230.1 Liability of county and state.

1. The necessary and legal costs and expenses attending the taking into custody, care, investigation, admission, commitment, and support of a person with mental illness admitted or committed to a state hospital shall be paid by a county or by the state as follows:

a. By the county in which such person has a legal settlement, if the person is eighteen years of age or older.

b. By the state when such person has no legal settlement in this state, when the person's legal settlement is unknown, or if the person is under eighteen years of age.

2. The legal settlement of any person found mentally ill who is a patient of any state institution shall be that existing at the time of admission thereto.

3. A county of legal settlement is not liable for costs and expenses associated with a person with mental illness unless the costs and expenses are for services and other support authorized for the person through the central point of coordination process. For the purposes of this chapter, "*central point of coordination process*" means the same as defined in section 331.440.

[C73, §1402; C97, §2270; S13, §2270; C24, 27, 31, 35, 39, §3581; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §230.1]

230.2 Finding of legal settlement.

If a person's legal settlement status is disputed, legal settlement shall be determined in accordance with section 225C.8. Otherwise, the district court may, when the person is ordered placed in a hospital for psychiatric examination and appropriate treatment, or as soon thereafter as the court obtains the proper information, determine and enter of record whether the legal settlement of the person is one of the following:

1. In the county from which the person was placed in the hospital;
2. In some other county of the state;
3. In some foreign state or country; or

4. Unknown.

[C24, 27, 31, 35, 39, §3582; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §230.2]

[P] Acquisition of legal settlement; see §252.16

230.3 Certification of settlement.

If a person's legal settlement is determined through the county's central point of coordination process to be in another county of this state, the county making the determination shall certify the determination to the superintendent of the hospital to which the person is admitted or committed. The certification shall be accompanied by a copy of the evidence supporting the determination. Upon receiving the certification, the superintendent shall charge the expenses already incurred and unadjusted, and all future expenses of the person to the county determined to be the county of legal settlement.

[C73, §1417; C97, §2281; C24, 27, 31, 35, 39, §3583; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §230.3]

2004 Acts, ch 1090, §33, 45

230.4 Certification to debtor county.

A determination of a person's legal settlement made in accordance with section 230.2 or 230.3 shall be sent by the court or the county to the county auditor of the county of legal settlement. The certification shall be accompanied by a copy of the evidence supporting the determination. The auditor shall provide the certification to the board of supervisors of the auditor's county, and it shall be conclusively presumed that the person has a legal settlement in the notified county unless that county disputes the finding of legal settlement as provided in section 225C.8.

[C73, §1402; C97, §2270; S13, §2270; C24, 27, 31, 35, 39, §3584; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §230.4]

230.5 Nonresidents.

If a person's legal settlement is determined in accordance with section 230.2 or 230.3 to be in a foreign state or country, or is unknown, the court or the county shall immediately certify the determination to the administrator. The certification shall be accompanied by a copy of the evidence supporting the determination. A court order issued pursuant to section 229.13 shall direct that the patient be hospitalized at the appropriate state hospital for persons with mental illness.

[C73, §1402; C97, §2270; S13, §2270, 2727-a28a; C24, 27, 31, 35, 39, §3585; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §230.5]

230.6 Investigation by administrator.

The administrator shall immediately investigate the legal settlement of a patient and proceed as follows:

1. If the administrator concurs with a certified determination of legal settlement concerning the patient, the administrator shall cause the patient either to be transferred to a state hospital for persons with mental illness at the expense of the state, or to be transferred, with approval of the court as required by chapter 229 to the place of foreign settlement.

2. If the administrator disputes a certified legal settlement determination, the administrator shall order the patient to be maintained at a state hospital for persons with mental illness at the expense of the state until the dispute is resolved.

3. If the administrator disputes a legal settlement determination, the administrator shall utilize the procedure provided in section 225C.8 to resolve the dispute. A determination of the person's legal settlement status made pursuant to section 225C.8 is conclusive.

230.7 Transfer of nonresidents.

Upon determining that a patient in a state hospital who has been involuntarily hospitalized under chapter 229 or admitted voluntarily at public expense was not a resident of this state at the time of the involuntary hospitalization or admission, the administrator may cause that patient to be conveyed to the patient's place of residence. However, a transfer under this section may be made only if the patient's condition so permits and other reasons do not render the transfer inadvisable. If the patient was involuntarily hospitalized, prior approval of the transfer must be obtained from the court which ordered the patient hospitalized.

230.8 Transfers of persons with mental illness — expenses.

The transfer to state hospitals or to the places of their legal settlement of persons with mental illness who have no legal settlement in this state or whose legal settlement is unknown, shall be made according to the directions of the administrator, and when practicable by employees of state hospitals, and the actual and necessary expenses of such transfers shall be paid on itemized vouchers sworn to by the claimants and approved by the administrator, from any funds in the state treasury not otherwise appropriated.

230.9 Subsequent discovery of residence.

If, after a person has been received by a state hospital for persons with mental illness as a state case patient whose legal settlement is supposed to be outside this state or unknown, the administrator determines that the legal settlement of the person was, at the time of admission or commitment, in a county of this state, the administrator shall certify the determination and charge all legal costs and expenses pertaining to the admission or commitment and support of the person to the county of legal settlement. The certification shall be sent to the county of legal settlement. The certification shall be accompanied by a copy of the evidence supporting the determination. The costs and expenses shall be collected as provided by law in other cases. If the person's legal settlement status has been determined in accordance with section 225C.8, the legal costs and expenses shall be charged to the county or as a state case in accordance with that determination.

Costs and expenses attending the taking into custody, care, and investigation of a person who has been admitted or committed to a state hospital, United States department of veterans affairs hospital, or other agency of the United States government, for persons with mental illness and who has no legal settlement in this state or whose legal settlement is unknown, including cost of commitment, if any, shall be paid out of any money in the state treasury not

otherwise appropriated, on itemized vouchers executed by the auditor of the county which has paid them, and approved by the administrator.

[S13, §2308-a; C24, 27, 31, 35, 39, §3591; C46, 50, 54, 58, 62, 66, 71, 73, 75, 77, 79, 81, §230.11]

230.13 and 230.14 Repealed by 2004 Acts, ch 1090, § 55.

230.15 Personal liability.

A person with mental illness and a person legally liable for the person's support remain liable for the support of the person with mental illness as provided in this section. Persons legally liable for the support of a person with mental illness include the spouse of the person, any person bound by contract for support of the person, and, with respect to persons with mental illness under eighteen years of age only, the father and mother of the person. The county auditor, subject to the direction of the board of supervisors, shall enforce the obligation created in this section as to all sums advanced by the county. The liability to the county incurred by a person with mental illness or a person legally liable for the person's support under this section is limited to an amount equal to one hundred percent of the cost of care and treatment of the person with mental illness at a state mental health institute for one hundred twenty days of hospitalization. This limit of liability may be reached by payment of the cost of care and treatment of the person with mental illness subsequent to a single admission or multiple admissions to a state mental health institute or, if the person is not discharged as cured, subsequent to a single transfer or multiple transfers to a county care facility pursuant to section 227.11. After reaching this limit of liability, a person with mental illness or a person legally liable for the person's support is liable to the county for the care and treatment of the person with mental illness at a state mental health institute or, if transferred but not discharged as cured, at a county care facility in an amount not in excess of the average minimum cost of the maintenance of an individual who is physically and mentally healthy residing in the individual's own home, which standard shall be established and may from time to time be revised by the department of human services. A lien imposed by section 230.25 shall not exceed the amount of the liability which may be incurred under this section on account of a person with mental illness.

A substance abuser or chronic substance abuser is legally liable for the total amount of the cost of providing care, maintenance, and treatment for the substance abuser or chronic substance abuser while a voluntary or committed patient. When a portion of the cost is paid by a county, the substance abuser or chronic substance abuser is legally liable to the county for the amount paid. The substance abuser or chronic substance abuser shall assign any claim for reimbursement under any contract of indemnity, by insurance or otherwise, providing for the abuser's care, maintenance, and treatment in a state hospital to the state. Any payments received by the state from or on behalf of a substance abuser or chronic substance abuser shall be in part credited to the county in proportion to the share of the costs paid by the county. Nothing in this section shall be construed to prevent a relative or other person from voluntarily paying the full actual cost or any portion of the care and treatment of any person

with mental illness, substance abuser, or chronic substance abuser as established by the department of human services.

The certificate of the superintendent of the state hospital in which any nonresident is or has been a patient, showing the amounts drawn from the state treasury or due therefrom as provided by law on account of such nonresident patient, shall be presumptive evidence of the reasonable value of the care, maintenance, and treatment furnished such patient.

230.20 Billing of patient charges — computation of actual costs — cost settlement.

1. The superintendent of each mental health institute shall compute by February 1 the average daily patient charges and other service charges for which each county will be billed for services provided to patients chargeable to the county during the fiscal year beginning the following July 1. The department shall certify the amount of the charges and notify the counties of the billing charges.

a. The superintendent shall separately compute by program the average daily patient charge for a mental health institute for services provided in the following fiscal year, in accordance with generally accepted accounting procedures, by totaling the expenditures of the program for the immediately preceding calendar year, by adjusting the expenditures by a percentage not to exceed the percentage increase in the consumer price index for all urban consumers for the immediately preceding calendar year, and by dividing the adjusted expenditures by the total inpatient days of service provided in the program during the

immediately preceding calendar year. However, the superintendent shall not include the following in the computation of the average daily patient charge:

(1) The costs of food, lodging, and other maintenance provided to persons not patients of the hospital.

(2) The costs of certain direct medical services identified in administrative rule, which may include but need not be limited to X-ray, laboratory, and dental services.

(3) The costs of outpatient and state placement services.

(4) The costs of the psychiatric residency program.

(5) The costs of the chaplain intern program.

b. The department shall compute the direct medical services, outpatient, and state placement services charges, in accordance with generally accepted accounting procedures, on the basis of the actual cost of the services provided during the immediately preceding calendar year. The direct medical services, outpatient, and state placement services shall be billed directly against the patient who received the services.

2. a. The superintendent shall certify to the department the billings to each county for services provided to patients chargeable to the county during the preceding calendar quarter. The county billings shall be based on the average daily patient charge and other service charges computed pursuant to subsection 1, and the number of inpatient days and other service units chargeable to the county. However, a county billing shall be decreased by an amount equal to reimbursement by a third party payor or estimation of such reimbursement from a claim submitted by the superintendent to the third party payor for the preceding calendar quarter. When the actual third party payor reimbursement is greater or less than estimated, the difference shall be reflected in the county billing in the calendar quarter the actual third party payor reimbursement is determined.

b. The per diem costs billed to each county shall not exceed the per diem costs billed to the county in the fiscal year beginning July 1, 1996. However, the per diem costs billed to a county may be adjusted annually to reflect increased costs to the extent of the percentage increase in the total of county fixed budgets pursuant to the allowed growth factor adjustment authorized by the general assembly for the fiscal year in accordance with section 331.439.

3. The superintendent shall compute in January the actual per-patient-per-day cost for each mental health institute for the immediately preceding calendar year, in accordance with generally accepted accounting procedures, by totaling the actual expenditures of the mental health institute for the calendar year and by dividing the total actual expenditures by the total inpatient days of service provided during the calendar year.

4. The department shall certify to the counties by February 1 the actual per-patient-per-day costs, as computed pursuant to subsection 3, and the actual costs owed by each county for the immediately preceding calendar year for patients chargeable to the county. If the actual costs owed by the county are greater than the charges billed to the county pursuant to subsection 2, the department shall bill the county for the difference with the billing for the quarter ending June 30. If the actual costs owed by the county are less than the charges billed to the county pursuant to subsection 2, the department shall credit the county for the difference starting with the billing for the quarter ending June 30.

5. An individual statement shall be prepared for a patient on or before the fifteenth day of the month following the month in which the patient leaves the mental health institute, and a general statement shall be prepared at least quarterly for each county to which charges are made under this section. Except as otherwise required by sections 125.33 and 125.34, the general statement shall list the name of each patient chargeable to that county who was served by the mental health institute during the preceding month or calendar quarter, the amount due on account of each patient, and the specific dates for which any third party payor reimbursement received by the state is applied to the statement and billing, and the county shall be billed for eighty percent of the stated charge for each patient specified in this subsection. The statement prepared for each county shall be certified by the department and a duplicate statement shall be mailed to the auditor of that county.

6. All or any reasonable portion of the charges incurred for services provided to a patient, to the most recent date for which the charges have been computed, may be paid at any time by the patient or by any other person on the patient's behalf. Any payment made by the patient

or other person, and any federal financial assistance received pursuant to Tit. XVIII or XIX of the federal Social Security Act for services rendered to a patient, shall be credited against the patient's account and, if the charges paid as described in this subsection have previously been billed to a county, reflected in the mental health institute's next general statement to that county.

7. A superintendent of a mental health institute may request that the director of human services enter into a contract with a person for the mental health institute to provide consultation or treatment services or for fulfilling other purposes which are consistent with the purposes stated in section 226.1. The contract provisions shall include charges which reflect the actual cost of providing the services or fulfilling the other purposes. Any income from a contract authorized under this subsection may be retained by the mental health institute to defray the costs of providing the services. Except for a contract voluntarily entered into by a county under this subsection, the costs or income associated with a contract authorized under this subsection shall not be considered in computing charges and per diem costs in accordance with the provisions of subsections 1 through 6 of this section.

8. The department shall provide a county with information, which is not otherwise confidential under law, in the department's possession concerning a patient whose cost of care is chargeable to the county, including but not limited to the information specified in section 229.24, subsection 3.

The county auditor, upon receipt of the duplicate statement required by section 230.20, shall enter it to the credit of the state in the ledger of state accounts, shall furnish to the board of supervisors a list of the names of the persons so certified, and at once issue a notice authorizing the county treasurer to transfer the amount billed to the county by the statement, from the county to the general state revenue, which notice shall be filed by the treasurer as authority for making the transfer. The auditor shall promptly remit the amount so transferred to the treasurer of state, designating the fund to which it belongs.
