

208A.4 Inspection by department.

Before any antifreeze shall be sold, exposed for sale, or held with intent to sell within this state, a sample thereof must be inspected by the department of agriculture and land stewardship. Upon application of the manufacturer, packer, seller or distributor and the payment of a fee of twenty dollars for each brand of antifreeze submitted, the department shall inspect the antifreeze submitted. If the antifreeze is not adulterated or misbranded, if it meets the standards of the department, and is not in violation of this chapter, the department shall give the applicant a written permit authorizing the sale of such antifreeze in this state until the formula or labeling of the antifreeze is changed in any manner.

If the department shall at a later date find that the product to be sold, exposed for sale or held with intent to sell has been materially altered or adulterated, a change has been made in the name, brand or trademark under which the antifreeze is sold, or it violates the provisions of this chapter, the department shall notify the applicant and the permit shall be canceled forthwith.
