1. *a.* The department shall establish and collect fees for the licensing and amendment of licenses for radioactive materials, the registration of radiation machines, the periodic inspection of radiation machines and radioactive materials, and the implementation of section 136C.3, subsection 2. Fees shall be in amounts sufficient to defray the cost of administering this chapter. The license fee may include the cost of environmental surveillance activities to assess the radiological impact of activities conducted by licensees.

b. Fees collected shall be remitted to the treasurer of state who shall deposit the funds in the general fund of the state. However, the fees collected from the licensing, registration, authorization, accreditation, and inspection of radiation machines used for mammographically guided breast biopsy, screening, and diagnostic mammography shall be used to support the department's administration of this chapter and the fees collected shall be considered repayment receipts, as defined in section 8.2.

c. When a registrant or licensee fails to pay the applicable fee the department may suspend or revoke the registration or license or may issue an appropriate order. Fees for the license, amendment of a license, and inspection of radioactive material shall not exceed the fees prescribed by the United States nuclear regulatory commission.

2. The department may establish and collect a fee related to transporting radioactive material if the fee is used for a purpose related to transporting radioactive material, including enforcement and planning, developing, and maintaining a capability for emergency response. The fees shall be established by rules adopted pursuant to chapter 17A, and shall be deposited into a special fund within the state treasury under the exclusive authority of the department. Amounts deposited in the special fund shall be considered repayment receipts as defined in section 8.2, and shall not be transferred, used, obligated, appropriated, or otherwise encumbered except as provided in this section. Repayment receipts collected and deposited pursuant to this section that remain unencumbered or unobligated at the close of the fiscal year shall not revert but shall remain available for expenditure for the purposes designated in future fiscal years.
