358.4 Date and notice of hearing.

1. The board of supervisors to which the petition is addressed, at its next meeting, shall set the time and place for a hearing on the petition. The board shall direct the county auditor in whose office the petition is filed to cause notice to be given to all persons whom it may concern, without naming them, of the pendency and content of the petition, by publication of a notice as provided in section 331.305. Proof of giving the notice shall be made by affidavit of the publisher and the proof shall be on file with the county auditor at the time the hearing begins. The notice of hearing shall be directed to all persons it may concern, and shall state:

- a.* That a petition has been filed with the county auditor of the county, naming it, for establishment of a proposed sanitary district, and the name of the proposed district.
- b.* An intelligible description of the boundaries of the territory to be embraced in the district.
- c.* The date, hour, and the place where the petition will come on for hearing before the board of supervisors of the named county.

d. That the board of supervisors will fix and determine the boundaries of the proposed district as described in the petition or otherwise, and for that purpose may alter and amend the petition. At the hearing all interested persons shall have an opportunity to be heard on the location and boundaries of the proposed district and to make suggestions regarding the location and boundaries.

2. For a district which does not include land within a city, copy of the notice shall also be sent by mail to each owner, without naming them, of each tract of land or lot within the proposed district as shown by the transfer books of the auditor's office. The mailings shall be to the last known mailing address unless there is on file an affidavit of the auditor or of a person designated by the board to make the necessary investigation, stating that a mailing address is not known and that diligent inquiry has been made to ascertain it. The copy of notice shall be mailed no less than twenty days before the day set for hearing and proof of service shall be by affidavit of the auditor. The proofs of service required by this subsection shall be on file at the time the hearing begins.

3. In lieu of the mailing to the last known address a person owning land affected by a proposed district may file with the county auditor an instrument in writing designating the address for the mailing. This designation when filed is effective for five years and applies to all proceedings under this chapter. The person making the designation may change the address in the same manner as the original designation is made.

4. In lieu of publication, personal service of the notice may be made upon an owner of land in the proposed district in the manner and for the time required for service of original notices in the district court. Proof of the service shall be on file with the auditor on the date of the hearing.

Proof of the residences and qualifications of the petitioners as eligible electors shall be made by affidavit or otherwise as the board may direct. The board may consider the boundaries of a proposed sanitary district, whether they shall be as described in the petition or otherwise, and for that purpose may alter and amend the petition and limit or change the boundaries of the proposed district as stated in the petition. The board shall adjust the boundaries of a proposed district as needed to exclude land that has no reasonable likelihood of benefit from inclusion in the proposed district. The boundaries of a proposed district shall not be changed to incorporate property not included in the original petition and published notice until the owner of the property is given notice of inclusion as on the original hearing. All persons in the proposed district shall have an opportunity to be heard regarding the location and boundaries of the proposed district and to make suggestions regarding the location and boundaries. The board of supervisors, after hearing the statements, evidence and suggestions made and offered at the hearing, shall enter an order fixing and determining the limits and boundaries of the proposed district and directing that an election be held for the purpose of submitting to the registered voters residing within the boundaries of the proposed district the question of organization and establishment of the proposed sanitary district as determined by the board of supervisors. The order shall fix a date for the election not more than sixty days after the date of the order.

However, a majority of the landowners, owning in the aggregate more than seventy percent of the total land in the proposed district, may file a written remonstrance against the proposed district at or before the time fixed for the hearing on the proposed district with the county auditor. If the remonstrance is filed, the board of supervisors shall discontinue all further proceedings on the proposed district and charge the costs incurred to date relating to the establishment of the proposed district.

Two trustees shall be designated to serve a term expiring on the first day of January which is not a Sunday or legal holiday following the next general election, two trustees to serve a term expiring on the first day of January which is not a Sunday or legal holiday two years later, and one to serve a term expiring on the first day of January which is not a Sunday or holiday four years later. Upon request of a three-member board of trustees or petition of the number of eligible electors of the district equal to at least five percent of the residents of the district filed at least ninety days before the next general election, the board of supervisors shall provide for the election of a five-member board of trustees with staggered terms of office of not more than six years. The five-member board of trustees shall become effective on the first day of January which is not a Sunday or legal holiday after that general election. The board of trustees or a petition of the number of eligible electors of the district equal to at least five percent of the residents of the district may also request the board of supervisors to implement a plan to reduce the number of trustees from five to three. The board of supervisors shall allow incumbent trustees to serve their unexpired terms of office.

The trustees elected as provided in section 358.9 constitute a board of trustees for the district by which they are elected. The board of trustees is the corporate authority of the sanitary district and shall manage and control the affairs and property of the district. A majority of the board of trustees shall constitute a quorum, but a smaller number may adjourn from day to day. The board of trustees shall elect a president, a clerk, and a treasurer from its membership and may employ employees as necessary, who shall hold their employment during the pleasure of the board. All ordinances, resolutions, orders, rules and regulations, and the date when same became effective, may be proven by the certificate of the clerk, under the seal of the corporation, if one has been adopted, and when printed in book or pamphlet form and purporting to be published by the board of trustees such book or pamphlet shall be received as evidence of the passage and legal publication or posting thereof as of the dates mentioned therein, in all courts and places, without further proof.

358.15 Personal interest in contracts.

No trustee of such district shall be directly or indirectly interested in any contract, work, or business of the district, or in the sale of any article the expense, price, or consideration of which is paid by such district; nor in the purchase of any real estate or other property belonging to the district, or which shall be sold for taxes or assessments, or by virtue of legal process at the suit of said district; provided, that nothing herein shall be construed as prohibiting the selection of any person as trustee because of the person's ownership of real estate in the district or because the person is a taxpayer in the district.

[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, § 358.15]

358.16 Power to provide for sewage disposal.

The board of trustees of any sanitary district organized under this chapter shall have power to provide for the disposal of the sewage thereof, including the sewage and drainage of any city or village within the boundaries of such district; to acquire, lay out, locate, establish, construct, maintain, and operate one or more drains, conduits, treatment plants, disposal plants, pumping plants, works, ditches, channels, and outlets of such capacity and character as may be required for the treatment, carrying off, and disposal of the sewage and industrial wastes and other drainage incidental thereto of such district; to lay out, establish, construct, maintain, and operate all such adjuncts, additions, auxiliary improvements, and works as may be necessary or proper for accomplishment of the purposes intended, and to procure supplies of water for operating, diluting, and flushing purposes; to maintain, repair, change, enlarge, and add to such facilities, improvements, and works as may be necessary or proper to meet the future requirements for the purposes aforesaid; and, when necessary for such purposes, any such facilities, improvements, and works and the maintenance and operation thereof may extend beyond the limits of such district, and the rights and powers of said board of trustees in respect thereto shall be the same as if located within said district, provided, no taxes shall be levied upon any property outside of such district; and provided further, that the district shall be liable for all damages sustained beyond its limits in consequence of any work or improvement authorized hereunder.

The board of trustees, however, may upon such petition of property owners representing at least twenty-five percent of the valuation of property not included within the district as constituted which seeks benefit from the operation of such sanitary district, include such property and the area involved within the limits of such sanitary district, and such added areas shall be subject to the same taxation as other portions of the district.

Nothing contained herein shall be construed to authorize or empower such board of trustees to operate a system of waterworks for the purpose of furnishing water to the inhabitants of the district, or to construct, maintain, or operate local municipal sewerage facilities, or to deprive municipalities within the district of their powers to construct and operate sewers for local purposes within their limits.

The board of trustees of such sanitary district may, however, upon petition of the council or governing body of any incorporated city within the sanitary district, contract with such city to undertake the operation of local

municipal sewage facilities as part of the functioning of the sanitary district and make an agreement with such municipality for the levying of additional sewer or sewage disposal taxes, which taxes shall be levied by the municipality as now provided by law.

The board of trustees may require connection to the sanitary sewer system established, maintained, or operated by the district from any adjacent property within the district, and require the installation of sanitary toilets or other sanitary sewage facilities and removal of other toilet and other sewage facilities on the property.

If the property owner does not perform an action required under the preceding paragraph within a reasonable time after notice and hearing, the board of trustees may perform the required action and assess the costs of the action against the property for collection in the same manner as a property tax. The notice shall state the nature of the action and the time within which the action is required to be performed by the property owner, state the date, time, and place where the property owner will be heard by the board of trustees for the purpose of stating why the intended action should not be required, and shall be given by certified mail to the property owner as shown on the records of the county auditor not less than four nor more than twenty days before the date of the hearing.

However, in the event of an emergency when the delay of notice and hearing might cause serious loss or injury to persons or property within the district, the board of trustees may perform any action which may be required under this section without prior notice and hearing, and assess the cost as provided in this section, following notice to the property owner and hearing in the time and manner provided in the preceding paragraph. In that event the board of trustees shall, by resolution, make a finding of the necessity to institute emergency proceedings under this section, and shall procure a certificate from a competent registered professional engineer or architect certifying that emergency action is necessary.

If any amount assessed against property pursuant to this section will exceed one hundred dollars, the board of trustees may permit the assessment to be paid in up to ten annual installments, in the manner and with the same interest rates as provided for assessments against benefited property under chapter 384, division IV.

An assessment levied pursuant to this section, including all interest and penalties, is a lien against the property with respect to which action was taken from the date of filing the schedule of assessments until the assessment is paid. Assessments have equal precedence with ordinary taxes and are not divested by judicial sale.

The procedures for making and levying an assessment pursuant to this section and for an appeal of the assessment are the same procedures as provided in sections 384.59 through 384.67 and sections 384.72 through 384.75, except that any notice required in those sections to be published in a newspaper may be sent by certified mail to the owner of the property to be assessed as shown on the records of the county auditor in lieu of the publication. The references in those sections to the city council are applicable to the board of trustees.

358.17 Power to acquire and dispose of property.

Any sanitary district organized under this chapter may acquire by purchase, condemnation, or otherwise, any and all real and personal property, rights of way and privileges, either within or without its corporate limits, required for its corporate purposes. Condemnation proceedings shall be conducted in the same manner, as

near as may be, as provided for condemnation by counties under the laws of Iowa. Said sanitary districts shall have power to sell, convey, or otherwise dispose of any of the properties belonging to them when no longer required for their purposes.

358.18 Taxes power to levy tax sales.

The board of trustees of any sanitary district organized under this chapter shall have the power by ordinance to levy annually for the purpose of paying the administrative costs of such district, or for the payment of deficiencies in special assessments, or for both, a tax upon property within the territorial limits of such sanitary district not exceeding fifty-four cents per thousand dollars of the adjusted taxable valuation of the property within such district for the preceding fiscal year.

All taxes thus levied by the board shall be certified by the clerk on or before March 1 to the county auditor of each county wherein any of the property included within the territorial limits of the sanitary district is located, and shall be placed upon the tax list for the current fiscal year by the auditor or auditors. The county treasurer, or treasurers, of more than one county, shall collect all taxes so levied in the same manner as other taxes, and when delinquent the taxes shall draw the same interest. All taxes levied and collected shall be paid over by the officer collecting the taxes to the treasurer of the sanitary district.

Sales for delinquent taxes owing to such sanitary district shall be made at the same time and in the same manner as such sales are made for other taxes, and all provisions of the law of this state relating to the sale of property for delinquent taxes shall be applicable, so far as may be, to such sales.

358.20 Rentals and charges.

Any sanitary district may by ordinance establish just and equitable rates, charges, or rentals for the utilities and services furnished by the district to be paid to the district by every person, firm, or corporation whose premises are served by a connection to the utilities and services directly or indirectly. The rates, charges, or rentals, as near as may be in the judgment of the board of trustees of the district, shall be equitable and in proportion to the services rendered and the cost of the services, and taking into consideration in the case of the premises the quantity of sewage produced thereby and its concentration, strength, and pollution qualities. The board of trustees may change the rates, charges, or rentals from time to time as it may deem advisable, and by ordinance may provide for collection. The board may contract with any municipality within the district, whereby the municipality may collect or assist in collecting any of the rates, charges, or rentals, whether in conjunction with water rentals or otherwise, and the municipality may undertake the collection and render the service. The board of trustees may also contract pursuant to chapter 28E with one or more city utilities or combined utility systems, including city utilities established pursuant to chapter 388, for joint billing or collection, or both, of combined service accounts for sanitary district services and utility services, and the contracts may provide for the discontinuance of one or more of the sanitary district services or water

utility services if a delinquency occurs in the payment of any charges billed under a combined service account. The rates, charges, or rentals, if not paid when due, shall constitute a lien upon the real property served by a connection. The lien shall have equal precedence with ordinary taxes, may be certified to the county treasurer and collected in the same manner as taxes, and is not divested by a judicial sale.

Sewer rentals, charges, or rates may supplant or replace, in whole or in part, any monetary levy of taxes which may be, or have been, authorized by the board of trustees for any of the following purposes:

1. To meet interest and principal payments on bonds legally authorized for the financing of sanitary utilities in any manner.
2. To pay costs of the construction, maintenance, or repair of such sanitary facilities or utilities, including payments to be made under any contract between municipalities for either the joint use of sewerage or sewage facilities, or for the use by one municipality of all or a part of the sewerage or sewer system of another municipality.

When a sewer rental ordinance has been passed and put into effect, prior ordinances or resolutions providing for monetary levy of taxes against real and personal property for such purposes, or the portion thereof replaced, may be repealed.

358.21 Debt limit borrowing bonds purposes.

Any sanitary district organized hereunder may borrow money for its corporate purposes, but shall not become indebted in any manner or for any purpose to an amount in the aggregate exceeding five percent on the value of the taxable property within such district, to be ascertained by the last state and county tax lists previous to the incurring of such indebtedness. Indebtedness within this constitutional limit shall not include the indebtedness of any other municipal corporation located wholly or partly within the boundaries of such sanitary district.

Subject only to this debt limitation, any such sanitary district organized hereunder shall have and it is hereby vested with all of the same powers to issue bonds, including both general obligation and revenue bonds, which cities now or may hereafter have under the laws of this state. In the application of such laws to this chapter, the words used in any such laws referring to municipal corporations or to cities shall be held to include sanitary districts organized under this chapter, the words "council" or "city council" shall be held to include the board of trustees of a sanitary district; the words "mayor" and "clerk" shall be held to include the president and clerk of any such board of trustees or sanitary district; and like construction shall be given to any other words in such laws where required to permit the exercise of such powers by sanitary districts.

Any and all bonds issued hereunder shall be signed by the president of the board of trustees and attested by the clerk, with the seal of the district, if any, affixed, and interest coupons attached thereto shall be attested by the signature of the clerk.

The proceeds of any bond issue made under the provisions of this section shall be used only for the purpose of acquiring, locating, laying out, establishing and construction of drainage facilities, conduits, treatment plants, pumping plants, works, ditches, channels and outlets of such capacity and character as may be required for the treatment, carrying off and disposal of the sewage and industrial wastes and other drainage incidental thereto of such district, or to repair, change, enlarge and add to such facilities as may be necessary or proper to meet the requirements present and future for the purposes aforesaid. Proceeds from such bond

issue may also be used for the payment of special assessment deficiencies. Said bonds shall be payable in not more than forty annual installments and with interest at a rate not exceeding that permitted by chapter 74A, and shall be made payable at such place and be of such form as the board of trustees shall by resolution designate. Any sanitary district issuing bonds as authorized in this section is hereby granted authority to pledge the future avails of a tax levy to the payment of the principal and interest of such bonds after the same come due, and the power to impose and certify said levy is hereby granted to the trustees of sanitary districts organized under the provisions of this chapter.

[C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, § 358.21]

358.22 Special assessments and connection fees.

The board of trustees of a sanitary district may provide for payment of all or any portion of the costs of acquiring, locating, laying out, constructing, reconstructing, repairing, changing, enlarging, or extending conduits, ditches, channels, outlets, drains, sewers, laterals, treatment plants, pumping plants, and other necessary adjuncts thereto, by assessing all, or any portion of the costs, on adjacent property according to the benefits derived. For the purposes of this chapter, the board of trustees may define "*adjacent property*" as all that included within a designated benefited district or districts to be fixed by the board, which may be all of the property located within the sanitary district or any lesser portion of that property. It is not a valid objection to a special assessment that the improvement for which the assessment is levied is outside the limits of the sanitary district, but a special assessment shall not be made upon property situated outside of the sanitary district. Special assessments pursuant to this section shall be in proportion to the special benefits conferred upon the property, and not in excess of the benefits, and an assessment shall not exceed twenty-five percent of the value of the property at the time of levy. The value of a property is the present fair market value of the property with the proposed public improvements completed. Payment of installments of a special assessment against property used and assessed as agricultural property shall be deferred upon the filing of a request by the owner in the same manner and under the same procedures as provided in chapter 384 for special assessments by cities.

The assessments may be made to extend over a period not to exceed fifteen years, payable in as nearly equal annual installments as practicable. A majority vote of the board of trustees is requisite and sufficient for any action required by the board of trustees under this section.

Subject to the limitations otherwise stated in this section, a sanitary district organized under this chapter has all of the powers to specially assess the costs of improvements described in this section, including the power to issue special assessment bonds, warrants, project notes, or other forms of interim financing obligations, which cities have under the laws of this state.

Subject to the limitations otherwise stated in this section, the board of trustees may establish one or more benefited districts and schedules of fees for the connection of property to the sanitary sewer facilities of a sanitary district. Each person whose property will be connected to the sanitary sewer facilities of a sanitary district shall pay a connection fee to the sanitary district, which may include the equitable cost of extending sanitary sewer service to the benefited district and reasonable interest from the date of construction to the date of payment. In establishing the benefited districts and establishing and implementing the schedules of fees, the board of trustees shall act in accordance with the powers granted to a city in section 384.38, subsection 3, and the procedures in that subsection. However, all fees collected under this paragraph shall be paid to the sanitary district and the moneys collected as fees shall be used only by the sanitary district to finance improvements or extensions to its sanitary sewer facilities, to reimburse the sanitary district for funds disbursed by its board of trustees to finance improvements or extensions to its sanitary sewer facilities, or to pay debt service on obligations issued to finance improvements or extensions to its sanitary sewer facilities. This paragraph does not apply when a sanitary district annexation plan or petition includes annexation of an area adjoining the district or a petition has not been presented for a sewer connection. Until the annexation becomes effective or the annexation plan or petition is abandoned, the state mandate contained in section

455B.172, subsections 3, 4, and 5, shall not apply unless the property owner requests to be connected to the sanitary district's sewer facilities and voluntarily pays the connection fee.

358.24 Contracts outside of district.

A sanitary district may enter into contracts with persons or firms outside its limits for the processing of sewage but the rate for processing shall not be less than that charged the inhabitants of the district.

A district entering into a contract may lay sewer lines in highways outside the district upon first obtaining the permission of the state department of transportation in the case of primary roads and the board of supervisors in case of secondary roads, on written application designating the particular highway and part thereof, the use of which is desired.

A sanitary district adjoining a border of the state and owning and operating a sewage disposal plant, may contract with the governing body of any legal entity in an adjacent area in another state, to process the sewage from the area. The contract shall be subject to approval of the Iowa department of public health.

358.40 Dissolution.

1. After three years from the establishment of a sanitary sewer district, a petition may be filed in the office of the county auditor, addressed to the board of supervisors, signed by a majority of persons owning land in the district and who in aggregate own at least sixty percent of the land in the district. The petition shall include the above facts and recite each of the following:

- a.* That more than three years has passed since the date of the election which established the district.
- b.* That there are no bonds or other evidences of indebtedness outstanding against the district, or if there is indebtedness, the petition shall contain a plan of dissolution which makes adequate provisions for payment of the indebtedness.
- c.* That a construction contract has not been let or work done on any improvements in the district or if either has occurred, the petition shall contain a plan of dissolution which makes adequate provisions for payment of the contract price or for the work.

2. All costs and expenses of the district shall be assessed against the district before dissolution by the levy of an annual tax necessary to accomplish payment, but the levy shall not exceed the rate provided in this section.

3. The board shall examine the petition at its next meeting after its filing or within twenty days of the filing, whichever date is earlier. Within ten days of the meeting, the board shall publish notice of the petition and the date, time, and place of the meeting at which time the board proposes to take action on the petition. The notice shall be published in a newspaper of general circulation published in the district and, if no newspaper is published within the district, in a newspaper published in the county in which the major part of the district is located. At the board's meeting, or subsequent meetings as necessary, if the petition is found to comply

with the requirements of this section and the board of trustees consents by majority vote, the board of supervisors may provide for payment as requested or modify the method of payment of costs and expenses.

4. If the board decides that dissolution is warranted for the best interest of the public, it shall publish a notice in a newspaper of general circulation published in the district or, if no newspaper is published in the district, in a newspaper published in the county in which the major part of the district is located and give notice by mail to all known claimants or creditors of the district that it will receive and adjudicate claims against the district for four months from the date the notice is published and shall levy an annual tax as necessary against all property in the district for the number of years required to pay all claims allowed. However, the annual tax levied under this subsection shall not exceed four dollars per thousand dollars of assessed valuation of the taxable property within the district at the time of dissolution. The levy shall be made in the same manner as provided in section 76.2. After the board makes a specific finding that all indebtedness, costs, and expenses have been paid or levies approved for their payment, the board shall dissolve the district by resolution entered upon its records. The dissolution order shall be noted by the auditor on the county records, showing the date when the dissolution became effective.

5. The records of a dissolved district including, but not limited to, copies of all engineering files and work undertaken by engineers of a dissolved district, shall be deposited with the county auditor of the county designated by the board. Any remaining balances shall be deposited in the general fund of the county designated by the board. All other assets of the dissolved district shall become, by dissolution, assets of the county.

6. An action shall not be commenced to contest action of the board of supervisors under this section in adjudicating claims, providing for the levy of a tax, or dissolving the district unless it is brought within thirty days of the entry of the dissolution order on the county record.
