

481A.47 Importing fish and game permits.

It shall be unlawful except as otherwise provided for any person, firm or corporation, to bring into the state of Iowa for the purpose of propagating or introducing, or to place or introduce into any of the inland or boundary waters of the state, any fish or spawn thereof that are not native to such waters, or introduce or stock any bird or animal unless application is first made in writing to the commission for a permit therefor and such permit granted. Such permit shall be granted only after the commission has made such investigation or inspection of the fish, birds or animals as it may deem necessary to determine whether or not such fish, birds or animals are free from disease and whether or not such introduction will be beneficial or detrimental to the native wildlife and the people of the state, and may or may not approve such planting, releasing or introduction according to its findings. Nothing in the above shall prohibit licensed game breeders from securing native or exotic birds or animals from outside the state and bringing them into the state and they shall not be required to have a permit as provided above when such birds or animals are not released to the wild but are held on the game breeder's premises as breeding stock.
