2. That a reasonable necessity exists for a new industrial loan company in the community to be served;
3. That the applicant has available for the operation of the business at the specified location paid-in capital and surplus as required by section 536A.8; and
4. That the applicant is a corporation organized for pecuniary profit under the laws of the state of Iowa.

The superintendent shall approve the application and issue to the applicant a license to engage in the industrial loan business in accordance with the provisions of this chapter. The superintendent shall approve or deny an application for a license within one hundred twenty days from the date of the filing of such application.

[C66, 71, 73, 75, 77, 79, 81, § 536A.10]

Within fifteen days after mailing of notice of the denial of its application, the applicant may file with the superintendent a written demand for a hearing on the application. Upon such demand being made, the superintendent must within thirty days hold a formal hearing at the superintendent's office in Des Moines, Iowa, notice of the time of which hearing shall be given by the superintendent to the applicant by mail within fifteen days after the filing of the written demand by the applicant. Notice of the time and place of hearing shall also be given by the superintendent to all corporations holding licenses to engage in the industrial loan business in the county where the applicant proposes to establish its business and notice of said time and place of hearing shall be published pursuant to section 618.14.

At the formal hearing after the original denial of the license by the superintendent the applicant shall be entitled to present evidence in support of the application. The superintendent shall then grant or deny the application for a license within thirty days from the date of the formal hearing and give notice to the applicant by a decision and finding of facts in writing. If the application for a license is disapproved and a license is denied the superintendent shall refund the annual license fee which was required to be deposited by section 536A.7 providing the cost of investigation does not exceed the investigation fee. If the cost of investigation exceeds the investigation fee, the excess cost shall be deducted from the license fee before any refund is made.

536A.12 Continuing license annual fee change of location change of control.

1. Each such license remains in full force and effect until surrendered, revoked, or suspended, or until there is a change of control on or after January 1, 1996. A licensee, on or before the second day of January, shall pay to the superintendent the sum of two hundred fifty dollars as an annual license fee for the succeeding calendar year. When a licensee changes its place of business from one location to another in the same city, it shall at once give written notice to the superintendent who shall attach to the license in writing the superintendent's record of the change and the date of the change, which is authority for the operation of the business under that license at the new place of business.

2. A person who proposes to purchase or otherwise acquire, directly or indirectly, any of the outstanding shares of an industrial loan company which would result in a change of control of the industrial loan company, shall first apply in writing to the superintendent for a certificate of approval for the proposed change of control. The superintendent shall grant the certificate if the superintendent is satisfied that the person who proposes to obtain control of the industrial loan company is qualified by character, experience, and financial responsibility to control and operate the industrial loan company in a sound and legal manner, and that the interests of the thrift certificate holders, creditors, and shareholders of the industrial loan company, and of the public generally, shall not be jeopardized by the proposed change of control. If a board member of the industrial loan company has reason to believe any of the requirements of this subsection have not been complied with, the board member shall promptly report in writing such facts to the superintendent.

If there is any doubt as to whether a change in the ownership of the outstanding shares is sufficient to result in control of the industrial loan company, or to effect a change in the control of the industrial loan company, such doubt shall be resolved in favor of reporting the facts to the superintendent.

3. *a.* For purposes of this section, "*control*" means control as defined in section 524.103. However, a change of control does not occur when a majority shareholder of an industrial loan company transfers the shareholder's shares of the industrial loan company to a revocable trust, so long as the transferor retains the power to revoke the trust and take possession of such shares.

b. Notwithstanding the provisions of paragraph "*a*", a change of control is deemed to occur two years after the death of the majority shareholder, whether the shareholder's shares of the industrial loan company are held in a revocable trust or otherwise.

536A.15 Examination of licensees.

The superintendent or the superintendent's duly authorized representative shall, at least once each year without previous notice, examine the books, accounts, and records of each licensee engaged in the industrial loan business as defined by this chapter. A licensee issuing senior debt to the general public shall be audited at the expense of the licensee by a certified public accountant licensed to practice in the state of Iowa. A licensee not issuing senior debt to the general public may provide an audited statement of the licensee's parent corporation which includes the Iowa licensee. After receiving such an audit or audited statement, the superintendent may make further examination of the licensee as the superintendent deems necessary. A

record of each examination shall be kept in the superintendent's office. The examinations and reports, and other information connected with them, shall be kept confidential in the office of the superintendent and shall not be subject to publication or disclosure to others except as in this chapter provided. Any evidence of criminal acts committed by officers, directors, or employees of an industrial loan company shall be reported by the superintendent to the proper authorities. The licensee shall be charged and shall pay the actual costs of the examination.

After receipt of the advance written notice, the licensee, within five days from the receipt of the notice, may file with the superintendent a written demand for a hearing. Hearings shall promptly be held in the office of the superintendent and a cease and desist order shall not be issued until after the hearing. The licensee shall be entitled to present evidence and the testimony of witnesses at the hearing.

536A.18 Revocation or suspension of license.

The superintendent, upon giving ten days' advance written notice to the licensee by certified mail stating the contemplated action and the grounds thereof, and after giving the licensee an opportunity to be heard, may by order in writing suspend or revoke any license issued under the provisions of this chapter, if the superintendent shall find:

1. That the licensee has failed to pay the annual license fee required by this chapter.
2. That the licensee knowingly has violated any of the provisions of this chapter.
3. That the licensee has refused to submit to the examination required by this chapter.
4. That the licensee has neglected or refused for a period of more than thirty days to pay a final judgment rendered against it in the courts of this state.

5. That the licensee has become insolvent.

No suspension, revocation, relinquishment or expiration of any license shall invalidate, impair or affect the legality of obligations of any pre-existing contracts, or prevent the enforcement and collection thereof. 536A.19 Receivership liquidation.

1. If the superintendent revokes the license of any industrial loan company, the superintendent shall promptly report the revocation to the attorney general, who may apply to the district court of the county in which the licensee had conducted its business for the appointment of a receiver to take possession of the assets of the corporation for the purpose of liquidating its affairs. The court shall appoint the superintendent as receiver unless the superintendent has tendered the appointment to the federal deposit insurance corporation, in which case the court shall appoint the federal deposit insurance corporation as receiver. The affairs of the industrial loan company, after such appointment, shall be under the direction of the court. The attorney general shall represent the superintendent in all proceedings connected with the receivership.

2. When an insured industrial loan company has ceased to carry on its business, the superintendent may tender the appointment as receiver of the insured industrial loan company to the federal deposit insurance corporation. If the federal deposit insurance corporation accepts the appointment as receiver, the rights of depositors and other creditors of the insured industrial loan company shall be determined in accordance with the laws of this state.

3. The federal deposit insurance corporation as receiver shall possess all of the powers, rights, and privileges of the superintendent in connection with the liquidation.

4. If the federal deposit insurance corporation pays or makes available for payment the insured deposit liabilities of an insured industrial loan company, the federal deposit insurance corporation, whether or not it has become receiver, shall be subrogated to all rights of the owners of such deposits against the insured industrial loan company in the same manner and to the same extent as subrogation of the federal deposit insurance corporation is provided for in applicable federal law with respect to a national bank.

1. A licensed industrial loan company may make permanent loans, construction loans, or combined construction and permanent loans, secured by liens on real property, as authorized by rules adopted by the superintendent under chapter 17A. These rules shall contain provisions as necessary to insure the safety and soundness of these loans, and to insure full and fair disclosure to borrowers of the effects of provisions in agreements for these loans, including provisions permitting change or adjustment of any terms of a loan, provisions permitting, requiring, or prohibiting repayment of a loan on a basis other than of equal periodic installments of interest plus principal over a fixed term, provisions imposing penalties for the borrower's noncompliance with requirements of a loan agreement, or provisions allowing or requiring a borrower to choose from alternative courses of action at any time during the effectiveness of a loan agreement.

2. A licensed industrial loan company may require and establish escrow accounts in connection with subsection 3.

3. A licensed industrial loan company may act as an escrow agent with respect to real property that is mortgaged to the licensed industrial loan company, and may receive funds and make disbursements from escrowed funds in that capacity. The licensed industrial loan company shall be deemed to be acting in a fiduciary capacity with respect to these funds. A licensed industrial loan company receiving funds in escrow pursuant to an escrow agreement executed on or after July 1, 1982 and before July 1, 1983 or on or after July 1, 1984 in connection with a loan defined in section 535.8, subsection 1, shall pay interest to the borrower on those funds, calculated on a daily basis, at the lowest rate the company pays to holders of thrift certificates issued by the company. A licensed industrial loan company which maintains such an escrow account, whether or not the mortgage has been assigned to a third person, shall deliver to the mortgagor a written summary of all transactions made with respect to the loan and escrow accounts during each calendar year. However, the mortgagor and mortgagee may, by mutual agreement, select a fiscal year reporting period other than the calendar year.

(e) All other withdrawals.

(4) The balance of the escrow account at the end of the year.

d. A summary of loan principal for the year as follows:

(1) The amount of principal outstanding at the beginning of the year.

(2) The aggregate amount of payments against principal during the year.

(3) The amount of principal outstanding at the end of the year.

4. Section 524.905, subsection 4, applies to the licensed industrial loan company in the same manner as if the licensed industrial loan company is a bank within the meaning of that provision.

536A.21 Other business in same office.

A licensee engaged in the business of operating an industrial loan company under the provisions of this chapter may not conduct its business within any office, room, suite or place of business in which any other business is engaged in or conducted, unless specifically authorized to do so in writing by the superintendent upon the superintendent's finding that the character of the other business is such that its operation by the licensee would not facilitate evasions of this chapter or any other statute of the state of Iowa relating to the making of loans.

[C66, 71, 73, 75, 77, 79, 81, § 536A.21]

536A.22 Thrift certificates.

Licensed industrial loan companies may sell senior debt to the general public in the form of thrift certificates, installment thrift certificates, certificates of indebtedness, promissory notes, or similar evidences of indebtedness if such debt instruments are insured by a federal deposit insurance agency. Licensees selling debt instruments on January 1, 1996, may continue to do so without obtaining federal deposit insurance until there is a change of control of the licensee which occurs on or after January 1, 1996. If there is a change of control of a licensee on or after January 1, 1996, and the licensee has sold senior debt instruments that are not insured by a federal deposit insurance agency, such outstanding senior debt instruments that do not have a stated maturity date shall be redeemed within six months of the date of the change of control. Such outstanding senior debt instruments with stated maturity dates shall be redeemed on their stated maturity dates.

The total amount of such thrift certificates, installment thrift certificates, certificates of indebtedness, promissory notes, or similar evidences of indebtedness outstanding and in the hands of the general public shall not at any time exceed ten times the total amount of capital, surplus, undivided profits, and subordinated debt that gives priority to such securities of the issuing industrial loan company. The sale of such securities is subject to the provisions of chapter 502 and rules adopted by the superintendent of banking pursuant to chapter 17A, except that the sale of thrift certificates or installment thrift certificates which are redeemable by the holder either upon demand or within a period not in excess of five years are exempt from sections 502.301 and 502.504.

For purposes of this section, "*control*" means control as defined in section 524.103.

536A.23 Powers of industrial loan companies.

No industrial loan company licensed under the provisions of this chapter shall have the power and authority to:

1. Charge, receive or collect interest at a rate exceeding ten cents on the hundred by the year, except that the interest may be computed when the note is made on the full amount of the cash advanced on the loan from the date of the note to the date of the final installment thereof, and the interest so computed may be included in the note, notwithstanding any agreement to pay the entire amount in installments; or the interest may be computed on the amount of the note and discounted or collected in advance when the loan is made,

notwithstanding any agreement to pay the entire amount in installments. If the note is repayable in other than equal monthly installments, the interest may be an amount computed on the basis of the effective rates permitted as provided above; provided, however, there shall be no compounding of interest and when an interest rate as authorized herein is advertised, or negotiated for with a prospective borrower, with intent that it be computed by either of the two methods authorized herein, they being the "add on" method or the "discount" method, in such case such rate shall be further described as to the method of computation to be used, but interest computed by either method shall be stated to the borrower as provided in section 537.3210.

If a borrower elects to repay a loan secured by a mortgage or deed of trust upon real property which is a single-family or two-family dwelling or agricultural land at a date earlier than is required by the terms of the loan, the licensee shall be governed by section 535.9.

The limitation on interest rate which is contained in this subsection shall not apply to any loan in which the borrower is a corporation or investment trust or any other person who is referred to in section 535.2, subsection 2.

2. Charge, receive, or collect in advance, a service charge in excess of one dollar for each fifty dollars of the amount of the note, not to exceed a total of one hundred twenty dollars.

3. Require any borrower to purchase insurance from the lender as a condition for obtaining a loan. However, an industrial loan company may collect from the borrower, at the option of the borrower, and transmit the premiums charged for insuring real or personal property used by the borrower as security for a loan and provided that such insurance is obtained from a licensed insurance producer for an insurance company authorized to do business in Iowa; and the premiums charged for insuring the life of one party on the loan in an amount not to exceed the total amount of the note or contract, including cash advance, interest and service charge, provided that no licensee shall require that the contract of life insurance be outstanding for more than the unpaid balance of the indebtedness and provided that such insurance is obtained from a licensed insurance producer for an insurance company authorized to do business in Iowa; and an industrial loan company may receive and transmit the premiums charged for accident and health insurance on the borrower, provided such insurance bears a reasonable relationship to the existing hazards or risk of loss, and the aggregate benefits of which shall not exceed the approximate amount of the contractual payments on the loan outstanding at the time of loss, and provided that such insurance is obtained from a licensed producer for an insurance company authorized to do business in Iowa. However, all life insurance rates in connection with industrial loans shall be subject to the rules and regulations of the insurance commissioner of the state of Iowa.

4. Industrial loan companies licensed under the provisions of this chapter may purchase notes, contracts, mortgages, accounts, receivables, leases and securities of a type and kind authorized by the superintendent.

5. In addition to the other charges authorized by this chapter, industrial loan companies licensed under this chapter may collect an appraisal fee on a loan secured by a mortgage or deed of trust upon real property, if the appraisal fee is bona fide, reasonable in amount, and not for purposes of circumvention or evasion of this chapter.

536A.24 Electronic transactions.

A licensee may engage in any transaction otherwise permitted by this chapter and applicable law, by means of either the direct transmission of electronic impulses or other indicia of a transaction for delayed transmission to the licensee. Subject to the provisions of chapter 527, a licensee may utilize, establish or

operate, alone or with one or more other licensees, banks incorporated under the provisions of chapter 524 or federal law, credit unions incorporated under the provisions of chapter 533 or federal law, savings and loan associations incorporated under the provisions of chapter 534 or federal law, or third parties, the satellite terminals permitted under chapter 527, by means of which the licensee may transmit to or receive from any customer electronic impulses constituting transactions pursuant to this section. However, such utilization, establishment or operation is lawful only when in compliance with chapter 527. Nothing in this section authorizes a licensee or other person to engage in transactions not otherwise permitted by applicable law, nor does anything in this section repeal, replace or in any other way affect any applicable law or rule regarding the maintenance of or access to financial information maintained by a licensee.

[C81, § 536A.24]
