452A.2 Definitions.

As employed in this division:

1. "*Aviation gasoline*" means any gasoline which is capable of being used for propelling aircraft, which is invoiced as aviation gasoline or is received, sold, stored, or withdrawn from storage by any person for the purpose of propelling aircraft. Motor fuel capable of being used for propelling motor vehicles is not aviation gasoline.

23. *"Licensed compressed natural gas and liquefied petroleum gas user"* means a person licensed by the department who dispenses compressed natural gas or liquefied petroleum gas, upon which the special fuel tax has not been previously paid, for highway use from fuel sources owned and controlled by the person into the fuel supply tank of a motor vehicle, or commercial vehicle owned or controlled by the person.
24. *"Licensee"* means a person holding an uncanceled supplier's, restrictive supplier's, importer's, exporter's, dealer's, user's, or blender's license issued by the department under this division or any prior motor fuel tax law or any other person who possesses fuel for which the tax has not been paid.
25. *"Motor fuel"* means motor fuel as defined in section 214A.1 and includes all of the following:
 - a. All products commonly or commercially known or sold as gasoline, including ethanol blended gasoline, casinghead, and absorption or natural gasoline, regardless of the products' classifications or uses, and including transmix which serves as a buffer between fuel products in the pipeline distribution process.

b. Any liquid advertised, offered for sale, sold for use as, or commonly or commercially used as a fuel for propelling motor vehicles which, when subjected to distillation of gasoline, naphtha, kerosene and similar petroleum products [ASTM (American society for testing and materials) international designation D-86], shows not less than ten per centum distilled (recovered) below three hundred forty-seven degrees Fahrenheit (one hundred seventy-five degrees Centigrade) and not less than ninety-five per centum distilled (recovered) below four hundred sixty-four degrees Fahrenheit (two hundred forty degrees Centigrade).

"*Motor fuel*" does not include special fuel, and does not include liquefied gases which would not exist as liquids at a temperature of sixty degrees Fahrenheit and a pressure of fourteen and seven-tenths pounds per square inch absolute, or naphthas and solvents unless the liquefied gases or naphthas and solvents are used as a component in the manufacture, compounding, or blending of a liquid within paragraph "b", in which event the resulting product shall be deemed to be motor fuel. 452A.3 Levy of excise tax.

1. Except as otherwise provided in this section and in this division, until June 30, 2007, this subsection shall apply to the excise tax imposed on each gallon of motor fuel used for any purpose for the privilege of operating motor vehicles in this state.

a. The rate of the excise tax shall be based on the number of gallons of ethanol blended gasoline that is distributed in this state as expressed as a percentage of the number of gallons of motor fuel distributed in this state, which is referred to as the distribution percentage. The department shall determine the percentage basis for each determination period beginning January 1 and ending December 31. The rate for the excise tax shall apply for the period beginning July 1 and ending June 30 following the end of the determination period.

b. The rate for the excise tax shall be as follows:

- (1) If the distribution percentage is not greater than fifty percent, the rate shall be nineteen cents for ethanol blended gasoline and twenty cents for motor fuel other than ethanol blended gasoline.
- (2) If the distribution percentage is greater than fifty percent but not greater than fifty-five percent, the rate shall be nineteen cents for ethanol blended gasoline and twenty and one-tenth cents for motor fuel other than ethanol blended gasoline.
- (3) If the distribution percentage is greater than fifty-five percent but not greater than sixty percent, the rate shall be nineteen cents for ethanol blended gasoline and twenty and three-tenths cents for motor fuel other than ethanol blended gasoline.
- (4) If the distribution percentage is greater than sixty percent but not greater than sixty-five percent, the rate shall be nineteen cents for ethanol blended gasoline and twenty and five-tenths cents for motor fuel other than ethanol blended gasoline.
- (5) If the distribution percentage is greater than sixty-five percent but not greater than seventy percent, the rate shall be nineteen cents for ethanol blended gasoline and twenty and seven-tenths cents for motor fuel other than ethanol blended gasoline.
- (6) If the distribution percentage is greater than seventy percent but not greater than seventy-five percent, the rate shall be nineteen cents for ethanol blended gasoline and twenty-one cents for motor fuel other than ethanol blended gasoline.
- (7) If the distribution percentage is greater than seventy-five percent but not greater than eighty percent, the rate shall be nineteen and three-tenths cents for ethanol blended gasoline and twenty and eight-tenths cents for motor fuel other than ethanol blended gasoline.
- (8) If the distribution percentage is greater than eighty percent but not greater than eighty-five percent, the rate shall be nineteen and five-tenths cents for ethanol blended gasoline and twenty and seven-tenths cents for motor fuel other than ethanol blended gasoline.
- (9) If the distribution percentage is greater than eighty-five percent but not greater than ninety percent, the rate shall be nineteen and seven-tenths cents for ethanol blended gasoline and twenty and four-tenths cents for motor fuel other than ethanol blended gasoline.
- (10) If the distribution percentage is greater than ninety percent but not greater than ninety-five percent, the rate shall be nineteen and nine-tenths cents for ethanol blended gasoline and twenty and one-tenth cents for motor fuel other than ethanol blended gasoline.
- (11) If the distribution percentage is greater than ninety-five percent, the rate shall be twenty cents for ethanol blended gasoline and twenty cents for motor fuel other than ethanol blended gasoline.

1A. Except as otherwise provided in this section and in this division, after June 30, 2007, an excise tax of twenty cents is imposed on each gallon of motor fuel used for any purpose for the privilege of operating motor vehicles in this state.

1B. An excise tax of seventeen cents is imposed on each gallon of E-85 gasoline as defined in section 214A.1, subject to the determination provided in subsection 1C.

1C. The rate of the excise tax on E-85 gasoline imposed in subsection 1B shall be determined based on the number of gallons of E-85 gasoline that are distributed in this state during the previous calendar year. The

department shall determine the actual tax paid for E-85 gasoline for each period beginning January 1 and ending December 31. The amount of the tax paid on E-85 gasoline during the past calendar year shall be compared to the amount of tax on E-85 gasoline that would have been paid using the tax rate for gasoline imposed in subsection 1 or 1A and a difference shall be established. If this difference is equal to or greater than twenty-five thousand dollars, the tax rate for E-85 gasoline for the period beginning July 1 following the end of the determination period shall be the rate in effect as stated in subsection 1 or 1A.

2. For the privilege of operating aircraft in this state an excise tax of eight cents per gallon is imposed on the use of all aviation gasoline.

3. For the privilege of operating motor vehicles or aircraft in this state, there is imposed an excise tax on the use of special fuel in a motor vehicle or aircraft. The tax rate on special fuel for diesel engines of motor vehicles is twenty-two and one-half cents per gallon. The rate of tax on special fuel for aircraft is three cents per gallon. On all other special fuel, unless otherwise specified in this section, the per gallon rate is the same as the motor fuel tax. Indelible dye meeting United States environmental protection agency and internal revenue service regulations must be added to fuel before or upon withdrawal at a terminal or refinery rack for that fuel to be exempt from tax and the dyed fuel may be used only for an exempt purpose.

3A. For liquefied petroleum gas used as a special fuel, the rate of tax shall be twenty cents per gallon.

4. For compressed natural gas used as a special fuel, the rate of tax that is equivalent to the motor fuel tax shall be sixteen cents per hundred cubic feet adjusted to a base temperature of sixty degrees Fahrenheit and a pressure of fourteen and seventy-three hundredths pounds per square inch absolute.

5. The tax shall be paid by the following:

a. The supplier, upon the invoiced gross gallonage of all motor fuel or undyed special fuel withdrawn from a terminal for delivery in this state.

Tax shall not be paid when the sale of alcohol occurs within a terminal from an alcohol manufacturer to an Iowa licensed supplier. The tax shall be paid by the Iowa licensed supplier when the invoiced gross gallonage of the alcohol or the alcohol part of ethanol blended gasoline is withdrawn from a terminal for delivery in this state.

b. The person who owns the fuel at the time it is brought into the state by a restrictive supplier or importer, upon the invoiced gross gallonage of motor fuel or undyed special fuel imported.

c. The blender on total invoiced gross gallonage of alcohol or other product sold to be blended with gasoline or special fuel.

d. Any other person who possesses taxable fuel upon which the tax has not been paid to a licensee.

However, the tax shall not be imposed or collected under this division with respect to motor fuel or special fuel sold for export or exported from this state to any other state, territory, or foreign country.

6. Thereafter, except as otherwise provided in this division, the per gallon amount of the tax shall be added to the selling price of every gallon of such motor fuel or undyed special fuel sold in this state and shall be collected from the purchaser so that the ultimate consumer bears the burden of the tax.

7. All excise taxes collected under this chapter by a supplier, restrictive supplier, importer, dealer, blender, user, or any individual are deemed to be held in trust for the state of Iowa.

452A.4 Supplier's, restrictive supplier's, importer's, exporter's, dealer's, and user's license.

1. It shall be unlawful for any person to sell motor fuel or undyed special fuel within this state or to otherwise act as a supplier, restrictive supplier, importer, exporter, dealer, or user unless the person holds an uncanceled license issued by the department. To procure a license, a supplier, restrictive supplier, importer, exporter, dealer, or user shall file with the department an application signed under penalty for false certificate setting forth and complying with all of the following:

a. The name under which the licensee will transact business in this state.

b. The location, with street number address, of the principal office or place of business of the licensee within this state.

c. The name and complete residence address of the owner or the names and addresses of the partners, if the licensee is a partnership, or the names and addresses of the principal officers, if the licensee is a corporation or association.

d. A dealer's or user's license shall be required for each separate place of business or location where compressed natural gas or liquefied petroleum gas is delivered or placed into the fuel supply tank of a motor vehicle.

e. An applicant for an exporter's license shall provide verification as required by the department that the applicant has the appropriate license valid in the state or states into which the motor fuel or undyed special fuel will be exported.

2. *a.* The department may deny the issuance of a license to an applicant who is substantially delinquent in the payment of a tax due, or the interest or penalty on the tax, administered by the department. If the applicant is a partnership, a license may be denied if a partner owes any delinquent tax, interest, or penalty. If the applicant is a corporation, a license may be denied if any officer having a substantial legal or equitable interest in the ownership of the corporation owes any delinquent tax, interest, or penalty of the applicant corporation.

b. The department may deny the issuance of a license if an application for a license to transact business as a supplier, restrictive supplier, importer, exporter, dealer, or user in this state is filed by a person whose license or registration has been canceled for cause at any time under the provisions of this chapter or any prior motor fuel tax law, if the department has reason to believe that the application is not filed in good faith, or if the application is filed by some person as a subterfuge for the real person in interest whose license or registration has been canceled for cause under the provisions of this chapter or any prior motor fuel tax law. The applicant shall be given fifteen days' notice in writing of the date of the hearing and shall have the right to appear in person or by counsel and present testimony.

3. *a.* The application in proper form having been accepted for filing, and the other conditions and

requirements of this section and division IV having been complied with, the department shall issue to the applicant a license to transact business as a supplier, restrictive supplier, importer, exporter, dealer, or user in this state. The license shall remain in full force and effect until canceled as provided in this chapter.

b. The license shall not be assignable and shall be valid only for the licensee in whose name it is issued.

c. The department shall keep and file all applications and bonds and a record of all licensees.

452A.5 Distribution allowance.

A supplier shall retain a distribution allowance of not more than one and six-tenths percent of all gallons of motor fuel and a distribution allowance of not more than seven-tenths percent of all gallons of undyed special fuel removed from the terminal during the reporting period for purposes of tax computation under section 452A.8.

The distribution allowance shall be prorated between the supplier and the distributor or dealer as follows:

1. Motor fuel: four-tenths percent retained by the supplier, one and two-tenths percent to the distributor.
2. Undyed special fuel: thirty-five hundredths percent retained by the supplier, thirty-five hundredths percent to the distributor or dealer purchasing directly from a supplier. Gallons exported outside of the state shall not be included in the calculation of the distribution.

b. A person who blends two or more special fuel products or sells one hundred percent biofuel shall obtain a blender's license.

2. A blender's license shall be obtained by following the procedure under section 452A.4 and the blender's license is subject to the same restrictions as contained in that section.

3. A blender required to obtain a license pursuant to this section shall maintain records as required by section 452A.10 as to motor fuel, ethanol, ethanol blended gasoline, and special fuels.

452A.7 Foreign suppliers.

The director, upon application, may authorize the collection and reporting of the tax by any supplier not having jurisdictional connections with this state. A foreign supplier shall be issued a license to collect and report the tax and shall be subject to the same regulations and requirements as suppliers having a jurisdictional connection with the state, or other regulations and agreements as prescribed by the director.

95 Acts, ch 155, §18

452A.8 Tax reports computation and payment of tax credits.

1. For the purpose of determining the amount of the supplier's, restrictive supplier's, or importer's tax liability, a supplier or restrictive supplier shall file a return, not later than the last day of the month following the month in which this division becomes effective and not later than the last day of each calendar month thereafter, and an importer shall file a return semimonthly with the department, signed under penalty for false certification. For an importer for the reporting period from the first day of the month through the fifteenth of the month, the return is due on the last day of the month. For an importer for the reporting period from the sixteenth of the month through the last day of the month, the return is due on the fifteenth day of the following month. The returns shall include the following:

a. A statement of the number of invoiced gallons of motor fuel and undyed special fuel withdrawn from the terminal by the licensee within this state during the preceding calendar month in such detail as determined by the department. This includes on-site blending reports at the terminal.

b. For information purposes only, a supplier, restrictive supplier, or importer shall show the number of invoiced gallons of dyed special fuel withdrawn from the terminal.

c. A statement showing the deductions authorized in this division in such detail and with such supporting evidence as required by the department.

d. Any other information the department may require for the enforcement of this chapter.

2. At the time of filing a return, a supplier or restrictive supplier shall pay to the department the full amount of the fuel tax due for the preceding calendar month. An importer shall pay to the department the full amount of fuel tax due for the preceding semimonthly period. The tax shall be computed as follows:

a. From the total number of invoiced gallons of motor fuel or undyed special fuel withdrawn from the terminal by the licensee during the preceding calendar month or semimonthly period the following deductions shall be made:

(1) The gallonage of motor fuel or undyed special fuel withdrawn from a terminal by a licensee and exported outside Iowa.

(2) For suppliers only, the one and six-tenths percent of the number of gallons of motor fuel or seven-tenths percent of the number of gallons of undyed special fuel of the invoiced gallons of motor fuel or undyed

special fuel withdrawn from a terminal within this state during the preceding calendar month.

b. The number of invoiced gallons remaining after the deductions in paragraph "a" shall be multiplied by the per gallon fuel tax rate.

c. The tax due under paragraph "b" shall be the amount of fuel tax due from the supplier, restrictive supplier, or importer for the preceding reporting period. The director may require by rule that the payment of taxes by suppliers, restrictive suppliers, and importers be made by electronic funds transfer. The director may allow a tax float by rule where the eligible purchaser is not required to pay the tax to the supplier until one business day prior to the date the tax is due. A licensed supplier who is unable to recover the tax from an eligible purchaser is not liable for the tax, upon proper documentation, and may credit the amount of unpaid tax against a later remittance of tax. Under this provision, a supplier does not qualify for a credit if the purchaser did not elect to use the eligible purchaser status, or otherwise does not qualify to be an eligible purchaser. To qualify for the credit, the supplier must notify the department of the uncollectible account no later than ten calendar days after the due date for payment of the tax. If a supplier sells additional motor fuel or undyed special fuel to a delinquent eligible purchaser after notifying the department that the supplier has an uncollectible debt with that eligible purchaser, the limited liability provision does not apply to the additional fuel. The supplier is liable for tax collected from the purchaser.

d. The director may require by rule that reports and returns be filed by electronic transmission.

e. The tax for compressed natural gas and liquefied petroleum gas delivered by a licensed compressed natural gas or liquefied petroleum gas dealer for use in this state shall attach at the time of the delivery and shall be collected by the dealer from the consumer and paid to the department as provided in this chapter. The tax, with respect to compressed natural gas and liquefied petroleum gas acquired by a consumer in any manner other than by delivery by a licensed compressed natural gas or liquefied petroleum gas dealer into a fuel supply tank of a motor vehicle, attaches at the time of the use of the fuel and shall be paid over to the department by the consumer as provided in this chapter.

The department shall adopt rules governing the dispensing of compressed natural gas and liquefied petroleum gas by licensed dealers and licensed users. The director may require by rule that reports and returns be filed by electronic transmission. For purposes of this paragraph, "dealer" and "user" mean a licensed compressed natural gas or liquefied petroleum gas dealer or user and "fuel" means compressed natural gas or liquefied petroleum gas. The department shall require that all pumps located at dealer locations and user locations through which liquefied petroleum gas can be dispensed shall be metered, inspected, tested for accuracy, and sealed and licensed by the state department of agriculture and land stewardship, and that fuel delivered into the fuel supply tank of any motor vehicle shall be dispensed only through tested metered pumps and may be sold without temperature correction or corrected to a temperature of sixty degrees. If the metered gallonage is to be temperature-corrected, only a temperature-compensated meter shall be used. Natural gas used as fuel shall be delivered into compressing equipment through sealed meters certified for accuracy by the department of agriculture and land stewardship.

All gallonage which is not for highway use, dispensed through metered pumps as licensed under this section on which fuel tax is not collected, must be substantiated by exemption certificates as provided by the department or by valid exemption certificates provided by the dealers, signed by the purchaser, and retained by the dealer. A "valid exemption certificate provided by a dealer" is an exemption certificate which is in the form prescribed by the director to assist a dealer to properly account for fuel dispensed for which tax is not collected and which is complete and correct according to the requirements of the director.

For the privilege of purchasing liquefied petroleum gas, dispensed through licensed metered pumps, on a basis exempt from the tax, the purchaser shall sign exemption certificates for the gallonage claimed which is not for highway use.

The department shall disallow all sales of gallonage which is not for highway use unless proof is established by the certificate. Exemption certificates shall be retained by the dealer for a period of three years.

(1) For the purpose of determining the amount of liability for fuel tax, each dealer and each user shall file with the department not later than the last day of the month following the month in which this division becomes effective and not later than the last day of each calendar month thereafter a monthly tax return certified under penalties for false certification. The return shall show, with reference to each location at which fuel is delivered or placed by the dealer or user into a fuel supply tank of any motor vehicle during the next preceding calendar month, information as required by the department.

(2) The amount of tax due shall be computed by multiplying the appropriate tax rate per gallon by the number of gallons of fuel delivered or placed by the dealer or user into supply tanks of motor vehicles.

(3) The return shall be accompanied by remittance in the amount of the tax due for the month in which the fuel was placed into the supply tanks of motor vehicles.

3. For the purpose of determining the amount of the tax liability on alcohol blended to produce ethanol blended gasoline or a blend of special fuel products, each licensed blender shall, not later than the last day of each month following the month in which the blending is done, file with the department a monthly return, signed under penalty for false certificate, containing information required by rules adopted by the director. The director may require by rule that reports and returns be filed by electronic transmission.

4. A person who possesses fuel or uses fuel in a motor vehicle upon which no tax has been paid by a licensee in this state is subject to reporting and paying the applicable tax. The director may require by rule that reports and returns be filed by electronic transmission.

If in the normal conduct of a supplier's, restrictive supplier's, importer's, exporter's, blender's, dealer's, user's, common carrier's, contract carrier's, terminal's, or nonterminal storage facility's business the records are maintained and kept at an office outside this state, the records shall be made available for audit and examination by the department at the office outside this state, but the audit and examination shall be without expense to this state.

Each distributor handling motor fuel or special fuel in this state shall maintain for a period of three years records of all motor fuel or undyed special fuel purchased or otherwise acquired by the distributor, together with delivery tickets, invoices, and bills of lading, and any other records required by the department.

The department, after an audit and examination of records required to be maintained under this section, may authorize their disposal upon the written request of the supplier, restrictive supplier, importer, exporter, blender, dealer, user, carrier, terminal, nonterminal storage facility, or distributor.

The manifest for small tank wagons shall be retained at the home office. The manifest covering each load transported, upon consummation of the delivery, shall be completed by showing the date and place of actual delivery and the person to whom actually delivered and shall be kept as a permanent record for a period of three years. However, the record of the manifest of past cargoes need not be carried on the conveyance but shall be preserved by the carrier for inspection by the department. A carrier subject to this subsection when distributing for a licensee may with the approval of the department substitute the loading and delivery evidence required in subsection 2 for the manifest.

The report shall cover monthly periods and shall show as to each delivery:

- a. The name and address of the person to whom delivery was actually made.

If a person required under this section to file transportation reports is a licensee under this division and if the information required in the transportation report is contained in any other report rendered by the person under this division, a separate transportation report of that information shall not be required.

2. A person operating storage facilities at a refinery or at a terminal in this state shall make a monthly accounting to the department of all motor fuel, alcohol, and undyed special fuel withdrawn from the refinery and all motor fuel, alcohol, and undyed special fuel delivered into, withdrawn from, and on hand in the refinery or terminal.

3. Persons operating storage facilities at a nonterminal location shall file a monthly report with the department accounting for all motor fuel, alcohol, and special fuel that is delivered into, stored within, withdrawn from, or sold from the storage facility.

452A.17 Refunds.

1. A person who uses motor fuel or undyed special fuel for any of the nontaxable purposes listed in this subsection, and who has paid the motor fuel or special fuel tax either directly to the department or by having the tax added to the price of the fuel, and who has a refund permit, upon presentation to and approval by the department of a claim for refund, shall be reimbursed and repaid the amount of the tax which the claimant has paid on the gallonage so used, except that the amount of a refund payable under this division may be applied by the department against any tax liability outstanding on the books of the department against the claimant.

a. The refund is allowable for motor fuel or undyed special fuel sold directly to and used for the following:

(1) The United States or any agency or instrumentality of the United States or where collection of the tax would be prohibited by the Constitution of the United States or the laws of the United States or by the Constitution of the State of Iowa.

(2) An Iowa urban transit system, or a company operating a taxicab service under contract with an Iowa urban transit system, which is used for a purpose specified in section 452A.57, subsection 6.

(3) A regional transit system, the state, any of its agencies, any political subdivision of the state, or any benefited fire district which is used for a purpose specified in section 452A.57, subsection 11, or for public purposes, including fuel sold for the transportation of pupils of approved public and nonpublic schools by a carrier who contracts with the public school under section 285.5.

(4) Fuel used in unlicensed vehicles, stationary engines, implements used in agricultural production, and machinery and equipment used for nonhighway purposes.

(5) Fuel used for producing denatured alcohol.

(6) Fuel used for idle time, power takeoffs, reefer units, pumping credits, and transport diversions, fuel lost through casualty, exports by distributors, and blending errors for special fuel. The department shall adopt rules setting forth specific requirements relating to refunds for idle time, power takeoffs, reefer units, pumping credits, and transport diversions, fuel lost through casualty, and blending errors for special fuel.

(7) A bona fide commercial fisher, licensed and operating under an owner's certificate for commercial fishing gear issued pursuant to section 482.4.

(8) For motor fuel or undyed special fuel placed in motor vehicles and used, other than on a public highway, in the extraction and processing of natural deposits, without regard to whether the motor vehicle was registered under section 321.18. An applicant under this subparagraph shall maintain adequate records for a period of three years beyond the date of the claim.

(9) Undyed special fuel used in watercraft.

(10) Racing fuel.

b. A claim for refund is subject to the following conditions:

(1) The claim shall be on a form prescribed by the department and be certified by the claimant under penalty for false certificate.

(2) The claim shall include proof as prescribed by the department showing the purchase of the motor fuel or undyed special fuel on which a refund is claimed.

(3) An invoice shall not be acceptable in support of a claim for refund unless it is a separate serially numbered invoice covering no more than one purchase of motor fuel or undyed special fuel, prepared by the seller on a form approved by the department which will prevent erasure or alteration and unless it is legibly written with no corrections or erasures and shows the date of sale, the name and address of the seller and of the purchaser, the kind of fuel, the gallonage in figures, the per gallon price of the motor fuel or undyed special fuel, the total purchase price including the Iowa motor fuel or undyed special fuel tax and that the total purchase price including tax has been paid. However, with respect to refund invoices made on a billing machine, the department may waive any of the requirements of this subparagraph.

(4) The claim shall state the gallonage of motor fuel that was used or will be used by the claimant other than in aircraft, watercraft, or to propel motor vehicles and the gallonage of undyed special fuel that was or will be used by the claimant other than in aircraft or to propel motor vehicles, the manner in which the motor fuel or undyed special fuel was used or will be used, and the equipment in which it was used or will be used.

(5) The claim shall state whether the claimant used fuel for aircraft, watercraft, or to propel motor vehicles from the same tanks or receptacles in which the claimant kept the motor fuel on which the refund is claimed or whether the claimant used fuel for aircraft or to propel motor vehicles from the same tanks or receptacles in which the claimant kept the undyed special fuel on which the refund is claimed.

(6) If an original invoice is lost or destroyed the department may in its discretion accept a copy identified and certified by the seller as being a true copy of the original.

(7) Claim shall be made by and the amount of the refund shall be paid to the person who purchased the motor fuel or undyed special fuel as shown in the supporting invoice unless that person designates another person as an agent for purposes of filing and receiving the refund for idle time, power takeoff, reefer units, pumping

credits, and transport diversions. A governmental agency may be designated as an agent for another governmental agency for purposes of filing and receiving the refund under this section.

(8) In order to verify the validity of a claim for refund the department shall have the right to require the claimant to furnish such additional proof of validity as the department may determine and to examine the books and records of the claimant. Failure of a claimant to furnish the claimant's books and records for examination shall constitute a waiver of all rights to refund related to the transaction in question.

2. In lieu of the refund provided in this section, a person may receive an income tax credit as provided in chapter 422, division IX, but only as to motor fuel not used in motor vehicles, aircraft, or watercraft or as to undyed special fuel not used in motor vehicles or aircraft.

3. *a.* A claim for refund shall not be allowed unless the claimant has accumulated sixty dollars in credits for one calendar year. A claim for refund may be filed anytime the sixty dollar minimum has been met within the calendar year. If the sixty dollar minimum has not been met in the calendar year, the credit shall be claimed on the claimant's income tax return unless the taxpayer is not required to file an income tax return in which case a refund shall be allowed. Once the sixty dollar minimum has been met, the claim for refund must be filed within three years following the end of the month in which the earliest invoice is dated.

b. A refund shall not be paid with respect to any motor fuel taken out of this state in supply tanks of watercraft, aircraft, or motor vehicles or with respect to any undyed special fuel taken out of this state in supply tanks of aircraft or motor vehicles.

452A.21 Refund credit.

Persons not licensed under this division who blend motor fuel and alcohol to produce ethanol blended gasoline may file for a refund for the difference between taxes paid on the motor fuel purchased to produce ethanol blended gasoline and the tax due on the ethanol blended gasoline blended. If, during any month, a person licensed under this division uses tax paid motor fuel to blend ethanol blended gasoline and the refund otherwise due under this section is greater than the licensee's total tax liability for that month, the licensee is entitled to a credit. The claim for credit shall be filed as part of the return required by section 452A.8.

In order to obtain the refund established by this section, the person shall do all of the following:

1. Obtain a blender's permit as provided in section 452A.18.
2. File a refund claim containing the information as required by the department and certified by the claimant under penalty for false certificate.
3. Retain invoices meeting the requirements of section 452A.17, subsection 1, paragraph "b", subparagraph

(3), for the motor fuel purchased.

4. Retain invoices for the purchase of alcohol.

A refund shall not be issued unless the claim is filed within three years following the end of the month during which the ethanol blended gasoline was actually blended. An income tax credit is not allowed under this section.

452A.51 Purpose.

The purpose of this division is to provide an additional method of collecting fuel taxes from interstate motor vehicle operators commensurate with their operations on Iowa highways; and to permit the state department of transportation to suspend this collection as to transportation entering Iowa from any other state where it appears that Iowa highway fuel tax revenue and interstate highway transportation moving out of Iowa will not be unduly prejudiced thereby. Further, all motor vehicle operators from jurisdictions not participating in

the international fuel tax agreement are required to comply with this chapter using the guidelines from the international fuel tax agreement for Iowa fuel tax compliance reporting purposes, penalty, interest, refunds, and credential display.

452A.52 Fuels imported in supply tanks of motor vehicles.

1. No person shall bring into this state in the fuel supply tanks of a commercial motor vehicle, or any other container, regardless of whether or not the supply tanks are connected to the motor of the vehicle, any motor fuel or special fuel to be used in the operation of the vehicle in this state unless that person has paid or made arrangements in advance with the state department of transportation for payment of Iowa fuel taxes on the gallonage consumed in operating the vehicle in this state; except that this division shall not apply to a private passenger automobile.

2. Any person who is unable to display either of the permits or the license provided in section 452A.53 and brings into the state in the fuel supply tanks of a commercial motor vehicle more than thirty gallons of motor fuel or special fuel in violation of subsection 1 commits a simple misdemeanor punishable as a scheduled violation under section 805.8A, subsection 13, paragraph "c".

452A.53 Permit or license.

The advance arrangements referred to in the preceding section shall include the procuring of a permanent international fuel tax agreement permit or license or single trip interstate permit.

Persons choosing not to make advance arrangements with the state department of transportation by procuring a permit or license are not relieved of their responsibility to purchase motor fuel and special fuel commensurate with their use of the state's highway system. When there is reasonable cause to believe that there is evasion of the fuel tax on commercial motor vehicles, the state department of transportation may audit persons not holding a permit or license. Audits shall be conducted pursuant to section 452A.55 and in accordance with international fuel tax agreement guidelines. The state department of transportation shall collect all taxes due and refund any overpayment.

A permanent international fuel tax agreement permit or license may be obtained upon application to the state department of transportation. A fee of ten dollars shall be charged for each permit or license issued. The holder of a permanent permit or license shall have the privilege of bringing into this state in the fuel supply tanks of commercial motor vehicles any amount of motor fuel or special fuel to be used in the operation of the vehicles and for that privilege shall pay Iowa motor fuel or special fuel taxes as provided in section 452A.54. A single trip interstate permit may be obtained from the state department of transportation. A fee of twenty dollars shall be charged for each individual single trip interstate permit issued. A single trip interstate permit is subject to the following provisions and limitations:

1. The permit shall be issued and be valid for seventy-two consecutive hours, except in emergencies, or until the time of leaving the state, whichever first occurs.
2. The permit shall cover only one commercial motor vehicle and is not transferable.
3. Single trip interstate fuel permits may be made available from sources other than indicated in this section at the discretion of the state department of transportation.

Each vehicle operated into or through Iowa in interstate operations using motor fuel or special fuel acquired in any other state shall carry in or on the vehicle a duplicate or evidence of the permit or license required in this section. A fee not to exceed fifty cents shall be charged for each duplicate or other evidence of a permit or license issued.

452A.54 Fuel tax computation refund reporting and payment.

Fuel tax liability under this division shall be computed on the total number of gallons of each kind of motor fuel and special fuel consumed in the operation in Iowa by commercial motor vehicles subject to this division at the same rate for each kind of fuel as would be applicable if taxed under division I of this chapter. A refund against the fuel tax liability so computed shall be allowed, on excess Iowa motor fuel purchased, in the amount of fuel tax paid at the prevailing rate per gallon set out under division I of this chapter on motor fuel and special fuel consumed by commercial motor vehicles, the operation of which is subject to this division.

Notwithstanding any provision of this chapter to the contrary, except as provided in this section, the holder of a permanent international fuel tax agreement permit or license may make application to the state department of transportation for a refund, not later than the last day of the third month following the quarter in which the overpayment of Iowa fuel tax paid on excess purchases of motor fuel or special fuel was reported as provided in section 452A.8, and which application is supported by such proof as the state department of transportation may require. The state department of transportation shall refund Iowa fuel tax paid on motor fuel or special fuel purchased in excess of the amount consumed by such commercial motor vehicles in their operation on the highways of this state.

Application for a refund of fuel tax under this division must be made for each quarter in which the excess payment was reported, and will not be allowed unless the amount of fuel tax paid on the fuel purchased in this state, in excess of that consumed for highway operation in this state in the quarter applied for, is in an amount exceeding ten dollars. An application for a refund of excess Iowa fuel tax paid under this division which is filed for any period or in any manner other than herein set out shall not be allowed.

To determine the amount of fuel taxes due under this division and to prevent the evasion thereof, the state department of transportation shall require a quarterly report on forms prescribed by the state department of transportation. It shall be filed not later than the last day of the month following the quarter reported, and each quarter thereafter. These reports shall be required of all persons who have been issued a permit or license under this division and shall cover actual operation and fuel consumption in Iowa on the basis of the permit or license holder's average consumption of fuel in Iowa, determined by the total miles traveled and the

total fuel purchased and consumed for highway use by the permittee's or licensee's commercial motor vehicles in the permittee's or licensee's entire operation in all states to establish an overall miles per gallon ratio, which ratio shall be used to compute the gallons used for the miles traveled in Iowa.

Subject to compliance with rules adopted by the department, annual reporting may be permitted in lieu of quarterly reporting. A licensee permitted to report annually shall maintain records in compliance with this chapter.

452A.55 Records.

Every person operating within the purview of this division shall make and keep for a period of four years such records as may reasonably be required by the state department of transportation for the administration of this division. If in the normal conduct of the business, the required records are maintained and kept at an office outside the state of Iowa, it shall be a sufficient compliance with this section if the records are made available for audit and examination by the state department of transportation at the office outside Iowa.

The state department of transportation within a period of one year from the issuance of a permanent international fuel tax agreement fuel permit or license may audit the records of the permittee or licensee for the two years preceding the issuance of the permit or license. The state department of transportation shall collect all taxes due had the permittee or licensee been licensed for the two years prior to the issuance of the permit or license and shall refund any overpayment pursuant to section 452A.54. When, as a result of an audit, fuel taxes unpaid and due the state of Iowa exceed five hundred dollars, the audit shall be at the expense of the person whose records are being audited. However, if an audit of records maintained under this section is made outside the state of Iowa in a state which requires payment of the costs for similar audits performed by officials or employees of the other state when made in Iowa, then all costs of audits performed outside of Iowa in the other state shall be at the expense of the person whose records are audited.

The director of transportation may enter into and the state department of transportation may become a member of a motor fuel tax agreement for the collection and refund of interstate motor fuel tax. The director of transportation may adopt rules pursuant to chapter 17A to implement the agreement for the collection and refund of interstate motor fuel tax.

The department may enter into an agreement for the collection and refund of interstate motor fuel tax which conflicts with sections 452A.57, 452A.58, 452A.65, and 452A.68 and the agreement shall govern carriers covered by the agreement. Copies of the agreement shall be filed with the secretary of the senate and the chief clerk of the house.

452A.64 Failure to file return incorrect return.

If a return required by this chapter is not filed, or if a return when filed is incorrect or insufficient and the filer fails to file a corrected or sufficient return within twenty days after the same is required by notice from the appropriate state agency, the appropriate state agency shall determine the amount of tax due. The determination shall be made from all information that the appropriate state agency may be able to obtain and, if necessary, the agency may estimate the tax on the basis of external indices. The appropriate state agency shall give notice of the determination to the person liable for the tax. The determination shall fix the tax unless the person against whom it is assessed shall, within sixty days after the giving of notice of the determination, apply to the director of the appropriate state agency for a hearing or unless the taxpayer contests the determination by paying the tax, interest, and penalty and timely filing a claim for refund. At the hearing, evidence may be offered to support the determination or to prove that it is incorrect. After the hearing, the director shall give notice of the decision to the person liable for the tax. The findings of the appropriate state agency as to the amount of fuel taxes, penalties and interest due from any person shall be presumed to be the correct amount and in any litigation which may follow, the certificate of the agency shall be admitted in evidence, shall constitute a prima facie case and shall impose upon the other party the burden of showing any error in the findings and the extent thereof or that the finding was contrary to law.

452A.65 Failure to promptly pay fuel taxes refunds interest and penalties successor liability.

In addition to the tax or additional tax, the taxpayer shall pay a penalty as provided in section 421.27. The taxpayer shall also pay interest on the tax or additional tax at the rate in effect under section 421.7 counting each fraction of a month as an entire month, computed from the date the return was required to be filed. If the amount of the tax as determined by the appropriate state agency is less than the amount paid, the excess shall be refunded with interest, the interest to begin to accrue on the first day of the second calendar month following the date of payment or the date the return was due to be filed or was filed, whichever is the latest, at the rate in effect under section 421.7 counting each fraction of a month as an entire month under the rules prescribed by the appropriate state agency. Claims for refund filed under sections 452A.17 and 452A.21 shall

accrue interest beginning with the first day of the second calendar month following the date the refund claim is received by the department.

A report required of licensees or persons operating under division III, upon which no tax is due, is subject to a penalty of ten dollars if the report is not timely filed with the state department of transportation.

If a licensee or other person sells the licensee's or other person's business or stock of goods or quits the business, the licensee or other person shall prepare a final return and pay all tax due within the time required by law. The immediate successor to the licensee or other person, if any, shall withhold sufficient of the purchase price, in money or money's worth, to pay the amount of any delinquent tax, interest or penalty due and unpaid. If the immediate successor of the business or stock of goods intentionally fails to withhold any amount due from the purchase price as provided in this paragraph, the immediate successor is personally liable for the payment of the taxes, interest and penalty accrued and unpaid on account of the operation of the business by the immediate former licensee or other person, except when the purchase is made in good faith as provided in section 421.28. However, a person foreclosing on a valid security interest or retaking possession of premises under a valid lease is not an "*immediate successor*" for purposes of this paragraph. The department may waive the liability of the immediate successor under this paragraph if the immediate successor exercised good faith in establishing the amount of the previous liability.

The appropriate state agency shall administer the taxes imposed by this chapter in the same manner as and subject to section 422.25, subsection 4, and section 423.35.

All the provisions of section 422.26 shall apply in respect to the taxes, penalties, interest, and costs imposed by this chapter excepting that as applied to any tax imposed by this chapter, the lien therein provided shall be prior and paramount over all subsequent liens upon any personal property within this state, or right to such personal property, belonging to the taxpayer without the necessity of recording as therein provided. The requirements for recording shall, as applied to the tax imposed by this chapter, apply only to the liens upon real property. When requested to do so by any person from whom a taxpayer is seeking credit, or with whom the taxpayer is negotiating the sale of any personal property, or by any other person having a legitimate interest in such information, the director shall, upon being satisfied that such a situation exists, inform such person as to the amount of unpaid taxes due by such taxpayer under the provisions of this chapter. The giving of such information under such circumstances shall not be deemed a violation of section 452A.63 as applied to this chapter.

452A.67 Limitation on collection proceedings.

The department shall examine the return and enforce collection of any amount of tax, penalty, fine, or interest over and above the amount shown to be due by the return filed by a licensee as soon as practicable but no later than three years after the return is filed. An assessment shall not be made covering a period beyond three years after the return is filed except that the period for the examination and determination of the correct amount of tax is unlimited in the case of a false or fraudulent return made with the intent to evade tax or in the case of a failure to file a return.

The three-year period of limitation may be extended by a taxpayer by signing a waiver agreement form to be provided by the department. The agreement must stipulate the period of extension and the tax period to which the extension applies. The agreement must also provide that a claim for refund may be filed by the taxpayer at any time during the period of extension.

452A.68 Power of department of revenue or the state department of transportation to cancel licenses.

If a licensee files a false return of the data or information required by this chapter, or fails, refuses, or neglects to file a return required by this chapter, or to pay the full amount of fuel tax as required by this chapter, or is substantially delinquent in paying a tax due, owing, and administered by the department of revenue, and interest and penalty if appropriate, or if the person is a corporation and if any officer having a substantial legal or equitable interest in the ownership of the corporation owes any delinquent tax of the licensee corporation, or interest or penalty on the tax, administered by the department, then after ten days' written notice by mail directed to the last known address of the licensee setting a time and place at which the licensee may appear and show cause why the license should not be canceled, and if the licensee fails to appear or if upon the hearing it is shown that the licensee failed to correctly report or pay the tax, the appropriate state agency may cancel the license and shall notify the licensee of the cancellation by mail to the licensee's last known address.

If a licensee abuses the privileges for which the license was issued, fails to produce records reasonably requested or fails to extend reasonable co-operation to the appropriate state agency, the licensee shall be advised in writing of a hearing scheduled to determine if the license shall be canceled. The appropriate state agency upon the presentation of a preponderance of evidence may cancel a license for cause.

The director of the appropriate state agency may reissue a license which has been canceled for cause. As a condition of reissuance of a license, in addition to requirements for issuing a new license, the director may require a waiting period not to exceed ninety days before a license can be reissued or a new license issued. The director shall adopt rules specifying those instances for which a waiting period will be required.

Upon receipt of written request from any licensee the appropriate state agency shall cancel the license of the

licensee effective on the date of receipt of the request. If, upon investigation, the appropriate state agency finds that a licensee is no longer engaged in the activities for which a license was issued and has not been so engaged for a period of six months, the state agency shall cancel the license and give thirty days' notice of the cancellation mailed to the last known address of the licensee.

To qualify for the refund, the person shall notify the department of revenue in writing of the loss or destruction and the gallonage lost or destroyed within ten days from the date of discovery of the loss or destruction. Within sixty days after filing the notice, the person shall file with the department of revenue an affidavit sworn to by the person having immediate custody of the motor fuel or undyed special fuel at the time of the loss or destruction setting forth in full the circumstances and amount of the loss or destruction and such other information as the department of revenue may require.
