

124.203 Substances listed in schedule I criteria.

The board shall recommend to the general assembly that it place in schedule I any substance not already included therein if the board finds that the substance:

1. Has high potential for abuse; and
2. Has no accepted medical use in treatment in the United States; or lacks accepted safety for use in treatment under medical supervision.

If the board finds that any substance included in schedule I does not meet these criteria, it shall recommend that the general assembly place the substance in a different schedule or remove it from the list of controlled substances, as appropriate.
