

164.4 Rules.

1. The department may adopt rules as provided in [chapter 17A](#) relating to the official testing of designated animals, the disposal by segregation and quarantine or slaughter of condemned designated animals, the operation of state-approved premises, the disinfection of the premises where designated animals are kept, the introduction of designated animals into a herd of other designated animals, the control and eradication of brucellosis, the prevention of the spread of brucellosis to designated animals in this state, and the proper enforcement of [this chapter](#).

2. The department shall not adopt rules relating to cattle that are less restrictive than the uniform methods and rules for brucellosis eradication promulgated by the United States department of agriculture, APHIS 91-1, as effective January 1, 1996, but may adopt rules that are more restrictive.

3. The department may implement any procedure provided in the uniform methods and rules if approved jointly by state and federal animal health officials, including but not limited to the use of quarantined pastures, quarantined feedlots, or other options permitted under the uniform methods and rules.
