Upon delivery of the personal notice, the invention developer shall return a receipt to the customer acknowledging receipt of the cancellation. 5. The following shall be included in the contract:

a. A disclosure statement in substantially the following form shall appear in boldface type and be located conspicuously on a cover sheet that contains no other writing: NOTICE

The following disclosure is required by section 523G.5 of the Iowa Code and is expressly made a part of this contract:

You have the right to cancel this contract for any reason at any time within three (3) business days from the date you and the invention developer sign the contract and you receive a fully executed copy. To exercise this option you may use certified mail or personally deliver to this invention developer written notice of your cancellation. The method and time for notification is set forth in this contract immediately above the place for your signature. The invention developer must return by certified mail or personal delivery, within ten business days after receipt of the cancellation notice, all money paid and all materials provided either by you or by another party on your behalf.

Unless the invention developer is an attorney, the invention developer is prohibited from giving you legal advice concerning patent, copyright, or trademark law, whether your creation, idea, or invention may be patentable, or protected under the patent, copyright, or trademark laws of the United States or any other law. A registered patent agent may give advice as to patentability and protection available under the patent laws.

A patent, copyright, or trademark protection will not be acquired for you by the invention developer or by this contract. Your potential patent rights may be adversely affected by any attempt to commercialize your idea or invention before a patent application covering it is filed. Nonconfidential disclosures of your idea or invention may also trigger certain statutory deadlines for filing a patent application in the United States and would prevent you from obtaining valid patent rights in countries whose law provides that patent applications must be filed before there is a public disclosure. Your failure to identify and investigate existing patents, trademarks, or registered copyrights may place you in jeopardy of infringing the copyright, patent, or trademark rights of other persons if you proceed to make, use, or sell your idea or invention.

b. A disclosure statement in substantially the following form shall appear in ten point boldface type immediately above the place where the customer is to sign: ATTENTION! (READ CAREFULLY)

You have three (3) business days during which you may cancel this contract for any reason. You must deliver written notice of the cancellation by certified mail or personally to the invention developer. This opportunity to cancel the contract will expire on the last date that you are allowed to mail or deliver notice. If you choose to use certified mail to deliver your notice, it must be placed in the United States mail addressed to (insert name of invention developer), at (insert address of invention developer's place of business) with first class

postage prepaid before midnight of (insert proper date). If you choose to personally deliver your notice to the invention developer, it must be delivered by the end of the normal business day on (insert proper date). You are advised to obtain a written statement from the invention developer acknowledging receipt.
