

**161A.72 Administration.**

1. Financial incentives provided under [this chapter](#) shall be administered by the division. The incentives shall be supported with funds appropriated by the general assembly, and moneys available to or obtained by the division or the committee from public or private sources, including but not limited to the United States, other states, or private organizations. The division shall adopt all rules consistent with [chapter 17A](#) necessary to carry out the purpose of [this division](#) as provided in [section 161A.70](#).

2. The commissioners of a district shall, to the extent funding is available, contract with a person who is an owner or occupant of land within the district applying to establish soil and water conservation practices as provided in [this chapter](#). Under the agreement, the person shall receive financial incentives to establish permanent soil and water conservation practices and management practices, in consideration for promising to maintain the practices according to rules adopted by the division. If the land subject to an agreement is converted to a nonagricultural use that does not require a permanent soil and water conservation practice which has been established with financial incentives, the permanent soil and water conservation practice shall not be removed until the owner pays an amount to the district, which shall be deposited into a fund established by the district for use in providing financial incentives under [this chapter](#). The amount shall be a prorated share of the amount paid in financial incentives to establish the practice, as provided in rules adopted by the division.
