

81.1 Definitions.

As used in this chapter, unless the context otherwise requires:

1. "*DNA*" means deoxyribonucleic acid.
2. "*DNA data bank*" means the repository for DNA samples obtained pursuant to section 81.4.
3. "*DNA database*" means the collection of DNA profiles and DNA records.
4. "*DNA profile*" means the objective form of the results of DNA analysis performed on a DNA sample. The results of all DNA identification analysis on an individual's DNA sample are also collectively referred to as the DNA profile of an individual.
5. "*DNA profiling*" means the procedure established by the division of criminal investigation, department of public safety, for determining a person's genetic identity.
6. "*DNA record*" means the DNA sample and DNA profile, and other records in the DNA database and DNA data bank used to identify a person.
7. "*DNA sample*" means a biological sample provided by any person required to submit a DNA sample or a DNA sample submitted for any other purpose under section 81.4.
8. "*Person required to submit a DNA sample*" means a person convicted, adjudicated delinquent, receiving a deferred judgment, or found not guilty by reason of insanity of an offense requiring DNA profiling pursuant to section 81.2. "*Person required to submit a DNA sample*" also means a person determined to be a sexually violent predator pursuant to section 229A.7.
