

476.4A Exemption from tariff filings for telephone utilities.

Notwithstanding contrary provisions of [this chapter](#), a telephone utility may offer centron, centrex, intraexchange private line, or multiline variety package service without filing a tariff unless the board determines such a procedure is not in the public interest. The telephone utility shall offer each service which is exempt from a tariff filing at a rate which exceeds the cost of the service. A telephone utility offering its services without filing a tariff shall not discriminate in an unreasonable manner for or against any customer.

A telephone utility shall provide the board with at least thirty days notice prior to a request to offer service without filing a tariff. The board may require the telephone utility to file its price lists, contracts, or cost allocations for services offered without a tariff. Any such price lists, contracts, or cost allocations so filed shall be afforded rebuttable presumptions that they meet the requirements of [section 22.7, subsection 6](#).

The board shall consider the revenues, expenses and investment related to telephone utility services offered without a filed tariff in proceedings under [section 476.3](#), [476.6](#) and [476.7](#).
