179.2 Commission created — suspension during national order — reactivation.

1. There is created an Iowa dairy industry commission, referred to in this chapter as the commission. The commission shall be composed of the secretary of agriculture or the secretary’s designee, the dean of agriculture at Iowa state university of science and technology or the dean’s designee, and sixteen members appointed by the secretary of agriculture as provided in this section.

2. Commissioners shall serve until their successors are duly appointed and qualify. Vacancies occurring in the membership of the commission resulting from death, inability or refusal to serve, or failure to meet the definition of a producer, shall be filled within three months of the time the vacancy occurs in the manner provided by the commission. Vacancy appointments shall be only for the remainder of the unexpired term. A commissioner shall not serve more than two consecutive full terms.

3. Appointive members of the commission shall receive a per diem as specified in section 7E.6 for each day spent on official business of the commission, not to exceed six hundred dollars per annum, and their actual necessary expenses, while engaged in commission activity.

4. When a national promotional order is established by the United States department of agriculture pursuant to the Dairy Product Stabilization Act of 1983, collection of the excise tax in section 179.5 shall be suspended for the period in which the national order is in effect. The commission shall continue to operate thereafter for only the period of time necessary to

pay refunds and disburse the funds remaining in the dairy industry fund for the purposes enumerated in this chapter. Upon completion of these acts, the existence of the Iowa dairy industry commission shall be suspended. The secretary of agriculture shall certify the suspension of the commission as of a date certain to the Iowa dairy industry commission and the Iowa state dairy association. When the existence of the commission is suspended, the terms of office being served by individual commissioners shall terminate.

5. When the national promotional order expires, the period of suspension of the excise tax in section 179.5 shall terminate and the secretary of agriculture shall take the steps necessary to collect that excise tax and otherwise fulfill the duties of the commission, except that of expending funds collected under the excise tax, until those duties can be resumed by the reactivated commission. When the national promotional order expires, the period of suspension of the commission shall terminate. The secretary of agriculture shall call the first meeting of the reactivated commission. Upon reactivation, the commission shall reimburse the secretary of agriculture for expenses incurred in carrying out the duties provided in this subsection.

6. When the national dairy promotion program expires and the suspension of the Iowa dairy industry commission terminates pursuant to subsection 5, all first purchasers shall, in a manner designed to reflect their proportionate contributions to the national dairy promotion program in its most recently completed fiscal year, nominate two resident producers for each of the sixteen offices of the commission. The secretary of agriculture shall then appoint one nominee from each set of two nominees as commissioners of the reactivated Iowa dairy industry commission. The secretary of agriculture shall stagger the terms of the reactivated commission resulting in as nearly as possible one third of the commissioners serving for one year, one third of the commissioners serving for two years, and one third of the commissioners serving for three years. After the initial staggering of terms by the secretary, commissioners shall be appointed to three-year terms.

7. After the reactivated commission has been formed, nominations for commissioners shall be made by first purchasers in a manner designed to reflect their proportionate contributions to the Iowa dairy industry commission in its most recently completed fiscal year.

8. To keep accurate books, records, and accounts of all its dealings, which books, records, and accounts shall be audited annually by the auditor of state.

179.5 Excise tax — administration of moneys — appropriation.

1. There is levied and imposed an excise tax on all producers within the state of three-fourths of one percent of the gross value of milk produced in the state.

2. All taxes levied and imposed under this chapter shall be deducted from the price received by the producer and shall be collected by the first purchaser, except as follows:

a. If the producer produces milk from cows and sells the milk directly to the consumer, the taxes shall be remitted by that producer.

b. If the producer sells milk to a first purchaser outside the state, the taxes are due and payable by that producer before the shipment is made, except that the commission may make agreements with extra state purchasers for the keeping of records and the collection of the taxes as necessary to secure the payment of the taxes within the time fixed by this chapter.

3. All taxes levied and imposed under this chapter and other contributions made to the dairy industry commission shall be paid to and collected by the commission within thirty days after the end of the month during which the milk was marketed. The commission shall remit the taxes and other contributions to the treasurer of the state each quarter, and at the same time render to the director of the department of administrative services an itemized and verified report showing the source from which the taxes and voluntary contributions were obtained. All taxes and voluntary contributions received, collected, and remitted shall be placed in a special fund by the treasurer of state and the director of the department of administrative services, to be known as the “*dairy industry fund*” to be used by the Iowa dairy industry commission for the purposes set out in this chapter and to administer and enforce the laws relative to this chapter. The department of administrative services shall transfer moneys from the fund to the commission for deposit into an account established by the commission in a qualified financial institution. The department shall transfer the moneys as provided in a resolution adopted by the commission. However, the department is only required to transfer moneys once during each day and only during hours when the offices of the state are open. Moneys deposited in the fund and transferred to the commission as provided in this section are appropriated and shall be used for the purpose of carrying out the provisions of this chapter.

4. A person from whom the excise tax provided in this chapter is collected may, by application filed with the commission within thirty days after the collection of the tax, have the tax refunded to that person by the commission.

179.13 Referendum.

At a time designated by the commission within eighteen months after termination of the national promotional order made pursuant to the Dairy Product Stabilization Act of 1983, the commission shall conduct a referendum under administrative procedures prescribed by the department.

Upon signing a statement certifying to the department that the person is a bona fide producer as defined in this chapter, each producer is entitled to one vote in each referendum. When the secretary is required to determine the approval or disapproval of producers under this section, the secretary shall consider the approval or disapproval of a cooperative association of producers, engaged in a bona fide manner in marketing milk, as the approval or disapproval of the producers who are members of or contract with the cooperative association of producers. If a cooperative association elects to vote on behalf of its members, the cooperative association shall provide each producer on whose behalf the cooperative association is expressing approval or disapproval with a description of the question presented in the referendum together with a statement of the manner in which the cooperative association intends to cast its vote on behalf of the membership. The information shall inform the producer of procedures to follow to cast an individual ballot if the producer chooses to do so within the period of time established by the secretary for casting ballots. The notification shall be made at least thirty days prior to the referendum and shall include an official ballot. The ballots shall be tabulated by the secretary and the vote of the cooperative association shall be adjusted to reflect the individual votes.

The department shall count and tabulate the ballots filed during the referendum within thirty days of the close of the referendum. If from the tabulation the department determines that a majority of the total number of producers voting in the referendum favors the proposal, the excise tax provided for in this chapter shall be continued. The ballots cast pursuant to this section constitute complete and conclusive evidence for use in determinations made by the department under this chapter.

The secretary may conduct a referendum at any time after the Iowa dairy industry commission is reactivated, and shall hold a referendum on request of a representative group comprising ten percent or more of the number of producers eligible to vote, to determine whether the producers favor the termination or suspension of the excise tax. The secretary shall suspend or terminate collection of the excise tax within six months after the secretary determines that suspension or termination of the excise tax is favored by a majority of the producers voting in the referendum, and shall terminate the excise tax in an orderly manner as soon as practicable after the determination.
