

103.12 Class A journeyman electrician license qualifications class B journeyman electrician license.

1. An applicant for a class A journeyman electrician license shall have successfully completed an apprenticeship training program registered by the bureau of apprenticeship and training of the United States department of labor in accordance with the standards established by that department. An applicant may petition the board to receive a waiver of this requirement. The board shall determine a level of on-the-job experience as an unclassified person sufficient to qualify for a waiver.

2. In addition, an applicant shall obtain a score of at least seventy-five percent on an examination prescribed and administered by the board based upon the most recent national electrical code adopted pursuant to section 103.6 and upon electrical theory.

3. *a.* An applicant who can provide proof acceptable to the board that the applicant has been employed as a journeyman electrician since 1990 may be granted a class B journeyman electrician license without taking an examination. An applicant who is issued a class B journeyman electrician license pursuant to this section shall not be authorized to wire for or install electrical wiring, apparatus, and equipment in a political subdivision which, prior to or after January 1, 2008, establishes licensing standards which preclude such work by class B journeyman electricians in the political subdivision. The board shall adopt rules establishing procedures relating to the restriction of a class B journeyman electrician license pursuant to this subsection.

b. A class B journeyman electrician may become licensed as a class A journeyman electrician upon successful passage of the examination prescribed in subsection 2.

4. A person licensed to wire for or install electrical wiring, apparatus, or equipment or supervise an apprentice electrician by a political subdivision preceding January 1, 2008, pursuant to a supervised written examination, and who is currently engaged in the electrical contracting industry with at least four years' experience, shall be issued an applicable statewide license corresponding to that licensure as a class A journeyman electrician or a class B journeyman electrician. The board shall adopt by rule certain criteria for city examination standards satisfactory to fulfill this requirement.
