6B.2A Notice of proposed public improvement.

1. An acquiring agency shall provide written notice of a public hearing to each owner and any contract purchaser of record of agricultural land that may be the subject of condemnation. The authority under this chapter is not conferred and condemnation proceedings shall not begin unless a good faith effort is made to mail and publish the notice as provided in this section on the owner and any contract purchaser of record of the property subject to condemnation. The notice shall be mailed by ordinary mail, not less than thirty days before the date the hearing is held, to the owner and any contract purchaser of record of each property or property interest at the owner's and contract purchaser's last known address as shown in the records of the county auditor not less than seven days nor more than fourteen days prior to the date of mailing. A change in ownership of any such property which is not reflected in the records of the county auditor during the period those records are searched as above provided shall not affect the validity of the notice or any condemnation proceeding commenced on the basis of such notice. The notice shall be given and the public hearing held before adoption of the ordinance, resolution, motion, or other declaration of intent to fund the final site-specific design for the public improvement, to make the final selection of the route or site location for the public improvement, or to acquire or condemn, if necessary, all or a portion of the property or an interest in the property for the public improvement. If the location of the public improvement is changed or expanded after the decision has been made to proceed with the public improvement, a notice shall be mailed by ordinary mail no less than thirty days before the adoption of the ordinance, resolution, motion, or other declaration of intent to proceed with a change in the location of the public improvement to the owner and any contract purchaser of record of the land to be acquired or condemned, if necessary, in the new location of the public improvement affected by the change. The mailed notice shall, at a minimum, include the following information:

a. The general nature of the public improvement.

b. A statement of the possibility that the acquiring agency may acquire part or all of the property or interest in the property by condemnation for the public improvement.

c. The process to be followed by the acquiring agency in making the decision to fund the final site-specific design for the public improvement, to make the final selection of the route or site location, or to acquire or condemn, if necessary, all or a portion of the property or an interest in the property for the public improvement.

d. The time and place of a public hearing at which an opportunity is provided for public input into the decision to fund the final site-specific design for the public improvement, to make the final selection of the route or site location, or to acquire or condemn, if necessary, all or a portion of the property or an interest in the property for the public improvement.

e. The name, address, and telephone number of the person designated by the acquiring agency as the person to contact regarding the public improvement.

f. A statement of rights of individual property owners with respect to the acquisition of their property and the availability of relocation benefits. The attorney general shall adopt by rule pursuant to chapter 17A a statement of rights which may be used in substantial form by any person required to provide the statement of rights as provided in this section.

2. The acquiring agency shall cause a notice to be published once in a newspaper of general circulation in the county or city where the agricultural land is located. The notice shall be published at least four but no more than twenty days before the public hearing is held as referred to in subsection 1. The published notice shall, at a minimum, include the following information:

a. The general nature of the public improvement.

b. A statement of the possibility that the acquiring agency may acquire part or all of the property or an

interest in the property by condemnation for the public improvement.

c. The process to be followed by the acquiring agency in making the decision to fund the final site-specific design for the public improvement, to make the final selection of the route or site location, or to acquire or condemn, if necessary, all or a portion of the property or an interest in the property for the public improvement.

d. The time and place of a public hearing at which an opportunity is provided for public input into the decision to fund the final site-specific design for the public improvement, to make the final selection of the route or site location, or to acquire or condemn, if necessary, all or a portion of the property or an interest in the property for the public improvement.

e. The name, address, and telephone number of the contact person regarding the public improvement.

3. If the acquiring agency is a person required to obtain a franchise under chapter 478, compliance with section 478.2 shall satisfy the requirements of this section. If the acquiring agency is a person required to obtain a permit under chapter 479, compliance with section 479.5 shall satisfy the requirements of this section.

4. This section shall not apply to a condemnation of property by the state department of transportation or a county for right-of-way that is contiguous to an existing road right-of-way and necessary for the maintenance, safety improvement, repair, or upgrade of the existing road. Notwithstanding section 6B.2C, a condemnation of property by the state department of transportation pursuant to this subsection shall be approved by the director of the department of transportation. For purposes of this subsection, "upgrade" means to bring a road or bridge up to currently acceptable standards, including improved geometrics, passing lanes, turning lanes, climbing lanes, and improved shoulders. "Upgrade" does not include expanding a highway from two lanes to four lanes.

5. The time deadlines in this section do not apply during the existence of an emergency requiring the construction or repair of public improvements in situations where failure to immediately construct or repair would result in immediate danger to public health, safety, or welfare. The notices required in this section shall be provided to the owner as soon as practicable.

99 Acts, ch 171, §2, 42; 2000 Acts, ch 1178, §1; 2000 Acts, ch 1179, §24, 30; 2002 Acts, ch 1063, §1

6B.2B Acquisition negotiation statement of rights.

The acquiring agency shall make a good faith effort to negotiate with the owner to purchase the private property or property interest before filing an application for condemnation or otherwise proceeding with the condemnation process. An acquiring agency shall not make an offer to purchase the property or property interest that is less than the fair market value the acquiring agency has established for the property or property interest pursuant to the appraisal required in section 6B.45. However, an acquiring agency need not make an offer in excess of that amount in order to satisfy the requirement to negotiate in good faith. An acquiring agency is deemed to have met the requirements of this section if the acquiring agency complies with section 6B.54.

99 Acts, ch 171, §3, 42; 2000 Acts, ch 1179, §5, 6, 30

6B.2C Approval of the public improvement.

The authority to condemn is not conferred, and the condemnation proceedings shall not commence, unless the governing body for the acquiring agency approves the use of condemnation and there is a reasonable expectation the applicant will be able to achieve its public purpose, comply with all applicable standards, and

obtain the necessary permits.

2000 Acts, ch 1179, §7, 30

6B.3 Application recording notice time for appraisal new proceedings.

1. The proceedings shall be instituted by a written application filed with the chief judge of the judicial district of the county in which the land sought to be condemned is located. The application shall set forth:

a. A description of all the property in the county affected or sought to be condemned, by its congressional numbers, in tracts not exceeding one-sixteenth of a section, or, if the land consists of lots, by the numbers of the lot and block, and plat designation.

b. A plat showing the location of the right-of-way or other property sought to be condemned with reference to such description.

c. The names of all record owners of the different tracts of land sought to be condemned, or otherwise affected by such proceedings, and of all record holders of liens and encumbrances on such lands; also the place of residence of all such persons so far as known to the applicant.

d. The purpose for which condemnation is sought. For purposes of section 6B.4A, if condemnation of agricultural land is sought by a city or county, or an agency of a city or county, for location of an industry as that term is defined in section 260E.2, the application shall so state. However, the city or county shall not be required to disclose information on an industrial prospect with which the city or county is currently negotiating.

e. A request for the appointment of a commission to appraise the damages.

f. If the damages are to be paid by the state and the land to be condemned is within an agricultural area as provided in chapter 352, a statement disclosing whether any of that land is classified as class I or class II land under the United States department of agriculture natural resources conservation service land capability classification system contained in the agriculture handbook number 210, 1961 edition and, if so classified, stating that the class I or class II land is reasonably necessary for the work of internal improvement for which condemnation is sought.

g. A showing of the minimum amount of land necessary to achieve the public purpose and the amount of land to be acquired by condemnation for the public improvement. Any land to be acquired by condemnation beyond the necessary minimum to complete the project shall be presumed not to be necessary for a public use or public purpose unless the applicant can show that a substantial need exists for the additional property to achieve the public use or public purpose, or that the land in question constitutes an uneconomical remnant that has little or no value or utility to the owner, or that the owner consents to the condemnation.

h. A statement indicating the efforts made by the applicant to negotiate in good faith with the owner to acquire the private property sought to be condemned.

2. The applicant shall mail a copy of the application by certified mail to the owner at the owner's last known address and to any record lienholder or encumbrancer of the property at the lienholder's or encumbrancer's last known address. The applicant shall also cause the application to be published once in a newspaper of general circulation in the county, not less than four nor more than twenty days before the meeting of the compensation commission to assess the damages. Service of the application by publication shall be deemed complete on the day of publication.

In lieu of mailing and publishing the application, the applicant may cause the application to be served upon

the owner, lienholders, and encumbrancers of the property in the manner provided by the Iowa rules of civil procedure for the personal service of original notice. The application shall be mailed and published or served, as above provided, prior to or contemporaneously with the mailing and publication or service of the list of compensation commissioners as provided in section 6B.4.

3. The applicant shall promptly certify that its application for condemnation has been approved by the chief judge and shall file the original approved application with the county recorder in the manner required under section 6B.37. The county recorder shall file and index the application in the record of deeds and preserve the application as required by sections 6B.38 and 558.55. The filing and indexing constitute constructive notice to all parties that a proceeding to condemn the property is pending and that the applicant has the right to acquire the property from all owners, lienholders, and encumbrancers whose interests are of record at the time of the filing. After filing and indexing, the county recorder shall file a copy of the application with the office of secretary of state.

When indexed, the proceeding is considered pending so as to charge all persons not having an interest in the property with notice of its pendency, and while pending no interest can be acquired by the third parties in the property against the rights of the applicant. If the appraisal of damages is not made within one hundred twenty days, the proceedings instituted under this section are terminated and all rights and interests of the applicant arising out of the application for condemnation terminate. The applicant may reinstitute a new condemnation proceeding at any time. The reinstated proceedings are entirely new proceedings and not a revival of the terminated proceeding.

6B.4 Commission to assess damages.

Annually the board of supervisors of a county shall appoint not less than twenty-eight residents of the county and the names of such persons shall be placed on a list and they shall be eligible to serve as members of a compensation commission. One-fourth of the persons appointed shall be owner-operators of agricultural property, one-fourth of the persons appointed shall be owners of city property, one-fourth shall be licensed real estate salespersons or real estate brokers, and one-fourth shall be persons having knowledge of property values in the county by reason of their occupation, such as bankers, auctioneers, property managers, property appraisers, and persons responsible for making loans on property.

The chief judge of the judicial district or the chief judge's designee shall select by lot six persons from the list, two persons who are owner-operators of agricultural property when the property to be condemned is agricultural property; two persons who are owners of city property when the property to be condemned is other than agricultural property; and two persons from each of the remaining two representative groups, who shall constitute a compensation commission to assess the damages to all property to be taken by the applicant and located in the county, and shall name a chairperson from the persons selected. The chief judge or the judge's designee may appoint such alternate members and chairpersons to the commission as are deemed necessary and appropriate under the circumstances. A person shall not be selected as a member or alternate member of the compensation commission if the person possesses any interest in the proceeding which would cause the person to render a biased decision. The applicant shall mail a copy of the list of commissioners and alternates appointed by the chief judge by certified mail to the property owner at the owner's last known address. The applicant shall also cause the list of commissioners and alternates to be published once in a

newspaper of general circulation in the county, not less than four nor more than twenty days before the meeting of the compensation commission to assess the damages. Service of the list of commissioners and alternates by publication shall be deemed complete on the day of publication. In lieu of mailing and publishing the list of commissioners and alternates, the applicant may cause the list to be served upon the owner of the property in the manner provided by the Iowa rules of civil procedure for the personal service of original notice. The list of commissioners and alternates shall be mailed and published or served, as above provided, prior to or contemporaneously with service of the notice of assessment as provided in section 6B.8.

6B.4A Review of applications by compensation commission.

1. If a city or county, or an agency of a city or county, has filed an application for condemnation of agricultural land for industry, the application is subject to review by the compensation commission pursuant to this section.
2. At any time before the thirty-day notice of assessment expires pursuant to section 6B.8, a landowner may apply to the compensation commission for review of the condemnation application to determine whether the use of condemnation is necessary for the placement of an industry in the community. When reviewing an application, the commission shall consider all of the following:
 - a. The feasibility of acquiring the agricultural land by methods other than condemnation.
 - b. The public cost and public benefit from locating the industry on the agricultural land.
 - c. The ability to adapt the industry development plans to avoid the use of condemnation.
 - d. The existence of a specific industry to be located on the agricultural land.
 - e. The amount of agricultural land requested to be condemned compared to the total amount of agricultural land needed for the project.
3. The commission shall approve or deny the application for condemnation within thirty days of receiving a request to review the condemnation application. A majority vote of the commission members is necessary to approve or deny a condemnation application. The sheriff shall notify the landowner and condemner of the commission's determination by certified mail.
4. A determination made by the compensation commission pursuant to this section shall be final unless appealed from. An appeal must be filed with the district court within thirty days of mailing the commission's determination to the condemner and the landowner. At the time of appeal, the appellant shall give written notice that the appeal has been taken to the adverse party, or the adverse party's agent or attorney. Notice of an appeal shall be served in the same manner as an original notice. The appeal shall be docketed in the name of the person appealing and all other interested parties to the action shall be defendants.
5. This section does not apply to condemnation of agricultural land if the industry is an eligible business under section 15.329 and the department of economic development enters into an agreement under section 15.330 with the industry.

6. For purposes of this section, "industry" means the same as defined in section 260E.2.

6B.5 Challenges to commissioners filling vacancies on commission.

1. Persons appointed by the chief judge to serve on the compensation commission are excused from the commission if they are removed for cause, stricken by a challenge pursuant to this section, unavailable to serve on the commission, or fail to act in their capacity as commissioners.
2. The applicant may challenge one commissioner without stating cause and the person or persons representing the fee ownership interest in the property may challenge one commissioner without stating cause. A challenge to the appointment of a commissioner shall be filed, in writing, with the sheriff not less than seven days prior to the meeting of the compensation commission, and shall be mailed to the other party by ordinary mail on the day of filing. An alternate commissioner may not be challenged without cause. A challenge filed less than seven days prior to the meeting of the commission shall have no effect.
3. If a person is excused from the commission, the sheriff shall select and notify, not less than twenty-four hours prior to the meeting, the alternate commissioners appointed for that condemnation proceeding, to complete the membership of the commission. Alternate commissioners selected and notified shall have the same qualifications as the person who is being replaced. If no alternates have been appointed, the chief judge of the judicial district shall appoint another person from the list, possessing the same qualifications as the person who is being replaced to complete the membership of the commission.
4. The sheriff shall notify alternate commissioners in the order directed by the chief judge, and the alternate commissioner first notified who is available to serve as a compensation commissioner shall serve in the place of the commissioner who was unable to serve or who was stricken from the panel.
5. If a person is excused from the commission, the applicant and the property owner may stipulate in writing to the selection and notification of a particular alternate having the same qualifications as the person who is being replaced, to complete the membership of the commission. Such stipulation shall be filed with the sheriff not less than seventy-two hours prior to the meeting of the commission.

The notice shall specify the day and the hour when the compensation commission will meet, view the premises, and assess the damages. The notice shall be personally served upon all necessary parties in the same manner provided by the Iowa rules of civil procedure for the personal service of original notice. If a city or county, or an agency of a city or county, is seeking to condemn agricultural land for an industry as that term is defined in section 260E.2, the notice shall inform the landowner that the landowner may request that the compensation commission review the application as provided in section 6B.4A.

6B.14 Appraisal report.

The commissioners shall, at the time fixed in the aforesaid notices, view the land sought to be condemned and assess the damages which the owner will sustain by reason of the appropriation. The commission shall file its written report, signed by all commissioners, with the sheriff. At the request of the condemner or the condemnee, the commission shall divide the damages into parts to indicate the value of any dwelling, the value of the land and improvements other than a dwelling, and the value of any additional damages. The appraisal and return may be in parcels larger than forty acres belonging to one person and lying in one tract, unless the agent or attorney of the applicant, or the commissioners, have actual knowledge that the tract does not belong wholly to the person in whose name it appears of record; and in case of such knowledge, the appraisal shall be made of the different portions as they are known to be owned.

Prior to the meeting of the commission, the commission or a commissioner shall not communicate with the applicant, property owner, or tenant, or their agents, regarding the condemnation proceedings. The commissioners shall meet in open session to view the property and to receive evidence, but may deliberate in closed session. After deliberations commence, the commission and each commissioner is prohibited from

communicating with any party to the proceeding, unless such communication occurs in the presence of or with the consent of the property owner and the other parties who appeared before the commission. The commission shall keep minutes of all its meetings showing the date, time, and place, the members present, and the action taken at each meeting. The minutes shall show the results of each vote taken and information sufficient to indicate the vote of each member present. The vote of each member present shall be made public at the open session. The minutes shall be public records open to public inspection.

In assessing the damages the owner or tenant will sustain, the commissioners shall consider and make allowance for personal property which is damaged or destroyed or reduced in value.

An owner or tenant occupying land which is proposed to be acquired by condemnation shall be awarded a sum sufficient to remove such owner's or tenant's personal property from the land to be acquired, which sum shall represent reasonable costs of moving the personal property from the land to be acquired to a point no greater than fifty miles; but in any event, damages awarded under this section for moving shall not exceed five thousand dollars for each owner or tenant occupying land proposed to be condemned. An owner or tenant may apply for an award pursuant to this section only if all other damages provided by law have been awarded and such amount awarded is insufficient to pay the owner's or tenant's reasonable costs of moving.

[C24, 27, 31, 35, 39, § **7836**; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, § 472.15]

Upon the filing of the commissioners' report with the sheriff, the applicant may deposit with the sheriff the amount assessed in favor of a claimant, and the applicant, except as otherwise provided, may take possession

of the land condemned and proceed with the improvement. An appeal from the assessment does not affect the right, except as otherwise provided. If there is not an appeal by any party, the property owner shall be entitled to the whole of the damages awarded. Upon appeal from the commissioners' award of damages, the district court may direct that the part of the amount of damages deposited with the sheriff, as it finds just and proper, be paid to the claimant. If upon trial of the appeal a lesser amount is awarded, the difference between the amount so awarded and the amount paid shall be repaid by the person to whom it was paid and upon failure to make the repayment the party shall have judgment entered against the person who received the excess payment. Title to the property or the interests in property passes to the applicant when damages have been finally determined and paid.

If an award of damages is appealed to district court, the amount deposited with the sheriff, if any, less the amount paid by the sheriff to the claimant, shall be transferred to the clerk of district court where the appeal was filed and the clerk shall deposit the money in an interest-bearing account. The district court in its judgment rendered pursuant to section 6B.23 shall award the interest earned on the account in proportion to the amount of damages ascertained and entered of record.

6B.53 Procedure for homesteading projects.

If the purpose of condemnation is to obtain property for use as part of an Iowa homesteading project under section 16.14, the application required under section 6B.3 may contain a verified statement that the property sought to be condemned is abandoned and deteriorating in condition, or is inhabited but is not safe for human habitation, or is or is likely to become a public nuisance, and that the property is suitable for use and is to be used in an Iowa homesteading project. Other information may be included. The statement must be verified by the Iowa finance authority or by a local agency authorized under rules of the authority. 6B.54 Federally assisted project and displacing activities acquisition policies.

For any project or displacing activity that has received or will receive federal financial assistance as defined in section 316.1, for any state-funded projects, or for any other public improvement for which condemnation is sought, an acquiring agency shall, at a minimum, satisfy the following policies:

1. Every reasonable effort shall be made to acquire expeditiously real property by negotiation.
2. Real property shall be appraised as required by section 6B.45 before the initiation of negotiations, and the owner or the owner's designated representative shall be given an opportunity to accompany at least one appraiser of the acquiring agency during an inspection of the property, except that an acquiring agency may prescribe a procedure to waive the appraisal in cases involving the acquisition of property with a low fair market value. In lieu of an appraisal, a utility or person under the jurisdiction of the utilities board of the department of commerce, or any other utility conferred the right by statute to condemn private property, shall provide in writing by certified mail to the owner of record thirty days before negotiations, the methods and factors used in arriving at an offered price for voluntary easements including the range of cash amount of each component.
3. Before the initiation of negotiations for real property, the acquiring agency shall establish an amount which it believes to be just compensation for the real property, and shall make a prompt offer to acquire the property

for the full amount established by the agency. In no event shall the amount be less than the lowest appraisal of the fair market value of the property. In the case of a utility or person under the jurisdiction of the utilities board of the department of commerce, or any other utility conferred the right by statute to condemn private property, the amount shall not be less than the amount indicated by the methods and factors used in arriving at an offered price for a voluntary easement.

4. The construction or development of a public improvement shall be so scheduled that, to the greatest extent practicable, no person lawfully occupying real property shall be required to move from a dwelling or to move the person's business or farm operation without at least ninety days' written notice of the date by which the move is required.

5. If an owner or tenant is permitted to occupy the real property acquired on a rental basis for a short term or for a period subject to termination on short notice, the amount of rent required shall not exceed the fair rental value of the property to a short-term occupier.

6. In no event shall the time of condemnation be advanced, or negotiations or condemnation and the deposit of funds in court for the use of the owner be deferred, or any other coercive action be taken to compel an agreement on the price to be paid for the property.

7. If an interest in real property is to be acquired by exercise of the power of eminent domain, formal condemnation proceedings shall be instituted. The acquiring agency shall not intentionally make it necessary for an owner to institute legal proceedings to prove the fact of the taking of the owner's real property.

8. If the acquisition of only a portion of property would leave the owner with an uneconomical remnant, the acquiring agency shall offer to acquire that remnant. For the purposes of this chapter, an "*uneconomical remnant*" is a parcel of real property in which the owner is left with an interest after the partial acquisition of the owner's property, where the acquiring agency determines that the parcel has little or no value or utility to the owner.

9. A person whose real property is being acquired in accordance with this chapter, after the person has been fully informed of the person's right to receive just compensation for the property, may donate the property, any part of the property, any interest in the property, or any compensation paid for it as the person may determine.

10. As soon as practicable after the date of payment of the purchase price or the date of deposit in court of funds to satisfy the award of compensation in a condemnation proceeding to acquire real property, whichever is earlier, the acquiring agency shall reimburse the owner, to the extent the acquiring agency deems fair and reasonable, for expenses the owner necessarily incurred for all of the following:

a. Recording fees, transfer taxes, and similar expenses incidental to conveying the real property to the acquiring agency.

b. Penalty costs for full or partial prepayment of any preexisting recorded mortgage entered into in good faith encumbering the real property.

Payments and expenditures under this subsection are incident to and arise out of the program or project for which the acquisition activity takes place. Such payments and expenditures may be made from the funds made available for the program or project.

A person aggrieved by a determination as to the eligibility for or amount of a reimbursement may have the matter reviewed in accordance with section 316.9.

11. An owner shall not be required to surrender possession of real property before the acquiring agency

concerned pays the agreed purchase price.

6B.55 Buildings, structures, and improvements on federally assisted programs and projects.

For any program or project that has received or will receive federal financial assistance as defined in section 316.1, for any state-funded projects, or for any other public improvement for which condemnation is sought, an acquiring agency shall at a minimum satisfy the following policies:

1. If an interest in real property is acquired, the acquiring agency shall acquire an equal interest in all buildings, structures, or other improvements located upon the real property which are required to be removed from the real property or which are determined to be adversely affected by the use to which the real property will be put.
2. For the purpose of determining the just compensation to be paid for any building, structure, or other improvement required to be acquired under this section, the building, structure, or other improvement shall be deemed to be a part of the real property to be acquired, notwithstanding the right or obligation of a tenant of the lands, as against the owner of any other interest in the real property, to remove the building, structure, or improvement at the expiration of the tenant's term. The fair market value which the building, structure, or improvement contributes to the fair market value of the real property to be acquired, or the fair market value of the building, structure, or improvement for removal from the real property, whichever is the greater, shall be paid to the owner of the building, structure, or improvement.
3. Payment for the building, structure, or improvement under this section shall not result in duplication of any payments otherwise authorized by state law. The payment shall not be made unless the owner of the land involved disclaims all interest in the improvements of the tenant. In consideration for any such payment, the tenant shall assign, transfer, and release all the tenant's right, title, and interest in and to the improvements. Nothing with regard to the above-mentioned acquisition of buildings, structures, or other improvements shall be construed to deprive the tenant of any rights to reject payment and to obtain payment for the property interests in accordance with other laws of this state.

6B.56 Disposition of condemned property.

1. If real property condemned pursuant to this chapter is not used for the purpose stated in the application filed pursuant to section 6B.3 and the condemner seeks to dispose of the real property, the condemner shall first offer the property for sale to the prior owner of the condemned property as provided in this section. For purposes of this section, the prior owner of the real property includes the successor in interest of the real property.

2. Before the real property may be offered for sale to the general public, the condemner shall notify the prior owner of the real property condemned in writing of the condemner's intent to dispose of the real property, of the current appraised value of the real property, and of the prior owner's right to purchase the real property within sixty days from the date the notice is served at a price equal to the current appraised value of the real property. The notice sent by the condemner as provided in this subsection shall be filed with the office of the recorder in the county in which the real property is located.

3. If the prior owner elects to purchase the real property at the price established in subsection 2, before the expiration of the sixty-day period, the prior owner shall notify the condemner in writing of this intention and file a copy of this notice with the office of the recorder in the county in which the real property is located.

4. The provisions of this section do not apply to the sale of unused right-of-way property as provided in chapter 306.

6B.57 Procedural compliance.

If an acquiring agency makes a good faith effort to serve, send, or provide the notices or documents required under this chapter to the owner and any contract purchaser of private property that is or may be the subject of condemnation, but fails to provide the notice or documents to the owner and any contract purchaser, such failure shall not constitute grounds for invalidation of the condemnation proceeding if the chief judge of the judicial district determines that such failure can be corrected by delaying the condemnation proceedings to allow compliance with the requirement or such failure does not unreasonably prejudice the owner or any contract purchaser.

This section does not apply to property acquired by the state department of transportation.
