

**568.22 Survey — appraisal — sale.**

Before a sale of any island is made under the provisions of section 568.21, the executive council shall cause a survey and plat of such island to be made, showing its location and area, and the plat and notes of such survey shall be filed with the secretary of state. The land composing the island shall then be appraised by a commission appointed by the governor, consisting of three disinterested freeholders of the state, who shall report their appraisal to the executive council. The sale of the island shall then be advertised once each week for four consecutive weeks in some newspaper of general circulation published in the county where the island is located, and proof of such publication filed with the executive council. The sale shall be made upon written bids addressed to the executive council of the state, and the advertisement shall fix the time when such bids will be received and opened. All bids shall be opened by the executive council at the time fixed, and the island may thereupon be sold to the highest bidder and at not less than its appraised value.
