

420.222 Unpaid city taxes certified to county auditor.

The city treasurer shall, promptly after the certification to the treasurer by the county auditor of the fact of issuance to the county of a tax deed for any real estate, certify to such auditor a statement showing all unpaid general taxes, with interest, penalties, and costs to date, due said city and levied against the tracts or parcels of real estate so conveyed by tax deed to the county and also showing whether or not there are any unpaid special assessments against such respective tracts or parcels. After such certification (and, in respect to the tracts or parcels against which there shall so be shown to be any unpaid special assessments, after expiration of the optional right of purchase thereof by the city), the management and sale of any real estate acquired by the county under any such tax deed, as well as distribution of proceeds of sale and other incidents and proceedings consequential to the issuance of such deed, shall occur and be had in like manner and with like effect as if the general taxes, penalties, and costs so certified by such city treasurer had originally been collectible by the county treasurer for the account of the city as general taxes collectible with other general taxes for the respective corresponding years.
