

**12F.1 Legislative findings and intent.**

The general assembly is deeply concerned over the human rights situation in Sudan which calls for stepped-up international efforts to end the crisis in Sudan's Darfur region, and concurs with United States policy which has officially declared that genocide is ongoing in the Sudan, and demands that the government of Sudan bring an end to these atrocities. Therefore, the general assembly intends that state funds and funds administered by the state, including public employee retirement funds, should not be invested in companies that provide power production-related services, mineral extraction activities, oil-related activities, or military equipment to the government of Sudan, or are complicit in the genocide in Darfur, given the ongoing genocide in that country, the previous atrocities perpetrated by the government of Sudan, and the abysmal human rights situation in that country.
