

326.8 Estimating mileage.

When in-state and total fleet or compact mileage cannot be computed for a particular fleet on the basis of actual operation during the preceding year, estimated mileage shall be accepted for the fleet's first prorated application. Estimated mileage shall be based on the proposed operation of the fleet during the entire year for which proportional registration is sought. The applicant shall substantiate the estimate by submitting details of the applicant's proposed operation including, but not limited to, type of operation, its location, routes, and frequency of operation.
