### **357E.2 Incorporation.**

1. If an area of contiguous territory is situated so that the acquisition, construction, reconstruction, enlargement, improvement, equipping, maintenance, and operation of recreation facilities for the residents of the territory will be conducive to the public health, comfort, convenience, water quality, or welfare, the area may be incorporated as a benefited recreational lake district as set forth in this chapter. The land to be included in a district must be contiguous to the recreational lake or to other residential, agricultural, or commercial property which is contiguous to the recreational lake.
2. If an area of contiguous territory is situated so that the performance of water quality activities, including the acquisition, construction, reconstruction, enlargement, improvement, equipping, maintenance, and operation of water quality facilities for the residents of the district will be conducive to the public health, comfort, convenience, water quality, or welfare, the area may be incorporated as a water quality district as provided in this chapter. The land to be included in a district must be contiguous to a stream, river, or lake, or to other property which, except for a public road or other public land, is contiguous to a stream, river, or lake. However, a water quality district shall not be established on open ditches or streams maintained by drainage districts or on streams or rivers where levees are maintained by levee or drainage districts. If a reach of a stream or river in a water quality district later becomes a drainage district facility or becomes levied by a drainage or levee district, the stream or river reach shall be removed from the jurisdiction of the water quality district and the adjacent parcels shall be removed from the water quality district.

3. If an area of contiguous territory is situated so that the specifications of subsections 1 and 2 are met, the area may be incorporated as a combined recreational facility and water quality district as provided in this chapter. If the trustees of a benefited recreational lake district wish to form a combined district or the trustees of a water quality district wish to form a combined district, the trustees may join with the petition required by section 357E.3 to the board of supervisors to proceed with the establishment of a combined district after following the same procedures as provided in this chapter for establishing a separate district.

### **357E.3 Petition for public hearing.**

1. The supervisors shall, on the petition of twenty-five percent of the property owners of a proposed benefited recreational lake district if the assessed valuation of the property owned by the petitioners represents at least twenty-five percent of the total assessed value of the proposed district, hold a public hearing concerning the establishment of a proposed district. However, for a proposed water quality district, the petition shall contain signatures of the fewer of twenty-five property owners or twenty-five percent of the property owners of the proposed district. The petition shall include a statement containing the following information:

*a.* The need for the district.

*b.* A description of the district to be served.

*c.* The approximate number of families in the district.

The supervisors may adjust the boundaries of a proposed district as needed to exclude land that has no reasonable likelihood of benefit from inclusion in the proposed district. However, the boundaries of a proposed district shall not be changed to incorporate property which is not included in the original petition.

After, and within ten days of, the hearing, the board of supervisors shall establish the district by resolution or disallow the petition.

However, for a water quality district, the tax levy shall not exceed twenty-five cents per thousand dollars of assessed value on all taxable property within the district and must be renewed by a similar election every eight years. The tax levy for a combined district shall not exceed four dollars per thousand dollars of assessed value on all of the taxable property within the district. A tax levy approved for the purposes of this chapter shall not be levied on property assessed as agricultural land. Notice of the election, including the time and place of holding the election, shall be given as provided in section 357E.4. Judges shall be appointed by the board from among the registered voters of the district to be in charge of the election. The judges are not entitled to receive pay.
