

327I.10 Refunding of obligations.

The board may authorize and issue obligations for the refunding, including funding and retirement, and advance refunding with or without payment or redemption prior to maturity, of any obligations previously issued by the authority. These obligations may be issued in amounts sufficient for payment of the principal amount of the prior obligations, any redemption premiums on the prior obligations, principal maturities of any obligations maturing prior to the redemption of the remaining obligations on a parity with them, interest accrued or to accrue to the maturity date or dates of redemption of the obligations, and any project costs including expenses incurred or to be incurred in connection with this issuance, refunding, funding, and retirement. Subject to the bond proceedings, the portion of proceeds of the sale of obligations issued under this section to be applied to bond service charges on the prior obligations shall be credited to the appropriate account for those prior obligations. Obligations authorized under this section shall be deemed to be issued for those purposes for which the prior obligations were issued and are subject to the provisions of this chapter pertaining to other obligations. Obligations refunded shall not be considered to be outstanding for purposes of section 327I.7, subsection 10.

Refunding may be made without regard to whether or not the obligations to be refunded were issued in connection with the same railway facilities, separate railway facilities or for other purposes, and without regard to whether or not the obligations proposed to be refunded shall be payable on the same date or different dates or due serially or otherwise.
