

533D.6 Continued operation after change in ownership approval of superintendent required.

1. The prior written approval of the superintendent is required for the continued operation of a delayed deposit services business whenever a change in control of a licensee is proposed. Control in the case of a corporation means direct or indirect ownership, or the right to control, ten percent or more of the voting shares of the corporation, or the ability of a person to elect a majority of the directors or otherwise effect a change in policy. Control in the case of any other entity means any change in the principals of the organization, whether active or passive. The superintendent may require information deemed necessary to determine whether a new application is required. Costs incurred by the superintendent in investigating a change of control request shall be paid by the person requesting such approval.

2. A license issued pursuant to this chapter is not transferable or assignable.
