

261.101 Legislative intent.

The general assembly finds that the failure of many young Iowans to complete their education limits their opportunity for a life of fulfillment and hinders the state's efforts to provide a well-trained workforce for business and industry in Iowa. The general assembly also declares that it is the policy of this state to apply positive measures to ensure that equal opportunities exist for minority persons to pursue their educational goals. Therefore, the "Iowa Minority Academic Grants for Economic Success" program is established to provide additional funding to the state board of regents institutions, community colleges, and accredited private institutions in order to encourage resident minority students to remain in Iowa, to attend community colleges, private colleges, and universities in Iowa, and to assure that a limited family income will not be a barrier for a minority person to pursue a postsecondary education.
