highways in compliance with all the provisions of this chapter. The director shall register every such vehicle for a permissible gross weight not exceeding the limitations set forth in this chapter. Every such vehicle shall meet the following requirements:

1. It shall be equipped with brakes as required in sections 321.430 and 321.431.
2. Every motor vehicle to be operated outside of business and residence districts shall have motive power adequate to propel at a reasonable speed such vehicle and any load thereon or to be drawn thereby.

[C39, § 5035.13; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, § 321.464]

### **321.465 Weighing vehicles and removal of excess.**

Any peace officer having reason to believe that the weight of a vehicle and load is unlawful is authorized to require the driver to stop and submit to a weighing of the same either by means of portable or stationary scales and may require that such vehicle be driven to the nearest public scales.

If an officer upon weighing a vehicle and load determines that the weight is unlawful, the officer may require the driver to stop the vehicle in a suitable place until such portion of the load is removed as may be necessary to reduce the gross weight of the vehicle to the limit as permitted under this chapter. All material so unloaded shall be cared for by the owner or operator of the vehicle at the risk of the owner or operator. The owner or operator of an overweight vehicle, designed to transport solid waste and domiciled within the state, which is transporting solid waste, shall not be required to unload any portion of the load, if the load is indivisible, in a place other than a facility which is permitted to handle solid waste disposal, processing, or recycling. For purposes of this section "*solid waste*" means waste which is acceptable at a local sanitary landfill and the solid waste shall be considered to be an indivisible load.

A driver of a vehicle who fails or refuses to stop and submit the vehicle and load to a weighing, or who fails or refuses when directed by an officer upon a weighing of the vehicle to stop the vehicle and otherwise comply with this section, is guilty of a simple misdemeanor.

Upon weighing a vehicle and load, as above provided, if such load is a sealed load, the weight officer shall issue a certificate setting forth the weights as determined by the weight officer and the seal number or numbers, if requested by the operator.

### **321.466 Increased loading capacity reregistration.**

1. An increased gross weight registration may be obtained for any vehicle by payment of the difference between the annual fee for the higher gross weight and the amount of the fee for the gross weight at which it

is registered.

2. During or after the seventh month of a current registration year, the owner of a motor truck, truck tractor, road tractor, semitrailer or trailer may, if the owner's operation has not resulted in a conviction or action pending under this section, increase the gross weight of the vehicle to a higher gross weight classification by payment of one-twelfth of the difference between the annual fee for the higher gross weight and the amount of the fee for the gross weight at which it is registered, multiplied by the number of unexpired months of the registration year.

3. Upon conversion of a truck to a truck tractor or a truck tractor to a truck, an increased gross weight registration of the proper type may be obtained for the vehicle by payment, except as provided in section 321.106, of one-twelfth of the difference between the annual fee for the higher gross weight and the amount of the annual fee for the gross weight at which the vehicle is registered, multiplied by the number of unexpired months of the registration year from the date of the conversion.

4. The registered gross weight of a vehicle or combination of vehicles may also be increased by installing and using an auxiliary axle or axles, and the combined registered gross weight of the vehicle and auxiliary axle or axles shall determine the total registered gross weight. An auxiliary axle shall not be used to convert a single axle to a tandem axle unless equipped with a device to equalize the load carried by the single axle and the auxiliary axle when in tandem and when in motion or when standing, and the load transmitted to the highway by either the single axle or the auxiliary axle shall not exceed that permitted for a single axle, nor shall the load transmitted to the highway when in tandem and when in motion or when standing, exceed that permitted for a tandem axle.

5. It shall be unlawful for any person to operate a motor truck, trailer, truck tractor, road tractor, semitrailer or combination thereof, or any such vehicle equipped with a transferable auxiliary axle or axles, on the public highways with a gross weight exceeding that for which it is registered by more than five percent of the gross weight for which it is registered, provided, however, that any vehicle or vehicle combination referred to herein, while carrying a load of raw farm products, soil fertilizers, including ground limestone, raw dairy products or livestock, live poultry, eggs, may be operated with a gross weight of twenty-five percent in excess of the gross weight for which it is registered.

6. For the purposes of this section cracked or ground soy beans, sargo, corn, wheat, rye, oats or other grain shall be deemed to be raw farm products, provided that such products are being directly delivered to a farm, from the place where the whole grain had been delivered from a farm for the purpose of cracking or grinding and immediate delivery to the farm to which such cracked or ground products are being delivered.

7. The truck operator shall have in the truck operator's possession a receipt showing place of processing on the return trip.

**321.471 Local authorities may restrict.**

1. Local authorities with respect to a highway under their jurisdiction may by ordinance or resolution prohibit the operation of vehicles upon the highway or impose restrictions as to the weight of vehicles to be operated upon the highway for a total period of not to exceed ninety days in any one calendar year, whenever the highway by reason of deterioration, rain, snow, or other climatic conditions will be seriously damaged or destroyed unless the use of vehicles on the highway is prohibited or the permissible weights reduced. The ordinance or resolution shall not apply to implements of husbandry as defined in section 321.1, implements of husbandry loaded on hauling units for transporting the implements to locations for repair, or fire apparatus and road maintenance equipment owned by, under lease to, or used in the performance of a contract with a state or local authority.

A person who violates the provisions of the ordinance or resolution shall, upon conviction or a plea of guilty, be subject to a fine determined by dividing the difference between the actual weight and the maximum weight established by the ordinance or resolution by one hundred, and multiplying the quotient by two dollars. Local authorities may issue special permits during periods the restrictions are in effect to permit limited operation of vehicles upon specified routes with loads in excess of any restrictions imposed under this subsection, but not in excess of load restrictions imposed by any other provision of this chapter, and the authorities shall issue the permits upon a showing that there is a need to move to market farm produce of the type subject to rapid spoilage or loss of value or to move to any farm feeds or fuel for home heating purposes.

2. *a.* Upon a finding that a bridge or culvert does not meet established standards set forth by state and federal authorities, local authorities may by ordinance or resolution impose limitations for an indefinite period of time on the weight of vehicles upon bridges or culverts located on highways under their sole jurisdiction. The limitations shall be effective when signs giving notice of the limitations are erected. The ordinance or resolution shall not apply to implements of husbandry loaded on hauling units for transporting the implements to locations for purposes of repair or to fire apparatus or road maintenance equipment owned by, under lease to, or used in the performance of a contract with a state or local authority.

*b.* A person who violates the ordinance or resolution shall, upon conviction or a guilty plea, be subject to a fine determined by dividing the difference between the actual weight of the vehicle and the maximum weight allowed by the ordinance or resolution by one hundred and multiplying the quotient by two dollars. Local authorities may issue or approve special permits allowing the operation over a bridge or culvert of vehicles with weights in excess of restrictions imposed under the ordinance or resolution, but not in excess of load restrictions imposed by any other provision of this chapter. The local authority shall issue such a permit for not to exceed eight weeks upon a showing of agricultural hardship. The operator of a vehicle which is the subject of a permit issued under this paragraph shall carry the permit while operating the vehicle and shall show the permit to any peace officer upon request.

The department may issue annual special permits for the operation of compacted rubbish vehicles and vehicles which transport compacted rubbish from a rubbish collection point to a landfill area, exceeding the weight limitation of section 321.463, but not exceeding a rear axle gross weight for two-axle vehicles of twenty-two thousand pounds for the period commencing July 1, 1978 and ending June 30, 1986 and twenty thousand pounds commencing July 1, 1986 and thereafter, and for tandem axle vehicles or transferable auxiliary axle vehicles not exceeding a gross weight on the rear axles of thirty-six thousand pounds. Any person who violates the provisions of the ordinance or resolution shall, upon conviction or a plea of guilty, be subject to a fine determined by dividing the difference between the actual weight and the maximum weight established by the ordinance or resolution by one hundred, and multiplying the quotient by two dollars. The fine for violation of a special permit issued pursuant to this section shall be based upon the difference between the actual weight of the vehicle and load and the maximum weight allowed by the permit in accordance with section 321.463.

Local authorities may issue special permits, during periods such restrictions are in effect, to permit limited operation of vehicles upon specified routes with loads in excess of any restrictions imposed under this section, but not in excess of load restrictions imposed by any other provision of this chapter, and such authorities shall issue such permits upon a showing that there is a need to move to market farm produce or to move to any farm, feeds or fuel for home heating purposes.

The restrictions shall be effective when signs giving notice of the restrictions are erected. The restrictions shall not apply to implements of husbandry loaded on hauling units for transporting the implements to locations for purposes of repair or to fire apparatus or road maintenance equipment owned by, under lease to, or used in the performance of a contract with a state or local authority.

For the purposes of restrictions imposed under this section, a triple axle is any group of three or more consecutive axles where the centers of any consecutive axles are more than forty inches apart and where the centers of the extreme axles are more than eighty-four inches apart but not more than one hundred sixty-eight inches apart. Where triple axle restrictions are imposed, the signs erected by the department shall give notice of the restrictions.

Any person who violates a restriction imposed by resolution pursuant to this section, upon conviction or a plea of guilty, is subject to a fine determined by dividing the difference between the actual weight of the vehicle and the maximum weight allowed by the restriction by one hundred and multiplying the quotient by two dollars. The department may issue special permits, during periods the restrictions are in effect, to permit limited operation of vehicles upon specified routes with loads in excess of any restrictions imposed under this section, but not in excess of load restrictions imposed by this chapter.
