

546.12 Department of commerce revolving fund.

1. A department of commerce revolving fund is created in the state treasury. The fund shall consist of moneys collected by the banking division; credit union division; utilities division, including moneys collected on behalf of the office of consumer advocate established in [section 475A.3](#); and the insurance division of the department; and deposited into an account for that division or office within the fund on a monthly basis. Except as otherwise provided by statute, all costs for operating the office of consumer advocate and the banking division, the credit union division, the utilities division, and the insurance division of the department shall be paid from the division's accounts within the fund, subject to appropriation by the general assembly.

2. To meet cash flow needs for the office of consumer advocate and the banking division, credit union division, utilities division, or the insurance division of the department, the administrative head of that division or office may temporarily use funds from the general fund of the state to pay expenses in excess of moneys available in the revolving fund for that division or office if those additional expenditures are fully reimbursable and the division or office reimburses the general fund of the state and ensures all moneys are repaid in full by the close of the fiscal year. Because any general fund moneys used shall be fully reimbursed, such temporary use of funds from the general fund of the state shall not constitute an appropriation for purposes of calculating the state general fund expenditure limitation pursuant to [section 8.54](#).
