

163.22 Annual estimate.

The department shall each year make an estimate of expenditures to be made from the annual appropriation for the eradication of contagious and infectious diseases among animals. Such estimate shall set aside:

1. A sufficient sum for the general administration of this chapter.
2. A sufficient sum for the inspection of herds for tuberculosis under chapter 165, except herds in counties which have been enrolled under the county area plan of eradication.
3. The remainder of said appropriation for allotment among the counties in accordance with the number of breeding cattle owned therein for the eradication of bovine tuberculosis in such counties.
