

403.19 Division of revenue from taxation tax increment financing.

A municipality may provide by ordinance that taxes levied on taxable property in an urban renewal area each year by or for the benefit of the state, city, county, school district, or other taxing district, shall be divided as follows:

1.
 - a. Unless otherwise provided in this section, that portion of the taxes which would be produced by the rate at which the tax is levied each year by or for each of the taxing districts upon the total sum of the assessed value of the taxable property in the urban renewal area, as shown on the assessment roll as of January 1 of the calendar year preceding the first calendar year in which the municipality certifies to the county auditor the amount of loans, advances, indebtedness, or bonds payable from the division of property tax revenue, or on the assessment roll last equalized prior to the date of initial adoption of the urban renewal plan if the plan was adopted prior to July 1, 1972, shall be allocated to and when collected be paid into the fund for the respective taxing district as taxes by or for the taxing district into which all other property taxes are paid. However, the municipality may choose to divide that portion of the taxes which would be produced by levying the municipality's portion of the total tax rate levied by or for the municipality upon the total sum of the assessed value of the taxable property in the urban renewal area, as shown on the assessment roll as of January 1 of the calendar year preceding the effective date of the ordinance and if the municipality so chooses, an affected taxing entity may allow a municipality to divide that portion of the taxes which would be produced by levying the affected taxing district's portion of the total tax rate levied by or for the affected taxing entity upon the total sum of the assessed value of the taxable property in the urban renewal area, as shown on the assessment roll as of January 1 of the calendar year preceding the effective date of the ordinance. This choice to divide a portion of the taxes shall not be construed to change the effective date of the division of property tax revenue with respect to an urban renewal plan in existence on July 1, 1994.
 - b. For the purpose of allocating taxes levied by or for any taxing district which did not include the territory in an urban renewal area on the effective date of the ordinance or initial adoption of the plan, but to which the territory has been annexed or otherwise included after the effective date, the assessment roll applicable to property in the annexed territory as of January 1 of the calendar year preceding the effective date of the ordinance, which amends the plan to include the annexed area, shall be used in determining the assessed valuation of the taxable property in the annexed area.
 - c. For the purposes of dividing taxes under section 260E.4, the applicable assessment roll for purposes of paragraph "a" shall be the assessment roll as of January 1 of the calendar year preceding the first written agreement providing that all or a portion of program costs are to be paid for by incremental property taxes. The community college shall file a copy of the agreement with the appropriate assessor. The assessor may, within fourteen days of such filing, physically inspect the applicable taxable business property. If upon such inspection the assessor determines that there has been a change in the value of the property from the value as shown on the assessment roll as of January 1 of the calendar year preceding the filing of the agreement and such change in value is due to new construction, additions or improvements to existing structures, or remodeling of existing structures for which a building permit was required, the assessor shall promptly determine the value of the property as of the inspection in the manner provided in chapter 441 and that value shall be included for purposes of the jobs training project in the assessed value of the employer's taxable business property as shown on the assessment roll as of January 1 of the calendar year preceding the filing of the agreement. The assessor, within thirty days of such filing, shall notify the community college and the employer or business of that valuation which shall be included in the assessed valuation for purposes of this subsection and section 260E.4. The value determined by the assessor shall reflect the change in value due solely to new construction, additions or improvements to existing structures, or remodeling of existing structures for which a building permit was required.
2. That portion of the taxes each year in excess of such amount shall be allocated to and when collected be paid into a special fund of the municipality to pay the principal of and interest on loans, moneys advanced to, or indebtedness, whether funded, refunded, assumed, or otherwise, including bonds issued under the

authority of section 403.9, subsection 1, incurred by the municipality to finance or refinance, in whole or in part, an urban renewal project within the area, and to provide assistance for low and moderate income family housing as provided in section 403.22, except that taxes for the regular and voter-approved physical plant and equipment levy of a school district imposed pursuant to section 298.2 and taxes for the payment of bonds and interest of each taxing district must be collected against all taxable property within the taxing district without limitation by the provisions of this subsection. However, all or a portion of the taxes for the physical plant and equipment levy shall be paid by the school district to the municipality if the auditor certifies to the school district by July 1 the amount of such levy that is necessary to pay the principal and interest on bonds issued by the municipality to finance an urban renewal project, which bonds were issued before July 1, 2001.

Indebtedness incurred to refund bonds issued prior to July 1, 2001, shall not be included in the certification. Such school district shall pay over the amount certified by November 1 and May 1 of the fiscal year following certification to the school district. Unless and until the total assessed valuation of the taxable property in an urban renewal area exceeds the total assessed value of the taxable property in such area as shown by the last equalized assessment roll referred to in subsection 1, all of the taxes levied and collected upon the taxable property in the urban renewal area shall be paid into the funds for the respective taxing districts as taxes by or for the taxing districts in the same manner as all other property taxes. When such loans, advances, indebtedness, and bonds, if any, and interest thereon, have been paid, all moneys thereafter received from taxes upon the taxable property in such urban renewal area shall be paid into the funds for the respective taxing districts in the same manner as taxes on all other property.

3. The portion of taxes mentioned in subsection 2 and the special fund into which they shall be paid, may be irrevocably pledged by a municipality for the payment of the principal and interest on loans, advances, bonds issued under the authority of section 403.9, subsection 1, or indebtedness incurred by a municipality to finance or refinance, in whole or in part, the urban renewal project within the area.

4. As used in this section the word "*taxes*" includes, but is not limited to, all levies on an ad valorem basis upon land or real property.

5. A municipality shall certify to the county auditor on or before December 1 the amount of loans, advances, indebtedness, or bonds which qualify for payment from the special fund referred to in subsection 2, and the filing of the certificate shall make it a duty of the auditor to provide for the division of taxes in each subsequent year until the amount of the loans, advances, indebtedness, or bonds is paid to the special fund. In any year, the county auditor shall, upon receipt of a certified request from a municipality filed on or before December 1, increase the amount to be allocated under subsection 1 in order to reduce the amount to be allocated in the following fiscal year to the special fund, to the extent that the municipality does not request allocation to the special fund of the full portion of taxes which could be collected. Upon receipt of a certificate from a municipality, the auditor shall mail a copy of the certificate to each affected taxing district.

6. Tax collections within each taxing district may be allocated to the entire taxing district including the taxes on the valuations determined under subsection 1 and to the special fund created under subsection 2 in the proportion of their taxable valuations determined as provided in this section.

7. For any fiscal year, a municipality may certify to the county auditor for physical plant and equipment revenue necessary for payment of principal and interest on bonds issued prior to July 1, 2001, only if the municipality certified for such revenue for the fiscal year beginning July 1, 2000. A municipality shall not certify to the county auditor for a school district more than the amount the municipality certified for the fiscal year beginning July 1, 2000. If for any fiscal year a municipality fails to certify to the county auditor for a school district by July 1 the amount of physical plant and equipment revenue necessary for payment of principal and interest on such bonds, as provided in subsection 2, the school district is not required to pay over the revenue to the municipality. If a school district and a municipality are unable to agree on the amount of physical plant and equipment revenue certified by the municipality for the fiscal year beginning July 1, 2001, either party may request that the state appeal board review and finally pass upon the amount that may be certified. Such appeals must be presented in writing to the state appeal board no later than July 31

following certification. The burden shall be on the municipality to prove that the physical plant and equipment levy revenue is necessary to pay principal and interest on bonds issued prior to July 1, 2001. A final decision must be issued by the state appeal board no later than the following October 1.
