

257.19 Instructional support funding.

The additional funding for the instructional support program for a budget year is limited to an amount not exceeding ten percent of the total of regular program district cost for the budget year and moneys received under section 257.14 as a budget adjustment for the budget year. Moneys received by a district for the instructional support program are miscellaneous income and may be used for any general fund purpose. However, moneys received by a district for the instructional support program shall not be used as, or in a manner which has the effect of, supplanting funds authorized to be received under sections 257.41, 257.46, 298.2, and 298.4, or to cover any deficiencies in funding for special education instructional services resulting from the application of the special education weighting plan under section 256B.9.

Certification of a board's intent to participate for a budget year, the method of funding, and the amount to be raised shall be made to the department of management not later than April 15 of the base year. Funding for the instructional support program shall be obtained from instructional support state aid and from local funding using either an instructional support property tax or a combination of an instructional support property tax and an instructional support income surtax.

The board of directors shall determine whether the instructional support property tax or the combination of the instructional support property tax and instructional support income surtax shall be used for the local funding. Subject to the limitation specified in section 298.14, if the board elects to use the combination of the instructional support property tax and instructional support income surtax, for each budget year the board shall determine the percent of income surtax that will be imposed, expressed as full percentage points, not to exceed twenty percent.
