

10B.7 Lessees conducting research or experiments — reports.

Lessees of agricultural land under section 9H.4, subsection 1, paragraph “b”, subparagraph (3), for research or experimental purposes, shall file a biennial report with the secretary of state on or before March 31 of each odd-numbered year on forms adopted pursuant to chapter 17A and supplied by the secretary of state. However, a lessee required to file a biennial report pursuant to chapter 489, 490, 496C, 497, 498, 499, 501, 501A, or 504 shall file the report required by this section in the same year as required by that chapter. The lessee may file the report required by this section together with the biennial report required to be filed by one of the other chapters referred to in this paragraph. The report shall contain the following information for the reporting period:

1. The name and principal place of business of the lessee.
2. The location of the agricultural land used for research or experimental purposes.
3. The date that the lease became effective.
4. The name and address of each person purchasing breeding stock produced on the agricultural land.
5. The number or volume of breeding stock purchased by each person purchasing breeding stock produced on the agricultural land.
