

422.63 Amount of tax.

The franchise tax is imposed annually in an amount equal to five percent of the net income received or accrued during the taxable year. If the net income of the financial institution is derived from its business carried on entirely within the state, the tax shall be imposed on the entire net income, but if the business is carried on partly within and partly without the state, the portion of net income reasonably attributable to the business within the state shall be specifically allocated or equitably apportioned within and without the state under rules of the director.
