

136B.2 Radon testing information — disclosure.

1. *a.* A person certified or credentialed pursuant to section 136B.1 shall, within thirty days of the provision of any radon testing services or abatement measures or at the request of the department prior to testing or abatement, disclose to the department the address or location of the building, the name of the owner of the building where the services or measures were or will be provided, and the results of any tests or abatement measures performed.

b. A person shall not disclose to any other person, except to the department, the address or owner of a nonpublic building that the person tested for the presence of radon gas and radon progeny, unless the owner of the building waives, in writing, this right of confidentiality. Any test results disclosed shall be results of a test performed within the five years prior to the date of the disclosure.

2. *a.* Notwithstanding the requirements of this section, disclosure to any person of the results of a test performed on a nonpublic building for the presence of radon gas and radon progeny is not required if the results do not exceed the currently established United States environmental protection agency action guidelines.

b. A person who tests a nonpublic building which the person owns is not required to disclose to any person the results of a test for the presence of radon gas or progeny if the test is performed by the person who owns the nonpublic building.
