358C.1 Legislative findings — purpose — definitions.

1. The general assembly finds and declares as follows:
 - a. The economic health and development of Iowa communities is tied to opportunities for jobs in and near those communities and the availability of jobs is in part tied to the availability of affordable, decent housing in those communities.
 - b. A need exists for a program to assist developers and communities in increasing the availability of housing in Iowa communities.
 - c. A shortage of opportunities and means for developing local housing exists. It is in the best interest of the state and its citizens for infrastructure development which will lower the costs of developing housing.
 - d. The expansion of local housing is dependent upon the cost of providing the basic infrastructure necessary for a housing development. Providing this infrastructure is a public purpose for which the state may encourage the formation of real estate improvement districts for the purpose of providing water, sewer, roads, and other infrastructure.

Proof of the residences and qualifications of the petitioners as registered voters shall be made by affidavit or otherwise as the board may direct. The board may consider the boundaries of a proposed district, whether the boundaries are described in the petition or otherwise, and for that purpose may alter and amend the petition and limit or change the boundaries of the proposed district as stated in the petition. The board shall adjust the boundaries of a proposed district as needed to exclude land that has no reasonable likelihood of benefit from inclusion in the proposed district. The boundaries of a proposed district shall not be changed to incorporate property not included in the original petition and published notice until the owner of the property is given notice of inclusion as on the original hearing. All persons in the proposed district shall have an opportunity to be heard regarding the location and boundaries of the proposed district and to make suggestions regarding the location and boundaries, and the board of supervisors, after hearing the statements, evidence, and suggestions made and offered at the hearing, shall approve or reject the petition. If the petition is approved, the board shall enter an order fixing and determining the limits and boundaries of the proposed district and whether or not all present and future property owners within the district have waived any objections to the annexation by a city if the district has issued obligations or bonds for public improvement and the city assumes those obligations, and, if the petition was requested under section 358C.3, subsection 1, directing that an election be held for the purpose of submitting to the registered voters owning land within the boundaries of the proposed district the question of organization and establishment of the proposed district as determined by the board of supervisors. 3. In the event the petition and order provide that any present or future owner of property within the district waives objection to annexation if the district has issued obligations or bonds for a public improvement and the annexing city assumes those obligations, the board of supervisors shall file a certified declaration of that provision and a legal description of all real estate in the district with the county recorder in each county in which the district is located.

358C.15 Rentals and charges.

1. A board of trustees may by ordinance establish equitable rates, charges, or rentals for the utilities and services furnished by the district to be paid to the district by every person, firm, or corporation whose premises are served by a connection to the utilities and services directly or indirectly. The rates, charges, or rentals, as near as may be in the judgment of the board of trustees, shall be equitable and in proportion to the services rendered and the cost of the services, and taking into consideration in the case of the premises the quantity of sewage or water produced or used and the concentration, strength, and pollution qualities of the sewage. The board of trustees may change the rates, charges, or rentals as it may deem advisable, and by ordinance may provide for collection. The board may contract with any municipality within the district, whereby the municipality may collect or assist in collecting any of the rates, charges, or rentals, whether in conjunction with water rentals or otherwise, and the municipality may undertake the collection and render the service. The rates, charges, or rentals, if not paid when due, shall constitute a lien upon the real property served by a connection. The lien shall have equal precedence with ordinary taxes, may be certified to the county treasurer and collected in the same manner as taxes, and is not divested by a judicial sale.

2. Sewer rentals, charges, or rates may supplant or replace, in whole or in part, any monetary levy of taxes which may be, or have been, authorized by the board of trustees for any of the following purposes:

b. 95 Acts, ch 200, §15

358C.16 Debt limit — borrowing — bonds — purposes.

1. A district may borrow money for its corporate purposes, but shall not become indebted in any manner or for any purpose to an amount in the aggregate exceeding its constitutional debt limit of five percent on the value of the taxable property within the district, to be ascertained by the last state and county tax lists previous to the incurring of the indebtedness. Indebtedness within this constitutional limit shall not include the indebtedness of any other municipal corporation located wholly or partly within the boundaries of the district, special assessment bonds or obligations authorized under section 358C.17.

2. Subject only to this debt limitation, a district shall have the same powers to issue bonds, including both general obligation and revenue bonds, including the power to enter into short-term loans and issue warrants, which cities have under the laws of this state. In the application of the laws to this chapter, the words used in the laws referring to municipal corporations or to cities shall be held to include real estate improvement districts organized under this chapter; the words “council” or “city council” shall be held to include the board of trustees of a district; the words “mayor” and “clerk” shall be held to include the president and clerk of a board of trustees; and like construction shall be given to any other words in the laws where required to permit the exercise of the powers by real estate improvement districts.

3. All bonds issued shall be signed by the president of the board of trustees and attested by the clerk, with the seal of the district, if any, affixed, and interest coupons attached to the bonds shall be attested by the signature of the clerk.

4. The proceeds of any bond issue made under this section shall be used only for the cost of public improvements as specified in sections 358C.1 and 358C.4. Proceeds from the bond issue may also be used for the payment of special assessment deficiencies. The bonds shall be payable in not more than forty annual installments and with interest at a rate not exceeding that permitted by chapter 74A, and shall be made payable at the place and be of the form as the board of trustees shall by resolution designate. A district issuing bonds as authorized in this section is granted authority to pledge the future avails of a tax levy to the payment of the principal and interest of the bonds after the same come due, and the power to impose and certify the levy is granted to the trustees of real estate improvement districts organized under this chapter.

95 Acts, ch 200, §16; 96 Acts, ch 1204, §6

358C.17 Special assessments.

1. The board of trustees of a real estate improvement district may provide for payment of all or any portion of the costs of a public improvement as specified in sections 358C.1 and 358C.4, by assessing all, or any portion of, the costs on adjacent property according to the benefits derived. For the purposes of this chapter, the board of trustees may define “*adjacent property*” as all that included within a designated benefited district to be fixed by the board, which may be all of the property located within the real estate improvement district or any lesser portion of that property. It is not a valid objection to a special assessment that the improvement for which the assessment is levied is outside the limits of the district, but a special assessment shall not be made upon property situated outside of the district. Special assessments pursuant to this section shall be in proportion to the special benefits conferred upon the property, and not in excess of the benefits. The value of a property is the present fair market value of the property with the proposed public improvements completed. Payment of installments of a special assessment against property shall be made in the same manner and under the same procedures as provided in chapter 384 for special assessments by cities. Notwithstanding the provisions of section 384.62, the combined assessments against any lot for public improvements included in the petition creating the real estate improvement district or as authorized in section 358C.4 shall not exceed the valuation of that lot as established by section 384.46.

2. The assessments may be made to extend over a period not to exceed fifteen years, payable in as nearly equal annual installments as practicable. A majority vote of the board of trustees is requisite and sufficient for any action required by the board of trustees under this section.

3. Subject to the limitations otherwise stated in this section, a district organized under this chapter has all of the powers to specially assess the costs of improvements described in this section, including the power to issue special assessment bonds, warrants, project notes, or other forms of interim financing obligations, which cities have under the laws of this state.

4. A special assessment under this section shall be recorded in the county in which the district is located for each lot in the district.

5. Notwithstanding section 384.65, subsection 5, a district shall have a lien on the benefited property only in the amount of special assessment installments that have come due but have not been paid. The district shall not have a lien for the total amount of the special assessment originally levied against the benefited property. A lien, including, but not limited to, a lien for a mortgage for the construction or the purchase of housing on property benefited by improvements and against which a special assessment is levied under this chapter, shall have precedence over a special assessment which has been levied by the district but is not due. A district's lien shall only be in the amount of installments whose due dates have passed without payment, along with all interest and penalties on the delinquent installments. The district's lien for delinquent installments, interest, and penalties shall have equal precedence with ordinary taxes and shall not be divested by judicial sale. Any remaining special assessment installments that have not become due shall not be divested by judicial sale and shall become a lien when the special assessment installments become due.

358C.18 Additional territory.

1. The district may be enlarged and additional territory annexed to the district by either of the following methods:

a. By petitions signed by the owners of all the property to be annexed to the district. If a petition requesting annexation is presented to the trustees and approved by the trustees the change in the boundaries to include the additional area shall be certified by the clerk of the district to the county auditor in which the greater portion of the district is located and thereafter the district shall include the area thus annexed.

b. By a petition filed with the clerk of the district, signed by persons owning not less than fifty percent of the area to be annexed, but not signed by persons owning all the area requested to be annexed. On the filing of the petition, the trustees of the district shall fix a time and place for a hearing on the petition and give notice of the hearing, as provided in section 331.305, and by certified mail to the record owners of all persons owning land within the territory sought to be annexed, not less than ten days prior to the date of the hearing, if the address of the owners is known or can be ascertained by reasonable diligence by the trustees. At the hearing, any person owning property within the area proposed to be annexed or any person owning property or residing within the district may appear and be heard. If, after the hearing, the board of trustees determines that annexation of the additional area will be conducive to the public health, convenience, and welfare and will not be an undue burden on the district, the board of trustees may, by resolution, annex the additional area and fix the boundary which shall not include more than the area requested in the petition. A copy of the resolution shall be filed with the county auditor of the county in which the largest portion of the district is located and thereafter the area included by the resolution shall be a part of the district.

2. All property, from and after it is annexed to the district, shall be subject to all taxes and other burdens levied by the district, regardless of when the obligation for which the taxes or assessments are levied was incurred.

95 Acts, ch 200, §18

358C.19 Annexation by a city.

When a city or real estate improvement district proposes that the district be annexed by the city, either wholly or partially, an owner of property in the district shall not object to the annexation if a city annexes all the territory within the boundaries of a real estate improvement district, the district shall merge with the city and the city shall succeed to all the property and property rights of every kind, contracts, and obligations, held by or

belonging to the district, and the city shall be liable for and recognize, assume, and carry out all valid contracts and obligations of the district. The city may assume and provide for the payment of the obligations of any bonds of the district by issuing general obligation, special assessment, or revenue refunding bonds which may be sold at public or private sale or exchanged for outstanding bonds. General obligation bonds of the city may be issued to refund special assessment and revenue obligations if the governing body of the city determines that it is in the best interest of the city. The refunding of these obligations shall constitute an essential corporate purpose under section 384.24. All taxes, assessments, claims, and demands of every kind due or owing to the district shall be paid to and collected by the city. Any special assessments which the district was authorized to levy, assess, relevel, or reassess, but which were not levied, assessed, relevelled, or reassessed, at the time of the merger, for improvements made by the district or in the process of construction or contracted for may be levied, assessed, relevelled, or reassessed by the annexing city to the same extent as the district may have levied or assessed but for the merger. However, this section does not authorize the annexing city to revoke any resolution, order, or finding made by the district in regard to special benefits or increase any assessments made by the district, but the city shall be bound by all findings or orders and assessments to the same extent as the district would be bound. Also, a district shall not levy any special assessments after the effective date of the annexation.

95 Acts, ch 200, §19

358C.20 Effective date of merger.

The merger shall be effective thirty days after the effective date of the ordinance annexing the territory within the district. However, if the validity of the ordinance annexing the territory is challenged by a court proceeding, the effective date of the merger shall be thirty days after the final determination of the validity of the ordinance. The trustees of a district shall continue in possession and conduct the affairs of the district until the effective date of the merger, but shall not during the period levy any special assessments after the effective date of annexation.

95 Acts, ch 200, §20

358C.21 Dissolution of district.

When a majority of the board of trustees of a district desire that the district be wholly dissolved, the trustees shall first propose a resolution declaring the advisability of the dissolution and setting out the terms and conditions of the dissolution, and also setting out the time and place when the board of trustees shall meet to consider the adoption of the resolution. Notice of the time and place when the resolution shall be set for consideration shall be published as provided in section 331.305, which publication shall contain the entire wording of the proposed resolution. If any part of the district lies within the area of the jurisdiction of a city, then the trustees shall mail a copy of the proposed resolution to the city on the date of first publication of the resolution. At the hearing the owners of property within the district, or a city if any part of the district lies within the city, may appear and make objections to the proposed resolution. If the owners representing a majority of the area of real estate within the district fail to sign and present to the board, on or prior to the hearing date, a written petition opposing the resolution, a majority of the board of trustees may pass the resolution and adopt the proposed dissolution. However, the resolution shall not be adopted if the district is obligated on any outstanding bonds, warrants, or other debts or obligations unless the holders of the bonds, warrants, or other debts or obligations all sign written consents to the dissolution prior to the adoption of the resolution of dissolution. If the petition opposing the resolution is signed by property owners representing a majority of the area of real estate within the district and presented to the board of trustees on or prior to the hearing date, the board of trustees shall not adopt the resolution. After the board of trustees has adopted the resolution of dissolution, the clerk of the district shall prepare and file a certified copy of the resolution of dissolution in the office of the county auditor where the original petition was filed. A district shall dissolve within ninety days following the merger of a district with a city.

95 Acts, ch 200, §21

358C.22 Detachment of land.

1. When a majority of the board of trustees of a district desires that any property within the district be detached from the district, the trustees shall first propose a resolution declaring the advisability of the detachment and setting out the terms and conditions of the detachment and also setting out the time and place when the board of trustees will meet to consider the adoption of the resolution. Notice of the time and place when the resolution is set for consideration shall be published as provided in section 331.305, which publication shall contain the entire wording of the proposed resolution. If any part of the district lies within a city, then the trustees shall mail a copy of the proposed resolution to the city on the date of first publication of the resolution. At the hearing the owners of property within the district, or any city, may appear and make objections to the proposed resolution. If the owners representing a majority of the area of real estate within the district fail to sign and present to the board of trustees, on or prior to the hearing date, a written petition opposing the resolution, a majority of the board of trustees may pass the resolution and adopt the proposed detachment, except that the resolution shall not be adopted if the district is indebted on any outstanding bonds or warrants of the district unless the holders of the bonds and warrants all sign written consents to the detachment prior to the adoption of the resolution of detachment. If the petition opposing the resolution is signed by property owners representing a majority of the area of real estate within the district and presented to the board of trustees on or prior to the hearing date, the board of trustees shall not adopt the resolution. After the board of trustees has adopted the resolution of detachment, the clerk of the district shall prepare and file a certified copy of the resolution of detachment in the office of the county auditor where the original petition was filed, and the area detached shall become excluded and detached from the boundaries of the district.

2. The owner of a discrete tract of land which is part of a district but which is not connected to the main area of the district may petition the board of trustees of the district to have the property detached from the district. Following receipt of the petition, the board of trustees shall propose a resolution declaring the advisability of the detachment and setting out the terms and conditions of the detachment and setting out the time and place when the board of trustees will meet to consider the adoption of the resolution. Notice of the time and place for the consideration shall be published as provided in subsection 1. If any part of the district lies in whole or in part within a city, the board of trustees shall mail a copy of the proposed resolution to the municipality within five days after the date of first publication of the resolution. At the hearing for consideration of the resolution, the board of trustees shall determine if the tract of land proposed for detachment has all of the following characteristics:

- a. Has an area of twenty-five acres or more.
- b. Is undeveloped and predominantly devoted to agricultural uses.
- c. Has no improvements or obligations placed upon it by the district and receives no current services from the district.

3. If the board of trustees by majority vote determines that the tract in question meets all of the conditions provided in subsection 2, paragraphs “a” through “c”, the resolution shall be adopted, except that the resolution shall not be adopted if the district is indebted on any outstanding bonds or warrants of the district unless the holders of the bonds and warrants all sign written consents to the detachment. After the board of trustees has adopted the resolution of detachment, the clerk of the district shall prepare and file a certified copy of the resolution of detachment in the office of the county auditor where the original petition was filed and the area detached shall become excluded and detached from the boundaries of the district.
