

**515F.25 Disapproval of a rate filing in a competitive market.**

1. If the commissioner believes that an insurer's rate filing in a competitive market violates the requirements of sections 515F.4 and 515F.5, the commissioner may require the insurer to file supporting information. If after reviewing the supporting information the commissioner continues to believe that the filing violates sections 515F.4 and 515F.5, the commissioner shall notify the insurer of the insurer's right to petition for a hearing on any subsequent order relating to the filing.

2. The commissioner may disapprove prefiled rates that have not become effective. However, the commissioner shall notify the insurer whose rates have been disapproved of the insurer's right to petition for a hearing on the disapproval within thirty days after the disapproval.

3. If the commissioner disapproves a filing in a competitive market, the commissioner shall issue an order specifying the reasons the filing fails to meet the requirements of sections 515F.4 and 515F.5. For rates in effect at the time of disapproval, the commissioner shall inform the insurer within a reasonable period of time the date when further use of the rates for policies or contracts of insurance is prohibited. The order shall be issued within thirty days of disapproval, or within thirty days of a hearing on the disapproval if a hearing is held. The order may include a provision for premium adjustment for the period after the effective date of the order for policies or contracts in effect on the date of the order.

4. Whenever an insurer has filed no legally effective rates as a result of the commissioner's disapproval of a filing, the commissioner shall on request of the insurer work with the insurer to develop interim rates for the insurer that are sufficient to protect the interest of all parties and the commissioner may order that a specified portion of the premium be placed in an escrow account approved by the commissioner. When new rates become legally effective, the commissioner shall order the escrowed funds or any overcharge in the interim rates to be distributed appropriately. The commissioner may waive distribution if the commissioner determines that the amount involved would not warrant such action.
