

256F.7 Employment and related matters.

1. A charter school shall employ or contract with necessary teachers and administrators, as defined in section 272.1, who hold a valid license with an endorsement for the type of service for which the teacher or administrator is employed.
2. The school board, in consultation with the advisory council, shall decide matters related to the operation of the school, including budgeting, curriculum, and operating procedures.
3. Employees of a charter school shall be considered employees of the school district.
