

279.44 Energy audits.

Between July 1, 1986 and June 30, 1991, and on a staggered annual basis each five years thereafter, the board of directors of each school district shall file with the department of natural resources, on forms prescribed by the department of natural resources, the results of an energy audit of the buildings owned and leased by the school district. The energy audit shall be conducted under rules adopted by the department of natural resources pursuant to chapter 17A. The department of natural resources may waive the requirement for the initial and subsequent energy audits for school districts that submit evidence that energy audits were conducted prior to January 1, 1987 and energy consumption for the district is at an adjusted statewide average or below.

This section takes effect only if funds have been made available to a school district or community college to pay the costs of the energy audit.
