

## **15G.204 Renewable fuel infrastructure program for biodiesel terminal facilities.**

The department, under the direction of the renewable fuel infrastructure board created in section 15G.202, shall establish and administer a renewable fuel infrastructure program for terminal facilities that store and dispense biodiesel or biodiesel blended fuel. The infrastructure must be designed and shall be used exclusively to store and distribute biodiesel or biodiesel blended fuel. The department as directed by the infrastructure board shall provide a cost-share program for financial incentives.

1. A person may apply to the department to receive financial incentives on a cost-share basis. The department shall forward the applications to the underground storage tank fund board as required by that board for evaluation and recommendation. The underground storage tank fund board may rank the applications with comments and shall forward them to the infrastructure board for approval or disapproval. The department shall award financial incentives on a cost-share basis to an eligible person whose application was approved by the infrastructure board.

2. To the extent practicable, the program shall be administered in conjunction with the programs provided in section 15.401.

3. The department shall award financial incentives to a terminal operator participating in the program as directed by the infrastructure board. In order to be eligible to participate in the program, the terminal operator must apply to the department in a manner and according to procedures required by the infrastructure board. The application must contain information required by the infrastructure board and shall at least include all of the following:

*a.* The name of the terminal operator and the address of the terminal to be improved.

*b.* A detailed description of the infrastructure to be installed, replaced, or converted.

*c.* A statement describing how the terminal is to be improved, the total estimated cost of the planned improvement, and the date when the infrastructure will be first used to store and distribute biodiesel or biodiesel blended fuel.

*d.* A statement certifying that the infrastructure shall not be used to store or dispense motor fuel other than biodiesel or biodiesel blended fuel, unless granted a waiver by the infrastructure board pursuant to this section.

4. An award of financial incentives to a participating person shall be in the form of a grant. In order to participate in the program, an eligible person must execute a cost-share agreement with the department as approved by the infrastructure board in which the person contributes a percentage of the total costs related to improving the terminal. The financial incentives awarded to the participating person shall not exceed fifty percent of the actual cost of making the improvements or fifty thousand dollars, whichever is less. The infrastructure board may approve multiple awards to make improvements to a terminal so long as the total amount of the awards does not exceed the limitations provided in this subsection.

5. A participating terminal operator shall not use the infrastructure to store or dispense motor fuel other than biodiesel or biodiesel blended fuel, unless one of the following applies:

*a.* The participating terminal operator is granted a waiver by the infrastructure board. The participating terminal operator shall store or dispense the motor fuel according to the terms and conditions of the waiver.

*b.* The renewable fuel infrastructure fund created in section 15G.205 is immediately repaid the total amount of moneys awarded to the participating terminal operator together with a monetary penalty equal to twenty-five percent of that awarded amount. The amount shall be deposited in the renewable fuel

infrastructure fund created in section 15G.205.

*c.* A participating terminal operator who acts in violation of an agreement executed with the department pursuant to this section is subject to a civil penalty of not more than one thousand dollars a day for each day of the violation. The civil penalty shall be deposited into the general fund of the state.
