

476.33 Rules governing hearings.

1. The board shall adopt rules pursuant to chapter 17A to provide for the completion of proceedings under section 476.3 within ten months after the date of the filing of a petition under section 476.3, subsection 2, and to provide for the completion of proceedings under section 476.6 within ten months after the date of filing of the new or changed rates, charges, schedules, or regulations under that section. These rules shall include reasonable time limitations for the submission or completion of comments and testimony, and exhibits, briefs, and hearings, and may provide for the granting of additional time upon the request of a party to the proceeding for good cause shown.
2. Additional time granted to a party under subsection 1 shall not extend the amount of time for which a utility is required to file a bond or other undertaking conditioned upon refund under section 476.3, subsection 2.
3. If in a proceeding under section 476.6 additional time is granted to a party under subsection 1, the board may extend the ten-month period during which a utility is prohibited from placing its entire rate increase request into effect under section 476.6, but an extension shall not exceed the aggregate amount of all additional time granted under subsection 1.
4. The board shall adopt rules that require the board, in rate regulatory proceedings under sections 476.3 and 476.6, to consider the use of the most current test period possible in determining reasonable and just rates, subject only to the availability of existing and verifiable data respecting costs and revenues, and in addition, to consider verifiable data that exists within nine months after the conclusion of the test year, respecting known and measurable changes in costs not associated with a different level of revenue, and known and measurable revenues not associated with a different level of costs, that are to occur at any time within twelve months after the date of commencement of the proceedings. Parties proposing adjustments that are not verifiable at the commencement of the proceedings shall include projected data related to the adjustments in their initial substantive filing with the board. For purposes of this subsection, a proceeding commences under section 476.6 upon the filing date of new or changed rates, charges, schedules, or regulations. This subsection does not limit the authority of the board to consider other evidence in proceedings under sections 476.3 and 476.6.
5. *a.* The board shall adopt rules that require the board, in a rate regulatory proceeding under sections 476.3 and 476.6, to consider both of the following for inclusion in rates:
 - (1) Capital infrastructure investments that will not produce significant additional revenues and will be in service in Iowa within nine months after the conclusion of the test year.
 - (2) Cost of capital changes that will occur within nine months after the conclusion of the test year that are associated with a new generating plant that has been the subject of a ratemaking principles proceeding pursuant to section 476.53.
- b.* This subsection is repealed effective July 1, 2007. However, any utilities board proceeding that is pending on July 1, 2007, that is being conducted pursuant to section 476.3 or 476.6 shall be completed as if this section had not been repealed. Upon repeal, the board may still consider the adjustments addressed in this subsection, but shall not be required to consider them.
