

502.305 Securities registration filings.

1. *Who may file.* A registration statement may be filed by the issuer, a person on whose behalf the offering is to be made, or a broker-dealer registered under this chapter.
2. *Filing.* Except as provided in subsection 10 and section 502.304A, subsection 3, paragraph "g", a person who files a registration statement or a notice filing shall pay a filing fee of one-tenth of one percent of the proposed aggregate sales price of the securities to be offered to persons in this state pursuant to the registration statement or notice filing. However, except as provided in subsection 10, section 502.302, subsection 1, paragraph "a", and section 502.304A, subsection 3, paragraph "g", the annual filing fee shall not be less than fifty dollars or more than one thousand dollars. The administrator shall retain the filing fee even if the notice filing is withdrawn or the registration is withdrawn, denied, suspended, revoked, or abandoned.
3. *Status of offering.* A registration statement filed under section 502.303 or 502.304 must specify all of the following:
 - a. The amount of securities to be offered in this state.
 - b. The states in which a registration statement or similar record in connection with the offering has been or is to be filed.
 - c. Any adverse order, judgment, or decree issued in connection with the offering by a state securities regulator, the securities and exchange commission, or a court.
4. *Incorporation by reference.* A record filed under this chapter or its predecessor chapter within five years preceding the filing of a registration statement may be incorporated by reference in the registration statement to the extent that the record is currently accurate.
5. *Nonissuer distribution.* In the case of a nonissuer distribution, information or a record shall not be required under subsection 9 or section 502.304, unless it is known to the person filing the registration statement or to the person on whose behalf the distribution is to be made or unless it can be furnished by those persons without unreasonable effort or expense.
6. *Escrow and impoundment.* A rule adopted or order issued under this chapter may require as a condition of registration that a security issued within the previous five years or to be issued to a promoter for a consideration substantially less than the public offering price or to a person for a consideration other than cash be deposited in escrow; and that the proceeds from the sale of the registered security in this state be impounded until the issuer receives a specified amount from the sale of the security either in this state or elsewhere. The conditions of any escrow or impoundment required under this subsection may be established by rule adopted or order issued under this chapter, but the administrator shall not reject a depository institution solely because of its location in another state.
7. *Form of subscription.* A rule adopted or order issued under this chapter may require as a condition of registration that a security registered under this chapter be sold only on a specified form of subscription or sale contract and that a signed or conformed copy of each contract be filed under this chapter or preserved for a period specified by the rule or order, which shall not be longer than five years.
8. *Effective period.* Except while a stop order is in effect under section 502.306, a registration statement is effective for one year after its effective date, or for any longer period designated in an order issued under this chapter during which the security is being offered or distributed in a nonexempted transaction by or for the account of the issuer or other person on whose behalf the offering is being made or by an underwriter or broker-dealer that is still offering part of an unsold allotment or subscription taken as a participant in the

distribution. For the purposes of a nonissuer transaction, all outstanding securities of the same class identified in the registration statement as a security registered under this chapter are considered to be registered while the registration statement is effective. If any securities of the same class are outstanding, a registration statement shall not be withdrawn until one year after its effective date. A registration statement may be withdrawn only with the approval of the administrator.

9. *Periodic reports.* While a registration statement is effective, a rule adopted or order issued under this chapter may require the person that filed the registration statement to file reports, not more often than quarterly, to keep the information or other record in the registration statement reasonably current and to disclose the progress of the offering.

10. *Posteffective amendments.* A registrant who sold securities to persons in this state in excess of the amount of securities registered in this state at the time of the sale may file an amendment to its registration statement to register the additional securities. All of the following requirements shall apply:

a. If a registrant proposes to sell securities to persons in this state pursuant to a registration statement that is currently effective in this state in an amount that exceeds the amount registered in this state, the registrant must do all of the following:

(1) File an amendment to register the additional securities.

(2) Pay an additional filing fee in the same amount as specified by subsection 2 as though the amendment constitutes a separate issue.

b. If a registrant sold securities to persons in this state in excess of the amount registered in this state at that time, the registrant must do all of the following:

(1) File an amendment to register the additional securities.

(2) Pay an additional filing fee that is three times the amount specified in subsection 2 as though the amendment constitutes a separate issue.

The administrator may order the amendment effective retroactively as of the effective date of the registration statement that is being amended.
