A city desiring to provide for assessment under the provisions of this chapter shall, not less than sixty days before the expiration of the term of the assessor in office, notify the taxing bodies affected and proceed to establish a conference board, examining board, and board of review and select an assessor, all as provided in this chapter. A city desiring to abolish the office of city assessor shall repeal the ordinance establishing the office of city assessor, notify the county conference board and the affected taxing districts, provide for the transfer of appropriate records and other matters, and

provide for the abolition of the respective boards and the termination of the terms of office of the assessor and members of the respective boards. The abolition of the city assessor's office shall take effect on July 1 following notification of the abolition unless otherwise agreed to by the affected conference boards. If notification of the proposed abolition is made after January 1, sufficient funds shall be transferred from the city assessor's budget to fund the additional responsibilities transferred to the county assessor for the next fiscal year.

441.5 Examination and certification of applicants — incumbents.

For the purpose of examining and certifying candidates for the positions of assessor and deputy assessor, the director of revenue shall prepare and administer a written examination. The examinations shall be administered twice each year in the city of Des Moines. Notification of the time, place and date of the examinations shall be mailed to each

city and county assessor, county auditor and chairperson of each city and county conference board at least thirty days prior to the date of the examination.

These examinations shall be conducted by the director of revenue in the same manner as other similar examinations, including secrecy regarding questions prior to the examination and in accordance with other rules as may be prescribed by the director of revenue. The examination shall cover the following and related subjects:

1. Laws pertaining to the assessment of property for taxation, with emphasis on market value assessment as provided in this chapter.
2. Laws on tax exemption.
3. Assessment of real estate and personal property, including market value assessment in accordance with this chapter and including fundamental principles and practices of property appraisal and valuation which are consistent with market value assessment as provided in this chapter.
4. The rights of taxpayers and property owners related to the assessment of property for taxation.
5. The duties of the assessor.
6. Other items related to the position of assessor.

Only individuals who possess a high school diploma or its equivalent are eligible to take the examination. A person desiring to take the examination shall complete an application prior to the administration of the examination.

The director of revenue shall grade the examination taken. The director shall notify, in writing, each applicant of the score attained by the applicant on the examination. An individual who attains a score of seventy percent or greater on the examination is eligible to be certified by the director of revenue as a candidate for any assessor position. Any person who passes the examination and who possesses at least two years of appraisal related experience as determined by the director of revenue shall be granted regular certification and become eligible for appointment to a six-year term as assessor. Any person who passes the examination but who lacks such experience shall be granted temporary certification, and shall be eligible for a provisional appointment as assessor.

Any person possessing temporary certification who receives a provisional appointment as assessor shall, during the person's first eighteen months in office, be required to complete a course of study prescribed and administered by the director of revenue. Upon the successful completion of this course of study, the assessor shall be granted regular certification and shall be eligible to remain in office for the balance of the assessor's six-year term. All expenses incurred in obtaining regular certification shall be defrayed by the assessment expense fund.

Following the administration of the examination, the director of revenue shall establish a register containing the names, in alphabetical order, of all individuals who are eligible for appointment as assessor. The test scores of individuals on the register shall be given to a city or county conference board upon request. All eligible individuals shall remain on the register for a period of two years following the date of certification granted by the director.

Incumbent assessors who have served six consecutive years shall be placed on the register of individuals eligible for appointment as assessor. In order to be appointed to the position of assessor, the assessor shall comply with the continuing education requirements. The number of credits required for certification as eligible for appointment as assessor in a jurisdiction other than where the assessor is currently serving shall be prorated according to the percentage of the assessor's term which is covered by the continuing education requirements of section 441.8. The credit necessary for certification for appointment is the product of one hundred fifty multiplied by the quotient of the number of months served of an assessor's term covered by the continuing education requirements of section 441.8 divided by seventy-two. If the number of credits necessary for certification for appointment as determined under this paragraph results in a partial credit hour, the credit hour shall be rounded to the nearest whole number.

441.6 Appointment of assessor.

When a vacancy occurs in the office of city or county assessor, the examining board shall, within seven days of the occurrence of the vacancy, request the director of revenue to forward a register containing the names of all individuals eligible for appointment as assessor. The examining board may, at its own expense, conduct a further examination, either written or oral, of any person whose name appears on the register, and shall make written report of the examination and submit the report together with the names of those individuals certified by the director of revenue to the conference board within fifteen days after the receipt of the register from the director of revenue.

Upon receipt of the report of the examining board, the chairperson of the conference board shall by written notice call a meeting of the conference board to appoint an assessor. The meeting shall be held not later than seven days after the receipt of the report of the examining board by the conference board. At the meeting, the conference board shall appoint an assessor from the register of eligible candidates. However, if a special examination has not been conducted previously for the same vacancy, the conference board may request the director of revenue to hold a special examination pursuant to section 441.7. 441.7 Special examination.

If the conference board fails to appoint an assessor from the list of individuals on the register, the conference board shall request permission from the director of revenue to hold a special examination in the particular city or county in which the vacancy has occurred. Permission may be granted by the director of revenue after consideration of factors such as the availability of candidates in that particular city or county. The director of revenue shall conduct no more than one special examination for each vacancy in an assessing jurisdiction. The examination shall be conducted by the director of revenue as provided in section 441.5, except as otherwise provided in this section. The examining board shall give notice of holding the examination for assessor by posting a written notice in a conspicuous place in the county courthouse in the case of county assessors or in the city hall in the case of city assessors, stating that at a specified date, an examination for the position of assessor will be held at a specified place. Similar notice shall be given at the same time by one publication of the notice in three newspapers of general circulation in the case of a county assessor, or in case there are not three such newspapers in a county, then in newspapers which are available, or in one newspaper of general circulation in the city in the case of city assessor. The conference board of the city or county in which a special examination is held shall reimburse the department of revenue for all expenses incurred in the administration of the examination, to be paid for by the respective city or county assessment expense fund. 441.8 Term — continuing education — filling vacancy.

The term of office of an assessor appointed under this chapter shall be for six years. Appointments for each succeeding term shall be made in the same manner as the original appointment except that not less than ninety days before the expiration of the term of the assessor the conference board shall hold a meeting to determine whether or not it desires to reappoint the incumbent assessor to a new term. If the decision is made not to reappoint the assessor, the assessor shall be notified, in writing, of such decision not less than ninety days prior to the expiration of the assessor's term of office. Failure of the conference board

to provide timely notification of the decision not to reappoint the assessor shall result in the assessor being reappointed.

Effective January 1, 1980, the conference board shall have the power to reappoint the incumbent assessor only if the incumbent assessor has satisfactorily completed the continuing education program provided for in this section.

The director of revenue shall develop and administer a program of continuing education which shall emphasize assessment and appraisal procedures, and the assessment laws of this state, and which shall include the subject matter specified in section 441.5.

The director of revenue shall establish, designate, or approve courses, workshops, seminars, or symposiums to be offered as part of the continuing education program, the content of these courses, workshops, seminars, or symposiums and the number of hours of classroom instruction for each. The director of revenue may provide that no more than thirty hours of tested credit may be received for the submission of a narrative appraisal approved by a professional appraisal society designated by the director. At least once each year the director of revenue shall evaluate the continuing education program and make necessary changes in the program.

Upon the successful completion of courses, workshops, seminars, a narrative appraisal or symposiums contained in the program of continuing education, as demonstrated by attendance at sessions of the courses, workshops, seminars or symposiums and, in the case of a course designated by the director of revenue, attaining a grade of at least seventy percent on an examination administered at the conclusion of the course, or the submission of proof that a narrative appraisal has been approved by a professional appraisal society designated by the director of revenue the assessor or deputy assessor shall receive credit equal to the number of hours of classroom instruction contained in those courses, workshops, seminars, or symposiums or the number of hours of credit specified by the director of revenue for a narrative appraisal. An assessor or deputy assessor shall not be allowed to obtain credit for a course, workshop, seminar, or symposium for which the assessor or deputy assessor has previously received credit during the current term or appointment except for those courses, workshops, seminars, or symposiums designated by the director of revenue. Only one narrative appraisal may be approved for credit during the assessor's or deputy assessor's current term or appointment and credit shall not be allowed for a narrative appraisal approved by a professional appraisal society prior to the beginning of the assessor's or deputy assessor's current term or appointment. The examinations shall be confidential, except that the director of revenue and persons designated by the director may have access to the examinations.

Upon receiving credit equal to one hundred fifty hours of classroom instruction during the assessor's current term of office of which at least ninety of the one hundred fifty hours are from courses requiring an examination upon conclusion of the course, the director of revenue shall certify to the assessor's conference board that the assessor is eligible to be reappointed to the position. For persons appointed to complete an unexpired term, the number of credits required to be certified as eligible for reappointment shall be prorated according to the amount of time remaining in the present term of the assessor. If the person was an assessor in another jurisdiction, the assessor may carry forward any credit hours received in the previous position in excess of the number that would be necessary to be considered current in that position. Upon written request by the person seeking a waiver of the continuing education requirements, the director may waive the continuing education requirements if the director determines good cause exists for the waiver.

Within each six-year period following the appointment of a deputy assessor, the deputy assessor shall comply with this section except that upon the successful completion of ninety hours of classroom instruction of which at least sixty of the ninety hours are from courses requiring an examination upon conclusion of the course, the deputy assessor shall be certified by the director of revenue as being eligible to remain in the position. If a deputy assessor fails to comply with this section, the deputy assessor shall be removed from the position until successful completion of the required hours of credit. If a deputy is appointed to the office of assessor, the hours of credit obtained as deputy pursuant to this section shall be credited to that individual as assessor and for the individual to be reappointed at the expiration of

the term as assessor, that individual must obtain the credits which are necessary to total the number of hours for reappointment. Upon written request by the person seeking a waiver of the continuing education requirements, the director may waive the continuing education requirements if the director determines good cause exists for the waiver.

Each conference board shall include in the budget for the operation of the assessor's office funds sufficient to enable the assessor and any deputy assessor to obtain certification as provided in this section. The conference board shall also allow the assessor and any deputy assessor sufficient time off from their regular duties to obtain certification. The director of revenue shall adopt rules pursuant to chapter 17A to implement and administer this section.

If the incumbent assessor is not reappointed as above provided, then not less than sixty days before the expiration of the term of said assessor, a new assessor shall be selected as provided in section 441.6.

In the event of the removal, resignation, death, or removal from the county of the said assessor, the conference board shall proceed to fill the vacancy by appointing an assessor to serve the unexpired term in the manner provided in section 441.6. Until the vacancy is filled, the chief deputy shall act as assessor, and in the event there be no deputy, in the case of counties the auditor shall act as assessor and in the case of cities having an assessor the city clerk shall act as assessor.

Examinations for the position of deputy assessor shall be conducted in the same manner as examinations for the position of city or county assessor.

Following the administration of the examination, the director of revenue shall establish a register containing the names, in alphabetical order, of all individuals who are eligible for appointment as a deputy assessor. The test scores of individuals on the register shall be given to a city or county conference board upon request. All eligible individuals shall remain on the register for a period of two years following the date of certification granted by the director.

Incumbent deputy assessors who have served six consecutive years shall be placed on the register of individuals eligible for appointment as deputy assessor. In order to be appointed to the position of deputy assessor, the deputy assessor shall comply with the continuing education requirements. The credit necessary for certification for appointment is the product of ninety multiplied by the quotient of the number of months served of a deputy assessor's term covered by the continuing education requirements of section 441.8 divided by seventy-two. If the number of credits necessary for certification for appointment as determined under this paragraph results in a partial credit hour, the credit hour shall be rounded to the nearest whole number.

The assessor may peremptorily suspend or discharge any deputy assessor under the assessor's direction upon written charges for neglect of duty, disobedience of orders, misconduct, or failure to properly perform the deputy assessor's duties. Within five days after delivery of written charges to the employee, the deputy assessor may appeal by written notice to the secretary or chairperson of the examining board. The board shall grant the deputy assessor a hearing within fifteen days, and a decision by a majority of the examining board is final. The assessor shall designate one of the deputies as chief deputy, and the assessor shall assign to each deputy the duties, responsibilities, and authority as is proper for the efficient conduct of the assessor's office.

All expenditures under this chapter shall be paid as hereinafter provided.

Not later than January 1 of each year the assessor, the examining board, and the board of review, shall each prepare a proposed budget of all expenses for the ensuing fiscal year. The assessor shall include in the proposed budget the probable expenses for defending assessment appeals. Each fiscal year the chairperson of the conference board shall, by written notice, call a

meeting of the conference board to consider the proposed budget and to comply with section 24.9.

At such meeting the conference board shall authorize:

In the case of a county where there is more than one assessor the treasurer shall maintain separate assessment expense funds for each assessor.

The county auditor shall keep a complete record of said funds and shall issue warrants thereon only on requisition of the assessor.

The assessor shall not issue requisitions so as to increase the total expenditures budgeted for the operation of the assessor's office. However, for purposes of promoting operational efficiency, the assessor shall have authority to transfer funds budgeted for specific items for the operation of the assessor's office from one unexpended balance to another; such transfer shall not be made so as to increase the total amount budgeted for the operation of the office of assessor, and no funds shall be used to increase the salary of the assessor or the salaries of permanent deputy assessors. The assessor shall issue requisitions for the examining board and for the board of review on order of the chairperson of each board and for costs and expenses incident to assessment appeals, only on order of the city legal department, in the case of cities and of the county attorney in the case of counties.

Unexpended funds remaining in the assessment expense fund at the end of a year shall be carried forward into the next year.

DUTIES

441.17 Duties of assessor.

The assessor shall:

1. Devote full time to the duties of the assessor's office and shall not engage in any occupation or business interfering or inconsistent with such duties. This subsection does not preclude an assessor from being a candidate for elective office during the term of appointment as assessor. If an assessor is elected to a city or county office, to a statewide

elective office, or to the general assembly, the assessor shall resign as assessor before the beginning of the term of the office to which the assessor was elected.

2. Cause to be assessed, in accordance with section 441.21, all the property in the assessor's county or city, except property exempt from taxation, or the assessment of which is otherwise provided for by law.

3. Have access to all public records of the county and, so far as practicable, make or cause to be made a careful examination of all such records and files in order to obtain all available information which may contribute to the accurate listing at its taxable value, and to the proper persons, of all property subject to assessment by the assessor.

4. Cooperate with the director of revenue as may be necessary or required, and obey and execute all orders, directions, and instructions of the director of revenue, insofar as the same may be required by law.

5. Have power to apply to the district court of the county for an order to examine witnesses and requiring the production of books and records of any person, firm, association or corporation within the county, whenever the assessor has reason to believe that such person, firm, association or corporation has not listed property as provided by law. The proceeding for the examination of witnesses and examination of the books and records of any such taxpayer, to determine the existence of taxable property, shall be instituted and conducted in the manner provided for the discovery of property under the provisions of chapter 630. The court shall make an appropriate finding as to the existence of taxable property not listed. All taxable property discovered thereby shall thereupon be assessed by the assessor in the manner provided by law.

In all cases where the court finds that the taxpayer has not listed the taxpayer's property, as provided by law, and in all hearings where the court decides a matter against the taxpayer, the costs shall be paid by the taxpayer, otherwise they shall be paid out of the assessment expense fund. The fees and mileage to be paid witnesses shall be the same as prescribed by law in proceedings in the district courts of this state in civil cases. Where the costs are taxed to the taxpayer they shall be added to the taxes assessed against said taxpayer and the taxpayer's property and shall be collected in the same manner as are other taxes.

6. Make up all assessor's books and records as prescribed by the director of revenue, turn the completed assessor's books and records required for the preparation of the tax list over to the county auditor each year when the board of review has concluded its hearings and the county auditor shall proceed with the preparation of the current year tax list and the assessor shall cooperate with the auditor in the preparation of the tax lists.

7. Submit on or before May 1 of each year completed assessment rolls to the board of review.

8. Lay before the board of review such information as the assessor may possess which will aid said board in performing its duties in adjusting the assessments to the valuations required by law.

9. Furnish to the director of revenue any information which the assessor may have relative to the ownership of any property that may be assessable within this state, but not assessable or subject to being listed for taxation by the assessor.

10. Measure the exterior length and exterior width of all mobile homes and manufactured homes except those for which measurements are contained in the manufacturer's and importer's certificate of origin, and report the information to the county treasurer. Check all manufactured or mobile homes for inaccuracy of measurements as necessary or upon written request of the county treasurer and report the findings immediately to the county treasurer. The assessor shall make frequent inspections and checks within the assessor jurisdiction of all manufactured or mobile homes and manufactured home communities or mobile home parks and make all the required and needed reports to carry out the purposes of this section.

11. Cause to be assessed for taxation property which the assessor believes has been erroneously exempted from taxation. Revocation of a property tax exemption shall

commence with the assessment for the current assessment year, and shall not be applied to prior assessment years.

441.18 Listing and valuation.

Each assessor shall, with the assistance of each person assessed, or who may be required by law to list property belonging to another, enter upon the assessment rolls the several items of property required to be entered for assessment. The assessor shall personally affix values to all property assessed by the assessor.

441.19 Owner to assist — provisions for assessment.

1. The assessor shall list every person in the assessor's county or city as the case may be and assess all the property in the county or city, except property exempted or otherwise assessed. A person who refuses to assist in making out a list of the person's property, or of any property which the person is by law required to assist in listing, is guilty of a simple misdemeanor.

a. Supplemental and optional to the procedure for the assessment of property by the assessor as provided in this chapter, the assessor may require from all persons required to list their property for taxation as provided by sections 428.1 and 428.2, a supplemental return to be prescribed by the director of revenue upon which the person shall list the person's property. The supplemental return shall be in substantially the same form as now prescribed by law for the assessment rolls used in the listing of property by the assessors. Every person required to list property for taxation shall make a complete listing of the property upon supplemental forms and return the listing to the assessor as promptly as possible. The return shall be verified over the signature of the person making the return and section 441.25 applies to any person making such a return. The assessor shall make supplemental return forms available as soon as practicable after the first day of January of each year. The assessor shall make supplemental return forms available to the taxpayer by mail, or at a designated place within the taxing district.

b. Upon receipt of such supplemental return from any person the assessor shall prepare a roll assessing such person as hereinafter provided. In the preparation of such assessment roll the assessor shall be guided not only by the information contained in such supplemental roll, but by any other information the assessor may have or which may be obtained by the assessor as prescribed by the law relating to the assessment of property. The assessor shall not be bound by any values as listed in such supplemental return, and may include in the assessment roll any property omitted from the supplemental return which in the knowledge and belief of the assessor should be listed as required by law by the person making the supplemental return. Upon completion of such roll the assessor shall deliver to the person submitting such supplemental return a copy of the assessment roll, either personally or by mail.

c. Any taxpayer aggrieved by the action of the assessor in the preparation of an assessment roll upon which a supplemental return has been made shall have the same rights and privileges of appeal as provided by law in connection with the assessment rolls prepared in entirety by the assessor, but no assessment rolls prepared by the assessor after receiving a supplemental return shall be deemed insufficient or invalid because of the fact that such assessment roll does not bear the signature of the person assessed, and the signature of the person listing property upon the supplemental return shall be deemed a signature on the roll as prepared by the assessor.

d. The supplemental returns provided for in this section shall be preserved in the same manner as assessment rolls, but shall be confidential to the assessor, board of review, property assessment appeal board, or director of revenue, and shall not be open to public inspection,

but any final assessment roll as made out by the assessor shall be a public record, provided that such supplemental return shall be available to counsel of either the person making the return or of the public, in case any appeal is taken to the board of review, to the property assessment appeal board, or to the court.

e. In the event of failure of any person required to list property to make a supplemental return, as required herein, on or before the fifteenth day of February of any year when such listing is required, the assessor shall proceed in the listing and assessment of the person's property as provided by this chapter, and no person subject to taxation shall be relieved of the person's obligation to list the person's property through failure to make a supplemental return as herein provided, and any roll prepared by the assessor after receiving a supplemental return or when prepared in accordance with other provisions of this chapter, shall be a valid assessment.

f. The provisions of this chapter relating to assessment rolls shall be applicable to the preparation of rolls upon which a supplemental return has been received, insofar as they are not in conflict with the provision of this section.

2. On or before February 15 of each year, each owner of industrial real estate shall submit to the local assessor a report listing by year of acquisition and by acquisition cost the owner's machinery as described in section 427A.1, subsection 1, paragraph "e", and specifying any machinery added or removed during the preceding assessment year. A report containing an itemized list of machinery by year of acquisition and by acquisition cost shall be required only when deemed necessary by the assessor. The reports shall be submitted on forms prescribed by the director of revenue or on forms submitted by the taxpayer and approved by the assessor which forms shall contain the same information as is required to be reported on forms prescribed by the director. If a person shall knowingly enter false information on the report, the person shall be guilty of a simple misdemeanor. Also, if a person refuses to file the report provided for in this subsection, the assessor shall proceed in accordance with the provisions of section 441.24.

441.21 Actual, assessed, and taxable value.

1. a. All property subject to taxation shall be valued at its actual value which shall be entered opposite each item, and, except as otherwise provided in this section, shall be assessed at one hundred percent of its actual value, and the value so assessed shall be taken and considered as the assessed value and taxable value of the property upon which the levy shall be made.

b. The actual value of all property subject to assessment and taxation shall be the fair and reasonable market value of such property except as otherwise provided in this section. "Market value" is defined as the fair and reasonable exchange in the year in which the property is listed and valued between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and each being familiar with all the facts relating to the particular property. Sale prices of the property or comparable property in normal transactions reflecting market value, and the probable availability or unavailability of persons interested in purchasing the property, shall be taken into consideration in arriving at its market value. In arriving at market value, sale prices of property in abnormal transactions not reflecting market value shall not be taken into account, or shall be adjusted to eliminate the effect of factors which distort market value, including but not limited to sales to immediate family of the seller, foreclosure or other forced sales, contract sales, discounted purchase transactions or purchase of adjoining land or other land to be operated as a unit.

The actual value of special purpose tooling, which is subject to assessment and taxation as real property under section 427A.1, subsection 1, paragraph "e", but which can be used

only to manufacture property which is protected by one or more United States or foreign patents, shall not exceed the fair and reasonable exchange value between a willing buyer and a willing seller, assuming that the willing buyer is purchasing only the special purpose tooling and not the patent covering the property which the special purpose tooling is designed to manufacture nor the rights to manufacture the patented property. For purposes of this paragraph, special purpose tooling includes dies, jigs, fixtures, molds, patterns, and similar property. The assessor shall not take into consideration the special value or use value to the present owner of the special purpose tooling which is designed and intended solely for the manufacture of property protected by a patent in arriving at the actual value of the special purpose tooling.

c. In assessing and determining the actual value of special purpose industrial property having an actual value of five million dollars or more, the assessor shall equalize the values of such property with the actual values of other comparable special purpose industrial property in other counties of the state. Such special purpose industrial property includes, but is not limited to chemical plants. If a variation of ten percent or more exists between the actual values of comparable industrial property having an actual value of five million dollars or more located in separate counties, the assessors of the counties shall consult with each other and with the department of revenue to determine if adequate reasons exist for the variation. If no adequate reasons exist, the assessors shall make adjustments in the actual values to provide for a variation of ten percent or less. For the purposes of this paragraph, special purpose industrial property includes structures which are designed and erected for operation of a unique and special use, are not rentable in existing condition, and are incapable of conversion to ordinary commercial or industrial use except at a substantial cost.

d. Actual value of property in one assessing jurisdiction shall be equalized as compared with actual value of property in an adjoining assessing jurisdiction. If a variation of five percent or more exists between the actual values of similar, closely adjacent property in adjoining assessing jurisdictions in Iowa, the assessors thereof shall determine whether adequate reasons exist for such variation. If no such reasons exist, the assessors shall make adjustments in such actual values to reduce the variation to five percent or less.

e. The actual value of agricultural property shall be determined on the basis of productivity and net earning capacity of the property determined on the basis of its use for agricultural purposes capitalized at a rate of seven percent and applied uniformly among counties and among classes of property. Any formula or method employed to determine productivity and net earning capacity of property shall be adopted in full by rule.

f. In counties or townships in which field work on a modern soil survey has been completed since January 1, 1949, the assessor shall place emphasis upon the results of the survey in spreading the valuation among individual parcels of such agricultural property.

g. Notwithstanding any other provision of this section, the actual value of any property shall not exceed its fair and reasonable market value, except agricultural property which shall be valued exclusively as provided in paragraph "e" of this subsection.

h. The assessor shall determine the value of real property in accordance with rules adopted by the department of revenue and in accordance with forms and guidelines contained in the real property appraisal manual prepared by the department as updated from time to time. Such rules, forms, and guidelines shall not be inconsistent with or change the means, as provided in this section, of determining the actual, market, taxable, and assessed values.

i. If the department finds that a city or county assessor is not in compliance with the rules of the department relating to valuation of property or has disregarded the forms and guidelines contained in the real property appraisal manual, the department shall notify the assessor and each member of the conference board for the appropriate assessing jurisdiction. The notice shall be mailed by restricted certified mail. The notice shall specify the areas of noncompliance and the steps necessary to achieve compliance. The notice shall also inform the assessor and conference board that if compliance is not achieved, a penalty may be imposed.

The conference board shall respond to the department within thirty days of receipt of the notice of noncompliance. The conference board may respond to the notice by asserting that

the assessor is in compliance with the rules, guidelines, and forms of the department or by informing the department that the conference board intends to submit a plan of action to achieve compliance. If the conference board responds to the notification by asserting that the assessor is in compliance, a hearing before the director of revenue shall be scheduled on the matter.

A plan of action shall be submitted within sixty days of receipt of the notice of noncompliance. The plan shall contain a time frame under which compliance shall be achieved which shall be no later than January 1 of the following assessment year. The plan of action shall contain the signature of the assessor and of the chairperson of the conference board. The department shall review the plan to determine whether the plan is sufficient to achieve compliance. Within thirty days of receipt of the plan, the department shall notify the assessor and the chairperson of the conference board that it has accepted the plan or that it is necessary to submit an amended plan of action.

By January 1 of the assessment year following the calendar year in which the plan was submitted to the department, the conference board shall submit a report to the department indicating that the plan of action was followed and compliance has been achieved. The department may conduct a field inspection to ensure that the assessor is in compliance. By January 31, the department shall notify the assessor and the conference board, by restricted certified mail, either that compliance has been achieved or that the assessor remains in noncompliance. If the department determines that the assessor remains in noncompliance, the department shall take steps to withhold up to five percent of the reimbursement payment authorized in section 425.1 until the director of revenue determines that the assessor is in compliance.

If the conference board disputes the determination of the department, the chairperson of the conference board may appeal the determination to the state board of tax review.

The department shall adopt rules relating to the administration of this paragraph "i".

2. In the event market value of the property being assessed cannot be readily established in the foregoing manner, then the assessor may determine the value of the property using the other uniform and recognized appraisal methods including its productive and earning capacity, if any, industrial conditions, its cost, physical and functional depreciation and obsolescence and replacement cost, and all other factors which would assist in determining the fair and reasonable market value of the property but the actual value shall not be determined by use of only one such factor. The following shall not be taken into consideration: Special value or use value of the property to its present owner, and the goodwill or value of a business which uses the property as distinguished from the value of the property as property. However, in assessing property that is rented or leased to low-income individuals and families as authorized by section 42 of the Internal Revenue Code, as amended, and which section limits the amount that the individual or family pays for the rental or lease of units in the property, the assessor shall use the productive and earning capacity from the actual rents received as a method of appraisal and shall take into account the extent to which that use and limitation reduces the market value of the property. The assessor shall not consider any tax credit equity or other subsidized financing as income provided to the property in determining the assessed value. The property owner shall notify the assessor when property is withdrawn from section 42 eligibility under the Internal Revenue Code. The property shall not be subject to section 42 assessment procedures for the assessment year for which section 42 eligibility is withdrawn. This notification must be provided to the assessor no later than March 1 of the assessment year or the owner will be subject to a penalty of five hundred dollars for that assessment year. The penalty shall be collected at the same time and in the same manner as regular property taxes. Upon adoption of uniform rules by the department of revenue or succeeding authority covering assessments and valuations of such properties, the valuation on such properties shall be determined in accordance with such rules and in accordance with forms and guidelines contained in the real property appraisal manual prepared by the department as updated from time to time for assessment purposes to assure uniformity, but such rules, forms, and guidelines shall not be inconsistent with or change the foregoing means of determining the actual, market, taxable and assessed values.

3. “Actual value”, “taxable value”, or “assessed value” as used in other sections of the Code in relation to assessment of property for taxation shall mean the valuations as determined by this section; however, other provisions of the Code providing special methods or formulas for assessing or valuing specified property shall remain in effect, but this section shall be applicable to the extent consistent with such provisions. The assessor and department of revenue shall disclose at the written request of the taxpayer all information in any formula or method used to determine the actual value of the taxpayer’s property.

The burden of proof shall be upon any complainant attacking such valuation as excessive, inadequate, inequitable, or capricious; however, in protest or appeal proceedings when the complainant offers competent evidence by at least two disinterested witnesses that the market value of the property is less than the market value determined by the assessor, the burden of proof thereafter shall be upon the officials or persons seeking to uphold such valuation to be assessed.

4. For valuations established as of January 1, 1979, the percentage of actual value at which agricultural and residential property shall be assessed shall be the quotient of the dividend and divisor as defined in this section. The dividend for each class of property shall be the dividend as determined for each class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, plus six percent of the amount so determined. However, if the difference between the dividend so determined for either class of property and the dividend for that class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, is less than six percent, the 1979 dividend for the other class of property shall be the dividend as determined for that class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, plus a percentage of the amount so determined which is equal to the percentage by which the dividend as determined for the other class of property for valuations established as of January 1, 1978, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1978, is increased in arriving at the 1979 dividend for the other class of property. The divisor for each class of property shall be the total actual value of all such property in the state in the preceding year, as reported by the assessors on the abstracts of assessment submitted for 1978, plus the amount of value added to said total actual value by the revaluation of existing properties in 1979 as equalized by the director of revenue pursuant to section 441.49. The director shall utilize information reported on abstracts of assessment submitted pursuant to section 441.45 in determining such percentage. For valuations established as of January 1, 1980, and each year thereafter, the percentage of actual value as equalized by the director of revenue as provided in section 441.49 at which agricultural and residential property shall be assessed shall be calculated in accordance with the methods provided herein including the limitation of increases in agricultural and residential assessed values to the percentage increase of the other class of property if the other class increases less than the allowable limit adjusted to include the applicable and current values as equalized by the director of revenue, except that any references to six percent in this subsection shall be four percent.

5. For valuations established as of January 1, 1979, commercial property and industrial property, excluding properties referred to in section 427A.1, subsection 8, shall be assessed as a percentage of the actual value of each class of property. The percentage shall be determined for each class of property by the director of revenue for the state in accordance with the provisions of this section. For valuations established as of January 1, 1979, the percentage

shall be the quotient of the dividend and divisor as defined in this section. The dividend for each class of property shall be the total actual valuation for each class of property established for 1978, plus six percent of the amount so determined. The divisor for each class of property shall be the valuation for each class of property established for 1978, as reported by the assessors on the abstracts of assessment for 1978, plus the amount of value added to the total actual value by the revaluation of existing properties in 1979 as equalized by the director of revenue pursuant to section 441.49. For valuations established as of January 1, 1979, property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be considered as one class of property and shall be assessed as a percentage of its actual value. The percentage shall be determined by the director of revenue in accordance with the provisions of this section. For valuations established as of January 1, 1979, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend shall be the total actual valuation established for 1978 by the department of revenue, plus ten percent of the amount so determined. The divisor for property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be the valuation established for 1978, plus the amount of value added to the total actual value by the revaluation of the property by the department of revenue as of January 1, 1979. For valuations established as of January 1, 1980, commercial property and industrial property, excluding properties referred to in section 427A.1, subsection 8, shall be assessed at a percentage of the actual value of each class of property. The percentage shall be determined for each class of property by the director of revenue for the state in accordance with the provisions of this section. For valuations established as of January 1, 1980, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend for each class of property shall be the dividend as determined for each class of property for valuations established as of January 1, 1979, adjusted by the product obtained by multiplying the percentage determined for that year by the amount of any additions or deletions to actual value, excluding those resulting from the revaluation of existing properties, as reported by the assessors on the abstracts of assessment for 1979, plus four percent of the amount so determined. The divisor for each class of property shall be the total actual value of all such property in 1979, as equalized by the director of revenue pursuant to section 441.49, plus the amount of value added to the total actual value by the revaluation of existing properties in 1980. The director shall utilize information reported on the abstracts of assessment submitted pursuant to section 441.45 in determining such percentage. For valuations established as of January 1, 1980, property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be assessed at a percentage of its actual value. The percentage shall be determined by the director of revenue in accordance with the provisions of this section. For valuations established as of January 1, 1980, the percentage shall be the quotient of the dividend and divisor as defined in this section. The dividend shall be the total actual valuation established for 1979 by the department of revenue, plus eight percent of the amount so determined. The divisor for property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be the valuation established for 1979, plus the amount of value added to the total actual value by the revaluation of the property by the department of revenue as of January 1, 1980. For valuations established as of January 1, 1981, and each year thereafter, the percentage of actual value as equalized by the director of revenue as provided in section 441.49 at which commercial property and industrial property, excluding properties referred to in section 427A.1, subsection 8, shall be assessed shall be calculated in accordance with the methods provided herein, except that any references to six percent in this subsection shall be four percent. For valuations established as of January 1, 1981, and each year thereafter, the percentage of actual value at which property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438 shall be assessed shall be calculated in accordance with the methods provided herein, except that any references to ten percent in this subsection shall be eight percent. Beginning with valuations established as of January 1, 1979, and each year thereafter, property valued by the department of revenue pursuant to chapter 434 shall also be assessed at a percentage of its actual value which percentage shall be equal to the percentage determined by the director of revenue for commercial property, industrial

property, or property valued by the department of revenue pursuant to chapters 428, 433, 437, and 438, whichever is lowest.

6. Beginning with valuations established as of January 1, 1978, the assessors shall report the aggregate taxable values and the number of dwellings located on agricultural land and the aggregate taxable value of all other structures on agricultural land. Beginning with valuations established as of January 1, 1981, the agricultural dwellings located on agricultural land shall be valued at their market value as defined in this section and agricultural dwellings shall be valued as rural residential property and shall be assessed at the same percentage of actual value as is all other residential property.

7. For the purpose of computing the debt limitations for municipalities, political subdivisions and school districts, the term “*actual value*” means the “*actual value*” as determined by subsections 1 to 3 of this section without application of any percentage reduction and entered opposite each item, and as listed on the tax list as provided in section 443.2 as “*actual value*”.

Whenever any board of review or other tribunal changes the assessed value of property, all applicable records of assessment shall be adjusted to reflect such change in both assessed value and actual value of such property.

8. a. Any normal and necessary repairs to a building, not amounting to structural replacements or modification, shall not increase the taxable value of the building. This paragraph applies only to repairs of two thousand five hundred dollars or less per building per year.

b. Notwithstanding paragraph “a”, any construction or installation of a solar energy system on property classified as agricultural, residential, commercial, or industrial property shall not increase the actual, assessed and taxable values of the property for five full assessment years.

c. As used in this subsection, “*solar energy system*” means either of the following:

(1) A system of equipment capable of collecting and converting incident solar radiation or wind energy into thermal, mechanical or electrical energy and transforming these forms of energy by a separate apparatus to storage or to a point of use which is constructed or installed after January 1, 1978.

441.31 Board of review.

1. The chairperson of the conference board shall call a meeting by written notice to all of the members of the board for the purpose of appointing a board of review for all assessments made by the assessor. The board of review may consist of either three members or five members. As nearly as possible this board shall include one licensed real estate broker and one registered architect or person experienced in the building and construction field. In the case of a county, at least one member of the board shall be a farmer. Not more than two members of the board of review shall be of the same profession or occupation and members of the board of review shall be residents of the assessor jurisdiction. The terms of the members of the board of review shall be for six years, beginning with January 1 of the year following their selection. In boards of review having three members the term of one member of the first board to be appointed shall be for two years, one member for four years and one member for six years. In the case of boards of review having five members, the term of one member of the first board to be appointed shall be for one year, one member for two years, one member for three years, one member for four years and one member for six years.

2. a. However, notwithstanding the board of review appointed by the county conference board pursuant to subsection 1, a city council of a city having a population of seventy-five thousand or more which is a member of a county conference board may provide, by ordinance, for a city board of review to hear appeals of property assessments by residents of that city. The members of the city board of review shall be appointed by the city council. The city shall pay the expenses incurred by the city board of review. However, if the city has a population of more than one hundred twenty-five thousand, the expenses incurred by the city board of review shall be paid by the county. All of the provisions of this chapter relating to the boards of review shall apply to a city board of review appointed pursuant to this subsection.

b. If a city having a population of more than one hundred twenty-five thousand abolishes its office of city assessor, the city may provide, by ordinance, for a city board of review or request the county conference board to appoint a ten-member county board of review. The initial ten-member county board of review established pursuant to this paragraph shall consist of the members of the city board of review and the county board of review who are serving unexpired terms of office. The members of the initial ten-member county board of review may continue to serve their unexpired terms of office and are eligible for reappointment for a six-year term. The ten-member county board of review created pursuant to this paragraph is in lieu of the boards of review provided for in subsection 1, but the professional and occupational qualifications of members shall apply.

3. Notwithstanding the requirements of subsection 1, the conference board or a city council which has appointed a board of review may increase the membership of the board of review by an additional two members if it determines that as a result of the large number of protests filed or estimated to be filed the board of review will be unable to timely resolve the protests with the existing number of members. If the board of review has ten members, not more than four additional members may be appointed by the conference board. The additional emergency members shall be appointed for a term set by the conference board or the city council but not for longer than two years. The conference board or the city council

may extend the terms of the emergency members if it makes a similar determination as required for the initial appointment.

signed by the one protesting or by the protester's duly authorized agent. The taxpayer may have an oral hearing thereon if request therefor in writing is made at the time of filing the protest. Said protest must be confined to one or more of the following grounds:

a. That said assessment is not equitable as compared with assessments of other like property in the taxing district. When this ground is relied upon as the basis of a protest the legal description and assessments of a representative number of comparable properties, as described by the aggrieved taxpayer shall be listed on the protest, otherwise said protest shall not be considered on this ground.

b. That the property is assessed for more than the value authorized by law, stating the specific amount which the protesting party believes the property to be overassessed, and the amount which the party considers to be its actual value and the amount the party considers a fair assessment.

c. That the property is not assessable, is exempt from taxes, or is misclassified and stating the reasons for the protest.

d. That there is an error in the assessment and state the specific alleged error.

e. That there is fraud in the assessment which shall be specifically stated.

In addition to the above, the property owner may protest annually to the board of review under the provisions of section 441.35, but such protest shall be in the same manner and upon the same terms as heretofore prescribed in this section.

The property owner or aggrieved taxpayer may combine on one form protests of assessment on parcels separately assessed if the same grounds are relied upon as the basis for protesting each separate assessment. If an oral hearing is requested on more than one of such protests, the person making the combined protests may request that the oral hearings be held consecutively.

2. A property owner or aggrieved taxpayer who finds that a clerical or mathematical error has been made in the assessment of the owner's or taxpayer's property may file a protest against that assessment in the same manner as provided in this section, except that the protest may be filed for previous years. The board may correct clerical or mathematical errors for any assessment year in which the taxes have not been fully paid or otherwise legally discharged.

Upon the determination of the board that a clerical or mathematical error has been made the board shall take appropriate action to correct the error and notify the county auditor of the change in the assessment as a result of the error and the county auditor shall make the correction in the assessment and the tax list in the same manner as provided in section 443.6.

The board shall not correct an error resulting from a property owner's or taxpayer's inaccuracy in reporting or failure to comply with section 441.19.

3. After the board of review has considered any protest filed by a property owner or aggrieved taxpayer and made final disposition of the protest, the board shall give written notice to the property owner or aggrieved taxpayer who filed the protest of the action taken by the board of review on the protest. The written notice to the property owner or aggrieved taxpayer shall also specify the reasons for the action taken by the board of review on the protest. If protests of assessment on multiple parcels separately assessed were combined, the written notice shall state the action taken, and the reasons for the action, for each assessment protested.

441.37A Appeal of protest to property assessment appeal board.

1. a. For the assessment year beginning January 1, 2007, and all subsequent assessment years, appeals may be taken from the action of the board of review with reference to protests of assessment, valuation, or application of an equalization order to the property assessment appeal board created in section 421.1A. However, a property owner or aggrieved taxpayer or an appellant described in section 441.42 may bypass the property assessment appeal board and appeal the decision of the local board of review to the district court pursuant to section 441.38.

b. For an appeal to the property assessment appeal board to be valid, written notice must

be filed by the party appealing the decision with the secretary of the property assessment appeal board within twenty days after the date the board of review's letter of disposition of the appeal is postmarked to the party making the protest. The written notice of appeal shall include a petition setting forth the basis of the appeal and the relief sought. No new grounds in addition to those set out in the protest to the local board of review as provided in section 441.37 can be pleaded, but additional evidence to sustain those grounds may be introduced. The assessor shall have the same right to appeal to the assessment appeal board as an individual taxpayer, public body, or other public officer as provided in section 441.42. An appeal to the board is a contested case under chapter 17A.

c. Filing of the written notice of appeal and petition with the secretary of the property assessment appeal board shall preserve all rights of appeal of the appellant, except as otherwise provided in subsection 2. A copy of the appellant's written notice of appeal and petition shall be mailed by the secretary of the property assessment appeal board to the local board of review whose decision is being appealed.

d. In all cases where a change in assessed valuation of one hundred thousand dollars or more is petitioned for, the local board of review shall mail a copy of the written notice of appeal and petition to all affected taxing districts as shown on the last available tax list.

2. a. A party to the appeal may request a hearing or the appeal may proceed without a hearing. If a hearing is requested, the appellant and the local board of review from which the appeal is taken shall be given at least thirty days' written notice by the property assessment appeal board of the date the appeal shall be heard and the local board of review may be present and participate at such hearing. Notice to all affected taxing districts shall be deemed to have been given when written notice is provided to the local board of review. Failure by the appellant to appear at the property assessment appeal board hearing shall be grounds for dismissal of the appeal unless a continuance is granted to the appellant. If an appeal is dismissed for failure to appear, the property assessment appeal board shall have no jurisdiction to consider any subsequent appeal on the appellant's protest.

b. An appeal may be considered by less than a majority of the members of the board, and the chairperson of the board may assign members to consider appeals. If a hearing is requested, it shall be open to the public and shall be conducted in accordance with the rules of practice and procedure adopted by the board. However, any deliberation of a board member considering the appeal in reaching a decision on any appeal shall be confidential. A meeting of the board to rule on procedural motions in a pending appeal or to deliberate on the decision to be reached in an appeal is exempt from the provisions of chapter 21. The property assessment appeal board or any member of the board may require the production of any books, records, papers, or documents as evidence in any matter pending before the board that may be material, relevant, or necessary for the making of a just decision. Any books, records, papers, or documents produced as evidence shall become part of the record of the appeal. Any testimony given relating to the appeal shall be transcribed and made a part of the record of the appeal.

3. a. The board member considering the appeal shall determine anew all questions arising before the local board of review which relate to the liability of the property to assessment or the amount thereof. All of the evidence shall be considered and there shall be no presumption as to the correctness of the valuation of assessment appealed from. The property assessment appeal board shall make a decision in each appeal filed with the board. If the appeal is considered by less than a majority of the board, the determination made by that member shall be forwarded to the full board for approval, rejection, or modification. If the initial determination is rejected by the board, it shall be returned for reconsideration to the board member making the initial determination. Any deliberation of the board regarding an initial determination shall be confidential.

b. The decision of the board shall be considered the final agency action for purposes of further appeal, except as otherwise provided in section 441.49. The decision shall be final unless appealed to district court as provided in section 441.38. The levy of taxes on any assessment appealed to the board shall not be delayed by any proceeding before the board, and if the assessment appealed from is reduced by the decision of the board, any taxes levied upon that portion of the assessment reduced shall be abated or, if already paid, shall be

refunded. If the subject of an appeal is the application of an equalization order, the property assessment appeal board shall not order a reduction in assessment greater than the amount that the assessment was increased due to application of the equalization order. Each party to the appeal shall be responsible for the costs of the appeal incurred by that party.

441.38 Appeal to district court.

1. Appeals may be taken from the action of the local board of review with reference to protests of assessment, to the district court of the county in which the board holds its sessions within twenty days after its adjournment or May 31, whichever date is later. Appeals may be taken from the action of the property assessment appeal board to the district court of the county where the property which is the subject of the appeal is located within twenty days after the letter of disposition of the appeal by the property assessment appeal board is postmarked to the appellant. No new grounds in addition to those set out in the protest to the local board of review as provided in section 441.37, or in addition to those set out in the appeal to the property assessment appeal board, if applicable, can be pleaded. Additional evidence to sustain those grounds may be introduced in an appeal from the local board of review to the district court. However, no new evidence to sustain those grounds may be introduced in an appeal from the property assessment appeal board to the district court. The assessor shall have the same right to appeal and in the same manner as an individual taxpayer, public body, or other public officer as provided in section 441.42. Appeals shall be taken by filing a written notice of appeal with the clerk of district court. Filing of the written notice of appeal shall preserve all rights of appeal of the appellant.

2. If the appeal to district court is taken from the action of the local board of review, notice of appeal shall be served as an original notice on the chairperson, presiding officer, or clerk of the board of review after the filing of notice under subsection 1 with the clerk of district court. If the appeal to district court is taken from the action of the property assessment appeal board, notice of appeal shall be served as an original notice on the secretary of the property assessment appeal board after the filing of notice under subsection 1 with the clerk of district court.

If the appeal is from a decision of the local board of review, the court shall hear the appeal in equity and determine anew all questions arising before the board which relate to the

liability of the property to assessment or the amount thereof. The court shall consider all of the evidence and there shall be no presumption as to the correctness of the valuation or assessment appealed from. If the appeal is from a decision of the property assessment appeal board, the court's review shall be limited to the correction of errors at law. Its decision shall be certified by the clerk of the court to the county auditor, and the assessor, who shall correct the assessment books accordingly.

The clerk of the court shall likewise certify to the county treasurer the costs assessed by the court on any appeal from a board of review to the district court, in all cases where said costs are taxed against the board of review or any taxing body. Thereupon the county treasurer shall compute and apportion the said costs between the various taxing bodies participating in the proceeds of the collection of the taxes involved in any such appeal, and said treasurer shall so compute and apportion the various amounts which said taxing bodies are required to pay in proportion to the amount of taxes each of said taxing bodies is entitled to receive from the whole amount of taxes involved in each of such appeals. 1. The number of acres of land and the aggregate taxable values of the land, exclusive of city lots, returned by the assessors, as corrected by the board of review.
2. The aggregate taxable values of real estate by class in each township and city in the county, returned as corrected by the board of review.
3. Other facts required by the director of revenue.

The assessment date of January 1 is the first date of an assessment year period which constitutes a calendar year commencing January 1 and ending December 31. All property tax statutes providing for tax exemptions or credits and requiring that a claim be filed, shall be construed to require the claims to be filed by July 1 of the assessment year. If no claim is required to be filed to procure an exemption or credit, the status of the property as exempt or taxable on July 1 of the fiscal year which commences during the assessment year determines its eligibility for exemption or credit. Any statute requiring proration of property taxes for any purpose shall be for the fiscal year, and the proration shall be based on the status of the property during the fiscal year.

The assessment date is January 1 for taxes for the fiscal year which commences six months after the assessment date and which become delinquent during the fiscal year commencing eighteen months after the assessment date.

441.47 Adjusted valuations.

The director of revenue on or about August 15, 1977, and every two years thereafter shall order the equalization of the levels of assessment of each class of property in the several assessing jurisdictions by adding to or deducting from the valuation of each class of property such percentage in each case as may be necessary to bring the same to its taxable value as fixed in this chapter and chapters 427 to 443. The director shall adjust to actual value the valuation of any class of property as set out in the abstract of assessment when the valuation

is at least five percent above or below actual value as determined by the director. For purposes of such value adjustments and before such equalization the director shall adopt, in the manner prescribed by chapter 17A, such rules as may be necessary to determine the level of assessment for each class of property in each county. The rules shall cover:

1. The proposed use of the assessment-sales ratio study set out in section 421.17, subsection 6.
 2. The proposed use of any statewide income capitalization studies.
 3. The proposed use of other methods that would assist the director in arriving at the accurate level of assessment of each class of property in each assessing jurisdiction.

441.48 Notice of adjustment.

Before the director of revenue shall adjust the valuation of any class of property any such percentage, the director shall serve ten days' notice by mail, on the county auditor of the county whose valuation is proposed to be adjusted and the director shall hold an adjourned meeting after such ten days' notice, at which time the county or assessing jurisdiction may appear by its city council or board of supervisors, city or county attorney, and other assessing jurisdiction, city or county officials, and make written or oral protest against such proposed adjustment, which protest shall consist simply of a statement of the error, or errors, complained of with such facts as may lead to their correction, and at such adjourned meeting final action may be taken in reference thereto.

441.49 Adjustment by auditor.

The director shall keep a record of the review and adjustment proceedings and finish the proceedings on or before October 1 unless for good cause the proceedings cannot be completed by that date. The director shall notify each county auditor by mail of the final action taken at the proceedings and specify any adjustments in the valuations of any class of property to be made effective for the jurisdiction.

However, an assessing jurisdiction may request the director to permit the use of an alternative method of applying the equalization order to the property values in the assessing jurisdiction, provided that the final valuation shall be equivalent to the director's equalization order. The assessing jurisdiction shall notify the county auditor of the request for the use of an alternative method of applying the equalization order and the director's disposition of the request. The request to use an alternative method of applying the equalization order, including procedures for notifying affected property owners and appealing valuation adjustments, shall be made within ten days from the date the county auditor receives the equalization order and the valuation adjustments, and appeal procedures shall be completed by November 30 of the year of the equalization order. Compliance with the provisions of section 441.21 is sufficient grounds for the director to permit the use of an alternative method of applying the equalization order.

On or before October 15 the county auditor shall cause to be published in official newspapers of general circulation the final equalization order. The publication shall include, in type larger than the remainder of the publication, the following statement: "Assessed values are equalized by the department of revenue every two years. Local taxing authorities determine the final tax levies and may reduce property tax rates to compensate for any increase in valuation due to equalization." Failure to publish the equalization order has no effect upon the validity of the orders.

The county auditor shall add to or deduct from the valuation of each class of property in the county the required percentage, rejecting all fractions of fifty cents or less in the result,

and counting all fractions over fifty cents as one dollar. For any special charter city that levies and collects its own tax based on current year assessed values, the equalization percentage shall be applied to the following year's values, and shall be considered the equalized values for that year for purposes of this chapter.

The local board of review shall reconvene in special session from October 15 to November 15 for the purpose of hearing the protests of affected property owners or taxpayers within the jurisdiction of the board whose valuation of property if adjusted pursuant to the equalization order issued by the director of revenue will result in a greater value than permitted under section 441.21. The board of review shall accept protests only during the first ten days following the date the local board of review reconvenes. The board of review shall limit its review to only the timely filed protests. The board of review may adjust all or a part of the percentage increase ordered by the director of revenue by adjusting the actual value of the property under protest to one hundred percent of actual value. Any adjustment so determined by the board of review shall not exceed the percentage increase provided for in the director's equalization order. The determination of the board of review on filed protests is final, subject to appeal to the property assessment appeal board. A final decision by the local board of review, or the property assessment appeal board, if the local board's decision is appealed, is subject to review by the director of revenue for the purpose of determining whether the board's actions substantially altered the equalization order. In making the review, the director has all the powers provided in chapter 421, and in exercising the powers the director is not subject to chapter 17A. Not later than fifteen days following the adjournment of the board, the board of review shall submit to the director of revenue, on forms prescribed by the director, a report of all actions taken by the board of review during this session.

Not later than ten days after the date the final equalization order is issued, the city or county officials of the affected county or assessing jurisdiction may appeal the final equalization order to the state board of tax review. The appeal shall not delay the implementation of the equalization orders.

Tentative and final equalization orders issued by the director of revenue are not rules as defined in section 17A.2, subsection 7.

The conference board shall have power to employ appraisers or other technical or expert help to assist in the valuation of property, the cost thereof to be paid in the same manner as other expenses of the assessor's office. The conference board may certify for levy annually an amount not to exceed forty and one-half cents per thousand dollars of assessed value of taxable property for the purpose of establishing a special appraiser's fund, to be used only for such purposes. From time to time the conference board may direct the transfer of any unexpended balance in the special appraiser's fund to the assessment expense fund.
