

28E.24 Revenue and tax levies.

The county board of supervisors shall certify to the public safety commission the amount of revenue from the county general fund credited to the unincorporated area in the district based upon an average of revenues raised for law enforcement purposes in the unincorporated area for the three previous years. The public safety commission shall subtract this amount from the amount of revenue to be contributed by the unincorporated area. The difference is the amount of additional revenue needed for unified law enforcement purposes.

In addition, the county board of supervisors and the city council of each city in the district shall certify to the public safety commission the amounts of revenue from the county and from the city general fund credited to each city in the district based upon an average of revenues raised for law enforcement purposes in each city for the three previous years. The public safety commission shall subtract the total of these amounts from the amount of revenue to be contributed by each city respectively. The difference for each city is the amount of additional revenue needed for unified law enforcement purposes.

The county board of supervisors and the council of each city located within the district shall review the proposed budget and upon the approval of the budget by the board of supervisors and all city councils in the district, each governing body shall determine the source of the additional revenue needed for unified law enforcement purposes. If the tax levy is approved as the source of revenue, the governing body shall certify to the county auditor the amount of revenue to be raised from the tax levy in either the unincorporated area of the district or a city in the district.

If the tax rate in any of the cities or the unincorporated area exceeds the limitations prescribed in section 28E.22, the public safety commission shall revise the budget to conform with the tax limitations.

The county board of supervisors and the city council of each city in the district shall deposit in the public safety fund the amounts of revenue certified to the public safety commission in this section based upon an average of revenues raised for law enforcement purposes for the three previous years.

If the average of revenues raised for law enforcement purposes in the unincorporated area or a city for the previous three years exceeds the amount of revenue needed for unified law enforcement purposes, the unincorporated area or city is only required to contribute the amount of revenue needed.

Taxes collected pursuant to the tax levies and other moneys received from the county and cities in the district shall be placed in a public safety fund and used only for the operation of the district. Any unencumbered funds remaining in the fund at the end of a fiscal year shall carry over to the next fiscal year and may be used for the operation of the district.
