2. Establish procedures by which disputes between licensees and clients which result in judgments or settlements in or of malpractice claims or actions shall be investigated by the board;
3. Establish procedures by which any recommendation taken by a peer review committee shall be reported to and reviewed by the board if a peer review committee is established;
4. Establish procedures for registration with the board of peer review committees if a peer review committee is established;
5. Define by rule those recommendations of peer review committees which shall constitute disciplinary recommendations which must be reported to the board if a peer review committee is established;

7. Establish the procedures by which licensees shall report those acts or omissions specified by the board pursuant to subsection 6;
8. Give written notice to another licensing board or to a hospital licensing agency if evidence received by the board either alleges or constitutes reasonable cause to believe the existence of an act or omission which is subject to discipline by that other board or agency;
9. Require each health care licensing board to file with the Iowa department of public health a copy of each decision of the board imposing licensee discipline. Each nonhealth-care board shall have on file a copy of each decision of the board imposing licensee discipline which copy shall be properly dated and shall be in simple language and in the most concise form consistent with clearness and comprehensiveness of subject matter.
10. Establish procedures consistent with the provisions of section 261.121, subsection 2, and sections 261.122 through 261.127 by which, in the board's discretion, a license shall be suspended, denied, or revoked, or other disciplinary action imposed, with regard to a licensee subject to the board's jurisdiction who has defaulted on a repayment or service obligation under any federal or state educational loan or service-conditional scholarship program. Notwithstanding any other provision to the contrary, each board shall defer to the federal or state program's determination of default upon certification by the program of such a default on the part of a licensee, and shall remove the suspension, grant the license, or stay the revocation or other disciplinary action taken if the federal or state program certifies that the defaulting licensee has agreed to fulfill the licensee's obligation, or is complying with an approved repayment plan. Licensure sanctions shall be reinstated upon certification that a defaulting licensee has failed to comply with the repayment or service requirements, as determined by the federal or state program. The provisions of this subsection relating to board authority to act in response to notification of default shall apply not only to a licensing board, as defined in section 272C.1, but also to any other licensing board or authority regulating a license authorized by the laws of this state.

Insurance carriers which insure professional and occupational licensees for acts or omissions that constitute negligence, careless acts, or omissions in the practice of a profession or occupation shall file reports with the appropriate licensing board. The reports shall include information pertaining to claims against a licensee which may affect the licensee as defined by rule, involving an insured of the insurer.
