

473.13 Implementation of energy conservation measures state department of transportation.

1. The state department of transportation utilizing the services of the state of Iowa facilities improvement corporation shall cause to be performed comprehensive engineering analyses of facilities under the control of the state department of transportation and shall implement the energy conservation measures identified in the analyses which do not require more than an aggregate period of six years for the recoupment of the cost of construction of the improvements used to secure the implementation of the energy conservation measures. The comprehensive engineering analyses shall be completed no later than December 31, 1988.

2. The department may, pursuant to section 7D.34, reduce the cost of financing for implementation of the energy conservation measures identified, through funds deposited in the state of Iowa facilities improvement corporation established by the department. In order for the state department of transportation to receive financing, the department shall require completion of an energy management plan, including an energy audit and a comprehensive engineering analysis.
